# STRONG RESPONSE TO BRAHMASTRA PVR banks on high festive footfall

GEETA NAIR  
Pune, September 26

**WITH BRAHMASTRA ENTERING** the fifth week and continuing to report strong box office collections during the September 24-25 weekend, has raised expectations of a good festive season for film exhibitor PVR Cinemas.

Chandresh Dattar, regional director, west, PVR Cinemas, said PVR's admissions have reached nearly 95% of pre-pandemic levels. Besides *Brahmastra* pulling crowds, especially teen viewers, regional films have also drawn audiences, with Marathi, Gujarati and Bengali films doing well, Dattar said.

After a series of duds (*Lal Singh Chaddha*, *Samskara*, *Samar Prithviraj*, *Raksha Bandhan*), the company is now banking on the festival rush to cinema halls to revive fortunes.

The line-up starts with Saif Ali Khan, Hrithik Roshan and Radhika Apte-starrer *Vikram Vedha*, a remake of a Tamil film, which is set for release on September 30. The company is enthused with the advance bookings that began on Monday.

Other films it is banking on are Mani Ratnam's *Ponniyin Selvan* in five languages, *Goodbye, Godfather* (in four languages),

## ₹350 cr investment planned for 100 new screens in FY23

PVR Cinemas will invest up to ₹350 crore to open 100 new screens in FY23, a top official said on Monday. It also expects its mega-merger with Inox Leisure to

close by February 2023, after which it will start to run as a combined business, PVR's chief executive Gautam Dutta said. — PTI

*Thank God* and *Doctor G* during the Dussehra-Diwali period, followed by *Avatar-II* during the Christmas week, Rohit Shetty's Ranveer Singh-starrer *Circus* slated for a New Year release, and Shah Rukh Khan's *Pathan*.

Dattar said if the content is good, people are willing to spend money, so one cannot write the medium off. The company also screened the recent India-Pakistan cricket match across 120 screens and saw close to 90%

occupancy, he said.

The brick-and-mortar model is here to stay and PVR will continue with its expansion plans, he said. Dattar said PVR Cinemas is on track to add 115-120 screens this year, with 20 screens already done and 90-odd screens slated to be completed in second half of FY23.

On Monday, PVR opened a new six-screen property in Pune to take its total tally in the country to 864 screens, 175 cinemas and 76 cities.

The new PVR comes with the 403-seater Premium Extra Large (PXL) format. The Pune PXL gets first-of-its-kind 4K laser projection apart from Dolby Atmos sound, Real-D 3D and a screen size of 67.88 x 37.23 ft.

# SC junks Sebi petition in Bajaj Auto scrip case

INDU BHAN  
New Delhi, September 26

**THE SUPREME COURT** on Monday rejected the Sebi's appeal seeking to penalise a former stock broker in the case of circulation of unpublished price sensitive information (UPSI) through WhatsApp messages in the scrip of Bajaj Auto.

A Bench led by Chief Justice UU Lalit dismissed the Sebi's appeal against the Securities Appellate Tribunal's (SAT) order in March last year that had set aside the penalty of ₹15 lakh imposed on Shruti Vora for allegedly forwarding UPSI of six companies on WhatsApp.

It also observed that the two individuals — Neeraj Kumar Agarwal and Shruti Vora — then employees of Antique Stock Broking, had forwarded the messages and the SAT had quashed the penalty of ₹15 lakh imposed on them for circulating UPSI related to quarterly results of Bajaj Auto through WhatsApp prior to official announcement by the company.

"They are secondary chain. They have just forwarded the messages. It would mean upsetting everything and putting the burden again on them, which we are not willing to do... On the facts and circumstances of the case, we find no reason to entertain the appeal," the CJ said, adding that the investigative machinery was not able to find the source of information.

UPSI refers to any information related to a company or its securities that is not generally available and is likely to materially affect the price of the

## THE CASE

The Sebi had appealed against the SAT order in March last year that had set aside the penalty of ₹15 lakh imposed on Shruti Vora for allegedly forwarding UPSI of six companies on WhatsApp

SAT had observed that the source of these messages could not be established by Sebi and it could not find leakage of info

Senior counsel CU Singh, appearing for Sebi, argued that the identified messages "accurately" matched the financial results finally published by the companies and as per the PIT norms, any person who is in possession of UPSI is regarded as an insider. He said that Vora

being insider (stock broker) had communicated the UPSI related to Bajaj Auto as she was also advising insurance companies. This is in violation of PIT (Prohibition of Insider Trading) Regulations, he contended.

Sebi had initiated a preliminary examination on circulation of UPSI through WhatsApp groups, during which search and seizure operations for 26 entities were conducted and approximately 190 devices, records etc, were seized. The investigation revealed that Kumar and Vora communicated the UPSI related to Bajaj Auto — total income, EBITDA and PAT for the quarter ended March 2017 a few days before the results were due. Bajaj Auto was one of the firms whose quarterly financial results for the fourth quarter of 2016-17 closely matched the messages circulated in the WhatsApp chats.

SAT, while ruling in favour of the two individuals, had observed that the source of these messages could not be established by Sebi and it could not find any leakage of information. It had accepted the stand of Vora and Agarwal that the messages had originated from brokerage houses or some platforms and were already available in the public domain.

The tribunal had held that 'information constituted UPSI only when the person getting such information was aware that such information was unpublished, and price sensitive in nature' and that such knowledge can be established on the basis of preponderance of probabilities on attendant circumstances.

# Apex court seeks govt response on surrogacy PIL

FE BUREAU  
New Delhi, September 26

**THE SUPREME COURT** on Monday sought a response from the central government on a PIL challenging

the vires of Surrogacy Act, 2021, and the Assisted Reproductive Technology Act, 2021 for imposing a "restrictive regime which gravely impinges upon the most basic reproductive right of individuals".

"The ban on commercial surrogacy, seemingly enacted to protect the impoverished women, denudes surrogates of their right over their bodies and denies them the opportunity to exercise agency over their right of giving birth," the petition said.

A bench led by Justice Ajay Rastogi sought response from the ministries of health and family welfare, women and child development and the Indian Council for Medical Research on a

petition by Chennai-based Arun Muthuvel seeking various reliefs, including a direction to recognise rights of women other than married women above 35 to avail surrogacy

35 years of age to avail surrogacy as a means of assisted reproductive technique to experience motherhood.

Counsel Mohini Priya, appearing for Muthuvel, said an unreasonable blanket ban on commercial surrogacy while allowing only altruistic surrogacy may lead to further exploitation of women within the family.

# Plea should be heard on merit now, says Valli

SAJAN C KUMAR  
Chennai, September 26

**FOLLOWING THE NCLAT'S** recent dismissal of appeals by Murugappa holding company Ambadi Investments (AIL) against her application to the tribunal, Valli Arunachalam now hopes her fresh waiver application before the NCLAT Chennai bench is heard on merit.

In an interaction with FE, Arunachalam said, "Now the waiver application has to be argued in NCLAT and while all the technicalities have been laid to rest with the quashing of all appeals against my case by NCLAT, we hope that we will finally get to argue the matter on the merit. Of course, we will have to pass through the waiver application, I hope we will, and the company petition needs to be argued, where the core of the matter lies, which is gender discrimination, oppression and mismanagement."
