Commenting on the performance, Narrindra Suranna, Chairman and Managing Director said:

“FY23 has proven to be a remarkable year for our Company as we became public, thus advancing ourselves towards a promising future. We successfully navigated through challenges posed by the volatile economic environment, including supply chain disruptions and escalating commodity and energy prices. Despite the headwinds in FY23, our operational and financial performance exceeded our expectations.

In Q4 FY23, the Company has achieved its highest ever financial performance, Revenue from Operations of Rs. 6,672 Mn with a growth of 7.2% on YOY basis. EBITDA of Rs. 754 Mn with margin of 11.2%, owing to higher operational efficiencies. PAT of Rs. 483 Mn with margin of 7.1%. The growth was primarily driven by high demand from cable industries. This outstanding performance boosts our confidence and assures that we are on track to achieve our strategic and financial goals.

Domestic operations accounted for 70% of our Company's revenue in the quarter, exhibiting a growth of 53.1% compared to the same period last year. Whereas exports contributed 30% to our revenue. We are dedicated to expanding our global exports, which will further enhance our top-line growth.

During the fiscal year, we achieved a significant milestone as our Return on Equity (ROE) exceeded the 20% threshold for the first time in the company's history. Additionally, we successfully reduced our net debt by Rs. 742 Mn to reach Rs. 488 Mn, driven by improved cash flow from operations and a leaner working capital cycle.

We are delighted to announce that the Company has recommended the issuance of a bonus share of 1 share for every 10 shares held, as a token of appreciation for our shareholders' trust and support. Furthermore, we have recommended a final dividend @ 100% (i.e., Re. 1 per fully paid-up Equity Share of Re. 1), demonstrating our

commitment to delivering sustainable long-term returns to our shareholders while maintaining a robust financial position.

As we move forward, our commitment towards excellence and growth remains unchanged. We will continue to prioritize customer satisfaction and innovation, while also seeking out new opportunities for expansion and diversification in India and globally. With favourable demography, robust economy, and supportive government policies, the potential for success and value creation for our shareholders will be significant. Backed by our superior manufacturing and product innovation capabilities, we remain confident of our growth in FY24 and beyond.”
