NOTES:-

1. In view of and pursuant to the Circular No. 09/2023 dated September 25, 2023 issued by the Ministry of Corporate Affairs and all other relevant circulars issued from time to time, Ministry of Corporate Affairs have extended relaxation to companies to conduct their AGM on or before 30.09.2024, in accordance with the requirements laid down in para 3 of the General Circular No. 20/2020 dated 05.05.2020 i.e. physical attendance of the Members to the AGM venue is not required and general meeting be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. **SINCE THIS AGM IS BEING HELD THROUGH VC / OAVM PURSUANT TO THE MCA CIRCULARS AND SEBI CIRCULARS, PHYSICAL ATTENDANCE OF THE MEMBERS HAS BEEN DISPENSED WITH. ACCORDINGLY, THE FACILITY FOR APPOINTMENT OF PROXIES BY THE MEMBERS WILL NOT BE AVAILABLE FOR THE AGM AND HENCE THE PROXY FORM, ATTENDANCE SLIP AND ROUTE MAP OF THE AGM ARE NOT ANNEXED TO THIS NOTICE.**

3. The special business is not made during the financial year therefore the explanatory statement is not required to be annexed under Section 102(1) of the Companies Act, 2013 ('the Act') at the Annual General Meeting (AGM).
4. Since the AGM will be held through VC / OAVM, the proxy form, attendance slip and route map of the AGM are not annexed to the Notice.
5. The Company has engaged the services of National Securities Depository Limited (NSDL) to provide video conferencing facility and e-voting facility for the AGM.
6. Register of Members and the Share transfer books of the Company will remain closed from **Friday, the 20th September, 2024 to Thursday, the 26th September, 2024** (both days inclusive) for the purpose of Annual General Meeting.
7. Members are requested to intimate to the Company's Registrar & Share Transfer Agent, M/s. Bigshare Services Pvt. Ltd., Office No S6-2, 6th Floor, Pinnacle Business Park, Next to Ahura Centre, Mahakali Caves Road, Andheri (East), Mumbai - 400093, Maharashtra, their Depository Participant ("DP"), regarding changes if any, in their registered address and their E-mail ID at an early date. Also quote their Registered Folio Numbers and/or DP Identity and Client Identity Number in their correspondence.
8. SEBI vide Circular Nos. SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/131 dated 31st July, 2023, as amended by SEBI/HO/OIAE/OIAE_IAD-1/P/CIR/2023/191 dated 20th December, 2023, has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market. Pursuant to above-mentioned circulars, any investor after exhausting the option to resolve investors' grievances with the RTA/ Company, directly and through existing SCORES platform, can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>) and the same can also be accessed through the Company's website www.starlineps.com.
9. SEBI, vide circular no. SEBI/HO/MIRSD/MIRSD-PoD-1/P/ CIR/2023/37 dated 16.03.2023 (now rescinded due to issuance of Master Circular for Registrars to an Issue and Share Transfer Agents dated 17.05.2023) had simplified norms for processing investor's service request by RTAs and for furnishing PAN, KYC details and Nomination Share Transfer Agents dated 17.05.2023) had simplified norms for processing investor's service request by RTAs and for furnishing PAN, KYC details and Nomination

Based on representations received from the Registrars' Association of India, feedback from investors, and to mitigate unintended challenges on account of freezing of folios and referring frozen folios to the administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002, para 19.2 of the Master Circular for Registrars to an Issue and Share Transfer Agents dated 17.05.2023 has been amended by SEBI as follows

1. Reference to the term 'freezing/ frozen' has been deleted.
- 2 Referral of folios by the RTA/listed company to the administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002, has been done away with.

Henceforth, folio without PAN, KYC details and nomination

1. will not be frozen
2. will not be referred to administering authority under the Benami Transactions (Prohibitions) Act, 1988 and/or Prevention of Money Laundering Act, 2002.

However, in Folios without PAN, KYC details and Nomination i.e wherein any one of the cited document/details are not available.

1. The share holder(s) of such folio(s) shall be eligible to lodge grievance or avail any service request from the RTA on or after 01.01.2024 only upon completely complying with the requirements of furnishing PAN, KYC details and Nomination.

2. SEBI, vide its circular dated November 03, 2021 (subsequently amended by circulars dated December 14, 2021, March 16, 2023, November 17, 2023 and June 10, 2024) mandated that the security holders (holding securities in physical form), whose folios do not have PAN or Contact Details (Postal Address with PIN) or Mobile Number or Bank Account Details or Specimen Signature updated, shall be eligible for any payment including dividend, interest or redemption in respect of such folios, only through electronic mode with effect from April 01, 2024

10. SEBI vide their Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2024/81 dated June 10, 2024 has provided relaxation from non-submission of 'Choice of Nomination' for all existing demat accounts & mutual fund holders as well as the physical holders. Bringing relief to a large number of investors, SEBI has done away with freezing of Demat Accounts as well as Mutual Fund Folios for the existing security holders even if they do not submit their choice of nomination. Further, security holders holding securities in physical form shall be eligible for receipt of dividends, interest or redemption payments and can also lodge grievances to RTA even if choice of nomination is not submitted by them. However, the existing security holders are encouraged to update their choice of nomination with their Depositories/Depository Participants considering the benefits of the same.

All new demat & unitholders shall be mandatorily required to provide the 'Choice of Nomination'.

11. In case of joint holders attending the meeting, only such joint holder who is higher in the order of names will be entitled to vote.
12. SEBI has mandated submission of PAN by every participant in the securities market. Members holding shares in demat mode are, therefore, requested to submit their PAN to their DP.
13. SEBI Regulations has mandated Companies to credit the dividends electronically to the Members' bank account. Members who hold shares in dematerialized form should inform their Depository Participant's (DP) as well as to the Company and such Members holding shares in physical form should inform the Company, their Bank details viz. Bank Account Number, Name of the Bank and Branch details and MICR Code. Those Members who have earlier provided the above information should update the details if required.
14. Non-resident Indian shareholders are requested to inform to the Company or its Registrar and Share Transfer Agent or the concerned Depository Participant, as the case may be, immediately about the following :-
- a. The change in the residential status on return to India for permanent settlement.
 - b. The particulars of the NRE account with a Bank in India, if not furnished earlier.
15. Securities and Exchange Board of India has notified the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 on June 08, 2018 to permit transfer of listed securities only in dematerialized form with a depository. Therefore, Members are requested to convert their Share(s) lying in physical form to the Demat form for

easy transferability of Shares, which will also curb the fraud and manipulation risk in physical transfer of securities. For any help, the shareholders may contact to the Registrar & Transfer Agent at email id. prasadm@bigshareonline.com and to Company Secretary at email id info@starlineps.com.

16. Pursuant to provisions of Section 72 of the Companies Act, 2013 members holding Shares in physical mode are advised to file a Nomination Form in respect of their Shareholding. Any Member wishing to avail this facility may submit the prescribed statutory form SH-13 to the Company Share transfer agent. The said form can be downloaded from the Company's website www.starlineps.com.
17. The investors who has still not claimed their dividend declared in FY 2021-22, are requested to update their email address, Bank details, Postal Address, PAN, Mobile number etc. ("KYC details") with their depositories (where shares are held in demat mode) and with the RTA (where shares are held in physical mode) to claim the dividend easily.
18. In compliance within the MCA and SEBI Circulars the Company has sent notice of AGM only through electronic mode only to those shareholders whose e-mail addresses are registered with Company or its RTA. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.starlineps.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com and the AGM Notice is also available on the website of NSDL (agency for providing the Remote e-Voting facility) i.e. www.evoting.nsdl.com.
19. Members who have not registered their e-mail address with the Company are requested to register/update their e-mail address for receiving all communication including Annual Report, Notices, Circulars, etc. from the Company, electronically.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

This chapter on Management’s Discussion and Analysis (“MD&A”) is to provide the stakeholders with a greater understanding of the Company’s business, the Company’s business strategy and performance, as well as how it manages risk and capital.

The following management discussion and analysis is intended to help the reader to understand the results of operation, financial conditions of STARLINEPS ENTERPRISES LIMITED.

(1) ECONOMIC OVERVIEW, INDUSTRY STRUCTURE AND DEVELOPMENTS:

GLOBAL ECONOMY&INDIAN ECONOMY:

The economy of India has transitioned from a mixed planned economy to a mixed middle-income developing social market economy with notable public sectors in strategic sectors. It is the world's fifth-largest economy by nominal GDP and the third-largest by purchasing power parity (PPP).

Nearly 70% of India's GDP is driven by domestic consumption; country remains the world's fourth-largest consumer market. Apart from private consumption, India's GDP is also fueled by government spending, investments, and exports. India's economy grew at a faster-than-expected pace majorly helped by a strong performance in the manufacturing sector, and economists expect the momentum to continue this year.

The International Monetary Fund (IMF) has raised India's growth forecast for 2024-25 to 6.8% from 6.5% on the back of strong domestic demand and a rising working-age population.

The Significant problems of India regarding inflation & unemployment needs to be addressed by the government body on high priority for ensuring overall growth of the nation.

GDP or “Gross Domestic Product” refers to the monetary value of all goods and services produced in a nation during a given year. A higher GDP indicates that the country is financially strong and growing at a stable rate. According to the World GDP Ranking 2024 list, India is the fifth largest economy in the world and the Central government has pledged to make it the 3rd largest by 2027. India is expected to be the fastest growing economy among the G-20 nations in 2024.

The global diamond market is poised for significant growth, with projections indicating an increase from USD 110.41 billion in 2023 to over USD 140 billion by the year 2029, driven by a CAGR of 4.85% from 2024 to 2029.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Company is a part of an Industry, which largely operates through unorganized constituents. However, unlike the industry, the Company has attempted to operate through as systematic and organized manner as possible. However, since Diamonds and Jewellery is one industry, in which India holds, commendable position in the world, akin to the software industry, one can look forward to more international involvement coming up in this industry.

OPPORTUNITY AND THREATS:

❖ Opportunities

Diamond and Jewellery volumes in India have remained resilient over the years aided by strong cultural affinity or the yellow metal and stable returns from the asset class. The major growth drivers for the industry are:

➤ Cultural Significance and Traditions

India has a deep-rooted cultural affinity for diamonds and jewellery, particularly gold. Jewellery plays a crucial role in various ceremonies, festivals, and life events such as weddings, which ensures consistent demand. The tradition of passing down jewellery through generations also sustains this market.

➤ Economic Growth and Rising Disposable Incomes

The steady economic growth in India has led to an increase in disposable incomes. As more people move into the middle and upper-middle classes, there is a growing capacity and willingness to invest in luxury items, including diamonds and jewellery. This economic shift supports the expansion of the jewellery market.

➤ Personnel

More and more benefits are likely to come in the way as Induction of widely experienced and specialized personnel on the Board of the Company. There is good combination of technical as well as advisory personnel in the management.

➤ Rising female workforce

Better job opportunities, rising demand for skilled and professional workforce and rapid urbanization are leading to increasing share of women in workforce. And by virtue of women being the primary consumers of jewellery, their increasing entry into workforce and disposable income are likely to drive the demand, going forward.

➤ Stable Investment Returns

Diamonds and gold have historically provided stable returns, making them attractive investment options. In times of economic uncertainty, these assets are often considered safe havens. This perception encourages both individual and institutional investments in jewellery.

➤ Technological Advancements in Manufacturing and Retail

The adoption of advanced technologies such as AI and machine learning in jewellery manufacturing and retail has revolutionized the industry. AI-driven analytics enable more precise demand forecasting and inventory management, enhancing operational efficiency. Additionally, AI-powered personalization in customer experiences, such as virtual try-ons and customized designs, is attracting a tech-savvy customer base.

➤ Government Policies and Initiatives

Favorable government policies, including the reduction of import duties on gold and diamonds and initiatives to formalize the jewellery sector, have provided a conducive environment for growth. Supportive measures such as the establishment of gem and jewellery parks and skill development programs are also boosting the industry.

➤ Growing E-commerce and Digital Presence

The rise of e-commerce has opened new avenues for the diamond and jewellery market. Online platforms allow customers to browse, compare, and purchase jewellery from the

comfort of their homes. The integration of AI in e-commerce enhances customer experience through personalized recommendations and secure transactions, further driving sales.

❖ **Threats**

➤ Fast-changing fashion trends

The diamond and jewelry market in India faces significant threats from rapidly changing fashion trends. Consumers, especially the younger demographic, are increasingly influenced by global fashion, which shifts frequently. This dynamism requires jewelry retailers to constantly update their inventories, which can be both costly and risky if the new styles do not sell as expected. Additionally, the preference for trendy, costume jewelry over traditional, high-value pieces can reduce the demand for diamonds and precious metals, impacting the volume and sales of high-end jewelry.

➤ Regulatory framework

The diamond and jewelry industry in India is subject to a stringent regulatory framework that can pose several challenges. Compliance with regulations related to gold hallmarking, and anti-money laundering measures can increase operational costs for businesses. Moreover, frequent changes in these regulations can create an environment of uncertainty, making it difficult for businesses to plan long-term strategies.

➤ Liquidity crisis

A liquidity crisis can severely threaten the diamond and jewelry sector in India. The industry relies heavily on credit for inventory purchases and operations, and any disruption in cash flow can lead to significant challenges. Financial institutions becoming cautious or tightening lending norms can reduce the availability of working capital for jewelers, affecting their ability to stock and sell high-value items. Additionally, economic downturns or financial scams, such as those involving prominent jewelers, can erode trust and further strain liquidity, leading to reduced business volumes and potential closures.

(2) OUTLOOK:

The Company has done reasonable in the current year and expects to achieve a really good percentage of market share in the Diamond manufacturing and Jewellery marketing fields. The outlook for the Company can therefore be termed as optimistic and expects higher growth than inflation and average growth in the industry.

Growth of the Gems and Jewellery Industry is expected to be moderate to better in the years to come depending on the policies of the Government. However Gems and Jewellery Industry is seeing robust growth in the years to come. The Growth rate of the Gems and Jewellery Industry is closely related to the growth of the other Sector and hence movements and developments in the other sectors would also indirectly affect the future of Gems and Jewellery Industry.

(3) RISK AND CONCERNS:

Following can be some of the risks and concerns the Company needs to be wary of:

- The largely unorganized structure of the market can affect the systematic functioning of the Company.

- Political instability, which has at tremendous impact on the capital markets.
- Likely opening up of the economy, which can be a double-edge sword.
- The Diamond market in India is heavily influenced by the US Markets.
- Geo political tensions and impact of war is seen in fluctuating raw materials prices like gold and diamonds. Also currency rate fluctuations due to this global scenario can impact business.
- Increasing competition among the Indian Exporters in this industry.

(4) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has a proper and adequate system of internal controls. This ensures that all transactions are authorized, recorded and reported correctly, and assets are safeguarded and protected against loss from unauthorized use or disposition. In addition, there are operational controls and fraud risk controls, covering the entire spectrum of internal financial controls. An extensive programme of internal audits and management reviews supplements the process of internal financial control framework. Properly documented policies, guidelines and procedures are laid down for this purpose. The internal financial control framework has been designed to ensure that the financial and other records are reliable for preparing financial and other statements and for maintaining accountability of assets.

In addition, the Company has identified and documented the risks and controls for each process that has a relationship to the financial operations and reporting. The Company also has in place an Audit Committee to have a periodic overview of the internal control procedures of the Company. The Audit committee is accessible at all times to the employees of the Company for any improvement to be recommended in the procedures in place

In connection with our audit of Standalone IND AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Management’s Responsibility for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone IND AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Second Amendment Rules, 2019. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of Standalone IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing Standalone IND AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concerned, and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether Standalone IND AS financial statements as a whole is free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone IND AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of Standalone IND AS financial statements for the financial year ended March 31st, 2024, and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India, in exercise of powers conferred by sub-section 11 of section 143 of the Act, and on the basis of such checks of books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the "Annexure-A" attached hereto our comments on the matters specified in the paragraphs 3 and 4 of the said Order.

Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) Except for the possible effects of the matter described in the Basis for Qualified Opinion Paragraph, in our opinion, the aforesaid financial statements comply with the IND AS specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-B".213`
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

- (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- (iv)
- a. The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - b. The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) & (b) above contain any material misstatement.
 - d. Proviso to rule 3(1) of the companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the company with effect from 1ST April, 2023 However Based on our examination, which included test checks the company, has used accounting software for maintaining its books of account wherein the accounting software have the audit trail (edit log) feature enabled throughout the year.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of STARLINEPS ENTERPRISES LIMITED ("the Company") as of March 31st, 2024 in conjunction with our audit of the Standalone IND AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these standalone IND AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Standalone IND AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these standalone IND AS Financial Statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone IND AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of standalone IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting with reference to these Standalone IND AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with Reference to these Standalone IND AS Financial Statements.

A company's internal financial control over financial reporting with reference to these Standalone IND AS financial statements is a process designed to provide reasonable assurance regarding their liability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Standalone IND AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with Reference to Standalone IND AS Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these Standalone IND AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to Standalone IND AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Standalone IND AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these Standalone IND AS financial statements and such internal financial controls over financial reporting with reference to these Standalone IND AS financial statements were operating effectively as at March 31st, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

STARLINEPS ENTERPRISES LIMITED is a Public company incorporated on 26th April, 2011 under Companies Act 1956. The Registered Office of the Company situated at Shop F/1, 1st floor, Athwa Ark Shopping Centre, Opp. Yatim Khana, Athwa Gate, Surat GJ 395001 IN (Regional office of Company – Gujarat State). Its shares are listed on BSE (BSE Limited). The Company is currently engaged in business of Precious Metals, Stones & Jewellery Trading. The financial statements were approved and authorised for issue in accordance with the resolution of the Company's Board of Directors on 30th May, 2024.

2. BASIS OF PREPARATION OF FINANCIAL STATEMENTS

This note provides a list of the significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(i) Compliance with IND AS

The financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Accounting Standards) Rules, 2015] and other relevant provisions of the Act. These financial statements are presented in INR, except when otherwise indicated.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following: - Certain financial assets and liabilities (including derivative instruments) that are measured at fair value.

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

A. An assets treated as current when it is:

1. Expected to be realised or intended to be sold or consumed in normal operating cycle
2. Held primarily for the purpose of trading
3. Expected to be realised within 12 months after a reporting period, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after a reporting period.

All other assets are classified as non-current.

B. Liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within 12 months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

All other liabilities are classified as non-current.

C. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified 12 months as its operating cycle.

b. Use of Estimates and judgment

In the application of accounting policy, the management is required to make judgement, estimates and assumptions about the carrying amount of assets and liabilities, income and expenses, contingent liabilities and the accompanying disclosures that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant and are prudent and reasonable. Actual results may differ from those estimates. The estimates and underlying assumptions are reviewed on ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised if revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods.

The few critical estimations and judgments made in applying accounting policies are:

i. Property, Plant and Equipment:

Useful life of Property, Plant and Equipment and Intangible Assets are as specified in Specified in Schedule II to the Companies Act, 2013.

ii. Income Taxes:

Significant judgement is required in determining the amount for income tax expenses. There are many transactions and positions for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome is different from the amount that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

iii. Inventories:

Inventory Obsolescence is based on assessment of the future uses. In all cases, inventory is carried at the lower of cost and net realisable value.

iv. Impairment of Non-financial Assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An assets recoverable amount is higher of assets or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other asset or group of assets. Where carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered as impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flow is discounted to their present value using pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

v. Impairment of Financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

i. Property, plant and equipment:

For transition to IND AS, the Company has elected to continue with the carrying value of property, Plant and Equipment ('PPE') recognised as of 1st April 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost of the PPE as on the transition date. Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes purchase price after deducting trade discount /rebate, import duty, non-refundable taxes, cost of replacing the component parts, borrowing cost and other directly attributable cost of bringing the asset to its working condition in the manner intended by the management.

An item of PPE is derecognised on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising on de-recognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss when asset is de-recognised.

The depreciable amount of an asset is determined after deducting its residual value. Where the residual value of an asset increases to an amount equal to or greater than the asset's carrying amount, no depreciation charge is recognised till the asset's residual value decreases below the asset's carrying amount. Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the intended manner. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale in accordance with IND AS 105 and the date that the asset is derecognised.

Depreciation is charged so as to allocate the cost of assets less their residual values, if any, over their estimated useful lives, using the written down value method except intangible assets. Depreciation on intangible assets is provided on straight line basis. The following useful lives are considered for the depreciation of property, plant and equipment:

Description of the Asset	Estimated Useful Life
Furniture & fixtures	10 Years
Buildings	60 Years
Office Equipment	5 Years
Air Conditioner	10 Years
Electricity Fittings	10 Years

If there is an indication that there has been a significant change in useful life or residual value of an asset, the depreciation of that asset is revised accordingly to reflect the new expectations.

The residual values, useful lives and methods of depreciation of properties, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

ii. Investment properties:

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and

maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

On disposal of an investment property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

iii. **Intangible assets under development:**

The amount disclosed as 'Intangible asset under development' represents assets purchased/acquired and not available for use, as at the date of Statement of Financial Position.

An item of Intangible asset is derecognised on disposal or when no future economic benefits are expected from its use or disposal. Any profit or loss arising from de-recognition of an intangible asset measured as the difference between the net disposals proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is de-recognised.

iv. **Impairment of Tangible (PPE) and Intangible Assets:**

The Company assesses, at each reporting date, property, plant and equipment and intangible assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets where it is not possible to estimate the recoverable amount of an individual asset), is estimated and compared with its carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in Statement of Profit and Loss.

Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount (selling price less costs to complete and sell, in the case of inventories), but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of related assets) in prior years. A reversal of an impairment loss is recognised immediately in Statement of Profit and Loss.

v. **Inventories:**

Inventories are valued at the lower of cost and net realisable value. However, materials held for use in production of inventories are not written down below cost, if the finished products are expected to be sold at or above cost.

Costs incurred in bringing each product to its present location and condition is accounted for as follows:

- **Rough Diamonds** – Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Rough diamonds are valued at Specific Identification.
- **Finished Goods and Work – in – progress:**

Cost of all certified large cut and polished diamonds is determined on specific identification basis. Other uncertified cut and polished diamonds of similar characteristics in a certain range are grouped as a mixed lot and cost is determined on weighted average basis.

- In determining the cost of stores weighted average method is used.
- In respect of Jewellery division, Metal and Cut and Polished Diamond is valued at weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated cost necessary to make the sale.

Obsolete and slow-moving items are subjected to continuous technical monitoring and are valued at lower of cost and estimated net realisable value.

vi. Leases:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease, if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Finance leases that transfer substantially all the risks and benefits incidental to ownership of the leased items (i.e. PPE), are generally capitalised at the inception of the lease at the fair value of the leased assets or, if lower, at the present value of minimum lease payments. Lease payments are apportioned between finance charges and a reduction in lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance cost in the Statement of Profit and Loss.

Lease in which significant portion of the risks and rewards of ownership are not transferred to the Company as lessee is classified as operating leases. Payments made under operating leases are charged to Statement of Profit and Loss over the period of lease on straight line basis other than those cases where the escalation are linked to expected general inflation in which case they are charged on contractual terms.

vii. Provisions, contingent liabilities, contingent assets:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, when it is probable (i.e. more likely than not) that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate of the amount can be made. Provisions are reviewed at the end of each financial reporting period and adjusted to reflect the current best estimate. When the Company expects some or all of the provision to be reimbursed, the reimbursement is recognised as a standalone asset only when the reimbursement is virtually certain.

Where effect of the time value of money is material, the provision is the present value of the estimated expenditure required to settle the obligation.

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial information. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

A contingent asset is a probable asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company. The Company does not recognise contingent assets but discloses their existence where inflows of economic benefits are probable, but not virtually certain.

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. Provisions for onerous contracts are measured at the present value of lower of the expected net cost of fulfilling the contract and the expected cost of terminating the contract.

viii. **Share Capital and share premium:**

Ordinary shares

Proceeds from issuance of ordinary shares are classified as share capital in equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction net of tax from the proceeds. Par value of the equity share is recorded as share capital and the amount received in excess of the par value is classified as share premium.

ix. **Cash Flows and Cash and Cash Equivalents:**

Statement of cash is prepared in accordance with the indirect method prescribed in the relevant Ind AS. For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques and drafts on hand, deposits held with banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and book overdrafts. However, book over drafts is shown within borrowings in current liabilities in the balance sheet for the purpose of presentation.

x. **Trade receivables**

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value (at carrying value) and subsequently measured at amortised cost using the effective interest method, less provision for impairment if require.

xi. **Trade payables**

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 180 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value (at carrying value) and subsequently measured at amortised cost using the effective interest method if require.

xii. **Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of

transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

xiii. **Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before the revenue is recognised.

Sale of Goods:

Revenue from the sale of goods is recognised when the significant risk and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Sale is recognised when no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Dividend Income:

Dividend is recognised when right to receive is established, which is generally when shareholders approve the dividend.

Interest Income:

Interest income on financial assets measured at amortised cost is recognised on time proportion basis, using effective interest method.

xiv. **Employee benefits:**

Short term employee benefits

All employee benefits payable wholly within 12 months of rendering services are classified as short-term employee benefits. Wages, salaries, paid annual leave and sick leave, bonuses and non-monetary benefits are accrued in the year in which the associated services are rendered by employees. For employee leave entitlement the expected cost of short-term employee benefits in the form of compensated absences is recognised in the case of accumulating compensated absences, when the employees render service that increases their entitlement to future compensated absences; and in the case of non-accumulating compensated absences, when the absences occur. A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

xv. Income tax

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to the items recognised directly in equity or in other comprehensive income.

Current Income Tax:

Current tax includes provision for Income Tax computed under special provision (i.e., Minimum Alternate Tax) or normal provision of Income Tax Act provisions. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities on the basis of estimated taxable Income. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred Tax:

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases (known as temporary differences). Deferred tax liabilities are recognised for all temporary differences that are expected to increase taxable profit in the future. Deferred tax assets are recognised for all temporary differences that are expected to reduce taxable profit in the future, and any unused tax losses or unused tax credits. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered. The net carrying amount of deferred tax assets is reviewed at each reporting date and is adjusted to reflect the current assessment of future taxable profits. Any adjustments are recognised in profit or loss.

Deferred tax is calculated at the tax rates that are expected to apply to the taxable profit (tax loss) of the periods in which it expects the deferred tax asset to be realised or the deferred tax liability to be settled, on the basis of tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred Tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to the income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

xvi. Earnings per Share:

Basic Earnings per share is computed by dividing the profit from continuing operations and total profits, both attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per share are computed using the weighted average number of equity and dilutive equivalent shares outstanding during the period, except where the results would be anti-dilutive.

xvii. Deferred tax asset and liabilities are classified as non-current assets and liabilities.

xviii. Fair value Measurement:

Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the

characteristics of asset and liability if market participants would take those into consideration. Fair value for measurement and / or disclosure purposes in these financial statements is determined in such basis except for transactions in the scope of IND AS 2, 17 and 36. Normally at initial recognition, the transaction price is the best evidence of fair value.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A Fair value measurement of a non-financial asset takes in to account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (Unadjusted) market prices and active market for identical assets and liabilities

Level 2 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable.

Level 3 – Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by the assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

xix. **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

a. Financial assets:

A financial asset inter-alia includes any asset that is cash, equity instrument of another entity and a financial liability or equity instrument of another entity. The Company recognises a financial asset or financial liability in its balance sheet only when the entity becomes party to the contractual provisions of the instrument.

Financial Assets other than investment in subsidiaries

Financial assets of the Company comprise trade receivables. Cash and cash equivalents, bank balances, investment in equity shares of Companies other than in subsidiaries, investment other than in equity shares, loans / advances to employees / related parties / others, security deposit, claims recoverable etc.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the

acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss. When transaction price is not the measure of fair value and fair value is determined using a valuation method that uses data from observable market, the difference between transaction price and fair value is recognised in Statement of Profit and Loss and in other cases spread over life of the financial instrument using effective interest method.

Subsequent measurement

For purposes of subsequent measurement financial assets are classified in three categories:

- Financial asset measured at amortised cost
- Financial asset at fair value through OCI
- Financial assets at fair value through profit or loss

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows are solely payments of principal and interest on the principal amount outstanding. These financial assets are amortised using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss in finance costs.

Financial assets at fair value through OCI (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. At initial recognition, an irrevocable election is made (on an instrument-by-instrument basis) to designate investments in equity instruments other than held for trading purpose at FVTOCI. Fair value changes are recognised in the other comprehensive income (OCI). On derecognition of the financial asset other than equity instruments, cumulative gain or loss previously recognised in OCI is reclassified to income statements.

Financial assets at fair value through profit or loss (FVTPL)

Any financial asset that does not meet the criteria for classification as at amortised cost or as financial assets at fair value through other comprehensive income, is classified as financial assets at fair value through profit or loss. Further, financial assets at fair value through profit or loss also include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value profit or loss are fair valued at each reporting date with all the changes recognised in the Statement of profit and loss.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to

recognise the financial asset and also recognises a collateralized borrowing for the proceeds receivables.

Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model on the following:

- Financial assets that are measured at amortised cost.
- Financial assets measured at fair value through other comprehensive income (FVTOCI)
- ECL is measured through a loss allowance on a following basis: -
The 12 month expected credit losses (expected credit losses that result from all possible default events on the financial instruments that are possible within 12 months after the reporting date)
- Full life time expected credit losses (expected credit losses that result from all possible default events over the life of financial instruments)

The company follows 'simplified approach' for recognition of impairment on trade receivables or contract assets resulting from normal business transactions. The application of simplified approach does not require the Company to track changes in credit risk. However, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, from the date of initial recognition.

For recognition of impairment loss on other financial assets, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has increased significantly, lifetime ECL is provided. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Impairment loss allowance (or reversal) recognised during the period is recognised as expense/income in the statement of profit and loss.

b. Financial liabilities and equity instruments:

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

The Company's financial liabilities include loans and borrowings including book overdraft, trade payable, accrued expenses and other payables.

Initial Recognition and measurement

All financial liabilities at initial recognition are classified as financial liabilities at amortised cost or financial liabilities at fair value through profit or loss, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the "Expenditure Attributable to Construction" if another standard permits inclusion of such cost in the carrying amount of an asset over the period of the borrowings using the effective rate of interest.

Subsequent measurement

Subsequent measurement of financial liabilities depends upon the classification as described below:-

Financial Liabilities classified at Amortised Cost:

Financial Liabilities that are not held for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are integral part of the Effective Interest Rate. Interest expense that is not capitalised as part of cost of assets is included as Finance costs in the Statement of Profit and Loss.

Financial Liabilities at Fair value through profit and loss (FVTPL)

FVTPL includes financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities have not been designated upon initial recognition at FVTPL.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged/cancelled/expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and liabilities are offset and net amount is reported if there is currently enforceable legal right to offset the recognised amounts and there is intention to settle on a net basis, to realise assets and settle the liabilities simultaneously.
