Annual Report F.Y.2023-2024

FORWARD LOOKING STATEMENT

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements -written and oral – that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realized, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialize, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward looking statements, whether as a result of new information, future events or otherwise.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013, FORMING PART OF THE NOTICE OF ANNUAL GENERAL MEETING

For item No. 3 (Ordinary business)

Appointment of M/s NBS & Co. (Firm Registration No. 110100W), Chartered Accountants, as Statutory Auditors of the Company in place of M/s Agrawal Jain & Gupta, Chartered Accountants (FRN: 013538C).

The members at the 38th Annual General Meeting of the Company held on September 30, 2019 had appointed M/s Agrawal Jain & Gupta, Chartered Accountants (Firm Registration No. 013538C) as the Statutory Auditors of the Company to hold office for a term of five years i.e. from the conclusion of the 38th Annual General Meeting until conclusion of ensuing 43rd Annual General Meeting.

The tenure/term of M/s Agrawal Jain & Gupta, Chartered Accountants (Firm Registration No. 013538C) is coming to end at the conclusion of ensuing AGM. The existing auditors cannot be reappointed as the Auditors for a further period of years due to other professional commitments.

Further, as the tenure of the Statutory Auditors is expiring at the conclusion of the ensuing AGM of the Company and as they cannot be re-appointed as per the provisions of Companies Act, 2013, the Board of Directors has, based on the recommendation of the Audit Committee and subject to approval of the shareholders, had appointed M/s NBS & Co. (Firm Registration No. 110100W), Chartered Accountants for a term of Three (3) years to hold office from the conclusion of the 43rd AGM till the conclusion of the 46th AGM of the Company to be held in year 2027.

As required under section 139 of the Companies Act, 2013, M/s NBS & Co. (Firm Registration No. 110100W), Chartered Accountants, have informed the Company that their appointment, if made, shall be in compliance of Section 139 and 141 of the Companies Act, 2013 and Companies (Audit and Auditors) Rules, 2014 and the Auditors have also confirmed that they hold a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India.

There is no material change in the fees considering the size of the Company. The Notice of the ensuing AGM also contain a resolution for consideration and approval of the Members for their appointment as such in place of the existing Statutory Auditors.

None of the Directors, Key Managerial Personnel of the Company and their relatives, are concerned or interested in the above Resolution except to the extent of their shareholding if any.

Your directors recommend the Resolution set out in Item No. 3 as an Ordinary Resolution for your approval.

Company Secretary & Compliance Officer

DEAR FRIENDS,

At SVA, we often talk at length about our unsurpassed growth strategy and how we are sustaining that growth momentum. But we seldom ask ourselves one simple, but fundamental question: 'Is there any deeper purpose behind this strategy? Any definite plan of which, multi-sectoral growth is just the outward expression or affirmation?' I would like to take this opportunity to answer this question unambiguously; so that you can understand our priorities better and see our road ahead clearer. From a very modest beginning, we have reached a stage in our corporate existence, when we cannot be just identified as a manufacturer of zinc oxide. We have not restricted our vision in the domain of zinc oxide or in trading of stocks and shares for that matter. We have reinforced our footprint in altogether new segment of tea and tea products, and even foraying into the hotels and retail sector of the Company's brand product "BASILUR TEA" and new brand product "AUSSEE OATS" at Sri Lanka with the main object to manufacture Oats and Muesli based food products for local and export market. The purpose is not just enhanced visibility, but to understand global market forces better and to create products and solutions that fulfill the needs of today and tomorrow in line with evolving socio-economic scenario. Effective innovation has always been our motto.

Although the sharp increase in prices of raw materials has dragged down the profits figures but it has not affected the Company's potential to keep on growing. In a post-recessionary global economy our deep-rooted belief that companies today must harmonize performance with social commitment - is resonating more than ever before. This has important implications for different stakeholders: for consumers and shareowners this translates into creating enhanced value, both economic and social, through trusted brands; for governments and the general public, it translates into responsibility. All businesses have a responsibility to the communities in which they operate, to the consumers they serve and to the planet whose resources they use.

ENVIRONMENT AND SOCIAL RESPONSIBILITY

Environment protection and social responsibility are deeply ingrained in our corporate credo. SLCL's concern for the environment is reflected in the following initiatives: in-campus greening; encouraging judicious use of natural resources; recycling; pollution control to ensure clean air and water; and reduction of landfill wastes. We have also Developed 30 acres of land for organic product development. We ensure healthy working environment and proper housing and medical facilities for our people. We adhere to strict lab our compliance to all working conditions and benefits as directed under Indian Labour laws.

PARTING THOUGHTS

At SVA, we believe what's right for society is right for business. It is a belief to which we are deeply committed. Businesses cannot create supreme value locally or globally without an underpinning of integrity and responsibility. We will continue to chart our future course of action based on this fundamental value system, seeking the encouragement and support of all stakeholders. Finally, I would like to put on record my sincere appreciation towards all the stakeholders, be it bankers, shareholders, customers, suppliers and the employees for the continuing faith and confidence that they have reposed in us. We are confident that with their continued support, cooperation and guidance the Company will excel to achieve new landmarks in future.

Warm Regards,

Rakhi Abhinav Gupta Chairperson

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A.) Overview

The following operating and financial review is intended to convey the Management's perspective on the financial and operating performance of the Company at the end of Financial Year 2023-24. This report should be read in conjunction with the Company's financial statements, the schedules and notes thereto and the other information included elsewhere in the Integrated Report. The Company's financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, the guidelines issued by the Securities and Exchange Board of India (SEBI) and the Generally Accepted Accounting Principles (GAAP) in India.

This report is an integral part of the Directors' Report. Aspects on industry structure and developments, opportunities and threats, outlook, risks and concerns, internal control systems and their adequacy have been covered in the Directors' Report.

B.) Risk and Risk Management:

1. Foreign Exchange

The Company is exposed to risk from market fluctuations of Foreign Exchange. We try to minimize the risk of Foreign Exchange fluctuation by entering into forward contracts immediately on booking the export orders.

2. Commodity Price Risk

To take care of commodities price risk, export orders are immediately tied up with suppliers for procurement. However, this risk cannot be eliminated in case of imports because there is a time lag between the date of placing order and receiving delivery. Further, for the sake of economy, size of import contracts is too big to achieve back to back tie up with local buyers.

3. Risk elements in Business Transactions

The buyers and suppliers are selected after due diligence. Advance of 10-20% from overseas buyers, irrevocable letters of credit, payment at sight documents, ECGC cover, etc. are obtained, wherever considered necessary. As regards domestic trade delivery is released on receipt of full payment.

4. Physical risk to cargo

All our warehouses are adequately insured. For imports on CIF basis the supplier obtains insurance cover and for import on C & F basis insurance cover is obtained by the Company. For export shipments made on C &F basis, insurance is covered by the buyer and in case of orders on CIF basis, insurance is obtained by the Company. Warehouse to Warehouse insurance cover is obtained for domestic trade.

C.) Internal Controls and their adequacy

The Company has well-structured internal control mechanisms and internal Audit is headed by

senior executive which reviews all transactions independently on continuous basis. Internal

Audit Department regularly briefs the management and necessary steps are taken wherever,

necessary.

D.) Quality Control

The Company maintains high standards of quality. For exports before shipment and for imports

on receipt of shipment the cargo is inspected for quality by company's field staff, brokers'

representatives and by reputed quality testing equipment's viz., moisture testing machine,

electronic weight machines, scales, caliper and any other instruments to test various

commodities. Services of recognized reputed laboratories are also hired whenever necessary.

This has enabled the Company to earn reputation, attract and retain clients.

E.) Human Resource / Industrial Relations

The Company provides a challenging, open and satisfying work environment to its employees.

Necessary steps are taken for boosting their motivation and active involvement in the

organization. The Company also encourages its employees to continuously upgrade and

improve their skills and qualifications.

F.) Material Financial and Commercial Transactions

There are no material financial and commercial transactions

INDEPENDENT AUDITOR'S REPORT

To

The Members of

SVA INDIA LIMITED

Opinion

We have audited the Standalone Financial Statements of **SVA INDIA LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2024, its profit/loss and its cash flows for the year ended on that date,

- a) In the case of the Standalone balance sheet, of the state of affairs of the company as at March 31, 2024.
- b) In the case of the Standalone Profit and Loss Account, of the profit for the period ended on that date and
- c) In the case of Standalone cash flow statement, for the cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Accounting Standards (AS) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter:

A. Company is not complied the provision of IND AS -19 for Employee benefit.

Our opinion is not modified in respect on this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information other than the Standalone Financial Statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Internal Financial Controls with reference to financial statements

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SVA INDIA LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal

financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

34 Employee Benefits - Retirement benefits

(a) Defined Contribution Plan:

An entity is not participating in any employer defined benefit plan that does not prepare plan valuations on an Ind AS 19 basis. Company not having employee who served from more than 5 years.

34 Financial instruments - fair value measurements

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular the valuation techniques and inputs used).

financial assets and financial minutes are determined in parameter.

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

Notes to Financial Statements for the period ended 31 March 2024

35 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of borrowings, trade payables, other payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, other financial assets and cash and cash equivalents that arise directly from its operations.

The Company's activities expose it to market risk, liquidity risk, credit risk and interest rate risk.

(A) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments, including investments and deposits, payables and borrowings.

The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company.

The sources of risks which the Company is exposed to and their management is given below:

Risk	Exposure arising	Measurement	Management
	from		
Interest rate risk	Long term borrowings at variable rates	Sensitivity analysis, interest rate movements	Interest rate swaps and loan takeover
			for long term borrowings
			diversification
Credit risk	Trade receivables, derivative financial instruments	Ageing analysis, credit rating	Credit monitoring, credit limit and
			credit worthiness monitoring of the
			counter parties
Liquidity risk	Borrowings and other financial liabilities	Rolling cash flow forecasts	Borrowing facilities diversification

Details relating to the risks are provided here below:

(i) Foreign currency risk

Foreign exchange risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates to import of modules, wherever required.

The Company regularly evaluates exchange rate exposure arising from foreign currency transactions. The Company follows the established risk management policies. It uses derivative instruments like forward covers/swap to hedge exposure to foreign currency risk.

When a derivative is entered into for the purpose of hedge, the Company negotiates the terms of those derivatives to match the terms of the foreign currency exposure. The details of the foreign currency exposure and its carrying value are as follows:

Outstanding foreign currency exposure	As at 31 March 2024		As at 31 March 2023		
	USD	Rs. in Lakhs	USD	Rs. in Lakhs	
ECB	10,00,000	820.94	10,00,000	820.94	
Interest on Foreign Currency Loan	3%	3%	3%	3%	

Foreign currency sensitivity analysis

1% increase in foreign exchange rates will decrease profit before tax and decrease pre tax equity by Rs. 862.42 Lakhs (31 March 2023: Rs.820.94 lacs). If the rate is decreased by 1%, the profit before tax and pre tax equity will increase by an equal amount.

1% increase in Rs.	(820.94)	8.21	(820.94)	8.21	

(A) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in prevailing market interest rates. The Company's exposure to the risk due to changes in interest rates relates primarily to the Company's borrowings with floating interest rates. Interest rate sensitivity has been calculated assuming the borrowings outstanding at the reporting date have been outstanding for the entire reporting period. The Company constantly monitors the credit markets and revisits its financing strategies to achieve an optimal maturity profile and financing cost.

31 March 2024	1%	820.94	8.21
31 March 2023	1%	820.94	8.21

(B) Credit risk

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/investing activities, including deposits with banks and foreign exchange transactions.

The carrying amount of financial assets represents the maximum credit risk exposure.

a. Trade receivables

The Company has already evaluated the credit worthiness of its customers and did not find any credit risk related to trade receivables. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

Total trade receivables as on 31 March 2024 is Rs. 81.93 Lakhs.31 March 2023 was Rs. 32.86 Lakhs.

b. Cash and cash equivalents and bank deposits

Credit risk on cash and cash equivalents, deposits, is generally low as the Company has transacted with reputed banks.

(C) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The management is responsible for managing liquidity, funding as well as settlement. Further the management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details of financial liabilities further, based on contractual undiscounted payments.

^{*}The maturity profile of borrowings is as per the actual cash flows.

(D) Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide maximum returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued capital, securities premium and all other equity reserves attributable to the equity holders.

The Company monitors capital using debt to equity ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loan and borrowings, less cash and cash equivalents, excluding discontinued operations.

Summary of significant accounting policies

2.1 Basis of preparation of financial statements

The financial statements of the company have been prepared under historical cost convention on the accrual basis of accounting, are in accordance with the applicable requirements of the Companies Act 2013 and comply in all material aspects with the Indian Accounting Standards (hereinafter referred as to 'Ind. AS') as notified by ministry of corporate affairs in pursuant to section 133 of Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The accounting policies have been consistently applied unless otherwise stated. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Division II of Schedule III to the Act 2013. The Company considers 12 months to be its normal operating cycle for the purpose of current or non-current classification of assets and liabilities.

2.2 Summary of significant accounting policies

a. Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b. Property Plant & Equipment's

Tangible assets

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises of purchase price inclusive of taxes etc. up to the date the asset is ready for its intended use. Depreciation is provided under written down value method at the rates and in the manner prescribed under Schedule II to the Companies Act, 2013.

Intangible assets

Intangible assets are stated at cost, net of accumulated depreciation and impairment of losses, if any. Depreciation is provided under written down value method at the rate and in the manner prescribed under Schedule II to the companies Act, 2013. Currently company does not hold any intangible assets.

c. Depreciation/amortization

Tangible assets

Depreciation on fixed assets is calculated on a written down value method at based on the useful lives estimated by the management, or those prescribed under the Schedule II of the Companies Act, 2013.

Property, Plant & Equipment's	Life of Assets	
Office Equipment's	5 Years	
Motor Car	6 Years	
Furniture & Fixtures	10 Years	
Computers	3 Years	
Air Conditioner	5 Years	
Office At Vadgadi	30 Years	
Residential Flat	30 Years	

Depreciation method, useful life and residual value are reviewed periodically.

Leasehold land and improvements are amortised on the basis of duration and other terms of lease.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

De-recognition

PPE are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of de-recognition.

Intangible assets

Depreciation on Intangible assets is calculated on a written down value method at based on the useful lives estimated by the management, or those prescribed under the Schedule II of the Companies Act, 2013.

d. Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

e. Impairment of Non-financial assets

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). As a result, some assets are tested individually for impairment and some are tested at the cash generating unit level. All individual assets or cash generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

The carrying amounts of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external or internal factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price of assets

and their 'value in use' in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Life time ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of profit and loss. This amount is reflected under the head 'other expenses' in the Statement of profit and loss.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis

f. Impairment of financial assets

In accordance with Ind. AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on risk exposure arising from financial assets like debt instruments measured at amortised cost e.g., trade receivables and deposits.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables. The application of simplified approach does not require the Company to track changes Purchase price is assigned using a weighted average basis. Net realizable value is defined as anticipated selling price or anticipated revenue less cost to completion.

g. Investments

Investments are classified as current investments and long-term investments as per information and explanation given by the management.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at cost or FMV whichever is lower and Long-term investments are carried at FMV. FMV of Long-term Investment is determined by the management from the latest audited report of the Investment companies if it is not listed in Stock-Exchange of India. On disposal of an investment, the difference between it carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss. Investments transfer to holding company at cost gain or loss on said investment book by holding company.

h. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend Income

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Other Income

Other incomes are accounted on accrual basis, except interest on delayed payment by debtors and liquidated damages which are accounted on acceptance of the Company's claim.

i. Inventories

Inventories comprise of traded goods, are valued at cost or at net realisable value whichever is lower.

j. Accounting for taxes on income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Current and deferred tax shall be recognized as income and expenses and included in profit and loss for the period, except to the extent that the tax arises from (a) a transaction or event which is recognized in the same or a different period, outside profit or loss, either in other comprehensive Income or directly in equity or (b) a business combination. Deferred taxes recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purpose and corresponding amounts used for taxation purpose except to the extent it relates to business combination or to an item which is recognized directly in equity and in other comprehensive Income.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the assets can be utilized. A deferred tax asset shall be recognized for the carry-forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilized. Deferred tax assets are reviewed at each reporting date and Reduced to the extent that it is no longer probable that the related tax benefit will be Realize. A deferred tax liability is recognized based on the expected manner of realization or settlement of carrying amount of assets and liabilities

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a period is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax

Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

k. Employee benefits

(i) Defined contribution plans

Retirement benefits in the form of contribution to provident fund and pension fund are charged to the Statement of Profit and Loss.

(ii) Defined Benefit Plan

Gratuity is in the nature of a defined benefit plan. Provision for gratuity is calculated on the basis of actuarial valuations carried out at reporting date and is charged to the Statement of Profit and Loss. The actuarial valuation is computed using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

(iii) Superannuation

The company has not made any defined contribution to superannuation fund.

(iv) Compensated absences

Privilege leave entitlements are recognised as a liability as per the rules of the Company. The liability for accumulated leaves which can be availed and/or encashed at any time during the tenure of employment. The liability for accumulated leaves which is eligible for encashment within the same calendar year is provided for at prevailing salary rate for the entire unavailed leave balance as at the Balance Sheet date.

I. Foreign currency transactions

- i. Foreign currency transactions are recorded at exchange rates prevailing on the date of respective transactions.
- **ii.** Current assets and current liabilities in foreign currencies existing at balance sheet date are translated at year-end rates.

m. Provision

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

n. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

o. Measurement of EBITDA

As permitted by the Guidance Note on the Revised Schedule of the Companies Act, 2013, the company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the statement of profit and loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, finance costs and tax expenses.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below the key audit matter to be communicated in our report. We have fulfilled the responsibilities described in auditor's responsibilities for the audit of Ind AS section of our report, including relation to these matters.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report, Business Responsibility Report and Corporate Governance Report, but does not include the Consolidated financial statements, consolidated financial statements and our auditor's reports thereon.

- Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT'S FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial

position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group including its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding

of the assets of the Group and of its associates and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of the Group and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those respective Board of Directors of the companies included in the Group and of its associates and joint ventures are also responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

AUDITOR'S RESPONSIBILITY

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint ventures of which we are the independent auditors and whose financial information we have audited, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATOY REQUIREMENTS

- 1. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards (AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure -A'.
 - g) With respect to the matter to be included in the Auditor's Report under section 197(16), In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries:
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries: and
 - (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. No dividend have been declared or paid during the year by the company.

Report on the Internal Financial Controls Over Financials Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") of SVA India Limited

We have audited the internal financial controls over financial reporting of **SVA INDIA LIMITED** ("the Company") as of March 31, 2024 in conjunction it's our audit of the financial statements of the Company for the year ended and as at on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. The Guidance Note and those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

(a) Defined Contribution Plan:

An entity is not participating in any employer defined benefit plan that does not prepare plan valuations on an Ind AS 19 basis. Company not having employee who served from more than 5 years.

34 Financial instruments - fair value measurements

Some of the Company's financial assets and financial liabilities are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular the valuation techniques and inputs used).

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

35 Financial risk management objectives and policies

The Company's principal financial liabilities comprise of borrowings, trade payables, other payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables, other financial assets and cash and cash equivalents that arise directly from its operations.

The Company's activities expose it to market risk, liquidity risk, credit risk and interest rate risk.

(A) Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments, including investments and deposits, payables and borrowings.

The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Company.

The sources of risks which the Company is exposed to and their management is given below:

Risk	Exposure arising	Measurement	Management
	from		
Interest rate risk	Long term borrowings at variable rates	Sensitivity analysis, interest rate movements	Interest rate swaps and loan takeover
			for long term borrowings
			diversification
Credit risk	Trade receivables, derivative financial instruments	Ageing analysis, credit rating	Credit monitoring, credit limit and
			credit worthiness monitoring of the
			counter parties
Liquidity risk	Borrowings and other financial liabilities	Rolling cash flow forecasts	Borrowing facilities diversification

Details relating to the risks are provided here below:

(i) Foreign currency risk

Foreign exchange risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates to import of modules, wherever required.

The Company regularly evaluates exchange rate exposure arising from foreign currency transactions. The Company follows the established risk management policies. It uses derivative instruments like forward covers/swap to hedge exposure to foreign currency risk.

When a derivative is entered into for the purpose of hedge, the Company negotiates the terms of those derivatives to match the terms of the foreign currency exposure. The details of the foreign currency exposure and its carrying value are as follows:

Outstanding foreign currency exposure	As 31 Marc	***	As at 31 March 2023		
	USD	Rs. in Lakhs	USD	Rs. in Lakhs	
ECB	10,00,000	820.94	10,00,000	820.94

Foreign currency sensitivity analysis

1% increase in foreign exchange rates will decrease profit before tax and decrease pre tax equity by Rs. 862.42 Lakhs (31 March 2023: Rs.820.94 lacs). If the rate is decreased by 1%, the profit before tax and pre tax equity will increase by an equal amount.

1% increase in Rs.	(820.94)	8.21	(820.94)	8.21

(A) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in prevailing market interest rates. The Company's exposure to the risk due to changes in interest rates relates primarily to the Company's borrowings with floating interest rates. Interest rate sensitivity has been calculated assuming the borrowings outstanding at the reporting date have been outstanding for the entire reporting period. The Company constantly monitors the credit markets and revisits its financing strategies to achieve an optimal maturity profile and financing cost.

31 March 2024	1%	820.94	8.21
31 March 2023	1%	820.94	8.21

(B) Credit risk

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/investing activities, including deposits with banks and foreign exchange transactions.

The carrying amount of financial assets represents the maximum credit risk exposure.

a. Trade receivables

The Company has already evaluated the credit worthiness of its customers and did not find any credit risk related to trade receivables. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

Total trade receivables as on 31 March 2024 is Rs. 81.93 Lakhs.31 March 2023 was Rs. 32.86 Lakhs.

b. Cash and cash equivalents and bank deposits

Credit risk on cash and cash equivalents, deposits, is generally low as the Company has transacted with reputed banks.

(C) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The management is responsible for managing liquidity, funding as well as settlement. Further the management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details of financial liabilities further, based on contractual undiscounted payments.

(D) Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide maximum returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued capital, securities premium and all other equity reserves attributable to the equity holders.

The Company monitors capital using debt to equity ratio, which is net debt divided by total equity. The Company includes within net debt, interest bearing loan and borrowings, less cash and cash equivalents, excluding discontinued operations.

Summary of significant accounting policies

2.1 Basis of preparation of consolidated financial statements

The consolidated financial statements of the company have been prepared under historical cost convention on the accrual basis of accounting, are in accordance with the applicable requirements of the Companies Act 2013 and comply in all material aspects with the Indian Accounting Standards (hereinafter referred as to 'Ind. AS') as notified by ministry of corporate affairs in pursuant to section 133 of Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules 2016.

The accounting policies have been consistently applied unless otherwise stated. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Division II of Schedule III to the Act 2013. The Company considers 12 months to be its normal operating cycle for the purpose of current or non-current classification of assets and liabilities.

2.2 Summary of significant accounting policies

a. Use of estimates

The preparation of consolidated financial statements in conformity with Indian Accounting Standards requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

b. Property Plant & Equipment's

Tangible assets

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Cost comprises of purchase price inclusive of taxes etc. up to the date the asset is ready for its intended use. Depreciation is provided under written down value method at the rates and in the manner prescribed under Schedule II to the Companies Act, 2013.

Intangible assets

Intangible assets are stated at cost, net of accumulated depreciation and impairment of losses, if any. Depreciation is provided under written down value method at the rate and in the manner prescribed under Schedule II to the companies Act, 2013. Currently company does not hold any intangible assets.

c. Depreciation/amortization

Tangible assets

Depreciation on fixed assets is calculated on a method at based on the useful lives estimated by the management,.

Depreciation method, useful life and residual value are reviewed periodically.

Leasehold land and improvements are amortised on the basis of duration and other terms of lease.

The carrying amount of PPE is reviewed periodically for impairment based on internal / external factors. An impairment loss is recognised wherever the carrying amount of assets exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use.

De-recognition

PPE are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

Intangible assets

Depreciation on Intangible assets is calculated on a written down value method at based on the useful lives estimated by the management, or those prescribed under the Schedule II of the Companies Act, 2013.

d. Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

e. Impairment of Non-financial assets

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). As a result, some assets are tested individually for impairment and some are tested at the cash generating unit level. All individual assets or cash generating units are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

The carrying amounts of assets are reviewed at each balance sheet date to determine if there is any indication of impairment based on external or internal factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount which represents the greater of the net selling price of assets and their 'value in use'in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Life time ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of profit and loss. This amount is reflected under the head 'other expenses' in the Statement of profit and loss.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis

f. Impairment of financial assets

In accordance with Ind. AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on risk exposure arising from financial assets like debt instruments measured at amortised cost e.g., trade receivables and deposits.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables or contract revenue receivables. The application of simplified approach does not require the Company to track changes Purchase price is assigned using a weighted average basis. Net realizable value is defined as anticipated selling price or anticipated revenue less cost to completion.

g. Investments

Investments are classified as current investments and long-term investments as per information and explanation given by the management.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the consolidated financial statements at cost or FMV whichever is lower and Long-term investments are carried at FMV. FMV of Long-term Investment is determined by the management from the latest audited report of the Investment companies if it is not listed in Stock-Exchange of India. On disposal of an investment, the difference between it carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss. Investments transfer to holding company at cost gain or loss on said investment book by holding company.

h. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividend Income

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Other Income

Other incomes are accounted on accrual basis, except interest on delayed payment by debtors and liquidated damages which are accounted on acceptance of the Company's claim.

i. Inventories

Inventories comprise of traded goods, are valued at cost or at net realisable value whichever is lower.

j. Accounting for taxes on income

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Current and deferred tax shall be recognized as income and expenses and included in profit and loss for the period, except to the extent that the tax arises from (a) a transaction or event which is recognized in the same or a different period, outside profit or loss, either in other comprehensive Income or directly in equity or (b) a business combination. Deferred taxes recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purpose and corresponding amounts used for taxation purpose except to the extent it relates to business combination or to an item which is recognized directly in equity and in other comprehensive Income.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the assets can be utilized. A deferred tax asset shall be recognized for the carry-forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilized. Deferred tax assets are reviewed at each reporting date and Reduced to the extent that it is no longer probable that the related tax benefit will be Realize. A deferred tax liability is recognized based on the expected manner of realization or settlement of carrying amount of assets and liabilities

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum alternate tax (MAT) paid in a period is charged to the statement of profit and loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the period in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Group does not have convincing evidence that it will pay normal tax during the specified period.

k. Employee benefits

(i) Defined contribution plans

Retirement benefits in the form of contribution to provident fund and pension fund are charged to the Statement of Profit and Loss.

(ii) Defined Benefit Plan

Gratuity is in the nature of a defined benefit plan. Provision for gratuity is calculated on the basis of actuarial valuations carried out at reporting date and is charged to the Statement of Profit and Loss. The actuarial valuation is computed using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

(iii) Superannuation

The company has not made any defined contribution to superannuation fund.

(iv) Compensated absences

Privilege leave entitlements are recognised as a liability as per the rules of the Company. The liability for accumulated leaves which can be availed and/or encashed at any time during the tenure of employment. The liability for accumulated leaves which is eligible for encashment within the same calendar year is provided for at prevailing salary rate for the entire unavailed leave balance as at the Balance Sheet date.

I. Foreign currency transactions

- i. Foreign currency transactions are recorded at exchange rates prevailing on the date of respective transactions.
- **ii.** Current assets and current liabilities in foreign currencies existing at balance sheet date are translated at year-end rates.

m. Provision

A provision is recognized when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Where the company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

n. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

0.	Measurement of EBITDA As permitted by the Guidance Note on the Revised Schedule of the Companies Act, 2013, the company has elected to present earnings before interest, tax, depreciation and amortization (EBITDA) as a separate line item
	on the face of the statement of profit and loss. The company measures EBITDA on the basis of profit / (loss) from continuing operations. In its measurement, the company does not include depreciation and amortization expense, finance costs and tax expenses.
