Sub: Financial Results for the second quarter (Q2) and half year ended September 30, 2018

Dear Sir / Madam,

In compliance with Regulation 30 and 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are enclosing the following for the second quarter (Q2) and half year ended September 30, 2018.

- Audited consolidated financial results as per Ind AS;
- Audited standalone financial results as per Ind AS;
- Auditor's reports.

The above financial results have been reviewed by the Audit & Risk Management Committee in its meeting held on Wednesday, October 24, 2018 and based on its recommendation, approved by the Board of Directors in its meeting held on Wednesday, October 24, 2018. The Board Meeting commenced at 02:30 p.m. and concluded at 6 : 00 p.m.

Kindly take the same on record.

Thanking you,

Sincerely Yours,

For Bharti Infratel Limited

Samridhi Rodhe
Company Secretary

Encl: As above

INDEPENDENT AUDITORS' REPORT ON AUDIT OF INTERIM CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF BHARTI INFRATEL LIMITED

1. We have audited the accompanying Statement of Consolidated Financial Results of **Bharti Infratel Limited** ("the Company") and its subsidiary (the Company and its subsidiary together referred to as "the Group") and its share of the profit of its joint venture for the quarter and six months ended September 30, 2018 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.

This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been compiled from the related interim condensed consolidated financial statements which has been prepared in accordance with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express an opinion on the Statement based on our audit of such interim condensed consolidated financial statements.

2. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal financial controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in paragraph 4 below, is sufficient and appropriate to provide a basis for our audit opinion.

3. In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the report of the other auditor referred to in paragraph 4 below, the Statement:

- (i) includes the results of the following entities:
 - a. Bharti Infratel Limited (BIL) (Holding Company)
 - b. Smartx Services Limited (100% subsidiary of BIL)
 - c. Indus Towers Limited (Joint venture of BIL)
 - d. Bharti Infratel Employee Welfare Trust
- (ii) is presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016; and
- (iii) gives a true and fair view in conformity with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India of the consolidated net profit and total comprehensive income and other financial information of the Group for the quarter and six months ended September 30, 2018.

4. The consolidated financial results includes the Group's share of profit after tax of Rs.2,390 million and Rs.5,356 million and total comprehensive income of Rs.2,388 million and Rs.5,354 million for the quarter and six months ended September 30, 2018, as considered in the consolidated financial results, in respect of Indus Towers Limited, joint venture whose interim financial statements have not been audited by us. These interim financial statements have been audited by other auditor whose report have been furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of the joint venture, is based solely on the report of the other auditor.

Our opinion on the Statement is not modified in respect of the above matter with respect to our reliance on the work done and the report of the other auditor.

Notes to accounts

- The above financial results for the quarter and half year ended September 30, 2018 have been reviewed by the Audit Committee in its meeting held on October 24, 2018 and approved by the Board of Directors in its meeting held on October 24, 2018.
- The above financial results is extracted from the audited interim condensed consolidated financial statements of the Company, which are prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued there under. The interim consolidated financial results represent results of the Company, its subsidiary (Smartx Services Limited), its controlled trust (Bharti Infratel Employee Welfare Trust) and its share in Joint Venture Company (Indus Towers Limited) prepared as per Ind AS 110 on consolidated financial statements, Ind AS 111 on joint arrangements and Ind AS 28 on Investment in associates and joint venture.
- Bharti Infratel Employee Welfare Trust [a trust set up for administration of Employee Stock Option Plan ('ESOP') of the Company] had acquired 1,652,000 equity shares of the Company from the open market at an average price of ₹ 377.72 per share. During the quarter ended September 30, 2018, 39,442 equity shares of ₹ 10 each and 10,619 equity shares of ₹ 109.67 each have been transferred to employees upon exercise of stock options. As of September 30, 2018, Bharti Infratel Employee Welfare Trust ('the Trust') holds 683,732 shares (of Face Value of ₹ 10 each) (March 31, 2018- 762,110 shares) of the Company.

4. The Company has also opted to publish the consolidated financial results. Standalone results are available on the Company's website www.bharti-infratel.com. Key numbers of Standalone Financial Results of the Company are as under:

S.No	Particulars	Quarter ended			Half Year Ended		Year Ended

6. The Consolidated segment information has been prepared in line with the review of operating results by the chief operating decision maker (CODM) which includes review of the results of the joint venture on proportionate consolidation basis. The results of the joint venture which were hitherto consolidated and/or accounted under proportionate consolidation method under the previous GAAP but have now been accounted for under equity method of accounting under Ind AS. The Company, however, considers joint venture as "Operating Segment" as defined under Ind AS 108 based on review by CODM and accordingly presented segment information for two segments i.e. Infratel (including subsidiaries) and Indus (proportionate share). The total segment revenue and segment results have also been reconciled with the amount reported in the financial results.

7. Aircel was one of the leading customer of the Company. During the year ended March 31, 2018, Aircel filed for bankruptcy with NCLT. Pursuant to the same, the Company assessed the recoverability of dues and has taken a charge of ₹ 260 Mn during the quarter ended March 31, 2018 as an exceptional item.
8. Effective April 1, 2018, the Group adopted Ind AS 115 "Revenue from Contracts with Customers" and there was no impact on adoption of Ind AS 115 on the financial results of the Group.
9. On April 23, 2018, the Board of Directors had proposed a final dividend of ₹ 14 per equity share to all the existing shareholders for the year ended March 31, 2018 which has been approved by the shareholders in the annual general meeting dated July 24, 2018 and paid during the quarter.
10. During the half year ended September 30, 2018, Bharti Infratel Limited and Indus Towers Limited have entered into a proposed scheme ("Scheme") of amalgamation and arrangement (under section 230 to 232 and other applicable provisions of the Companies Act, 2013) to create a pan-India tower company operating across all 22 telecom service areas. The combined company, which will fully own the respective businesses of Bharti Infratel and Indus Towers, will change its name to Indus Towers Limited and will continue to be listed on the Indian Stock Exchanges. The scheme will be accounted for on receipt of regulatory and other approvals. The Scheme of arrangement has received approval from Competition Commission of India and no objection from the SEBI through BSE Limited and National Stock Exchange of India Limited. During the quarter ended September 30, 2018, the Company has filed the first motion application with National Company Law Tribunal (NCLT) Chandigarh bench for its approval and Department of Telecommunications for FDI approval.
11. The Board of Directors has declared an interim dividend of ₹ 7.50 per equity share in its meeting held on October 24, 2018 for the period ended September 30, 2018.

**INDEPENDENT AUDITOR'S REPORT ON AUDIT OF INTERIM STANDALONE
FINANCIAL RESULTS**

TO THE BOARD OF DIRECTORS OF BHARTI INFRATEL LIMITED

1. We have audited the accompanying Statement of Standalone Financial Results of **Bharti Infratel Limited** ("the Company") for the quarter and six months ended September 30, 2018 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.

This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been compiled from the related interim condensed standalone financial statements which has been prepared in accordance with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express an opinion on the Statement based on our audit of such interim condensed standalone financial statements.

2. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation and fair presentation of the Statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal financial control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the Statement.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

**Deloitte
Haskins & Sells LLP**

3. In our opinion and to the best of our information and according to the explanations given to us, the Statement:
- a. is presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as modified by Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016; and
 - b. gives a true and fair view in conformity with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India of the profit, total comprehensive income and other financial information of the Company for the quarter and six months ended September 30, 2018.

Notes to accounts

- The above financial results for the quarter and half year ended September 30, 2018 have been reviewed by the Audit Committee in its meeting held on October 24, 2018 and approved by the Board of Directors in its meeting held on October 24, 2018.
- The above financial results are extracted from the audited interim condensed standalone financial statements of the Company which have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and the other accounting principles generally accepted in India.

3. Bharti Infratel Employee's Welfare Trust [a trust set up for administration of Employee Stock Option Plan ('ESOP') of the Company] had acquired 1,652,000 equity shares of the Company from the open market at an average price of ₹ 377.72 per share. During the quarter ended September 30, 2018, 39,442 equity shares of ₹ 10 each and 10,619 equity shares of ₹ 109.67 each have been transferred to employees upon exercise of stock options. As of September 30, 2018, Bharti Infratel Employee's Welfare Trust ('the Trust') holds 683,732 shares (of Face Value of ₹ 10 each) (March 31, 2018- 762,110 shares) of the Company.
4. The Company was set-up with the object of, inter alia, establishing, operating and maintaining wireless communication towers. This is the only activity performed and is thus also the main source of risks and returns. The Company's segments as reviewed by the Chief Operating Decision Maker (CODM) does not result in to identification of different ways / sources into which they see the performance of the Company. Accordingly, the Company has a single reportable segment. Further, as the Company does not operate in more than one geographical segment, hence, the relevant disclosures as per Ind AS 108 – operating segments are not applicable to the Company on a standalone basis.
5. Aircel was one of the leading customer of the Company. During the year ended March 31, 2018, Aircel filed for bankruptcy with NCLT. Pursuant to the same, the Company assessed the recoverability of dues and has taken a charge of ₹ 260 Mn during quarter ended March'18 as an exceptional item.
6. Effective April 1, 2018 the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" and there was no impact on adoption of Ind AS 115 on the financial results of the Company.
7. Statement of Assets and Liabilities is as follows:

8. On April 23, 2018 the Board of Directors had proposed a final dividend of ₹ 14 per equity share to all the existing shareholders for the year ended March 31, 2018 which has been approved by the shareholders in the annual general meeting dated July 24, 2018 and paid during the quarter.
9. During the half year ended September 30, 2018, Bharti Infratel Limited and Indus Towers Limited have entered into a proposed scheme ('Scheme') of amalgamation and arrangement (under section 230 to 232 and other applicable provisions of the Companies Act, 2013) to create a pan-India tower company operating across all 22 telecom service areas. The combined company, which will fully own the respective businesses of Bharti Infratel and Indus Towers, will change its name to Indus Towers Limited and will continue to be listed on the Indian Stock Exchanges. The scheme will be accounted for on receipt of regulatory and other approvals. The Scheme of arrangement has received approval from Competition Commission of India and No Objection from the SEBI through BSE Limited and National Stock Exchange of India Limited. During the quarter ended September 30, 2018, the Company has filed the 1st motion application with National Company Law Tribunal (NCLT) Chandigarh bench for its approval and Department of Telecommunications for FDI approval
10. The Board of Directors has declared an interim dividend of ₹ 7.50 per equity share in its meeting held on October 24, 2018 for the period ended September 30, 2018.

Sub: Declaration of Interim Dividend and Record Date

Dear Sir / Madam,

Pursuant to Regulation 30 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), we are pleased to inform you that the Board of Directors ('Board') of the Company at its meeting held today i.e. October 24, 2018 (commenced at 02:30 p.m. and concluded at 6:00 p.m.) has declared an interim dividend of Rs. 7.50/- (Rupees Seven and Fifty Paise only) per equity share of Rs. 10/- each for the financial year 2018-19.

Also in terms of Regulation 42 of the Listing Regulations, the Board has fixed Saturday, November 3, 2018, as the '**Record Date**' for the purpose of ascertaining the eligibility of shareholders for the payment of interim dividend.

The payment of interim dividend/dispatch of dividend warrants will be done on or before November 23, 2018.

Kindly take the above information on record.

Thanking you,

Yours Sincerely,
For Bharti Infratel Limited

Bharti Infratel Limited

Bharti Infratel announces Consolidated results for the second quarter and half year ended September 30, 2018

Consolidated Revenues for the quarter at Rs. 3,668 Crore

Consolidated EBITDA for the quarter at Rs. 1,506 Crore

Consolidated Net Profit at Rs. 600 Crore

Highlights for the second quarter ended September 30, 2018

- Consolidated Revenues at Rs. 3,668 Crore (up 1% Y-o-Y)
- Consolidated EBITDA at Rs. 1,506 Crore (down 8% Y-o-Y)
- Consolidated Net Profit at Rs. 600 Crore (down 6% Y-o-Y)

New Delhi, India, October 24, 2018: Bharti Infratel Limited (“Bharti Infratel” or “the Company”) today announced its audited Consolidated Proforma results for the second quarter ended September 30, 2018 (see note).

With merger of Vodafone & Idea and resultant major co-location exits, the uncertainty in terms of reduction in co-locations is now behind us.

The Consolidated revenues for the quarter was Rs. 3,668 Crore. Consolidated EBITDA was at Rs. 1,506 Crore, representing an operating margin of 41.1%. The Operating Free Cash Flow was at Rs. 998 Crore for the quarter. The net profit for the quarter was Rs. 600 Crore.

The Board of Directors in its meeting held on 24th October 2018 declared an interim dividend of Rs 7.50 per equity share of Rs 10 each for financial year 2018-19.

Akhil Gupta, Chairman, Bharti Infratel Limited, said:

“The quarter witnessed much anticipated major exits of nearly 55,000 co-locations at Infratel and Indus due to consolidation and merger of operators, particularly merger of Vodafone & Idea. With these, the uncertainties in this respect are broadly addressed. The Indian Telecom industry is now embarking on the next phase of rollouts. We remain confident of India’s long-term growth potential for telecom sector driven by rising data demand, introduction of new technologies, availability of cheaper handsets and rich content availability to the customers. This would necessitate rapid network rollouts. With our nationwide coverage and strong operational performance, we believe we will continue to be the partner of choice for all operators for their passive infrastructure requirements.”

Summary of the Consolidated Statement of Income – Represents Proforma Consolidated Statement of Income as per IND AS.

(Amount in Rs. Crore, except ratios)

Particulars	Quarter Ended			Half Year Ended

1. Represents the sum of the numbers of towers (and the co-locations thereof) owned and operated by Bharti Infratel and 42% of the number of towers (and the co-locations thereof) owned & operated by Indus Towers.

2. The Company during the quarter has reported co-locations reduction of 27,769 basis exit notices received. However as at Sep 18, there are cumulative 4,225 co-locations for which though the exit notices have been received but actual exits have not happened.

Note : Proforma consolidated financial results presented in the Release are based on audited results of the company & its associate JV, Indus Towers Ltd as per IND AS and include its proportionate share of 42% in Indus Towers, consolidated on line by line basis.

About Bharti Infratel Limited

Bharti Infratel is India's leading provider of tower and related infrastructure and it deploys, owns and manages telecom towers and communication structures, for various mobile operators. The Company's consolidated portfolio of over 92,000 telecom towers, which includes over 39,000 of its own towers and the balance from its 42% equity interest in Indus Towers, makes it one of the largest tower infrastructure providers in the country with presence in all 22 telecom circles. The three leading wireless telecommunications service providers in India by revenue - Bharti Airtel, Vodafone and Idea Cellular - are the largest customers of Bharti Infratel. The Company has been the industry pioneer in adopting green energy initiatives for its operations. For further details visit www.bharti-infratel.com

Supplemental Disclosures

Safe Harbor: - Some information in this report may contain forward-looking statements. We have based these forward-looking statements on our current beliefs, expectations and intentions as to facts, actions and events that will or may occur in the future. Such statements generally are identified by forward-looking words such as “believe,” “plan,” “anticipate,” “continue,” “estimate,” “expect,” “may,” “will” or other similar words.

A forward-looking statement may include a statement of the assumptions or basis underlying the forward-looking statement. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution you that forward-looking statements and assumed facts or bases almost always vary from actual results, and the differences between the results implied by the forward-looking statements and assumed facts or bases and actual results can be material, depending on the circumstances. You should also keep in mind that any forward-looking statement made by us in this report or elsewhere speaks only as of the date on which we made it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. We have no duty to, and do not intend to, update or revise the forward-looking statements in this report after the date hereof. In light of these risks and uncertainties, any forward-looking statement made in this report or elsewhere may or may not occur and has to be understood and read along with this supplemental disclosure.

General Risk: - Investment in equity and equity related securities involves a degree of risk and investors should not invest any funds in this Company without necessary diligence and relying on their own examination of Bharti Infratel Limited; along with the equity investment risk which doesn't guarantee capital protection.

Use of Certain Non GAAP measures: - This result announcement contains certain information on the Company's results of operations and cash flows that have been derived from amounts calculated in accordance with Indian Accounting Standards (IND AS) i.e. Non-GAAP measures. They should not be viewed in isolation as alternatives to the equivalent IND AS measures and should be read in conjunction with the equivalent IND AS measures.

Further disclosures are also provided under “Use of Non – GAAP financial information” on page 24

Others: In this report, the term “Bharti Infratel” or “Infratel” or “the Company” refers to Bharti Infratel Limited, whereas references to “we”, “us”, “our”, “the Group” and other similar terms, unless otherwise specified or the context otherwise implies, refer to Bharti Infratel Limited taken together with Bharti Infratel's 42% equity interest in Indus Towers Limited.

With effect from January 2015, Bharti Infratel Employee Welfare Trust (incorporated for allotment of shares to employees as part of Employee Stock Option Plan) has been included as part of the group. With effect from September 2015, Smartx Services Ltd (incorporated on September 21, 2015 as a wholly owned subsidiary) has been included as a part of the group.

Disclaimer: - This communication does not constitute an offer of securities for sale in the United States. Securities may not be sold in the United States absent registration or an exemption from registration under the U.S. Securities Act of 1933, as amended. Any public offering of securities to be made in the United States will be made by means of a prospectus and will contain detailed information about the Company and its management, as well as financial statements.

2. EBITDA, EBIT and Net profit margin have been computed on revenue excluding other income.

3. Previous periods' figures have been regrouped/ rearranged wherever necessary to confirm to current period classifications

4. The Company has adopted IND AS w.e.f. April 1, 2016 with transition date being April 1, 2015 in accordance with the requirements under Section 133 of the Companies Act, 2013. Accordingly, the consolidated financial statements under IND AS include the share of Joint-Venture on the basis of Equity Method of accounting.

In the past, we have been presenting our consolidated financial results based on proportionate consolidation method as required under previous GAAP. In order to ensure continuity of comparison after introduction of IND AS, we have disclosed the above Proforma consolidated financials based on segment information in the audited consolidated financial statement of IND AS and underlying information.

5. Consolidated Operating Highlights for Quarter ended Sep 2018- The Company during the quarter has reported co-locations reduction of 27,769 basis exit notices received. However as at Sep 18, there are cumulative 4,225 co-locations for which though the exit notices have been received but actual exits have not happened.

Section 2

AN OVERVIEW

2.1 Industry Overview

The Indian telecommunications industry is one of the most competitive globally. The focus of Indian operators in the last ten years or so has been to develop an affordable mass market telecommunications service model which allows for service availability across India's urban and rural areas at affordable prices. A strong focus on optimization of operational expenses through the outsourcing of non-core areas, process innovation, cost-to-serve alignment and strategic partnerships has also resulted in steady growth of the Tower Industry. Today, all operators prefer to lease towers from tower companies rather than build them for captive use.

Infrastructure sharing is effective in optimizing the utilization of available resources and helps to bring down the cost of providing telecommunications services. With the reduction in overall tariffs and restrictions placed by various local regulatory bodies on the installation of telecom towers, infrastructure sharing amongst service providers has become the norm rather than the exception in the Indian telecommunications industry.

Tower companies provide the entire range of tower infrastructure that is required by wireless telecommunications service providers to offer mobile telephony services to their subscribers. Tower infrastructure refers to equipments such as towers, shelters, power regulation equipment, battery banks, diesel generator sets ("DG sets"), air conditioners, fire extinguishers and a security cabin, required at a site where such towers are installed. There are generally two types of towers – Ground Based Towers ("GBTs") and Roof Top Towers ("RTTs").

GBT-WITH INDOOR BTS

GBT-WITH OUTDOOR BTS

RTT-WITH INDOOR BTS

Average specifications for GBT and RTT are summarized in the following table:

	GBT	RTT
Space Requirement	4,000 Sq. Ft.	Roof Top
Height (m)	40-60	14-20
Occupancy Capacity	3-5 co-location	2-3 co-location

There are two kinds of infrastructure that constitute a telecom tower:

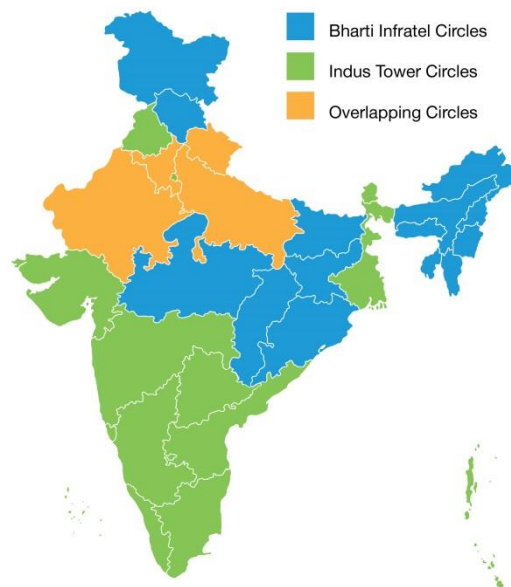

- Active Infrastructure: Radio antenna, BTS/cell site, cables etc that are owned and supplied by telecom operators
- Tower Infrastructure: Steel tower, shelter room, DG set, Power regulation equipment, Battery bank, security cabin etc. that supports active infrastructure.

2.2 Company Overview

Bharti Infratel is a provider of tower and related infrastructure sharing services. On a consolidated basis, we are one of the largest PAN India tower infrastructure providers, based on the number of towers owned and operated by Bharti Infratel and Indus, that are represented by Bharti Infratel's 42% equity interest in Indus. The business of Bharti Infratel and Indus is to acquire, build, own and operate tower and related infrastructure. Bharti Infratel and Indus provide access to their towers primarily to wireless telecommunications service providers on a shared basis, under long-term contracts. Bharti Infratel's and Indus's three largest customers are Bharti Airtel (together with Bharti Hexacom), Vodafone India and Idea Cellular, which are the three leading wireless telecommunications service providers in India by wireless revenue.

We have a nationwide presence with operations in all 22 telecommunications Circles in India, with Bharti Infratel and Indus having operations in 4 overlapping Circles.

As of September 30, 2018, Bharti Infratel owned and operated 39,946 towers with 78,275 co-locations in 11 telecommunications Circles while Indus operated 124,230 towers with 229,136 co-locations in 15 telecommunications Circles. With Bharti Infratel's towers and Bharti Infratel's 42% interest in Indus, we have an economic interest in the equivalent of 92,123 towers and 174,512 co-locations in India as of September 30, 2018.

We have entered into MSAs with our customers. The MSAs are long-term contracts which set out the terms on which access is provided to Bharti Infratel's and Indus's towers, with all service providers being offered substantially the same terms and receiving equal treatment at towers where they have installed their active infrastructure. Under the MSAs, Bharti Infratel and Indus enter into service contracts in respect of individual towers. The MSAs and service contracts govern Bharti Infratel's and Indus's relationship with their customers; the services provided, the applicable charges and incorporate annual escalation clauses in respect of the applicable charges. This provides stability to our business and provides visibility with regard to future revenues.

Relationship with Indus

In order to capitalize on the opportunities for tower sharing in the Indian telecommunications market, Bharti Airtel, Bharti Infratel, Vodafone India and Idea Cellular agreed to establish Indus as an independently managed joint venture that provides non-discriminatory shared tower services to all wireless telecommunications service providers. In furtherance of this joint venture, the parties also agreed to contribute certain identified towers to Indus and to use the services of Indus in the first instance for any new rollout of telecommunications towers or co-locations in 15 telecommunications circles. In this context, Indus was incorporated in November 2007 and Bharti Airtel, Bharti Infratel, Vodafone India (certain of its subsidiaries), Idea Cellular and Idea Cellular Infrastructure entered into the Indus Share Holders Agreement (SHA) to govern their relationship with respect to Indus and its day-to-day operations and

the Framework Agreement, which sets out among other things, the basis on which towers were to be contributed to Indus by the respective parties. In accordance with the Framework Agreement, Bharti Infratel, Vodafone India and Aditya Birla Telecom hold a 42%, 42% and 16% shareholding interest in Indus, respectively. During the quarter ended March' 2017, Aditya Birla Telecom transferred 4.85% of its stake in Indus to P5 Asia Holding Investment (Mauritius) Limited. As on 30th September 2018, Bharti Infratel, Vodafone India and Aditya Birla Telecom hold shareholding interest of 42%, 42% and 11.15% respectively in Indus.

The Indus SHA provides that Indus cannot carry on business in the seven telecommunications Circles in which Bharti Infratel currently operates exclusive of Indus. Similarly, subject to certain exceptions, the joint venture partners are not permitted to, among other things (a) compete with the business of Indus in the 15 specified telecommunications Circles that Indus currently operates in, (b) develop, construct or acquire any tower in the 15 specified telecommunications Circles that Indus currently operates in and (c) directly or indirectly procure orders from or do business with any entity that has been a customer of Indus during the previous two year period in competition with the business of Indus in the 15 specified telecommunications Circles that Indus currently operates in.

On the basis of the relationship as described above, Bharti Infratel and Indus do not compete with each other in any telecommunications Circle, they do not have any conflicts of interest in this regard and are able to work closely with each other and benefit from the synergies generated by the nationwide coverage and large scale of their operations.

Market Share

As per a recent report 'Indian Tower Industry: The Future is Data – June 2015' by Deloitte, Bharti Infratel and Indus Towers together have a market share of 40.8% and 48.6% for towers and co-locations respectively. The data set includes own built towers of operators.

Share of Towers

Share of Co-locations

Future visibility on revenues & cash flows

Bharti Infratel has assured future revenues and cash flows because of the following key competitive strengths:

- A leading telecommunications infrastructure operator in India, with large scale, nationwide operations in an industry with entry barriers.
- Extensive presence in all telecommunications Circles with high growth potential
- Long term contracts with leading wireless telecommunications service providers in India, providing visibility on future revenues.

On a consolidated basis, the estimated weighted average remaining life of service contracts, entered into with telecommunications service providers, as on September 30, 2018 is 5.15 Years.

- Comprehensive deployment and operational experience supported by well-developed processes, systems and IT infrastructure.

Alternate Energy and Energy Conservation Measures

Bharti Infratel believes that a healthy environment is a prerequisite for progress, contributing to the well-being of society, our people and our business, and serving as the foundation for a sustainable and strong economy. In line with the vision of being known for Environmental Friendliness, the Company continues to deploy people, ideas and capital to help find effective solutions to environmental issues.

Bharti Infratel has initiated Green Towers P7 program based on seven ideas aimed at minimizing dependency on diesel and, thereby, carbon footprint reduction. This program promotes (a) improving energy efficiency of tower infrastructure equipment, (b) use of renewable

energy resources, and (c) reduction of equipment load on tower infrastructure equipment.

Some of the key initiatives taken so far are:

- Solar Photovoltaic (PV) Solutions: As of September 30, 2018, we operate ~3,000 solar-powered sites across the network on a consolidated basis, which helps in reducing noise and emissions from DG sets and also in reducing dependency on diesel, thereby contributing towards better energy security. The Company is working towards scaling up the solar installations across the network.

Further, we are partnering with Renewable Energy Service Companies in our efforts towards powering our towers using renewable energy along with community power development, in rural areas.

- Adoption of Integrated Power Management Solutions (IPMS) and Plug and Play Cabinets (PPC) as part of standard configuration for new tower deployment to ensure effective utilization of grid power supply on the towers.
- Comprehensive program to ensure zero diesel consumption at our tower sites. On a consolidated basis, over 39,000 towers across our network are green.

We believe that these renewable energy initiatives, energy efficiency measures and load optimization methods will continue to have long-term benefits to our business, securing us against rising power and fuel costs as well as reducing the environmental impact of our operations.

For Operating highlights and details refer Page no. 14

Section 3

PROFORMA FINANCIAL HIGHLIGHTS

The proforma audited financial results presented in this section are prepared as per proportionate consolidation method based on segment information in the audited consolidated financial statement of IND AS and underlying information.

Detailed financial statements, analysis & other related information is attached to this report (Page 21). Also, kindly refer to section 7.3 – use of Non GAAP financial information (Page 24) and Glossary (Page 54) for detailed definitions.

Personnel Cost per Employee per month	Rs	182,810	181,891	0.5%	182,541	0.1%
Revenue per Employee per month	Rs	5,487,737	5,436,761	0.9%	5,272,735	4.1%

1.Total On Roll Employees include proportionate consolidation of 42% of Indus Towers Employees.

4.2.2 Bharti Infratel Standalone

Parameters	Unit	Sep 30, 2018	June 30, 2018	Q-on-Q Growth	Sep 30, 2017	Y-on-Y Growth
Total On Roll Employees	Nos	1,241	1,238	3	1,243	(2)
Number of Towers per Employee	Nos	32	32	0.3%	32	1.9%
Personnel Cost per Employee per month	Rs	195,509	198,981	-1.7%	198,496	-1.5%
Revenue per Employee per month	Rs	4,623,101	4,546,795	1.7%	4,452,592	3.8%

4.2.3 Indus Towers

Parameters	Unit	Sep 30, 2018	June 30, 2018	Q-on-Q Growth	Sep 30, 2017	Y-on-Y Growth
Total On Roll Employees	Nos	2,342	2,366	(24)	2,486	(144)
Number of Towers per Employee	Nos	53	52	1.3%	50	7.1%
Personnel Cost per Employee per month	Rs	166,889	160,844	3.8%	163,955	1.8%
Revenue per Employee per month	Rs	6,571,725	6,531,518	0.6%	6,228,117	5.5%

Note: Indus operates on outsourced operations & maintenance model in certain geographical territories wherein the associated personnel cost is recorded as part of repair & maintenance and other expenses. Hence, the related human resources key performance indicators are not strictly comparable between Bharti Infratel Standalone and Indus.

4.3 Residual Lease Period and Future Minimum Lease Receivable

4.3.1 Bharti Infratel Consolidated

Parameters	Unit	Sep 30, 2018
Average Residual Service Contract Period	Yrs.	5.15
Minimum Lease Payment Receivable	Rs. Mn	430,288

Section 5

MANAGEMENT DISCUSSION AND ANALYSIS

5.1 Key Industry Developments

1. Bharti Airtel update

As per company filing, Bharti Airtel's shareholders have approved the proposed merger between the company and Tata Teleservices as part of ongoing proceedings at the National Company Law Tribunal (NCLT).

2. Vodafone – Idea update

The merger of Idea Cellular and Vodafone India has been completed. This is pursuant to filing of the NCLT orders with RoC on 31st August 2018.

As per company filings, the Board of Directors of Vodafone Idea Limited (VIL) has considered and approved a scheme of amalgamation of Aditya Birla Telecom Limited (ABTL), a wholly-owned subsidiary, with the company. Through this scheme (once approved by NCLT), Vodafone Idea will directly have shareholding in Indus Towers.

3. Reliance Jio – Reliance Communications update

Reliance Communications has announced the completion of the sale of its telecom assets, Media Convergence Nodes and related assets to Reliance Jio.

As per media reports, company had announced during Annual General Meeting (AGM) that Reliance Communications will be completely exiting the telecom business to concentrate on real estate in future.

4. National Digital Policy

Department of Telecommunications (DoT) has released the "National Digital Communications Policy 2018" (NDCP-2018). The NDCP-2018 envisions offering of active infrastructure by IP1 players, 5G networks, designating telecom infrastructure the status of critical and essential infrastructure, Fibre First Initiative and generating awareness around EMF emissions among other key points. Further, the policy also focuses to optimally price spectrum, reviews levies such as license fee and spectrum usage charges (SUC) as well as Merger & Acquisition (M&A) rules to ease exits and fresh approach at spectrum sharing & trading guidelines.

5.2 Key Company Developments

1. Reappointment of Chairman

In the recent AGM conducted by the company, the shareholders have reappointed Mr. Akhil Kumar Gupta as the Executive Chairman of the company, not liable to retire by rotation, for a further term of five years with effect from August 1, 2018.

2. Vodafone-Idea merger impact

As already announced during the quarter, subsequent to Vodafone-Idea merger, both Bharti Infratel and Indus Towers have received exit notices resulting in exit of 27,447 co-locations (13.7% of the total consolidated tenancies as on 30th June 2018) on a consolidated basis.

3. Interim Dividend

The Board of Directors in its meeting held on 24th October 2018 declared an interim dividend of Rs 7.50 per equity share of Rs 10 each for financial year 2018-19.

5.2 Results of Operations

The proforma financial results presented in this section are prepared as per proportionate consolidation method based on segment information in the audited consolidated financial statement of IND AS and underlying information.

Key Highlights – For the quarter ended September 30, 2018

- Consolidated tower base at 92,123
- Consolidated co-locations at 174,512
- Consolidated Revenues at Rs. 36,683 Mn
- Consolidated EBITDA at Rs. 15,060 Mn
- Consolidated Profit before tax at Rs. 9,881 Mn
- Operating Free Cash Flow (OFCF) at Rs. 9,983 Mn
- Adjusted Fund from Operations (AFFO) at Rs. 13,738 Mn

5.3.1 Financial & Operational Performance

Bharti Infratel Consolidated

Quarter Ended September 30, 2018

Tower and Co-Location base & additions

As of September 30, 2018, Bharti Infratel owned and operated 39,946 towers with 78,275 co-locations in 11 telecommunication Circles while Indus operated 124,230 towers with 229,136 co-locations in 15 telecommunication Circles. With Bharti Infratel's towers and Bharti Infratel's 42% interest in Indus, we have an economic interest in the equivalent of 92,123 towers and 174,512 co-locations in India as of September 30, 2018.

Net co-locations reduced during the quarter by 26,266 on consolidated basis and 7,778 on standalone basis. Net co-locations reduced during the quarter has impact of exits of 27,769 on consolidated basis and 8,215 on standalone basis. There are 4,225 co-locations on consolidated basis for which actual exits have not happened as at quarter end.

For the quarter ended Sep 30, 2018, Bharti Infratel and Indus had average sharing factors of 2.06 and 2.02 per tower respectively.

Revenues¹ from Operations

Our consolidated revenue comprises of primarily revenues from co-locations of Bharti Infratel and 42% economic interest in Indus and their energy billings. Our consolidated revenue from operations for the quarter ended Sep 30, 2018 was Rs 36,683 million.

Operating Expenses

Our consolidated total expenses for the quarter ended Sep 30, 2018 were Rs 21,623 million, or 58.9% of our consolidated revenues from operations. The largest component of our consolidated expenses during this period was power and fuel, amounting to Rs 14,367

million. The other key expenses incurred by us during the quarter ended Sep 30, 2018 were rent of Rs 3,168 million, repair & maintenance (operations and maintenance costs of the network) of Rs 2,139 million and employee benefits expenses of Rs. 1,222 million.

EBITDA¹, EBIT¹ & Finance Cost

For the quarter ended Sep 30, 2018, the Group had an EBITDA of Rs 15,060 million and EBITDA margin of 41.1%.

During the quarter ended Sep 30, 2018, the Group had depreciation and amortization expenses of Rs 5,625 million or 15% of our consolidated revenues. The resultant EBIT for the quarter ended Sep 30, 2018 was Rs 9,239 million. The net finance income for the quarter ended Sep 30 2018 was Rs 442 million.

Exceptional items

During the quarter ended 30 September 2018 exceptional item consists of provision made for disputed electricity arrears for Rs 357 Mn pertaining to Indus at 42% share. The Company has considered this event as a significant non-routine transaction.

Profit before Tax (PBT)

Our consolidated profit before tax for the quarter ended Sep 30, 2018 was Rs 9,881 million, or 27% of our consolidated revenues.

Profit after Tax (PAT)

The net income for the quarter ended Sep 30, 2018 was Rs 5,998 million or 16.4% of our consolidated revenues. Our consolidated total tax expense (net of tax effect of long term capital gains / loss) for the quarter ended Sep 30, 2018 was Rs 3,883 million, or 10.6% of our consolidated revenues.

Capital Expenditure, Operating Free Cash Flow¹ & Adjusted Fund from Operations (AFFO)¹

For the quarter ended Sep 30, 2018, the Group incurred capital expenditure of Rs 4,972 million. The Operating free cash flow during the quarter was Rs 9,983 million.

The Adjusted Fund from Operations (AFFO) during the quarter was Rs 13,738 million.

1. Revenue, EBITDA, EBIT, Operating free cash flow & AFFO are excluding other income.

Return on Capital Employed (ROCE)

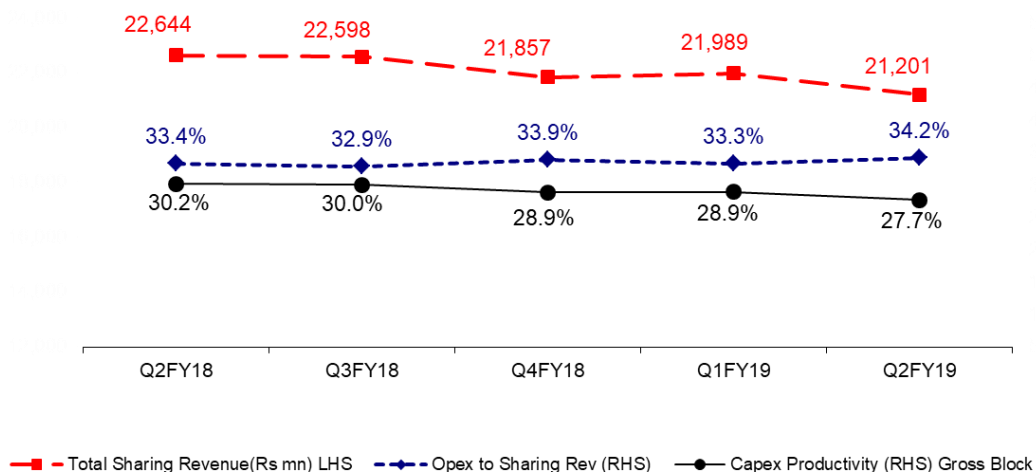

ROCE as at the period ended Sep 30, 2018 stands at 34.1%.

5.3 Bharti Infratel Consolidated Three Line Graph

The Group tracks its performance on a three-line graph.

Given below are the graphs for the last five quarters of the Group:

5.4.1 Bharti Infratel Consolidated

The parameters considered for the three-line graph are:

1. **Total Sharing revenue** - i.e. service revenue accrued during the respective period
2. **Opex Productivity** – is calculated as operating expenses other than power and fuel expense divided by total sharing revenues for the respective period.

This ratio depicts the operational efficiencies in the Group.

3. **Capex Productivity** – this is computed by dividing sharing revenue accrued for the quarter (annualized) by average gross cumulative investments (gross fixed assets and capital work in progress) as at the end of respective period. This ratio depicts the asset productivity of the Group.

7.3 Use of Non - GAAP Financial Information

In presenting and discussing the Company's reported financial position, operating results and cash flows, certain information is derived from amounts calculated in accordance with IND AS, but this information is a Non-GAAP measure. Such Non-GAAP measures should not be viewed in isolation as alternatives to the equivalent IND AS measures.

A summary of Non – GAAP measures included in this report are shown below

7.3.1 Reconciliation of Non- GAAP financial information to the information as per proforma proportionate consolidated financial statements in 7.1 & 7.2 above

a) Reconciliation of Total Income to Revenue

Amount in Rs mn

Particulars	Quarter Ended	Half Year Ended
	Sep 30, 2018	Sep 30, 2018
Total Income to Revenue		
Total Income as per IND AS	37,240	74,584
Less: Other Income	557	1,166
Revenue	36,683	73,418

b) Reconciliation of EBITDA (Including Other Income) to EBITDA

Amount in Rs mn

Particulars	Quarter Ended	Half Year Ended
	Sep 30, 2018	Sep 30, 2018
EBITDA (Including Other Income) to EBITDA		
EBITDA (Incl. Other Income) as per IND AS	15,617	31,431
Less: Other Income	557	1,166
EBITDA	15,060	30,265

c) Reconciliation of EBIT (Including Other Income) to EBIT

Amount in Rs mn

Particulars	Quarter Ended	Half Year Ended
	Sep 30, 2018	Sep 30, 2018
EBIT (Including Other Income) to EBIT		
EBIT (Incl. Other Income) as per IND AS	9,796	20,212
Less: Other Income	557	1,166
EBIT	9,239	19,046

d) Derivation of Operating Free Cash Flow from EBITDA

Amount in Rs mn

Particulars	Quarter Ended	Half Year Ended
	Sep 30, 2018	Sep 30, 2018
EBITDA to Operating Free Cash Flow		
EBITDA	15,060	30,265
Less: Capex	4,972	10,135
Add: Operating Lease expense - Security Deposit	10	2
Less: Operating Lease revenue - Security Deposit	114	234
Operating Free Cash Flow	9,983	19,898

e) Derivation of Adjusted Fund From Operations (AFFO) from EBITDA

Amount in Rs mn

Particulars	Quarter Ended	Half Year Ended
	Sep 30, 2018	Sep 30, 2018
EBITDA to Adjusted Fund From Operations		
EBITDA	15,060	30,265
Less: Maintenance & General Corporate Capex	1,217	2,702
Add: Operating Lease expense - Security Deposit	10	2
Less: Operating Lease revenue - Security Deposit	114	234
Adjusted Fund From Operations(AFFO)	13,738	27,331

f) Calculation of Net Debt / (Net Cash)

Amount in Rs mn

Particulars	As at Sep 30, 2018	As at March 31, 2018
Total Debt (Long Term and Short Term Borrowings)	23,367	16,901
Less: Cash and Cash Equivalents & Current and non-current Investments (including fixed deposits)	59,074	68,609

Sharing Revenue per Tower p.m.	Rs	72,477	76,729	76,874	79,044	79,955
Sharing Revenue per Sharing Operator p.m.	Rs	34,961	33,753	32,741	32,654	32,956

8.3.4 Human Resource Analysis

8.3.4.1 Bharti Infratel Consolidated

Parameters	Unit	Sep-18	Jun-18	Mar-18	Dec-17	Sep-17
Total On roll Employees ¹	Nos	2,225	2,232	2,273	2,279	2,287
Number of Towers per employee	Nos	41	41	40	40	40
Personnel Cost per employee per month	Rs	182,810	181,891	185,856	183,083	182,541
Revenue per employee per month	Rs	5,487,737	5,436,761	5,363,597	5,336,703	5,272,735

1. Total On Roll Employees include proportionate consolidation of 42% of Indus Towers Employees.

8.3.4.2 Bharti Infratel Standalone

Parameters	Unit	Sep-18	Jun-18	Mar-18	Dec-17	Sep-17
Total On roll Employees	Nos	1,241	1,238	1,248	1,235	1,243
Number of Towers per employee	Nos	32	32	32	32	32
Personnel Cost per employee per month	Rs	195,509	198,981	190,898	194,512	198,496
Revenue per employee per month	Rs	4,623,101	4,546,795	4,488,388	4,560,667	4,452,592

8.3.4.3 Indus Towers

Parameters	Unit	Sep-18	Jun-18	Mar-18	Dec-17	Sep-17
Total On roll Employees	Nos	2,342	2,366	2,440	2,486	2,486
Number of Towers per employee	Nos	53	52	51	49	50
Personnel Cost per employee per month	Rs	166,889	160,844	179,804	169,521	163,955
Revenue per employee per month	Rs	6,571,725	6,531,518	6,411,074	6,257,582	6,228,117

Note: Indus operates on outsourced operations & maintenance model in certain geographical territories wherein the associated personnel cost is recorded as part of repair & maintenance and other expenses. Hence, the related human resources key performance indicators are not strictly comparable between Bharti Infratel Standalone and Indus.

8.4 Energy Cost Analysis

Section D

Key Accounting Policies and Glossary

Section 11

Basis of Preparation and Key Accounting Policies as per IND AS

1. Corporate information

Bharti Infratel Limited ('the Company' or 'BIL') was incorporated on November 30, 2006 with the object of, inter-alia, setting up, operating and maintaining wireless communication towers. The Company received the certificate of commencement of business on April 10, 2007 from the Registrar of Companies. The Registered office of the Company has been shifted from Bharti Crescent, 1, Nelson Mandela Road, Vasant Kunj, Phase – II, New Delhi – 110070 to 901, Park Centra, Sector 30 NH-8, Gurugram Haryana – 122001 w.e.f. April 17, 2018.

Bharti Infratel Limited together with its wholly owned subsidiary, controlled trust and joint venture is hereinafter referred to as "the Group".

Bharti Infratel Limited is a subsidiary of Bharti Airtel Limited ('BAL') and BAL holds 50.33% shares in the Company. Nettle Infrastructure Investments Limited, Wholly owned Subsidiary of BAL also holds 3.18% shares in the Company as on September 30, 2018.

The Company is publicly traded on National Stock Exchange of India (NSE) and BSE Limited.

The Company had entered into a joint venture agreement with Vodafone India Limited and Aditya Birla Telecom Limited to provide passive infrastructure services in 15 Telecom circles of India and formed Indus Towers Limited for such purpose which is a Company incorporated in India. The Company and Vodafone India Limited are holding 42% each in Indus Towers Limited, 11.15% is held by Aditya Birla Telecom Limited.

During the half year ended September 30, 2018, Bharti Infratel Limited and Indus Towers Limited have entered into a proposed scheme ('Scheme') of amalgamation and arrangement (under section 230 to 232 and other applicable provisions of the Companies Act, 2013) to create a pan-India tower company operating across all 22 telecom service areas. The combined company, which will fully own the respective businesses of Bharti Infratel and Indus Towers, will change its name to Indus Towers Limited and will continue to be listed on the Indian Stock Exchanges. The scheme will be accounted for on receipt of regulatory and other approvals. The Scheme of arrangement has received approval from Competition Commission of India and no objection from the SEBI through BSE Limited and National Stock Exchange of India Limited. During the quarter ended September 30, 2018, the Company has filed the first motion application with National Company Law Tribunal (NCLT) Chandigarh bench for its

approval and Department of Telecommunications for FDI approval.

A wholly owned subsidiary, Smartx Services Limited, was incorporated on September 21, 2015 with the object of transmission through Optic Fiber Cables and setting up Wi-Fi hotspots for providing services to telecom operators and others on sharing basis.

The Company incorporated a Trust named Bharti Infratel Employees' Welfare Trust on January 07, 2015 with the object of acquiring shares through secondary acquisitions, hold them in trust for employees eligible to receive shares, and transfer such shares in accordance with ESOP Schemes.

The interim condensed consolidated financial statements are approved for issuance by the Company's Board of Directors on October 24, 2018.

2. Basis of preparation

a) Statement of compliance

The interim condensed consolidated financial statements ("financial statements") have been prepared in accordance with Ind AS 34 'Interim Financial Reporting' prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and the other accounting principles generally accepted in India. They do not include all the information and disclosures that would otherwise be required in a full set of financial statements and should be read in conjunction with the Group's Financial Statements for the year ended March 31, 2018. However, selected explanatory notes are included to explain events and transactions that are significant for the understanding of the Group's financial position and performance.

The financial statements have been prepared under historical cost convention on accrual and going concern basis, except for the certain financial instruments which have been measured at fair value as required by relevant Ind ASs.

Effective April 1, 2016, the Group has adopted Indian Accounting Standards (Ind AS) and the adoption was carried out in accordance with Ind AS 101 First time adoption of Indian Accounting Standards, with April 1, 2015 as the transition date. The transition was carried out from Indian GAAP as prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The Quarterly reports for FY 16-17 detail the key accounting changes on first time adoption of IND AS and impact of transition on the company's financials.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b) Basis of Consolidation

The interim condensed consolidated financial statements comprises the financial statements of the Group, its subsidiary, joint venture and its directly controlled entity which are as follows:-

Entity	Country of Incorporation	Principal Service	Relationship	Shareholding as at June 30, 2018	Shareholding as at March 31, 2018
Indus Towers Limited*	India	Passive Infrastructure Services	Joint Venture	42%	42%
Smarts Services Limited*	India	Optical Fibre Service	Subsidiary	100%	100%

Details of Controlled Trust	
Name of Trust	Country of Incorporation
Bharti Infratel Employee Welfare Trust*	India

* Refer note 1

Accounting for Subsidiaries:

A subsidiary is an entity controlled by the Group. Control exists when the parent has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns.

Subsidiary is fully consolidated from the date on which Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the interim condensed consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies and accounting period in line with those used by the Group. All intra-group transactions, balances, income and expenses and cash flows are eliminated on consolidation.

The Group consolidates its directly controlled trust on the line by line consolidation basis and according to principles of Ind AS 110, Consolidated Financial Statements.

Interest in Joint Venture

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control

of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group's investments in its joint venture are accounted for using the equity method. Under the equity method, investments in joint venture are carried in the consolidated Balance sheet at cost as adjusted for post-acquisition changes in the Group's share of the net assets of the joint venture, less any impairment in the value of the investments. Additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligation or made payments on behalf of the joint venture.

The joint venture is accounted for from the date on which Group obtains joint control over joint venture for the same reporting period as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

All the amounts included in the financial statements are reported in millions of Indian Rupees ('Rupees') and are rounded to the nearest million (Mn) except per share data and unless stated otherwise.

3. Significant accounting policies

a) Property, Plant and Equipment

Property, plant and equipment including Capital work in progress is stated at cost, except assets acquired under Schemes of Arrangement, which are stated at fair values as per the Schemes, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the Property, plant and equipment and borrowing costs for long term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced in intervals, the Group recognizes such parts as separate component of assets with specific useful lives and provides depreciation over their useful life. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repair and maintenance costs are recognised in the Consolidated Statement of Profit and Loss as incurred.

The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Refer note 4 regarding

significant accounting judgements, estimates and assumptions and provisions for further information about the recorded decommissioning provision.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Consolidated Statement of Profit and Loss when the asset is derecognised.

Assets are depreciated to the residual values on a straight-line basis over the estimated useful lives. Estimated useful lives of the assets are as follows:

	Useful lives
Office Equipment	2 years / 5 years
Computer	3 years
Vehicles	5 years
Furniture and Fixtures	5 years
Plant & Machinery	3 to 20 Years
Leasehold Improvement	Period of Lease or useful life whichever is less

The existing useful lives of tangible assets are different from the useful lives as prescribed under Part C of Schedule II to the Companies Act, 2013 and the Group believes that this is the best estimate on the basis of technical evaluation and actual usage period.

The existing realizable values of tangible assets are different from 5% as prescribed under Part C of Schedule II to the Companies Act, 2013 and the Group believes that this is the best estimate on the basis of actual realization.

The assets' residual values and useful lives are reviewed at each financial year end or whenever there are indicators for impairment, and adjusted prospectively.

On transition to Ind AS, the Group has elected to continue with the carrying value of all its property, plant and equipment (including assets acquired under Schemes of Arrangement) except with an adjustment in decommissioning cost recognised as at April 1, 2015 measured as per the previous GAAP and use that carrying value as the cost of the property, plant and equipment.

b) Intangible Assets

Intangible assets are recognized when the entity controls the asset, it is probable that future economic benefits attributed to the asset will flow to the entity and the cost of the asset can be reliably measured.

At initial recognition, the separately acquired intangible assets are recognised at cost. Intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset are reviewed at least at the end of each financial year. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets is recognised in the Consolidated Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Software is capitalized at the amounts paid to acquire the respective license for use and is amortised over the period of license, generally not exceeding three years. Acquired telecom license is initially recognised at cost and subsequently measured at cost less accumulated amortisation and impairment losses, if any. Amortisation is recognised over the unexpired period of license.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss within other income when the asset is derecognised.

c) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses, if any, are recognized in Consolidated Statement of Profit and Loss as a component of depreciation and amortisation expense.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited to the extent the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation or amortisation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognized in the Consolidated Statement of Profit and Loss when the asset is carried at the revalued amount, in which case the reverse is treated as a revaluation increase.

d) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

e) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of an arrangement at inception date: whether fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Group as a Lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalized at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Consolidated Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group policy on the borrowing costs.

Leased assets are depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognized as an expense on a straight-line basis over the lease term and escalation in the contract, which are structured to compensate expected general inflationary increase are not straight lined. Contingent rents are recognized as expense in the period in Consolidated Statement of Profit and Loss in which they are incurred.

Group as a Lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership

transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Groups net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases where the Group does not transfer substantially all the risks and rewards incidental to ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income.

Lease rentals under operating leases are recognized as income on a straight-line basis over the lease term and escalation in the contract, which are structured to compensate expected general inflationary increase are not straight lined. Contingent rents are recognized as revenue in the period in which they are earned.

f) Share-based payments

The Group issues equity-settled and cash-settled share-based options to certain employees. These are measured at fair value on the date of grant.

The fair value determined at the grant date of the equity-settled share-based options is expensed over the vesting period, based on the Group's estimate of the shares that will eventually vest.

The fair value determined on the grant date of the cash settled share based options is expensed over the vesting period, based on the Group's estimate of the shares that will eventually vest. At the end of the each reporting period, until the liability is settled, and at the date of settlement, the fair value of the liability is recognized, with any changes in fair value pertaining to the vested period recognized immediately in Consolidated Statement of Profit and Loss.

At the vesting date, the Group's estimate of the shares expected to vest is revised to equal the number of equity shares that ultimately vest.

Fair value is measured using Black-Scholes framework and is recognized as an expense, together with a corresponding increase in equity/ liability as appropriate, over the period in which the options vest using the graded vesting method. The expected life used in the model is adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions and behavioral considerations. The expected volatility and forfeiture assumptions are based on historical information.

Where the terms of a share-based payments are modified, the minimum expense recognized is the expense as if the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it is vested on the date of cancellation, and any expense not yet recognized for the award is recognized immediately. This includes any award where non-vesting conditions within the control of either the entity or the employee are not met. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options if any is reflected as additional share dilution in the computation of diluted earnings per share.

g) Cash and Cash equivalents

Cash and cash equivalents in the consolidated balance sheet comprises cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. Bank overdrafts that are repayable on demand and form an integral part of the Groups cash management are included as a component of cash and cash equivalents for the purpose of the consolidated Statement of Cash Flows.

h) Treasury shares

The Group has formed Bharti Infratel Employee Welfare Trust, for administration of ESOP Schemes of the Group. The Trust bought shares of the Group from the market, for giving shares to employees. The Group treats Trust as its extension and shares held by Trust are treated as treasury shares.

Own equity instruments ("treasury shares") which are reacquired through Bharti Infratel Employees Welfare Trust are recognized at cost and deducted from equity. No gain or loss is recognized in the Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Group own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in the share based payment reserves.

Share options exercised during the reporting period are satisfied with treasury shares.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition and Measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through Profit or Loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt Instruments at Amortised Cost

The category applies to the Group's trade receivables, unbilled revenue, security deposits, etc.

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The accretion of EIR is recorded as a finance income in the Consolidated Statement of Profit and Loss. The losses arising from

impairment are recognised in the Consolidated Statement of Profit and Loss.

Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified at FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent solely payment of principal and interest (SPPI).

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Group recognizes interest income, impairment losses and reversals in the Consolidated Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Consolidated Statement of Profit and Loss.

Interest earned whilst holding FVTOCI debt instrument is reported as interest income.

The Group has classified Investment in tax free bonds, commercial paper, certificate of deposits within this category.

Debt instrument at fair value through Profit or Loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization at amortized cost or at FVTOCI, is classified at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Consolidated Statement of Profit and Loss. This category applies to the Group investment in government securities, mutual funds, taxable bonds and non convertible debentures.

In addition, the Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as FVTPL.

Equity investments

All equity investments in scope of Ind AS 109, Financial instruments are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination, if any to which Ind AS 103, Business combinations applies are classified as at fair value through Profit or loss. Further, there are no such equity investments measured at Fair value through profit or loss or fair value through other comprehensive income in the Group.

De-recognition

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The contractual rights to receive cash flows from the asset have expired, or
- The Group has transferred its contractual rights to receive cash flows from the financial asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of Financial Assets

In accordance with Ind AS 109, Financial instruments the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the Financial assets that are debt instruments and are initially measured at fair value with subsequent measurement at amortised cost e.g Trade receivables, unbilled revenue etc.

The Group follows 'simplified approach' for recognition of impairment loss allowance for trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in the subsequent period, credit quality of the instrument improves such that there is no longer a significant

increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on a twelve month ECL.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

Financial Liabilities

Initial Recognition and Measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings or payables, as appropriate

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade payables, security deposits, etc.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Profit and Loss (FVTPL)

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109, Financial instruments are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risks are recognized in Other Comprehensive Income. These gains/ loss are not subsequently transferred to Consolidated Statement of Profit and Loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Consolidated Statement of Profit and Loss.

Financial Liabilities at Amortised Cost

This Category includes Security deposit received, trade payables etc. After initial recognition, such liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are

derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Consolidated Statement of Profit and Loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

Reclassification of Financial Assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

j) Revenue Recognition

The Group earns revenue primarily from rental services by leasing of passive infrastructure and energy revenue by the provision of energy for operation of sites.

Effective April 1, 2018, the Group has applied Ind AS 115 "Revenue from Contracts with Customers" which establishes a comprehensive framework to depict timing and amount of revenue to be recognised. The Group has adopted Ind AS 115 using cumulative effect method, where any effect arising upon application of this standard is recognised as at the date of initial application (i.e April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the interim statement of profit and loss is not restated - i.e. the comparative information continues to be reported under previous standards on revenue i.e Ind AS 18 and Ind AS 11. There was no impact on adoption of Ind AS 115 to the financial statements of the Group.

Revenue is recognized when the Group satisfies the performance obligation by transferring the promised services to the customers. Services are considered performed when the customer obtains control, whereby the customer gets the ability to direct the use of such services and substantially obtains all benefits from the services. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

In order to determine, if it is acting as principal or as an agent, the entity shall determine whether the nature of its promise is a performance obligation to provide the specified services itself (i.e. the entity is a principal) or to arrange for those services to be provided by the other party (i.e. the entity is an agent) for all its revenue arrangements.

Service revenue

Service revenue includes rental revenue for use of sites and energy revenue for the provision of energy for operation of sites.

Rental revenue is recognized as and when services are rendered on a monthly basis as per the contractual terms prescribed under master service agreement entered with customer. The Group has ascertained that the lease payment received are structured to increase in line with expected general

inflationary increase in cost and therefore not straight lined.

Energy revenue is recognized over the period on a monthly basis upon satisfaction of performance obligation as per contracts with the customers. The transaction price is the consideration received from customers based on prices agreed as per the contract with the customers. The determination of standalone selling prices is not required as the transaction prices are stated in the contract based on the identified performance obligation.

Unbilled revenue represents revenues recognized after the last invoice raised to customer to the period end. These are billed in subsequent periods based on the prices specified in the master service agreement with the customers, whereas invoicing in excess of revenues are classified as unearned revenues. The Group collects GST on behalf of the government and therefore, it is not an economic benefit flowing to the Group, hence it is excluded from revenue.

Use of significant judgements in revenue recognition

The Group's contracts with customers include promises to transfer services to a customer which are energy and rentals. Rentals are not covered within the scope of Ind AS 115, hence identification of distinct performance obligation within Ind AS 115 do not involve significant judgement.

Judgement is required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, etc. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

The Group provides volume discount to its customers based on slab defined in the revenue contracts. Contract also contains clause on Service Level Penalty/ rewards in case the Group is not able to maintain uptime level mentioned in the agreement. These discount/penalties are called variable consideration.

There is no additional impact of variable consideration as per Ind AS 115 since maximum discount is already

being given to customer and the same is deducted from revenue.

There is no additional impact of SLA penalty as the Group already estimates SLA penalty amount and the same is provided for at each month end. The SLA penalty is presented as net off with revenue in the Statement of profit and loss.

Determination of standalone selling price do not involve significant judgement for the Group. The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers the indicators on how customer consumes benefits as services are rendered in making the evaluation. Contract fulfilment costs are generally expensed as incurred. The assessment of this criteria requires the application of judgement, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recovered.

k) Finance income

Finance income comprises interest income on funds invested and changes in the fair value of financial assets at fair value through profit or loss, and that are recognised in Consolidated Statement of Profit and Loss. Interest income is recognised as it accrues in Consolidated Statement of Profit and Loss, using the effective interest rate (EIR) which is the rate that exactly discounts the estimated future cash receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

Finance income does not include dividend income, interest on income tax refund etc. which is included in other income.

l) Taxes

The income tax expense comprises of current and deferred income tax. Income tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity, in which case the related income tax is also recognised accordingly.

Current tax

The current tax is calculated on the basis of the tax rates, laws and regulations, which have been enacted or substantively enacted as at the reporting date. The payment made in excess / (shortfall) of the Group's income tax obligation for the period are recognised in the balance sheet as current income tax assets / liabilities. Any interest, related to accrued liabilities for potential tax assessments are not included in Income tax charge or (credit), but are rather recognised within finance costs. The management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is recognised, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. However, deferred tax is not recognised if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Further, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill.

Moreover, deferred tax is recognised on temporary differences arising on investments in subsidiary and joint venture unless the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised. The unrecognised deferred tax assets / carrying amount of deferred tax assets are reviewed at each reporting date for recoverability and adjusted appropriately.

Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the reporting date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets and liabilities are off-set against each other and the resultant net amount is presented in the balance sheet, if and only when, (a) the Group currently has a legally enforceable right to set-off the

current income tax assets and liabilities, and (b) when it relates to income tax levied by the same taxation authority.

m) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

n) Dividend Payments

Provision for dividend is recognized, when it is approved by the shareholders and the distribution is no longer at the discretion of the Group. However, Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.

o) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

p) Retirement and other employee benefits

Short term employee benefits are recognised in the period during which the services have been rendered.

The Group post-employment benefits include defined benefit plan and defined contribution plans. The Group also provides other benefits in the form of deferred compensation and compensated absences.

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions to a statutory authority and will have no legal or constructive obligation to pay further amounts. The Group contributions to defined contribution plans are recognized in Consolidated Statement of Profit and Loss when the services have

been rendered. The Group has no further obligations under these plans beyond its periodic contributions.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. Under the defined benefit retirement plan, the Group provides retirement obligation in the form of Gratuity. Under the plan, a lump sum payment is made to eligible employees at retirement or termination of employment based on respective employee salary and years of experience with the Group.

The cost of providing benefits under this plan is determined on the basis of actuarial valuation carried out quarterly as at the reporting date by an independent qualified actuary using the projected unit credit method. Actuarial gains and losses are recognised in full in the period in which they occur in other comprehensive income forming part of Consolidated Statement of Profit and Loss.

The obligation towards the said benefit is recognised in the consolidated balance sheet as the difference between the fair value of the plan assets and the present value of the plan liabilities. Scheme liabilities are calculated using the projected unit credit method and applying the principal actuarial assumptions as at the date of consolidated Balance Sheet. Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies.

All expenses excluding remeasurements of the net defined benefit liability (asset), in respect of defined benefit plans are recognized in the profit or loss as incurred. Remeasurements, comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability (asset)), are recognized immediately in the consolidated Balance Sheet with a corresponding debit or credit through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

The Group provides other benefits in the form of compensated absences and long term service awards. The employees of the Group are entitled to compensated absences based on the unavailed leave balance. The Group records liability based on actuarial valuation computed under projected unit credit method. Actuarial gains / losses are immediately taken to the statement of profit and loss and are not deferred. The Group presents the entire leave encashment liability as a current liability in the

balance sheet, since the Group does not have an unconditional right to defer its settlement for more than 12 months after the reporting date.

Under the long term service award plan, a lump sum payment is made to an employee on completion of specified years of service. The Group records the liability based on actuarial valuation computed under projected unit credit method. Actuarial gains / losses are immediately taken to the Consolidated Statement of Profit and Loss and are not deferred.

The amount charged to the Consolidated Statement of Profit and Loss in respect of these plans is included within operating costs.

q) Provision

i) General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Consolidated Statement of Profit and Loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time (i.e., unwinding of discount) is recognised as a finance cost.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

ii) Contingent Assets/ Liabilities

Contingent assets are not recognised. However, when realisation of income is virtually certain, then the related asset is no longer a contingent asset, and is recognised as an asset.

Contingent liabilities are disclosed in notes to accounts when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

iii) Asset Retirement Obligations

Asset retirement obligations (ARO) are provided for those operating lease arrangements where the Group has a binding obligation at the end of the lease period to restore the leased premises in a condition similar to inception of lease.

Asset retirement obligation are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognized as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the site restoration obligation. The unwinding of the discount is expensed as incurred and recognized in the Consolidated Statement of Profit and Loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

r) Earnings per share (EPS)

The Group Basic Earnings per share is determined based on the net profit attributable to the shareholders of the parent. Basic Earnings Per Share is computed using the weighted average number of Equity shares outstanding during the period excluding shares purchased by the Group and held as treasury shares.

Diluted EPS is computed using the weighted average common and dilutive common equivalents shares outstanding during the period including shares options except where the result would be anti-dilutive.

s) Fair Value Measurement

The Group measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to

transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation

(based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value measurements. Other fair value related disclosures are given in the relevant notes.

t) Foreign Currency

Functional and presentation currency

The Group financial statements are presented in INR, which is also the Group's functional currency. Presentation currency is the currency in which the financial statement of the group is presented. Functional currency is the currency of the primary economic environment in which an entity operates and is normally the currency in which the entity primarily generates and expends cash. All the financial information presented in Indian Rupees (INR) has been rounded to the nearest of million rupees, except where otherwise stated.

Transactions and Balances

Transactions in foreign currencies are initially recorded by the Group at the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Differences arising on settlement or translation of monetary items are recognised in Consolidated Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

4. Significant accounting judgements, estimates and assumptions

The preparation of the Group financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the interim condensed consolidated financial statements:

a) Operating lease commitments – Group as lessor

The Group has assessed that its master service agreement ("MSA") with operators contains lease of its tower sites and plant and equipment and has determined, based on evaluation of the terms and conditions of the arrangements such as various lessees sharing the same tower sites with specific area, the fair value of the asset and all the significant risks and rewards of ownership of these properties retained by the Group, that such contracts are in the nature of operating lease and has accounted for as such.

The Group has ascertained that the annual escalations in the lease payment received under the MSA are structured to compensate the expected inflationary increase in cost and therefore has not been straight-lined.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or

circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

b) Impairment of non-financial assets

The carrying amounts of the Group non-financial assets, other than deferred tax assets, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit ('CGU') is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For the purpose of impairment testing, assets that cannot be tested individually are Grouped together into the smallest Group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or Groups of assets ('CGU').

The Group's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

An impairment loss is recognized, if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount and are recognised in Consolidated Statement of Profit and Loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of goodwill, if any, allocated to the units and then to reduce the carrying amounts of the other assets in the unit (Group of units) on a pro rata basis.

Impairment losses recognised in prior periods are assessed at end of each reporting period for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation,

if no impairment loss had been recognised. Such reversal is recognized in the statement of profit and loss except when the asset is carried at revalued amount, the reversal is treated as a revaluation reserve.

c) Property, plant and equipment

Refer Note 3(a) for the estimated useful life of Property, plant and equipment.

Property, plant and equipment also represent a significant proportion of the asset base of the Group. Therefore, the estimates and assumptions made to determine their carrying value and related depreciation are critical to the Group's financial position and performance.

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Increasing an asset's expected life or its residual value would result in a reduced depreciation charge in the Consolidated Statement of Profit and Loss.

The useful lives and residual values of Group assets are determined by management at the time the asset is acquired and reviewed periodically. The lives are based on historical experience with similar assets as well as anticipation of future events which may impact their life, such as changes in technology.

d) Allowance of doubtful trade receivables

The expected credit loss is mainly based on the ageing of the receivable balances and historical experience. The receivables are assessed on an individual basis or grouped into homogeneous Groups and assessed for impairment collectively, depending on their significance. Moreover, trade receivables are written off on a case-to-case basis if deemed not to be collectible on the assessment of the underlying facts and circumstances.

e) Asset Retirement obligation

The Group uses various leased premises to install its tower assets. A provision is recognised for the cost to be incurred for the restoration of these premises at the end of the lease period, which is estimated based on actual quotes, which are reasonable and appropriate under these circumstances. It is expected that these provisions will be utilised at the end of the

lease period of the respective sites as per respective lease agreements.

f) Share based payment

The Group initially measures the cost of cash-settled transactions with employees using a binomial model to determine the fair value of the liability incurred. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. For cash-settled share-based payment transactions, the liability needs to be remeasured at the end of each reporting period up to the date of settlement, with any changes in fair value recognised in the Profit and Loss. This requires a reassessment of the estimates used at the end of each reporting period.

Previous period's figures

Previous period's figures in the financial statements, including the notes thereto, have been reclassified wherever required to conform to the current period's presentation/classification. These are not material and do not affect the previously reported net profit or equity.

Section 12

GLOSSARY

12.1 Company Related Terms

4 Overlapping Circles	Represents the telecommunication circles of Haryana, Rajasthan, Uttar Pradesh (East) and Uttar Pradesh (West) wherein Bharti Infratel and Indus Towers have overlapping operations. Bharti Infratel is not permitted to roll out any new towers in these telecommunications Circles, although it continues to own and operate its existing telecommunications towers in these Circles, and add additional sharing operators to these towers. New tower rollout in these telecommunication circles is done by Indus.
7 Circles	Represents the telecommunications circles of Bihar, Madhya Pradesh and Chhattisgarh, Orissa, Jammu and Kashmir, Himachal Pradesh, Assam and North East states wherein Bharti Infratel operates on exclusive basis.
11 circles	Represents the 7 telecommunications circles of Bihar, Madhya Pradesh and Chhattisgarh, Orissa, Jammu and Kashmir, Himachal Pradesh, Assam and North East states wherein Bharti Infratel operates on exclusive basis and the 4 common circles of Haryana, Rajasthan, Uttar Pradesh (East) and Uttar Pradesh (West) wherein Bharti Infratel and Indus Towers have overlapping operations.
15 circles	Represents the 11 telecommunication circles of Andhra Pradesh, Delhi, Gujarat, Karnataka, Kerala, Kolkata, Maharashtra & Goa, Mumbai, Punjab, Tamil Nadu (including Chennai) and West Bengal wherein Indus operates on exclusive basis and the 4 common telecommunication circles of Haryana, Rajasthan, Uttar Pradesh (East) and Uttar Pradesh (West) wherein Bharti Infratel and Indus Towers have overlapping operations.
Asset Turnover	Asset Turnover is defined as total revenues (revenues annualized for 12 months), divided by average assets. Asset is defined as the sum of non-current assets and net current assets. Net current assets are computed by subtracting current liabilities from current assets. Average assets are calculated by considering average of opening and closing assets of the relevant period.
Adjusted Fund from Operations (AFFO)	It is not an IND AS measure and is defined as EBITDA adjusted for Maintenance and General Corporate Capex and Non Cash IND AS measures, i.e., operating lease revenue/expense on security deposit received/paid.
Average Co-locations	Average co-locations are derived by computing the average of the Opening and Closing co-locations at the end of relevant period.
Average Sharing Factor	Average Sharing factor is calculated as the average of the opening and closing number of co-locations divided by average of the opening and closing number of towers for the relevant period.
Average Towers	Average towers are derived by computing the average of the opening and closing towers at the end of relevant period.
BIVL	Bharti Infratel Ventures Limited
Bn	Billion
Book Value Per Equity Share	Total shareholder's equity as at the end of the relevant period divided by outstanding equity shares as at the end of the relevant period.
Capex	It includes investment in gross fixed assets and capital work in progress for the relevant period.
Capital Employed	Capital Employed is defined as sum of equity attributable to equity shareholders and net debt / (net cash).
Circle(s)	22 service areas that the Indian telecommunications market has been segregated into
Closing Sharing Factor	Closing Sharing factor is calculated as the closing number of co-locations divided by closing number of towers as at the end of relevant period.
Co-locations	Co-location is the total number of sharing operators at a tower, and where there is a single operator at a tower; 'co-location' refers to that single operator. Co-locations as referred to are revenue-generating co-locations (except such co-locations where exit notices have been received).
Consolidated Financial statements	The Consolidated financial statements of the company till FY 2012-13 represent the financials of Bharti Infratel Ltd Standalone taken together with its wholly owned subsidiary Bharti Infratel Ventures Ltd and Bharti Infratel's 42% equity interest in Indus Towers Ltd. accounted for by proportionate consolidation. Consequent to Indus Merger, the financial statements of Indus have been prepared after giving effect to the Merger Scheme. Accordingly the Consolidated Financial Results of the Company from quarter ended June 2013 and onwards represent the financials of Bharti Infratel Ltd Standalone taken together with its 42% equity interest in Indus Towers Ltd. Accounted for by proportionate consolidation and consolidating the new subsidiary Bharti Infratel Services Ltd.

With effect from January 2015, Bharti Infratel Employee Welfare Trust (incorporated for allotment of shares to employees as part of Employee Stock Option Plan) has been included as part of the group.
 With effect from September 2015, Smartx Services Ltd (incorporated on September 21, 2015 as a wholly owned subsidiary) has been included as a part of the group.
 Effective 29th March 2016, Bharti Infratel Services Limited has been closed pursuant to Board's decision to initiate the process of striking off the name of the company from the register of ROC.

CSR	Corporate Social Responsibility
Cumulative Investments	Cumulative Investments comprises of gross fixed assets (including Capital Work In Progress).
Earnings Per Share (EPS)-Basic	It is computed by dividing net profit or loss attributable for the period to equity shareholders by the weighted average number of equity shares outstanding during the period.
Earnings Per Share (EPS)- Diluted	Diluted earnings per share is calculated by adjusting net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period for the effects of all dilutive potential equity shares.
EBIT	Earnings before interest, taxation excluding other income for the relevant period.
EBIT (Including Other Income)	Earnings before interest, taxation including other income for the relevant period.
