Subject: Corporate Announcement for the Quarter ended December 31, 2024

Dear Sir/Madam,

In continuation to our letter dated 13th February 2025 regarding the Outcome of the Board Meeting, please find attached the Investor Presentation for the Quarter ended December 31, 2024.

You are requested to kindly take the same on record.

Thanking you,

Yours faithfully,

For **Accedere Limited**

Neelam Purohit

(Compliance Officer)

Overview:

Accedere Ltd, a Mumbai-based Cybersecurity firm announced its Third Quarter results on February 13, 2025.

We would like to inform that the Board of Directors at their meeting held on 13th February 2025, have approved the establishment of the subsidiary of the company in the USA. The incorporation of the subsidiary will generate growth opportunities in the evolving market and will help the company become more agile and customer-focused. The US subsidiary will aim to focus on the company's newly launched AI-based Cloud & Cybersecurity Automation Tool "Controllo" for Governance Risk & Compliance(GRC)

The company has already started acquiring customers and is receiving good responses for this newly launched tool that aims to make compliance & audit of Cloud & Cybersecurity requirements easy for the entities. Specially SMB entities that cannot afford the expensive cyber professionals full-time find this as a good ROI. Controllo's integrated GRC platform unifies your data, tools, and teams in one place, empowering you to effectively reduce your cyber audit and compliance timelines thus saving costs and an ROI of less than a year.

Looking forward, we are committed to enhancing Controllo's features, expanding our market reach, and creating enduring value for our stakeholders. The US and UAE subsidiaries should help us reach a wider base.

The company is now considering to raise funds to achieve the following objectives:

- a. To fund the expansion of the Controllo tool
- b. To expand the Drone business of the subsidiary Freebird Aerospace
- c. To reduce the promotor's stake as per SEBI norms
