Focus on Af as PM chairs **BRICS summit on Thursday**

Covid and other global issues also on agenda: MEA

PRESS TRUST OF INDIA New Delhi, 6 September

rime Minister Narendra Modi will chair the annual summit of the five-nation grouping BRICS on Thursday in the virtual format and it is expected to focus extensively on the situation in Afghanistan.

The meeting will be attended by Russian President Vladimir Putin, Chinese President Xi Jinping, South African President Cyril Ramaphosa and Brazil's Jair Bolsonaro, according to the

Ministry of External Affairs a statement. (MEA).

"As part of India's ongoing chairship of BRICS in 2021, Prime Minister Narendra Modi will chair the 13th BRICS Summit on September 9 in virtual format," the MEA said in

This is the second time Prime Minister Modi will be chairing the BRICS summit. Earlier he had chaired the Goa summit in 2016.

The Indian Chairship of BRICS this year coincides with

The theme for the summit is: 'BRICS@15: Intra-BRICS cooperation for continuity. consolidation and consensus'.

India had outlined four priority areas for its Chairship. These are reform of the multilateral system, counter-terrorism, using digital and technological tools for achieving SDGs and enhancing peopleto-people exchanges. "In addition to these areas, the leaders will also exchange views on the impact of the COVID-19 pandemic and other current global and regional issues." the MEA said. Separately, Russian Ambassador to India Nikolay Kudashev said the situation in Afghanistan is expected to figure prominently at the summit.

'Testing patience': SC gives govt a week to fill vacancies in tribunals

PRESS TRUST OF INDIA New Delhi, 6 September

The Supreme Court Monday said the Centre was testing its "patience" and "emasculating" tribunals by not appointing officials to the quasi-judicial bodies which are facing severe crunch of presiding officers as well as judicial and technical members and sought action on the matter by September 13.

Asserting that it did not want any confrontation with the government, a special bench headed by Chief Justice N V Ramana asked the Centre to make some appointments to the tribunals before next Monday.

There is no respect for the judgements of this court. This is what we are feeling. You are testing our patience. Last time, you made a statement that some persons have been appointed. Where are they appointed," the CJI

Court no to deferring NEET

The Supreme Court Monday refused to defer the National Eligibility-cum-Entrance Test (NEET)-UG examination, scheduled for September 12, saying it does not want to interfere with the process and it will be "very unfair" to reschedule it. A bench headed by Justice A M Khanwilkar said if students want to appear in multiple exams, then they need to prioritise and make a choice as there may never be a situation where everyone is satisfied with the date of exams. The apex court said however that the petitioners will be at liberty to make a representation before the competent authorities on the issue and the same may be decided at the earliest in accordance with the law. "The arguments which you (counsel for petitioners) are canvassing may not be relevant for 99 per cent candidates. For 1 per cent candidates, entire system cannot be put on hold," the bench told advocate Shoeb Alam who was appearing for petitioners.

Section 144 in Karnal ahead of farmers' protest today

Prohibitory orders banning gathering of people were imposed in Karnal on Monday, a day ahead of a gherao planned by farmers at the mini-secretariat here over the August 28 lathicharge. officials said.

The district administration has issued prohibitory orders under section 144 of the CrPC, banning the assembly of five or more people. and a traffic advisory with planned route diversions, they said. According to a Haryana police advisory, main National Highway No 44 (Ambala-Delhi) may see some traffic disruptions in Karnal district on Tuesday.

"Therefore, the general public using NH-44 are advised to avoid journey through Karnal town or otherwise use alternate routes to go to their destination on September 7," it said. Additional Director General of Police (Law and Order) Navdeep Singh Virk said elaborate security arrangements have been made in view of the call for the gherao of mini-secretariat.

weighting of forged parts, possibly steering wheels, amongst others. Under the FDI rules, the company can account the value of third-party deals for sourcing norms, irrespective of whether it's for use in India or exported.

Apple Inc, which plans to source 30 per cent from India in five years for mobile devices, has already started assembling phones through its contract manufacturers, both for India and exports.

Tesla is looking at importing the cars initially. Tesla boss Elon Musk has called for a cut in the duty of imports — currently at over 100 per cent saying this policy is not consistent with its climate goals. Musk has also said that depending on how imports of cars do in India, it might look at a production facility in the country.

The move has already been publicly opposed by many Indian players like Ola Electric, which has said that the company should invest in manufacturing in India rather than import. But it has also received support from global companies like Hyundai--the second largest car manufacturer in the country--and Volkswagen. Many global companies have been pushing for a reduction in duty to 40 per cent.

The size of the electric car market is negligible and existing models are expensive and out of reach of most consumers. R C Bhargava, chairman of the largest carmaker Maruti Suzuki, in an interview said the market for electric cars was very small and would take more than five years to take off. Telsa has already received government approval for four of its models to be roadworthy in India.

Patel said that apart from this, there was a second approach. "We put two variants in one vaccine - a mixture of the Delta and one more variant. This is like the flu vaccine shots where three or four flu strains are part of the same vaccine. However, all this research is still very preliminary, and I do not think that we have anything in sight anytime soon. To have something practically would take at least five to six more months," he

Theoretically, each vaccine platform can be changed, but for some vaccine platforms, like recombinant ones (mRNA and DNA platforms), the change is relatively easier. One is only changing the genetic sequence (of the virus strain), and not changing anything else that is part of the construct.

Also, the mixing of sequences is not possible for all platforms.

It is possible to develop multi-variant vaccines on the inactivated virus vaccine platform like Bharat Biotech's Covaxin. However, research is needed to see how things work

"Every time we change, we are inactivating a live virus, and every inactivation is different. The way one inactivates the Wuhan strain may not be the same as one inactivates a different strain," the source explained

For recombinant vaccines like mRNA or DNA, the process is relatively simpler. Here, one changes the genetic sequence of the Wuhan strain with whichever strain one wants to. For virus-like particle technology vaccines (Novavax or Biological E) also, this is pos-

There is no data today on whether mixing two strains in the same vaccine gives better
