Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when,

in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure B**" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **VITESSE AGRO LTD** (“the Company”) as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion,, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE: 1.1 –SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these standalone financial statements. These Policies have been consistently applied to all the years presented, unless otherwise stated.

(i) **Basis Of Preparation**

(a) **Compliance with Ind AS**

The Standalone financial statements for the period ended 31st March, 2020 comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(b) **Use of Estimates**

The Preparation of financial statements requires estimates and assumptions that affect the reported amount of assets, liabilities, revenue and expenses during the reporting period. Although such estimates and assumptions are made on a reasonable and prudent basis taking into account all available information, actual results could differ from these estimates and assumptions and such differences, if arise, are recognized in the period in which the results are crystallized.

(c) **Current and non-current classification**

All the assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;

It is held primarily for the purpose of being traded;

It is expected to be realized within 12 months after the reporting date; or

It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Liabilities:

A liabilities is classified as current when it satisfies any of the following criteria:

It is expected to be settled in the Company's normal operating cycles;

It is held primarily for the purpose of being traded;

It is due to be settled within 12 months after the reporting date; or

The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification:

Current assets/liabilities include the current portion of non-current financial assets/liabilities respectively. All other assets/ liabilities are classified as non-current.

(ii) Operating cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operative cycle as 12 months for the purpose of classification of its assets and liabilities as current and noncurrent.

(iii) Inventories

Inventories are valued at the lower of cost and net realizable value. Net realizable value (NRV) is the estimated selling price in the ordinary course of the business, less the estimated cost of completion and the estimated costs necessary to make the sale. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

(iv) Cash Flow Statement

The Cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS) -7 "Statement of Cash Flows" using the indirect method for operating Activities.

The cash flows from operating, investing and financing activities of the Company are segregated based on the available information. Cash flows from operating activities are reported using the indirect method, whereby profit/(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and deferrals or accruals of past or future cash receipts or payments.

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

(v) Tangible fixed assets and depreciation

Fixed assets are carried at the cost of acquisition or construction less accumulated depreciation. The cost of fixed assets includes non refundable taxes, duties, freight and other incidental expenses related to the acquisition and installation of the respective assets.

Subsequent expenditure related to an item of tangible fixed asset is capitalized only if it increases the future benefits from the existing assets beyond its previously assessed standards of performance.

Advances paid towards acquisition of tangible fixed assets outstanding at each balance sheet date are shown under long term loans and advances.

Depreciation on tangible fixed assets is provided using the SLM method based on the useful life of the assets as specified in Schedule II to the Companies Act, 2013. Depreciation is calculated on a pro-rata basis from the date of installation till the date the assets are sold or disposed, Individual assets costing less than 5,000/- are depreciation in full in the year of acquisition.

No depreciation has been taken on the value of Cattle.

(vi) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of net of returns, trade allowances, rebates; value added taxes, goods and service

tax and amounts collected on behalf of third parties.

The Company recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the company's activities. The company bases its estimates on historical results, taking into consideration the type of customer, the type of transactions and the specifics of each arrangement.

The Company recognizes revenue when significant risk and rewards pertaining to ownership of goods get transferred from Seller to buyer.

(vii) Employee Benefits

Defined benefit plans

The company has not made provision for long term benefits like gratuity etc as required under AS-15- Employee Benefits since it is estimated not a material amount keeping in view the nature, circumstances and size of the company.

(viii) Taxation

Current income tax expense comprises taxes on income from operations in India. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax expense or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

In the event of deferred tax assets are recognized only to the extent that there is virtual certainty that sufficient future taxable income will be available to realize such assets. In other situations, deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available to realise these assets.

Advance taxes paid and income tax provisions arising in the same tax jurisdiction and where the Company intends to settle the assets and liability on a net basis.

The Company offsets deferred tax assets and deferred tax liabilities if it has a legally enforceable right and these relate to taxes on income levied by the same governing taxation laws.

(ix) Investment and other Financial Assets

(a) Classification

The Group classifies its financial assets in the measurement categories:

- Those to be measured subsequently at fair value, and
- Those measured at amortized cost.

The Classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will be recorded in profit or loss. For investment in equity instruments, this will depend on whether group has made an irrecoverable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(b) Measurement

The Company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognized in profit or loss as other income when the company's right to receive payments is established.

(x) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in balance sheet where there is legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liability simultaneously.

A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. The measurement of provision for restructuring includes only direct expenditure arising from the restructuring, which are both necessarily entailed by the restructuring and not associated with the ongoing activities of the company.

(xiii) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 90 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at the fair value and subsequently measured at amortised cost using the effective interest method.

(a) Earnings per Share

Basic earnings per share is calculated by dividing:
