Sub: Compliance under regulation 30 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("Listing Regulations")

Dear Sir,

Pursuant to regulation 30 of SEBI Listing Regulations, 2015, please find enclosed copies of notices given to shareholders informing them about the meeting of Board of Directors of the Company which is to be held on Wednesday, February 3, 2021, in accordance with regulation 47 of the Listing Regulations. The notice was published in the following newspapers on January 22, 2021:

- (1) Business Standard (All India editions) dated January 22, 2021;
- (2) Ajit (Ludhiana edition) dated January 22, 2021.

This is for your information and record.

Yours faithfully,
For Oswal Agro Mills Limited

Gopal

Company Secretary & Compliance Officer

Farmers reject Centre's proposal to defer laws

SANJEEB MUKHERJEE & AGENCIES
New Delhi, 21 January

In a setback to the Centre's effort to break the deadlock over the farm laws, the protesting farmers' unions on Thursday rejected the government's offer to keep the laws on hold for around 18 months, saying that they will not settle for anything less than total repeal of the Acts and a legal guarantee for Minimum Support Price (MSP).

"The full general body of the Samyukta Kisan Morcha (an umbrella body of farm unions leading protests across Delhi's border) today rejected the proposal put forward by the Centre yesterday. A full repeal of the Acts and enacting a legislation for remunerative MSP for all farmers were reiterated as the pending demands of the movement," a statement by the Morcha said.

The decision to reject the Centre's proposal was taken after a marathon meeting of the unions that started around 2.30 pm on Thursday and concluded late in the evening. It also came a day before the eleventh round of negotiations between the government and the unions.

During the tenth round on Wednesday, the government proposed to suspend the three contentious farm laws for 1-1.5 years and set up a joint committee to find an amicable solution.

Meanwhile, the Supreme Court-appointed panel on the new laws started its consultation on Thursday and interacted with 10 farmers' organisations from eight states, including Uttar Pradesh.

The apex court had on January 11 stayed the implementation of the three

Farmers have expressed apprehensions that the laws will pave the way for eliminating the safety cushion of MSP

laws, against which farmers have been for nearly two months now, till further orders and appointed a four-member panel to resolve the impasse.

Earlier in the day, the meeting between protesting unions and police over the proposed tractor rally on Republic Day remained inconclusive as the farmers stuck to their demand of taking out the on Delhi's Outer Ring Road.

Talking to reporters after the meeting, Swaraj Abhiyan leader Yogendra Yadav said police officers wanted farm leaders to take out their rally outside the national capital, which was not possible.

"We will carry out our parade peacefully inside Delhi. They wanted us to hold tractor rally outside Delhi, which is not possible," said Yadav, who is participating

in the ongoing agitation.

Sources said police officers tried to convince protesting farm unions to hold their tractor rally on the Kundli-Manesar-Palwal (KMP) Expressway instead of the Outer Ring Road.

Enacted last September, the three laws have been projected by the Centre as major reforms in the agriculture sector that will remove middlemen and allow farmers to sell their produce anywhere in the country.

However, the protesting farmers have expressed apprehensions that the laws will pave the way for eliminating the safety cushion of MSP and do away with the mandi (wholesale market) system, leaving them at the mercy of big corporate firms.

Hawk-i test-fires smart anti-airfield weapon

PRESS TRUST OF INDIA
Bengaluru, 21 January

The State-owned Hindustan Aeronautics Limited on Thursday achieved a major milestone by successfully test-firing a Smart Anti Airfield Weapon (SAAW) from the Hawk-i aircraft off the coast of Odisha.

The indigenous stand-off weapon, developed by

Defence Research and Development Organisation's Research Centre Imarat (RCI), is the first smart weapon fired from an Indian Hawk-Mk132, the HAL said.

"This was the first test conducted from the Hawk-i aircraft. The results were on the expected line when it hit the target with precision," an HAL official told PTI.

The aircraft flown by

HAL test pilots Wing Commander (Retd) P Awasthi and Wg Cdr (Retd) M Patel executed the weapon release in a text book manner and all mission objectives were met.

The telemetry and tracking systems captured all the mission events confirming the success of the trials.

"The Company owned Hawk-i platform is being

extensively used for certification of systems and weapons developed indigenously by DRDO and CSIR labs," R Madhavan, CMD, HAL, said.

Arup Chatterjee, Director, Engineering and Research and Development, HAL said HAL is indigenously enhancing the training and combat capability of Hawk-i.

FROM PAGE 1

Govt stares at...

On the other hand, the Centre may not be able to get the funds it had hoped to mop up through disinvestment in the public sector by the end of FY21 because the sale of Air India, Bharat Petroleum Corporation Ltd (BPCL), and Container Corporation of India (CONCOR) could not be completed.

Looking at the tax figures individually, direct tax collection has seen a negative growth rate of 12 per cent between April and December 2020.

There are also fears of a shortfall in goods and services tax (GST) collection. Despite the record collection of ₹1.15 trillion in December, the mop-up was 14.9 per cent less at ₹779

fetched high valuation.

"In terms of disinvestment, it is clear the target will not be met because concrete steps have not been taken. Too much time was spent tackling the pandemic in the first half and by the second half of the year the government may have missed the bus on good valuation," said Madan Sabnavis, chief economist, CARE Ratings. Any kind of disinvestment would have fetched good valuation, particularly in the second half of the year, he said.

"This may not be replicated in the next fiscal year," Sabnavis said. D K Joshi, chief economist, CRISIL Ratings, said this was not surprising.

"Last year when the Budget was made, there was no indication of the pandemic. It (pandemic) came as a surprise, something no one imagined, so

Telcos...

The guidelines envisage that the time taken from registration to certification would be 16 weeks. Also, even if mobile devices are running on the same OS architecture, but have added features, they will need to go for a separate certification.

The COAI has suggested that instead of multiple labs and agencies, there should be a single-window scheme for testing and certification, including for security, and that there should be one registration, testing and certification fee.

In its letter to the DoT, the COAI has also pointed to the lack of DoT-mandated testing labs in the country — at present there is only one lab for security testing. It has pointed

government, as witnessed recently, is "invaluable at a time when all other components of GDP are in deep retrenchment under the metastasis purveyed by the pandemic".

While India's current account surplus remained robust for the third consecutive quarter, it "continues to contend with sluggish absorptive capacity". The surplus has started to shrink in the second quarter and may moderate further in the second half of fiscal 2020-21, the report said.

In the first half of the next fiscal, GDP growth will benefit from statistical support and is likely to be mostly consumption-driven. India being the global capital for vaccine manufacturing, pharmaceuticals exports are expected to receive a big impetus. Agricultural exports would remain resilient

SBI
STATE BANK OF INDIA
CORPORATE CENTRE, MUMBAI - 400 021.

NOTICE
