UPERC approves average hike of 11.69% in electricity tariffs

DEEPA JAHNANI Lucknow, September 3

THE UTTAR PRADESH Electricity Regulatory Commission (UPERC) on Tuesday approved an average hike of 11.69% in tariffs. The retail tariff hike for domestic metered category consumers will be in the range of 8% to 12%, while industrial consumers' tariff hike will be in the range of 9% to 10%.

With pre-paid meters shall also be entitled to a discount of 2%

On the rates defined in the tariff order. Earlier, 1.25% rebate was provided to such consumers. The tariff announcement comes almost three months after Uttar Pradesh Power Corporation Limited (UPCL) had sought the regulator's nod for average tariff increase of 20-25% for domestic consumers. The UPCL and discoms had submitted an annual revenue requirement (ARR) of almost ₹75,200 crore for 2019-20, which was revised later. The UPERC approved an ARR of about ₹69,459 crore.

For agricultural metered consumers, the increase is 9% for urban schedule consumers while for rural schedule consumers it will be 15%, which would effectively be 4.72% to 10.72%.

After the tariff revision, the first 150 units of monthly domestic consumption will cost consumers ₹5.50 per unit. In place of ₹4.50 per unit at present. Similarly, for those consuming between 151-300 units upwards, the new tariffs would be ₹6 per unit against ₹5-40 per unit at present. ₹6.50 per unit in place of ₹6.20 per unit at present and ₹7 per unit against ₹6.50 per unit at present, respectively. In addition to that, the fixed monthly charge for a domestic connection, has also been increased 10% from ₹100 to ₹110 per connection. The commission, in a statement, said that it has abolished the regulatory surcharge on 4.8% for power distribution companies (discoms) which would translate into a reduction in each category's bill. After the abolition of the surcharge, the average effective rise in tariffs may come to 7.41%.

The lowest tariff hike has been approved for Industries amongst all consumer categories to spur consumption, which in turn will reduce the overall power purchase cost due to stranded cost and induce economic growth in the state, the commission's release said.

In an effort to promote pre-paid meters, the commission order states that consumers

DGCA curbs on entering cockpit, travelling in jump seat

PRESS TRUST OF INDIA New Delhi, September 3

AVIATION REGULATOR DGCA on Tuesday issued an order restricting the categories of persons who will be allowed to enter a plane's cockpit during flight and travel in jump seat. The regulator's order came after an off-duty pilot of Air India tested positive in a pre-flight alcohol test on July 13 when he was scheduled to travel in the jump seat of the plane's cockpit from Delhi to Bangalore.

On July 15, Directorate General of Civil Aviation (DGCA) had barred airline officials, including pilots and aircraft maintenance engineers, from travelling in the cockpit when they are off-duty or on leave.

On Tuesday, "for the purpose of security of aircraft operations", the regulator stated in its order that "no person shall enter the cockpit and occupy the jump seat" during flight time unless he or she is a crew member or an officer of the civil aviation department or India Meteorological Department, authorised by the DGCA to perform official duties.

The order also said that officials of the airline, who have been deputated for familiarisation of flight for better practical understanding of cockpit instruments, can travel in jump seat if they have the approval of pilot-in-command. It also said that the employee of the airline, or a flight crew member, whose presence will help in ensuring the aircraft safety, can also travel in cockpit's jump seat with the approval of pilot-in-command.

The order said that any representative of manufacturer of aircraft, who has to observe pilots and instruments, can travel in the jump seat with the approval of pilot-in-command. It also said that any other person authorised by the DGCA can travel in the cockpit's jump
