India to take up fuel, biofuel issues at COP28

Govt expected to push Global Biofuel Alliance; OMC chiefs setting up meetings

SUBHAYAN CHAKRABORTY
New Delhi, 28 November

In addition to advancing the climate agenda, Indian officials are expected to discuss both crude oil flows and biofuel partnerships on the sidelines of the upcoming 28th Conference of the Parties (COP28) United Nations (UN) Climate Summit in Dubai.

While the government will pitch its Global Biofuel Alliance (GBA) to a large group of developing nations, talks on oil flows are also expected with West Asian partners, officials said.

The annual meeting of the Conference of the Parties of the UN Framework Convention on Climate Change, more commonly referred to as COP, is set to begin on Thursday. The meeting is taking place at a time when nations are increasingly divided over how to achieve a substantial decline in global demand for oil and gas to limit global warming to 1.5 degrees Celsius by 2050.

Meanwhile, a large contingent of global oil industry executives is set to arrive in Dubai. After more than a year of securing major shipments of Russian crude, India is increasingly looking to re-establish supplies from its traditional partners in West Asia.

Top executives from state-owned oil-marketing companies will be travelling to the summit, and meetings are being drawn up with other major global oil companies, multiple people in the know said. "Such international events provide a major platform for business talks. This year is no different. Our companies are expected to be on the lookout for new opportunities to secure flows," an executive said.

As of September, the share of Russian crude in India's imports remained at 38 per cent, less than its historic high of 42 per cent, estimates made by the London-based commodity data analytics provider Vortexa, which tracks ship movements to estimate imports, show. This has happened even as the share of Saudi Arabia and Iraq has crept up in recent months.

Investments in traditional hydrocarbons like oil and gas have also become a major point of contention in climate talks. Last week, the International Energy Agency (IEA) highlighted that although investment in oil and gas supply is still necessary, the current rate of \$800 billion per year is double what is required in 2030 to meet declining demand in the ideal scenario. However, India is expected to stick to its position that further investment in developing and extracting oil and gas resources is needed in tandem with the exploration of carbon-free alternatives.

India's share in global oil demand is 5.5 per cent in 2023, much below the US' 20 per cent and China's 16.1 per cent. However, it is rising at a fast clip and is set to hit 6.6 per cent over the next five years.

The IEA has also flagged the oil and gas industry's meagre contribution to clean energy investment, accounting for only 1 per cent globally. Notably, 60 per cent of this investment is concentrated in

Unilateral carbon taxes coercive trade measure: BASIC

Unilateral and coercive climate change-related measures such as new carbon border taxes constitute a disguised restriction on international trade and should be avoided, the BASIC grouping of nations said ahead of the upcoming COP28 summit in Dubai. Comprising Brazil, South Africa, India and China, the bloc have often argued together at COP and have maintained a common minimum position. On Tuesday, the grouping said trade restrictions had an adverse impact on equitable and just transitions, in the context of sustainable development and efforts to eradicate poverty.

SUBHAYAN CHAKRABORTY

just four companies, prompting a call for a broader and more concerted effort across the entire sector, it had said.

On the other hand, New Delhi is expected to pitch the GBA to the global audience. Officials said plans are afoot to draw in more countries to the grouping.

"A diverse group of 19 countries and 12 international organisations have already joined the GBA, but we want all like-minded nations to join. We have received a good response from nations of the global south, and there will be more meetings on the sidelines of COP28," an official said.

Kenya and Uganda are already signatory nations while Tanzania has expressed intention to join.

Led by India, Brazil, and the US, the GBA aims to reshape the global landscape and expedite the uptake of biofuels worldwide by accelerating technology development, bolstering policy frameworks, and exchanging best practices. India also hopes to woo Russia and Saudi Arabia to come on board, owing to their fear that the alliance will intensify the already growing clamor against fossil fuels.

POSTAL BALLOT NOTICE TO MEMBERS & UPDATION OF EMAIL ADDRESSES OF SHAREHOLDERS

NOTICE is hereby given pursuant to the provisions of Section 110 and other applicable provisions, if any, of the Companies Act, 2013 ("the Act") read together with Rule 20 and Rule 22 of the Companies (Management and Administration) Rules, 2014 (including any statutory modification(s) or enactment thereof for the time being in force) ("the Rules"), Regulation 44 of the Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015, as amended ("SEBI Listing Regulations"), Secretarial Standard on General Meetings ("SS-2") issued by the Institute of Company Secretaries of India, and in terms of General Circular No.14/2020 dated 8th April 2020 read with General Circular No.17/2020 dated 13th April 2020, General Circular No.03/2022 dated 5th May 2022, General Circular No.11/2022 dated 28th December 2022 and General Circular No. 09/2023 dated September 25, 2023 issued by the Ministry of Corporate Affairs ("MCA") (hereinafter collectively referred to as "MCA Circulars"), the Company is initiating the Postal Ballot for obtaining the approval of the Shareholders in relation to transact the business(es) set out in the Postal Ballot Notice dated November 28, 2023 ("Notice"), which will be sent to the members in due course.

In accordance with the MCA Circulars, electronic copy/version of the Notice along with procedure & instructions for e-voting will be sent to all those members whose email ID is registered with the Company's Depository Participants ("DP").

The Company will send Notice by email to all its shareholders on Friday, December 01, 2023 whose names appear on the Register of Members/List of Beneficial Owners as received from the Depositories, National Securities Depository Limited ("NSDL") / Central Depository Services (India) Limited ("CDSL") on Friday, November 24, 2023 (hereinafter called as "Cut-off Date") and who have registered their e-mail addresses with the Company or Depositories / Depository Participant(s) and the communication of assent/ dissent of the members will only take place through the remote e-voting system. For this purpose, the Company has entered into an arrangement with Link Intime Private Limited for facilitating remote e-voting to enable the shareholders to cast their votes electronically instead of physical mode. Remote e-voting will commence from Saturday, December 02, 2023 (9:00 A.M. IST) and on Sunday, December 31, 2023 (5:00 P.M. IST) and remote e-voting shall not be allowed beyond the said date and time.

Therefore, those shareholders who have not yet registered/updated their email address are requested to get their email addresses registered/updated, in respect of electronic holdings with the Depository through the concerned Depository Participants (i.e. NSDL & CDSL) and in respect of physical holdings by writing to the Registrar and Share Transfer Agent of the Company i.e. Link Intime Private Limited ("RTA") at delhi@linkintime.co.in. Post successful registration of the email, the shareholder would get soft copy of the notice and the procedure for remote e-voting along with the User ID and the Password to enable remote e-voting for this Postal Ballot. Those shareholders who have already registered their email address are requested to keep their email addresses validated with their DP / the Company's RTA.

The Postal Ballot Notice will also be available on the website of the Company i.e. www.pdsdtd.com and also on the website of Exchanges i.e. BSE Limited and National Stock Exchange of India Limited in due course.

CHHATTISGARH

This poll season, liquor ban remains non-starter

R KRISHNA DAS
Raipur, 28 November

The elections in Chhattisgarh have concluded, but neither the ruling Congress nor the Bharatiya Janata Party (BJP) promised a ban on liquor in their manifestos, an issue that had sparked public debate before the polls.

In the run-up to the Assembly elections, liquor prohibition emerged as a crucial issue, with even Prime Minister Narendra Modi criticising Chief Minister Bhupesh Baghel for not implementing a ban. The ruling Congress had promised a liquor ban during the 2018 Assembly elections.

The substantial revenue generated from the liquor industry appears to be the major reason that prevented parties from promising a ban.

The Chhattisgarh government is targeting to earn ₹8,300 crore from excise duty in the financial year 2023-24. Until October, the excise revenue from liquor — amounting to around ₹4,554 crore — was 30 per cent higher compared to the year-ago period, the department officials said.

This figure, however, dipped in the elec-

tion month. Although the department aimed to collect ₹600 crore in November, it has only managed around ₹310 crore so far.

Officials attributed the decline in sales to the alleged free distribution of liquor during the elections. Chhattisgarh reportedly leads the nation in per capita liquor consumption, with a rate of 35.6 per cent, followed by Tripura at 34.7 per cent, and Andhra Pradesh at 34.5 per cent.

In 2022-23, the state government collected ₹6,700 crore in revenue from liquor, surpassing the target by ₹100 crore.

The Baghel government had initiated the process by forming a high-level committee to study liquor prohibition, which included a visit to Bihar to study its successful model and a discussion with Chief Minister Nitish Kumar. However, the committee's report was shelved.

"It is not easy for the state government to ban liquor and choke a big source of revenue, especially when it requires huge money for the freebies and subsidised schemes," said a former excise commissioner. He said a total ban could be possible if the government increases receipts from other sources, such as mining.

UTTAR PRADESH

Special women biz clusters on the anvil

VIRENDRA SINGH RAWAT
Lucknow, 28 November

The Uttar Pradesh government is planning special industrial enclaves for women to help them foster their participation in the flagship "Make in UP" mission.

While a cluster for women industrialists has been identified in Greater Noida in the National Capital Region (NCR), the template will be replicated in six other places, including Varanasi and Gorakhpur, the constituencies of Prime Minister Narendra Modi and UP Chief Minister Yogi Adityanath.

The remaining four areas include Lucknow, Kanpur, Bundelkhand, and Prayagraj. Since land and energy are pivotal for manufacturing and process-based industries, the government is taking steps to clear the impediments to ensure a smooth inflow of private investments. According to sources, the Greater Noida Industrial Development Authority (GNIDA) earmarked 500 acres of land for allocation to women entrepreneurs.

RAJASTHAN

State readies for ₹6.6K cr wedding season

ANIL SHARMA
Jaipur, 28 November

Rajasthan, perhaps the most sought-after marriage destination in the country, is gearing up for a hectic wedding season ahead which is likely to generate over ₹6,600 crore in revenue.

According to wedding planners and event managers, during this year's wedding season starting from November 23 till December 25, more than 300,000 weddings are expected to take place across the state, known for its royalty and rich culture.

"On Dev Uthmi Ekadashi, November 23, an auspicious date of wedding as per Hindu rituals, over 2,000 marriages took place in Jaipur alone and about 45,000 marriages took

During this wedding season, the state expects to host more than 300,000 weddings

place across the state," said Mahesh Kumar, a wedding planner based in Jaipur.

"This is just a glimpse, the big picture is yet to follow," he added. The wedding season is likely to boost business to the tune of more than ₹6,600 crore.

Around 12,000 to 13,000 weddings will be organised in Jaipur alone during this period. Federation's general secretary Bhavani Shankar Mali said a simple wedding costs around ₹10 lakh, while for an elite one, the budget ranges from ₹50

lakh to ₹2.5 crore. Apart from the people associated with the wedding industry, traders of jewellery, clothing and food items are also optimistic about good business this season.

Mali said 5-10 per cent of the total marriages would involve people from outside Rajasthan and three per cent of the weddings would be high-budget royal marriages.

"This year is going to be good for the industry, we expect 10 per cent more marriages this year compared to the last year," he said.

Rajasthan has emerged as one of the go-to destinations for a lavish Indian wedding. Many celebrity couples have chosen the state to tie the knot in a regal and traditional manner.
