Forward-looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and make informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Resilient by design. **Engineered for endurance.**

True strength is not just about enduring the storm, but braving through it. At Campus Activewear, we embody the essence of resilience and innovation, not just in our products but in the very fabric of our organisation.

Our shoes are not merely footwear. They are a symbol of self-expression, endurance, and cutting-edge design. Each pair of Campus is crafted with precision, reflecting our commitment to quality and durability. We harness the latest technology and trends to deliver products that make our customers win every occasion.

JUST AS OUR SHOES ARE ENGINEERED FOR ENDURANCE, SO IS OUR COMPANY.

In the face of a tough macroeconomic environment during this financial year, we showed remarkable resilience. We faced challenges head-on, from shifting consumer demands to heightened competition from unorganised markets.

Yet, we stood firm, strategically adapting and evolving. We expanded our portfolio, focussing on various market segments to address the diverse needs of our customers. By adding new stores, we added to our retail touch points to cater to a wider geography. We reduced our debt, strengthened our balance sheet, and focussed on optimising our working capital cycle, to enhance our financial robustness. This adaptability is at the core of our resilience, ensuring we are not just prepared for the future but are actively moving to shape it.

The road ahead may present new challenges, but we are confident in our ability to navigate them and capture newer opportunities.

We have shown that we can adapt, innovate, and thrive even in difficult times. Our focus remains on delivering on our growth with healthy profitability metrics, all underpinned by our strategic initiatives. As we move forward, our commitment to resilience and endurance will continue to guide us, ensuring that we remain strong, adaptable, and ready to seize every opportunity.

At Campus, we are not just resilient by design; we are engineered for endurance. Together, we stride forward with confidence, supported by a solid foundation, a clear vision, and a bright future.

CHAIRMAN'S ADDRESS

Leading with a vision. Backed by resilience.

Namaskar!

This year has been a testament to our resilience and commitment to excellence, even in the face of challenging economic conditions. The global economic landscape in FY24 was marked by volatility and uncertainty. Despite these headwinds, Campus Activewear has demonstrated remarkable spirit. Our ability to navigate through these turbulent times is a reflection of our robust business model, strategic foresight and the dedicated efforts of our team.

The global market faced numerous challenges, including supply chain disruptions, inflationary pressures and geopolitical tensions. The local market was inundated by unbranded and cheaper alternatives from the large unorganised sector in the footwear industry. However,

our strategic initiatives and adaptive measures have enabled us to withstand these challenges. We have remained committed to our vision of becoming a leading brand in the sports and athleisure footwear market, focussing on innovation, quality and customer satisfaction.

BUSINESS PERFORMANCE

Our Revenue from Operations stood at ₹ 1,448 Crores, reflecting a marginal decrease of 2.4% YOY. This was primarily driven by a drop in volumes. Despite a 5.6% decline in the volume of pairs sold, our sales decline was less on account of an increase in average selling price (ASP) by 3.4% from ₹ 631 to ₹ 652. This demonstrates our focus on premiumisation and maintaining competitive pricing even amidst macroeconomic challenges.

Our market performance has been encouraging, particularly in the North and West regions, where we experienced double-digit growth in key states during last year.

Our EBITDA and PAT also declined as compared to the previous year, mainly on account of higher Operational Expenses compared with marginal Revenue degrowth. We have stayed true to our expansion and growth strategy even during this challenging period, with thrust on more management bandwidth and hiring, higher Advertisements & Sales Promotion expenses leading to some compression in profitability margins for the year under review.

Our focus on fortifying the balance sheet and optimising the working capital cycle has also yielded some results. We have significantly decreased our Gross Debt from ₹ 180 Crores in FY23 to ₹ 24 Crores by the end of FY24. This financial prudence ensures we are well-positioned in light of a muted industry environment.

OPERATIONAL HIGHLIGHTS

In FY24, we inaugurated 66 new Exclusive Brand Outlets (EBOs) across western, southern and eastern regions, bringing our total to 250+ EBOs. We expanded from 35 EBOs in 2020 to over 250 EBOs nationwide in 2024, marking significant growth in a short span across the country. This expansion not only increases our market presence but also enhances our ability to serve customers better and deliver an unparalleled customer experience.

In addition to the physical stores, we have strengthened our online presence. Our e-commerce platform, www.campusshoes.com, along with the strong presence on leading online marketplaces continues to drive significant online sales. We also exited some third-party online marketplaces in FY24 as part of strategic realignment, which partly impacted our volumes during the year under review. We sold more than 7 million pairs through online channels in FY24, contributing 35.9% to our total revenue.

Our market performance has been encouraging, particularly in the North and West regions, where we experienced double digit growth in key states during last year. Significant response in states such as Uttar Pradesh, Bihar and Maharashtra further solidified our market position. We have also focussed on rural demand with a comprehensive portfolio of designs catering to these price points.

SUSTAINABILITY AND SOCIAL RESPONSIBILITY

At Campus Activewear, we are committed to sustainable business practices and social responsibility. We have implemented various initiatives to reduce our environmental footprint and contribute to the well-being of local communities where we have operations. The efforts include energy-efficient manufacturing processes, waste reduction programmes, reducing our carbon footprint and community outreach activities.

We believe our success is not just measured by financial performance but also by the impact on society and the environment. We will continue to prioritise sustainability and social responsibility as integral parts of our business strategy.

OUTLOOK

We have made strategic investments in branding and new R&D-enabled product introductions, emphasising

our commitment to offering top-tier global designs and technology in sports and athleisure footwear. Investments in technology and innovation have been instrumental in driving our growth. We have enhanced our manufacturing capabilities by incorporating advanced technologies that improve efficiency and product quality. Our design team continues to innovate, creating footwear that combines style, comfort and performance.

Looking ahead, we are confident in our ability to navigate the evolving economic landscape. The aspiration to revert to our past profitability margins is supported by strategic initiatives and relentless pursuit of customer satisfaction. We are committed to enhancing brand aspiration through innovative marketing and product offerings.

The Indian market presents significant growth opportunities, with increasing consumer demand for sports and athleisure footwear. We are well-positioned to capitalise on this trend, leveraging our strong brand, extensive distribution network and innovative portfolio.

Concluding, I extend my heartfelt gratitude to our shareholders, customers, partners and all other stakeholders for their sustained support and trust. To our dedicated employees, your hard work and commitment are the pillars of our success. Together, we will continue to move forward with confidence, knowing that our foundation is solid, our vision is clear and our future is bright.

Thank you for your continued confidence in Campus Activewear. We look forward to a year of growth, innovation and success.

Warm regards,

HK Agarwal

CEO'S LETTER

Driving endurance. Shaping the future.

Dear all,

Despite facing a challenging macroeconomic environment in FY24, we demonstrated exceptional adaptability and remarkable agility to weather the storm. Given the difficult times, we took strategic initiatives to consolidate our financials, innovate products and drive endurance looking at long-term value creation.

This year has been a period of focussing on manufacturing capabilities, operational efficiencies, product diversifications, distribution advances, digital transformation and marketing initiatives. All these efforts helped us navigate the evolving challenges and prepared us to seize future opportunities.

We have expanded our product range, introducing

300+

new designs in FY24, catering to the diverse tastes of customers.

BUSINESS HIGHLIGHTS

Campus Activewear showed remarkable resilience in FY24, despite experiencing a modest decline in revenue and other key financial metrics. We view this year as a transitory one, where we have managed to achieve a remarkable resurgence in the latter half of the year. The external environment presented different challenges such as supply chain pressures and competition from unorganised markets introducing smaller brands at lower price points. However, we responded with a strategic pivot

towards a comprehensive portfolio, strengthening branding to effectively capture consumer attention and focusing on diverse market segments. We concluded with a healthy financial performance in the latter half.

In FY24, we sold approximately 22.2 million pairs, albeit a little less than FY23, but still a robust number, which is proof of our extensive market presence. Our D2C offline channel witnessed impressive growth, from 7.2% of revenues in FY23 to 10.6% in FY24, driven by the higher number of EBOs. Our trade distribution channel continued to perform robustly, contributing 53.5% to our total revenue demonstrating marginal decrease from 55.3% last year.

Our strategy of integrating physical and digital channels has proven effective. This balanced revenue mix highlights the effectiveness of our omni-channel strategy, seamlessly integrating online and offline channels to provide a comprehensive shopping experience. We aim to enhance our omni-channel strategy, achieving a 50:50 balance between online and offline sales.

PRODUCT AND MARKETING INNOVATIONS

At Campus, innovation is at the heart of everything we do. We have expanded our product range, introducing 300+ new designs in FY24, catering to the diverse tastes of customers. New product launches included SKUs in Campus OG's NitroFly, NitroBoost and Air Capsule styles. Our focus on premiumisation is evident in the 3.4% increase in ASP from ₹ 631 in FY23 to ₹ 652 per pair in FY24.

Our marketing initiatives have been dynamic and consumer-focused. The 'Move with Swagger' campaign, featuring Sonam Bajwa and King, resonated strongly with our target audience. Our investments in media spend, including TV campaigns, OOH coverage and social media engagements, have significantly enhanced brand recognition and consumer engagement.

CEO'S LETTER (CONTD.)

We have also launched several digital marketing campaigns aimed at increasing our online presence and driving e-commerce sales. These initiatives have helped us reach a wider audience and improve our customer engagement.

OPERATIONAL EXCELLENCE

Our efforts to improve operational efficiency have paid off. By adopting advanced manufacturing techniques and optimising our supply chain, we have reduced costs and improved product quality. This has enabled us to offer high-quality products at competitive prices, which has been a key factor in our success.

Our manufacturing capabilities have been enhanced, with an annual assembly capacity of 35.8 million pairs and 60-90 days manufacturing lead time (versus the industry average of 90-120 days), which is a key cornerstone of our business model. We have also strengthened strategic partnerships with third-party manufacturers, allowing us to maintain flexibility and quality in our operations.

The continued thrust towards digital transformation efforts has yielded results and improved our inventory management, production planning and sales forecasting.

This has enabled us to respond quickly to market changes and meet the evolving needs of customers. Despite the challenging market conditions, we reduced the discounting at the retailer level, by realigning our strategies and creating a win-win situation for the Company as well as the channel partners.

EXPANSION FOCUS

As we move forward, the strategic focus will remain on expanding our footprint in untapped markets, particularly in the western and southern regions. We are also exploring opportunities for product diversification, leveraging our expertise and brand presence to capture new market segments. Also, we are immensely proud to announce that Campus Activewear has achieved the milestone of being the pioneer domestic shoe manufacturer to obtain the licence* from BIS (Updated from 2010 to 2023 QCO:IS 15844 Part I) by adopting some of the most comprehensive and stringent standards in the world. The implementation of BIS quality control standards provides a conducive environment for delivering high-quality products.

Our expansion strategy has been multifaceted, focusing on both physical and digital channels. We have significantly increased our retail footprint with the opening of new exclusive brand outlets and the expansion of our presence in large format stores (LFS). Our EBO count has now reached 250+ and we have more than 1,300+ LFS counters. This extensive network ensures our products are accessible to consumers across the country.

35.8 mn

Annual assembly capacity of shoes

The brand's strong presence in both urban and rural markets is a testament to our understanding of the diverse needs of customers. While focussing on rural demand with a comprehensive portfolio of designs catering to all price points, we have tailored our marketing strategies to resonate with different demographics, ensuring the brand remains relevant and appealing to a wide audience.

Through targeted, thematic marketing campaigns and strategic partnerships, we aim to strengthen our brand and increase brand recognition.

LOOKING AT THE FUTURE

Our goal is to return to our growth trajectory in the coming years, leveraging strengths in innovation, operational excellence and market understanding to drive growth and enhance brand aspiration through marketing and product offerings. We will continue investing in R&D to develop new products that meet the evolving needs of customers. Our goal is to stay ahead of the competition by offering products that combine style, comfort and performance.

We will also continue to expand our retail footprint. By opening new stores in key markets and enhancing our online presence, we aim to reach more customers and increase market share.

Our strategy of integrating physical and digital channels will enable us to provide a seamless shopping experience for our customers, regardless of how they choose to shop.

Besides expanding the product range and retail footprint, we will focus on enhancing our brand image. Through targeted, thematic marketing campaigns and strategic partnerships, we aim to strengthen our brand and increase brand recognition. Our goal is to position Campus as the go-to brand for sports and athleisure footwear in India.

In conclusion, FY24 was a year of resilience and preparation for endurance. Our dedicated teams' hard work was the driving force behind it. Our strategic initiatives, focus on innovation and commitment to operational excellence position us well for continued success.

I extend my heartfelt thanks to all our stakeholders for their support. Together, we will continue to push boundaries, explore new markets and deliver exceptional value to our customers. Our journey is one of endurance and I am confident that the best is yet to come.

02// OMNI-CHANNEL PRESENCE

Reaching customers where they are

Today's customers prioritise two key aspects: convenience and experience.

• **For convenience,** customers expect quick and effortless access to products, whether it's through a nearby physical store or rapid e-commerce. Apart from convenience, they crave a rich and engaging shopping experience.

Key advantages of our omni-channel presence

EMPOWERMENT

Our omni-channel strategy empowers consumers to engage with our brand and products through their preferred channels, whether visiting our stores, exploring our website, or connecting with us on social media. This accessibility ensures that every customer can enjoy the Campus experience wherever they are.

EXPLORATION

Our omni-channel presence transcends sales transactions. It serves as a gateway for customers to discover our brand essence and explore the latest trends and innovations in footwear. This exploratory journey is central to our strategy, enhancing customer engagement and loyalty.

EXPERIENCE

Every touch point in our omni-channel approach provides a seamless and immersive experience. By embracing this strategy, we cover the entire consumer journey, from awareness to research, transaction, fulfilment, and after-sales. This comprehensive approach ensures a consistent and satisfying customer experience.

ENGAGEMENT

We are media agnostic, engaging with consumers through both virtual and physical interactions. This flexibility enhances the process of discovering, evaluating, and purchasing our products, resulting in an elevated shopping journey. By blending traditional and modern channels, we maintain a dynamic and responsive connection with our customers.

ENRICHMENT

Leveraging the power of omni-channel, we create a harmonious blend of convenience, personalisation, choice, and loyalty benefits, enriching every step of the customer's purchase lifecycle. This enriches the overall customer experience, fostering long-term loyalty and satisfaction.

In experience, customers seek more than just a transaction. They want well-designed, aesthetically pleasing physical stores, interactive displays and knowledgeable staff to enhance their in-store visits. Online, customers value tailored recommendations, exclusive products and loyalty offers, which collectively enrich their shopping experience. Additionally, they desire the flexibility to start their shopping journey on one platform and finish it on another seamlessly, whether they're shopping online, in-store or via mobile apps.

At Campus, we empower customers with seamless accessibility and an engaging shopping journey through our robust omni-channel presence. With a vast pan-India footprint, we have strategically woven our presence across traditional and modern sales channels. This integrated approach blends our brick-and-mortar stores with online platforms, ensuring a smooth customer journey that bridges the physical and digital realms. Every interaction with our brand is designed to be memorable and satisfying, reflecting our commitment to delivering an exceptional shopping experience.

D2C ONLINE CHANNEL

Our strong interplay between traditional distribution and modern D2C channels extends our reach.

SYNERGY BETWEEN CHANNELS

Our D2C channel seamlessly complements our traditional distribution, enhancing our pan-India reach. This synergy is particularly effective, where our physical presence is not as strong, boosting both sales and brand awareness.

REVENUE GROWTH

We are significantly ramping up our online revenue mix, aiming for a balanced 50:50 split between online and offline sales. Our focus is on enhancing online sales through targeted strategies.

EXPANDING REACH IN SOUTH INDIA

The success of our D2C sales in South India is paving the way for further expansion of our trade distribution network in this region, allowing us to grow our footprint and customer base.

STRATEGIC INITIATIVES

We will continue to leverage special drops, influencer-based consumer engagements, limited edition ranges, and specially manufactured products for our online channels. Additionally, we are increasing our marketing efforts on digital platforms.

03// INNOVATIVE MARKETING CAPABILITIES

Shaping an endearing and enduring brand

Our company has undergone a significant transformation in its marketing approach in recent years, shifting from conventional trade-oriented tactics to innovative, customer-centric strategies. This pivot towards customer-focused marketing has substantially boosted our brand's appeal and recall while solidifying market presence. We have implemented a comprehensive marketing funnel that connects with consumers at multiple stages, spanning from traditional broadcast media to modern influencer-driven engagements and, ultimately, class-apart in-store experiences.

Strengthening our brand positioning

Through our innovative strategies, we continuously fortify our brand positioning, deeply engaging with our target audience.

ASPIRATIONAL YET AFFORDABLE

We strike the perfect balance between aspiration and value, establishing Campus as the go-to choice for stylish and affordable sports and athleisure footwear.

FASHIONABLE YET FUNCTIONAL

We are redefining the narrative, transforming shoes from merely functional items to fashionable statements, evolving from a sports & athleisure brand to a comprehensive fashion and lifestyle brand.

SPECIAL YET SUITS ALL OCCASIONS

We speak the language of shoes, enhancing shoe consciousness, and owning every occasion - whether walking, dancing, working, or partying - with the perfect pair of shoes.

INDIVIDUAL YET IN THE COLLECTIVE

We express individuality in a cool, buddy-like way, celebrating self-expression, movement, fashion, and most importantly, youthful spirit.

METRO YET SMALL-TOWN

We captivate the metro audience with stylish shoes while also permeating fashion-conscious small-town India.

Our marketing initiatives have been wide-ranging and highly effective. By employing a diverse array of channels, we have created campaigns that deeply resonate with our intended demographic, resulting in substantial media coverage and engagement across various platforms.

We have successfully created one of India's largest Sports & Athleisure (S&A) footwear brands.

03// INNOVATIVE MARKETING CAPABILITIES (CONTD.)

Expanding our brand awareness

Our consumer-centric strategies continuously expand brand awareness, enhancing recognition and recall through multiple touch points:

MULTI-CHANNEL ENGAGEMENT

Shifting from traditional trade-led marketing, we integrate a direct-to-consumer approach, engaging with customers at various touch points. This method allows us to create deeper connections, understand preferences, and craft personalised experiences as customers discover our brand and explore our products.

MARKETING CAMPAIGNS

We collaborate with top advertising and media planning agencies to ensure the success of our marketing initiatives. Their expertise, combined with our internal team's efforts, helps us craft compelling messages, target specific consumer segments, and boost brand loyalty. Our campaigns are designed to engage, inspire, and drive brand recognition.

MEANINGFUL CONNECTIONS

Beyond strategic partnerships and targeted marketing efforts, we leverage topical events and festive occasions to enrich our brand narrative. Through emphatic storytelling that emphasises friendship, sharing, and the joy of festivals, we forge meaningful connections with consumers and reinforce our brand values.

We have the highest ever Top of Mind Awareness (TOMA) - a measure of how high brands rank in the consciousness of consumers

Through brand-building initiatives, leveraging mental and physical availability, TOMA increased from 15% to 20% in FY24 - a 33% growth.*

04// VERTICALLY INTEGRATED MANUFACTURING ECOSYSTEM

The backbone of our resilience

To establish Campus as a dominant pan-India footwear brand, we have recognised that top-tier product design and distribution capabilities must be supported by a robust manufacturing and supply chain ecosystem. Our vertically integrated manufacturing approach is the cornerstone of this strategy.

This approach goes beyond a mere operational framework; it embodies our unwavering commitment to delivering exceptional footwear to customers.

By strategically combining in-house production with carefully selected third-party manufacturing partnerships, we have created a flexible ecosystem that excels in key areas of our operations.

The fundamental elements that give our vertically integrated manufacturing ecosystem a distinct competitive edge and fortify the brand's resilience:

STRINGENT STANDARDS

With stringent quality control measures embedded in our manufacturing ecosystem, we maintain the highest standards throughout the production process. Our dedicated teams rigorously assess each step, from sourcing materials to final inspection, ensuring that every pair of Campus shoes meets customers' expectations.

OPTIMISED EFFICIENCY

Controlling costs without compromising on quality is a key driver of our manufacturing strategy. By integrating critical processes, we optimise efficiency and minimise expenses, enabling us to deliver exceptional value to customers.

DYNAMIC AGILITY

Agility is essential as a competitive advantage. Through vertical integration, we achieve shorter lead times, accelerating our product development and launch cycles. Partnerships with third-party manufacturers add to our speed. This means we can swiftly respond to market trends, ensuring our offerings remain fresh and in demand.

AMBITIOUS PLANS

Besides current capabilities, we have plans to expand our manufacturing footprint. This includes acquiring land and constructing new facilities to meet growing demand. Our goal is to achieve backward integration across various aspects of the manufacturing process, both organically and through strategic acquisitions.

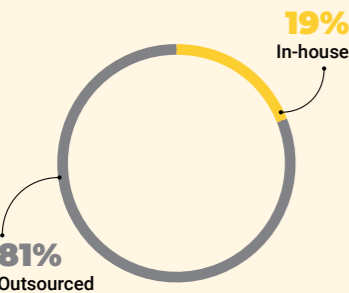

PROFICIENT TEAM

Guided by our experienced operational and management teams, we are well-positioned to efficiently execute production plans as well as seamlessly integrate acquisitions. This allows us to continually strengthen our manufacturing ecosystem and drive sustainable growth.

ENHANCING AND INTEGRATING OUR SUPPLY CHAIN

We have developed a robust network of suppliers and manufacturers to source various raw materials and components essential to our manufacturing process. In recent years, we have significantly expanded our capabilities by commissioning new facilities and adding new production lines within the existing infrastructure.

These enhancements ensure that our supply chain remains agile, efficient, streamlined and capable of meeting the growing demands of the market. Our latest expansions include:

- FY24** — Increased annual assembly capacity by 1 million pairs
- FY22** —
 - Additional footwear assembly lines in Dehradun and Baddi.
 - Additional sole and uppers manufacturing capacity at Ganaur and Haridwar, respectively.
- FY21** —
 - Commissioned a sole manufacturing facility at Ganaur.
- FY20** —
 - Commissioned an uppers manufacturing facility at Haridwar.

DIGITISATION FOR EFFICIENCY

Leveraging advanced technology, we have digitised our manufacturing processes, ensuring efficient product flow and quick adaptation to market demands. This digital transformation enhances our ability to serve customers with agility and precision.

05// DIGITAL TRANSFORMATION

Data-driven decisions

At Campus, the commitment to prioritising the customer shapes every aspect of our business model. We decode, design, develop and deliver products with the consumer at the centre of our thoughts. Taking this commitment to the next level, we have harnessed the transformative power of digitisation, revolutionising our sales process, leveraging consumer and channel insights and achieving better demand forecasting and faster time to market.

Key pillars of our digitisation strategy

TARGETING OUR PRIME AUDIENCE

We recognise the significant influence of the 14 to 35 age group in the sports and athleisure footwear market, representing 44%* of the industry in India as of FY20'. By closely tracking our target market and consumers, we mitigate the risk of launching irrelevant products or missing out on important trends. Our agile product development cycle, supported by a data-centric approach, ensures shorter time to market and keeps us ahead of the curve.

(*Source: Technopak Report)

DECODING DATA TO DRIVE DECISIONS

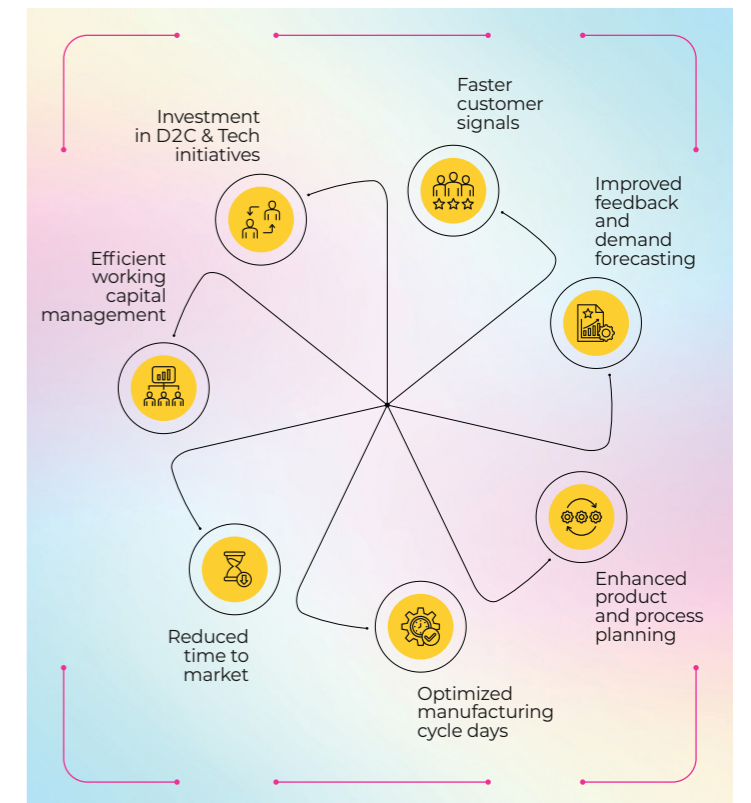

The data-centric approach revolves around collecting and analysing multiple data points from our digitised sales and distribution network. By harnessing this data, we gain valuable insights into consumer demand trends, design preferences, colour choices, response to new designs and price movements. This continuous evaluation empowers us to forecast future consumption patterns, tailor our offerings and plan production accordingly. It's a virtuous flywheel effect that drives our success.

Our data-centric approach continuously monitors consumer demand trends, design and colour preferences, response to new designs and price movements across categories. This ongoing analysis empowers us to stay ahead of market shifts and align our offerings with customer expectations.

By embracing the power of technology, we have streamlined our operations, enabling us to respond swiftly to market changes and consumer needs. This comprehensive approach has positioned us for continued growth and success in the ever-evolving footwear industry.

Digitising our sales process has resulted in unmatched speed to market, optimised merchandising, and increased efficiency in design, manufacturing, and sales.

05// DIGITAL TRANSFORMATION (CONTD.)

Key pillars of our digitisation strategy

STREAMLINING OUR SALES OPERATIONS

To streamline operations, we have implemented various digitisation initiatives, including enterprise resource planning (ERP), distribution management system (DMS), field force management, point-of-sale (PoS), e-commerce order management (OMS) and retailer engagement applications. These advanced systems provide real-time information, optimising functions such as procurement, inventory management, production planning, sales and distribution, quality control and human resources. Enhanced visibility and connectivity enable informed decision-making and efficient performance management.

ENHANCING SALES TEAM EFFECTIVENESS

The sales force plays a pivotal role in our success and we have equipped them with cutting-edge tools for enhanced efficiency. Through our field force management system, we gain complete visibility of sales staff activities, improve beat planning, acquire new retailers and enable effective distribution management. The implementation of GPS technology ensures comprehensive sales network coverage, expanding our reach across India. 23,000+ retailers are covered through our distributor 'feet-on-street' initiative.

CAPITALISING ON GROWTH PROSPECTS

Looking ahead, digitisation efforts will continue to strengthen our product focus and nurture relationships with distributors and retailers. By leveraging technology, such as DMS for secondary sales and inventory visibility, and retailers' engagement applications for continuous demand, we aim to establish a sustainable demand model. Additionally, our focus on field force automation and constant engagement with end-retailers will drive sales and channel loyalty.

Embracing digitisation has enabled us to meet our consumers' evolving needs with unparalleled speed, accuracy, and market insight. Leveraging advanced technology, we are well-positioned for sustained growth and continued success in the dynamic footwear industry.

Resilience

KEY PERFORMANCE INDICATORS

Stepping ahead with resilience and endurance

Despite facing challenging macroeconomic conditions in FY24, Campus Activewear demonstrated resilience and adaptability. The year presented difficulties due to the economic environment, a strategic shift towards a broader product range, targeting various market segments and increased competition from smaller, unorganised brands offering lower-priced alternatives.

Nevertheless, there were significant positive developments. The company successfully reduced net debt, thereby strengthening its capital structure. Efforts were focused on enhancing the balance sheet and optimising the working capital cycle. Looking forward, Campus Activewear remains confident in its ability to navigate challenges and achieve growth objectives in the near future.

CORPORATE SOCIAL RESPONSIBILITY

Making a difference together

OUR PHILOSOPHY

We believe in the power of giving back to society. Corporate Social Responsibility (CSR) activities are at the core of our values, as we strive to make a positive impact on the communities we serve. Through collaborative efforts and meaningful engagement, we aim to create a better future for all.

Resilience

isn't just for challenges;

it's our everyday strategy.

KEY INITIATIVES AND EFFORTS IN CSR

OLYMPIC AND PARALYMPIC SPORTS

Campus Activewear has partnered with the Foundation for Promotion of Sports and Games through the OGQ programme. This initiative is committed to bridging the gap between the best athletes in India and the best athletes in the world, with a mission to support Indian athletes in winning Olympic and Paralympic gold medals. The foundation's vision is to scout for potential medal talent, identify areas of support and work with all stakeholders to aid deserving talent.

Currently, the foundation supports 123 athletes and 59 para-athletes in 10 sports: Shooting, Badminton, Judo, Archery, Boxing, Wrestling, Powerlifting, Weightlifting, Table Tennis, and Athletics.

EDUCATION, FOOD, HOME AND MEDICAL ASSISTANCE

Sewa Bharti Foundation

Campus Activewear has partnered with Sewa Bharti Foundation to provide quality education from 6th to 12th standard to underprivileged children in India. The Foundation aims to inculcate intellectual, physical, spiritual, religious and moral education in children, working towards the creation of a harmonious society.

ApnaGhar Ashram

Campus Activewear supports ApnaGhar Ashram, which provides free facilities such as treatment, food, clothing, personal care and medical/surgical treatments to those in need. The Ashram offers first aid, food, personal hygiene, clothing and other necessities, picking up helpless individuals from the streets and admitting them to the Ashram, where they receive comprehensive care until they recover fully.

EDUCATION

Campus Activewear has collaborated with the Central Square Foundation (CSF), a non-profit organisation dedicated to ensuring quality school education for all children in India. This partnership focuses on executing the "NIPUN Mission" in Uttar Pradesh. CSF works with the Government of Uttar Pradesh's education department to improve the capacity to deliver Foundational Literacy and Numeracy (FLN) outcomes to approximately 7.6 million students across 110,000 primary government schools in all 75 districts of the state.

UNDERPRIVILEGED SECTIONS

Campus Activewear has associated with VISHVAS to support underprivileged sections of society, including providing education in computers to girls and free eye care. VISHVAS aims to empower women through education and vocational training. Recently, they launched a free charitable training and stitching centre for women in our society.

SPORTS TRAINING

Campus Activewear has partnered with the Sportz Village Foundation to provide sports training to students and supply sports kits for skill enhancement and preparation for state and national-level competitions. Sportz Village Foundation helps children from public schools (both rural and urban) to benefit from sports and physical education programmes, leading to improved developmental outcomes. The Foundation aims to enhance health, education and social-emotional skills for children.

Management Discussion and Analysis

Economic overview

GLOBAL ECONOMY

The global economy has demonstrated remarkable resilience in the face of significant challenges over the past two years. Despite predictions of stagflation and recession, economic activity grew steadily as inflation receded from its mid-2022 peak. This resilience has been underpinned by a few factors. Employment and income growth remained stable, supported by stronger-than-expected government spending, household consumption, and a supply-side expansion driven by an unexpected increase in labour force participation. This economic resilience, despite significant central bank interest rate hikes aimed at restoring price stability, was also bolstered by households in major advanced economies drawing on substantial savings accumulated during the pandemic.

Changes in mortgage and housing markets over the pre-pandemic decade of low interest rates mitigated the near-term impact of policy rate hikes. As inflation approaches target levels and central banks in many

MD&A (CONTD.)

economies shift towards policy easing, a tightening of fiscal policies – aimed at reducing high government debt through higher taxes and lower government spending – is expected to weigh on growth.

OUTLOOK

Global growth, estimated at 3.2% for 2023, is projected to maintain this pace through 2024 and 2025. This rate of expansion remains low by historical standards, influenced by factors such as persistently high borrowing costs, the withdrawal of fiscal support, long-term impacts from the COVID-19 pandemic and the Russia-Ukraine conflict, weak productivity growth and increasing geo-economic fragmentation.

Global headline inflation is expected to decrease from an annual average of 6.8% in 2023 to 5.9% in 2024 and 4.5% in 2025,

with advanced economies returning to their inflation targets faster than emerging markets and developing economies. The latest forecast for global growth five years from now, at 3.1%, is the lowest in decades. The pace of convergence toward higher living standards for middle- and lower-income countries has slowed, suggesting persistent global economic disparities. The relatively weak medium-term outlook is due to lower growth in GDP per person, primarily resulting from ongoing structural frictions that hinder the movement of capital and labour to more productive firms.

The figures given below reflect a modest yet steady growth trajectory across most regions, albeit with varied recovery paces influenced by regional economic dynamics and policy measures.

INDIAN ECONOMY

The Indian economy has made significant strides in recent years, positioning itself to tackle various challenges more effectively. This progress can be attributed to policy initiatives implemented over the past decade. The government has prioritised infrastructure development, substantially increasing public sector capital investment from ₹ 5.6 Lakh Crores in FY15 to an estimated ₹ 18.6 Lakh Crores in FY24 – a more than threefold increase. Across various sectors, including highways, freight corridors, airports, metro systems and trans-sea connections, there has been a notable expansion of both physical and digital infrastructure over the last decade.

The financial sector is currently in a strong position, with improved balance sheets and increased lending capacity. Non-food credit growth, excluding personal loans, is experiencing robust double-digit growth rates. Efforts towards inclusive development have resulted in improved financial health for Indian households. The Jan Dhan Yojana scheme has led to the opening of 51 Crores bank accounts, with total deposits surpassing ₹ 2.1 Lakh Crores. More than half of these accounts are held by women. Household financial assets as a percentage of GDP increased from 86.2% in December 2019 to 103.1% by March 2023, while liabilities rose from 33.4% to 37.6% during the same period. Consequently, net financial assets of households grew from 52.8% of GDP to 65.5%.

OUTLOOK

Looking ahead, projections suggest the Indian economy may achieve a growth rate of 7% or higher for FY24, with some analysts predicting similar growth in FY25. If these forecasts prove accurate, it would mark four consecutive years of post-pandemic growth at or above 7%, underscoring the economy's resilience and potential. This consistent performance indicates a solid economic foundation.

It's worth noting that economic growth should be evaluated in context. Achieving 7% growth in a global environment where overall economic expansion is around 2% is arguably more impressive than 8-9% growth when the world economy is growing at 4%. The current global economic climate faces challenges in maintaining post-COVID recovery, with issues such as supply chain disruptions affecting trade, transportation costs, economic output and inflation worldwide. While India is not immune to these global pressures, its experience in navigating the COVID-19 crisis and the energy and commodity price shocks of 2022 provides a measure of confidence in its ability to manage future economic challenges.

Industry overview**INDIAN FOOTWEAR RETAIL INDUSTRY OVERVIEW**

India's footwear retail industry is experiencing robust growth and transformation, with promising projections for the future. In FY20, the domestic market was valued at ₹ 72,000 Crores and it is expected to reach ₹ 105,000 Crores by FY25, growing at a compound annual growth rate (CAGR) of 8%. This growth trajectory builds upon the sector's impressive performance between FY15 and FY20, during which it expanded at a CAGR of approximately 9%.

The market dynamics are evolving, with interesting shifts in consumer preferences and segment growth rates. Currently, men's footwear dominates the market with a 48% share. However, women's footwear is anticipated to grow at a faster pace, potentially achieving near parity in terms of market value by FY25. While casual footwear remains the largest category, the sports and athleisure segments are emerging as the fastest-growing, collectively accounting for over two-thirds of the entire market in FY20.

The COVID-19 pandemic significantly impacted the industry, with travel restrictions causing a contraction of nearly 33% in the retail footwear market in FY21. However, the sector is poised for a strong rebound, with forecasts suggesting a remarkable CAGR of approximately 22% between FY21 and FY25.

The organised retail segment, which includes Exclusive Brand Outlets (EBOs), large format stores (LFS) and e-commerce platforms,

is gaining traction. In FY20, it contributed 30% by value and 13% by volume to the overall footwear retail market. This segment is expected to outpace the overall category growth, with a projected CAGR of 13% over the next five years.

Branding plays a crucial role in the footwear industry and this trend is set to intensify. By FY25, the branded segment is anticipated to achieve parity with the unbranded sector in terms of market share, growing at a value rate of 11% from FY21 to FY25.

India's position as one of the world's leading producers and consumers of footwear underscores the industry's significance to the national economy. The sector employs more than 2 million individuals, highlighting its importance as a job creator.

The sports and athleisure (S&A) footwear segment, in particular, is experiencing rapid growth.

KEY DRIVERS FOR THE INDIAN S&A FOOTWEAR SEGMENT**01//**

Growing proclivity towards sports and physical activities

02//

The ability of home-grown brands to address the underserved demand

03//

Increased share of branded category

As the Indian footwear industry continues to evolve and expand, it presents significant opportunities for both established players and new entrants. The sector's resilience, coupled with changing consumer preferences and increasing disposable incomes, suggests a bright future for this dynamic industry.

Source: Technopak Report

GROWTH DRIVERS

RISING DISPOSABLE INCOME

As the average disposable income of the Indian population increases, there is a greater capacity for spending on consumer discretionary items such as footwear.

URBANISATION

Rapid urbanisation has led to a shift in consumer preferences towards branded and fashionable footwear.

INCREASING AWARENESS OF HEALTH AND FITNESS

The growing focus on health and fitness has boosted the demand for athletic and sports footwear. India is witnessing a significant increase in the number of health-conscious individuals.

E-COMMERCE BOOM

The surge in e-commerce platforms has made footwear more accessible, providing consumers with a wide range of options.

CHALLENGES

COMPETITION FROM THE UNORGANISED SECTOR

The presence of a large unorganised sector in the footwear industry poses a challenge to organised players, as unbranded and cheaper alternatives are readily available.

INFRASTRUCTURE LIMITATIONS

Inadequate logistics and distribution networks, particularly in rural areas, can impede the reach of footwear brands.

COUNTERFEIT PRODUCTS

Counterfeit and low-quality footwear products flooding the market pose a challenge to the growth of genuine brands.

Overall, the footwear market in India is experiencing robust growth, driven by various factors such as rising income levels, urbanisation and e-commerce. However, challenges persist, including competition from the

unorganised sector and counterfeit products. To stay competitive, brands need to adapt to key trends, including sustainability, customisation and omni-channel retail strategies.

Company overview

Campus Activewear is a premier fashion and lifestyle footwear brand offering a comprehensive product range designed to cater to diverse family needs across various occasions. The brand's portfolio emphasises contemporary and dynamic aesthetics, appealing to a broad demographic.

Campus distinguishes itself through its global design approach, presenting an extensive array of styles, colour options and price points, coupled with a compelling value proposition. In a market segment predominantly led by international brands, Campus has established itself as India's foremost Sports and Athleisure (S&A) footwear brand. The Company's public listing in 2022 marked a significant milestone, building upon its market leadership position in the Sports and Athleisure (S&A) category of the Indian footwear industry, maintained since 2005.

With its expansive market presence, Campus Activewear has achieved significant brand recognition within the S&A footwear segment, effectively having the largest market coverage of more than 85% of the total addressable market in India. Notably, the Company has attained the highest product drop rate in the domestic footwear category. Campus Activewear continues to solidify its position as the largest and one of the fastest-growing sports and athleisure footwear brands in terms of both value and volume.

Operational highlights

- In FY24, we sold 22.2 million pairs of shoes as compared to 23.5 million pairs sold in the previous year.
- Our Average Selling Price (ASP) saw an increase of 3.4%, rising from ₹ 631 to ₹ 652 in FY24. This growth highlights our ability to maintain competitive pricing while delivering high-quality footwear to our valued customers, despite temporary macroeconomic challenges.
- The Company launched 300+ new designs during FY24.
- The trade distribution channel contributed 53.5% to the total revenue for FY24, while the D2C channel accounted for 44%. Within the D2C segment, online sales constituted 35.9% and offline sales 10.6% of the total sales for FY24.
- The premium category continues to gain good traction for the Company, as we experienced a healthy increase in demand for Campus Shoes in the price range of ₹ 1,000 to ₹ 3,000 across different product segments.

OPPORTUNITIES

The Company anticipates a favourable growth environment fuelled by both external factors like the Indian market landscape and government policies, as well as inherent strengths such as brand power, omni-channel presence and retail refurbishment.

As we continue to push boundaries, explore new markets in Western and Southern Regions of India, and cater to evolving consumer needs, we are poised to achieve new heights. The following key growth strategies and factors contribute to our optimistic outlook:

01// Rising sports and physical activity trends

The growing interest in sports and physical activities presents a significant growth opportunity for Campus Activewear, as our products cater to the active lifestyle needs of consumers.

02// Understanding the Indian market

As a home-grown brand, we have the advantage of understanding and addressing underserved market demands, enabling us to capture a larger share of the growing Indian consumer base.

03// Shift to branded footwear

The ongoing trend of consumers shifting from unbranded to branded footwear positions us well to capitalise on this shift by offering branded products that resonate with consumers.

04// Health and fitness awareness

With the increasing awareness of health and fitness, consumers seek appropriate footwear that supports their active lifestyle. Campus Activewear is poised to benefit from this trend by offering comfortable and performance-driven footwear options.

05// Premium product demand

The market's inclination towards premium products presents an opportunity for Campus Activewear to position itself as a premium brand, offering differentiated and high-quality footwear options.

06// Targeting specific demographics

We will leverage our brand reputation and leadership position to cater to the specific needs of women, children and teenagers, further expanding our customer base.

07// Geographical expansion

We will focus on expanding our footprint in the untapped markets of western and southern regions, tapping into new customer segments and geographical areas.

08// Enhanced omni-channel strategy

We will enhance our omni-channel strategy by integrating online and offline channels to provide a seamless and convenient shopping experience for customers.

09// Emphasising premiumisation

We will continue to emphasise premiumisation across our product segments, offering high-quality and premium products to cater to the growing demand for elevated footwear options.

10// Product diversification

We will explore opportunities for product diversification by expanding into allied categories and leveraging our expertise and brand presence to capture new market segments.

11// Attractive industry prospects

The Indian S&A footwear market presents promising growth prospects, with the market size projected to reach ₹ 1,050 billion by FY25. The increasing fitness consciousness and disposable income in India are expected to drive demand in the S&A market.

12// Extensive market coverage

Campus Activewear enjoys the widest presence across price segments, offering an expansive and diverse product portfolio that covers more than 85% of the S&A footwear market. This extensive market coverage positions Campus Activewear as a leader in the industry, providing ample opportunities for growth and customer acquisition.

13// Quality control standards

The enforcement of BIS quality control standards by authorities creates a conducive environment for the organised industry, promoting high-quality product delivery and discouraging the import of inferior alternatives. As a recognised brand, Campus is strategically positioned to leverage this development.

THREATS

Campus Activewear's performance, along with the footwear industry, can be directly influenced by the dynamic economic environment. Supply chain disruptions, such as those caused by the pandemic and geopolitical conflicts, can drive up raw material prices and overhead costs, thereby impacting our performance.

We may also face certain challenges that could impact our overall performance, including workforce attrition, counterfeit products, the need for continuous innovation and new product development, rapidly changing consumer preferences and the risk of data breaches.

Additional potential threats include:

01// Intense competition

Facing intense competition from multinational corporations in the domestic market.

03// Fashion trends

The ability to keep up with ever-evolving fashion trends and remain relevant.

05// Component supply

Insufficient supply of high-quality components for footwear production.

02// Quality enhancement

The requirement to enhance shoe quality to meet more stringent international standards.

04// Technological advancement

Limited technological modernisation and advancement.

Risk and concerns

The Board has formed a Risk Management Committee dedicated to thoroughly assessing and mitigating potential risks that could impact the Company's operations. Detailed responsibilities and the scope of this committee are outlined in the Corporate Governance Report, included in this Annual Report.

The Company has identified comprehensive risk factors, both internal and external, to analyse potential risks that may affect its business. These risk factors are detailed extensively in the Red Herring Prospectus (RHP).

MD&A (CONTD.)

Material developments in the human resources/ industrial relations front, including the number of people employed

Human capital is a crucial asset, vital for business sustainability and growth. Campus actively engages, trains and develops the workforce through various programmes and initiatives. These efforts include structured job evaluations and career development opportunities for high-potential managers, training programmes on effective communication, tax literacy and planning sessions, and a special initiative called 'Be Your Own Laxmi', which empowers female employees with financial awareness.

Regular training initiatives also encompass Microsoft Excel, Effective Managerial Skills, Fire Safety Training, and Prevention of Sexual Harassment (PoSH) training.

Additionally, we have introduced ESOP Plans – Special Grant 2021 and Vision Pool 2021. These plans are designed to engage, retain and incentivise employees, enabling them to contribute to both current and future objectives. The options offered through these plans not only make employees co-owners but also provide opportunities for future wealth creation.

Internal control systems and their adequacy

The Company has established a robust system of internal financial controls that aligns with its size, scale of operations, procedures and policies. This system ensures the orderly and efficient conduct of business, including adherence to Company policies, protection of assets, prevention and detection of fraud and errors, accuracy

and completeness of accounting records and timely preparation of reliable financial information.

The Audit Committee meetings involve discussions on the Internal Audit Reports to assess the adequacy and effectiveness of the Company's internal control environment. Necessary actions are taken to strengthen controls in areas where required for business operations. Additionally, a monitoring process is in place to track the implementation of audit recommendations, including those related to enhancing the Company's risk management systems.

Following an assessment conducted by the Management and evaluation of the assessment results, the Board of Directors affirm that the Company has sufficient and effective Internal Controls in operation.

There have been no instances of fraud that necessitate the reporting of material misstatements in the Company's operations.

Disclaimer

The MDA section includes statements regarding future prospects that may be forward-looking in nature. These statements involve a variety of identified and unidentified risks and uncertainties that could potentially lead to material differences in actual results. In addition to the changes occurring in the macro-environment, there may be unforeseen and constantly evolving risks to the Company and its operating environment.

The assumptions made in the report, which are based on available internal and external information, serve as the foundation for determining certain facts and figures. However, as the factors underlying these assumptions can change over time, the estimates upon which they are based may also change accordingly.

ANNEXURE-A

To,
The Members,
Campus Activewear Limited

Our report of even date is to be read along with this letter. We, as the secretarial auditors of Campus Activewear Limited, have conducted the secretarial audit for the relevant financial year and hereby present our findings and opinions.

1. Maintenance of secretarial records is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We conducted the secretarial audit in accordance with the appropriate audit practices and processes to obtain reasonable assurance about the correctness of the contents of the Secretarial records. Our verification was conducted on a test basis to ensure the accuracy of the facts reflected in the secretarial records. We believe that the processes and practices we followed provide a reasonable basis for our opinion.
3. Please note that our audit did not include verification of the correctness and appropriateness of the financial records and Books of Accounts of the Company. Additionally, we did not examine the Company's compliance with applicable financial laws, such as direct and indirect tax laws, as these aspects fall under the purview of statutory financial audits and other designated professionals.
4. In instances where necessary, we obtained representations from the Management regarding the Company's compliance with laws, rules, regulations, and the occurrence of significant events.
5. The compliance with Corporate and other applicable laws, rules, regulations, and standards is the responsibility of the management. Our examination was limited to the verification of procedures on a test basis.
6. It is important to clarify that the Secretarial Audit report does not provide any assurance regarding the future viability of the Company or the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Corporate Governance Report

The Corporate Governance Report prepared in compliance to the requirements of Regulation 34(3) read with Section C of Schedule V to SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and amendments thereto ("SEBI Listing Regulations"), for the financial year ended March 31, 2024 is presented below:

1. CAMPUS ACTIVEWEAR LIMITED (FORMERLY KNOWN AS CAMPUS ACTIVEWEAR PRIVATE LIMITED) (HEREINAFTER REFERRED TO AS "THE COMPANY"/"CAMPUS") PHILOSOPHY ON CODE OF GOVERNANCE

The Company's philosophy on the Code of Governance is based on the belief that effective Corporate Governance practices constitute a strong foundation on which successful enterprises are built to last. The Company's ideology on Corporate Governance is not mere compliance of laws, rules and regulations, but also the application of best management practices and adherence to the highest ethical principles in all its dealings, to achieve the objects of the Company, enhance stakeholder's value and discharge its social responsibility. The Company is committed to practice good governance as a way of working rather than merely a regulatory and legal compulsion.

The Company is committed towards enhancing the stakeholders value and therefore has adopted various appropriate structures and reporting systems. Good Corporate Governance is indispensable to resilient and vibrant capital markets and is, therefore, an important instrument of investor protection. The Company lays great emphasis on a corporate culture of conscience, integrity, fairness, transparency, accountability and responsibility for efficient and ethical conduct of its business.

The Company adheres to compliance requirements of SEBI Listing Regulations as regard to Corporate Governance.

Governance structure

The Company implemented a governance structure with defined roles and responsibilities of every systemic constituent. The Company's shareholders appoint the Board of Directors, who, in turn govern the Company. The Board has constituted various Committees to discharge responsibilities effectively. The Company

Secretary of the Company acts as the Secretary to all the Committees. The Chairman provides strategic direction and guidance to the Board. The Chief Executive Officer and a group of senior officers are individually empowered for day-to-day operations with roles and responsibilities assigned by the Board.

2. BOARD OF DIRECTORS

The Board of Directors is the apex body constituted by the shareholders for overseeing the Company's overall functioning. The Board provides and evaluates the Company's strategic direction, management policies and their effectiveness and ensures that the shareholders' long term interests are being served.

The Board of Directors consists of eminent persons with wide knowledge and experience in different fields including technical, commercial, finance, business administration etc., which not only bring wide range of expertise, but also impart desired level of independence to the Board and helps healthy deliberations at the board meetings to decide on various matters of the Company.

2.1 Composition of the Board of Directors

The Board of Directors of the Company comprised an optimum combination of professionalism, knowledge and experience, which enables it to discharge its responsibilities and provide effective leadership to fulfil its long-term vision and ensure the highest governance standards.

Further, the Board of Directors of the Company oversees the conduct of business activities by management and serves to ensure the implementation of Company's policies in an effective and efficient manner.

As on March 31, 2024, the Board of the Company comprised 7 (Seven) members out of whom two are Executive Directors, 1 is Non-Executive Non-Independent Director, 4 (Four) are Non-Executive Independent Directors including one Woman Independent Director.

However, one Director who is Non-Executive Non-Independent Director resigned on April 26, 2024 and henceforth, as on date, there are 6 (six) Directors in the Company.

None of the Directors on the board hold directorships in more than ten public Companies and None of the directors on the board is a member of more than ten committees or act as chairperson of more than five Committees across all the listed companies in which he/she is a director.

The Company is in compliance with the provisions regarding Board, its composition and committees under provisions of the Companies Act, 2013 (the Act) and SEBI Listing Regulations.

26. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Human Capital & Labour Management	Risk and Opportunity	<p>Risk: Ineffective human capital and Labour management practices can lead to significant risks, such as high turnover rates, Labour disputes, decreased productivity, etc. These issues can increase recruitment and training costs, cause operational disruptions, and damage the Company's reputation, ultimately resulting in substantial financial losses. Additionally, non-compliance with Labour laws can result in legal penalties.</p> <p>Opportunity: Content and well-trained human capital would boost productivity and operational performance, while excellent Labour practices would attract high-quality talent, providing a competitive edge. Engaged and satisfied employees also drive innovation and contribute significantly to business growth.</p>	<p>At Campus, we are highly focused on supporting and developing our employees Here's a summary of our initiatives:</p> <ol style="list-style-type: none"> Training Programs: Offering training programs to enhance skills and knowledge among employees. Job Evaluations: Conducting job evaluations to ensure roles and responsibilities are aligned with employee strengths and company needs. Career Development for High-Potential Managers: Focusing on career development to help managers reach their potential and prepare for future leadership roles. ESOP Plans: Implementing Employee Stock Ownership Plans to give employees a stake in the company's success and motivate them. <p>These initiatives are designed to not only engage and retain employees but also to motivate and reward them for their contributions.</p>	<p>Positive: Optimal investment in human capital and Labour management enhances efficiency by aligning employees with roles that maximize their performance, leading to increased productivity, reduced turnover costs, and better financial performance.</p> <p>Negative: Challenges such as decreased productivity, increased turnover costs, and frequent operational disruptions can negatively affect financial performance, raise recruitment and training expenses, and ultimately lower the overall profitability of the Company.</p>

26. Overview of the entity's material responsible business conduct issues (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
2	CSR Activities	Opportunity	Investing in CSR activities and consistently executing them offers numerous advantages, including enhanced brand recognition, a positive Company reputation, accelerated growth, and a competitive edge over peers.	In FY24, the Company's CSR initiatives were dedicated to supporting underprivileged communities through a variety of impactful activities. These included providing medical relief to cancer patients, organizing medical camps to offer essential health services, contributing to educational programs to enhance learning opportunities, distributing food items to children in need, and organizing sports events.	Positive: Funding and implementing CSR activities boost the Company's brand value and drive positive social development in underprivileged communities through health, education, and other initiatives. This commitment can lead to increased customer loyalty, attract socially conscious investors, and improve employee morale, ultimately resulting in a stronger financial performance and long-term profitability.
3	ESG oversight	Risk and Opportunity	<p>Risk: Neglecting ESG parameters can result in shareholder dissatisfaction, potential litigation, reputational damage, and regulatory scrutiny.</p> <p>Opportunity: Incorporating ESG strategies into business operations helps a Company gain investor confidence, earn customer loyalty, reduce operating costs, and enhance both asset management and financial performance.</p>	The company has integrated various Environmental, Social, and Governance (ESG) principles into its daily operations, with a strong focus on key ESG areas such as CSR activities, energy, water, and waste management, as well as policy development and implementation. The Company's BRSR report, demonstrate its ongoing commitment to ESG issues and outlining its goals for a sustainable future. Effluent treatment plant for cleaning of coloring ink infused wastewater in its plants. The Company has also done innovation on material transport by gravity sliders.	<p>Positive: Leadership oversight on ESG performance and strategy boosts the Company's environmental and community impact. It also strengthens monitoring mechanisms across ESG initiatives and business practices, which can lead to improved operational efficiencies, reduced risks, and enhanced financial performance.</p> <p>Negative: Insufficient ESG oversight can lead to poor sustainability implementation, resulting in increased operational inefficiencies, higher compliance costs, and potential legal penalties. This may damage the Company's reputation, erode investor confidence and negatively impact financial performance.</p>

26. Overview of the entity's material responsible business conduct issues (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Sustainable Supply Chain	Risk and Opportunity	<p>Risk: The key challenges in a sustainable supply chain include potential disruptions from unreliable suppliers, increased costs due to the need for ethical sourcing practices, and compliance challenges with environmental regulations.</p> <p>Unfair Labour practices and working conditions in all tiers of the supply chain are challenging due to widespread informal Labour and varying standards of Labour rights enforcement. Slow adaptation of technology and innovation leads to high cost and resistance to change.</p> <p>Opportunity: An effective and sustainable supply chain presents opportunities to build a robust economy, ensure flawless manufacturing processes, enhance quality management, reduce environmental impact, increase brand credibility, and foster improved collaboration with stakeholders.</p>	Ongoing and continuous collaboration with our trusted vendors, regulators, manufacturers, financiers, and logistics teams have enabled us to establish an efficient supply chain. We have implemented a thorough due diligence process to carefully evaluate and onboard new vendors and suppliers. Collaboration with compliant 3PL partners for Labour services. New technology and ERP platforms are being implemented to keep up to the pace of technological change/standard practices in domain.	<p>Positive: A sustainable supply chain enhances financial performance by ensuring maximum business efficiency, reducing environmental impact, and adding long-term value to the Company's sustainability initiatives. This leads to cost savings, improved operational performance, and a stronger market position.</p> <p>Negative: Inefficient supply chains can result in increased costs due to unforeseen demand and limited logistics capacity. Mismanagement leads to ineffective resource utilization, higher expenses in material procurement, and greater waste throughout the product lifecycle.</p>
5	Regulatory and Legal Compliances	Risk	One of the most significant risks is the imposition of penalties, fines, or legal actions by regulatory bodies for non-compliance.	All risks related to compliance, regulations, contracts, non-contractual obligations, disputes, reputation, and other factors are considered by the Company before making any decisions	Negative: Non-compliance can damage a Company's reputation and negatively impact its business activities, it may also result in monetary fines to more severe measures, such as operational restrictions or legal proceedings.

26. Overview of the entity's material responsible business conduct issues (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
6	Health & Safety	Risk and Opportunity	<p>Risk: Workplace hazards pose significant risks to business operations, leading to reduced productivity, lower sales, decreased staff morale, and potential damage to the Company's reputation. Effective health and safety measures are essential to mitigate these risks and maintain a stable and positive work environment.</p> <p>Opportunity: Effective Health and Safety practices boost employee morale, increase productivity, and promote corporate responsibility. These practices not only enhance the well-being of employees but also strengthen the Company's reputation and operational efficiency.</p>	The company has conducted awareness sessions and training on quarterly basis like Mock fire drill, safety committee meetings, training of workers on how to use different type of fire extinguishers, marking assembly point in factories, display of fire exit plan at each floor of manufacturing unit etc. Independent third-party safety audits were conducted on yearly basis Programs on POSH, Health & Safety, Fire Safety, 5S, Quality Management, and Workers' Rights & Responsibilities to foster a culture of safety.	<p>Positive: Incorporating health and safety in manufacturing leads to greater work participation, increased social inclusion, and higher performance. It also results in fewer workplace injuries and workers' compensation claims, enhancing brand value and reputation in the market.</p> <p>Negative: The most significant consequence of a poor safety culture is an increase in employee injuries and fatalities. Other detrimental effects include higher costs, increased employee absences, elevated healthcare expenses, workers' compensation payments, low productivity, and low business disruptions.</p>
7	Human Rights	Risk and Opportunity	<p>Risk: Forced Labour can lead to severe physical and mental abuse, resulting in significant health problems for employees. Ignoring human rights issues may result in losing valuable talent, forcing the Company to invest heavily in rehiring and training, which adversely impacts overall business performance.</p> <p>Opportunity: Parameters on human rights such as fair working environment, equal opportunities, remuneration and freedom of association without ethnic discrimination will positively impact the performance of the Company on the social front from the employee's perspective.</p>	<p>Campus is committed to upholding human rights and ethical practices. Summary of initiatives taken are as follows:</p> <ol style="list-style-type: none"> Human Rights Training and Awareness Programs: Regularly conducting training sessions to educate all employees and workers about human rights, ensuring all employees are aware of their rights and responsibilities. Human Rights Clauses in Contracts: Including human rights clauses in all agreements & contracts to ensure all business operations align with ethical standards. 	<p>Negative: Loss of knowledge and highly experienced and skilled staff, high costs of recruitment and training and loss of productivity in workplaces are some of the ill effects of ignored human rights in a Company.</p> <p>Positive: Ensuring equal opportunities and a harassment-free workplace significantly boosts employee morale and prevents industrial relations issues. This commitment not only fosters a positive work environment but also enhances overall productivity and operational efficiency.</p>

26. Overview of the entity's material responsible business conduct issues (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
				<p>3. Prohibition of Child Labour: Strictly prohibiting child Labour in all operations, demonstrating a commitment to ethical practices and the welfare of children.</p> <p>4. Collaboration with Ethical Vendors: Ensuring partnerships and collaborations are only with vendors who uphold and respect human rights standards.</p>	
8	Waste Management	Risk and Opportunity	<p>Risk: Waste handling mechanisms involve risks such as regulatory non-compliance, which can result in fines and legal consequences, and environmental harm from improper disposal, potentially harming the Company's reputation. Furthermore, inefficient waste handling can drive up operational costs and disrupt production processes.</p> <p>Opportunity: Effective waste management practices can enhance operational efficiency, reduce costs, and improve environmental sustainability. They also strengthen the Company's reputation and potentially generate cost savings through resource recovery and reduced disposal fees.</p>	The company is registered as an Importer under Plastic waste Management Rules, 2016 and plastic waste is disposed through registered recyclers. In addition, company ensures all waste is segregated at the source, with hazardous waste sent to authorized vendors to comply with the Hazardous & Other Wastes (Management and Transboundary Movement) Rules, 2016. Company was granted Consent to Operate (CTO) from State Pollution Control Board. Additionally, hazardous and electronic waste is disposed of in accordance with the Environment Protection Act and other relevant regulations like E-waste Management Rules, Battery Waste Management Rules etc.	<p>Positive: Enhances regulatory compliance, and boost the Company's reputation, potentially attracting environmentally conscious customers and investors. Significant financial benefits such as reduced disposal and operational costs through optimized recycling.</p> <p>Negative: Increased disposal costs, fines for regulatory non-compliance, higher operational expenses due to inefficient processes, environmental damage, and reputational harm, potentially causing loss of customer trust and decreased sales.</p>

26. Overview of the entity's material responsible business conduct issues (Contd.)

Sl. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
9	Energy Management & GHG Emissions	Risk and Opportunity	<p>Risk: Inefficient energy management can drive up energy costs and GHG-related expenses. The primary challenge associated with energy conservation initiatives is the initial expense involved in upgrading obsolete systems, equipment, or facilities to more energy-efficient models. Poor energy practices and high emissions can harm the Company's reputation as well as reduce customer trust and investor confidence.</p> <p>Opportunity: Implementing efficient energy management can lower consumption and operational costs, leading to long-term savings. Adopting energy-efficient technologies not only qualifies the Company for various benefits but also drives innovation, enhances operational efficiency, and offers a competitive market edge.</p>	<p>Campus has implemented energy-efficient initiatives such as usage of Inverter air conditioners & LED lights to optimize power consumption. The company has a Solar Plant installed at their Ganaur plant. The company is actively working to implement energy-efficient initiatives aimed at reducing GHG emissions. By adopting advanced technologies and optimizing energy use, the company is committed to minimizing its environmental impact and enhancing overall sustainability. The company has also installed wet scrubber unit for VOC treatment on EVA machines at Ganaur Plant.</p>	<p>Positive: Efficient energy management lowers operational costs and leads to long-term savings. Adopting energy-efficient technologies can also qualify the Company for regulatory incentives and enhance its reputation, attracting environmentally conscious customers and investors.</p> <p>Negative: Implementing energy-efficient technologies can involve high initial costs and regulatory compliance expenses, which may strain financial resources. Additionally, transitioning to new systems can cause temporary operational disruptions.</p>

7	Statement by director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure).	Our business operations are centered around sustainability. In addition to advancing our sustainability strategy, we are a leading force behind real, positive change in the footwear manufacturing sector. We strike a balance between using all available resources efficiently and conducting business in an ethical manner in order to complete all of our commercial operations. We aspire to be acknowledged and appreciated by our stakeholders for our efforts in the fields of corporate ethics and sustainability. We believe that our dedication to sustainability will strengthen our leadership in terms of quality, agility, and innovation while generating value for all stakeholders. Our sustainability efficacy is being extended across our growing portfolio of products with the backing of pertinent policies and commitments. Our sustainability program is built on fundamental concerns including community development, sustainable supply chains, climate change, circular economies, responsible resource use, and product accountability. We strive to achieve long-term stakeholder value while adhering to high ethical standards and being socially and environmentally responsible. We ensure that all workers and employees are safe in the workplace and that the business operates fairly and transparently with all stakeholders. We identified a range of risks and opportunities and prioritize performance improvement in our action plan by integrating the ESG framework into our business plan. Our objective is to win over stakeholders' admiration for moral conduct, environmentally friendly business practices, and corporate culture.

Independent Auditor's Report

To the Members of **Campus Activewear Limited** (formerly known as Campus Activewear Private Limited)

Report on the Audit of the Financial Statements

OPINION

We have audited the financial statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) (the "Company") which comprise the balance sheet as at 31 March 2024, and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, and its profit and other comprehensive loss, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under

Key audit matter

See Note 2(b)(ix) and 26 to financial statements

Section 143(10) of the Act. Our responsibilities under those SAs are further described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

KEY AUDIT MATTER(S)

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matter	How the matter was addressed in our audit
<p>Revenue Recognition-fraud risk</p> <p>As disclosed in Note 26 to the Financial Statements, the Company's revenue from sale of goods for the year ended 31 March 2024 is INR 1,435.90 crores.</p> <p>Revenue from sale of goods is recognised when control over the goods is transferred to the customer and is measured net of discounts, price concessions and incentives.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, amongst others to obtain sufficient and appropriate audit evidence:</p> <ol style="list-style-type: none"> We assessed the appropriateness of the revenue from sale of goods recognition accounting policies by comparing with applicable accounting standards. We evaluated the design, implementation and operating effectiveness of key internal controls over recognition of revenue from sale of goods for a sample of transactions (using random sampling).

Key audit matter (Contd.)

See Note 2(b)(ix) and 26 to financial statements

The key audit matter	How the matter was addressed in our audit
<p>Standards on Auditing presume that there is a fraud risk with regard to revenue recognition. We have identified this as a key audit matter since there is a risk of revenue from sale of goods being overstated because of fraud, resulting from the pressure the Company may feel to achieve performance targets.</p>	<p>c) We performed substantive testing by selecting samples (using statistical sampling) of revenue from sale of goods transactions recorded during the year by testing the underlying documents which included sales invoices, shipping documents and proof of deliveries to assess whether these are recognised in the appropriate period in which control is transferred.</p> <p>d) We carried out analytical procedures on revenue from sale of goods recognised during the year to identify unusual variances.</p> <p>e) We tested, on a sample basis, (using statistical sampling) specific revenue from sale of goods transactions recorded before and after the financial year end date to assess revenue from sale of goods is recognised in the financial period in which control is transferred.</p> <p>f) We tested journal entries on revenue from sale of goods recognised during the year, selected considering specified riskbased criteria, to identify unusual items.</p>

OTHER INFORMATION

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and auditor's report thereon. The Company's annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Company's annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under the relevant laws and regulations.

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTER(S)

- a. The financial statements of the Company for the year ended 31 March 2023 were audited by the predecessor auditor (M/s B S R & Associates LLP) who had expressed an unmodified opinion on 29 May 2023.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. A. As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
- c. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
- e. On the basis of the written representations received from the directors as on 31 March 2024 and 01 April 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act.
- f. The modification relating to the maintenance of accounts and other matters connected therewith are as

stated in the paragraph 2A(b) above on reporting under Section 143(3)(b) and paragraph 2B(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

- g. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**.
- B. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a. The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its financial statements - Refer Note 37B to the financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d. (i) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 47(g) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (ii) The management has represented that, to the best of its knowledge and belief, as disclosed in the Note 47(h) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (iii) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (i) and (ii) above, contain any material misstatement.
- e. The Company has neither declared nor paid any dividend during the year.
- f. The reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is applicable from 1 April 2023.

Based on our examination which included test checks, except for the instances mentioned below, the Company has used accounting softwares for maintaining its books of account, which have a feature

of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the respective softwares:

The feature of recording audit trail (edit log) facility was not enabled for the principal accounting software used for maintaining the books of account.

The feature of recording audit trail (edit log) facility was not enabled for accounting software relating to retail revenue for the period 1 April 2023 to 20 November 2023. Further, the feature of recording audit trail (edit log) facility was not enabled at the application level for certain fields/tables relating to price and goods and service tax master.

Further, for the periods where audit trail (edit log) facility was enabled and operated throughout the year for the respective accounting software, we did not come across any instance of the audit trail feature being tampered with.

- C. With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure A to the Independent Auditor's Report on the Financial Statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) for the year ended 31 March 2024

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified in a phased manner over a period of three years. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancy was noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company, except for the following which are not held in the name of the Company:

Description of property	Gross carrying value (INR Crores)	Held in the name of	Whether promoter, director or their relative or employee	Period held- indicate range, where appropriate	Reason for not being held in the name of the Company. Also indicate if in dispute
Leasehold Land	3.60	Campus AI Private Limited	No	1 April 2020	Land is in the name of Campus AI Private Limited which got merged into Campus Activewear Limited (formerly known as Campus Activewear Private Limited). Refer Note 5 of financial statements.
Building	17.57	Campus AI Private Limited	No	1 April 2020	Building is in the name of Campus AI Private Limited which got merged into Campus Activewear Limited (formerly known as Campus Activewear Private Limited). Refer Note 3 of financial statements.

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventory, except goods-in-transit and stocks lying with third parties, has been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence/deliveries of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year. The Company has not granted any loans, secured or unsecured to any companies, firms, limited liability partnerships during the year. The Company has granted interest free loans to its employees during the year, in respect of which the requisite information is as below
- (a) Based on the audit procedures carried on by us and as per the information and explanations given to us the Company has provided loans to employees as below:
- | Particulars | Loans to employees (INR Crores) |
|--|---------------------------------|
| Aggregate amount during the year | 2.81 |
| Balance outstanding as at balance sheet date | 1.07 |
- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the terms and conditions of the grant of loans to employees are, prima facie, not prejudicial to the interest of the Company
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given to employees, which are interest free, in our opinion the repayment of principal has been stipulated and the repayments have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given to employees. Further, the Company has not given any advances in the nature of loans to any party during the year.
- (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan or advance in the nature of loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties.

- (d) According to the information and explanations given to us and on an overall examination of the balance sheet of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(e) is not applicable.
- (f) The Company does not hold any investment in any subsidiaries, associates or joint ventures (as defined under the Act) during the year ended 31 March 2024. Accordingly, clause 3(ix)(f) is not applicable.
- (x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.
- (xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.
- (b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year while determining the nature, timing and extent of our audit procedures.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Section 177 and 188 of the Act, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) (a) Based on information and explanations provided to us and our audit procedures, in our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports of the Company issued till date for the period under audit.
- (xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

- (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) The Company is not part of any group (as per the provisions of the Core Investment Companies (Reserve Bank) Directions, 2016 as amended). Accordingly, the requirements of clause 3(xvi)(d) are not applicable.
- (xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the Board of

Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

Also refer to the Other Information paragraph of our main audit report which explains that the other information comprising the information included in Company's annual report is expected to be made available to us after the date of this auditor's report.

- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.

Annexure B to the Independent Auditor's Report on the financial statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) for the year ended 31 March 2024

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

(Referred to in paragraph 2(A)(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

OPINION

We have audited the internal financial controls with reference to financial statements of Campus Activewear Limited (formerly known as Campus Activewear Private Limited) ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and

completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3)

provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements

For the year ended 31 March 2024

1. CORPORATE INFORMATION

Campus Activewear Limited (formerly known as Campus Activewear Private Limited) is a public limited Company domiciled in India (hereinafter referred as "Company" or "CAL") with its registered office situated at D-1, Udyog Nagar, main Rohtak Road, New Delhi- 110041. It was incorporated on 24 September 2008 under the Companies Act, 1956 with its equity shares listed on National Stock Exchange and Bombay Stock Exchange in India. The Company's Corporate Identification Number (CIN) L74120DL2008PLC183629.

The Company is primarily engaged in the business of manufacturing and trading of footwear and accessories through its retail and wholesale network.

The Company was converted into a public limited Company under the Companies Act, 2013 on 22 November 2021 and consequently, the name was changed to Campus Activewear Limited.

2 (a) BASIS OF PREPARATION

A. Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act.

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest crores, unless otherwise indicated.

The financial statements are approved for issue by the Board of Directors of the Company at their meeting held on 28 May 2024.

The accounting policies are applied consistently to all the periods presented in the financial statements.

B. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

(a)	Certain financial assets and liabilities	Fair value
(b)	Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

C. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- Lease classification – refer 2(b)(vii) and Note 5;
- Revenue recognition – refer 2(b)(ix).

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

- Impairment test of non-financial assets: key assumptions underlying recoverable amounts (refer 2(b)(v));
- Measurement of defined benefit obligations: key actuarial assumptions (refer note 38);
- Recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources (refer 2(b)(xii));
- Impairment of financial assets (refer 2(b)(ii));
- Estimation of current tax expense and recognition of deferred tax assets (refer 2(b)(xiv));
- Share based payment expense. (refer note 31 and note 39);
- Net realisable value of inventory (refer note 11).

D. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement

Notes to Financial Statements

For the year ended 31 March 2024

is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market is accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The finance department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the Chief Financial Officer. Discussions of valuation processes and results are held between the Chief Financial Officer and the finance team at least once every year in line with the Company's reporting periods.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the

fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in 42 – Financial instruments – Fair values and risk management.

2 (b) MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to the periods presented in these financial statements.

(i) Foreign currency transactions

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Foreign currency exchange differences are recognised in profit or loss.

(ii) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Recognition and initial measurement

Trade receivables are initially recognized when they are originated. All other financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus or minus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition

Notes to Financial Statements

For the year ended 31 March 2024

or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- Amortised cost;
- FVOCI – debt investment;
- FVOCI – equity investment; or
- FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Subsequent measurement

Financial assets at amortised cost are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the profit or loss.

Impairment of financial assets

The Company applies expected credit loss (ECL) model for measurement and recognition of loss allowance on the following:

- i. Financial assets measured at amortized cost;
- ii. Financial assets i.e. debt investments measured at fair value through other comprehensive income (FVTOCI).

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12 months ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a

Notes to Financial Statements

For the year ended 31 March 2024

significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12 months ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Derecognition

Financial assets

The Company derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire; or
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

Notes to Financial Statements

For the year ended 31 March 2024

(iii) Property, plant and equipment

Recognition and measurement

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment (including capital-work-in-progress) are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and any accumulated impairment losses. Freehold land is carried at historical cost less any accumulated impairment losses.

The cost of an item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the

item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable of future economic benefits.

Property, plant and equipment which are not ready for intended use as on date of reporting period, are disclosed as Capital-work-in-progress.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss.

Depreciation

Depreciation is calculated on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the written down value method and is generally recognised in the statement of profit and loss. Freehold land is not depreciated.

The estimated useful lives of items of property, plant and equipment are as follows:

Asset Category	Useful lives estimated by the management	Useful lives as per Schedule II of Companies Act, 2013
Buildings	30 years	30 years
Plant and machinery	15 years	15 years
Plant and machinery (Moulds)	3 years	15 years
Servers and networks	6 years	6 years
Computers	3 years	3 years
Office equipment	5 years	5 years
Furniture and fixtures	10 years	10 years
Vehicles	8 years	8 years
Electric installations	10 years	10 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. In case of a revision, the unamortized depreciable amount is charged over the revised remaining useful life.

Depreciation on additions/(disposals) is provided on a pro-rata basis i.e. from/(upto) the date on which asset is ready for use/(disposed off).

Leasehold improvements are amortised over the lower of lease period or estimated useful life, on straight line basis from the date that they are available for use.

The useful lives have been determined based on internal and technical evaluation done by management and are in line with the estimated useful lives, to the extent prescribed by the Schedule II to the Companies Act, 2013, in order to reflect the technological obsolescence and actual usage of the asset.

Notes to Financial Statements

For the year ended 31 March 2024

(iv) Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and any accumulated impairment loss.

Subsequent expenditure is capitalised only when it increases the future economic benefits from the specific asset to which it relates.

Intangible assets are amortised in the Statement of Profit and Loss over their estimated useful lives, from the date that they are available for use based on the expected pattern of consumption of economic benefits of the asset. Accordingly, at present, these are being amortised on straight line basis. Intangible assets are amortised over the best estimate of the respective useful lives as under:

(a) Trademarks: Amortised over the period of 10 years.

(b) Software: Amortised over the period of 5 years.

Amortisation method, useful lives and residual values are reviewed at the end of each financial year and adjusted if appropriate.

An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss.

Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets under development

Expenditure incurred on intangible assets under development stage eligible for capitalization carried as intangible assets under development.

(v) Impairment

Impairment of non-financial assets

The Company's non-financial assets, other than inventories, are reviewed at each reporting date

to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs of disposal. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. They are allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets in the CGU on a pro rata basis.

In respect of other assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(vi) Borrowing costs

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs, if any) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

Notes to Financial Statements

For the year ended 31 March 2024

(vii) Leases

Company 'as a' lessee

The Company's lease asset classes primarily consist of leases for land and buildings taken for warehouses, retail stores and factories. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in

circumstances indicate that their carrying amounts may not be recoverable. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Company 'as a' lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

(viii) Inventories

Inventories are valued at the lower of cost and net realisable value. The cost of inventories is based on First in First out ("FIFO") formula.

Raw materials: Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

Finished goods (manufactured) and work in progress: Cost includes cost of direct materials and labour and an appropriate share of production overheads based on normal operating capacity.

Finished goods (traded): Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis.

Notes to Financial Statements

For the year ended 31 March 2024

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Inventories in transit are valued at the lower of cost and net realisable value.

The comparison of cost and net realisable value is made on an item-by-item basis.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished goods. Raw materials and packing material held for use in the production of finished products are not written down below cost except in cases when a decline in the price of materials indicates that the cost of the finished products shall exceed the net realisable value.

Appropriate adjustments are made to the carrying value of damaged, slow moving and obsolete inventories based on management's current best estimate.

(ix) Revenue recognition

Ind AS 115 establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

Revenue is recognised upon transfer of control of promised goods or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

The Company is primarily engaged in the business of manufacturing and trading of footwear and accessories through its own retail stores, wholesale and e-commerce.

Sale of goods - retail

The Company operates a network of own retail stores across India. Revenue from the sale of goods sold through own retail stores is recognized when the Company delivers goods to the customer. Payment of the transaction price is due immediately when the customer purchases the goods and takes delivery in store.

Sale of goods - other than retail

i. Wholesale

The Company sells products to its distributors. Revenue from sale of goods in such arrangements is recognized when control of the products has

transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been delivered to the customer.

ii. E-commerce

The Company through its own website and marketplace sells its products to customers. Revenue from sale of goods through online channel is recognized when control of the products has transferred, being when the products are delivered to the customer. For e-commerce sales, it is the Company's policy to sell its products to the end consumer with a right of return depending on the terms of arrangement. Therefore, a refund liability in relation to expected returns (included in other current liabilities) and a right to recover the returned goods (included in other current assets) are recognized for the products expected to be returned. Accumulated experience is used to estimate such returns at the time of sale at a portfolio level (expected value method). Because the number of products returned has been steady for years, it is highly probable that a significant reversal in the cumulative revenue recognized will not occur. The validity of this assumption and the estimated amount of returns are reassessed at each reporting date.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which coincides with the performance obligation under the contract with the customer.

Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. Invoices are usually payable based on the credit terms agreed with customers which vary up to 90 days.

Use of significant judgments in revenue recognition

Judgment is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. Any consideration payable to the customer (or to other parties that purchase the entity's goods or services from the customer) is adjusted to the transaction price, unless

Notes to Financial Statements

For the year ended 31 March 2024

it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that it pertains to one or more distinct performance obligations.

Assets and liabilities arising from right to return.

For contracts that permit the customer to return an item, revenue is recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur.

Therefore, the amount of revenue recognised is adjusted for expected returns, which are estimated based on the historical data. In these circumstances, a refund liability and a right to recover returned goods asset are recognised.

Right to return assets

A right of return gives an entity a contractual right to recover the goods from a customer (return asset), if the customer exercises its option to return the goods and obtain a refund. The asset is measured at the carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The right to recover returned goods is included in Other current assets.

Refund liabilities

A refund liability is the obligation to refund part or all of the consideration received (or receivable) from the customer. The Company has therefore recognised refund liabilities in respect of customer's right to return. The liability is measured at the amount the Company ultimately expects it will have to return to the customer. The Company updates its estimate of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. The refund liability is included in other current liabilities.

The Company reviews its estimate of expected returns at each reporting date and updates the amounts of the asset and liability accordingly.

Other operating revenue

Other operating revenue include revenue arising from a Company's operating activities, i.e., either its principal or ancillary revenue-generating activities, but which is not revenue arising from sale of products or rendering of services. The other operating revenue of the Company includes revenue from scrap sales, Protection fund, franchisee fees, export incentives, etc.

Export incentives are recognized as income on accrual basis to the extent its realization is certain.

Other income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Other income is recognized on accrual basis in the financial statements, except when there is uncertainty of collection.

(x) Government grants and incentives

Export benefits in the form of duty drawback, duty entitlement pass book (DEPB) and other schemes are recognised in the Statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.

Government grants are recognised in the statement of profit and loss, either on a systematic basis when the Company recognises, as expenses, the related costs that the grants are intended to compensate or, immediately if the costs have already been incurred. Government grants related to assets are deferred and amortised over the useful life of the asset.

(xi) Provisions (other than employee benefits)

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate

Notes to Financial Statements

For the year ended 31 March 2024

of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

Decommissioning liability

Decommissioning costs are provided at the present value of expected costs to settle the obligation using estimated cash flows and are recognised as part of the cost of the particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is expensed as incurred and recognised in the statement of profit and loss as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

Contingencies

Provision in respect of loss contingencies relating to claims, litigation, assessment, fines, penalties, etc. are recognized when it is probable that a liability has been incurred, and the amount can be estimated reliably.

(xii) Operating segments

Operating segments are defined as components of an entity where discrete financial information is evaluated regularly by the chief operating decision market ("CODM") in deciding allocation of resources and in assessing performance. The Board of Director's is its CODM. The Company's CODM reviews financial information presented on a consolidated basis for the purposes of making operating decisions, allocating resources, and evaluating financial performance. As such, the Company has determined that it operates in one operating and reportable segment.

(xiii) Employee benefits

Short-term employee benefits

Short-term employee benefit are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g. under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the amount of obligation can be estimated reliably.

Share-based payment transactions

The grant date fair value of equity settled share-based payment awards granted to employees is generally recognised as an employee expense, with a corresponding increase in equity, over the vesting period of the awards. The amount recognised as an expense is based on the estimate of the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that do meet the related service and non-market conditions at the vesting date. For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards Government administered provident fund scheme. The Company's contribution is recognized as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The fair value of plan assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis. The calculation of the Company's obligation is performed annually by a qualified actuary using the projected unit credit method.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability

Notes to Financial Statements

For the year ended 31 March 2024

(asset) for the period by applying the discount rate, determined by reference to market yields at the end of the reporting period on government bonds, used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Other long-term employee benefits - compensated absences

Accumulated absences expected to be carried forward beyond twelve months is treated as long-term employee benefit for measurement purposes. The Company's net obligation in respect of other long-term employee benefit of accumulating compensated absences is the amount of future benefit that employees have accumulated at the end of the year. That benefit is discounted to determine its present value. The obligation is measured annually by a qualified actuary using the projected unit credit method. Remeasurements are recognised in profit or loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the Company does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

Termination benefits

Termination benefits are expensed at the earlier of when the Company can no longer withdraw the offer of those benefits and when the Company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

(xiv) Income taxes

Income tax comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to a business combination, or an item recognised directly in equity or in Other comprehensive income.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects uncertainty related to income taxes, if any. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction;
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax is recognized based on the expected manner of realization or settlement of the carrying amount of assets and liabilities using tax rates enacted, or substantially enacted at the reporting period.

Deferred tax assets are recognized only to the extent that is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefits will be realized.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

Notes to Financial Statements

For the year ended 31 March 2024

(xv) Earnings per share

Basic earnings per share is calculated by dividing the net profit (or loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average numbers of equity shares outstanding during the year are adjusted for events such as bonus issue and share split.

Diluted earnings per share is computed by dividing the profit (considered in determination of basic earnings per share) after considering the effect of interest and other financing costs or income (net of attributable taxes) associated with dilutive potential equity shares by the weighted average number of equity shares considered for deriving basic earnings per share adjusted for the weighted average number of equity shares that would have been issued upon conversion of all dilutive potential equity shares.

(xvi) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short term deposits with 'original maturities' of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(xvii) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expense associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

(xviii) Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events

not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or the amount of the obligation can not be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets

Contingent asset is not recognised in the financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognized.

Provisions, contingent liabilities and contingent assets are reviewed at each Balance Sheet date.

(xix) Material accounting policy information

The Company adopted Disclosure of Accounting Policies (Amendment to Ind AS 1) from 1 April 2023. Although the amendments did not result in any changes in accounting policies themselves, they impacted the accounting policy information disclosed in the financial statements.

The amendments require the disclosure of 'material' rather than 'significant' accounting policies. The amendments also provide guidance on the application of materiality to disclosure of accounting policies, assisting entities to provide useful, entity-specific accounting policy information that users need to understand other information in financial statements.

(xx) Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

Nature of Due	As at 31 March 2024	As at 31 March 2023
Goods and Services Tax (GST)	2.03	-
Income Tax	52.57	-

The Company believes that it has merit in these cases and it is only possible, but not probable, that these cases may be decided against the Company. Hence, these have been disclosed as contingent liability and no provision for any liability has been deemed necessary in the financial statements.

- The Company had imported plant and machinery in 2015-16 under EPCG scheme. An export obligation ('EO') amounting to INR 2.39 crore was placed on the Company which was to be fulfilled in a period of 8 years from the date of Inspection of Licence. Duty saved under EPCG Scheme amounting to INR 0.37 crore (31 March 2023: INR 0.37 crore). During the year, the Company has paid INR 0.01 crore along with interest of INR 0.02 crore being the shortfall in meeting the obligation with Directorate General of Foreign Trade and closed this matter vide letter dated on 04 April 2024.
- Pursuant to judgement by the Honourable Supreme Court dated 28 February 2019, it was held that basic wages, for the purpose of provident fund, to include special allowances which are common for all employees. However, there is uncertainty with respect to the applicability of the judgement and period from which the same applies.

Owing to the aforesaid uncertainty and pending clarification from the authorities in this regard, the Company has not recognised any provision till F.Y. 2018-2019. Further, management also believes that the impact of the same on the Company will not be material.

38. EMPLOYEE BENEFITS

The Company contributes to the following post-employment defined benefit plans in India.

(i) Defined contribution plans

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund which is defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Contribution to provident fund	2.42	1.94

(ii) Defined benefit plan

Gratuity

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive 15 day's salary for each year of completed service at the time of retirement/exit. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of the present value of the defined benefit obligation for gratuity was carried out as at 31 March 2024. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

(All amounts are in INR crores except per share data or as otherwise stated)

D. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Particulars	As at 31 March 2024	As at 31 March 2023
Discount rate (1% movement)		
Change in liability due to increase	(0.51)	(0.48)
Change in liability due to decrease	0.58	0.55
Expected rate of future salary (1% movement)		
Change in liability due to increase	0.50	0.47
Change in liability due to decrease	(0.46)	(0.43)
Expected rate of Mortality Rate (10% movement)		
Change in liability due to increase	-	-
Change in liability due to decrease	-	-
Expected rate of Attrition Rate (50% movement)		
Change in liability due to increase	(0.52)	(0.35)
Change in liability due to decrease	0.85	0.53

Sensitivities due to mortality and withdrawals are not material and hence impact of change is not calculated.

E. Expected maturity analysis of the defined benefit plans in future years

Particulars	As at 31 March 2024	As at 31 March 2023
Duration of defined benefit payments		
1 year	1.27	0.72

Notes to Financial Statements

For the year ended 31 March 2024

- (a) The Company's borrowings have fair values that approximate to their carrying amounts as they are based on the net present value of the anticipated future cash flows using rates currently available for debts on similar terms, credit risk and remaining maturities.
- (b) The carrying amount of loans, trade receivables, cash and cash equivalents, bank balances other than those included in cash and cash equivalents, other current financial assets, trade payable and other current financial liabilities approximates the fair values, due to their short term nature.
- (c) The carrying value of non-current financial assets and Other non-current financial liabilities approximate the fair values as on the reporting date, as these are carried at amortised cost and are based on the net present value of the anticipated future cash flows using applicable discount rate.
- (d) The carrying value of lease liabilities approximates the fair values as on the reporting date, as these are carried at amortised cost and are based on the net present value of the anticipated future cash flows using applicable discount rate.

There are no transfer between Level 1, Level 2 and Level 3 during the year ended 31 March 2024 and 31 March 2023.

II. Financial risk management

Risk management framework

The Company's Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework and also responsible for developing and monitoring the Company's risk management policy.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations. The Board of directors with top management

oversee the formulation and implementation of the risk management framework. The risks are identified at business unit level and mitigation plans are identified, deliberated and reviewed at appropriate forums.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk;
- Liquidity risk; and
- Market risk

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, loans, advances, cash and cash equivalents and deposits with banks. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade receivables

The Company exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate.

The management has established a credit policy under which each new customer is analysed individually for creditworthiness before the standard payments and delivery terms and conditions are offered. The average credit period provided to customers varies from 0 to 90 days. For new customers, in addition to feedback from retail traders, they start doing the business with Company on advance payment terms. Post a business for 3 months and a successful payment track record, the customers are then converted to business with standard credit terms.

An impairment analysis is performed for all the customers at each reporting date on an individual basis. According to the analysis done, the Company establishes an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables. An impairment analysis is performed at each reporting date.

Notes to Financial Statements

For the year ended 31 March 2024

Interest rate risk

Currently the Company's borrowings are within acceptable risk levels, as determined by the management, hence the Company has not taken any swaps to hedge the interest rate risk.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk changes in market interest relates primarily to the Company's long term debt obligations with floating interest rates. The Company is carrying its borrowings primarily at variable rate.

Particulars	As at	As at
	31 March 2024	31 March 2023
Variable rate borrowings	24.30	41.80
Fixed rate borrowings	-	138.97

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loan and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Effect on profit before tax	
	As at	As at
	31 March 2024	31 March 2023
	Profit/(loss)	Profit/(loss)
Increase by 50 basis point	0.12	0.21
Decrease by 50 basis point	(0.12)	(0.21)

Cash and cash equivalents and deposits with banks

Cash and cash equivalents of the Company are held with banks which have high credit rating. The Company considers that its cash and cash equivalents have low credit risk based on the external credit ratings of the counterparties.

Security deposits

The Company has furnished security deposits to its lessors for obtaining the premises on lease. The Company considers that its deposits have low credit risk or negligible risk of default as the parties are well established entities and have strong capacity to meet the obligations. Also, where Company expects that there is an uncertainty in the recovery of deposit, it provides for suitable impairment on the same.

Particulars	As at	As at
	31 March 2024	31 March 2023
Financial assets for which loss allowance is measured using lifetime expected credit losses		
Trade receivables (refer note 12)	142.16	200.10

During the year, trade receivable with a contractual amount of INR 5.44 crore were written off (31 March 2023: INR 0.44 crore) and the Company does not expect to receive future cash flows or recoveries from collection of receivables previously written off. The Company's management also pursues all legal options for recovery of dues, wherever necessary, based on its internal assessment.

(All amounts are in INR crores except per share data or as otherwise stated)

Notes to Financial Statements

For the year ended 31 March 2024

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as per Company's policy.

For trade receivables balance from related parties, there are no indications at the period/year end for default in payments. Accordingly, the Company does not anticipate risk of recovery and expected credit loss in respect thereof.

Reconciliation of loss allowance provision – Trade receivables

Particulars	As at 31 March 2024	As at 31 March 2023
Opening balance at the beginning of the year	23.45	14.02
Loss allowances, write off for the year	5.89	9.87
Provision utilised during the year	(5.44)	(0.44)
Closing balance at the end of the year	23.90	23.45

ii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the cash flow generated from operations to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. This is generally carried out in accordance with practice and limits set by the Company. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

iii. Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company's business activities are exposed to a variety of market risks, namely:

- Currency risk;
- Commodity risk

Currency risk

The Company is exposed to foreign currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated and the functional currency of the Company, hence exposure to exchange rate fluctuations arises. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates. The functional currency of the Company is INR and the currency in which these transactions are primarily denominated is USD and CNY.

For assets and liabilities denominated in foreign currencies, the Company's policy is to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Particulars of unhedged foreign currency exposure are as follows:

Particulars	Currency	As at 31 March 2024	As at 31 March 2023
Amount in Foreign currency			
Trade payables	USD	0.02	0.00
	CNY	0.00	0.03
Amount in INR			
Trade payables	USD	1.61	0.01
	CNY	0.00	0.33

The Company does not have any exposure to currency risk as at the date of financial statements.

(All amounts are in INR crores except per share data or as otherwise stated)

Notes to Financial Statements

For the year ended 31 March 2024

Currency sensitivity

A reasonably possible strengthening/(weakening) of the INR against all other currencies at reporting date would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

Particulars	For the year ended 31 March 2024	For the year ended 31 March 2023
Profit/(loss)		
Strengthening		
USD (1% movement)	0.02	0.00
CNY (1% movement)	0.00	0.00
Weakening		
USD (1% movement)	(0.02)	(0.00)
CNY (1% movement)	(0.00)	(0.00)

Commodity risk

Exposure of the Company to Commodity and Commodity Risks faced by the Company throughout the year.

Commodities form a major part of the raw materials required for Company's products portfolio and hence commodity price risk is one of the important market risk for the Company. The Company is exposed to the risk of changes in commodity prices in relation to its purchase of raw materials. The Company's price arrangements with its suppliers are typically linked to the spot prices of such raw materials, and any increase in the spot prices may result in an increase in the price of such raw materials procured from its suppliers.

The Company has adequate risk assessment and minimization system in place including for Commodities. The risk is hedged through additional and strategic buying from time to time. Further, the Company typically pass on some portion of the change in the raw material price to the customers.

Purchases sensitivity analysis

A reasonably possible change of 1% in prices of purchases during the year, would have increased/(decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant:

Particulars	Equity-net of tax		Effect on profit before tax	
	As at 31 March 2024	As at 31 March 2023	As at 31 March 2024	As at 31 March 2023
Increase by 1%	(4.89)	(6.44)	(6.56)	(8.61)
Decrease by 1%	4.89	6.44	6.56	8.61

43. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital, securities premium and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to maximise the shareholder value. Management monitors the return on capital, as well as the level of dividends to ordinary shareholders.

(All amounts are in INR crores except per share data or as otherwise stated)

Notes to Financial Statements

For the year ended 31 March 2024

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by equity. Net debt is calculated as total liabilities (as shown in the balance sheet) less cash and cash equivalents and other bank balances. The Company's net debt to adjusted equity ratio i.e. capital gearing ratio is as follows:

Particulars	As at 31 March 2024	As at 31 March 2023
Total Liabilities	444.92	623.80
Less: Cash and Cash equivalents	(21.50)	(23.99)
Adjusted Net debt	423.42	599.81
Total equity	651.66	552.12
Net debt to equity ratio	0.65	1.09

44. SEGMENT REPORTING

Segment information is presented in respect of the Company's key operating segments. The operating segments are based on the Company's management and internal reporting structure.

Operating segments

The Company has identified the business as single operating segment i.e. Footwear and Accessories. Accordingly, there is only one Reportable Segment for the Company which is "Footwear and Accessories", hence no specific disclosures have been made.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013

Item No. 3

Pursuant to Sections 2(76), 177, 178, 196, 197, 198, 200, 203 and other applicable provisions, if any, of the Companies Act, 2013 (the "Act") and Schedule V thereto and the rules made thereunder and including any amendment(s), statutory modification(s) or re-enactment(s) thereof for the time being in force, SEBI (LODR) Regulations and the Articles of Association of the Company and based on the recommendations of the Nomination and Remuneration Committee and the consent of the Board of Directors of the Company (the "Board") accorded at their meeting held on August 12, 2024, consent of the members of the Company is hereby sought for the appointment of Mr. Hari Krishan Agarwal (DIN: 00172467), as the Chairman and Managing Director of the Company, on the remuneration as per the details set in the resolution, for a period of 3 consecutive years w.e.f. December 02, 2024 till December 01, 2027 and his office shall not be liable to retire by rotation.

Further, as per the declarations received by the Company, Mr. Hari Krishan Agarwal is not disqualified under Section 164 of the Act. A summary on profile of Mr. Hari Krishan Agarwal is attached to this Notice as **Annexure - A**.

The said proposal is in compliance with the Nomination and Remuneration Policy of the Company. It is proposed to enter into an Agreement with Mr. Hari Krishan Agarwal containing the terms and conditions of his appointment, (including the remuneration to be paid in the event of inadequacy or absence of profits in any financial year during the tenure of his appointment), authority, rights and obligations of Mr. Hari Krishan Agarwal during his tenure as a Chairman and Managing Director of the Company. The proposed resolution as contained in this notice provides that the Board will have a liberty to vary the terms and conditions of the appointment and remuneration of Mr. Hari Krishan Agarwal as mentioned herein or under the Agreement to be entered, from time to time, as it may deem fit and necessary and as may be agreed to by and between Mr. Hari Krishan Agarwal and the Board, without being required to seek any further consent or approval of the member(s) of the Company or otherwise, to the extent permitted under Section 197 read with Schedule V to the Act and other applicable provisions, if any, of the Act.

In terms of the proviso under Schedule V, Part II, Section II (A) to the Act, remuneration in excess of limits provided in the Table therein, may be paid if the resolution passed by the shareholders, is a special resolution. Further, for the purpose of payment

of Managerial Remuneration, the Company may have inadequate profits or no profits for any of the financial year of a period of three years. It is, therefore, proposed to pay the aforesaid remuneration and the merit increase as Minimum Remuneration for a maximum of 3 financial years to Mr. Hari Krishan Agarwal in terms of Sections 197 and 200 read with Schedule V to the Act. Requisite information pursuant to Section II of Part II of Schedule V to the Act are disclosed in the "Statement containing Additional Information as required under Schedule V to the Companies Act, 2013 (as amended)" and "Other parameters under Section 200 of the Companies Act, 2013, (as amended) read with Rule 6 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (as amended)" as Annexure attached to this Notice.

The draft Agreement proposed to be executed shall be made available for inspection of the Members of the Company, without payment of fees in a presentable form, during **11 a.m. to 1 p.m. IST** on any working day, up to and including the date of the Annual General Meeting (AGM) including during the AGM.

The resolution, explanatory statement and annexures shall be treated as an abstract under section 190 of Companies Act, 2013.

Mr. Hari Krishan Agarwal being the concerned director and Mr. Nikhil Aggarwal, his relative, to the extent of their shareholding, if any, in the Company, no other Director or Key Managerial Personnel of the Company, or their relatives, is concerned or interested financially or otherwise, in Resolution No. 3 as contained in the Notice. The Board considers that his association would be of immense benefit to the Company. Accordingly, the Board recommends the Resolution No. 3 as a Special Resolution, in relation to appointment of Mr. Hari Krishan Agarwal as a Chairman & Managing Director and remuneration payable, for the approval by the members of the Company.

Item No. 4

Pursuant to Sections 2(76), 177, 178, 196, 197, 198, 200, 203 and other applicable provisions, if any, of the Companies Act, 2013 (the "Act") and Schedule V thereto and the rules made thereunder and including any amendment(s), statutory modification(s) or re-enactment(s) thereof for the time being in force, SEBI (LODR) Regulations and the Articles of Association of the Company and based on the recommendations of the Nomination and Remuneration Committee and the consent of the Board of Directors of the Company (the "Board") accorded at their meeting held on

August 12, 2024, consent of the members of the Company is hereby sought for the appointment of Mr. Nikhil Aggarwal (DIN: 01877186) as a Whole-Time Director and Chief Executive Officer of the Company, on the remuneration as per the details set in the resolution, for a period of 3 consecutive years w.e.f. December 02, 2024 till December 01, 2027 and his office shall be liable to retire by rotation.

Further as per the declarations received by the Company, Mr. Nikhil Aggarwal is not disqualified under Section 164 of the Act. A summary on profile of Mr. Nikhil Aggarwal is attached to this Notice as **Annexure - A**.

The said proposal is in compliance with the Nomination and Remuneration Policy of the Company and Audit Committee has accorded its approval for related party transaction with KMP of Company. It is proposed to enter into an Agreement with Mr. Nikhil Aggarwal containing the terms and conditions of his appointment, (including the remuneration to be paid in the event of inadequacy or absence of profits in any financial year during the tenure of his appointment), authority, rights and obligations of Mr. Nikhil Aggarwal during his tenure as a Whole-Time Director and Chief Executive Officer of the Company. The proposed resolution as contained in this Notice provides that the Board will have a liberty to vary the terms and conditions of the appointment and remuneration of Mr. Nikhil Aggarwal as mentioned herein or under the Agreement to be entered, from time to time, as it may deem fit and necessary and as may be agreed to by and between Mr. Nikhil Aggarwal and the Board, without being required to seek any further consent or approval of the member(s) of the Company or otherwise, to the extent permitted under Section 197 read with Schedule V to the Act and other applicable provisions, if any, of the Act.

In terms of the proviso under Schedule V, Part II, Section II (A) to the Act, remuneration in excess of limits provided in the Table therein, may be paid if the resolution passed by the shareholders, is a special resolution. Further, for the purpose of payment

of Managerial Remuneration, the Company may have inadequate profits or no profits for any of the financial year of a period of three years. It is, therefore, proposed to pay the aforesaid remuneration and the merit increase as Minimum Remuneration for a maximum of 3 financial years to Mr. Nikhil Aggarwal in terms of Sections 197 and 200 read with Schedule V to the Act. Requisite information pursuant to Section II of Part II of Schedule V to the Act are disclosed in the "Statement containing Additional Information as required under Schedule V to the Companies Act, 2013 (as amended)" and "Other parameters under Section 200 of the Companies Act, 2013, (as amended) read with Rule 6 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 (as amended)" as Annexure attached to this Notice.

The draft Agreement proposed to be executed shall be made available for inspection of the Members of the Company, without payment of fees in a presentable form, during **11 a.m. to 1 p.m. IST** on any working day, up to and including the date of the Annual General Meeting (AGM) including during the AGM.

The resolution, explanatory statement and annexures shall be treated as an abstract under section 190 of Companies Act, 2013.

Mr. Nikhil Aggarwal being the concerned director and Mr. Hari Krishan Agarwal his relative, to the extent of their shareholding, if any, in the Company, no other Director or Key Managerial Personnel of the Company, or their relatives, is concerned or interested financially or otherwise, in Resolution No. 4 as contained in the Notice. The Board considers that his association would be of immense benefit to the Company. Accordingly, the Board recommends the Resolution No. 4 as a Special Resolution, in relation to appointment of Mr. Nikhil Aggarwal as a Whole-Time Director & Chief Executive Officer and remuneration payable, for the approval by the members of the Company.
