6. The Members, whose email address is not registered with the Company or with their respective Depository Participant/s, and who wish to receive all the communications electronically from the Company, can get their email address registered by following the steps mentioned in note no.12.
7. The Company has fixed Tuesday, June 25, 2024 as the "Record Date" for determining entitlement of Members to dividend for the financial year ended March 31, 2024, if approved at the AGM. Register of members and Share Transfer Books will remain closed from Wednesday, June 26, 2024 to Tuesday, July 2, 2024 (both days inclusive) for the purpose of AGM and dividend.
8. If the dividend, as recommended by the Board of Directors, is approved at the AGM, payment of such dividend subject to deduction of tax at source will be made on or after Friday, July 12, 2024 as under:
  - a. To all Beneficial Owners in respect of shares held in dematerialized form as per the data as may be made available by the National Securities Depository Limited ("NSDL") and the Central Depository Services (India) Limited ("CDSL"), collectively "Depositories", as of end of day on Tuesday, June 25, 2024;
  - b. To all Members in respect of shares held in physical form after giving effect to valid transmission / transposition / name deletion requests lodged with the Company as of the close of business hours on Tuesday, June 25, 2024.
9. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before Wednesday, June 26, 2024 through email on [legal@alkylamines.com](mailto:legal@alkylamines.com). The same will be replied by the Company suitably.
10. Investor Education and Protection Fund / Dividend
  - a. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund ("IEPF"). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF. Please note that pursuant to provisions of Sections 124, 125 of the Companies Act, 2013 all unclaimed/unpaid dividends up to 2015-16 have been transferred to the IEPF Account of Central Government. The Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on July 11, 2023 (date of last AGM) on the website of the Company at <https://alkylamines.com/investors-type/investor-center> as also on the website of the Ministry of Corporate Affairs at [www.mca.gov.in](http://www.mca.gov.in). In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline.
  - b. 7,490 equity shares were transferred to IEPF during the financial year 2023-24, in compliance with section 124 of the Companies Act, 2013 read with Investor Education and Protection Fund ("IEPF") Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time.
11. We have been offering the facility of electronic credit of dividend directly to the respective bank accounts of our shareholders, through National Electronic Clearing Service (NECS) and National Automated Clearing House (NACH). Shareholders who would like to avail of the ECS facility (if not done earlier) are requested to communicate with Company's Registrar and Transfer Agents at [rnt.helpdesk@linkintime.co.in](mailto:rnt.helpdesk@linkintime.co.in). Kindly note that shareholders holding shares in dematerialized form would receive their dividend directly to the bank account nominated by them to their Depository Participant, as per SEBI directives.
12. Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, Bank details such as, name of the Bank and branch details, bank account number, MICR code, IFSC code, etc.:
  - a. For shares held in electronic form: to their Depository Participants (DPs)
  - b. For shares held in physical form: to the Company/RTA in prescribed Form ISR-1 and other forms pursuant to SEBI Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2021/655 dated November 3, 2021, Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2021/687 dated December 14, 2021, Circular No. SEBI/HO/MIRSD/MIRSDPoD-1/P/CIR/2023/37 dated March 16, 2023 and Circular No. SEBI/HO/MIRSD/POD-1/P/CIR/2023/181 dated November 17, 2023. The relevant forms are available on the website of the Company at <https://alkylamines.com/investors-type/investor-center>

Pursuant to the said circulars, SEBI mandated that the security holders (holding securities in physical form), whose folio(s) do not have PAN or Choice of Nomination or Contact Details or Mobile Number or Bank Account Details or Specimen Signature updated, shall be eligible for any dividend payment in respect of such folios, only through electronic mode with effect from April 01, 2024 upon furnishing the said details. Further, relevant FAQs published by SEBI can be viewed at the following link: <https://alkylamines.com/wp-content/uploads/2024/03/SEBI-FAQ-Investor-Service-Requests.pdf>. In view of the said circular, the Company has sent letter to the physical shareholders, whose folio do not have PAN, Bank account details, etc. regarding payment of dividend in electronic mode with effect from April 01, 2024 and requested the shareholders to furnish the said details.

13. Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the listed companies to issue securities in dematerialized form only while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the Company’s website at <https://alkylamines.com/investors-type/investor-center>. It may be noted that any service request can be processed only after the folio is KYC Compliant.
14. SEBI vide its notification dated January 24, 2022 has mandated that all requests for transfer of securities including transmission and transposition requests shall be processed only in dematerialized form. In view of the same and to eliminate all risks associated with physical shares and avail various benefits of dematerialisation, members are advised to dematerialise the shares held by them in physical form.
15. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send to the Company / RTA, the details of such folios together with the share certificates along with the requisite KYC documents for consolidating their holdings in one folio. Requests for consolidation of share certificates shall be processed in dematerialized form.
16. As per the provisions of Section 72 of the Companies Act, 2013 and SEBI Circular dated November 3, 2021, the facility for making nomination is available for the members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt out or cancel the earlier nomination and record a fresh nomination, he/she may submit the same in Form ISR-3 or SH-14 as the case may be. The said forms can be downloaded from the Company’s website at <https://alkylamines.com/investors-type/investor-center>. Members are requested to submit the said details to their DP in case the shares are held by them in dematerialized form and to Company / RTA in case the shares are held in physical form.
17. SEBI vide Circular no. SEBI/HO/OIAE/OIAE\_IAD-1/P/CIR/2023/131 dated July 31, 2023 has specified that a shareholder shall first take up his/her/their grievance with the listed entity by lodging a complaint directly with the concerned listed entity and if the grievance is not redressed satisfactorily, the shareholder may, in accordance with the SCORES guidelines, escalate the same through the SCORES Portal in accordance with the process laid out therein. Only after exhausting all available options for resolution of the grievance, if the shareholder is not satisfied with the outcome, he/she/they can initiate dispute resolution through the Online Dispute Resolution (“ODR”) Portal. Shareholders are requested to take note of the same. The aforesaid SEBI Circular can be viewed on the following link: <https://alkylamines.com/wp-content/uploads/2023/10/SEBI-Circular-on-Online-Resolution-of-Disputes.pdf> and the ODR Portal can be accessed on the Company’s website at <https://smartodr.in/login/>
18. Link Intime India Private Limited, Registrar and Share Transfer Agent (“RTA”) of the Company has developed a platform “SWAYAM” which is a secure, user-friendly web-based application that empowers shareholders to effortlessly access various services. We request the members to get registered and have first-hand experience of the portal.

During the financial year 2023-24, a newly set up plant at our existing Kurkumbh site, Maharashtra for enhancing manufacturing capacity of Ethyl Amines was successfully commissioned and it commenced commercial production from October 18, 2023. A new solar plant of 4.6 MW at Village: Talegad, Taluka- Deesa, District-Banaskantha, Gujarat, was commissioned in January, 2024.

Our new Projects include:

- Enhancing the production capacity of Methyl Amines at Kurkumbh, utilising old Ethyl Amines facilities.
- Some projects for upgrading the equipment and expansion of capacities, at all three production sites.

#### 8. SUBSIDIARY/ASSOCIATE COMPANIES:

The Company does not have any subsidiary, associate or joint venture Company.

#### 9. RESPONSIBLE CARE®:

Responsible Care is a voluntary initiative of International Council of Chemical Associations, implemented in India by Indian Chemical Council to safely handle the products from inception in the research laboratory, through manufacture and distribution, to ultimate reuse, recycle and disposal, and to involve the public in the decision-making processes. We have got our Company recertified for Responsible Care® in October 2023. The recertification is valid till October 2026. Several programs and studies related to safety, environment and health have been taken up and are being implemented.

Your Company continues to participate in developing Product Safety and Stewardship and Product distribution code as a part of initiative taken by Indian Chemical Council (ICC) along with other chemical companies. The objective was to update codes after rigorous implementation of the Responsible Care program and findings of audits.

#### 10. ENERGY CONSERVATION, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

The information on conservation of energy, technology absorption and other details stipulated under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of The Companies (Accounts) Rules, 2014, is annexed herewith as "Annexure 2".

#### 11. SAFETY, HEALTH AND ENVIRONMENT:

##### A. SAFETY:

We encourage a high level of awareness of safety issues among our employees and strive for continuous improvement. Employees are trained in safe practices to be followed at the workplace. Compliance of safety training has improved over the years and there is active participation from employees. We take active part in Mutual Aid scheme in the respective industrial areas. We have intensively trained our identified emergency response team (ERT) members for handling any industrial and natural eventuality, onsite and offsite emergencies. We are one of the leading members of Local and District Crisis Group and have earned reputation amongst societies / nearby society around and statutory authorities for prompt support during Disaster Management events.

The Company conducts scheduled mock drills for emergency scenarios with the active involvement of its staff and occasionally, in the presence of external stakeholders. The identified gaps, are closed as a part of continuous improvement process. To strengthen the Emergency Response, the Company conducts truncated drills and table top exercises to assess the performance of emergency responders. Daily tool box talks and safety talks with employees and contractors are conducted by the Company staff.

The actions which we have taken to mitigate fire risk based on quantitative risk assessment (QRA) study are implemented across all the locations and same are maintained. As part of strengthening, revamping and to make the fire hydrant system at Kurkumbh compliant with new requirements of IS 13039, a project was undertaken in FY 2022-23. In FY 2023-24 phase-2 of the project completed by making the underground fire hydrant network above the ground. Patalganga site is

also complying with high hazard category as per IS 13039, whereas the Dahej site is complying with the IS requirements since inception.

All the incidents / near misses are investigated thoroughly by a selected cross functional team and correction / corrective actions are implemented across all the locations. Walkthrough rounds by senior managers are conducted every month and each area of the factory is visited regularly. Observations are recorded and closed. With a view to improve the safety culture measurable Key Performance Indicators (KPIs), Leading Indicators and Lagging Indicators are reviewed in monthly EHS Review Meetings which is chaired by Executive Director of the Company. We have encouraged employees to report one near-miss per employee per month to improve our safety performance.

In continuation to our efforts for strengthening work safety culture through interactive process we have implemented Behavior Based Safety as per ICC guidelines. We have also taken unique initiative called Multi Step Planning process (MSP). This process is for quick assessment of the risk asking four basic questions before starting the activity.

## **B. HEALTH & HYGIENE:**

Health of employees is of utmost importance to us. New employees including contract employees undergo pre-employment medical check-up and Periodic medical check-up every six months. In addition to employees, we also conduct periodic medical examination of drivers. Training programs are arranged regularly on lifestyle diseases by eminent doctors. Health camps are arranged regularly. Periodic workplace monitoring to check concentration of chemicals, noise level, and quality of ambient air is carried out based on National Ambient Air Quality Standard. We also have well equipped Occupation Health Centre with a Doctor, appropriate staff and our own ambulance vehicle at all manufacturing sites. We have a team of employees trained as FIRST AIDERS who use their acquired skills while on duty or off duty to serve the society. Addressing Occupational Health and Safety issues to meet expectations continue to be a focal point for your Company.

As a part of Industrial Hygiene survey we carry out personnel monitoring for control and mitigation of occupational health hazards. We have assessed and measured base line study for Industrial Hygiene across the locations. We observe the engineering controls which we have adopted across the locations and which are best in industry and hence, exposure level is well below the international standard.

Your Company has also engaged a professional consulting doctor to upgrade our existing Occupational Health and Hygiene system. With his professional advice, guidance and actionable solutions we have upgraded our standard to the next level in occupational health and safety.

Occupational health centers are best in class and as per the statutory requirement. The Company is assessing Employees' Health Index for the sites and ensuring improvement in it. For transportation related safety and health issues, drivers are provided training on understanding the hazards of transported chemicals and their impacts on health.

During the financial year, we have conducted different types of well-being programs viz. mental well-being, spiritual well-being, physical well-being and financial well-being.

## **C. ENVIRONMENT:**

Environment protection and adherence to pollution control norms is of high priority for our Company. EcoVadis gave us Bronze rating (Sustainability) during the financial year under review.

- i) Air Emissions – We monitor regularly emissions from various sources. All the parameters specified in the consent to operate are well within the limits in the reporting period. We have provided Online Continuous Emission Monitoring System (OCEMS) to the two CFB (Coal Fired Boiler), one TFH (Thermic Fluid Heater) and three process stacks connected to Gujarat Pollution Control Board (GPCB) and Central Pollution Control Board (CPCB) portal of Dahej site. Similarly, we have installed one OCEMS on a CFB at Kurkumbh. During the financial year 2024-25, we have planned to install the OCEMS on second CFB and two TFH stacks at Kurkumbh and a CFB stack at Patalganga. All these stacks will also be connected to Maharashtra Pollution Control Board (MPCB) and CPCB portals.
- ii) Liquid Waste Treatment – We have integrated Effluent Treatment Plants with primary, secondary and tertiary treatments maintaining outlet parameters standards within the prescribed limits. We have installed online effluent real time monitoring system (OCEMS) across the locations to track real time monitoring data. We recycle 50% of our effluent at Kurkumbh by installing Reverse Osmosis (RO) / Multi Effect Evaporator (MEE). The new facility at Kurkumbh developed with Zero Liquid Discharge (ZLD) infrastructure. Last year, our Patalganga unit commissioned RO / MEE facility with capacity to achieve ZLD status and the Dahej facility developed with ZLD infrastructure only. We use entire water from the Sewage Treatment Plant for gardening. Number of GO GREEN activities were undertaken at the plant and staff colony.
- iii) Hazardous Waste (HW) Management – We know, any waste is loss to business and damage to environment and hence we focus our efforts for reduction of waste at source by improving process yield, replacing hazardous chemical and process with safer ones. We work on recycling the waste as either again as raw material back in the process or by re-processing to convert it as usable product or finding an application for use straight as product. Where options mentioned above are not viable, we send it to authorized re-processor cum recycler or else send it for secured landfill / incineration at the Common Hazardous Waste Transboundary Disposal Facility (CHWTSDF). As mentioned above, we have set objectives for waste management through reduction / recycle / reuse / recovery techniques. These objectives are continuously reviewed for their progress and effectiveness.

- iv) Green belt – Tree plantation inside and outside the factory premises is given utmost importance and is done on a regular basis. At Kurkumbh, the unit has developed 94,731 m<sup>2</sup> green belt and planted approx. 17,342+ various species of plants. At Dahej, the unit has developed 22,000 m<sup>2</sup> area for green belt inside the plot and taken an adjacent land on lease from GIDC for development of greenbelt having 35,622 m<sup>2</sup> area. This outside plot is contiguous to the existing plot. Around 6,768 various species of trees are planted at both the places. At Patalganga, the unit has developed 5,010 m<sup>2</sup> area for green belt inside the plot and planted approx. 203+ various species of plants.

**24. AUDITORS:****24.1 Statutory Auditors**

M/s. N.M. Raiji & Co., Chartered Accountants, Mumbai (Firm Registration Number 108296W) were appointed as Statutory Auditors of the Company at the 42nd AGM held on August 1, 2022 for second term of five consecutive years, to hold office from the conclusion of 42nd AGM till the conclusion of the 47th AGM of the Company. The Companies (Amendment) Act, 2017 has waived the requirement for ratification of the appointment by the members at every AGM. Hence, the approval of the members is not being sought for the re-appointment of the Statutory Auditors and in line with resolution of their appointment passed at the 42nd AGM held on August 1, 2022. The Auditor's Report for financial year 2023-24 does not contain any qualification, reservation, disclaimer or adverse remark. There was no instance of fraud during the financial year under review, which required the Statutory Auditors to report to the Audit Committee and / or Board under Section 143(12) of Act and Rules framed thereunder. The Auditor's Report is enclosed with the financial statements in this Annual Report.

#### 24.2 Cost Auditors

In terms of the Section 148 of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, it is stated that the cost accounts and records are made and maintained by the Company as specified by the Central Government under Section 148(1) of the Companies Act, 2013.

The Board of Directors has, on the recommendation of Audit Committee, re-appointed M/s. Manish Shukla & Associates, as Cost Auditor for the financial year 2024-25 under Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Amendment Rules 2014, as amended from time to time.

The remuneration payable to the Cost Auditor is required to be placed before the Members in a general meeting for their ratification. Accordingly, Resolution seeking Members' ratification for the remuneration payable for their re-appointment as Cost Auditor for the financial year 2024-25 is sought under Item No. 4 of the Notice convening the AGM.

#### 24.3 Secretarial Audit

Pursuant to the provisions of Section 204 of the Companies Act, 2013, the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and SEBI Listing Regulations, as amended, the Board of Directors has, on the recommendation of Audit Committee, re-appointed Mr. Prashant Mehta, Practising Company Secretary, to undertake the Secretarial Audit of the Company for the financial year 2024-25.

The Secretarial Auditor's Report for financial year 2023-24 does not contain any qualification, reservation, disclaimer or adverse remark. The Report of the Secretarial Auditor for the financial year ended March 31, 2024 is annexed herewith as **"Annexure 4"**.

#### 25. CORPORATE GOVERNANCE:

As per SEBI Listing Regulations, a separate section is annexed herewith as **"Annexure 5"** on corporate governance practices followed by the Company, together with a certificate from the Company's Secretarial Auditors confirming compliance forms an integral part of this Report.

The Company complies with all applicable Secretarial Standards issued by the Institute of Company Secretaries of India and approved by the Central Government under Section 118 (10) of the Companies Act, 2013 for the financial year ended March 31, 2024.

#### 26. BUSINESS RESPONSIBILITY AND SUSTAINABILITY REPORT:

In terms of SEBI Listing Regulations, top 1000 listed entities, as per market capitalization, are required to attach 'Business Responsibility and Sustainability Report' to their Annual Report. Accordingly, a separate section on Business Responsibility and Sustainability Report forms part of this Annual Report as required under Regulation 34(2)(f) of the SEBI Listing Regulations.

#### 27. CONSOLIDATED FINANCIAL STATEMENTS:

Since the Company does not have any subsidiary or associate company there is no requirement of preparing the Consolidated Financial Statements during the financial year 2023-24 in accordance with relevant IND AS 110 issued by the Institute of Chartered Accountants of India.

#### 28. ANNUAL RETURN

The Annual Return as required under Section 92(3) of the Companies Act, 2013 and Rule 12 of the Companies (Management and Administration) Rules, 2014 is available on the website of the Company and can be accessed at <https://alkylamines.com/wp-content/uploads/2024/06/MGT-7-2024.pdf>

#### 29. EMPLOYEES:

##### a) Employee Stock Option Plan 2018 (ESOP 2018):

The ESOP Scheme, 'AACL Employees Stock Option Plan 2018' (AACL ESOP, 2018) approved by the shareholders in 2018, is in compliance with SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (SEBI (SBEBSE) Regulations, 2021). There were no changes in the Scheme during the financial year. The Nomination and Remuneration Committee (NRC) of the Board of Directors of the Company, inter alia, administers and monitors the Scheme.

In terms of the approval of the shareholders by Postal Ballot for sub-division and related actions and as a consequence of the sub-division of equity shares from face value of ₹ 5 into face value of ₹ 2 in FY 2021-22, the Company has made appropriate adjustments to the exercise quantity and to the exercise price of the outstanding ESOPs granted to employees with effect from opening of business hours on May 13, 2021 (being the next working day post the record date of sub-division) so as to ensure that the resultant payment by ESOPs grantees on the exercise of ESOPs and the resultant benefits due to the adjustment to the revised exercise quantity and exercise price remains unchanged for grantees. Fraction quantity arising due to the adjustment to the individual vest quantity has been rounded down and the resultant difference, wherever applicable, due to such adjustment, shall be paid off to grantees as per market price of the shares prevailing at the time of exercise of Options relevant to fraction Option, by applying the formula (Market price of share at the time of exercise of relevant Option less exercise price multiplied by fraction Option). The ESOPs grantees have been intimated about this

adjustment, along with adjusted statement of ESOPs.

The total ESOP grants till date aggregate to 2,02,632 out of total 5,10,000 (pre-split 2,04,000) ESOPs permitted to be granted as per AACL ESOP, 2018. Of the 2,02,632 ESOPs granted till date, 1,30,415 equity shares of ₹ 2 per share consisting of 50,430 shares (corresponding to 20,172 pre-split equity shares of ₹ 5 per share) plus 79,985 post-split equity shares, have been allotted till date pursuant to exercise of ESOPs.

The disclosures regarding stock options required to be made under the provisions of the SEBI (SBEBSE) Regulations, 2021 are available on the website of the Company at <https://alkylamines.com/wp-content/uploads/2024/06/ESOP-Disclosure-2023-24.pdf>

A certificate from the Secretarial Auditors of the Company that the Scheme has been implemented in accordance with SEBI (SBEBSE) Regulations, 2021 and the resolution passed by the members, shall be placed in the ensuing AGM for inspection by the members. A copy of the same will also be available for inspection at the Company's Registered Office.

**b) Disclosures under Section 197 of the Companies Act, 2013**

Disclosures pertaining to the remuneration and other details as required under Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014 made thereunder, form part of the Board's Report. The said disclosures, information and details in respect of employees of the Company required pursuant to said Section and the Rule made thereunder will be provided upon request. Further, a statement showing the names and particulars of employees drawing remuneration in excess of limits as set out under Rule 5(2) of the said Rules also forms part of this Report. However, in terms of Section 136 of the Companies Act 2013, the Report and Accounts are being sent to the Members and others entitled thereto, excluding the statement of particulars of employees and is available for inspection by the Members at the Registered Office of the Company during office hours (i.e. 11:00 am to 4:00 pm) on all working days other than on Saturday and Sunday till the date of AGM. If any Member is interested in obtaining a copy thereof, such Member may write to the Company Secretary in this regard.

**30. DISCLOSURE UNDER SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:**

The Company has formulated a comprehensive policy on prevention, prohibition and redressal against sexual harassment of women at workplace, which is in accordance with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ('POSH'). The said policy has been made available on the website of the Company at <https://alkylamines.com/wp-content/uploads/2023/06/Prevention-of-Sexual-Harassment-policy-2023.pdf>

In line with the requirements of POSH, the Company has set up Complaints Committees at its workplaces to look into complaints of sexual harassment received from any women employee. No complaints have been received during the financial year 2023-24.

**31. CAUTIONARY STATEMENT**

Statements in the Board's Report and the Management Discussion & Analysis describing the Company's objectives, expectations or forecasts may be forward-looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include global and domestic demand and supply conditions affecting selling prices of finished goods, input availability and prices, changes in government regulations, tax laws, economic developments within the country and other factors such as pandemic, litigation and industrial relations.

**32. ACKNOWLEDGEMENTS**

The Directors would like to take this opportunity to show their appreciation to all employees for their hard work, dedication and support which has helped us face all challenges and enable business continuity. The Directors wish to place on record their appreciation of the continuous support received by the Company from the investors, participating Banks, Central/State Government Departments, its Customers and Suppliers.

## ANNEXURE 1

### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### INDUSTRY STRUCTURE AND DEVELOPMENTS:

We are global manufacturers and suppliers of amines, amine derivatives and other specialty chemicals. We have three manufacturing sites, two in Maharashtra, i.e. at Patalganga and at Kurkumbh and one in Gujarat, i.e. at Dahej. We have a Research & Development Centre (R&D) and Technology and Projects Office located at Pune, Maharashtra, equipped with advanced equipment and analytical instruments. We also have three Solar Plants located at: i) Bhoom, Dist. Osmanabad, Maharashtra, ii) Manwath, Dist. Parbhani, Maharashtra, and iii) Talegad, Taluka Deesa, Dist. Banaskantha, Gujarat (Commissioned in January, 2024). We have an excellent team of technical and commercial professionals with expertise in chemical manufacturing and marketing. We have our Registered Office at Vashi, Navi Mumbai and Corporate Office at Worli, Mumbai.

Our products have application in important industries like pharmaceuticals, agro-chemicals, water treatment chemicals, rubber chemicals, etc. We cater to both domestic and international market. We have competition both from local and international producers. For more details, please refer to our website [www.alkylamines.com](http://www.alkylamines.com)

#### OPPORTUNITIES AND THREATS

The Chemical Industry is critical for the economic development of our country, providing products and enabling technical solutions in virtually all sectors of the economy. The demand for our products is steadily increasing both in India and abroad. Key drivers for success in the chemical sector include proximity to strong growth markets, greater ease in doing business and the continued development of petroleum, chemicals and petrochemical investment.

Your Company is ready to take the challenges of increased demand by continuously adding capacities, adding new products and investing in upgradation of its manufacturing capacities. The in-house R&D Department has been developing quality products and is also striving for achieving cost efficiencies.

The industries in which our products have application, like pharmaceuticals, agrochemicals, rubber chemicals etc. are growing at a reasonable pace. We have a fair chance of improving our position as a reliable supplier of good quality chemicals to these industries. Our Core Competence in chemical handling and manufacturing supported by an able technical team, should provide a lot of opportunities and scope to the Company to improve its performance. We enjoy leadership position in some of the products in domestic market, driven by strong in-house technology, diversified product portfolio and customer base.

The commodity nature of some of our products makes them susceptible to fluctuations in raw material prices and exchange rates. Petroleum based raw materials are subject to international gas/crude oil price fluctuation.

Being a global player, we are also exposed to competition not only from domestic players but also large international players. Cheap imports have posed problems, which are being addressed by consistency in quality of the products and improving production efficiencies and also by initiating anti-dumping investigations.

#### OUTLOOK

The Company has established a leading position in domestic market and a presence in international market with a reputation for reliable service and quality products. For the financial year 2024-25, our focus will continue on sustainable growth by taking measures for increasing our market share of existing products and also introducing new products.

Our customers in agrochemicals and pharmaceuticals sectors are facing global competition from Chinese manufacturers resulting in loss of business. This has impacted sales of our products to major customers. Due to increase in Acrylonitrile production in China, dumping of low price imports of Acetonitrile continues to increase, resulting in reduction in its sales and creating margin pressures. We have applied for anti-dumping duty on Acetonitrile imports. However, with the global growth of chemicals focused more on Asia, it is expected that there will be further growth in chemical industry.

In order to meet the growing demand for Company's products, a newly set up plant at an investment cost of ₹ 400 crores at our existing Kurkumbh site, Maharashtra for enhancing manufacturing capacity of Ethyl Amines was successfully commissioned. We commenced commercial production from October 2023 and it is fully operational now. Hence, the old Ethyl Amines production facility shall be utilised for manufacturing of Methyl Amines, thereby enhancing the production capacity of Methyl Amines. During the financial year 2024-25, we expect our investments in various other projects to add to both our top-line and bottom-line.

We will continue with our efforts for improving our bottom-line by expanding our product-range, while re-looking at business strategies and models, wherever necessary. We will continue our efforts for improving efficiencies and margins.

#### RISKS AND CONCERNS

The economic and business environment is fast evolving. The global market is complex and demands a very efficient and complex supply chain configuration. The Company has a risk management policy, which from time to time, is reviewed by the Risk Management Committee and Audit Committee of Directors as well as by the Board of Directors. The Policy is reviewed by assessing the threats and opportunities that will impact the objectives set for the Company as a whole. The Policy is designed to provide the

categorization of risk into threat and its cause, impact, treatment and control measures. As part of the Risk Management policy, the relevant parameters for all manufacturing sites are analyzed to minimize risks associated with protection of environment, safety of operations and health of people at work and monitored regularly with reference to statutory regulations and guidelines defined by the Company. The Company fulfils its legal requirements concerning emission, waste water and waste disposal. Improving work place safety continued to be top priority at all manufacturing sites. This apart, the Company has Business Continuity Plan which provides a framework, guidance and concept of operations to support businesses to continue and/or rapidly restore their critical business functions in the event of disruption to normal operations.

#### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

Your Company's internal control procedures which include internal financial controls, ensure compliance with various policies, practices and statutes in keeping with the organization's pace of growth and increasing complexity of operations. We have set up a statutory compliance management system to ensure compliance with various applicable laws.

We have in place internal control systems in all spheres of activities commensurate with the size of the Company. The system is helping the Managers to advantageously assimilate information and make more knowledge-based and efficiency-driven decisions. The internal control is supplemented by effective internal audit being carried out by an external firm of chartered accountants. The Internal Auditor's team carries out extensive audits throughout the year across all locations and across all functional areas.

During the financial year 2022-23, the existing SAP system was replaced with HANA and the same is working satisfactorily.

The Audit Committee of Directors regularly reviews the findings of the Internal Auditors and effective steps to implement the suggestions/observations of the Auditors are taken and monitored regularly.

Your Company also has laid down procedures and authority levels with suitable checks and balances encompassing the entire operations of the Company.

#### **FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE AND SEGMENT-WISE PERFORMANCE AND KEY FINANCIAL RATIOS**

Total Income amounted to ₹ 1,45,566 lakhs compared to ₹ 1,69,624 lakhs of the previous financial year. The profit before tax amounted to ₹ 20,247 lakhs compared to ₹ 30,856 lakhs reported last financial year.

The Company operated in one segment area i.e. Specialty Chemicals. During the financial year, our gross domestic sales amounted to ₹ 1,27,565 lakhs compared to ₹ 1,45,231 lakhs of the previous financial year. Exports reduced from ₹ 36,665 lakhs (FOB) of the previous financial year to ₹ 31,779 lakhs (FOB) for the financial year 2023-24. The details of key financial ratios i.e., debtors' turnover, inventory turnover, interest coverage, current ratio, debt-equity ratio, operating profit margin, net profit margin and return on Net Worth are given in financial highlights and Note 45 and Note 48.1 to the Audited Accounts.

#### **HUMAN RESOURCES AND INDUSTRIAL RELATIONS**

The Company believes that its employees are the key to driving sustainable performance and developing competitive advantage. The Human Resource policies and procedures of your Company are geared towards nurturing and development of Human Capital. The Company had 692 employees as on March 31, 2024. Your Company has transparent processes for rewarding performance and retaining talent.

Skill Gap Analysis and other systems are also in place to identify the training interventions required. Employee relations at all locations continued to remain cordial. Your Directors wish to acknowledge the sincere and dedicated efforts of the employees of the Company and would like to thank them for the same.

## ANNEXURE 2

[Section 134(3)(m) of The Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

### (A) ENERGY CONSERVATION:

Energy conservation continues to be an active focus area for your Company since it is not only a major cost in the manufacturing process but, more importantly, a significant part of your Company's corporate social responsibilities. Your Company has taken several initiatives at each plant level in order to conserve energy which is in line with our policy of conservation of natural resources.

The Company has been re-certified for the latest version of ISO 50001:2018 (Energy Management System). Previously it was 2011 version of standard.

Projects Implemented at Kurkumbh, Patalganga and Dahej to conserve energy include:

1. Replacement of non-efficient motor by latest high efficiency motors at Kurkumbh plant.
2. Reduction in thermal energy consumption by heating feed by column top vapor and saving in cooling tower heat load at Kurkumbh plant.
3. Electrical energy saving by Cooling tower fan automation with feedback of basin temp at Kurkumbh plant.
4. Reduction in power consumption by installation of VFD panels for Mixer reactor at Kurkumbh plant.
5. Achieved electrical energy saving by improving power quality with the help of harmonics active filtration panel at Kurkumbh plant.
6. Electrical energy reduction by replacement of cooling tower fan by energy efficient fan is in progress at Kurkumbh plant.
7. Installation of Solar lighting fixtures to reduce the auxiliary power consumption at Bhoom Solar plant.
8. Improvement of yield for EHA product by doing impurity study and data analysis at Patalganga plant.
9. Expected to save energy by installation of lower rating cooling water pump for the Chilling plant is in progress at Patalganga plant.
10. Installed 4.6 MW solar plant at Village - Talegad, Taluka – Deesa, District - Banaskantha, Gujarat to benefit Dahej Plant.
11. Existing APFC Panels capacity enhancement for power factor improvement to save energy at Dahej Plant.

### (B) TECHNOLOGY ABSORPTION:

#### 1. Specific areas in which R & D carried out by the company

R & D activities are focused towards the following three key research areas.

##### a) Identification of New Product and Process Development:

Based on the Organization focus on developing product pipeline, new products are evaluated based on the economic feasibility, availability of raw materials, human/environmental hazards, and potential market demand. The synthetic route for selected new products is designed after review of the scientific information available on Chemistry search engine, like Sci-Finder.

Safe processes, having high atom economy and low effluent load on product are selected for feasibility/exploration studies. After successful exploratory studies, full-scale process development is pursued for optimization. Finally, the optimized processes are taken for pilot scale studies before commercialization.

##### b) Development of Complex Specialty Product:

R&D is working towards development of specialty products involving complex chemistry like polymerization and high temperature vapor phase reaction.

##### c) Optimization of Existing Processes:

Improvement of the existing processes with particular focus towards effluent reduction, isolation of valuable product from waste streams, including recycling of waste stream. Also, R&D focuses on enhancing process efficiency of existing processes by reducing process time-cycle and improving product yield by adopting new technology.

#### 2. Benefits derived as a result of the above R & D:

##### a) R&D has developed a process to isolate valuable byproduct from the waste stream of one of the existing product.

The above developed process is expected to get implemented in production in the year 2024-25.

##### b) R&D has revisited the processes developed for 2 new products. The water miscible organic solvent used in the process is replaced with water. After completion of reaction, water is recovered and recycled.

- c) R&D has resolved the problem of high COD in the waste stream of one of the product manufactured by continuous process by developing efficient product recovery technique from the waste stream. This technique was successfully implemented in production.
- d) R&D has developed safe and efficient processes for 2 complex specialty products with backward integration to raw materials/intermediates. The pilot trials are going on and technology transfer to the production is expected by 2025-26.
- e) For one of the existing product, R&D has developed a process in which waste stream is reacted with a gas to form one of the raw materials. This raw material is isolated from the waste stream and used in the next batch. Pilot trials for this developed technology is on-going and is expected to be implemented in the production in the year 2024-25.

**3. Future plans of action.**

- a) Develop processes for Specialty products involving Complex Chemistry.
- b) Develop continuous process for existing batch processes to enhance process efficiency and reduce waste.

**4. Expenditure incurred on Research & Development:**

a) Revenue Expenditure:	₹ 778.34 Lakhs
b) Capital Expenditure:	₹ 151.13 Lakhs
Total:	₹ 929.47 Lakhs
Total R&D expenditure as a percentage of total turnover:	0.65 %

**(C) FOREIGN EXCHANGE EARNINGS & OUTGO:**

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF ALKYL AMINES CHEMICALS LIMITED

#### Report on the audit of Financial Statements

##### Opinion

We have audited the accompanying financial Statements of Alkyl Amines Chemicals Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), Cash Flow Statement and the Statement of Change in Equity for the year then ended, and a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act"), in the manner so required and give a true and fair view, in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, its cash flows and changes in equity for the year ended on that date.

##### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI), together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

##### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor Response
1	<b>Litigations – Contingencies</b>	<b>Audit Procedures</b>
	<p>The Company has litigations in respect of certain direct and indirect tax and other litigations. In this regard, the Company has recognised provisions and has disclosed contingent liabilities (to the extent not provided for) as at March 31, 2024.</p> <p>Significant management judgment is required to assess these matters and to determine the probability of material outflow of economic resources and whether a provision should be recognised, or a disclosure should be made. Where considered relevant, management judgement is also supported with legal advice in these cases.</p> <p>We focused on this area as the ultimate outcome of matters are uncertain and the positions taken by the management are based on the application of judgement, related expert advice, including those relating to interpretation of laws and regulations.</p> <p>Refer to Note 2(i)(c) and 35a to the Financial Statements.</p>	<p>Our audit procedures involved the following:</p> <ul style="list-style-type: none"> <li>• testing the effectiveness of controls around the recording and re-assessment of contingent liabilities;</li> <li>• discussing with management the status and recent developments of these matters, including their views on the likely outcome of each litigation and claim;</li> <li>• performing our assessment of the underlying calculations supporting the provisions or other disclosures made in the financial statements;</li> <li>• evaluating the management's assessment of these matters and monitoring changes in the disputes with reference to subsequent orders passed, in order to establish the appropriateness of the provisions / disclosures;</li> <li>• Obtaining information from the Company's tax consultants to confirm the facts and circumstances and assessment of the likely outcome.</li> <li>• evaluating management's assessment of the matters that are not disclosed, as the probability of material outflow is considered to be remote by the management; and</li> <li>• assessing the adequacy of the Company's disclosures.</li> </ul>

<b>2</b>	<p><b>Provision for Expected Credit Losses (ECL) of trade receivables</b></p> <p>The Company determines the provision for credit losses based on the Company’s historical observed default rates, which are negligible over the years. The Company considered current and anticipated future economic conditions relating to industries the Company deals with, to calibrate the provision matrix to adjust the historical credit loss experience with forward-looking information.</p> <p>While determining expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future.</p> <p>We focused on this area as the Company has exercised significant judgment in determining the ECL and accordingly has not provided for any such allowance for credit losses as at the balance sheet date</p> <p>Refer to Note 2(ii)(f) to the Financial Statements.</p>	<p><b>Audit Procedures</b></p> <p>Our audit procedures involved the following:</p> <ul style="list-style-type: none"> <li>• testing the effectiveness of controls over the development of the methodology for the provision for expected credit losses;</li> <li>• discussing with management about their consideration of the current and estimated future economic conditions;</li> <li>• evaluating the completeness and accuracy of information used in the estimation of probability of default by the customers;</li> <li>• performing our assessment of the past experience supporting the non-provisioning or other disclosures made in the financial statements;</li> <li>• verifying subsequent collection from the customers after the balance sheet date, with respect to the outstanding trade receivables, in order to establish the appropriateness for not making the provisions; and</li> <li>• assessing the adequacy of the Company’s disclosures.</li> </ul>

**Information Other than the Financial Statements and Auditor’s Report**

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Report on Corporate Governance, Shareholder information and Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the financial statements, and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise, appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company, in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting, unless management either intends to liquidate the Company or cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company’s financial reporting process.

**Auditor’s Responsibility for the Audit of Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a

basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account, as required by law, have been kept by the Company, so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss, including Other Comprehensive Income, Cash Flow Statement and Statement of Change in Equity, dealt with by this Report, are in agreement with the books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, as applicable.
  - (e) On the basis of the written representations received from the directors as on March 31, 2024, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - (g) With respect to the matter to be included in the Auditor's Report under section 197(16):  
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of section 197, read with Schedule V of the Act.
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35a to the financial statements;
    - ii. The Company did not have any material foreseeable losses on long-term contracts including derivative contracts.
    - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like, on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. As stated in Note 15.2 to the financial statements –
- a. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable.
- b. The Board of Directors of the Company has proposed final dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks, the Company has used accounting softwares for maintaining its books of account, which has a feature of recording audit trail (edit log), and the same has operated properly throughout the year for all relevant transactions recorded in the softwares, except in the case of Vendor Portal which is used for procurement of goods and their movement records and is integrated with SAP, wherein the said accounting software did not have the audit trail feature enabled throughout the year. Further, in the course of our audit we did not come across any instance of the audit trail feature being tampered with.
- While the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, on the preservation of audit trail as per the statutory requirements for record retention is applicable only from April 1, 2024
2. As required by the Companies (Auditor’s Report) Order, 2020 (“the Order”), issued by the Central Government of India, in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in the “Annexure B” a statement on the matters specified in paragraph 3 and 4 of the Order.

## ANNEXURE "A"

**TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON  
THE FINANCIAL STATEMENTS OF ALKYL AMINES CHEMICALS LIMITED**

(Referred to in Paragraph 1 point (f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date)

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of Alkyl Amines Chemical Limited ("the Company") as at March 31, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively, for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes, in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial Statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India.

ANNEXURE - B

**TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON  
THE FINANCIAL STATEMENTS of ALKYL AMINES CHEMICALS LIMITED**

**(Referred to in Paragraph 2 under the heading of "Report on Other Legal and  
Regulatory Requirements" of our report of even date)**

- i.
  - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment (PPE), Capital Work –in-Progress and relevant details of right-of-use assets.  
(B) The Company has maintained proper records showing full particulars of intangible assets.
  - (b) The Company has a program of verification to cover all the items of Property, Plant & Equipment and right-of-use assets, in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain PPE were physically verified by the management during the year. According to the information and explanations given to us, discrepancies noticed on physical verification of assets were not material and the same have been properly dealt with in the books of account.
  - (c) According to the information and explanations given to us, the records examined by us and based on the examination of the records such as property tax receipts, registered sale deed/ transfer deed/ conveyance deed etc. provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, including the Property, Plant & Equipment (other than properties where the Company is the lessee), are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed under Right to Use of Asset in the financial statements, the lease agreements are in the name of the Company.
  - (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) or intangible assets during the year and hence reporting under clause (i) (d) of paragraph 3 of the Order is not applicable.
  - (e) Based on the examination of the financial statements and explanations received from the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii.
  - (a) Inventories other than inventories lying with third parties, stocks in transit and other project inventories, have been physically verified during the year by the management. In respect of Company's inventories with third parties, confirmations have been obtained from them. In respect of stock in transit and project inventories at the year end, the necessary documentary evidence has been obtained. In our opinion, the frequency of verification is reasonable. Discrepancies noticed on physical verification of stocks were not exceeding 10% in the aggregate for each class of inventory, and the same have been properly dealt with in the books of account.
  - (b) According to the information and explanations given to us and based on the examination of the books and documents made available, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks, on the basis of security of current assets, where all the quarterly statements filed by the Company with such banks are in agreement with the books of account of the Company.
- iii. According to the information and explanations given to us, the Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships, or any other parties during the year. Consequently, sub-clauses (a),(b),(c),(d),(e) and (f) of clause (iii) of paragraph 3 of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not granted any loans or made any investments, or provided guarantees and securities to parties covered under section 185 and 186. Consequently, clause (iv) of paragraph 3 of the Order is not applicable to the Company.
- v. According to the information and explanations given to us, the Company has not accepted any deposits during the year. Consequently, clause (v) of paragraph 3 of the Order is not applicable to the Company.
- vi. We have broadly reviewed the cost records maintained by the Company, pursuant to the Companies (Cost Records and Audit) Rules, 2014, as specified by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us and on the basis of our examination of the books of account, in respect of statutory dues:
  - (a) The Company has been generally regular in depositing with the appropriate authorities undisputed statutory dues, including provident fund, employees' state insurance, income tax, customs duty, goods and service tax, cess and other statutory dues, applicable to it, with the appropriate authorities.

There were no undisputed amounts payable in respect of the above statutory dues in arrears, as at 31st March, 2024, for a period of more than six months from the date they became payable, except in the case of electricity duty (on captive power generated) in Kurkumbh Plant, aggregating Rs. 384.97 lakhs (previous year - Rs. 337.11 lakhs) with the appropriate authorities.

- (b) The following dues have not been paid on account of disputes with the respective authorities:

Nature of Statute	Nature of Dues	Amount (₹ In Lakhs)	Period	Forum where dispute is pending	Remarks
Income Tax Act, 1961	Disallowance of Expenditure/ Deductions	35.50	AY 2009-2010 AY 2010-2011	The Assessing Officer	Amount of Deposit ₹ 8.94 lakhs.
Income Tax Act, 1961	Income Tax & Interest	982.54	AY 2009-2010 AY 2016-2017 AY 2021-2022	CIT (Appeals)	Amount of Deposit ₹ 57.65 lakhs.
Central Excise Act, 1944	Dispute relating to Cenvat Credit (Interest and Penalty)	1122.51	FY 2002-2003 to 2010-2011	Customs, Excise and Service Tax Appellate tribunal	Amount of Deposit ₹ 21.07 lakhs
Customs Act, 1962	Dispute relating to Custom Duty	848.00	FY 2017-2018 FY 2018-2019 FY 2019-2020 FY 2020-2022	Hon'ble Bombay High Court	Amount of Deposit ₹ 250 lakhs

Except for the above, there are no dues in respect of income tax, customs duty, goods and service tax and cess, which have not been deposited with the appropriate authorities on account of any dispute.

- viii. Based on an examination of intimations received from the authorities and information provided to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of dues towards loans and borrowings, to any lender. The Company has not raised any monies from government or financial institutions and does not have any outstanding debentures.
- (b) According to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and according to the information and explanations given to us, the Company has not taken any term loans during the year and there are no outstanding term loan at the beginning of the year and hence, reporting under clause (ix) (c) of paragraph 3 of the Order is not applicable to the Company;
- (d) To the best of our knowledge and according to the information and explanations given to us and based on the overall examination of the financial statements of the Company, funds raised on short term basis have, prima facie, not been utilised for long term purposes by the Company,
- (e) The Company does not have any subsidiaries, associates or joint ventures. Hence reporting under clause (ix) (e) of paragraph 3 of the Order is not applicable to the Company.
- (f) The Company does not have any subsidiaries, associates or joint ventures. Hence reporting under clause (ix) (f) of paragraph 3 of the Order is not applicable to the Company.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments). Consequently, reporting under clause (x)(a) of paragraph 3 of the Order is not applicable to the Company.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures. Consequently, reporting under clause (x)(b) of paragraph 3 of the Order is not applicable to the Company.
- xi. (a) To the best of our knowledge and according to the information and explanations given to us, no material fraud by the Company or on the Company has been noticed or reported during the year.
- (b) No report under sub-Section (12) of Section 143 of the Companies Act, 2013, has been filed in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules 2014 with the Central Government, during the year and upto the date of this report.
- (c) To the best of our knowledge and according to the information and explanations given to us, no whistle-blower complaints have been received during the year by the Company.

- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Consequently, clause (xii) of paragraph 3 of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, all transactions with related parties are in compliance with section 177 and 188 of Companies Act, 2013, where applicable, and corresponding details have been disclosed in the financial Statements, as required by the applicable Indian accounting standards.
- xiv. (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system commensurate with the size and nature of its business;
- (b) We have considered the reports of the Internal Auditors for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion and according to the information and explanations given to us, the Company has not entered into non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Act are not applicable. Consequently, requirement under clause (xv) of paragraph 3 of the Order is not applicable to the Company.
- xvi. To the best of our knowledge and belief, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Consequently, requirement under clause (xvi) (a), (b), (c) and (d) of paragraph 3 of the Order is not applicable to the Company.
- xvii. The Company has not incurred cash losses in the financial year and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors during the year.
- xix. In our opinion and according to the information and explanations given to us, on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of evidence and supporting the assumptions, nothing has come to our attention, which causes us to believe that material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet, as and when they fall due, within a period of one year from the balance sheet date. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to the fund specified under Schedule VII to the Companies Act, 2013, in compliance with the second proviso to section 135(5) of the said Act. Accordingly, reporting under clause (xx)(a) of paragraph 3 of the Order is not applicable to the Company.
- (b) There is an amount of Rs. 106.83 lakhs remaining unspent, pursuant to the ongoing projects as at the end of the financial year, which has duly transferred to the special account within a period of 30 days from the end of the said financial year in compliance with the provision of sub section (6) of section 135 of the said Act.
- xxi. The Company does not have any subsidiaries, associates or joint ventures. Accordingly, reporting under clause (xxi) of paragraph 3 of the Order is not applicable to the Company.

## NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2024

### Corporate Information

Alkyl Amines Chemicals Limited (the 'Company') is a public limited company, domiciled in India. Its shares are listed on two stock exchanges in India, viz. the Bombay Stock Exchange Limited (BSE) and the National Stock Exchange Limited (NSE). The Company is engaged in the manufacturing and selling of specialty chemicals.

#### 1. Material Accounting Policies Information

This note provides a list of the material accounting policies information adopted in the preparation of these financial statements. The policies have been consistently applied to all the years presented, unless otherwise stated.

##### a. (i) Statement of Compliance

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 ("the Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

##### (ii) Basis of Preparation

All assets and liabilities have been classified as current or non-current, as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013, and as per Ind AS-1.

Based on the nature of products and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

##### (iii) Historical cost convention

The financial statements have been prepared on a historical cost basis, using the accrual method of accounting, except for the following:

- Certain financial assets and liabilities (including derivative instruments) that are measured at fair value;
- Defined Benefit Plans — Plan Assets measured at fair value;
- Share Based payments - measured at fair value

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest Lakhs (INR) up to two decimals, except when otherwise indicated.

##### b. Segment Reporting

Ind AS 108 - Operating Segments, requires Management to determine reportable segments for the purpose of disclosure in financial statements, based on internal reporting reviewed by the Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The standard also requires Management to make judgments with respect to aggregation of certain operating segments into one or more reportable segments.

The Company has determined that the Chief Operating Decision Maker (CODM) is the Board of Directors (BOD), based on its internal reporting structure and functions of BOD. The Operating Segment used to present segment information identified is based on the internal reports is used and reviewed by the BOD to assess performance and allocate resources. The Management has determined that some of the segments exhibit similar economic characteristics and meet other aggregation criteria and has accordingly aggregated them into reportable a primary operating segment i.e. "Specialty Chemicals".

##### c. Foreign Currency Translation

(i) Functional and presentation currency: Items included in the financial statements are measured by using the currency of the primary economic environment in which the entity operates (₹the functional currency'). The financial statements are presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

(ii) Transactions and balances: Foreign currency transactions are translated into the functional currency by using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary Assets and Liabilities denominated in foreign currencies at year end exchange rates are generally recognized in the Statement of Profit and Loss.

(iii) Foreign exchange differences, regarded as an adjustment to borrowing costs, are presented in the Statement of Profit and Loss as part of finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis, as part of other gains / (losses).

##### d. Revenue Recognition

(i) Sales of Manufactured Goods: Revenue is measured at fair value of consideration received or receivable for goods supplied or services rendered. Revenue from the sale of goods and services is recognized when the Company discharges its obligation to its customer and when the amount of revenue can be measured reliably and the recovery of consideration is probable. 'Sales' (including packing charges) which are net of returns, excluding amounts collected on behalf of third

parties, such as Goods and Services Tax. The Company derives its revenues primarily from the sale of manufactured goods and related services.

Revenue from the sale of goods is recognized at the point of time when the control over the goods is transferred to the customer, which is mainly upon the delivery of the goods, and in the case of services, in the period in which such services are rendered, and there are no unfulfilled obligations.

Revenue from the sale of goods is measured at the fair value of consideration received or receivable, net of returns, allowances and discounts. The Company does not adjust transaction prices for the time value of money, as it does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year.

Generally, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

- (ii) Recognition of Export Benefits: Export Benefit Entitlements are accrued as revenue in the year in which the export sales are accounted for, only to the extent there is a reasonable assurance that the conditions attached to them will be complied with, and the amounts will be received. Export benefit receivables are carried at net realisable value.
- (iii) Other Income - Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options), but does not consider the expected credit losses. Interest on Income-tax refund is accounted for when the right to receive is established.

**e. Income Tax**

Income Tax expense comprises of current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income (OCI) or directly in equity, in which case, the current and deferred tax are also recognized in OCI, or directly in equity, respectively.

Current Tax: Provision for current tax is made on the estimated taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws to the relevant assessment year. The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction. The Company periodically evaluates positions taken in tax returns with respect to situations in which the applicable tax regulation is subject to interpretation. It makes provisions wherever appropriate on the basis of amounts expected to be paid to the tax authorities.

**f. Deferred Tax**

Deferred income tax is recognised using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred Tax Assets are recognized only to the extent that it is probable that either future taxable profits or reversal of Deferred Tax Liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of a Deferred Tax Asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the Deferred Income Tax Asset to be utilized.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Deferred Tax Assets and Liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when it relates to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

**g. Leases**

The Company applied a single recognition and measurement approach for all leases for which it is the lessee, except for short-term leases and leases of low value assets. The Company recognised lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The lease liability is initially measured at the present value of the lease payments to be made over the lease term. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement

date if the interest rate implicit in the lease is not readily determinable.

The lease term includes periods subject to extension options which the Company is reasonably certain to exercise and excludes the effect of early termination options where the Company is reasonably certain that it will not exercise the option.

The right-of-use asset recognised at lease commencement includes the amount of lease liability recognised, initial direct costs incurred, and lease payments made at or before the commencement date, less any lease incentives received. Right-of-use assets are depreciated over the shorter of the asset's estimated useful life and the lease term.

Land (Leasehold) is carried at cost less amortization;

Leasehold land is amortized on the straight line method over the period of lease.

The Company elected to use the recognition exemptions for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (short-term leases), and lease contracts for which the underlying asset is of low value (low-value assets). Costs associated with such leases are recognised as an expense on a straight-line basis over the lease term.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

For a lease modification that is not a separate lease, at the effective date of the modification, the lessee accounts for the lease modification by remeasuring the lease liability using a discount rate determined at that date.

- a) for lease modifications that decrease the scope of the lease, the lessee decreases the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease, and recognises a gain or loss that reflects the proportionate decrease in scope; and
- b) for all other lease modifications, the lessee makes a corresponding adjustment to the right-of-use asset.

#### **h. Impairment of Assets**

If internal / external indications suggest that an asset of the Company may be impaired, the recoverable amount of the asset/ cash generating unit is determined on the date of Balance Sheet and if it is less than its carrying amount, the carrying amount of asset/ cash generating unit is reduced to the said recoverable amount. Subsequently, if there is a change in the indication, since the last impairment was recognized, so that recoverable amount of an asset exceeds its carrying amount, an impairment recognized for an asset in prior accounting period is reversed. The recoverable amount is measured as the higher of the net selling price and value in use of such assets/ cash generating unit, which is determined by the present value of the estimated future cash flows.

An impairment of Intangible Assets is conducted annually, or more often, if there is an indication of any decrease in value. The impairment loss, if any, is charged to the Statement of Profit and Loss.

#### **i. Cash and Cash Equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments, with original maturities of three months or less, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Bank overdrafts are shown as a part of borrowings in Current Liabilities in the Balance Sheet.

#### **j. Trade Receivables**

Trade receivables are recognized and measured at amortized cost less provision for expected credit losses, if any.

#### **k. Investments**

- (i) Investments are carried at cost, less accumulated impairment, if any.
- (ii) Profit or loss on sale of investments, if any, is calculated by considering the weighted average amount of the total holding of the investment.
- (iii) Normal purchases and sales are recognised on trade-dates, being the date on which the Company commits to purchase or sale the Investment.

#### **l. Inventories**

- (i) Raw materials, packing materials, stores and spares, furnace oil and fuel are valued at cost or net realizable value, whichever is lower. Cost comprises of basic cost (net of GST, if any) and other costs incurred in bringing them to their respective present location and condition. Cost is determined on a Weighted Average basis.
- (ii) Work-in-Progress and finished goods are valued at cost or net realizable value, whichever is lower. Cost includes all direct costs and a proportion of other fixed manufacturing overheads, based on normal operating capacity. Cost is determined on a weighted average basis. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet.

However, materials and other items held for use in production of finished goods are not written down below the cost if the finished goods in which they will be incorporated are expected to be sold above cost.

- (iii) Catalysts which have a life of less than one year are treated as inventory and are valued at cost or net realizable value, whichever is lower. Cost comprises of basic cost (net of GST, if any) and other costs incurred in bringing them to their respective present location and condition. Cost is determined on a weighted average basis.

#### m. Financial Instruments

##### Initial recognition

The Company recognizes financial assets and liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition, except for trade receivables which are initially measured at the transaction price and financial liabilities are initially measured at fair value.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through the Statement of profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through the Statement of Profit and Loss are recognised immediately in the Statement of Profit and Loss.

#### n. I. Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

##### Classification and subsequent measurement

- (i) Financial assets carried at amortised cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model, whose objective is to hold the asset to collect contractual cash flows and when the contractual terms of the financial asset give rise on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- (ii) Financial assets at fair value through other comprehensive income ('FVOCI'):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through Other Comprehensive Income.

- (iii) Financial assets at fair value through profit or loss ('FVTPL'):

A financial asset which is not classified in the above categories is subsequently fair valued through the Statement of Profit and Loss. Further, financial assets that are equity instruments are classified as fair value through the Statement of Profit and Loss.

##### Impairment of financial assets

The Company applies the expected credit loss for recognising impairment loss on financial assets measured at amortised cost, debt instruments at FVTOCI, trade receivables, other contractual rights to receive cash or other financial asset.

The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions.

##### Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on net basis or to realise the assets and settle the liabilities simultaneously.

##### Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

#### II. Financial liabilities

Financial liabilities that are not held for trading and are not designated as at FVTPL, are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included under 'Finance costs'.

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

##### Derecognition of financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

**o. Derivative Financial Instruments and Hedge Accounting**

In order to manage its exposure to foreign currency risks for highly probable forecast transactions for exports and imports, the Company enters into forward contracts. The Company does not use derivatives for trading or speculation purposes.

At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions.

All derivative contracts are initially recognized at fair value, on the date the derivative contract is entered into, and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

The Company designates certain derivatives as either:

- (a) hedges of the fair value of recognised assets or liabilities (fair value hedge); or
- (b) hedges of a particular risk associated with a firm commitment or a highly probable forecasted transaction (cash flow hedges).

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The effective portion of changes in the fair value of derivatives, that are designated and qualified as cash flow hedges, is recognized in Other Comprehensive Income as equity under Cash Flow Hedge Reserve. The ineffective portion of changes in the fair value of the derivative is recognised in the Statement of Profit and Loss. Gains or losses accumulated in the equity are reclassified to Statement of Profit and Loss when the impact from hedged item is recognized in the Statement of Profit and Loss.

**p. Property, Plant and Equipment and Others**

- (i) The Company has adopted the cost model as its accounting policy for all its Property, Plant and Equipment and, accordingly, the same are reflected as under:

Land (Freehold) is carried at cost;

Other items of Assets are carried at cost less accumulated depreciation/amortization and impairment losses, if any.

- (ii) The cost comprises of purchase price (net of goods and service tax), including import duties and non-refundable taxes, after deducting trade discounts and rebates, plus any costs incurred which are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, and interest on borrowings, if any, attributable to the acquisition of qualifying assets, up to the date on which the asset is ready for its intended use. It also includes exchange difference capitalized, if any, in terms of Ind AS 21 on "Effects of Changes in Foreign Exchange Rates".
- (iii) Items of Property, Plant and Equipment, which are not yet ready to be capable of operating in the manner intended by management, are carried at cost, comprising direct cost, related incidental expenses and attributable interest, and are disclosed as "Capital Work-in-progress". Advances paid towards the acquisition of Property, Plant & Equipment, outstanding as at the Balance Sheet date, are classified as "Capital Advances" under "Other Non-current Assets".
- (iv) Subsequent costs are included in the carrying amount of the assets or are recognised as a separate asset, as appropriate, only if it is probable that the future economic benefits associated with the item will flow to the Company and that the cost of the item can be reliably measured. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.
- (v) Intangible Assets which are not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible Assets under Development".
- (vi) Items of Property, Plant and Equipment which are retired from active use and held for disposal, and where the sale is highly probable, are classified as "Assets held for disposal" under "Other Current Assets". The same are carried at the lower of their carrying amount and net realizable value.

Depreciation methods, estimated useful lives and residual value

- (i) The charge of depreciation on Property, Plant and Equipment is commenced when the relevant asset is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.
  - (a) Where the cost of a part of the asset which is significant to the total cost of the asset and useful life of the part is different from the useful life of the remaining asset, the Company has determined the useful life of the significant part separately ("Component Accounting") and, accordingly, provided depreciation on such parts.
  - (b) Depreciation is charged on a pro-rata basis on the straight line method, as per the useful lives prescribed under

Schedule II of the Companies Act, 2013. Depreciation on Plant and Machinery (including those identified under the Component Accounting), other than those not specifically covered under the classification as per Schedule II of the Companies Act, 2013, is provided on the straight line method over the useful lives, as determined by the internal technical evaluation done by the management's expert, which are as follows:

Spare parts, stand-by equipment and servicing equipment: 10 years.

Catalyst: 2 to 9 years.

Special Plant & Machinery: 5 to 12 years.

Roads : 15 to 25 years

Buildings : 3 to 30 years

Leasehold Improvements are depreciated over the useful life of lease term.

The Management believes that the useful lives, as determined, best represent the period over which it expects to use these assets. Hence, the useful lives for such Plant and Machinery and Roads are different from the useful lives as prescribed under Part C of Schedule II of Companies Act, 2013.

Depreciation method, useful life and residual values are reviewed at each balance sheet date and changes, if any, are accounted prospectively .

- (ii) Intangible Assets are amortized on the straight line method over their estimated useful life as follows:

Development of R & D Products/Processes (Internally generated): 5 years.

REACH Registration: 5 years.

Computer Software: 10 years.

- (iii) Depreciation on assets purchased/sold during the period is proportionately charged from / up to the month, on which it is available for use/ disposed off, as the case may be.

- (iv) The residual values are not more than 5% of the original cost of the assets. The residual values and useful lives of the assets are reviewed and adjusted if found appropriate.

**q. Government Grant**

The Company recognizes government grants only when there is reasonable assurance that the conditions attached to the grants would be complied with and the grants will be received. Government grants related to assets are treated as deferred income and are recognized in the Statement of Profit and Loss, on a systematic and rational basis, over the useful life of the asset. Government grants related to revenue are recognized on a systematic basis in the Statement of Profit and Loss, over the periods necessary to match them with the related costs, which they are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are in the Statement of Profit or Loss on a straight-line basis, over the expected lives of the related assets and disclosed under the head "Other Income".

**r. Trade and Other Payables**

These amounts represent liabilities for goods and services provided to the Company, prior to the end of the financial year, which are unpaid. Trade and other payables are presented as Current Liabilities, if payment is due within 12 months from the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost, using the effective interest method.

These amounts represent liabilities for goods and services provided to the Company, prior to the end of the financial year, which are unpaid. Trade and other payables are presented as Current Liabilities, if payment is due within 12 months from the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost, using the effective interest method.

**s. Borrowings**

Borrowings are initially valued at their contractual obligations, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the amount due for repayment is recognized in the Statement of Profit or Loss over the period of the borrowings, using the effective interest method.

Borrowings are derecognised from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as Current Liabilities, unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender has not demanded payment after the reporting period and before the approval of the financial statements, as a consequence of the breach.

#### t. Borrowing Costs

Borrowing costs, general or specific, that are directly attributable to the acquisition or construction of qualifying assets are capitalized as part of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use.

Other borrowing costs are expensed in the period in which they are incurred. Borrowing costs comprise of interest and other costs incurred in connection with borrowing of funds.

Borrowing Cost includes exchange differences arising from foreign currency borrowings, to the extent they are regarded as an adjustment to the finance cost.

#### u. Employee Benefits

(i) Short-term obligations: Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

(ii) Post-employment obligations: The Company operates the following post-employment schemes:

(a) Defined benefit plans such as gratuity: In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ('Gratuity Plan') covering all employees. The Gratuity Plan provides by way of a lump sum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary and the years of employment with the Company. Liability with regard to Gratuity Plan is accrued based on actuarial valuation at the Balance Sheet date, carried out by an independent actuary. Actuarial gain or loss is recognized immediately in the Other Comprehensive Income or Expense (OCI). The Company has an employee gratuity fund managed by Life Insurance Corporation of India ('LIC'), to the exclusion of the Managing Director, for whom, also, necessary provision is made based on an actuarial valuation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in OCI. They are included under the head "Retained Earnings" in the "Statement of Changes in Equity" in the Balance Sheet.

Changes in the present value of the defined benefit obligation, resulting from plan amendments or curtailments, are recognized immediately in the Statement of Profit and Loss, as past service cost.

(iv) Share based payment transactions:

Employee Stock Option Plans ("ESOPs"):

The fair value of options determined calculated using Black-Scholes-Merton model at the grant date is recognized as an employee expense on a straight line basis (on the basis of multiple vesting of options granted), with a corresponding increase in "Other Equity" under "Employee Stock Options Outstanding account", over the vesting period of the grant, where the employee becomes unconditionally entitled to the options. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the Statement of Profit and Loss, such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the "Employee Stock Options Outstanding account".

Stock Options are granted to eligible employees in accordance with "Alkyl Amines Employees Stock Option Plan" (ESOPs 2018), as approved by the Shareholders and the Nomination and Remuneration Committee of the Board of Directors (the Committee) in accordance with the SEBI (Share based employee benefits) Regulations, 2014.

Eligible employees for this purpose includes employees falling under the following schemes:

Plan A : Rewards ESOPs (based on past performance)

Plan B : Retention ESOPs (based on future performance)

Under Ind AS 102 on Share based Payment, the cost of stock options is recognised based on the fair value of stock options as on the grant date (refer note 37b).

#### v. Cash flows

Cash flows are reported using the indirect method, whereby profit or loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. For presentation in the statement of cash flows, cash and cash equivalents

does not include cash credit and overdraft facility.

**w. Contributed Equity**

Equity shares are classified as Equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

**x. Earnings Per Share**

- (i) Basic earnings per share: It is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year.
- (ii) Diluted earnings per share: Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:
  - (a) The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
  - (b) The weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares, except where the results would be anti-dilutive.

**y. Provisions, Contingent Liabilities and Contingent Assets**

The Company recognizes a provision, when there is a present legal or constructive obligation as a result of past events, the settlement of which is likely to result in an outflow of resources and a reliable estimate can be made of the amount of obligation.

Contingent Liabilities are disclosed by way of a note to the financial statements after careful evaluation by the Company of the facts and legal aspects of the matters involved.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Provisions are reviewed at each Balance sheet date and adjusted to reflect the current best estimate.

**2. Critical Judgments, Estimates and Assumptions**

The preparation of financial statements requires the Company to make estimates, assumptions and judgments that affect the reported balances of assets and liabilities and disclosures as at the date of the financial statements and the reported amounts of income and expenses for the period presented.

The estimates and the associated assumptions are based on historical experience and the other factors that are considered to be relevant. Actual results may differ from the estimates under different assumptions and conditions.

Estimates and the underlying assumptions are reviewed on an ongoing basis. Impact on account of revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

The estimates and assumptions that have significant risk of causing a material adjustment to the carrying value of assets and liabilities within the next financial year are discussed below.

**(i) Judgments:**

In the process of applying the Company's accounting policies, the Company has made the following judgments, which have the most significant effect on the amounts recognized in the financial statements:

**a. Segment Reporting**

Ind AS 108 - Operating Segments, requires the Company to determine the reportable segments for the purpose of disclosure in financial statements, based on the internal reporting reviewed by the Board of Directors, to assess the performance and allocate resources. The standard also requires the Company to make judgments with respect to aggregation of certain operating segments into one or more reportable segments.

Operating segments, used to present segment information, are identified based on the internal reports used and are reviewed to assess performance and allocate resources. The Company has determined that some of the segments exhibit similar economic characteristics and meet other aggregation criteria and are accordingly aggregated into one primary reportable segment i.e. 'Speciality Chemicals'.

**b. Stores and Spares Inventories**

The Company's manufacturing process is continuous and highly technical, with a wide range of different types of plants and machineries. The Company keeps stores and spares as a standby, to run the operations without any disruption. Considering the wide range of stores and spares and long lead times for their procurement, and based on criticality of the spares, the Company believes that their net realizable value would be more than their cost.

**c. Income Taxes**

The Company in making judgement for the resolution of the uncertainty over income tax treatments as per Appendix C to Ind AS 12 'Income Taxes', The Company has considered; (a) how it prepares its income tax filings and supports tax treatments; or (b) how the entity expects the taxation authority to make its examination and resolve issues that

might arise from that examination. The Company determined, based on its tax compliance, that it is probable that its tax treatments will be accepted by the taxation authorities. Thus, the said Appendix does not have a material impact on the financial statements of the Company.

d. Contingent Liability Judgment

Note-35a describes claims against the Company not acknowledged as debt. It includes certain penalties and charges payable to a Government agency, although as per the contracts, the Company, based on past experience, believes that the penalties and charges are not certain, and, accordingly, are not considered as an obligation as at the Balance Sheet date and are disclosed as Contingent Liabilities.

(ii) Estimates and Assumptions:

The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Defined Benefit Plans (Gratuity Benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds. The mortality rate is based on Indian Assured Lives Mortality 2012-14 (Urban). Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

Further details about gratuity obligations are given in Note 37a.

b. Fair Value Measurement of Financial Instruments

When the fair values of Financial Assets and Financial Liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the Discounted Cash Flow model. The inputs to these models are taken from observable markets where possible; but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Please refer note 48 for further disclosures.

c. Useful Life of Property, Plant and Equipment and Others

The Company reviews the estimated useful lives and residual values of Property, Plant and Equipment (PPE) and Intangible Assets as at the end of each reporting year. The factors, such as changes in the expected level of usage, technological developments, units of production and product life cycle, could significantly impact the economic useful lives and the residual values of assets. Consequently, future depreciation and amortization charge could be revised and thereby could have an impact on the profit of the future years.

The useful life of a Catalyst is estimated from the date of its activation, which is considered as the date of from which it is available for use as per IND AS 16 - Property Plant and Equipment.

d. Litigations

From time to time, the Company is subjected to legal proceedings, the ultimate outcome of each being always subject to many uncertainties inherent in litigations. A provision is made when it is considered probable that payment will be made and the amount of the loss can be reasonably estimated. Significant judgment is made when evaluating, among other factors, the probability of unfavourable outcome and the ability to make a reasonable estimate of the amount of potential loss. Litigation provisions are reviewed at each accounting year and revisions made for changes in facts and circumstances.

e. Cash Flow Hedge Reserve

The Cash Flow hedging reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of designated portion of hedging instruments entered into for cash flow hedges. It will be reclassified to the Statement of Profit and Loss only when the hedged transaction affects the profit or loss or included as a basis adjustment to the non-financial hedged item.

f. Provision for Expected Credit Losses (ECL) of trade receivables

The Company uses a provision matrix to calculate ECL for trade receivables. The provision matrix is based on the

Company's historical observed default rates which are negligible over the years. The Company calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historically observed default rates, forecast economic conditions and ECL is a significant estimate. The amount of ECL is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. However, based on the information about the historical data, and the forecast by the management, ECL on the Company's trade receivables is considered as Nil.

g. Government Grant

In assessing the recognition of Government Grants, the Company is dependent upon the generation of future revenue as per the condition specified in the Export Promotion Capital Goods (EPCG) license. Management considers projected future income planning strategies in making this assessment. Based on the level of historical revenue and projections for future revenue over the periods, in which the conditions are satisfied, the Management believes that the Company will be able to fulfil the conditions. The amount of Government Grant considered realizable could, however, be reduced in the near term, if estimates of future export revenue during the subsequent period are reduced.

Delta Effect of +1% Change in Rate of Employee Turnover	-	<b>4.07</b>	2.44	-
Delta Effect of -1% Change in Rate of Employee Turnover	<b>4.38</b>	-	-	2.85

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting year, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the Projected Unit Credit Method at the end of the reporting year, which is the same method as applied in calculating the defined benefit obligation as recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

**i) Fair value hierarchy**

The fair value of financial instruments as referred to in the note above have been classified into three categories, depending on the inputs used in the valuation technique. An explanation of each level is given below the table.

₹ in Lakhs

Financial Assets and Liabilities measured at fair value - recurring fair value measurements	Level 1	Level 2	Level 3	Total
<b>Derivatives designated as Hedges</b>				
<b>Derivative Assets</b>				
March 31, 2024	-	-	-	-
March 31, 2023	-	2.47	-	2.47
<b>Financial Assets and Liabilities measured at fair value - recurring fair value measurements</b>				
<b>Derivatives designated as Hedges</b>				
<b>Derivative Liability</b>				
March 31, 2024	-	26.93	-	26.93
March 31, 2023	-	0.43	-	0.43

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to determine fair value of an instrument are observable, the instrument is included in Level2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

**ii) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

The fair value of forward foreign exchange contracts is determined using forward exchange rates received from the bank at the Balance Sheet date.

**iii) Valuation process**

The finance department of the Company includes a team that performs the valuations of assets and liabilities required for financial reporting purposes, including level 3 fair values.

**iv) Fair value of financial assets and liabilities measured at amortized cost**

The carrying amounts of trade receivables, deposits, loans, cash and cash equivalents, other financial assets, trade payables, borrowings and other financial liabilities are considered to be the same as their fair values, due to their short-term nature.

**48.3 Financial Risk Management**

**Policies and Objectives**

The Company, in the course of its business, is exposed to a variety of financial risks, viz. market risk, credit risk and liquidity risk, which can adversely impact its financial performance. It is the Company's endeavour to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The Company has a risk management policy that not only covers the foreign exchange risk but also other risks such as interest rate risk and credit risk which are associated with financial assets and liabilities. The risk management policy of the Company is approved by its board of directors. The risk management framework focuses on actively securing the Company's short to medium term cash flows by minimizing the exposure to financial markets.

Presented below is a description of our risks (market risk, credit risk and liquidity risk) together with a sensitivity analysis, performed annually, of each of these risks, based on selected changes in market rates and prices. These analyses reflect the management's view of changes which are reasonably possible to occur over a one year period. In the event of crisis caused due to external factors, the management assesses the recoverability of its assets, maturity of its liabilities to factor it in the cash flow forecast to ensure that there is enough liquidity in the system through internal and external source of funds. These forecasts and assumptions are reviewed by the board of directors.

**Market risk**

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

The objective of market Risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**Foreign currency exchange rate risk:**

The fluctuation in foreign currency exchange rates may have a potential impact on the Statement of Profit and Loss and Equity. This arises from transactions entered into in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

A majority of the Company's foreign currency transactions are denominated in US Dollars (USD). Other foreign currency transactions entered into by the Company are in EURO. However, the size of these transactions is relatively small in comparison to the US dollar transactions. Thus, the foreign currency sensitivity analysis has only been performed in relation to the US Dollar (USD).

The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks. Further, in accordance with its risk management policy, the Company hedges its risks to the extent of at least 80% by using derivative financial instruments. The use of these instruments facilitates the management of transactional exposures to exchange rate fluctuations because the gains or losses incurred on the derivative instruments will offset, in whole or in part, losses or gains on the underlying foreign currency exposure.

c. The Company also designates certain hedges, usually for large transactions, as cash flow hedges under hedge accounting, with the objective of shielding the exposure from variability in cash flows. The currency, amount and tenure of such hedges are generally matched to the underlying transaction(s). Changes in the fair value of the effective portion of cash flow hedges are recognized as cash flow hedging reserve in Other Comprehensive Income. While the probability of such hedges becoming ineffective is very low, the ineffective portion, if any, is immediately recognized in the Statement of Profit and Loss. The movement in the cash flow hedging reserve in respect of designated cash flow hedges is summarized below:

Details of foreign currency exposure at the end of the reporting year are as follows:

- a. Derivative Contracts entered into by the Company are for hedging foreign currency risks. The following contracts have remained outstanding:

- c. The Company also designates certain hedges, usually for large transactions, as cash flow hedges under hedge accounting, with the objective of shielding the exposure from variability in cash flows. The currency, amount and tenure of such hedges are generally matched to the underlying transaction(s). Changes in the fair value of the effective portion of cash flow hedges are recognized as cash flow hedging reserve in Other Comprehensive Income. While the probability of such hedges becoming ineffective is very low, the ineffective portion, if any, is immediately recognized in the Statement of Profit and Loss. The movement in the cash flow hedging reserve in respect of designated cash flow hedges is summarized below:

#### Interest rate risk

Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rates. Any movement in the reference rates could have an impact on the Company's cash flows as well as costs.

The company has borrowed through financial instruments such as ECB and working capital loans. The company is subject to variable interest rates on some of these interest bearing liabilities.

The risk estimated provided assume a parallel shift of 50 basis points interest rates across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposure's outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

Particulars	₹ in Lakhs	
	Amount as at March 31, 2024	Amount as at March 31, 2023
<b>Fixed rate Borrowings</b>	-	-
<b>Floating rate borrowings</b>	<b>63.72</b>	8,548.54
<b>Total borrowings</b>	<b>63.72</b>	8,548.54

### Interest rate sensitivity

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. Based on the composition of net debt, a 50 basis points increase / decrease in interest rates over the 12 month period would increase/ decrease the Company's net finance expense explained as below:

Particulars	₹ in Lakhs			
	For the year ended March 31, 2024		For the year ended March 31, 2023	
	5%	(-5%)	5%	(-5%)
Cash Credit	(0.32)	0.32	(8.10)	8.10
Packing Credit in Foreign Currency	-	-	(34.64)	34.64
	<b>(0.32)</b>	<b>0.32</b>	<b>(42.74)</b>	<b>42.74</b>

### Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk encompasses both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks.

Financial instruments that are subject to concentration of credit risk, principally consist of Trade Receivables and Loans.

The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties. The Company's management considers that all the Financial Assets are of good credit quality, including those that are past due.

A majority of the customers have been transacting with the Company over a long period of time and none of these customers' balances have been written off or credit impaired at the reporting date.

In respect of receivables other than Trade Receivables, the Company's exposure to any significant credit risk exposure to any single counter party or any groups of counter parties having similar characteristics is considered to be negligible. The credit risk for liquid funds and other short-term Financial Assets is considered negligible, since the counter parties are reputed banks with high quality external credit ratings.

The derivatives contracts are entered into with reputed banks with high quality credit ratings.

The Company's exposure to credit risk is limited to the carrying amount of Financial Assets recognized at the Balance Sheet date.

The Company evaluates the concentration of risk with respect to trade receivable as low, as its customer are located in several jurisdictions and industries and operate in a largely independent market.

The maximum exposure to credit risk for trade and other receivables by geographic region is as given below:

Particulars	₹ in Lakhs	
	Carrying amount	
	As At March 31, 2024	As At March 31, 2023
Within India	<b>17,920.38</b>	20,841.29
Outside India	<b>4,252.42</b>	5,000.83
<b>Total</b>	<b>22,172.80</b>	25,842.12

### Expected Credit Loss Assessment

Based on the industry practices and the business environment in which the entity operates, management considers that the trade receivables and loans are in default (credit impaired) if the payments are more than 365 days past due. However as per the history of the Company, none of the customers fell in the aforesaid category during the year ending March 31st 2024 and year ending March 31st 2023.

### Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company invests its surplus funds in bank fixed deposits which carry no mark to market risk.

The following tables detail the remaining contractual maturities at the end of the reporting period of the Company, which are based on contractual and undiscounted cash flows and the earliest date the Company can be required to pay. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.
