Rlys identifies 6 more routes for high-speed corridors

PRESS TRUST OF INDIA
New Delhi, January 29

THE RAILWAYS HAS identified six sections for high-speed and semi-high speed corridors, Railway Board chairman VK Yadav said on Wednesday, adding a detailed project report on these sections will be ready within a year.

The new corridors will join the under-construction Mumbai-Ahmedabad high-speed route. Trains can run at a maximum speed of over 300 km per hour on a high-speed corridor, while on a semi-high speed corridor, the maximum speed can go beyond 160 km per hour.

In a briefing ahead of the Union Budget, Yadav said the six corridors include the Delhi-Noida-Agra-Lucknow-Varanasi (865 km) and the Delhi-Jaipur-Udaipur-Ahmedabad (886 km)

Trains can run at a maximum speed of over 300 km per hour on a high-speed corridor, while on a semi-high speed corridor, it can go beyond 160 km per hour

sections.

Other corridors are: Mumbai-Nashik-Nagpur (753 km), Mumbai-Pune-Hyderabad (711 km), Chennai-Bangalore-Mysore (435 km) and the Delhi-Chandigarh-Ludhiana-Jalandhar-Amritsar (459 km) sections.

"We have identified these six corridors and their detailed project reports (DPR) will be prepared within the year. The DPR will study the feasibility of these routes which includes land availability, alignment and

a study of the traffic potential there. After these things are studied, we will decide if they will be high-speed or semi-high speed corridors," said Yadav.

India's bullet train project between Mumbai and Ahmedabad, the country's first high-speed corridor, will be completed by December 2023, he said.

Yadav also said 90% land acquisition work for the bullet train project will be completed in the next six months.

"We need 1,380 hectare of land for the project. 1,005 hectare was private land of which we have acquired 471 hectares. 149 hectare was state government land of which we have got 119 hectare. The remaining is 128 hectare which is railway land which has been given to the high-speed corporation," he said.

All coaches, wagons to get RFID tags, be tracked by '21

PRESS TRUST OF INDIA
New Delhi, January 29

AROUND 3,50,000 COACHES and wagons of the railways will be RFID-tagged and tracked by 2021 and the cost of the project will be around ₹112 crore, a senior official said on Wednesday.

Till now approximately 22,000 wagons and 1200 coaches have been fitted with radio-frequency identification (RFID) tags, said Rajesh Agar-

wal, member, Rolling Stock, Railway Board.

Additionally, roughly 3,500 fixed RFID readers are expected to come up which will communicate to a central control centre using GS1 barcode's LRP (low level reader protocol) standard, he said.

The RFID project undertaken by CRIS, the IT arm of Indian Railways, can read data even at a speed of 182 kmph, Agarwal said.

This technology will help rail-

ways track each of its coaches and wagons as a result of which they can be suitably deployed in a timely manner wherever necessary, he said.

"Not just the wagon number, the RFID tag will also provide all information about it, including its past history. This will reduce network congestion, avoid connectivity issues and better utilisation of assets

"By 2021, all coaches and wagons will be RFID tagged," he said.

Govt to propose mandatory mid-career training for highway engineers: Gadkari

MID-CAREER TRAINING is likely to be made mandatory for highway engineers for getting promoted to higher levels, Union road transport minister Nitin Gadkari has said. A proposal has been submitted by a committee that was constituted to recommend ways to transform Indian Academy of Highway Engineers (IAHE) into a world class premier institute. "Mid-career training should be mandatory for promotion of highway engineers to next higher levels," Gadkari said on Tuesday. The committee has also recommended exclusive training programme for engineers working with contractors and consultants in the sector. To maintain the country's massive road network in efficient, environment-friendly and safe manner at economical costs, Gadkari said there is a strong need for enhancement of knowledge, skill and expertise of the engineers.

| 8. | Earnings per share [Face value of ₹ 10/- each (* not annualised)] Basic and diluted (₹) | *(8.60) | *(1.70) | *5.61 | *(18.10) | *14.40 | 14.84 |

Notes:

- The above is an extract of the detailed format of quarter and nine months period ended 31 December, 2019 Unaudited Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the quarter and nine months period ended 31 December, 2019 Unaudited Financial Results are available on the Stock Exchange websites (www.nseindia.com) and www.bseindia.com.
- The Company has adopted Ind AS 116 'Leases' effective 01 April, 2019. This has resulted in recognising right-of-use asset and corresponding lease liability of ₹ 485 lacs as at 01 April, 2019. Resulting impact in the financial results for the quarter and nine months period ended 31 December, 2019 is an increase of ₹ 50 lacs and ₹ 152 lacs in depreciation for the right-of-use assets, an increase of ₹ 13 lacs and ₹ 40 lacs in finance costs on lease liability and a decrease in lease rent cost of ₹ 59 lacs and ₹ 177 lacs respectively.
- In terms of approval of Board of Directors at their meeting held on 09 October, 2018, the Company on 10 May, 2019 allotted 11,63,262 equity shares at a Price of ₹ 105 per share (including premium of ₹ 95 per share) to existing shareholders on rights basis. Pursuant to this allotment, the securities premium stands increased by ₹ 1054 lacs net of share issue expenses of ₹ 51 lacs. The proceeds from Rights Issue have been utilised for the intended purposes. Basic and diluted earnings per share for the quarter ended and nine months period ended 31 December, 2018, and for year ended 31 March 2019 have been accordingly adjusted for effect of Rights Issue.
- Previous period's figures have been regrouped/reclassified wherever necessary.
