Enclosed: Press Release

DocExa pro clocks record 2,500 Doctors registration in a single Day

DocExa steers ahead in onboarding Doctors

Mumbai, June 29th, 2020: GlobalSpace Technologies '**DocExa pro**' platform achieves significant milestone by clocking record single day registrations of 2,500 Doctors. DocExa – the first Artificial Intelligence enabled virtual Consultation platform has received quite positive acceptance amongst the Medical fraternity – both from the Pharma Companies and from Doctors as well within a short span of time since its formal launch. '**DocExa**' enables Doctors to set up their own personalized virtual consultation clinic with zero exposure of patient database getting shared with other doctors. Equipped with AS2 advanced levels encryption, all the data's remain highly secured in the app. The app would enable patients to have option of securely uploading individual EMR – Electronic Medical Records. Doctors would be able to prescribe medicines with three different easy modes and charge consultation fees as per their discretion.

GlobalSpace Technologies has adopted hybrid model for marketing of its '**DocExa pro**' platform in terms of taking the product through Pharma Companies and Direct approach to the Doctors. The company's The hybrid strategy has yielded quite positive results as the company has managed to strike two strategic partnership with leading Pharma Companies – Cadila and Macleod. Direct awareness initiatives like Webinars is also yielding effective results.

Commenting on the milestone, Mr. Krishna Singh, Founder & CMD, 'We are quite excited with the response we are witnessing for our DocExa platform. Our awareness campaign by way of webinars has led to single day record registrations of 2,500 Doctors. Such kind of acceptance only signifies the underlying strength of our platform. Post, our corporate association with Cadila and Macleod, direct onboarding of the Doctors is a significant milestone for the company. We are quite optimistic about the product and are taking substantial measures to sustain the traction we have built around DocExa. We are also confident for posting quite improved performance based on the success of our products'.
