THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on September 22, 2024 at 9.00 A.M. and ends on September 24, 2024 at 5.00 P.M. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 18, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. MANAGEMENT DISCUSSION AND ANALYSIS REPORT- 2024-25

The Management Discussion and Analysis Report are prepared in adherence to the spirit enunciated in the Code of Corporate Governance, approved by the Securities and Exchange Board of India and in compliance with the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Market Overview- Plastic packaging industry

The Indian packaging industry, valued at approximately USD 75 billion in FY20, is projected to grow at a CAGR of 18-20% and reach nearly USD 200 billion by FY25. This growth is driven by the retail market, which is the 5th largest sector in India's economy and has shown steady growth with high potential for expansion, particularly in exports.

Packaging plays a crucial role in determining a product's perceived value. However, with the wide variety of packaging and box options available, choosing the most suitable solution can be challenging. Packaging can generally be divided into two main categories: Rigid Packaging and Flexible Packaging. India is one of the world's biggest and fastest growing flexible packaging markets. The growth is expected to be driven by population growth, urbanization, and improved quality of life, increasing environmental awareness and increasing consumerism.

Rigid Plastic Packaging

Rigid plastic, which includes products and packaging made from plastic resin, is predominantly used for molded items such as food containers, tubes, cups, bottles, pots, cans, and closures. This type of packaging is rapidly replacing traditional materials like metal cans, glass bottles, aluminum tubes, and metal caps in various applications. The primary materials used in rigid plastics are PET (Polyethylene terephthalate), PP (Polypropylene), and HDPE (High-Density Polyethylene).

The growth of this category is driven by factors such as demand for lower-cost packaging, technological innovation and development, a shift towards packaged products by middle-class consumers, modern retail formats that emphasize product presentation, and a growing desire for higher-quality products. Rigid packaging offers the best alternative for recyclability and reusability compared to flexible, glass, or metal packaging.

The market for rigid plastic packaging in India has grown significantly in recent years and is expected to continue growing at a CAGR of around 10-12% by FY25. The Northern region is the largest market for rigid plastic packaging, accounting for 35% of the market share, followed by the West with 32%.

Flexible packaging

Flexible packaging, made of easily moldable materials, is a rapidly growing segment of the packaging industry. It utilizes materials such as paper, plastic film, foil, and metalized or coated papers to preserve product freshness and extend shelf life. Compared to rigid plastic packaging, it is lighter, takes up less space, and is easier to dispose of. The market for flexible packaging is estimated to grow at a CAGR of 15-18% by FY25, with plastics dominating due to their moisture-resistant properties. Flexible packaging has various applications in the food and non-food industries, including ready-to-eat foods, boil-in-bag pouches, insulation, cosmetics, and healthcare. India is one of the world's largest and fastest-growing flexible packaging markets, with growth driven by factors such as population growth, urbanization, improved quality of life, environmental awareness, and consumerism.

We are pleased to inform that, due to our remarkable growth over the last few years, we are expanding!

Looking at the various exciting business opportunity, we at Raaj Medisafe India Limited, have decided to explore huge business potential in Hygiene industry. In hygiene industry, we aim to cater needs of Baby diapers, sanitary pads, Panty liners, Maternity pads.

Market Overview- Hygiene industry**Sanitary napkins**

Sanitary pads in India have undergone significant changes over the years, playing a crucial role in women's health and hygiene. Sanitary pads are a necessity for women, and the demand for them is high, making it a potentially lucrative business opportunity. Women are the main target market for sanitary napkins. Menstruation, which occurs every month, is one of the main concerns for women's health. The use of sanitary napkins has increased due to women's growing knowledge of feminine hygiene products.

The Indian sanitary napkin market touched US\$ 618.4 million worth in 2021. Looking at the statistics, reports anticipate the market to touch US\$ 1,185.0 million by 2027, thereby exhibiting a CAGR of 11.31% during 2022-2027. India Sanitary Pads

Market has valued at USD 685.89 million in 2023 and is anticipated to project robust growth in the forecast period with a CAGR of 6.23% through 2029.

Over the past few years, the Government of India has started partnering with several private entities and non-governmental organizations to take initiatives for popularizing the use of sanitary napkins, particularly among the underprivileged and rural women. Some of these initiatives include the Reproductive and Child Health Program, Eco Femme and My Pad. In addition to this, an expansion in the female workforce has led to improved decision-making and purchasing power among women. Owing to this, manufacturers can directly target the female audience and, in turn, influence their purchasing behavior. Technological advances, such as super absorbent fiber technology, have further enabled manufacturers to focus on introducing high absorption capability in sanitary napkins.

Diapers

The diaper market in India size reached US\$ 1.6 Billion in 2023. Looking forward, IMARC Group expects the market to reach US\$ 3.0 Billion by 2032, exhibiting a growth rate (CAGR) of 7% during 2024-2032. The rising concerns among parents regarding the overall health and hygiene of their babies, growing prevalence of various health conditions, and increasing consciousness regarding personal hygiene are among the key factors driving the market growth.

The baby diaper market in India is pegged at Rs. 1500 crores and is growing at the rate of 23% per annum. (businesswireindia.com) the healthy growth rate is driven by factors such as 25 million babies born per year, higher disposable income among common people and the increased hygiene awareness of Indian mothers.

Looking ahead, the volume of the Baby Diapers market is expected to reach 1.4bn kg by 2029. Additionally, a volume growth of 4.4% is projected for 2025. On average, each person in India is expected to consume 0.8kg units of Baby Diapers market in 2024.

Independent Auditor's Report

To
The Members of
Raaj Medisafe India Limited

Report on the audit of the IND AS Financial Statements**Opinion**

We have audited the accompanying IND AS Financial Statements of **Raaj Medisafe India Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss and Statement of Cash flows and notes to the IND AS Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS Financial Statements give the information required by the **Companies Act, 2013** ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and its Statement of Profit and Loss account and Statement of Cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the IND AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the IND AS Financial Statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone IND AS Financial Statements of the current period. These matters were addressed in the context of our audit of the IND AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No.	Key Audit Matter	Auditors Response
1.	Accuracy of recognition measurement, presentation and disclosures of revenues and other related balances in view of adoption of INDAS 115	<p>We assessed the company's process to identify the impact of the existing revenue accounting policy</p> <p>Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows:</p> <p>i) We have reviewed the Company's Accounting policies for Revenue Recognition (Refer Note No. 1 of the standalone financial statements.</p> <p>ii) We have carried out substantive procedures on sample basis for evaluation of operating effectiveness and each income stream, basis of management estimation and their corresponding disclosure.</p>

Information other than the IND AS Financial Statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Director's Report and other company related information, but does not include the standalone INDAS Financial Statements and our auditor's report thereon.

Our opinion on the IND AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the IND AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the IND AS Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the IND AS Financial Statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these IND AS Financial Statements that give a true and fair view of the financial position and financial performance and Cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the INDAS Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the IND AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the IND AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these IND AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the IND AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and

related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the IND AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the IND AS Financial Statements, including the disclosures, and whether the IND AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by section 197(16) of the Act based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. 16.
2. As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
3. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid IND AS Financial Statements comply with the accounting standards specified under section 133 of the Act, read with rule 7 of the **Companies (Accounts) Rules, 2014** Companies Rules 2015 as amended except for INDAS 107 re. Financial Instruments Disclosures;
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the board of directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls with reference to IND AS Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**" to this report.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;

- i. The company has disclosed the impact of the pending litigations on its financial position in its IND AS Financial Statements- Refer Note No. 32 to the INDAS Financial Statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
- iii. There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) Management has represented that, to the best of it's knowledge and belief, other than as disclosed in the notes no. 37A to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
(b) Management has represented, that, to the best of it's knowledge and belief, other than as disclosed in the notes no. 37A to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. During the year the company has not declared or paid any interim, final dividend to the accumulated loss sustained by the company.
- vi. As stated in note 39 to the financial statements and based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated from 3rd April, 2023 for relevant transactions recorded in the software.

ANNEXURE "B" TO INDEPENDENT AUDITORS' REPORT**Report on the internal financial controls with reference to the aforesaid Ind AS financial statements under Section 143(3)(i) of the Companies Act, 2013**

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

We have audited the internal financial controls with reference to Ind AS financial statements over financial reporting of Raaj Medisafe (India) Limited ("the Company") as of 31st March 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls with reference to Ind AS financial statements based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with reference to Ind AS financial statements and their operating effectiveness. Our audit of internal financial control with reference to Ind AS financial statements included obtaining an understanding of internal financial control with reference to Ind AS financial statements, assessing the risk that a material weakness exists, and testing and be evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Ind AS financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately

and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an internal financial controls system over financial reporting and such internal financial controls over financial reporting were needs to be strengthen as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements

For The Year Ended 31st March, 2024

1. Company Overview:

- A) Raaj Medisafe India Ltd. is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE) in India. The registered office of the company is located at 75/2 and 75/3, Industrial Area Maxi Road, Ujjain 456010 (M.P.) and Also works at address 106, Sector III, Industrial Area, Pithampur-454774, Dist - Dhar, Madhya Pradesh.
- B) The company's principal activity is to manufacture plastic bottles, caps & plugs, plastic liners and aluminum caps.

2. Basis of Preparation:

- A) The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("The Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) Amendment Rules, 2016 and Companies (Indian Accounting Standards) Amendment Rules, 2017.
- B) The financial statements of the Company are prepared in accordance with the Indian Generally Accepted Accounting Principles (GAAP) on the accrual basis of accounting and historical cost convention except for certain material items that have been measured at fair value as required by the relevant Ind AS and explained in the ensuing policies below.
- C) The financial statements are presented in Indian Rupees ('INR') and all values are rounded to the nearest thousands, except otherwise indicated.

3. SIGNIFICANT ACCOUNTING POLICIES:

- A) Property, Plant & Equipment (PPE) -** Property, plant and equipment is stated at acquisition or construction cost net of accumulated depreciation, amortization and accumulated impairment losses, if any. Property, plant and equipment acquired in a business combination are recognized at carrying amount before merger date. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance cost are charged to the Statement of Profit and Loss during the period in which they are incurred.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

At balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible assets with finite lives may be impaired. If any such impairment exists the recoverable amount of an asset is estimated to determine the extent of impairment, if any. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets not yet available for use are tested for impairment annually at each balance sheet date, or earlier, if there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable

amount. An impairment loss is recognized immediately in the statement of Profit and Loss

- B) Depreciation on PPE** - Depreciation is provided on a pro-rata basis on the straight line method based on estimated useful life prescribed under Schedule II to the Companies Act, 2013. Depreciation on additions to property, plant and equipment is provided on a pro-rata basis from the date of acquisition or installation or construction, when the asset is ready for intended use.

No asset is impaired during the year. In respect of an asset for which impairment loss, if any, is recognized, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted, if appropriate.

- C) Inventories** - Inventories are valued after providing for obsolescence, as follows:

- I) Raw materials, stores and spare parts and packing material:

Lower of cost and net realizable value. Cost includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not available. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. If the value of inventories is expected to be sold below cost then it is valued at NRV and deducted from the cost of the Main Product

- II) Work-in-progress, finished goods and stock in trade:

Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of stock-in-trade includes cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on a weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

- D) Cash Flows** – Cash Flow Statement is prepared by the “Indirect method” set out in Ind AS 7 on “Statement of Cash Flow” and presents the cash flow by operating, investing and financing activities of the company. Cash and Cash equivalents presented in Cash Flow Statement consist of Cash on Hand and demand deposits with banks.

- E) Investment in subsidiaries, associates and joint arrangements** – There is no subsidiary company of the company, also the company has neither obtained any economic benefit from its activities nor did the company entered into any joint arrangement with any entity. Hence, Ind AS 28, Ind AS 110, Ind AS 111 and Ind AS 112 are not applicable.

- F) Financial Instruments** - A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through the statement of profit and loss are recognized immediately in the statement of profit and loss.

- I) Financial Assets -**

- (a) The Company's financial assets comprise:

Notes to Financial Statements

For The Year Ended 31st March, 2024

- i) Current financial assets mainly consist of trade receivables, cash and cash equivalents, bank balances, fixed deposits with banks and financial institutions and other current loans, advances & receivables.
 - ii) Non-current financial assets mainly consist of financial investments in equity.
- (b) Initial recognition and measurement of financial assets:

All regular way purchases or sales of financial assets are recognised and de-recognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

- (c) Subsequent measurement of financial assets:

- i) Cash and cash equivalents – Cash and cash equivalents consist of cash on hand & balances in current accounts held in the name of the company. During the year, if company has surplus funds for shorter period, as part of Company's cash management policy, it parks its surplus funds in short-term highly liquid instruments that are generally held for a period of three months or less from the date of acquisition. These short-term highly liquid instruments are readily convertible into known amounts of cash and are subject to insignificant risk of changes in value.
- ii) Other Balances with Banks - Fixed deposits, either free or liened whose maturities are within a period of 12 months are part of the other bank balances. It also includes debit balances, if any, in loan accounts.
- iii) Trade Receivables & Other Current Financial Assets– Trade receivables, loans & other current financial assets are initially recognized at fair value. Subsequently, trade receivable need to be held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.
- iv) Equity Instruments - Equity instruments, which are held for trading, are classified as at FVTPL. Equity instruments included within the FVTPL category should be measured at fair value with all changes recognized in the statement of profit and loss. The unquoted equity shares should be fair valued on the basis of available fair value. Due to non-availability of fair value of unquoted equity shares, the same is being carried in financial statements at cost.

- (d) **De-recognition of financial assets:**

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognized when:-

- i) The rights to receive cash flows from the asset have expired, or
- ii) The Company has transferred its contractual rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in the statement of profit and loss if such gain or loss would have otherwise been recognised in the statement of profit and loss on disposal of that financial asset.

Notes to Financial Statements

For The Year Ended 31st March, 2024

II) Financial Liability -

(a) The Company's financial liability comprise:

- i) Non-current financial liabilities mainly consist of borrowings.
- ii) Current financial liabilities mainly consist of trade payables, staff related and other payables.

(b) Subsequent measurement of financial liabilities:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent reporting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest rate method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

(c) De-recognition of financial liabilities:

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

III) **Offsetting of financial instruments** – Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

G) Provisions & Contingencies -

I) **Provision** - A provision is recognised for a present obligation (legal or constructive) as a result of past events if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and in respect of which a reliable estimate can be made. The amount recognized as provisions are determined based on best estimate of the amount required to settle the obligation at the balance sheet date. These estimates are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

II) **Contingent liability** - A contingent liability is a possible obligation that arises from the past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that can not be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

III) **Contingent Assets** - Contingent asset is not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

H) **Foreign Exchange & Losses** - Foreign currency transactions are recorded at the rates of exchange prevailing on the date of transaction. Foreign currency monetary items are reported using the closing rate. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognised as income or expense in the year in

Notes to Financial Statements

For The Year Ended 31st March, 2024

which they arise.

- I) Revenue Recognition** –The Company earns revenue primarily by sale of packaging items. Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

The Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The Company has adopted Ind AS 115 using the cumulative effect method. The effect of initially applying this standard is recognised at the date of initial application (i.e. April 1, 2018). The standard is applied retrospectively only to contracts that are not completed as at the date of initial application and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

- J) Interest Income-** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
- K) Other Income** - Income are accounted for on accrual basis and accordingly company follows the Mercantile System of Accounting. Claims / refunds not ascertainable with reasonable certainty are accounted for on settlement basis.
- L) Expenditure** – Expenses are accounted on accrual basis. Further Prior period items are accounted under exceptional items as per Ind AS 8 "Accounting policies, changes in estimates and errors".
- M) Retirement and other employee benefits -**

- a) Defined contribution plan - Employee benefits in the form of contribution to Provident Fund managed by Government Authorities and Employees State Insurance Corporation are considered as defined contribution plans and the same are charged to the statement of profit and loss for the year in which the employee renders the related service.
- b) Defined benefit plan -The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of expected plan assets. The defined benefit obligation is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- i) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ii) Net interest expense or income

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling (if any), and the return on plan assets (excluding net interest), are recognized immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in

Notes to Financial Statements

For The Year Ended 31st March, 2024

subsequent periods.

- c) Short term employee benefits - The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognized as an expense during the period when the employees render the services.

Further accumulated compensated absences, which are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service, are treated as short term employee benefits. The Company does not recognize the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date; they are to be accounted for on cash basis. Thus its effect on Profit and Loss of the company is not determined.

- d) Other long-term employee benefits - There is no such other long term employees benefit for which actuarial valuation is required. Hence no actuarial gain or loss is booked in statement of profit or loss.
- e) Termination Benefit - Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits at the earlier of the following dates:
- i) When the Company can no longer withdraw the offer of those benefits; and
 - ii) When the Company recognizes costs for a restructuring that is within the scope of Ind AS 37 and Involves the payment of termination benefits.

N) Borrowing Cost- Borrowing cost directly attributable to acquisition and construction of assets that necessarily takes substantial period of time to get ready for their intended use or sale are capitalised as part of the cost of such assets up to the date when such assets are ready for intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

O) Taxation - Income tax expense comprises current tax and deferred tax. Income tax expense is recognised in the statement of Profit and Loss except when they relate to items that are recognised outside profit and loss (whether in other comprehensive income or directly in equity), in which case tax is also recognised outside profit and loss. Current income taxes are determined based on respective taxable income of each taxable entity.

Deferred tax assets and liabilities are recognised for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilised business loss and depreciation carry-forwards and tax credits. Such deferred tax assets and liabilities are computed separately for each taxable entity. Deferred tax assets are recognised to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carryforwards and unused tax credits could be utilised.

Deferred tax assets and liabilities are measured based on the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Current and deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

P) Leases- The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for

Notes to Financial Statements

For The Year Ended 31st March, 2024

consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether:

- (i) The contact involves the use of an identified asset;
- (ii) The Company has avail substantially all of the economic benefits from use of the asset Through the period of the lease; and
- (iii) The Company has the right to direct the use of the asset.

As a lessee, the Company should recognizes a right-of-use asset and a lease liability at the lease commencement date. The right of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of- use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurement of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the fixed payments, including in-substance fixed payments; the lease liability is measured at amortised cost using the effective interest method.

The company has used number of practical expedients while applying Ind AS 116: - Short-term leases, leases of low-value assets and single discount rate. The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The company has entered into a lease agreement with MPAKVN Limited, for factory Land at Pithampur, Indore (M.P.). The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term as the lease payment is of very low –value.

The company has paid the upfront lease premium at the time of execution of the lease deed which is being amortizing over the period of lease term determined by the company under Ind AS 17, the same assessment of lease term would be acceptable under Ind AS 116. The amortisation of lease premium is as per Ind AS 116 as the company neither have purchase option of the factory land at the expiry of the lease term nor the title will be transfer in the name of the company at the end of lease term.

Q) Government grants and subsidies - Grants and subsidies from the Government are recognised when there is reasonable assurance that the grant / subsidy will be received and all attaching conditions will be complied with.

Grant or subsidy relating to an asset is credited to the respective Property Plant & Equipment by the company which is in line with Ind AS 20 "Accounting for government grants & disclosure of government assistance".

R) Related Party Transactions - Transactions entered by the company with the related parties, has been disclosed by way of notes as defined under Ind AS 24 "Related Party Disclosures". (Refer Note-34)

S) Earning Per Share - As per Ind AS 33 "Earning per Share", Basic earnings per share are calculated by dividing the net

Notes to Financial Statements

For The Year Ended 31st March, 2024

profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Basic earnings per share is Rs.3.07 per share as compared to Rs.3.06 per share in previous year.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares. Diluted earning per share is Rs.3.07 per share as compared to Rs.3.06 per share in previous year.

T) Classification of current / non-current assets and liabilities – All assets and liabilities are presented as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013 and Ind AS 1 “Presentation of financial statements”. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

U) Significant estimates and assumptions – The preparation of the Company’s financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year relate primarily to defined benefit obligations, useful life of property, plant and equipment, revenue recognition, fair value measurement of financial instruments at the end of the reporting period.

- I) **Defined benefit obligations** - The cost of defined benefit gratuity plans is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.
- II) **Useful life of property, plant and equipment**- The charge in respect of periodic depreciation is derived after determining an estimate of an asset’s expected useful life and the expected residual value. Increasing an asset’s expected life or its residual value would result in a reduced depreciation charge in the Statement of profit and loss. The useful lives of the Company’s assets are determined by management at the time the asset is acquired and reviewed at least annually for appropriateness. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

The estimated useful lives are as mentioned below:

Type of asset	Useful Lives
Buildings	30 years
Leasehold Improvement	Lease term
Plant & Machinery	15 years

Computer Equipment	3 years
Furniture & Fixtures	10 years
Office Equipments	5 years
Electrical Installation	10 years
Vehicles	8 years

- III) Revenue recognition - Company provides various discounts, allowances and rebates to the customers. The methodology and assumptions used to estimate rebates and returns are monitored and adjusted regularly in the light of contractual and legal obligations, historical trends, past experience and projected market conditions.
- IV) Classification of legal matters and tax litigation – The litigation and claims to which the Company is exposed to, are assessed by management with assistance of the legal department and in certain cases with the support of external specialized lawyers. Disclosures related to such provisions, as well as contingent liabilities, also require judgment and estimations if any. (Refer Note-38)
- V) Events after the reporting period - Events after the reporting period are those events, favorable and unfavorable, that occur between the end of the reporting period and the date when the financial statements are approved by the Board of Directors. These events can be classified as :
- i) Adjusting Events those that provide evidence of conditions that existed at the end of the reporting period. There are no such events after the reporting period for the company.
