Dear Sir,

Subject: Update on the Company's Baddi (India) Facility

We refer to our letter dated 26th October 2022 informing you about the US FDA placing the Baddi (India) facility under import alert 66-40. We now wish to inform you that due to medical necessity and potential drug shortage expectations, the US FDA has provided an exception which enables the Company to supply Atovaquone Oral Suspension USP 750mg/5 to the US market. The exception will be reconsidered if the market conditions change.

The Company will engage with the agency to resolve the import alert at the earliest. The Company is committed to maintaining the highest quality and compliant manufacturing standards at all of its facilities across the globe.

This may be considered as a disclosure pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. This is for your information.

Thanking you,

Yours faithfully,
For Glenmark Pharmaceuticals Limited

**Harish Kuber
