- (d) Mutual Fund [section 196(iv)]
- (e) Any person for, or on behalf of, the New Pension System Trust referred to in section 10(44) [subsection 1E to section 197A]
- (f) Category I or a Category II Alternative Investment Fund (registered with SEBI as per section 115UB) as per Notification 51/2015 since their income, other than profits and gains of business and profession.

For Foreign Portfolio Investor (FPI) category Shareholders, taxes shall be deducted at source under Section 196D of the Income Tax Act, 1961 at 20% (plus applicable surcharge and cess) on the amount of dividend payable.

For other Non-resident Shareholders, taxes are required to be deducted in accordance with the provisions of Section 195 of the Income tax Act, 1961, at the rates in force. As per the relevant provisions of the Income tax Act, 1961, the tax shall be deducted at the rate of 20% (plus applicable surcharge and cess) on the amount of dividend payable to them. However, as per Section 90(2) of the Income tax Act, 1961, the non-resident shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the shareholder, if they are more beneficial to them. To avail benefit of rate of deduction of tax at source under DTAA, such non-resident shareholders will have to provide the following:

1. Self-attested copy of the PAN allotted by the Indian Income Tax authorities;
 2. Tax residency certificate from the jurisdictional tax authorities confirming residential status [for the dividend declared in FY 2020-21] – TRC
 3. Declaration by the non- resident in prescribed Form No. 10F
 4. Self-declaration by the non-resident shareholder as to:
 - Eligibility to claim tax treaty benefits based on the tax residential status of the shareholder, including having regard to the Principal Purpose Test (if any), introduced in the applicable tax treaty with India;
 - No Permanent Establishment / fixed base in India in accordance with the applicable tax treaty;
 - Shareholder being the beneficial owner of the dividend income to be received on the equity shares.
13. In order to enable us to determine the appropriate tax rate at which tax has to be deducted at source under the respective provisions of the Income Tax Act, 1961, we request you to upload the abovementioned details and documents in the format provided by us and as applicable to you on the link <https://ris.KFintech.com/form15/> by **05:00 p.m.** IST on Friday, September 11, 2020.

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction/withholding on dividend amounts. Application of beneficial DTAA Rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by Non- Resident shareholder.

14. Members holding shares in physical form are requested to notify immediately any change in their address/mandate/bank details to the Company or to the office of the Registrar & Share Transfer Agent, M/s. The Buyback process was completed and the shares so bought back were extinguished on October 24, 2019. Post buyback of shares, the paid up equity capital got reduced by Rs. 45 Lakhs to Rs. 645.93 Lakhs.

6. IMPACT OF COVID-19 ON BUSINESS OF THE COMPANY

Government of India announced lockdown in the last week of financial year 2019-2020 in view of outbreak of Covid-19 pandemic. Hence operations of the company were closed from 23rd March, 2020.

The rampant spread of COVID-19, across borders and geographies, has severely impacted almost the whole world and triggered significant downside risks to the overall global economic outlook. Operations were partially started with effect from 6th May, 2020 with limited workers/staff. The Company has adopted work from home policy for office/factory staff during the lockdown period wherever feasible.

Lockdown phase 5 effective from 01st June, 2020 has given additional relaxations, which has enabled the company to further increase the production, supply chain and distribution.

7. CURRENT BUSINESS STATUS

Though it is difficult to predict any demand scenario for the immediate short term, we expect the Tractor demand to show good improvement on the back of several positive factors such as record Rabi production, higher Government procurement, announcement of higher MSPs leading to better realization to the farmers and outlook of a normal monsoon aiding sentiments for a good Kharif crop. The performance and outlook of the Company has been discussed in the Management Discussion and Analysis Report, which is forming part of the Annual Report.

8. CHANGES IN NATURE OF BUSINESS AND REVISION IN THE BOARD'S REPORT

There is no change in the nature of business of the Company during the year. There is no revision made in the Board's Report and whatever submitted herewith is the final report.

9. REPORT ON PERFORMANCE OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURE COMPANIES

Your Company does not have any subsidiary, associate and joint venture Company.

10. CORPORATE GOVERNANCE

Pursuant to Regulation 27(2) and Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Corporate Governance Report and Certificate regarding compliance of conditions of Corporate Governance form an integral part of this report and are set out as separate Annexure to this Report. In order to obviate duplication of information some of the information required under the Board's Report has been captured in the Corporate Governance Report.

11. BUSINESS RESPONSIBILITY REPORT

Regulation 34(2) of the SEBI Listing Regulations, 2015, as amended, inter alia, provides that the annual report of the top 1000 listed entities based on market capitalisation (calculated as on 31st March of every financial year), shall include a Business Responsibility Report.

Business Responsibility Report has been hosted on the Company's website www.gandhispecialtubes.com

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. Industry Structure and Development**

Your Company is engaged in manufacturing and marketing of welded and seamless steel tubes of different sizes and specifications and Cold Formed Coupling Nuts. These products are mainly supplied to the Original Equipment Manufacturers (OEMs) of the automotive sector, Farm Equipment manufacturers, Construction equipment manufacturers and other Engineering Industries.

Your Company is also operating in Power Sector through Windmills installed in Maharashtra and Gujarat in a modest way.

2. Opportunities & Threats**Opportunities:**

- Heavy government focus on the development of the agricultural sector and growth in rural income should fuel demand for Farm equipment.
- Increased pace of infrastructure development, government's focus on investment in roads and thrust in other infrastructure projects should increase demand for construction equipment.
- Technological change will throw up some new opportunities.
- India is forecasted to be one of the fastest growing automobile markets in the world.
- Due to good Monsoon, across the country, demand for the Farm Equipment will increase which will create opportunities for the company.
- Government's push for "ATMANIRBHAR BHARAT" will provide increased opportunities to the company to cater to other industries.

Threats:

- Constantly evolving, stricter safety and emission regulations can increase the cost of production.
- The large scale push by the Government for the electrification of vehicles and other technologically driven trends can be very disruptive for the entire automotive sector.
- The disruption caused by the Pandemic could take longer than expected to normalise the business environment.

3. Product wise Performance

Product wise classification and their contribution to total sales are as under:

Sr. No.	Product	2019-20 (%)	2018-19 (%)
1.	Welded Tubes	14.48	12.61
2.	Seamless Tubes	78.68	79.61
3.	Cold Formed Nuts	5.62	6.21
4.	Wind Power	1.22	1.57
	Total	100.00	100.00

4. Outlook

Currently we are experiencing sluggish demand for your Company's products due to the reduction in production by OEMs on account of low demand. The Covid-19 pandemic has created further disruption and uncertainty in the local and global automotive sector. As a result, we expect a short to medium term impact with revival in demand to be slower than anticipated.

Given the healthy growth potential of the automotive industry and its significance to the overall economy in terms of generating employment opportunities across several sectors, the Government of India will be determined to support its development. Nevertheless, your Company continues to focus on cost optimization, improving supply chain management and increasing labour productivity.

5. Risk and Concerns

Your Company evaluates and monitors all risks associated with various areas of operations such as production, sales, inventory management, debtors, insurance, legal, safety and environment with a view to mitigate the adverse impact of these risk factors.

Some additional external risk factors that your Company might be exposed to are:

- Disruption and Uncertainty in Business due to Covid-19 pandemic - The Company's operations has been adversely affected and will continue as the local and global lockdown has created logistical, production, supply chain, staff and distribution issues.
- Currency volatility – Fluctuations in foreign exchange rates can impact the cost of imported raw materials and profitability of the Company.

6. Internal Control Systems

Your Company has a well-established internal control system in place which is commensurate with the size and nature of its business. The internal control system ensures that all the assets of the Company are safeguarded from loss, damage or disposition. Checks and controls are in place to ensure that transactions are adequately authorized and recorded and that they are reported correctly. The internal control system is supplemented by an internal audit by a firm of independent Chartered Accountants and statutory audit which is periodically reviewed by the management and Audit Committee.

No material issues in relation to the adequacy of Company's control systems were raised during the year.

The Audit Committee of the Board regularly reviews compliance with the Company's policies, procedures and statutory requirements in consultation with the Statutory Auditors and the Internal Auditors, who also attend the Audit Committee meetings.

7. Financial Performance with respect to Operational Performance**Sales and Profit:**

During the year, Net Sales decreased by approximately 34.14% and Net Profit decreased by 44.75%.

8. Capital Investment:

Capital Investment of Rs. 29.84 Lakhs was made during the year. The entire capital investment has been made out of the Company's internal cash accruals.

9. Human Resources and Industrial Relations

The Company believes that nurturing and strengthening the human resource is vital in creating a unique organisational structure consisting of harmonious relationships. The Company also considers its human capital a critical factor to its success. The Company also provides suitable environment for development of leadership skills which enables it to recruit and retain quality professionals in all the fields. The attrition rate is lower than the rate prevailing in the automotive sector. The Company has drawn up a comprehensive human resource strategy, which addresses key aspects of human resource development such as:

- The code of conduct and fair business practices;
- Evolution of performance based compensation packages to attract and retain talent.
- Skill development of all Blue collared workforce to enable them to effectively meet the productivity and quality deliverables.

10. Safety, Health and Environment (SHE) Management

Your Company continues to adopt the best safety practices that have reduced the accident and severity rate. The initiation of new personnel in Safety, Health and Environment (SHE) Management practices, before their deployment to the shop floor, contributed to a significant reduction in unsafe practices. Constant upgradations in technology, safety equipment provisions and regular safety inspections of the plant and machinery are also carried out to mitigate any hazards. This is progressively taking the Company towards achieving the target of Zero Accidents.

11. Cautionary Statement

Statements made in this Management Discussion and Analysis describing your Company's objectives, projections, estimates and expectations are "forward looking statements" within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied.

The Management is confident that your Company with its quality products, enduring relations with OEM and commitment of staff will continue to sustain its growth and pay out by way of dividend to the shareholders in the year 2020-2021.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
GANDHI SPECIAL TUBES LIMITED

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of GANDHI SPECIAL TUBES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and a fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our Report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our Auditor's Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to Report that fact. We have nothing to Report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (Financial Position), Profit or Loss (financial performance), total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial Reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our Report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable
 2. [A] Further to our comments in "Annexure A", as required by Section 143(3) of the Act, we Report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial Reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- [B] With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note No.31 to the Financial Statements.
 - ii. The Company has not entered into any long term contracts including derivative contracts for which there were any material foreseeable losses, as required under the applicable law or Indian Accounting Standards.
 - iii. There has been no delay in transferring the amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

[C] With respect to the matter to be included in the Auditors 'Report under section 197(16):

In our opinion and according to the information and explanations given to us the remuneration paid during the current year, where applicable, to its directors is in accordance with the provisions of section 197 read with Schedule V of the Act.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2[A] (f) under ‘Report on Other Legal and Regulatory Requirements section of our Report to the Members of GANDHI SPECIAL TUBES LIMITED of even date)

Report on the Internal Financial Controls over financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial Reporting of GANDHI SPECIAL TUBES LIMITED (“the Company”) as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on company’s internal financial controls over financial Reporting with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent deemed applicable to an audit of internal financial controls, Both applicable to an audit of internal financial controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial Reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial Reporting with reference to financial statement and their operating effectiveness. Our audit of internal financial controls over financial Reporting included obtaining an understanding of internal financial controls over financial Reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial Reporting with reference to these financial statements of the Company.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statement

A company’s internal financial control over financial Reporting with reference to these financial statement is a process designed to provide reasonable assurance regarding the reliability of financial Reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial Reporting with reference to these financial statements includes those policies and procedures that:-

- 1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting With reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial Reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial Reporting with reference to financial statements to future periods are subject to the risk that the internal financial control over financial Reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial Reporting with reference to these financial statement and such internal financial controls over financial Reporting with reference to these financial statements were operating effectively as at March 31, 2020, based on the internal control over financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**Notes forming Part of the Financial Statements****Corporate Information**

Gandhi Special Tubes Limited (“the Company”) is engaged in manufacture of Seamless and Welded Steel Tubes, Nuts and generation of Wind Power.

The Company is a public limited company incorporated and domiciled in India and has its registered office at 201-204, Plaza, 2nd Floor. Near Dharam Palace, 55 Hughes Road, Mumbai - 400004. The equity shares of the Company are listed on Bombay Stock Exchange Limited (BSE) and National Stock Exchange (NSE).

The financial statements for the year ended 31 March, 2020 are approved by the Company’s Board of Directors on 29 June, 2020.

1 Significant Accounting Policies**1.1 Basis of Preparation**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies Act as amended and notified under Section 133 of the Companies Act, 2013 (the ‘Act’) and accounting principle generally accepted in India.

These financial Statements are prepared on an accrual basis under the historical cost convention or amortised cost, except for the following assets and liabilities, which have been measured at fair value :

- i) Certain financial assets and liabilities that are measured at fair value
- ii) Defined Benefit Obligations – as per actuarial valuation

These financial statements are presented in Indian Rupees (INR), which is also the Company’s functional currency and all amounts are rounded off, except when otherwise indicated.

1.2 Property, Plant and Equipment (PPE)

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE (other than Freehold Land) are stated at cost less accumulated depreciation and impairment losses, if any. The initial cost of an asset comprises its purchase price, non- refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any.

Freehold land is carried at historical cost.

The carrying amount of an item of PPE is derecognised upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the derecognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in Statement of Profit and Loss.

Depreciation :

Depreciation on Property, Plant and Equipment, Leasehold Assets (other than freehold land) is provided on the Straight-Line Method as per the useful life prescribed under Schedule II to the Companies Act, 2013, except for Wind Mill, which is provided on Written Down value Method.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

1.3 Intangible Assets

Intangible assets are initially recognised at cost. Intangible assets are amortised over estimated useful life of three years on straight- line basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**1.4 Impairment of non-financial assets**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment loss is recognised immediately in the Statement of Profit and Loss. When an impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but upto the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

1.5 Current versus Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current when it is :

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

All liability is current when :

It is expected to be settled in normal operating cycle

- ii) It held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.

1.6 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials, fuels, stores and spares are valued at lower of cost and net realisable value. Cost is determined on the basis of the FIFO method. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Work-in-progress and finished goods are valued at lower of cost and net realisable value. Cost includes direct materials, labour, other direct cost and a proportion of manufacturing overheads based on normal operating capacity.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.7 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash flows from operating, investing and financing activities of the Company are segregated. Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short-term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

1.8 Provisions, Contingent liabilities and Contingent Assets

Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognised for future operating losses.

Provision is measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent Assets are not recognised but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

1.9 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

a) Sale of Goods

Revenue from sale of goods is recognised upon transfer of significant risk and rewards of ownership of the goods to the customer which generally coincides with dispatch of goods to customer. Sales include excise duty but exclude Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

Income from Wind Power is recognised at the point of generation.

b) Rendering of Services

Revenue from services are recognised as and when the services are rendered on stage of completion method.

c) Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**d) Dividends**

Dividend income from investments is recognised when the Company's right to receive dividend is established, which is generally when the shareholders approve the dividend.

e) Export incentives

Export incentives are recognised when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received.

1.10 Adoption of IND AS 116

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with no cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company's lease asset classes primarily consist of lease for Land on which windmill has been installed for power generation and godown at Mumbai. At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease. The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. The lease liability is initially measured at the present value of the future lease payments. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

1.11 Employee Benefits

Employee benefits include Provident Fund, Employee State Insurance Scheme, Gratuity Fund, Leave Encashment.

a) Short-Term and Other Long-term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of short-term employee benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. A liability is recognised for benefits accruing to employees in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

b) Defined Contribution Plan

The Company's contribution to Provident Fund and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

c) Defined Benefit Plan**i) Gratuity**

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ("Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

and the years of employment with the Company. Liability with regard to Gratuity Plan is accrued based on actuarial valuation at the Balance Sheet date, carried out by an independent actuary.

Payment for present liabilities of future payment of gratuity for all employees other than Managing Director and Joint Managing Director is being made to approved gratuity fund managed by Life Insurance Corporation of India (LIC).

Re-measurement, comprising actuarial gains and losses, is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Re-measurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to Profit and Loss. Past service cost is recognised in the Statement of Profit and Loss immediately for both vested and the non-vested portion.

ii) **Compensated Absences**

The Company provides for the encashment of absence or absence with pay based on policy of the Company in this regard. The employees are entitled to accumulate such absences subject to certain limits, for the future encashment or absence. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the Balance Sheet date on the basis of an independent actuarial valuation.

1.12 Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

a) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

MAT Credits are in the form of unused tax credits that are carried forward by the Company for a specified period of time and hence, it is grouped with Deferred Tax Asset.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**c) Current and deferred tax for the year**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.13 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.14 Foreign Currency Transactions

Transaction in foreign currencies are initially recorded in the functional currency, using the spot exchange rate at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items recognised in statement of Profit and Loss. Non monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transactions.

1.15 Financial Instruments**a) Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

At initial recognition, financial assets and financial liabilities are initially measured at fair value or at amortised cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value through Profit or Loss are recognised in the Statement of Profit and Loss.

b) Financial Assets**i) Subsequent measurement**

All recognised financial assets are subsequently measured in its entirety at either amortised cost or fair value, depending on the classification of the financial assets.

ii) Impairment of financial assets

For Trade Receivables, the Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

c) Financial Liabilities and Equity Instruments**i) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received.

ii) Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of reporting periods.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**d) Derecognition of Financial Assets and Liabilities**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

1.16 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements requires the management to make judgements, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

1.17 Key estimates, assumptions and judgements

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a) Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

b) Leased Assets

Identification of a lease requires significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the RBI lending rates increased by 2%.

c) Fair Value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**d) Employee Benefit Plans**

The cost of the defined benefit gratuity plan and other-post employment benefits and the present value of gratuity obligations and compensated absences is/ are determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Further salary increases and gratuity increases are based on expected future inflation rates.

e) Impairment of Assets

The Company has used certain judgements and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

f) Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

g) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. Also refer Note No. 30.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

NOTES :

Ministry of Corporate Affairs has notified Ind AS 116 "Leases" which is effective from 01st April, 2019. Pursuant to this, the Company has applied this standard to all lease contracts existing on 01st April, 2019 using the modified retrospective approach with the no cumulative effect at the date of initial application. On that date, the Company recognised a lease liability measured at the present value of the remaining lease payments using the RBI's average lending rate plus 2% and corresponding Right of Use (ROU) asset measured at an amount equivalent to lease liability. Therefore, there is no effect of adopting Ind AS 116 on retained earnings as at 01st April, 2019, with no restatement of comparative information. Comparatives for the year ended 31st March, 2019 continue to be reported under the accounting policies included as part of our Annual Report for year ended 31st March, 2019. Thus, on transition, the adoption of the new standard resulted in recognition of 'Right of Use' asset of INR 34.00 lakhs, and a lease liability of INR 34.00 lakhs

In view of this, the operating lease rent which was hitherto accounted under 'Other expenses' in previous periods has now been accounted as depreciation and finance costs. Accordingly the profit for the current year ended 31st March, 2020 is lower by INR 1.84 lakhs (net). The financial results of current year ended 31st March, 2020 includes, an increase of INR 5.56 lakhs in depreciation for the right of use assets, increase of INR 4.22 lakhs in finance costs on lease liability and decrease in operating lease rent cost of INR 7.94 lakhs.

Salary growth rate (p.a)				

d) Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

Particulars	31 March 2020				31 March 2019			
	Gratuity Funded		Gratuity Non Funded		Gratuity Funded		Gratuity Non Funded	
	Increase	Decrease	Increase	Decrease	Increase	Decrease	Increase	Decrease
Discount rate (0.5% movement)	-3.10%	3.28%	-1.35%	1.38%	-2.74%	2.89%	-1.76%	1.80%
Salary growth rate (0.5% movement)	3.24%	-3.09%	1.36%	-1.35%	2.88%	-2.76%	1.80%	-1.77%

Although the analysis does not take into account full distribution of cash flows expected under the plan, it does provide an approximation of sensitivity of assumptions. The estimated of future increase in compensation levels, considered in the actuarial valuation, have been taken on account of inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

The expected contributions for Defined Benefit plan for the next financial year will be in line with FY 2019-20.

e) Leave Encashment:

Company's employees are entitled for compensated absences which are allowed to be accumulated and encashed as per Company's rule. The liability of compensated absences, which is non-funded, has been provided based on report of independent actuary using "Projected Unit Credit Method".

Accordingly ₹17.96 Lakhs (Previous Year ₹17.22 Lakhs) being liability as at the year end for compensated absences as per actuarial valuation has been provided in the accounts.

33 SEGMENT REPORTING

Operating Segment are those components of the business whose operating results are regularly reviewed by the chief operating decision making body in the Company to make decisions for performance assessment and resource allocation. Accordingly, the Company operates in manufacturing of Steel Tubes / Nuts and generation of Wind Power. However, the operating segment in respect of Nuts and generation of Wind Power do not meet the quantitative thresholds for disclosure under Ind AS 108 "Operating Segments" and hence aggregated.

34 EVENTS AFTER THE REPORTING PERIOD

The Board of Directors have recommended dividend of ₹9.00 (180%) (Previous Year ₹9.00 (180%)) for equity share for the financial year ended 31 March 2020. The dividend is subject to the approval by the shareholders in the ensuing Annual General Meeting of the Company and therefore, has not been recognized as a liability as at the Balance Sheet date in line with Ind AS 10 on "Events after reporting period"

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

39 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

A Fair value measurements

i) Fair value of financial assets and liabilities that are measured at fair value on a recurring basis

Fair value of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

Valuation

The Fair values of investments in units of mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

The Fair values of investments in Bonds which are quoted, are based on the quoted price of those bonds on the measurement date.

Fair Value measurement hierarchy

The fair value of financial instruments as referred below have been classified into three categories depending on the method used in the valuation technique.

The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and input used)

Particulars	Fair Value		Fair Value Hierarchy	Valuation technique(s) and key input(s)

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020**ii) Financial Instruments measured at amortised cost:**

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair value since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

B Financial Risk Management and Policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of trade and other payables. These financial liabilities form part of the Company's working capital. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations and investments. The Company is exposed to market risk, credit risk, liquidity risk, etc. The objective of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital, if any. The Company's capital structure is managed using only equity as part of the Company's financial planning.

Company has exposure to following risk arising from financial instruments:

Credit risk
Liquidity risk
Market risk

a) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investments in units of mutual funds, other balances with banks, deposits and other receivables.

i) Trade Receivable

Customer credit risk managed by Company's established policy, procedure and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored.

ii) Financial instruments

The Company limits its exposure to credit risk by investing mainly in units of debt funds issued by mutual funds and that too have higher credit rating. The Company monitors changes in credit risk by tracking published external credit ranking.

b) Liquidity risk

Liquidity risk is the risk that Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. Company closely monitors its liquidity position and deploys a robust cash management system. Working capital requirements are adequately addressed by internally generated funds. Trade receivables are kept within manageable levels. The Company has no outstanding bank borrowings. The Company believes that the working capital is sufficient to meet its current requirements.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at an amount in excess of expected cash outflows on financial liabilities. The ratio of cash and cash equivalents and other investments to outflow is 10.47 times as at 31 March 2020 and 8.86 times as at 31 March, 2019.

The maturity of all financial liabilities of the Company is less than one year or on demand.

c) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity

price risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivative financial instruments. The Company does not have any loan or borrowing. The Company has designed risk management frame work to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.

C Foreign Currency Risk:

The Company is subject to the risk that changes in foreign currency values impact the exports and other payables. The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to Us Dollar. However as on 31 March 2020 as also 31 March 2019 there are no outstanding dues receivable/payable in foreign currency. In this circumstances, question of foreign currency sensitivity also does not arise.

40 World Health Organisation (WHO) declared outbreak of Coronavirus Disease (COVID-19) a global pandemic. Consequent to this, Government of India declared lockdown on 23 March, 2020 and the Company temporarily suspended its operations. COVID-19 has impacted the normal business operations of the Company by way of interruption in production, supply chain and production facilities etc. during the lock down period which is extended till 31 May, 2020. This has resulted loss in revenue to a certain extent. The Company has partially resumed its manufacturing operation from 06/05/2020 with limited staff and workers

The Company's management has made initial assessment of likely adverse impact on business and believe that the impact likely to be from short to medium terms in nature. The management does not see long term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due. The management has also evaluated the recoverability and carrying value of its assets comprising property, plant and equipment, inventories, trade receivables and other current assets. In assessing the impact of COVID-19, the Company has used internal and external indicators of future economic conditions including economic forecast. The Company has used the elements of prudence in applying the judgement and assumptions, including sensitive analysis, and based on the current estimates the carrying amount of this assets will be recoverable.
