The Company is practically debt free (Financial debt) barring few liabilities which stand mainly on employee account, trade payables & other Liabilities. However, the Company realized that the accumulated loss as on 31.03.2022 stands at Rs.14,855.41 lakhs against the share capital of Rs.10,441 lakhs and its current liabilities also exceeded its current assets indicating the existence of material uncertainty about the Company's ability to continue as going concern. The management is putting continuous effort in scouting for tie-ups & Potential investment / strategic partners who can introduce new products & infuse capitals in the company. The Company is considering various measures including alternative use of Fixed Assets to generate revenue. The particular process has been affected adversely due to the COVID-19 pandemic situation for last two years.
