Sub: Submission of information under Regulation 30 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 – Approval of Capex

Pursuant to provisions of Regulation 30 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, we wish to inform you that the Board of Directors have approved the Capital Expenditure of Rs. 325.87 crore for its Indore Project in Madhya Pradesh.

The details required under Regulation 30 of Listing Regulations read with SEBI Circular No. CIR/CFD/CMD /4/2015 dated 09.09.2015, are mentioned below:

	Red Tooth Paste	Juice - 1Litre	Juice - Portion Packs
a) existing capacity; (Annual)	Nil	Nil	34000 KL
b) existing capacity utilization;	Not applicable	Not applicable	90% (the plant has started in June, 22 and running at almost full capacity)
c) proposed capacity addition; (Annual)	13200 MT	58700 KL	17600 KL
d) period within which the proposed capacity is to be added;	1.5 Year (Production to start from Mar24 onwards)	1.5 Year (Production to start from Mar24 onwards)	1.5 Year (Production to start from Mar24 onwards)
e) investment required; (Cr)`	139.27	103.70	82.90
f) mode of financing;	Internal accruals		

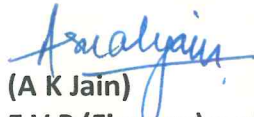

g) rationale.	Current Capacity utilization across various plants is at 80% which will go to 90% capacity utilization in FY 2023-24, hence the need to invest now.	Looking at the current and projected growth the peak Capacity Utilization at existing plants is expected to be almost 100% in FY 2023-24 season, hence the need to invest in new lines now.	Currently portion packs is growing in high double digits growth and we expect the growth moment to continue. Peak capacity utilization at existing plants will be 89% in FY 2023-24 season, hence the need to invest in new lines now.
