 15. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
 16. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.
 17. Instructions for e-voting and joining the AGM are as follows:
 - A. **Voting through electronic means**
 - i. In compliance with the provisions of Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, and Regulation 44 of the SEBI Listing Regulations, the Members are provided with the facility to cast their vote electronically, through the e-voting services provided by NSDL, on all the resolutions set forth in this Notice. The instructions for e-voting are given herein below.
 - ii. The remote e-voting period commences on Sunday, September 27, 2020 (9:00 a.m. IST) and ends on Tuesday, September 29, 2020 (5:00 p.m. IST). During this period, Members holding shares either in physical form or in dematerialized form, as on Tuesday, September 22, 2020 i.e. cut-off date, may cast their vote electronically. The e-voting module shall be disabled by NSDL for voting thereafter. Those Members, who will be present in the AGM through VC / OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.
 - iii. The Board of Directors has appointed Mr. Y Ravi Prasada Reddy (Membership No. FCS 5783) of RPR & Associates, Practicing Company Secretaries as the Scrutinizer to scrutinize the voting during the AGM and remote e-voting process in a fair and transparent manner.
 - iv. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again.
 - v. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.
 - vi. Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@nsdl.co.in. However, if he/she is already registered with NSDL for remote e-voting then he/she can use his/her existing User ID and password for casting the vote.
 - vii. The details of the process and manner for remote e-voting are explained herein below:

Step 1: Log-in to NSDL e-voting system at <https://www.evoting.nsdl.com/>

Step 2: Cast your vote electronically on NSDL e-voting system.

Details on Step 1 are mentioned below:

How to Log-in to NSDL e-voting website?

 1. Visit the e-voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/> either on a personal computer or on a mobile.
 2. Once the home page of e-voting system is launched, click on the icon "Login" which is available under "Shareholders" section.

3. A new screen will open. You will have to enter your User ID, your Password and a Verification Code as shown on the screen. Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at <https://eservices.nsdl.com/> with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-voting and you can proceed to Step 2 i.e. cast your vote electronically.
4. Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:
A) For Members who hold shares in demat account with NSDL	8 Character DP ID followed by 8 Digit Client ID For example, if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****

5. Your password details are given below:
 - a. If you are already registered for e-voting, then you can use your existing password to login and cast your vote.
 - b. If you are using NSDL e-voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you by NSDL. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
 - c. How to retrieve your 'initial password'?
 - i. If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL in your mailbox from evoting@nsdl.com. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form.

The .pdf file contains your 'User ID' and your 'initial password'.

- ii. In case you have not registered your email address with the Company/ Depository, please follow instructions mentioned below in this notice.
6. If you are unable to retrieve or have not received the 'initial password' or have forgotten your password:
 - a) Click on "Forgot User Details/ Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting.nsdl.com.
 - b) "Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
 - c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address.
 - d) Members can also use the one-time password (OTP) based login for casting the votes on the e-Voting system of NSDL.
 7. After entering your password, click on Agree to "Terms and Conditions" by selecting on the check box.
 8. Now, you will have to click on "Login" button.
 9. After you click on the "Login" button, Home page of e-voting will open.

Details on Step 2 are mentioned below:

How to cast your vote electronically on NSDL e-voting system?

1. After successful login at Step 1, you will be able to see the Home page of e-voting. Click on e-voting. Then, click on Active Voting Cycles.
2. After click on Active Voting Cycles, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle is in active status.
3. Select "EVEN" of the Company, which is 114460
4. Now you are ready for e-voting as the Voting page opens
5. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
6. Upon confirmation, the message "Vote cast successfully" will be displayed.
7. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.

- Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders

V. THE STATE OF AFFAIRS OF THE COMPANY :

During the year under review, your Company has not bagged any orders. The Company already had orders worth Rs.1,615 crore (approx.) at the beginning of the year. Out of the total orders in hand, the unexecuted order value stands at Rs. 1370.22 crore (approx.) at the end of the year. The detailed position on the order book and financial performance of the Company was provided under Management Discussions & Analysis Report

IL&FS Engineering & Construction Co. Ltd. (IECCL) is part of the Infrastructure Leasing and Financial Services Limited ("IL&FS") group. The board of directors of IL&FS has been reconstituted pursuant to the orders passed by the National Company Law Tribunal, Mumbai Bench ("NCLT") in Company Petition No. 3638 of 2018 filed by the Union of India, acting through the Ministry of Corporate Affairs under Sections 241 and 242 of the Companies Act, 2013, as amended ("Companies Act") on the grounds

of mismanagement of public funds by the erstwhile board of IL&FS and the affairs of IL&FS being conducted in a manner prejudicial to the public interest.

Further, the National Company Law Appellate Tribunal ("NCLAT") by way of its order on October 15, 2018 ("Interim Order") in the Company Appeal (AT) 346 of 2018 by way of which the NCLAT, after taking into consideration the nature of the case, larger public interest and economy of the nation and interest of IL&FS and its group companies (including IECCL) has stayed certain coercive and precipitate actions against IL&FS and its group companies including IECCL. IL&FS and its group companies are currently undergoing resolution process under the aegis of the NCLAT and NCLT.

The developments at the IL&FS Group have had negative impact on IECCL and its brand equity. These developments severely impacted the ongoing projects and order book.

Your Company is having overseas Subsidiary, Maytas Infra Saudi Arabia (MISA), there being no employees at Saudi Arabia and the other partner being in the process of Government takeover, the accounts could not be finalized for the last 2 years.

The Board of Directors is hopeful of securing sizeable orders in the future and is confident of effective execution of the existing works in the order book, subject to approval of the Resolution Plan by all the stakeholders

Covid 19:

During March 2020, the COVID pandemic increased rapidly forcing Governments of most countries to enforce a lockdown of all activities. Heeding to the various guidelines issued in India by the Central and State Governments and abroad by various agencies on the Covid-19 pandemic, all establishments, offices & factories of the Company had shut down operations from March 25, 2020. Your Company immediately took several measures to ensure health and safety of its workers and other employees and thereafter, steps were taken to ensure business continuity of essential services including Security and IT lights-on operations. Special permissions were also taken for ensuring that very critical operations such as water supply business, dewatering in Metro projects, etc. continued with all the precautionary measures.. This response has reinforced customer confidence in IECCL and many of them have expressed their appreciation and gratitude for keeping their businesses running under most challenging conditions.

(XVI) AUDITORS AND AUDITORS' REPORT :

(a) Statutory Auditors :

In terms of the provisions of the Companies Act, 2013 read with Rules made thereunder, the Members of the Company at their Annual General Meeting (AGM) held on August 28, 2017, appointed BSR & Associates, LLP and M Bhaskara Rao & Co., Chartered Accountants as Joint Statutory Auditors of the Company to hold office for a period of 5 years. However, M/s. BSR & Associates LLP, Chartered Accountants (Firm Registration Number: 116231W/W-100024) submitted resignation letter dated July 14, 2019

Accordingly, on recommendation of the Audit Committee and Board, the members accorded their approval for the appointment of M Bhaskara Rao & Co., Chartered Accountants, (Firm Registration Number 000459S) in the Extra-Ordinary General Meeting of the Company held on Monday, September 9, 2019, one of the Joint Statutory Auditors of the Company as Sole Statutory Auditor of the Company pursuant to the resignation of the other Joint Statutory Auditor, M/s. BSR & Associates LLP, Chartered Accountants (Firm Registration Number: 116231W/W-100024).

Pursuant to their appointment M/s. M Bhaskara Rao & Co, Chartered Accountants (Firm Registration Number: 000459S) have conducted Audit of the Company for the Financial Year 2019 and 2020.

The Board noted that there were following qualifications in the Auditor's Report for the Standalone and Consolidated Financial Statements for the Year Ended March 31, 2020:

Standalone Financial Statements :

- a. Note 52 relating to non-recognition of interest expense of Rs. 289.51 Crores (March 31,2019: Rs 144.99 Crores) for the year on the borrowings availed by the Company considering the process initiated for submission of a resolution proposal to lenders for restructuring of existing debt.
 - i. Consequently, interest expense and loss for the year are understated by Rs. 289.51 Crores (March 31,2019: Rs 144.99 Crores) approximately and
 - ii. Retained earnings (accumulated loss) and Interest Payable is understated by Rs. 434.50 Crores (March 31,2019: Rs 144.99 Crores) approximately.
- b. Note 56 relating to deferred tax asset amounting to Rs. 242.99 Crores represents amounts recognised by the Company in earlier years. Considering the material uncertainty related to going concern that exists in the Company, the threshold of reasonable certainty for recognising the deferred tax assets as per Ind AS 12- Income Taxes has not been met. Consequently, deferred tax assets are overstated and retained earnings (accumulated losses) are under stated by Rs. 242.99 Crores.

Consolidated Financial Statements :

Note 51 relating to non-recognition of interest expense of Rs. 289.51 Crores (March 31, 2019: Rs 144.99 Crores) for the year on the borrowings availed by the Company considering the process initiated for submission of a resolution proposal to lenders for restructuring of existing debt.

- i. Consequently, interest expense and loss for the year are understated by Rs. 289.51 Crores (March 31, 2019: Rs 144.99 Crores) approximately and
- ii. Retained earnings (accumulated loss) and Interest Payable is understated by Rs. 434.50 Crores (March 31, 2019: Rs 144.99 Crores) approximately

Note 55 relating to deferred tax asset amounting to Rs. 242.99 Crores represents amounts recognised by the Company in earlier years. Considering the material uncertainty related to going concern that exists in the Company, the threshold of reasonable certainty for recognising the deferred tax assets as per Ind AS 12- Income Taxes has not been met. Consequently, deferred tax assets are overstated, loss for the year and retained earnings (accumulated losses) are under stated by Rs. 242.99 Crores.

Internal Financial Controls :

According to the information and explanations given to us and based on our audit, a material weakness has been identified in the Company's internal financial controls over financial reporting as at 31 March 2020 relating to certain operating effectiveness in some of controls in respect of assessment of deferred tax asset and procurement of materials,

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

The Board of Directors explanations on the aforementioned qualification are given below:

Qualification on Standalone Financial Statements :

1. Non-recognition of interest expense

In line with the affidavit filed by the Ministry of Corporate Affairs ("MCA") with the Hon'ble NCLAT on May 21, 2019, the cut-off date of October 15, 2018 ("Cut-Off Date") was proposed, on account of inter alia the fact that the Hon'ble NCLAT had passed the Order on October 15, 2018, which inter alia granted certain reliefs to the IL&FS group and also restricted certain coercive actions by the creditors of the IL&FS group. Further, the Hon'ble NCLAT had passed the order on March 12, 2020 that interim order will continue until further orders and cut-off date of October 15, 2018 has been approved for resolution.

In terms of the Resolution Framework Reports, the proposal made is that liabilities relating to the relevant IL&FS Group Entity, including interest, default interest, indemnity claims and additional charges, whether existing at or relating to a period after October 15, 2018 (the Cut-Off Date, as explained in the previous paragraph) should not continue to accrue.

Further, since a Resolution Plan in line with the above orders, is in process, the Company has neither paid nor recognized as interest payable, aggregating to Rs. 28,951 Lakhs (for the year March 31, 2019, Rs. 14,499 Lakhs) approximately (Excluding penal interest etc.) for year ended March 31, 2020, in anticipation of the approval of lenders for concession/waivers being sought by Company in the resolution plan. Such interest has not been recognized as payable as at March 31, 2020 aggregates to Rs 43,450 Lakhs (As at March 31, 2019, Rs 14,499 lakhs) approximately (excluding penal interest etc.).

Deferred Tax Assets

Deferred tax asset amounting to Rs. 242.99 Crores as at March 31, 2020, recognised by the Company in earlier years. The same is being retained as the Company is in the process of finalising resolution plan which if approved and implemented is likely to generate enough profits in subsequent years which can be set-off against deferred tax asset.

ii. Qualification on Consolidated Financial Statements :

Non-recognition of interest expense

In line with the affidavit filed by the Ministry of Corporate Affairs ("MCA") with the Hon'ble NCLAT on May 21, 2019, the cut-off date of October 15, 2018 ("Cut-Off Date") was proposed, on account of inter alia the fact that the Hon'ble NCLAT had passed the Order on October 15, 2018, which inter alia granted certain reliefs to the IL&FS group and also restricted certain coercive actions by the creditors of the IL&FS group. Further, the Hon'ble NCLAT had passed the order on March 12, 2020 that interim order will continue until further orders and cut-off date of October 15, 2018 has been approved for resolution.

In terms of the Resolution Framework Reports, the proposal made is that liabilities relating to the relevant IL&FS Group Entity, including interest, default interest, indemnity claims and additional charges, whether existing at or relating to a period after October 15, 2018 (the Cut-Off Date, as explained in the previous paragraph) should not continue to accrue.

Further, since a Resolution Plan in line with the above orders, is in process, the Company has neither paid nor recognized as interest payable, aggregating to Rs. 28,951 Lakhs (for the year March 31, 2019, Rs. 14,499 Lakhs) approximately (Excluding penal interest etc.) for year ended March 31, 2020, in anticipation of the approval of lenders for concession/waivers being sought by Company in the resolution plan. Such interest has not been recognized as payable as at March 31, 2020 aggregates to Rs 43,450 Lakhs (As at March 31, 2019, Rs 14,499 lakhs) approximately (excluding penal interest etc.).

Deferred Tax Assets

Deferred tax asset amounting to Rs. 242.99 Crores as at March 31, 2020, recognised by the Company in earlier years. The same is being retained as the Company is in the process of finalising resolution plan which if approved and implemented is likely to generate enough profits in subsequent years which can be set-off against deferred tax asset.

iii. Internal Financial Controls :

The Company has institutionalized internal control in the form of standard operating procedures with an objective of orderly and efficient conduct of its business, safeguarding the Company's assets, prevention and detection of frauds, accuracy and completeness of accounting records and compliance with applicable statutory requirements. The Company is having Oracle e-Business Suite as Enterprise Resource Planning (ERP) System for recording transactions in an integrated way with complete audit trail.

The Company has also deployed an external firm of Chartered Accountants and the combined Internal Audit team consists of technical auditors (Engineers), Chartered Accountants and Cost Accountants.

(b) Cost Auditors :

In terms of the provisions of the Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014 as amended, Company maintains cost records and accounts in respect of the Roads and other infrastructure projects

The Board of Directors on the recommendation of Audit Committee appointed Narasimha Murthy & Co as the Cost Auditors of the Company for FY 2020 for conducting the Cost Audit of the Company at a remuneration of Rs.5,00,000/- was approved by the Members at the Thirtieth AGM of the Company held on December 30, 2019. The Cost Auditors submitted their report for FY 2020 to the Board of Directors.

Further, on the recommendation of Audit Committee, the Board of Directors in its Meeting held on September 03, 2020 re-appointed Narasimha Murthy & Co, Cost Accountants as the Cost Auditors of the Company for FY 2021 at a remuneration as may be determined by the Audit Committee in consultation with the Auditors. Necessary resolution for ratification of their remuneration in terms of the provisions of the Companies Act, 2013 read with Rules made there under is included in the Notice of AGM for the approval of the Members

(c) Secretarial Auditor :

In terms of the provisions of Section 204 of the Companies Act, 2013, the Board of Directors had appointed RPR & Associates, Company Secretaries to conduct the Secretarial Audit for FY 2020. The Secretarial Audit Report for the Financial Year Ended March 31, 2020 is enclosed as **Annexure 3** to this report. The Secretarial Audit Report contains the following qualifications and the replies thereon given below;

MANAGEMENT DISCUSSION AND ANALYSIS

The pandemic and the nationwide lockdown that it triggered has dealt both demand and supply shocks to the economy, with wide ramifications on revenue collections and economic growth. It is likely to take quite some time for the consequent stress in the economy to be relieved and for growth to revive. The crisis has prompted the Government to announce a series of monetary and fiscal relief packages designed to inject liquidity into the system and provide relief to stressed sectors. While these stimulus measures will provide relief to the affected people and some industries, the slowdown in economic activity is expected to significantly lower India's GDP growth in FY 2020-21.

Global supply chains have also been threatened by the pandemic. Governments around the world have been quick to respond to the crisis by implementing meaningful stimulus measures through a combination of fiscal and monetary easing, increased health spending and direct support to cover losses in incomes and revenues. Sustained efforts from Governments, focused on these measures could soften the economic impact of the Coronavirus.

Against this backdrop, the Company has undertaken a series of measures to mitigate the crisis, which includes securing the safety and livelihood of its staff and subcontracted labour working at project sites, curtailing and reducing overheads at all operating levels, enhancing liquidity on its Balance Sheet through increased market borrowings and controlling working capital requirements through a mix of judicious cashflow planning and measured project execution.

(1) INTRODUCTION:

IL&FS Engineering and Construction Company Ltd (IECCL) has more than three decades of experience in the engineering and construction business with capabilities in providing integrated Engineering, Procurement and Construction (EPC) services. With engineering experience, trained and qualified manpower, IECCL is primarily executing infrastructure projects across India. IECCL has been delivering projects in the sectors of Power, Oil and Gas, Roads, Railways and Metros, Water and Irrigation, and Buildings & Structures.

(2) Global and Indian Economy:

The year 2019 was challenging for the global economy and Indian economy as well. The world economy growth rates for 2019 is estimated to be 2.9% down from 3.6% in 2018. The ongoing trade war between US and China, geopolitical tensions between US and Iran leading to increase in crude oil prices and Brexit affected world growth rate. This is mainly due to slowdown in the manufacturing sector and demands for consumption. The year 2020 is also estimated to be a difficult year due to outbreak of covid 19 virus and the global economy is projected to contract by 3% in 2020.

In 2019-20, the Indian economy grew by 4.2% against 6.1% expansion in 2018-19. Economic growth slowed to an 11-year low of 4.2% in 2019-20. The decline is mainly due to slowdown in all the sectors of the economy, especially manufacturing sector.

The growth outlook for 2020-21 for India is weak due to the coronavirus outbreak and the subsequent lockdown that created significant hurdles for manufacturing, supply and distribution channels. According to S&P Global Ratings, India's GDP is expected to shrink by 5% in FY20-21 owing to the current situation.

However, GDP growth is expected to pick up to 8.5% in the following fiscal Year 2021-22. It is expected that India's GDP to recover in the five years beginning fiscal 2021 (2020-21 to 2024-25). The growth will be supported by the following factors:

- With the clean-up of financial sector balance sheets, banks and financial institutions will be in a much better position to provide credit
- With the end of deleveraging phase, the corporates will start leveraging and this will push growth up. The corporate tax cut is allowing the companies to de-leverage faster and they will be primed up for undertaking investments when the economic cycle turns
- Payoff from reforms like Goods and Services Tax and Insolvency and Bankruptcy Code, 2016 are work in progress and once streamlined they will create possibility of an 'efficiency-led' spurt of growth over the medium run
- Capacity utilisation will catch up and result in an improvement in the investment cycle
- Infrastructure thrust by the Government of India through creating the NIP

With constant efforts to improve the economy, India has moved to 14 to be 63rd among 190 nations in the World Bank's Ease of Doing Business Report 2020. India also ranked second in the 2019 Agility Emerging Markets Logistics Index, next to dominant China.

(3) Indian Infrastructure Sector

The Infrastructure and Construction industry, being the 2nd largest economic activity in India next to agriculture sector, is the growth enabler and key driver in Indian economy. Infrastructure sector includes power, bridges, dams, roads, ports, airports, railways and urban infrastructure development.

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs 5,00,000 crore (US\$ 750 billion) for railways infrastructure between 2018-2030.

India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region.

India's construction industry was valued at US\$ 505.7 Billion in 2018 and it is expected to grow at a CAGR of 6.44% from 2019-2023, to reach US\$ 690.9 Billion by 2023.

The government launched the National Infrastructure Pipeline (NIP), an investment plan unveiled by the Central Government for enhancing infrastructure in identified sectors for providing world-class infrastructure across the country and improve the quality of life for all citizens. NIP will enable a forward outlook on both economic and social infrastructure projects, which will create jobs, improve ease of living and provide equitable access to infrastructure for all, thereby making growth more inclusive. It is envisaged that during the FY 20-25, sectors such as energy (24%), roads (18%), urban (17%) and railways (12%) would amount to ~71% of the projected infrastructure investments in India, with a total capital expenditure projected at Rs 111 lakh crore. The Centre(39%) and states (40%) are expected to have an almost equal share in implementing the NIP in India, followed by the private sector (21%).

(4) Performance during the year :

1. Business Performance :

As in the past, your company is executing various EPC and Item Rate projects with both Government and Private clients in the sectors of Power, Oil & Gas, Railways & Metros, Water & Irrigation, Buildings & Structures and Roads situated pan India.

The Sector wise Order Book of the Company is as follows:

(Rs. In Crores)

Sector	On hand as on 31-3-2020	On hand as on 31-3-2019
Roads	595	593
Railways & Metros	136	214
Buildings	-	48
Irrigation	268	223
Power	311	390
Oil & Gas	60	148
Ports	-	-
Total	1370	1615

2. Developments at IL&FS and its adverse impact on IECCL:

While IECCL was progressing satisfactorily in its projects' execution, certain entities of the IL&FS Group began to default on their debt obligations during the second quarter of FY 2019. Considering the impact IL&FS defaults were having on the financial system in India, the Government of India (GoI) petitioned the National Company Law Tribunal (NCLT) to replace the IL&FS Board of Directors. In its order on October 1, 2018, NCLT superseded the Board of IL&FS with a new Board, with members nominated by Government of India. Further, the Government of India also initiated an investigation into the affairs of IL&FS through the Serious Fraud Investigation Office (SFIO) and Enforcement Directorate (ED).

The development at the IL&FS Group has had an adverse impact on IECCL. The immediate and direct impact was stopping payments to financial creditors till NCLT order is released. Payments against liabilities to operational creditors prior to prior to 1st October 2018 are also deferred till NCLT order is issued. IL&FS Group support to IECCL in the form of Corporate Guarantees/ Bank

Guarantees are also are also stopped. Because of all these deferment of Payments / support, subcontractors and suppliers stopped supply of their services / materials which affected the projects progress and Projects came to stand still for three months. Evidencing no progress in the Projects and news about IL&FS group defaults, several clients issued termination issues and a few clients terminated the Projects.

The new Board of Directors appointed a new Chief Executive Officer (CEO) for streamlining the business of the Company by coordinating with clients, lenders, subcontractors, suppliers, government bodies and employees.

(5) Discussion on Financial Performance:

The adverse developments at the IL&FS Group and Covid 19 have significant direct impact on IECCL's business plans for revenue and profit growth. This has significant impact on its present revenue and future order book.

In order to contain the adverse impact, IECCL has effected stringent cost rationalization measures. These measures included manpower rationalization, skill enhancements for facilitating inter-function transfers and special efforts for early realization of long pending claims and receivables.

Overall Financial Performance:

	2019-20	2018-19	Explanation for significant changes (i.e 25% or more as compared to immediately previous financial year)

Return on Equity	3.29	7.25	
Interest Coverage Ratio	1.98	(0.33)	

(6) Outlook on the performance of FY 2020-21: Risks and Concerns:

There are adequate opportunities for infrastructure and construction business in the coming years. The government plans to invest Rs 15 lakh crore (US\$ 214.62 billion) in the next five years. The government has given a massive push to the infrastructure sector by allocating huge funds to infrastructure in the Budget for 2020-21 such as Rs.1,69,637 crore (US\$ 24.27 billion) for the transport infrastructure, Rs. 91,823 crore (US\$ 13.14 billion) to the MoRTH, Rs 19,500 crore (US\$ 2.79 billion) under the Pradhan Mantri Gram Sadak Yojana (PMGSY). An accelerated development of highways to include development of 2,500 kms access control highways,9,000 kms of economic corridors, 2,000 kms of coastal and land port roads, and 2,000 kms of strategic highways.

Highlights of the Budget for 2020-21 for infrastructure are:

- National Logistics Policy to be launched soon
- Roads: Accelerated development of Highways.
- Railways: Four station redevelopment projects
- 150 passenger trains through PPP mode.
- More Tejas type trains for tourist destinations.
- Port: Corporatizing at least one major port.
- Air: 100 more airports to be developed under UDAAN.
- Power: Efforts to replace conventional energy meters by prepaid smart meters.
- Gas Grid: Expand National Gas Grid to 27,000 km
- Infrastructure Financing: Rs. 103 lakh crore National infrastructure Pipeline projects announced.
- An international bullion exchange to be set up at GIFT City
- Proposal to monetise at least 12 lots of highway bundles of over 6,000 kms before 2024.

IECCL is seeing the good opportunities in the sectors of Power, Oil & Gas, Metros, Roads and Housing. However, the Company is unable to bid for any new projects due to negative net worth and other financial constraints such as Bank Guarantees. The adverse developments at IL&FS Group have significantly impinged on IECCL's business plans for revenue growth. The newly constituted Board has been working on a resolution plan for IL&FS Group and this would enable IECCL to resume its bidding, win new projects and continue its business operations as earlier.

The period of business realignment is expected to take 12 more months, during which period the Company would have to deal with a large degree of uncertainties. However, IECCL has the ability to undergo this metamorphosis.

It has been a challenging year, and more challenges ahead. The aforementioned strengths are expected to stand IECCL in good stead as it endeavours to overcome the setbacks and once again rebuild its business model

Risk Management:

IECCL has an integrated Enterprise Risk Management (ERM) framework in place for identification, assessment, mitigation and reporting of risks. Risk Management Committee / the Audit Committee/ the Board of Directors oversee the function by periodically reviewing the Critical Risks of the Business and its mitigation plans.

The critical enterprise level risks of the Company and the mitigation measures being taken are submitted below:

Liquidity Risk:

The debt burden has increased in a manner that is not commensurate with the size of its operations and there has been severe stress in terms of cash flows. Your company is in discussion with its bank consortium for assessment of debt restructuring and incremental working capital requirement to support growth in business. Your Company is also in discussion with Vendors for extending credit period support in execution of current projects

Order Book Risk:

IECCL has not won any new works for the last three years. The Company cannot bid new projects at present due to negative net worth and inadequate fund and non-fund support from Banks. Your Company is in discussion with Banks Consortium for extending the Company fund and non-fund support for bidding new Projects. Your Company is also in discussion with other financially sound contracting agencies to form Joint Ventures for bidding for new works

Reputation and Brand Risk:

The overburdened debt of IL&FS group, its default in debt servicing and discussion of its corporate governance practices in public affect the impact of IL&FS group companies including IECCL. This negative Reputation will affect IECCL in winning new EPC Projects, in getting new borrowings at lower interest rate and in getting project services from vendors with credit facility. Your Company, with its proven track record in providing qualitative delivery of EPC Projects and making timely payments as per the contract terms, will rebuild confidence in clients and vendors

Operational Risks:

In order to mitigate operational risks in Project execution, due care is exercised in the preparation of design and drawings, selection of sub-contractors, selection of suppliers, recruitment of technical and non-technical staff, utilization of resources, insurance coverage etc. The Company has documented and implemented Standard Operating Procedures for all important operations of the Company, Delegation of Authority, periodical business monitoring mechanism and risk identification and mitigation mechanism

Political Risk:

Your Company is operating in multiple Indian States with different political environments and consequently subject to Political risks. Appropriate and adequate mitigation strategies are in place to mitigate these risks. The Company is spreading its operations in all major sectors of Infrastructure and in various States avoiding business concentration in same region

Contractual Risks:

The Company is exposed to several contractual risks with clients, subcontractors, suppliers and lenders in its day to day operations. In order to mitigate these risks, the Company has an exclusive Contracts and Claims Department to oversee contract documentation, major claims and arbitrations.

Subcontractors Risk and Joint Venture Risks:

The Company associated with several subcontractors and joint ventures for executive of their projects. Their non-performance may affect the revenue and profitability of the Company. The Company has a robust system for selection of back-to-back subcontractors and Joint Venture Partners and monitor their performance regularly.

7. Internal Control System and their Adequacy:

The Company's internal financial control framework, established in accordance with the COSO framework, is commensurate with the size and operations of the business and is in line with requirements of the Companies Act 2013. Internal Audit's main objective is to provide to the Audit Committee, an independent,

objective and reasonable assurance of the Company's risk management, control and governance processes

The Company has institutionalized internal controls in the form of Delegation of Authority (DoA) and standard operating procedures (SOP) with an objective of orderly and efficient conduct of its business, safeguarding the Company's assets, prevention and detection of frauds, accuracy and completeness of accounting records and compliance with applicable statutory requirements. The Company is having Oracle e-Business Suite as Enterprise Resource Planning (ERP) System for recording transactions in an integrated way with complete audit trail

The Company has also deployed an external firm of Chartered Accountants and the combined Internal Audit team consists of technical auditors (Engineers), Chartered Accountants and Cost Accountants.

8. Human Resources & Industrial Relations:

For the Management, safety and health of its employees is foremost thing. During this pandemic, the IECCL Management is taking all steps for the health and hygiene by following guidelines laid down by Central and respective State Governments for well-being of its employees. Human Resource (HR) Department, periodically, updates its policies in line with best practices in the Industry. It circulates renewed policies to all its Employees through email and trainings.

IECCL continues to maintain harmonious relations with all its employees across all its Project Sites and Offices in India and as on March 31, 2020, the Company had 353 Employees on rolls.

9. Cautionary Statement:

Statements in this Annual Report, describing the Company's outlook, projections, estimates, expectations or predictions may be "Forward Looking Statements" within the meaning of applicable laws or regulations. Actual results could differ materially from those expressed or implied. Several other factors could make significant difference Company's operations which includes economic conditions affecting demand and supply, Government Regulations, taxation, natural calamities and so on, over which the Company does not have any control.

Qualified Opinion:

We have audited the standalone financial statements of IL&FS Engineering and Construction Company Limited ("the Company"), which comprise the standalone balance sheet as at March 31, 2020, the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matters described in the 'Basis for Qualified Opinion' paragraph below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion:

We draw attention to the following notes to the standalone financial statements:

Note 52 relating to non-recognition of interest expense of Rs. 289.51 Crores (March 31, 2019: Rs 144.99 Crores) for the year on the borrowings availed by the Company considering the process initiated for submission of a resolution proposal to lenders for restructuring of existing debt.

Consequently, interest expense and loss for the year are understated by Rs. 289.51 Crores approximately and

Retained earnings (accumulated loss) and Interest Payable is understated by Rs. 434.50 Crores approximately.

Note 56 relating to deferred tax asset amounting to Rs. 242.99 Crores represents amounts recognised by the Company in earlier years. Considering the material uncertainty related to going concern that exists in the Company, the threshold of reasonable certainty for recognising the deferred tax assets as per Ind AS 12- Income Taxes has not been met. Consequently, deferred tax assets are overstated and retained earnings (accumulated losses) are under stated by Rs. 242.99 Crores.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material uncertainty related to going Concern:

Attention is invited to Note 30 regarding a significant reduction

in the Company's income from operations, in the absence of new business orders, management's expectation of Company's inability to meet its obligations over the next 12 months out of its earnings and liquid assets. The Company's management represented to us that they are currently in discussion with the lenders for carrying out a debt restructuring proposal. These events and conditions indicate a material uncertainty which cast a significant doubt on the Company's ability to continue as a going concern, and therefore it may be unable to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Company to continue as a going concern is solely dependent on the acceptance of the debt restructuring proposal / finalisation and approval of the resolution plan, which is not wholly within the control of the Company.

The Management of the Company has prepared these financial results on going concern basis based on their assessment of the successful outcome of the restructuring proposal, pending finalisation and approval of the resolution plan.

Our opinion is not modified in respect of this matter

Emphasis of Matter:

We draw attention to the following notes to the standalone financial statements:

Note 31 (vii) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS' or 'the Holding Company') and some of its subsidiaries (including the Company). The financial statements of the Company for the year do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities. As the management, at this juncture, cannot foresee any adjustments to be made in these financial statements of the Company as a result of any such investigations.

Note 48 (a) and (b) regarding recoverability of trade Receivables, retention money and contract assets (Project work in progress) from the terminated / foreclosed /disputed/inactive projects, aggregating to Rs 60.37 Crores, Rs 140.12 Crores and Rs 141.69 Crores respectively and Rs 377.00 Crores (net) in respect of a project for which arbitration award was received in favour of the Company. Based on its internal assessment, no adjustments have been made by the Company in the carrying value of the receivables / contract assets/ retention money.

Note 8 and 12 which include carrying value of loans and advances and interest accrued on such loans to the ultimate investee entities aggregating to Rs. 101.20 Crores. Based on its internal assessment, no adjustments have been made by the Company in the carrying value of the loans and advances including interest accrued on such loans.

Note 51 regarding non receipt of confirmation of balances for outstanding borrowings to the extent of Rs 193.24 Crores and for the carrying value of advances to and payable to vendors for supply of materials or services.

The ultimate outcome of the matters stated in para 'a' to 'd' above cannot presently be determined, pending approvals / acceptances / conclusion of legal proceedings / favourable settlement of claims / receivables / retention money / confirmations etc. for the reasons stated in the relevant notes to the accompanying standalone Ind AS financial statements

referred above. Accordingly, no adjustment has been made in the carrying value of the aforesaid assets.

Note 54 regarding exceptional items aggregating to Rs. 399.45 Crores comprising written off / provisions made and other adjustments made during the year based on comprehensive review / assessment carried out by the management during the year.

Note 50 regarding default in redemption of optionally convertible cumulative redeemable preference shares (OCCRPS) and dividend thereon. These OCCRPS were due for redemption as on September 30, 2019 and the Company defaulted in repayment of preference shares and dividend thereon, Rs 37.50 Crores and Rs 15.79 Crores respectively.

Note 53 regarding advance of Rs. 65 Crores given to one vendor for purchase of cement, during the previous year. The management of the Company felt that the transaction was a case of fraud instituted by the Group Entity in collusion with certain erstwhile Director/(s) of the Company and another Group Entity. The Company has referred the matter to Ministry of Corporate Affairs (MCA) to initiate investigation. Also, the Company has written to the said Group Entity and demanded that the said receivables of the Company should be transferred by way of an assignment back to the same Group Entity as a set-off against the loans payable to that Group Entity.

Note 55 which explains the uncertainty and the management's assessment of the financial impact due to the lockdown and other restrictions imposed by the Government and conditions related to Covid 2019 pandemic situation, for which a definitive assessment of the impact is highly dependent upon circumstances as they evolve in subsequent period.

Our opinion is not modified in respect of the aforementioned matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' and Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

Description of Key Audit Matter:

Key audit matter	How the matter was addressed in our audit
Estimated Cost to complete the Project:	
Refer note 3 (a) to the standalone financial statements	
The Company recognises revenue under percentage of completion method as specified under Indian Accounting Standard (IND AS)-115 – Revenue from contract with customers. Recognition of revenue requires estimation of total contract cost which comprises of the actual cost incurred till date and estimated cost further to be incurred to complete the projects. Estimation of the cost to complete involves exercise of significant judgement by management including assessment of technical data and hence identified as Key Audit Matter.	Our audit approach was a combination of test of internal controls and substantive procedures which included the following: <ol style="list-style-type: none"> Tested the design, implementation and operating effectiveness of the controls surrounding determination and approval of estimated cost. Verified the contracts with customers on test check basis and the actual cost incurred and terms and condition related to the variation of the cost. Obtained and relied on the internal assessments supporting the accuracy of the estimate of the total cost of the project for selected contracts on test check basis.
Trade receivables and Contract Assets	
Refer Note: 7 and 12 to the standalone financial statements	
Trade receivables, retention money and contract assets amounting to Rs 219.88 Crores Rs. 506. 26 Crores and Rs 733.69 Crores respectively, represents approximately 50.92 % of the total assets of the Company as at March 31, 2020. In assessing the recoverability of the aforesaid balances, management's judgement involves consideration of aging status, evaluation of litigations and the likelihood of collection based on the terms of the contract. Management estimation is required in the measurement of work completed during the period for recognition of unbilled revenue. We considered this as key audit matter due to the materiality of the amounts and significant estimates and judgements as stated above.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> We understood and tested on a sample basis the design and operating effectiveness of management control over the recognition and the recoverability of the trade receivables and contract assets. We performed test of details and tested relevant contracts, documents and subsequent settlements for material trade receivable balances and amounts included in contract assets that are due on performance of future obligations. We tested the aging of trade receivables at year end. We performed test of details and tested relevant contracts and documents with specific focus on measurement of work completed during the period for material unbilled revenue balances included in contract asset. We performed additional procedures, in respect of material over-due trade receivables and long outstanding contract assets, i.e. tested historical payment records, correspondence with customers. We assessed the allowance for impairment made by management.

Advances to Subcontractors and Suppliers	
Refer note 12 to the standalone financial statements	
<p>The Company has recoverable advances (in cash or in kind) of Rs. 179.70 Crores.</p> <p>Management's assessment of recoverable amounts, in cash or in kind has been identified as key audit matter due to the significance of the balances as at March 31, 2020.</p>	<p>Our audit procedures amongst others included the following:</p> <ul style="list-style-type: none"> ● We understood and tested on a sample basis the design and operating effectiveness of management control over disbursing the advance and the recoverability of the advances to vendors – for supply of goods and services. ● We performed test of details and tested relevant contracts, documents and subsequent settlements for material balances outstanding for recovery either in cash or kind as at March 31, 2020. ● We tested the aging of these advances as at the year end. ● We assessed the allowance for provisioning made by management.
Provisions and Contingent Liabilities:	
Refer note 3 (p) to the standalone financial statements	
<p>The Company is involved in various taxes and other disputes for which final outcomes cannot be easily predicted and which could potentially result in significant liabilities. The assessment of the risks associated with the litigations is based on complex assumptions, which require the use of judgements and such judgements relates, primarily, to the assessment of the uncertainties connected to the prediction of the outcome of the proceedings and to the adequacy of the disclosures in the financial statements. Because of the judgement required, the materiality of such litigations and the complexity of the assessment process, the area is a key matter for our audit.</p>	<p>Our audit approach was combination of test of internal controls and substantive procedures which included the following:</p> <ol style="list-style-type: none"> 1. Assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. 2. Testing the supporting documentation for the positions taken by the management, conducting meetings with in-house legal counsel and/or legal team and reviewing the minutes of Board and subcommittee, to confirm the operating effectiveness of these controls. 3. Review of assumptions used in the evaluation of potential risk and tax risks performed by the legal and tax department of the Company considering the legal precedence and other rulings in similar cases. 4. Consideration of recent judgements passed by the appropriate authorities in order to challenge the basis used for the accounting treatment and resulting disclosures.

Information Other than the standalone financial statements and Auditors' Report Thereon:

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis, Business Responsibility Report, Corporate Governance Report, Annual Report on CSR activities but does not include the standalone and consolidated financial statements and our auditor's reports there on.

Our opinion on the consolidated and standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance.

We have nothing to report in this regard.

Management's Responsibility for the standalone financial statements:

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone financial statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and regulatory requirements:

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. Except for the matters stated in the "Basis for qualified opinion" paragraph hereinabove, we have obtained all the information and explanations which we had sought and to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. Except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. Except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act.
 - e. The matter relating to going concern described under Material Uncertainty Related to Going Concern paragraph above, and the matters stated at paragraphs 6 (a) to (h) under Emphasis of Matter paragraph above, in our opinion, may have an adverse effect on the functioning of the Company.
 - f. On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors are disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.

- g. The qualifications relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
- h. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- i. With respect to the matter to be included in the Auditors' Report under section 197 (16), according to the information and explanations given to us, the company has not paid any remuneration to its directors during the current year except sitting fee paid to the non- executive / independent directors. The same is in accordance with the applicable provisions of the Companies Act, 2013.
- j. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements (Refer Note – 31 to the Standalone Financial Statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;

“Annexure A” to the Independent Auditors’ report on the standalone financial statements

Annexure A referred to in paragraph (1) of Report on other Legal and regulatory requirements of our Report of even date to the members of IL&FS Engineering and Construction Company Limited on the standalone financial statements for the year ended March 31, 2020.

- i. With respect to fixed assets:
 - a. According to the information and explanation given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - b. According to the information and explanation given to us, major fixed assets have been physically verified by the management during the year and the Company has a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Discrepancies noted on such verification were not material and have been properly dealt with in the books of account.
 - e. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management the title deeds of immovable properties included in fixed assets are held in the name of the Company. In this regard, we were informed that the title deeds have been lodged with bankers as Security. However, confirmation from the respective bankers was not furnished to us.
- ii. The management has conducted physical verification of inventories at reasonable intervals during the year. Discrepancies noted on physical verification of inventories were not material and have been properly dealt with in the books of account.
- iii. According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- iv. In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees and securities granted in respect of which provisions of Section 185 and Section 186 of the Companies Act, 2013 are applicable and hence not commented upon
- v. The Company has not accepted any deposits from the public.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the construction industry and construction of roads and other infrastructure projects, and are of the opinion that prima facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- vii. With respect to statutory dues:
 - a. According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not regularly deposited undisputed statutory dues including Provident fund, Employees’ state insurance, Income-tax, Sales tax, Service tax, Duty of custom, Duty of excise, Value added tax, Goods and Service tax, Cess and other material statutory dues with the appropriate authorities.
 - b. There were arrears in respect of undisputed amounts payable in respect of Provident fund, Employees’ state insurance, Income-tax, Service tax, Sales-tax, Duty of custom, Duty of excise, Value added tax, Goods and Service tax, Cess and other material statutory dues as at March 31, 2020 for a period of more than six months from the date the same became payable are as follow:

Annexure B referred to in paragraph 2 (h) of Report on other Legal and regulatory requirements of our Report of even date to the members of IL&FS Engineering and Construction Company Limited

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of IL&FS Engineering and Construction Company Limited ('the Company') as of March 31, 2020 in conjunction with our audit of the Standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit, a material weakness has been identified in the Company's internal financial controls over financial reporting as at 31 March 2020 relating to certain operating effectiveness in some of controls in respect of assessment of deferred tax asset , interest expenses recognition and procurement of materials.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weakness described in Basis for Qualified Opinion paragraph above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company for the year ended March 31, 2020 and these material weaknesses have affected our opinion on the said standalone financial statements of the Company.

- Note 6 to 9 - impairment of financial assets.
- Note 3(a), 22, 34, and 12 - Revenue recognition, cost to complete, profit margin
- Note 44 - Leases - Estimating the incremental borrowing rate

Judgements

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the standalone financial statements is included in the following notes:

- Note 12 and 22 – The Company uses the percentage-of-completion method (POCM) in accounting for its long term construction contracts. Use of POCM requires the Company to estimate the contract revenue and total cost to complete a contract. Changes in the factors underlying the estimation of the contract revenue and total contract cost could affect the amount of revenue recognized.
- Note 13 – Deferred tax assets are recognized for unused unabsorbed depreciation to the extent it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax asset that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- Note 44 - Determining the lease term of contracts with renewal and termination options – Company as lessee.
- Note 7, 8, 9 11 and 12 – Determining the amount of expected credit loss on financial assets (including trade receivables, loans and Contract assets).

E. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principle market for the asset or liability or
- In the absence of a principal market, in most advantageous market for the asset or liability

The Principal or the most advantageous market must be accessible by the Company.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financials statement are categories within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable .
- Level 3: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Further information about the assumptions made in the measuring fair values is included in the note 47 on financial instruments.

3. Significant accounting policies

(a) Revenue Recognition

Revenue from construction contracts

Contract Revenue is recognised under 'percentage-of-completion method'. Use of the 'percentage-of-completion method' requires the Company to measure the efforts or costs expended to date to the satisfaction of a performance obligation as a proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Costs

incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

Further, the Company uses significant judgements while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and are capable of being reliably measured.

Revenue from design and consultancy services

Revenue from the design and consultancy services is recognized as and when services are rendered in accordance with the terms of the agreement with the customers.

Revenue from hire charges

Revenue from hire charges is accounted for in accordance with the terms of agreement with the customers.

Interest

Interest income is accrued on a time basis, by reference to the principal amount using the effective interest rate applicable.

Dividend

Dividend income is recognised when the Company's right to receive dividend is established by the reporting date.

(b) Property, plant and equipment:

- (i) Property, plant and equipment and capital work in progress are carried at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes and any attributable cost of bringing the asset to its working condition for its intended use.
- (ii) Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Such cost includes the cost of replacing part of the plant and equipment.
- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

- (iv) Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.
- (v) The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.
- (vi) Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.
- (vii) Assets acquired under finance lease are depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower.
- (viii) Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- (ix) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.
- (x) Capital work in progress includes the cost of property, plant and equipments that are not ready for their intended use at the balance sheet date.

Depreciation on property, plant and equipment

- (i) Depreciation on property, plant and equipment other than those mentioned in S.no.(ii) below, is calculated on straight-line basis using the rates arrived at, based on useful lives estimated by the management which coincides with rates prescribed under Schedule II of the Companies Act, 2013.
- (ii) Depreciation on the following property, plant and equipment is provided on a straight-line basis, at rates that are based on useful lives as estimated by the management, which are different from the general rates prescribed under Schedule II of the Companies, Act 2013,

Category of asset	Estimated useful life
Plant and Machinery	
- construction equipment consisting of shuttering /scaffolding material and equipment given on hire	6 years
- shuttering / scaffolding material at project sites	6 years
Temporary erections – site offices	over the expected life of the respective project

Leasehold improvements	over the period of lease or useful life whichever is lower
Site infrastructure	6 years
Tools and implements	Fully in the year of purchase

- (iii) Assets costing five thousand rupees or less are fully depreciated in the year of purchase.
- (iv) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(c) Intangible assets:

Software - Computer software license cost is expensed in the year of purchase as there is no expected future economic benefit, except for enterprise wide/project based software license cost which is amortized over the period of license or six years, whichever is lower.

Mining rights – Mining rights are amortized in the proportion of material extracted during a year that bears to total estimated extraction over the contractual period.

(d) Investments:

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non-current investments

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition cost is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

Investments in subsidiaries, associates and joint ventures:

The Company has elected to recognise its investments in subsidiary and associate companies at cost in accordance with the option available in Ind AS 27, Separate Financial Statements.

(e) Inventories:

Project materials at site are valued at the lower of cost and net realisable value. Cost is determined on weighted

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

average basis. Net realisable value is the estimated selling price in the ordinary course of business, reduced by the estimated costs of completion and costs to effect the sale.

(f) Employee benefits

Short-term employee benefits

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses in the period in which the employee renders the related service at the undiscounted amount of the benefits expected to be paid.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or

the gain or loss on curtailment is recognised immediately in profit or loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Compensated absences

Compensated absences is a long-term employee benefit, and accrued based on an actuarial valuation done as per projected unit credit method as at the balance sheet date, carried out by a qualified independent actuary. Actuarial gains and losses arising during the year are immediately recognised in the statement of profit and loss. Remeasurement of defined benefit plans in respect of post employment are charged to other comprehensive income.

(g) Income taxes:

Income tax comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

(i) Current tax:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income tax reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

(ii) Deferred tax:

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

(h) Foreign currency transactions and translations:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(i) Leases:

Policy applicable before April 01, 2019

Where the Company is a Lessee

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are recognised as finance costs in the Statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the Company will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule II to the Companies Act, 2013.

Leases where the lessor effectively retain substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and loss on a straight-line basis over the lease term.

Where the Company is a Lessor

Assets under operating leases are included in property, plant and equipment. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

Policy applicable after April 01, 2019

Effective April 01, 2018, the Company has adopted Ind AS 116, Leases with modified retrospective approach. The application of Ind AS 116 does not have any significant impact on the retained earnings as at April 1, 2019 and financial statement of the Company.

Where the Company is a Lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement

date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the following

- Fixed payments, including in-substance Fixed payment
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value asset

The Company has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(j) Borrowing Costs:

Borrowing costs directly attributable to the acquisition or construction of an qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year they occur.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

(k) Accounting for Joint Ventures:

Accounting for joint ventures undertaken by the Company has been done in accordance with the requirements of Ind AS – 28 “Investments in Associates and Joint Ventures” notified under section 133 of the Companies Act, 2013, and as follows:

Joint Operations:

In respect of joint venture contracts which are executed under work sharing arrangements, the Company's share of revenues, expenses, assets and liabilities are included in the separate financial statements as revenues, expenses, assets and liabilities respectively. In case of certain construction contracts in the irrigation sector, the share of work executed by the Company has been determined on the basis of certification by lead partner.

(l) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue that have changed the number of outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results are anti-dilutive.

(m) Impairment:

(i) Financial assets

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Company assesses whether financial assets carried at amortised cost is credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being significantly past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

The Company measures loss allowances at an amount equal to lifetime expected credit losses (ECL), except for bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial

recognition, which are measured as 12 month expected credit losses.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Company is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Company uses a provision matrix to determine impairment loss allowance on the group of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

ii) Non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Assets (other than goodwill) for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(n) Financial instruments:

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue.

Financial assets - classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair Value Through Other Comprehensive Income (FVTOCI)
- Fair Value Through Profit & Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in debt instruments is measured at FVTOCI if it meets both of the following conditions and is not designated at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At present the Company does not have investment in any debt securities classified as FVTOCI.

On initial recognition of an investment in Equity Instrument that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVTOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVTOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets. Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

A prepayment feature is consistent with solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Subsequent measurement and gains and losses for financial assets held by the Company

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at FVTOCI	These assets are subsequently measured at fair value. Net gains and losses, including any interest are recognised in the OCI
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in the statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. Presently, all the financial liabilities are measured at amortised cost.

Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but

retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Reclassification of financial assets and liabilities

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains or losses (including impairment gains or losses) or interest.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(o) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company. For the disclosure on reportable segments Refer note 33.

(p) Provisions and contingent liabilities:

i. General

A provision is recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

ii. Contingent liabilities

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii. Onerous contracts

Provision for onerous contracts, i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

(q) Cash and cash equivalents:

Cash and cash equivalents comprise cash at bank and in hand and short term investments with original maturity of three months or less.

(r) Cash flow statement:

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(s) Current and non-current classification:

The schedule 3 to the Act requires assets and liabilities to be classified as current or non-current.

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when it satisfies any of the following criteria:

- It is expected to be realised or intended to sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting year; or
- It is Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;

- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting year; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current liabilities include the current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Accordingly, the Company has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(t) Standards issued but not effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020.

30. Going Concern

The Company has accumulated loss of Rs. 2722.25 as at March 31, 2020 (as at March 31, 2019 : Rs. 2,316.00). The Company has incurred loss of Rs. 406.26 during the year ended March 31, 2020 primarily due to impairment/write offs/provision made by the management on the basis stated in Note 54 to the financial statements. Company's net worth has been fully eroded and the current liabilities exceed its current assets as at the balance sheet date by Rs. 3499.77 (March 31, 2019: Rs. 2,562.79). There are uncertainties on recovery of carrying value of trade receivable, retention money, contract assets and loans given to ultimate investee entities. A major portion of the existing projects being executed by the Company are nearing completion / or approaching their end of term over next fifteen months, which is likely to result in significant reduction in the Company's operating revenue thereafter. During the current and previous year, the Company has defaulted on various loans to the lenders of the Company, including borrowings from promoter group entities.

As indicated in Note 31 (vii), the reconstituted Board of Directors of IL&FS filed various status reports to National Company Law Tribunal (NCLT) and in one of such reports, all the group entities of IL&FS have been categorized into Green/Amber/Red entities and the Company was categorized under the Group "Red" implying that the Company is unable to meet its contractual, statutory and debt obligations. The Company is currently not making payments to its Financial Creditors and the Operational Creditors existing prior to the date of reconstitution of Board of Directors of IL&FS.

These adverse developments in promoter group entities impacted the operations of the company and also resulted in cancellation/ termination/suspension of certain contracts with customers. The accompanying financial statements have been prepared on going concern basis based on cumulative impact of certain steps taken by the reconstituted board and the support received from NCLAT for bringing in a period of calm during the resolution process. Based on this the business can be predicted to be operative for the following 12 months and there is no threat of liquidation or closure.

Further, the Company is taking following steps for revival and restoration of operations of the Company:

1. The reconstituted board is in the process of finalising a comprehensive approach to manage the current situation.
2. The Company is in discussions with its lenders to restructure its borrowings and is committed to taking necessary steps to meet its financial commitments to the extent possible.

31. Contingent liability

(a) Contingent liabilities on account of pending litigations

S. No.	Particulars	As at March 31, 2020	As at March 31, 2019
(i)	Claims against the Group not acknowledged as debts (interest, if any, not ascertainable after date of order)	24.66	24.66
(ii)	Direct taxes under dispute*	39.82	39.82
(iii)	Indirect taxes under dispute**#	120.66	120.66

*Income tax demand mainly comprises of demand from the Income Tax authorities upon completion of their assessment upto the financial year 2010-11. The tax demands are mainly on account of classification of waiver of interest and principal amount of loan as revenue receipt which has been considered as capital receipt by the Company, disallowance of expenditure incurred towards extra works/Labour cost on projects, disallowance of expenditure on which TDS is not deducted or short deducted, etc.

**The demands raised by the Sales Tax authorities and Central Excise and Service Tax authorities are mainly towards enhancement of taxable turnover due to certain disallowances, change in classification of services provided by the Company, interpretation of the provisions of the Acts etc.

#Excludes Rs. 6.52 (March 31, 2019: Rs. 6.52) where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. All these cases are under litigation and are pending with various authorities, and the expected timing of resulting outflow of economic benefits cannot be specified.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

- (iv) Consequent to announcement by erstwhile Chairman of Satyam Computers Services Limited on January 7, 2009, Serious Fraud Investigation Office (SFIO) has initiated investigations on various matters pertaining to the Company which are ongoing. The SFIO has submitted its reports relating to various findings and has issued notices for prosecution for alleged violations against the Company and others for seven matters for which the Company submitted its reply with SFIO. While the Company has not accepted these violations and in order to settle these issues, the Company had filed six compounding applications for these alleged violations, for which final orders have been passed by Company Law Board (CLB) during the year ended March 31, 2016 and the Company had paid Rs. 0.08 as fee for compounding towards the same. SFIO has filed appeal against the compounding order in the High Court of Hyderabad and the Company has also filed their reply against the said order. During the previous year, the High Court of Hyderabad has passed an order in favour of Company and dismissed the appeal filed by SFIO.
- (v) The Company had received a Show Cause Notice (SCN) on June 19, 2009 from Securities and Exchange Board of India (SEBI) alleging insider trading by the Company in the scrip of Satyam Computer Services Limited in the years 2001-2002 and 2004-2005. After the aforementioned SCN no further communication was made in this regard until February 2013 when SEBI directed the Company for a personal hearing before whole time member of SEBI. The Company had filed its detailed reply against the SCN in the earlier years and had attended a personal hearing before a whole time member of SEBI in the earlier year and accordingly filed written submissions. During the year ended March 31, 2016, SEBI had passed an order ordering the Company to disgorge an amount of Rs. 59.17 along with simple interest of 12% p.a. from January 07, 2009 till the date of payment. However, SEBI order had dropped the proposal to debar the Company from accessing the capital market. Aggrieved by the disgorgement order, the Company had preferred an Appeal in Securities Appellate Tribunal (SAT) and obtained stay order against the operation of the order of SEBI. SEBI had filed its counter and the Company had filed its rejoinder. During the previous year, SAT has passed an order in favour of Company and quashed and set aside the disgorgement order passed by SEBI.
- (vi) The Company formed Himachal Joint Venture (HJV) to execute an EPC project with National Hydro Power Corporation (Client). HJV subcontracted this work to SSJV Projects Private Limited (SSJV) and the work had been executed to the extent of Rs. 262.45 by SSJV. Due to the geographical conditions at site, work could not be done at the rates prescribed in the contract. HJV invoked arbitration clause for delays and extra-ordinary geological occurrence in executing the project. The Client en-cashed bank guarantees for an amount of Rs. 216.40 provided by SSJV and issued winding up notice to the Company as well as other joint venture partners. The Company vide its letter dated July 29, 2013 replied to the said notice stating that the matter is disputed and subjudice and would not be legally tenable. Client had filed a winding-up petition against Company and Joint venture partner vide CP 73/2014, which was dismissed. No appeal has been filed by client so far.

(vii) Investigations etc by the Regulatory / Investigative Agencies:

During the previous year, pursuant to the proceedings filed by the Union of India under Sections 241 and 242 of the Companies Act, 2013, on account of various grounds, inter alia, (i) mismanagement of public funds by the erstwhile board of directors of Infrastructure Leasing and Financial Services Limited ("IL&FS"); and (ii) affairs of IL&FS being conducted in a manner prejudicial to the public interest, the National Company Law Tribunal, Mumbai bench ("NCLT"), by way of an order dated October 1, 2018, suspended the erstwhile board of directors of IL&FS and re-constituted the same with persons proposed by the Union of India (such reconstituted board, referred to as the "Reconstituted Board") with the powers to supersede the Boards of all entities belonging to the IL&FS Group including this Company. Simultaneously, various inquiries have been initiated by the Registrar of Companies, Mumbai; Serious Fraud Investigations Office (SFIO); Enforcement Directorate (ED); Securities and Exchange Board of India (SEBI); Reserve Bank of India (RBI) etc. against IL&FS, IL&FS Financial Services Limited (IFIN), IL&FS Transportation Networks India Limited (ITNL) and its ex-directors who were dismissed by NCLT.

As a part of their investigation into the affairs of the Promoter Group, SFIO and ED have been seeking information from the Company on an ongoing basis. Further, as per the directions of the reconstituted board, forensic audit also has been initiated for select entities including this Company. The investigations and forensic audit with respect to the Company are in progress and the Company is fully cooperating with the agencies.

Additionally, the National Company Law Appellate Tribunal, New Delhi (the "NCLAT") has passed an order of moratorium on October 15, 2018 in respect of actions (as set out therein) that cannot be taken against IL&FS and its group companies (including the Company), which includes, amongst others, institution or continuation of suits or any other proceedings by any party or person or bank or company, etc. against 'IL&FS' and its group companies in any Court of Law or Tribunal and any action by any party or person or bank or company, etc. to foreclose, recover or enforce any security interest created in the assets of 'IL&FS' and its group companies. This has been done taking into consideration the nature of the case, larger public interest and economy of the nation, and interest of IL&FS and its group companies. This moratorium has subsequently been modified by the NCLAT order dated January 11, 2019.

Subsequently, the NCLT passed an order dated January 1, 2019 pursuant to an application filed by MCA under Section 130 of the Companies Act, 2013 permitting reopening and recasting of accounts of (a) IL&FS; (b) IFIN and (c) ITNL, for the past 5 financial years (i.e. Financial year 2013 to Financial year 2018), on the ground that there was mismanagement in the affairs of these companies.

While the Company, based on its current understanding, believes that the above would not have a material impact on the financial statement, the implications, if any, arising from the aforesaid developments would be known only after the aforesaid matters are concluded and hence are not determinable at this stage.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

Based on the internal assessment and / or legal opinion, the Management is confident that for the above mentioned contingent liabilities, no provision is required to be made as at March 31, 2020.

(b) Other contingent liabilities

S. No.	Particulars	As at March 31, 2020	As at March 31, 2019

(iii)	Corporate guarantees (including guarantees towards performance obligations of the Company)	645.29	568.01
(iv)	Liquidated damages	7.89	22.25

32. Commitments:

(a) Capital Commitments:

Estimated amount of contracts (net of advances) remaining to be executed on capital account and not provided for Rs. Nil (March 31, 2019: Nil).

(b) Other Commitments:

- The Company has made a commitment to make additional investment of Rs. 49.64 (March 31, 2019: Rs. 49.64) in Maytas Infra Saudi Arabia Company Limited Liability Company. Based on the latest available management certified financial statements of the aforesaid subsidiary as on March 31, 2018, the net worth of the subsidiary is fully eroded and the Company may have potential obligation to share further liabilities of the said subsidiary, which is presently under negotiation and hence undeterminable.

As the Company has not received any communication to meet any potential obligation to share further liability of the said subsidiary no provisions have been made in the books. On receipt of any communication in this regard, the Company will engage with the other shareholder of the subsidiary for a final settlement.

- Under a sponsors' support agreement, the Company (a co-sponsor) has obligation to the lenders' of a Special Purpose Vehicle (SPV), whose 26.10% Equity is held by Maytas Investment Trust (MIT), until financial year ending 2027-28, to meet shortfall in Debt service coverage ratio of the SPV on a term loan of Rs. 279.83 (March 31, 2019: Rs. 279.83)

33. Segment reporting :

The Company's operations fall into a single business segment "Construction and Infrastructure Development" and in accordance with Ind AS 108 - Operating Segments, segment information with respect to geographical segment has been given in the consolidated financial statements of the Company, therefore no separate disclosure on segment information is given in these financial statements.

34. Disclosure pursuant to Ind AS 115 "Revenue from Contracts with Customers"

(a) Disaggregation of revenue:

The Company recognises revenue from contracts with customers which includes Government and Non-Government customers, for construction / project activities over a period of time. During the year substantial part of the Company's business has been carried out in India. Geographical disaggregation has been given in the financial statements of the Company.

(b) Contract balances

(i) Opening and closing balances of contract balances

S. No.	Particulars	As at March 31, 2020	As at March 31, 2019
(i)	Trade receivables	219.88	256.09
(ii)	Contract assets - Project Work in progress	733.69	814.33
(iii)	Contract assets - Retention money	506.27	500.32
(iv)	Provision for estimated future losses on projects and liquidated damages	105.06	116.36
(v)	Contract liabilities	689.33	710.66

The credit period towards trade receivables generally ranges between 30 to 180 days. Further the customer retains certain amounts as per the contractual terms which usually fall due on the completion of defect liability period (DLP) of contract. These retentions are made to protect the customer from the Company failing to adequately complete all or some of its obligations under the contract.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

Contract assets are initially recognised for revenue earned from transfer of goods and services but not billed to customer because the work completed has to meet technical requirements as well as various milestones as set out in the contract with customers. Upon fulfilling the said requirements and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received advance payments from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the consideration received. Contract liabilities include advances received from customers towards mobilisation of resources, purchase of materials, etc. and advance billing.

Impairment losses recognised on contract assets and trade receivables have been disclosed in note 7

Since these are scope out of Ind AS 109 for the purposes of measurement, the same have not been disclosed in the tables above. Investments in unquoted equity shares of entities other than associates and joint ventures have been designated as FVTPL.

B. Measurement of fair values

(i) Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities other than those valued at Level 1 and Level 2 are considered to be the same as their fair values due to the current and short term nature of such balances and no material differences in the values.

(ii) Levels 1, 2 and 3

Level 1 : It includes Investment in equity shares that has a quoted price and which are actively traded on the stock exchanges. It is been valued using the closing price as at the reporting period on the stock exchanges.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Financial risk management objective

Refer Note No. 30 and 31(vii) which states the normal business operation of the company as they existed under the previous years have ceased and the reconstituted board is undertaking steps for revival and restoration of operation of company. Accordingly, the company is in process of setting up mechanism to address risk including market risk, credit risk, liquidity risk, interest rate risk

Credit risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the company. The company is exposed to the credit risk from companies' receivables from customers, contract assets (Unbilled revenue) and loans and advances given.

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Such changes in the values of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes. The Company's exposure to market risk is primarily on account of foreign currency exchange rate risk.

• Interest rate risk

The company is exposed to interest rate risk as it borrows funds at both fixed and floating interest rates. Due to the matters discussed in note no. 52, the company has not accrued interest expense post October, 2018. Accordingly, interest rate sensitivity analysis is not disclosed. The average interest rate on short-term bank deposits during the year was 6.40% (March 31, 2019: 6.40%).

The Company's exposure to interest rates on financial instruments is detailed below:

Particulars	As at March 31, 2020	As at March 31, 2019

Other financial liabilities	542.08	558.14
Total interest rate dependent financial liabilities	3,213.74	3,250.19

The amounts included above for interest rate dependent financial assets are fixed interest bearing financial assets.

• Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rate. The Company's presentation currency is the Indian Rupees. The Company's exposure to foreign currency arises in part when the Company holds financial assets and liabilities denominated in a currency different from the functional currency of the entity.

48 Trade receivables and Contract assets:

a) Trade Receivables as at March 31, 2020 include:

- Dues from terminated / foreclosed/ completed/ inactive /disputed projects, Rs 60.37 Management initiated discussion for recovery of the billed revenue upto the date of termination / foreclosure of the contracts. The respective customers have indicated based on a mutual evaluation of the contract, project dues (billed and unbilled) till the date of termination shall be paid to the Company. Accordingly, the Company considered these receivable as realisable.

 - (iii) Amounts receivable from Group company, Rs. 125, recognized based on the acknowledgment by said company. Adjustments, if any, that may arise on ultimate realization will be made in the year in which the settlement is concluded.

49. Inter-Corporate Deposits:

Prior to April 1, 2009, the erstwhile promoters had given certain Inter Corporate Deposits (ICDs) to various companies aggregating to Rs. 343.78. Of the foregoing, documentary evidences had been established that, for an amount of Rs 323.78, the then Satyam Computer Services Limited (SCSL) was the ultimate beneficiary and for which a claim together with compensation receivable had been lodged by the Company. During the earlier years, SCSL had merged into Tech Mahindra Limited (TML) pursuant to a Scheme of Arrangement u/s.391-394 of the Companies Act, 1956. As provided in the Scheme and as per the Judgment of Hon'ble High Court of Andhra Pradesh on the said Scheme, the aforesaid amount in books of SCSL was transferred to TML. The Company, through its subsidiaries, preferred an Appeal before the Division Bench of Hon'ble High Court of Andhra Pradesh against the single judge's Order approving the merger scheme of SCSL which is pending as on date. TML, in its Audited Financial Results for the year ended March 31, 2020 continued to disclose as "Suspense Account (Net) Rs. 1,230.40" as disclosed by SCSL earlier. Management is of the opinion that the claim made by the Company on SCSL is included in the aforesaid amount disclosed by TML in its Audited Financial Statements. The Company is confident of recovering the said ICDs together with compensation due thereon from SCSL/TML. Further, based on internal evaluation and legal opinion, documentary evidences available with the Company and in view of the observations of the Special Court in its verdict dated April 9, 2015 on the criminal case filed by the Central Bureau of Investigation, confirming that an amount of Rs. 1,425 was transferred to SCSL through the intermediary companies, out of which an amount of Rs. 1,230.40 continues to subsist with SCSL. During the current year, the Company has recognised an impairment of Rs. 323.78 towards diminution in the value of these ICD Considering the uncertainty in recovering the ICDs in future.

50. Default in redemption of preference shares and dividend thereon::

In the earlier years, the Company has issued 37,50,000, 6% optionally convertible cumulative redeemable preference shares (OCCRPS) of Rs 100 each, aggregating to Rs 37.50 were outstanding as on September 30, 2019. All these OCCRPS were purchased by ILFS Trust Company Limited (ITCL), now Vistara ITCL India Limited, being the trustee of Maytas Investment Trust. As per various agreements/extensions, all these OCCRPS were due for redemption as on September 30, 2019. The Company defaulted in the repayment of these OCCRPS. Further, the Company has also defaulted in repayment of dividend of Rs 15.79. Dividend payable defaulted in the books as on March 31, 2020, Rs 15.79.

51. Confirmation of Balances:

As at March 31, 2020, fund based borrowings availed by the Company aggregates to Rs 2631.91. These include borrowings from promoter group entities, aggregating to Rs 2047.32. The Company neither serviced principal amounts and /or interest payments, wherever applicable. Further, borrowings to the extent of Rs.193.24 were not conformed by lenders. Adjustments to principal and interest, if any, will be recognized in the period of final settlement.

Also, the Company has not received confirmation of balances from parties to whom advances have been made by the Company for supply of services/goods (Advances other than capital goods, Mobilization Advances to Sub Contractors (included in note no 12)) and trade payables (note no 18). Further, the balances under these items are subject to reconciliation. The management is confident that the settlement of these balances will be made at the carrying amounts and no provision is required at present. Adjustments for variances, if any will be made in the year of settlement.

Notes to Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

52. Interest Expense:

In line with the affidavit filed by the Ministry of Corporate Affairs ("MCA") with the Hon'ble NCLAT on May 21, 2019, the cut-off date of October 15, 2018 ("Cut-Off Date") was proposed, on account of inter alia the fact that the Hon'ble NCLAT had passed the Order on October 15, 2018, which inter alia granted certain reliefs to the IL&FS group and also restricted certain coercive actions by the creditors of the IL&FS group. Further, the Hon'ble NCLAT had passed the order on March 12, 2020 that interim order will continue until further orders and cut-off date of October 15, 2018 has been approved for resolution. In terms of the Resolution Framework Reports, the proposal made is that liabilities relating to the relevant IL&FS Group Entity, including interest, default interest, indemnity claims and additional charges, whether existing at or relating to a period after October 15, 2018 (the Cut-Off Date, as explained in the previous paragraph) should not continue to accrue. Further, since a Resolution Plan in line with the above orders, is in process, the Company has neither paid nor recognized as interest payable, aggregating to Rs. 289.51 (for the year March 31, 2019, Rs 144.99) approximately (Excluding penal interest etc.) for year ended March 31, 2020, in anticipation of the approval of lenders for concession/waivers being sought by Company in the resolution plan. Such interest has not been recognized as payable as at March 31, 2020 aggregates to Rs 434.50 (As at March 31, 2019, Rs 144.99) approximately (excluding penal interest etc.).

53. During the previous year, the erstwhile management of the Company has paid an amount of Rs. 65 to a vendor as material supply advance against the a purchase order for supply of cement within a period of two months from the date of issue of the said purchase order. For the said advance, the vendor had issued post-dated cheques and personal guarantee of its promoter as security. Subsequently, the vendor had neither supplied the cement nor refunded the advances paid. Post-dated cheques issued by the vendor were bounced when presented to the Bank. The Company had initiated legal proceedings against the vendor and its promoters. The management had, after considering the financial inability of the vendor, made a provision against said advances in previous year.

The transactions carried out by the Company are found to be done at the behest of a Group Company, which was funded by way of cash flow from two other Group Companies.

The Audit Committee of the Company is of the opinion that the complete circle of the transaction originated from a Group Entity and ended with the same Group Entity. The Committee felt that the transaction was a case of fraud instituted by the Group Entity in collusion with certain erstwhile Director of the Company and another Group Entity. The Company has referred the matter to Ministry of Corporate Affairs (MCA) to initiate investigation. Also, the Company has written to the said Group Entity and demanded that the said receivables of the Company should be transferred by way of an assignment back to the same Group Entity as a set-off against the loans payable to that Group Entity.

54. Exceptional item

Due to certain developments as detailed in note no. 31 (vii) the company has undertaken comprehensive review of the account balances of the assets and the liabilities during the previous year based on guidelines received from time to time from the promotor group management. Further, during the previous year the company also has received settlement awards from arbitrations initiated in earlier years. Certain projects also were terminated / foreclosed.

Based on the review the company had provided for/written off/adjusted for the balances under the contract assets(un billed revenue), trade receivables, investments, loans/ advances, ICD, interest on claims recognized in earlier years and mining rights, considering the ability of parties to pay the dues, the probability of certification, the financial strength of the entities as assessed by the management and arbitration awards in the previous year.

In the earlier years, the Company has given advances in the nature of promoter debt to an ultimate investee entity aggregating to Rs 46.11. During the year, due to certain developments that occurred in the said ultimate investee entity, the Company has made a provision for the same amount.

In the earlier years, erstwhile promoters of the Company had given Inter corporate deposits (ICDs), amounting to Rs 323.78 to various companies. Considering the uncertainty in recovering the ICDs in future, the Company has provided the ICDs during the year. During the year the Company had made provision for diminution in the carrying value of inventory to the extent of Rs. 14.39 in respect of terminated / foreclosed projects and based on the review the company had provided for/written off/adjusted for the balances under the contract assets(un billed revenue), trade receivables, investments, JV balances.

Considering the impact for the year of said adjustments in aggregate, the amounts so adjusted has been reported as exceptional items. The details of amount so adjusted are as below.

55. The SARS –CoV-2 virus responsible for Covid - 19 continues to spread across the globe and India, which has contributed to a significant decline in global and local economic activities. The extent to which the Covid 19 pandemic will impact the company's results will depend on future developments, which are uncertain, including, among other things, any new information concerning the severity of the Covid 19 pandemic and any action to contain its spread or mitigate its impact whether government – mandated or elected by the Company.
56. Deferred Tax: amounting to Rs. 242.99 as at March 31, 2020 (Rs. 242.99 Lakhs as at March 31, 2019), recognized by the Company in earlier years. The same is being retained as the Company is in the process of finalizing resolution plan which if approved and implemented is likely to generate enough profits in subsequent years which can set-off deferred tax asset.
57. In terms of events occurring subsequent to March 31, 2019 in relation to revenue recognition, contract assets/advances/ investments write off adjustments on account of settlement of existing litigations/termination of contracts by the Customers have been considered as adjusting events. Hence the impact of the same has been given in the financial statements for the year ending March 31, 2019.
58. Figures for the previous year have been regrouped/reclassified to confirm to the figures of the current year.
59. All amounts less than Rs. 0.01 have been disclosed as Rs. 0.00.

INDEPENDENT REPORT

AUDITOR'S

To the Members of IL&FS Engineering and Construction Company Limited

Report on the Audit of Consolidated Ind AS Financial Statements

Qualified opinion

We have audited the accompanying consolidated Ind AS financial statements of IL & FS Engineering and Construction Company Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports on separate financial statements and the other financial information of the subsidiaries, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, and their consolidated loss (including other comprehensive income), consolidated statement of changes in equity and consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to the following notes to the consolidated Ind AS financial statements:

Note 51 relating to non-recognition of interest expense of Rs. 289.51 Crores (March 31, 2019: Rs 144.99 Crores) for the year on the borrowings availed by the Company considering the process initiated for submission of a resolution proposal to lenders for restructuring of existing debt.

- i. Consequently, interest expense and loss for the year are understated by Rs. 289.51 Crores (March 31, 2019: Rs 144.99 Crores) approximately and
- ii. Retained earnings (accumulated loss) and Interest Payable is understated by Rs. 434.50 Crores (March 31, 2019: Rs 144.99 Crores) approximately

Note 55 relating to deferred tax asset amounting to Rs. 242.99 Crores represents amounts recognised by the Company in earlier years. Considering the material uncertainty related to going concern that exists in the Company, the threshold of reasonable certainty for recognising the deferred tax assets as per Ind AS 12- Income Taxes has not been met. Consequently, deferred tax assets are overstated, loss for the year and retained earnings (accumulated losses) are under stated by Rs. 242.99 Crores.

Regarding non consolidation of one foreign subsidiary which has ceased its operations for a period exceeding three years. We are unable to comment on the impact, if any, on the financial statements for the respective periods in the absence of the financial information of the said foreign subsidiary.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Material uncertainty related to going Concern:

Attention is invited to Note 30 regarding a significant reduction in the Company's income from operations, in the absence of new business orders, management's expectation of Company's inability to meet its obligations over the next 12 months out of its earnings and liquid assets. The Company's management represented to us that they are currently in discussion with the lenders for carrying out a debt restructuring proposal. These events and conditions indicate a material uncertainty which cast a significant doubt on the Company's ability to continue as a going concern, and therefore it may be unable to realise its assets and discharge its liabilities including potential liabilities in the normal course of business. The ability of the Company to continue as a going concern is solely dependent on the acceptance of the debt restructuring proposal / finalisation and approval of the resolution plan, which is not wholly within the control of the Company.

The Management of the Company has prepared these financial statements on going concern basis based on their assessment of the successful outcome of the restructuring proposal / finalisation and approval of the resolution plan.

Our opinion is not modified in respect of this matter.

Emphasis of Matter:

We draw attention to the following notes to the Consolidated financial statements:

- a. Note 31 (vii) regarding ongoing investigations by Serious Fraud Investigation Office of Ministry of Company Affairs (SFIO), Enforcement Directorate (ED) and other regulators / agencies against Infrastructure Leasing & Financial Services Limited ('IL&FS' or 'the Holding Company'), and some of its subsidiaries (including the Company). The financial statements of the Company for the year do not include adjustments, if any, that may arise on account of the ongoing investigations by the investigating and other agencies and Regulatory Authorities, as the management, at this juncture, cannot foresee any adjustments to be made in these financial statements of the Company as a result of any such investigations.
- b. Note 47(a) and (b) regarding recoverability of trade receivables, retention money and contract assets (Project work in progress) from the terminated / foreclosed /disputed/inactive projects, aggregating to Rs 60.37 Crores, Rs 140.12 Crores and Rs 141.69 Crores respectively and Rs 377.00 Crores (net) in respect of a project for which arbitration award was received in favour of the Company. Based on its internal assessment, no adjustments have been made by the Company in the carrying value of the receivables / contract assets/ retention money.

- c. Note 8 and Note 9 which include carrying value of loans and advances and interest accrued on such loans to the ultimate investee entities aggregating to Rs. 101.20 Crores. Based on its internal assessment, no adjustments have been made by the Company in the carrying value of the loans and advances including interest accrued on such loans.
- d. Note 50 regarding non receipt of confirmation of balances for outstanding borrowings to the extent of Rs 193.24 Crores and for the carrying value of advances to and payable to vendors for supply of materials or services.

The ultimate outcome of the matters stated in para 'a' to 'd' above cannot presently be determined, pending approvals / acceptances / conclusion of legal proceedings / favourable settlement of claims / receivables / retention money / confirmations etc. for the reasons stated in the relevant notes to the accompanying consolidated Ind AS financial statements referred above. Accordingly, no adjustment has been made in the carrying value of the aforesaid assets.

- e. Note 53 regarding exceptional items aggregating to Rs. 399.45 Crores comprising written off / provisions made and other adjustments made during the year based on comprehensive review / assessment carried out by the management during the year.
- f. Note 49 regarding default in redemption of optionally convertible cumulative redeemable preference shares (OCCRPS) and dividend thereon. These OCCRPS were due for redemption as on September 30, 2019 and the Company defaulted in repayment of preference shares and dividend thereon, Rs 37.50 Crores and Rs 15.79 Crores respectively.
- g. Note 52 regarding advance of Rs. 65 Crores given to one vendor for purchase of cement, during the previous year. The management of the Company felt that the transaction was a case of fraud instituted by the Group Entity in collusion with certain erstwhile Director/(s) of the Company and another Group Entity. The Company has referred the matter to Ministry of Corporate Affairs (MCA) to initiate investigation. Also, the Company has written to the said Group Entity and demanded that the said receivables of the Company should be transferred by way of an assignment back to the same Group Entity as a set-off against the loans payable to that Group Entity
- h. Note 54 which explains the uncertainty and the management's assessment of the financial impact due to the lockdown and other restrictions imposed by the Government and conditions related to Covid 2019 pandemic situation, for which a definitive assessment of the impact is highly dependent upon circumstances as they evolve in subsequent period.

Our opinion is not modified in respect of the aforementioned matters.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the 'Basis for Qualified Opinion' and Material Uncertainty Related to Going Concern section, we have determined the matters described below to be the key audit matters to be communicated in our report. For each matter below, our description of how our audit addressed the matter is provided in that context.

Description of Key Audit Matter:

Key audit matter	How the matter was addressed in our audit
Estimated Cost to complete the Project:	
Refer note 3 (c) to the consolidated financial statements	
The Company recognises revenue under percentage of completion method as specified under Indian Accounting Standard (IND AS)-115 – Revenue from contract with customers. Recognition of revenue requires estimation of total contract cost which comprises of the actual cost incurred till date and estimated cost further to be incurred to complete the projects. Estimation of the cost to complete involves exercise of significant judgement by management including assessment of technical data and hence identified as Key Audit Matter.	Our audit approach was a combination of test of internal controls and substantive procedures which included the following: <ol style="list-style-type: none"> 1. Tested the design, implementation and operating effectiveness of the controls surrounding determination and approval of estimated cost. 2. Verified the contracts with customers on test check basis and the actual cost incurred and terms and condition related to the variation of the cost. 3. Obtained and relied on the internal assessments supporting the accuracy of the estimate of the total cost of the project for selected contracts on test check basis.
Trade receivables and Contract Assets	
Refer Note: 7 and 12 to the consolidated financial statements	
Trade receivables, retention money and contract assets amounting to Rs 219.88 Crores Rs. 506.26 Crores and Rs 733.69 Crores respectively, represents approximately 50.92 % of the total assets of the Company as at March 31, 2020. In assessing the recoverability of the aforesaid balances, management's judgement involves consideration of aging status, evaluation of litigations and the likelihood of collection based on the terms of the contract. Management estimation is required in the measurement of work completed during the period for recognition of unbilled revenue. We considered this as key audit matter due to the materiality of the amounts and significant estimates and judgements as stated above.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> • We understood and tested on a sample basis the design and operating effectiveness of management control over the recognition and the recoverability of the trade receivables and contract assets. • We performed test of details and tested relevant contracts, documents and subsequent settlements for material trade receivable balances and amounts included in contract assets that are due on performance of future obligations. • We tested the aging of trade receivables at year end. • We performed test of details and tested relevant contracts and documents with specific focus on measurement of work completed during the period for material unbilled revenue balances included in contract asset. • We performed additional procedures, in respect of material over-due trade receivables and long outstanding contract assets, i.e. tested historical payment records, correspondence with customers. • We assessed the allowance for impairment made by management.

Advances to Subcontractors and Suppliers	
Refer note 12 to the consolidated financial statements	
The Company has recoverable advances (in cash or in kind) of Rs. 179.70 Crores. Management's assessment of recoverable amounts, in cash or in kind has been identified as key audit matter due to the significance of the balances as at March 31, 2020.	Our audit procedures amongst others included the following: <ul style="list-style-type: none"> We understood and tested on a sample basis the design and operating effectiveness of management control over disbursing the advance and the recoverability of the advances to vendors – for supply of goods and services. We performed test of details and tested relevant contracts, documents and subsequent settlements for material balances outstanding for recovery either in cash or kind as at March 31, 2020. We tested the aging of these advances as at the year end. We assessed the allowance for provisioning made by management..
Provisions and Contingent Liabilities:	
Refer note 3 (q) to the consolidated financial statements	
The Company is involved in various taxes and other disputes for which final outcomes cannot be easily predicted and which could potentially result in significant liabilities. The assessment of the risks associated with the litigations is based on complex assumptions, which require the use of judgements and such judgements relates, primarily, to the assessment of the uncertainties connected to the prediction of the outcome of the proceedings and to the adequacy of the disclosures in the financial statements. Because of the judgement required, the materiality of such litigations and the complexity of the assessment process, the area is a key matter for our audit.	Our audit approach was combination of test of internal controls and substantive procedures which included the following: <ol style="list-style-type: none"> Assessing the appropriateness of the design and implementation of the Company's controls over the assessment of litigations and completeness of disclosures. Testing the supporting documentation for the positions taken by the management, conducting meetings with in-house legal counsel and/or legal team and reviewing the minutes of Board and subcommittee, to confirm the operating effectiveness of these controls. Review of assumptions used in the evaluation of potential risk and tax risks performed by the legal and tax department of the Company considering the legal precedence and other rulings in similar cases. Consideration of recent judgements passed by the appropriate authorities in order to challenge the basis used for the accounting treatment and resulting disclosures..

Information Other than the consolidated financial statements and Auditors' Report Thereon:

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis, Business Responsibility Report, Corporate Governance Report, Annual Report on CSR activities but does not include the standalone and consolidated financial statements and our auditor's reports there on.

Our opinion on the consolidated and standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance.

We have nothing to report in this regard.

Management's Responsibility for the consolidated financial statements:

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated Ind AS financial statements:

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to consolidated Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements

regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

The consolidated Ind AS financial statements also include group's share of net profit/ (loss) (including other Comprehensive Income) of Rs. 1.21 Crores for the year ended March 31, 2020, as considered in the Consolidated Ind AS financial statements, in respect of Maytas-NCC, NCC- Maytas- ZVS joint ventures, whose financial statements / financial information have not been audited by us. This financial statements / financial information has been furnished to us by the management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these joint ventures and our report in terms of sub section (3) of Section 143 of the Act, in so far as it relates to the aforesaid joint ventures is based solely on the reports furnished by the management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a. Except for the matters stated in the "Basis for qualified opinion" paragraph hereinabove, we have obtained all the information and explanations which we had sought and to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. Except for the possible effects of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Consolidated balance sheet, the Consolidated statement of profit and loss (including other comprehensive income), the Consolidated statement of changes in equity and the Consolidated statement of cash flows dealt with by this Report are in agreement with the books of account.
 - d. Except for the possible effect of the matters described in the Basis for Qualified Opinion paragraph above, in our opinion, the aforesaid consolidated Ind AS financial statements comply with the Ind AS specified under section 133 of the Act.
 - e. The matter relating to going concern described under Material Uncertainty Related to Going Concern paragraph above, and the matters stated at paragraphs 5 to 11 under Emphasis of Matter paragraph above, in our opinion, may have an

adverse effect on the functioning of the Company.

- f. On the basis of the written representations received from the directors as on 31 March 2020 taken on record by the Board of Directors, none of the directors are disqualified as on 31 March 2020 from being appointed as a director in terms of Section 164(2) of the Act.
- g. The qualifications relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion paragraph above.
- h. With respect to the adequacy of the internal financial controls with reference to consolidated Ind AS financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- i. With respect to the matter to be included in the Auditors' Report under section 197 (16), according to the information and explanations given to us, the company has not paid any remuneration to its directors during the current year except sitting fee paid to the non- executive / independent directors. The same is in accordance with the applicable provisions of the Companies Act, 2013.
- j. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its consolidated Ind AS financial statements (Refer Note – 31 to the consolidated Ind AS financial statements);
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;

Annexure A to the Independent Auditors' Report on the consolidated Ind AS financial statements

Annexure A referred to in paragraph 1(h) of our Report of even date to the members of IL&FS Engineering and Construction Company Limited on the consolidated Ind AS financial statements

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated Ind AS financial statement of IL&FS Engineering and Construction Company Limited ('the Company') as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting of IL&FS Engineering and Construction Company Limited ('hereinafter referred to as the "Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiaries companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies, which are incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company and its subsidiary company, which are incorporated in India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls,. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of

material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the Holding Company's and its subsidiary internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of Management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

According to the information and explanations given to us and based on our audit, a material weakness has been identified in the Company's internal financial controls over financial reporting as at 31 March 2020 relating to certain operating effectiveness in some of controls in respect of assessment of deferred tax asset, interest recognition and procurement of materials.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weakness described in Basis for Qualified Opinion paragraph above on the achievement of the objectives

of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of 31 March 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated Ind AS financial statements of the Company for the year ended March 31, 2020 and these material weaknesses have affected our opinion on the said consolidated Ind AS financial statements of the Company.

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

1. Corporate information:

IL&FS Engineering and Construction Company Limited ("IECC" or "the Company") is a public company domiciled in India. The Company along with its subsidiaries (collectively termed as "the Group") and its associate and jointly controlled entities (collectively termed as "the Consolidated entities") is primarily engaged in the business of erection / construction of roads, irrigation projects, buildings, oil & gas infrastructure, railway infrastructure, power plants, power transmission & distribution lines including rural electrification and development of ports. The equity shares of the Company are listed on National Stock Exchange of India Limited ("NSE") and BSE Limited ("BSE").

2. Basis for preparation of financial statements:

A. Statement of compliance

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of Companies Act, 2013 (the 'Act'), the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The consolidated financial statements were authorised for issue by the Company's Board of Directors at its meeting held on September 03, 2020.

Details of the Group's Accounting policies are included in Note 3..

B. Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest crores, unless otherwise indicated.

C. Basis of measurement

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

D. Use of estimates and judgements

In preparing these consolidated financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties

Information about assumptions and estimation

uncertainties that have a significant risk of resulting in a material adjustment in the year ending March 31, 2020 is included in the following notes:

- Note 35 - measurement of defined benefit obligations: key actuarial assumptions
- Notes 13, 20 and 31 - recognition and measurement of provisions and contingencies: key assumptions about the likelihood and magnitude of an outflow of resources;
- Note 4 - useful life and depreciation of property, plant and equipment;
- Note 5 - useful life and amortisation of intangible assets; and
- Note 6 to 9 - impairment of financial assets.
- Note 3(c), 22, 34, and 12 - Revenue recognition, cost to complete, profit margin
- Note 42 - Leases - Estimating the incremental borrowing rate

Judgements

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognised in the consolidated financial statements is included in the following notes:

- Note 11,12 and 22 - The Group uses the percentage-of-completion method (POCM) in accounting for its long term construction contracts. Use of POCM requires the Group to estimate the contract revenue and total cost to complete a contract. Changes in the factors underlying the estimation of the contract revenue and total contract cost could affect the amount of revenue recognized.
- Note 13 - Deferred tax assets are recognized for unused unabsorbed depreciation to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax asset that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- Note 7, 8, 9, 11 and 12 - Determining the amount of expected credit loss on financial assets (including trade receivables, loans and unbilled revenue).
- Note 3(a) - Identification of whether the Group has significant control over Trust where the Trust is managed Independently by a third party.
- Note 33 - Identification of reportable operating segments.
- Note 42 - Leases - Estimating the incremental borrowing rate.

E. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

- In the principal market for the asset or liability or
- In the absence of a principal market, in most advantageous market for the asset or liability.

The Principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financials statement are categories within in the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level inputs that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External values are involved for valuation of significant assets, such as properties and significant liabilities, such as contingent consideration.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Further information about the assumptions made in the measuring fair values is included in the following notes: Note 45 - financial instruments.

3. Significant accounting policies

(a) Basis of consolidation:

i. Subsidiaries

Subsidiaries are all entities over which the Company has control. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Company. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

ii. Non - controlling interests (NCI)

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition.

Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

iii Associates

Associates are all entities over which the Group has significant influence but not control or joint control over the financial and operating policies.

Interests in associates are accounted for using the equity method. They are initially recognised at cost which includes transaction cost. Subsequent to initial recognition, the consolidated financial statements include the Group's share of profit or loss and other comprehensive income of equity accounted investees until the date on which significant influence ceases.

iv. Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

v. Transactions eliminated on consolidation

Intra group balances and transactions, and any unrealised income and expenses arising from intra group transactions, are eliminated. Unrealised

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the Investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

- vi. The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company, i.e., year ended March 31, 2020.
- vii. The consolidated financial statements for the year ended March 31, 2020 have been prepared on the basis of the financial statements of the following subsidiaries, associate and joint venture:

Name of the consolidated entities	Country of Incorporation	% of Interest as at	
		March 31, 2020	March 31, 2019
Subsidiaries			
Maytas Infra Assets Limited	India	100%	100%

Maytas-CTR (JV)	India	70%	70%
NCC-Maytas-ZVS (JV)	India	40%	40%
Associate			
Hill County Properties Limited (Refer note I)	India	31%	31%

Note I:

During the year 2010-11, the Company had invested Rs. 0.10 in equity shares of Hill County Properties Limited (HCPL) constituting 40% of the post issue paid up share capital of HCPL pursuant to the order passed by the Honorable Company Law Board on January 13, 2011 allowing IL&FS Group (consisting of Infrastructure Leasing and Financial Services Limited, IL&FS Financial Services Limited and the Company) to be the new promoters of HCPL. During the earlier year, the Company had sold Rs. 0.02 in equity shares (2,250 Equity Shares of Rs. 100 each) of HCPL constituting 9% of the paid up share capital of HCPL to Infrastructure Leasing and Financial Services Limited. HCPL was under the direct supervision of the Company Law Board (CLB), represented by a nominee director and hence was operating under severe long-term restrictions that significantly impair its ability to transfer funds to the investor. Hence, the investment in HCPL was accounted in accordance with Ind AS 27 "Separate Financial Statements" instead of applying equity method in accounting for investments. During the earlier year, the term of the CLB nominee director had expired and

HCPL ceased to operate under severe long-term restrictions. However, such acquisition of shares does not form part of a strategy to acquire and retain long term assets / investments. Hence the investment in HCPL is continued to be accounted in accordance with Ind AS 27 "Separate Financial Statements". Further, if the Group had accounted the investment in HCPL under equity method of accounting, the impact would not be have been material on the consolidated financial statements.

Note I:

The Group has not consolidated one subsidiary "Maytas Infra Saudi Arabia Company" in current as the said subsidiary has ceased its operations for a period in excess of three years.

(b) Current and non-current classification:

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is current when it satisfies any of the following criteria:

- It is expected to be realised or intended to sold or consumed in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is expected to be realised within twelve months after the reporting year; or
- It is Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

A liability is current when it satisfies any of the following criteria:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting year; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

Current liabilities include the current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle:

Operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. Accordingly, the Group has ascertained its operating cycle as 12 months for the purpose of current – non-current classification of assets and liabilities.

(c) Revenue recognition: -

Revenue from construction contracts

Contract Revenue is recognised under 'percentage-of-completion method'. Use of the 'percentage-of-completion method' requires the Group to measure the efforts or costs expended to date to the satisfaction

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

of a performance obligation as a proportion of the total expected efforts or costs to be expended to the satisfaction of that performance obligation over the time. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion.

Further, the Group uses significant judgements while determining the transaction price allocated to performance obligation using the expected cost plus margin approach.

When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised only to the extent of contract costs incurred that are likely to be recoverable.

Variations in contract work, claims and incentive payments are included in contract revenue only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and are capable of being reliably measured.

Revenue from design and consultancy services

Revenue from the design and consultancy services is recognized as and when services are rendered in accordance with the terms of the agreement with the customers.

Revenue from hire charges -

Revenue from hire charges is accounted for in accordance with the terms of agreement with the customers.

Interest

Interest income is accrued on a time basis, by reference to the principal amount using the effective interest rate applicable.

Dividend

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date.

(d) Property, plant and equipment:

- (i) Property, plant, and equipment and capital work in progress are carried at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, freight, duties, taxes and any attributable cost of bringing the asset to its working condition for its intended use.
- (ii) Borrowing costs relating to acquisition of property, plant and equipment which take substantial period of time to get ready for use are included to the extent they relate to the period till such assets are ready for intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Such cost includes the cost of replacing part of the plant and equipment.
- (iii) When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on

their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred.

- (iv) Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.
- (v) The Group identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.
- (vi) Assets retired from active use and held for disposal are stated at their estimated net realizable values or net book values, whichever is lower.
- (vii) Assets acquired under finance lease are depreciated on a straight-line basis over the useful life of the asset or the useful life envisaged in Schedule II to the Companies Act, 2013, whichever is lower.
- (viii) Gains or losses arising from derecognition of plant, property and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.
- (ix) Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.
- (x) Capital work in progress includes the cost of property, plant and equipments that are not ready for their intended use at the balance sheet date.

Depreciation on property, plant and equipment

- (i) Depreciation on property, plant and equipment other than those mentioned in S.no.(ii) below, is calculated on straight-line basis using the rates arrived at, based on useful lives estimated by the management which coincides with rates prescribed under Schedule II of the Companies Act, 2013.
- (ii) Depreciation on the following property, plant and equipment is provided on a straight-line basis, at rates that are based on useful lives as estimated by the management, which are different from the general rates prescribed under Schedule II of the Companies, Act 2013:

Category of asset	Estimated useful life
Plant and Machinery	
- construction equipment consisting of shuttering / scaffolding material and equipment given on hire	6 years
- shuttering/scaffolding material at project sites	6 years

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

Temporary erections – site offices	over the expected life of the respective project
Leasehold improvements	over the period of lease or useful life whichever is lower
Site infrastructure	6 years
Tools and implements	Fully in the year of purchase

- (iii) Assets costing five thousand rupees or less are fully depreciated in the year of purchase.
- (iv) The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(e) Intangible assets:

Software - Computer software license cost is expensed in the year of purchase as there is no expected future economic benefit, except for enterprise wide/project based software license cost which is amortized over the period of license or six years, whichever is lower.

(f) Investments:

Investments that are readily realizable and intended to be held for not more than one year from the date on which such investments are made are classified as current investments. All other investments are classified as non current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

(g) Inventories:

- (i) Project materials at site are valued at the lower of cost and net realisable value. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, reduced by the estimated costs of completion and costs to effect the sale.

(h) Retirement and other employee benefits:

Short-term employee benefits -

All employee benefits falling due wholly within twelve months of rendering the services are classified as short-term employee benefits, which include benefits like salaries, wages, short-term compensated absences and performance incentives and are recognised as expenses

in the period in which the employee renders the related service at the undiscounted amount of benefits expected to be paid.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions towards government administered provident fund scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees.

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI. The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in profit or loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in profit or loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Compensated absences -

Compensated absences is a long-term employee benefit, and accrued based on an actuarial valuation done as per projected unit credit method as at the balance sheet date, carried out by a qualified independent actuary. Actuarial gains and losses arising during the year are immediately recognised in the statement of profit and loss. Remeasurements of defined benefit plans in respect

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

of post employment are charged to other comprehensive income.

(i) Segment reporting:

Identification of segments

The Group operating businesses are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the areas in which major operating divisions of the Group operate.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Group prepare its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements.

(j) Income taxes:

Income tax comprises current and deferred tax. It is recognised in statement of profit or loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

(i) Current tax:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income tax reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

(ii) Deferred tax:

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Group recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is

realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

(k) Foreign currency transactions and translations:

Transactions in foreign currencies are initially recorded by the Company at their functional currency spot rates at the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rates are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rates at the date of transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

(l) Leases:

Policy applicable before April 01, 2019

Where the Group is a Lessee

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are recognised as finance costs in the Statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the Group will obtain the ownership by the end of the lease term, capitalized leased assets are depreciated on a straight-line basis over the shorter of the estimated useful life of the asset, the lease term or the useful life envisaged in Schedule II to the Companies Act, 2013.

Leases where the lessor effectively retain substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and loss on a straight-line basis over the lease term.

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

Where the Group is a Lessor

Assets under operating leases are included in property, plant and equipment. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

Policy applicable after April 01, 2019

Effective April 01, 2018, the Company has adopted Ind AS 116, Leases with modified retrospective approach. The application of Ind AS 116 does not have any significant impact on the retained earnings as at April 1, 2019 and financial statement of the Company.

Where the Group is a Lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate. Lease payments included in the measurement of the lease liability comprise the following

Fixed payments, including in-substance Fixed payment

Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date

Amounts expected to be payable under a residual value guarantee; and

The exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under

a residual value guarantee, or if the company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Short-term leases and leases of low-value asset

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

(m) Borrowing Costs:

Borrowing costs directly attributable to the acquisition, construction or production of an qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are charged in the year they occur.

(n) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and taxes applicable) by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue that have changed the number of outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares except where the results are anti dilutive.

(o) Impairment:

(i) Financial assets

The Group recognises loss allowances for expected credit losses on financial assets measured at amortised cost. At each reporting date, the Group assesses whether financial assets carried at amortised cost is creditimpaired. A financial asset is 'creditimpaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is creditimpaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being significantly past due;
- the restructuring of a loan or advance by the Group on terms that the Group would not consider otherwise; or
- it is probable that the borrower will enter bankruptcy or other financial reorganization.

The Group measures loss allowances at an amount equal to lifetime expected credit losses, except for

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12 month expected credit losses.

Loss allowances for trade receivables are always measured at an amount equal to lifetime expected credit losses. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables or contract revenue receivables. Under the simplified approach, the Group is not required to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs together with appropriate management estimates for credit loss at each reporting date, right from its initial recognition.

The Group uses a provision matrix to determine impairment loss allowance on the group of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

Measurement of expected credit losses

Expected credit losses are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Presentation of allowance for expected credit losses in the balance sheet

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Write off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the writeoff. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Group procedures for recovery of amounts due.

(ii) Non-financial assets -

The Group non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the statement of profit and loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

Assets (other than goodwill) for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(p) Financial instruments -

Recognition and initial measurement

Trade receivables are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss ('FVTPL'), transaction costs that are directly attributable to its acquisition or issue.

Financial assets - classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at

- amortised cost;
- Fair Value Through Other Comprehensive Income (FVTOCI)
- Fair Value Through Profit & Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Group changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

At present the Group does not have investment in any debt securities classified as FVTOCI.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Group continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest -

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Group considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Group considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Group's claim to cash flows from specified assets (e.g. nonrecourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the

prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Subsequent measurement and gains and losses for financial assets held by the Group

Subsequent measurement and gains and losses for financial assets held by the Group	
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at FVTOCI	These assets are subsequently measured at fair value. Net gains and losses, including any interest are recognised in the OCI
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in the statement profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss. Presently, all the financial liabilities are measured at amortised cost.

Derecognition

Financial assets

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Group enters into transactions whereby it transfers assets recognised on its balance

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

Reclassification of financial assets and liabilities

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains or losses (including impairment gains or losses) or interest.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(q) Provisions and contingent liabilities:

i. General

A provision is recognised when the Group has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ii. Contingent liabilities -

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

iii. Onerous contracts

Provision for onerous contracts. i.e. contracts where the expected unavoidable cost of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognised when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event based on a reliable estimate of such obligation.

(r) Cash Flow Statement: -

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

(s) Cash and cash equivalents: -

Cash and cash equivalents comprise cash at bank and in hand and short term investments with original maturity of three months or less.

(t) Standards issued but not effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020

30. Going Concern

The Company has accumulated loss of Rs. 2909.13 as at March 31, 2020 (as at March 31, 2019 : Rs. 2,504.08). The Company has incurred loss of Rs. 405.05 during the year ended March 31, 2020 primarily due to impairment/write offs/provision made by the management on the basis stated in Note 53 to the financial statements. Company's net worth has been fully eroded and the current liabilities exceed its current assets as at the balance sheet date by Rs. 3506.11 (March 31, 2019: Rs. 2,569.13). There are uncertainties on recovery of carrying value of trade receivable, retention money, contract assets and loans given to ultimate investee entities. A major portion of the existing projects being executed by the Company are nearing completion / or approaching their end of term over next fifteen months, which is likely to result in significant reduction in the Company's operating revenue thereafter. During the current and previous year, the Company has defaulted on various loans to the lenders of the Company, including borrowings from promoter group entities.

As indicated in Note 31(vii), the reconstituted Board of Directors of IL&FS filed various status reports to National Company Law Tribunal (NCLT) and in one of such reports, all the group entities of IL&FS have been categorized into Green/Amber/Red entities and the Company was categorized under the Group "Red" implying that the Company is unable to meet its contractual, statutory and debt obligations. The Company is currently not making payments to its Financial Creditors and the Operational Creditors existing prior to the date of reconstitution of Board of Directors of IL&FS.

These adverse developments in promoter group entities impacted the operations of the company and also resulted in cancellation/ termination/suspension of certain contracts with customers. The accompanying financial statements have been prepared on going concern basis based on cumulative impact of certain steps taken by the reconstituted board and the support received from NCLAT for bringing in a period of calm during the resolution process . Based on this the business can be predicted to be operative for the following 12 months and there is no threat of liquidation or closure.

Further, the Company is taking following steps for revival and restoration of operations of the Company:

1. The reconstituted board is in the process of finalising a comprehensive approach to manage the current situation.
2. The Company is in discussions with its lenders to restructure its borrowings and is committed to taking necessary steps to meet its financial commitments to the extent possible.

31. Contingent liability

(a) Contingent liabilities on account of pending litigations

S. No.	Particulars	As at March 31, 2020	As at March 31, 2019
(i)	Claims against the Group not acknowledged as debts (interest, if any, not ascertainable after date of order)	24.66	24.66
(ii)	Direct taxes under dispute*	39.82	39.82
(iii)	Indirect taxes under dispute**#	136.93	136.93

*Income tax demand mainly comprises of demand from the Income Tax authorities upon completion of their assessment upto the financial year 2010-11. The tax demands are mainly on account of classification of waiver of interest and principal amount of loan as revenue receipt which has been considered as capital receipt by the Company, disallowance of expenditure incurred towards extra works/Labour cost on projects, disallowance of expenditure on which TDS is not deducted or short deducted, etc.

**The demands raised by the Sales Tax authorities and Central Excise and Service Tax authorities are mainly towards enhancement of taxable turnover due to certain disallowances, change in classification of services provided by the Company, interpretation of the provisions of the Acts etc.

#Excludes Rs. 6.52 (March 31, 2019: Rs. 6.52) where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation. All these cases are under litigation and are pending with various authorities, and the expected timing of resulting outflow of economic benefits cannot be specified.

- (iv) Consequent to announcement by erstwhile Chairman of Satyam Computers Services Limited on January 7, 2009, Serious Fraud Investigation Office (SFIO) has initiated investigations on various matters pertaining to the Company which are ongoing. The SFIO has submitted its reports relating to various findings and has issued notices for prosecution for alleged violations against the Company and others for seven matters for which the Company submitted its reply with SFIO. While the Company has not accepted these violations and in order to settle these issues, the Company had filed six compounding applications for these alleged violations, for which final orders have been passed by Company Law Board (CLB) during the year ended March 31, 2016 and the Company had paid Rs. 0.08 as fee for compounding towards the same. SFIO has filed appeal against the compounding order in the High Court of Hyderabad and the Company has also filed their reply against the said order. During the current year, the High Court of Hyderabad has passed an order in favour of Company and dismissed the appeal filed by SFIO.
- (v) The Company had received a Show Cause Notice (SCN) on June 19, 2009 from Securities and Exchange Board of India (SEBI) alleging insider trading by the Company in the scrip of Satyam Computer Services Limited in the years 2001-2002 and 2004-2005. After the aforementioned SCN no further communication was made in this regard until February 2013 when SEBI directed the Company for a personal hearing before whole time member of SEBI. The Company had filed its detailed reply against the SCN in the earlier years and had attended a personal hearing before a whole time member of SEBI in the earlier year and accordingly filed written submissions. During the year ended March 31, 2016, SEBI had passed an order ordering the Company to disgorge an amount of Rs. 59.17 along with simple interest of 12% p.a. from January 07, 2009 till the date of payment. However, SEBI order had dropped the proposal to debar the Company from accessing the capital market. Aggrieved by the disgorgement order, the Company had preferred an Appeal in Securities Appellate Tribunal (SAT) and obtained stay order against the operation of the order of SEBI. SEBI had filed its counter and the Company had filed its rejoinder. During the current year, SAT has passed an order in favour of Company and quashed and set aside the disgorgement order passed by SEBI.
- (vi) The Company formed Himachal Joint Venture (HJV) to execute an EPC project with National Hydro Power Corporation (Client). HJV subcontracted this work to SSJV Projects Private Limited (SSJV) and the work had been executed to the extent of Rs. 262.45 by SSJV. Due to the geographical conditions at site, work could not be done at the rates prescribed in the contract. HJV invoked arbitration clause for delays and extra-ordinary geological occurrence in executing the project. The Client en-cashed bank guarantees for an amount of Rs. 216.40 provided by SSJV and issued winding up notice to the Company as well as other joint venture partners. The Company vide its letter dated July 29, 2013 replied to the said notice stating that the matter is disputed and subjudice and would not be legally tenable. Client had filed a winding-up petition against Company and Joint venture partner vide CP 73/2014, which was dismissed. No appeal has been filed by client so far.

(vii) Investigations etc by the Regulatory / Investigative Agencies:

During the year under report, pursuant to the proceedings filed by the Union of India under Sections 241 and 242 of the Companies Act, 2013, on account of various grounds, inter alia, (i) mismanagement of public funds by the erstwhile board of directors of Infrastructure Leasing and Financial Services Limited ("IL&FS"); and (ii) affairs of IL&FS being conducted in a manner prejudicial to the public interest, the National Company Law Tribunal, Mumbai bench ("NCLT"), by way of an order dated October 1, 2018, suspended the erstwhile board of directors of IL&FS and re-constituted the same with persons proposed by the Union of India (such reconstituted board, referred to as the "Reconstituted Board") with the powers to supersede the Boards of all entities belonging to the IL&FS Group including this Company. Simultaneously, various inquiries have been initiated by the Registrar of Companies, Mumbai; Serious Fraud Investigations Office (SFIO); Enforcement Directorate (ED); Securities and Exchange Board of India (SEBI); Reserve Bank of India (RBI) etc. against IL&FS, IL&FS Financial Services Limited (IFIN), IL&FS Transportation Networks India Limited (ITNL) and its ex-directors who were dismissed by NCLT.

As a part of their investigation into the affairs of the Promoter Group, SFIO and ED have been seeking information from the Company on an ongoing basis. Further, as per the directions of the reconstituted board, forensic audit also has been initiated for select entities including this Company. The investigations and forensic audit with respect to the Company are in progress and the Company is fully cooperating with the agencies.

Additionally, the National Company Law Appellate Tribunal, New Delhi (the "NCLAT") has passed an order of moratorium on October 15, 2018 in respect of actions (as set out therein) that cannot be taken against IL&FS and its group companies (including the Company), which includes, amongst others, institution or continuation of suits or any other proceedings by any party or person or bank or company, etc. against 'IL&FS' and its group companies in any Court of Law or Tribunal and any action by any party or person or bank or company, etc. to foreclose, recover or enforce any security interest created the assets of 'IL&FS' and its group companies. This has been done taking into consideration the nature of the case, larger public interest and economy of the nation, and interest of IL&FS and its group companies. This moratorium has subsequently been modified by the NCLAT order dated January 11, 2019.

Subsequently, the NCLT passed an order dated January 1, 2019 pursuant to an application filed by MCA under Section 130 of the Companies Act, 2013 permitting reopening and recasting of accounts of (a) IL&FS; (b) IFIN and (c) ITNL, for the past 5 financial years (i.e. Financial year 2013 to Financial year 2018), on the ground that there were mismanagement in the affairs of these companies.

While the Company, based on its current understanding, believes that the above would not have a material impact on the financial statement, the implications, if any, arising from the aforesaid developments would be known only after the aforesaid matters are concluded and hence are not determinable at this stage.

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

Based on the internal assessment and / or legal opinion, the Management is confident that for the above mentioned contingent liabilities, no provision is required to be made as at March 31, 2020.

(a) Capital Commitments:

Estimated amount of contracts (net of advances) remaining to be executed on capital account and not provided for Rs. Nil (March 31, 2019: Nil).

(b) Other Commitments:

- The Company has made a commitment to make additional investment of Rs. 49.64 (March 31, 2019: Rs. 49.64) in Maytas Infra Saudi Arabia Company Limited Liability Company. Based on the latest available management certified financial statements of the aforesaid subsidiary as on March 31, 2018, the net worth of the subsidiary is fully eroded and the Company may have potential obligation to share further liabilities of the said subsidiary, which is presently under negotiation and hence undeterminable.

As the Company has not received any communication to meet any potential obligation to share further liability of the said subsidiary no provisions have been made in the books. On receipt of any communication in this regard, the Company will engage with the other shareholder of the subsidiary for a final settlement.

- Under a sponsors' support agreement, the Company (a co-sponsor) has obligation to the lenders' of a Special Purpose Vehicle (SPV), whose 26.10% Equity is held by Maytas Investment Trust (MIT), until financial year ending 2027-28, to meet shortfall in Debt service coverage ratio of the SPV on a term loan of Rs. 279.83 (March 31, 2019: Rs. 279.83)

33. Segment reporting :

The Consolidating entities operations fall into a single business segment "Construction and Infrastructure Development" and in accordance with Ind AS 108 - Operating Segments, segment information with respect to geographical segment has been given in the consolidated financial statements of the Company, therefore no separate disclosure on segment information is given in these financial statements.

Geographical segments:

Although the Consolidated entities major operating divisions are managed on a worldwide basis, they operate in two principal geographical areas of the world, in India, its home country, and rest of the world.

34. Disclosure pursuant to Ind AS 115 "Revenue from Contracts with Customers"

(a) Disaggregation of revenue:

The Group recognises revenue from contracts with customers which includes Government and Non-Government customers, for construction / project activities over a period of time. During the year substantial part of the Company's business has been carried out in India. Geographical disaggregation has been given in the consolidated financial statements of the Company.

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

(b) Contract balances

(i) Opening and closing balances of contract balances

S. No.	Particulars	As at March 31, 2020	As at March 31, 2019
(i)	Trade receivables	219.88	256.09
(ii)	Contract assets - Project Work in progress	733.69	814.33
(iii)	Contract assets - Retention money	506.27	500.32
(iv)	Provision for estimated future losses on projects and liquidated damages	105.06	116.36
(v)	Contract liabilities	689.33	710.66

The credit period towards trade receivables generally ranges between 30 to 180 days. Further the customer retains certain amounts as per the contractual terms which usually fall due on the completion of defect liability period (DLP) of contract. These retentions are made to protect the customer from the Company failing to adequately complete all or some of its obligations under the contract.

Contract assets are initially recognised for revenue earned from transfer of goods and services but not billed to customer because the work completed has to meet technical requirements as well as various milestones as set out in the contract with customers. Upon fulfilling the said requirements and acceptance by the customer, the amounts recognised as contract assets are reclassified to trade receivables.

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received advance payments from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the consideration received. Contract liabilities include advances received from customers towards mobilisation of resources, purchase of materials, etc. and advance billing. Impairment losses recognised on contract assets and trade receivables have been disclosed in note 7

(ii) Revenue recognised during the year from opening balance of contract liabilities amounts to Rs. 90.70

(c) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

There is no difference in the contract price negotiated and the revenue recognised in the statement of profit and loss for the current year. There is no significant revenue recognised in the current year from performance obligations satisfied in previous periods.

(d) Performance obligation

The transaction price allocated to the remaining performance obligations is Rs. 1,370.22, which will be recognised as revenue over the respective project durations. Generally the project duration of contracts with customers is be 2 to 5 years.

35. Retirement benefits

(a) Disclosures related to defined contribution plan:

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident fund and Employees' State Insurance contribution (ESI), which are defined contribution plans. The contribution are charged to the Statement of profit and loss as they accrue. During the year, the Company has recognised Rs. 1.91 (March 31, 2019: Rs. 9.35) towards Provident fund and Employees' State Insurance contribution (ESI) contributions.

(b) Disclosures related to defined benefit plan:

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days last drawn salary for each completed year of service. The scheme is funded with Life Insurance Corporation of India.

The present value of the defined benefit obligation and the related current service cost are measured using the projected unit credit method with actuarial valuation being carried out at the balance sheet date.

B. Measurement of fair values

(i) Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities other than those valued at Level 1 and Level 2 are considered to be the same as their fair values due to the current and short term nature of such balances and no material differences in the values.

(ii) Levels 1, 2 and 3

Level 1 : It includes Investment in equity shares that has a quoted price and which are actively traded on the stock exchanges. It is been valued using the closing price as at the reporting period on the stock exchanges.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

- (iii) Amounts receivable from Group company, Rs. 125, recognized based on the acknowledgment by said company. Adjustments, if any, that may arise on ultimate realization will be made in the year in which the settlement is concluded.

48. Inter-Corporate Deposits:

Prior to April 1, 2009, the erstwhile promoters had given certain Inter Corporate Deposits (ICDs) to various companies aggregating to Rs. 343.78. Of the foregoing, documentary evidences had been established that, for an amount of Rs 323.78, the then Satyam Computer Services Limited (SCSL) was the ultimate beneficiary and for which a claim together with compensation receivable had been lodged by the Company. During the earlier years, SCSL had merged into Tech Mahindra Limited (TML) pursuant to a Scheme of Arrangement u/s.391-394 of the Companies Act, 1956. As provided in the Scheme and as per the Judgment of Hon'ble High Court of Andhra Pradesh on the said Scheme, the aforesaid amount in books of SCSL was transferred to TML. The Company, through its subsidiaries, preferred an Appeal before the Division Bench of Hon'ble High Court of Andhra Pradesh against the single judge's Order approving the merger scheme of SCSL which is pending as on date. TML, in its Audited Financial Results for the year ended March 31, 2020 continued to disclose as "Suspense Account (Net) Rs. 1,230.40" as disclosed by SCSL earlier. Management is of the opinion that the claim made by the Company on SCSL is included in the aforesaid amount disclosed by TML in its Audited Financial Statements. The Company is confident of recovering the said ICDs together with compensation due thereon from SCSL/TML. Further, based on internal evaluation and legal opinion, documentary evidences available with the Company and in view of the observations of the Special Court in its verdict dated April 9, 2015 on the criminal case filed by the Central Bureau of Investigation, confirming that an amount of Rs. 1,425 was transferred to SCSL through the intermediary companies, out of which an amount of Rs. 1,230.40 continues to subsist with SCSL. During the current year, the Company has recognised a impairment of Rs. 323.78 towards diminution in the value of these ICD Considering the uncertainty in recovering the ICDs in future.

49. Default in redemption of preference shares and dividend thereon::

In the earlier years, the Company has issued 37,50,000, 6% optionally convertible cumulative redeemable preference shares (OCCRPS) of Rs 100 each, aggregating to Rs 37.50 were outstanding as on September 30, 2019. All these OCCRPS were purchased by ILFS Trust Company Limited (ITCL), now Vistara ITCL India Limited, being the trustee of Maytas Investment Trust. As per various agreements/extensions, all these OCCRPS were due for redemption as on September 30, 2019. The Company defaulted in the repayment of these OCCRPS. Further, the Company has also defaulted in repayment of dividend of Rs 15.79. Dividend payable defaulted in the books as on March 31, 2020, Rs 15.79.

50. Confirmation of Balances:

As at March 31, 2020, fund based borrowings availed by the Company aggregates to Rs 2631.91. These include borrowings from promoter group entities, aggregating to Rs 2047.32. The Company neither serviced principal amounts and /or interest payments, wherever applicable. Further, borrowings to the extent of Rs.193.24 were not conformed by lenders. Adjustments to principal and interest, if any, will be recognized in the period of final settlement. Also, the Company has not received confirmation of balances from parties to whom advances have been made by the Company for supply of services/goods (Advances other than capital goods, Mobilization Advances to Sub Contractors (included in note no 12)) and trade payables (note no 18). Further, the balances under these items are subject to reconciliation. The management is confident that the settlement of these balances will be made at the carrying amounts and no provision is required at present. Adjustments for variances, if any will be made in the year of settlement.

51. Interest Expense:

In line with the affidavit filed by the Ministry of Corporate Affairs ("MCA") with the Hon'ble NCLAT on May 21, 2019, the cut-off date of October 15, 2018 ("Cut-Off Date") was proposed, on account of inter alia the fact that the Hon'ble NCLAT had passed the Order on October 15, 2018, which inter alia granted certain reliefs to the IL&FS group and also restricted certain coercive actions by the creditors of the IL&FS group. Further, the Hon'ble NCLAT had passed the order on March 12, 2020 that interim order will continue until further orders and cut-off date of October 15, 2018 has been approved for resolution. In terms of the Resolution Framework Reports, the proposal made is that liabilities relating to the relevant IL&FS Group Entity, including interest, default interest, indemnity claims and additional charges, whether existing at or relating to a period after October 15, 2018 (the Cut-Off Date, as explained in the previous paragraph) should not continue to accrue. Further, since a Resolution Plan in line with the above orders, is in process, the Company has neither paid nor recognized as interest payable, aggregating to Rs. 289.51 (for the year March 31, 2019, Rs 144.99) approximately (Excluding penal interest etc.) for year ended March 31, 2020, in anticipation of the approval of lenders for concession/waivers being sought by Company in the resolution plan. Such interest has not been recognized as payable as at March 31, 2020 aggregates to Rs 434.50 (As at March 31, 2019, Rs 144.99) approximately (excluding penal interest etc.).

52. During the previous year, the erstwhile management of the Company has paid an amount of Rs. 65 to a vendor as material supply advance against the a purchase order for supply of cement within a period of two months from the date of issue of the said purchase order. For the said advance, the vendor had issued post-dated cheques and personal guarantee of its promoter as security. Subsequently, the vendor had neither supplied the cement nor refunded the advances paid. Post-dated cheques

Notes to Consolidated Financial Statements for the year ended March 31, 2020

(All amounts in Rs Crore except for share data or as otherwise stated)

issued by the vendor were bounced when presented to the Bank. The Company had initiated legal proceedings against the vendor and its promoters. The management had, after considering the financial inability of the vendor, made a provision against said advances in previous year.

The transactions carried out by the Company are found to be done at the behest of a Group Company, which was funded by way of cash flow from two other Group Companies.

The Audit Committee of the Company is of the opinion that the complete circle of the transaction originated from a Group Entity and ended with the same Group Entity. The Committee felt that the transaction was a case of fraud instituted by the Group Entity in collusion with certain erstwhile Director of the Company and another Group Entity.

The Company has referred the matter to Ministry of Corporate Affairs (MCA) to initiate investigation. Also, the Company has written to the said Group Entity and demanded that the said receivables of the Company should be transferred by way of an assignment back to the same Group Entity as a set-off against the loans payable to that Group Entity.

53. Exceptional item

Due to certain developments as detailed in note no. 31 (vii) the company has undertaken comprehensive review of the account balances of the assets and the liabilities during the previous year based on guidelines received from time to time from the promotor group management. Further, during the previous year the company also has received settlement awards from arbitrations initiated in earlier years. Certain projects also were terminated / foreclosed.

Based on the review the company had provided for/written off/adjusted for the balances under the contract assets(un billed revenue), trade receivables, investments, loans/ advances, ICD, interest on claims recognized in earlier years and mining rights, considering the ability of parties to pay the dues, the probability of certification, the financial strength of the entities as assessed by the management and arbitration awards in the previous year.

In the earlier years, the Company has given advances in the nature of promoter debt to an ultimate investee entity aggregating to Rs 46.11. During the year, due to certain developments that occurred in the said ultimate investee entity, the Company has made a provision for the same amount.

In the earlier years, erstwhile promoters of the Company had given Inter corporate deposits (ICDs), amounting to Rs 323.78 to various companies. Considering the uncertainty in recovering the ICDs in future, the Company has provided the ICDs during the year. During the year the Company had made provision for diminution in the carrying value of inventory to the extent of Rs. 14.39 in respect of terminated / foreclosed projects and based on the review the company had provided for/written off/adjusted for the balances under the contract assets(un billed revenue), trade receivables, investments, JV balances.

Considering the impact for the year of said adjustments in aggregate, the amounts so adjusted has been reported as exceptional items. The details of amount so adjusted are as below.
