MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Perspective vis-à-vis Company

The Company operates primarily in the manufacture of Bulk Drugs and Real Estate Business.

(A) Segment-wise Performance, Industry structure and Developments, Outlook and Opportunities & Concerns, Risk and Threat:

a) Bulk Drugs Business:

The Company continues to do production of bulk drugs, mainly of generic APIs & their intermediates on job work basis.

The manufacturing business continues to remain under pressure due to its limited scale coupled with its low-margin job work business model. The business also faces stiff competition from small set-up players and cheaper imported alternatives. Despite the business necessitating a substantial capital investment for asset modernization, its prime city location and low profit margins render the capital commitment practically unviable. This business is barely sustainable & faces an uncertain future, despite our best efforts.

b) Real Estate Business:

At the macro level, there was notable growth in the real estate sector for the year, encompassing both residential and commercial development, as the demand for properties remained strong for most part of the year, albeit some sluggishness towards the last quarter. However, despite this overall success, the demand remained comparatively lower in Tier II & III towns as compared to the large metros.

During the year, the industry encountered several challenges that limited growth to some extent. The frequent upward rate revisions by the Reserve Bank of India, though necessarily to control inflation, created a challenging environment for the industry. While the interest rate for home-buyers on housing finance spiraled up very rapidly to the pre-COVID levels, the liquidity to the industry and the borrowing costs for developers both became unfavourable, making the sector less attractive. Another perennial issue that the industry faces is the heavy dependence on labour, a high proportion of which is migrant, leading to a mismatch in demand and constant supply.

With the impact of COVID gradually receding and a majority of employees returning to the office, the commercial real estate sector experienced a significant upswing, primarily

driven by the heightened demand for office spaces. The commercial real estate sector also boomed due to increase in the demand of warehouses and the fast growing concept of flexible offices.

Despite these and various other challenges, the Company has made significant progress on its projects. VEDA-II, one of the Company's ongoing residential projects, which is also having the tallest residential tower in Vadodara, is expected to begin deliveries by the end of this financial year. The Company has also seen reasonable demand for its luxurious premium residential projects such as Townhouse24 and The Villas, with deliveries for these projects expected to start this financial year, as well. Moreover, the Company has plans to launch another niche premium housing project with duplex flats called The Gardens, which is expected to add to the Company's success. The Company continues to focus on leasing commercial spaces and strengthening its rental leasing portfolio gradually.

Alembic City campus and Alembic Art District's city centre destination remain popular with visitors and continue to impress their target audience, highlighting the Company's success in creating attractive and innovative spaces. The Art District's city centre is positioned perfectly as a central landmark of Vadodara, with the city rising all around it. Within our campus, everything has been built on a human scale, making it connected and convenient to reach all places with commercial spaces, retail and living come together to produce a balanced existence.

The Company's ability to adapt to changing market conditions and focus on delivering high-quality projects has helped it to adapt to challenges faced by the industry and maintain its position as a niche real estate developer.

(B) Finance:

The gross revenue of the Company was ₹ 12,315.76 Lakhs for the year under review as compared to ₹ 7,597.28 Lakhs for the previous year ended 31st March, 2022. The Company registered a net profit of ₹ 7,927.03 Lakhs as compared to net profit of ₹ 8,571.47 Lakhs for the previous year ended 31st March, 2022.

(C) Key Financial Ratios:

Key financial ratios are provided in the Notes to Financial Statements at Note no. 33(U), with the reasons for major variations, if any.

ANNEXURE A

(D) Internal Control Systems and Adequacy:

The Company maintains a system of well-established policies and procedures for internal control of operations and activities.

The Company has appointed Internal Auditors for the Bulk Drugs division and Real Estate Division to ensure proper system of Internal Control and its adequacy. Further, the real estate business has concurrent auditors for joint measurement verifications and quality audit.

The reports of Internal Auditors are presented on regular basis before the Audit Committee and their recommendations are implemented.

(E) Human Resource Intervention

The Company has effectively streamlined its workforce to an optimal size. It has also devised a strategic plan for leadership development, collaborating with reputable agencies and implementing developmental programs in alignment with the plan. The annual internal employee comfort survey consistently yields reassuring results, reflecting the management's dedicated efforts towards enhancing employee engagement. Moreover, the Company has extended the option of remote work to those who can effectively carry out their responsibilities from home, striking a favorable balance between safety and productivity. As a result, teams are operating with elevated motivation and optimal efficiency.

(F) Health, Safety, Security and Environment

Health, Safety, Security and Environment is always looked at with its due seriousness along with our business activities and all employees are adequately trained for taking up their individual job accountability. Alembic's operations are well-resourced & they comply with the stringent & new norms of Health, Safety, Security and Environment.

Safety audits are carried out regularly by independent government approved consultants for the regular operations and the newly introduced plastic, e-waste, bio wastes categories as well. Environmental audits and hazop-studies were also carried out and the statutory reports of our compliances are submitted to regulators periodically for their review and inputs. Efforts are made at all levels to conserve energy and resources.

II. Audit Qualification (each audit qualification separately):

a. Details of Audit Qualification:

The Statutory Auditors of Alembic Pharmaceuticals Limited (hereinafter referred to as 'APL'), an Associate of the Holding Company, have mentioned the following Audit Qualification in their Audit Report dated 05th May, 2023:

"We refer to Note No. 3b to the consolidated financial statements/results regarding Draft Scheme of Arrangement ("Scheme") approved by the Board of Directors of Holding Company in its meeting held on March 2, 2023, involving reorganization / utilisation of General Reserve, between the Holding Company and its shareholders with effect from the appointed date i.e. January 1, 2023 which is pending before regulatory authorities. Further, the Holding Company has withdrawn INR 1,025.66 crores from General Reserve and transferred the same to the Statement of Profit and Loss for the year ended March 31, 2023 under the head "Exceptional Items". We are of the opinion that the said treatment does not meet the criteria of "Income" under Indian Accounting Standards ("Ind AS") and therefore, the same should not be recognised in the Statement of Profit and Loss for the year. Had this transfer not been effected, Profit after tax for the year and Retained Earnings as at March 31, 2023 would have been reduced by INR 1,025.66 crores each, General Reserve as at March 31, 2023 would have been increased by INR 1,025.66 crores and Basic and Diluted Earnings per Share for the year ended March 31, 2023 would have been lower by INR 52.18 on consolidated basis."

The figures stated above, are adjusted for the above referred qualification, in proportion to the Company's holding in APL.

b. Type of Audit Qualification: Qualified Opinion

c. Frequency of qualification: Appeared first time

d. For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:

The response filed by the management of APL, in its submission with the Stock Exchanges, is re-produced as under:

The Board of the Company has approved Draft Scheme of Arrangement between the Company and its shareholders ("Scheme"), which provides for reorganization / utilization of General Reserve of the Company, pursuant to the provisions of Section 230 and other applicable provisions of the Companies Act, 2013 read with applicable rules made thereunder ('the Act'), with the Appointed Date of 1st January, 2023

ANNEXURE D

With reference to Note No. 3b, an amount equivalent to the amount of write-off and impairment of assets / Identified CWIP (net of deferred tax amount) has been transferred from General Reserve to the Statement of Profit and Loss for the financial year ended on 31st March, 2023 in order to maintain the accumulated unconditional distributable profits that existed before giving effect of write-off / impairment of Identified CWIP, in a manner permitted under the Act, and in alignment with intention specified in the Scheme.

It is pertinent to note that the transfer of General Reserve to the Statement of Profit and Loss, as aforesaid, does not have any impact on the networth of Company and it is a mode of utilization of the General Reserve of the Company.

The management has considered it appropriate to give the above accounting treatment together with giving effect to the provisions of the Scheme in the financial results for the financial year ended on 31st March, 2023, pending approval from Hon'ble NCLT, given that appointed date (January 1, 2023) falls within the FY 2022-23 and that there is high probability of effectiveness of the Scheme and to avoid reopening / restating the financial statements post receipt of all requisite approvals.

Said treatment gives an appropriate presentation of financial results given that Identified CWIP was built-up over the years and its debit to P&L in the current year does not reflect true financial result for the current year and as such also, said treatment provides better / true reflection of the financial results of the current financial year.

- e. For Audit Qualification(s) where the impact is not quantified by the auditor: Not Applicable

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Independent Auditor's Report

Information other than the Standalone Financial Statement and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Board's Report including Annexures to that Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error;

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so;

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

Independent Auditor's Report

report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation;

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards;

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

- We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- XX. (a) The company is not required to transfer unspent amount to a fund specified in Schedule VII to the Companies Act for other than ongoing projects. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year;

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **ALEMBIC LIMITED** (“the Company”) as of 31st March, 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements of the Company that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013;

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements of the company were established and maintained and if such controls operated effectively in all material respects;

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements of the company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error;

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting;

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements;

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate;

Annexure “B” to the Independent Auditor’s Report

I.4 Key Accounting Judgments, Estimates and Assumptions

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Any change in these estimates and assumptions will generally be reflected in the financial statements in current period or prospectively, unless they are required to be treated retrospectively under relevant accounting standards.

2 Significant Accounting Policies and Other Explanatory Notes:

I Significant Accounting Policies

a) Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Revenue from the sale of goods is recognized at the point in time when control of the asset is transferred to the customer, generally on the delivery of the goods.

On the basis of the contractual terms with customers for real estate projects, Revenue from project is recognised at a point in time or over time, based on satisfaction of performance obligation/s upon transfer of control of promised products or services to customers.

Revenue is recognisable to the extent of the amount that reflects the consideration (i.e. the transaction price) to which the Company is expected to be entitled in exchange for those goods or services excluding any amount received on behalf of third party (such as indirect taxes). The transaction price is determined on the basis of agreement or letter of allotment entered into with the customer.

The Company satisfies the performance obligation and recognises revenue over time, if one of the criteria prescribed under Ind AS 115 - "Revenue from Contracts with Customers" is satisfied. If a performance obligation is not satisfied over time, then revenue is recognised at a point in time at which the performance obligation is satisfied.

The Company recognises revenue for performance obligation satisfied over time only if it can reasonably measure its progress towards complete satisfaction of the performance obligation. The Company would not be able to reasonably measure its progress towards complete satisfaction of a performance obligation if it lacks reliable information that would be required to apply an appropriate method of measuring progress. In those circumstances, the Company recognises revenue only to the extent of cost incurred until it can reasonably measure outcome of the performance obligation.

The Company uses cost based input method for measuring progress for performance obligation satisfied over time. Under this method, the Company recognises revenue in proportion to the actual project cost incurred (excluding land cost) as against the total estimated project cost (excluding land cost).

The management reviews and revises its measure of progress periodically and revisions, if any, are considered based on threshold limit decided by management for each project, depending upon its nature and size, and change in estimates and accordingly, the effect of such changes in estimates is recognised prospectively in the period in which such changes are determined.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. In determining the transaction price, the Company considers the effects of variable consideration, the existence of significant financing component and consideration payable to the customer like return and trade discounts.

Sales are disclosed excluding net of sales returns and Goods and Service Tax (GST).

Contract Balances

Contract Assets

The Company is entitled to invoice customers for construction of residential and commercial properties based on achieving a series of construction-linked milestones. A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the company performs by transferring goods or services to a customer before the payment is due, a contract asset is recognized for the earned consideration that is conditional. Any receivable which represents the Company's right to the consideration that is unconditional is treated as a trade receivable.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

Income from operations includes revenue earned on account of job work income which is accounted as per the terms agreed with the customers. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

Revenue from Project Management and Consultancy services is recognized based on the terms and conditions set out in the agreement executed with the service receiver. The revenue is based on one or both of the following components; i.e., at a fixed percentage of total invoicing done by the service receiver and a fixed percentage of the total direct and indirect expenses incurred by the service receiver.

Income from Sale of Wind Operated Power is accounted on accrual basis on confirmation of units generated and supplied to the State Electricity Board as per the agreement.

Other income is comprised primarily of interest income, dividend income, gain / loss on investments and exchange gain/loss on foreign currency transactions. Interest income is recognized using the effective interest method. Dividend income is recognized (gross of tax deducted at source, if any) when the right to receive payment is established.

b) Foreign Currency Transactions

Transactions in foreign currencies are initially recorded by the Company at the rate of exchange prevailing on the date of the transaction.

Monetary assets and monetary liabilities denominated in foreign currencies remaining unsettled at the end of the year are converted at the exchange rate prevailing on the reporting date.

Differences arising on settlement or conversion of monetary items are recognised in Statement of Profit or Loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other gains/(losses).

c) Employee Benefits

(i) Defined Benefit Obligation Plans:

Gratuity

The Company operates a defined benefit gratuity plan which requires contributions to be made to a separately administered fund by the Life Insurance Corporation of India (LIC) and HDFC Life Insurance Company Limited.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The service cost and the net interest cost are charged to the Statement of Profit and Loss. Actuarial gains and losses arise due to remeasurement as result of the actual experience and the assumed parameters and changes in the assumptions used for valuation are recognised in the Other Comprehensive Income (OCI).

Provident Fund

The Company's contribution to provident fund, administered through a Company managed trust, is recognised as an expense in the Statement of Profit and Loss.

Compensated absences

The Company has a policy to allow accumulation of leave by employees up to certain days. The excess leave will be encashed. Remaining accumulated leave liability as at the year end is provided as per actuarial valuation.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation. The Company recognizes these actuarial gains and losses in the Statement of Profit and Loss, as income or expense.

(ii) Defined Contribution Plan:

Superannuation fund is administered by the HDFC Life Insurance Company Limited. The contribution to Superannuation fund, Contribution to pension fund, ESIC and Labour Welfare Fund are recognised as an expense in the Statement of Profit and Loss.

d) Inventories

All Inventories are valued at the lower of cost and net realisable value.

Raw materials, Stores and Spares and Packing Materials are valued at lower of cost determined on weighted average basis and net realisable value.

Work in process is valued at cost plus appropriate share of labour and manufacturing overheads.

Finished Goods are valued at cost plus appropriate share of labour and manufacturing overheads.

Construction work in progress is valued at cost and net realisable value whichever is lower. The cost is determined considering proportionate, cost of value of land, direct construction cost, development expenses and attributable indirect expenses.

e) Property, Plant and Equipments (PPE)

PPE are recorded at cost of acquisition / construction less accumulated depreciation and impairment losses, if any. Cost comprises of the purchase price net of indirect taxes, if any, and any attributable cost of bringing the assets to its working condition for its intended use.

Subsequent measurement

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Spare parts are treated as capital assets when they meet the definition of PPE. Otherwise, such items are classified as inventory.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The consequential gain or loss is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the statement of profit and loss.

f) Assets held for sale

Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell. The determination of fair value less costs to sell includes use of management estimates and assumptions. The fair value of the assets held for sale has been estimated using valuation techniques which includes unobservable inputs.

g) Investment Properties

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised. Investment properties are depreciated using the straight-line method over their estimated useful lives. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. The Company has used government registration rates for the purpose of determining fair value of Land and Buildings.

h) Depreciation / Amortisation on PPE and Investment Properties

Depreciation on PPE and investment properties is provided on Straight Line Basis as per the useful life prescribed in schedule II of the Companies Act 2013 except for Building where the life of 30-60 years is considered based on internal technical estimates. Depreciation on these assets have been provided on the net restated book value prospectively over the remaining useful life as per Schedule II of Companies Act 2013. Freehold land is not depreciated.

i) Capital Work-in-Progress (CWIP)

Projects under construction wherein assets are not ready for use in the manner as intended by the management are shown as Capital Work-In-Progress.

j) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee**i) Initial recognition and measurement:****(a) Lease Liability**

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

(b) Right-of-use assets

Initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

ii) Subsequent measurement**(a) Lease Liability**

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

(b) Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset.

iii) Impairment

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

iv) Short term Lease:

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Company as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever, the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Lease income is recognised in the statement of profit and loss on straight line basis over the lease term.

k) Fair Value Measurement

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

l) Impairment of Non-Current Assets

Non-financial assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

m) Trade Receivables

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

n) Cash and Cash equivalents

Cash and cash equivalents include cash at bank and cash in hand and highly liquid interest-bearing securities with maturities of three months or less from the date of inception/acquisition.

Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from the operating, investing and financing activities of the Company are segregated.

In the cash-flow statement, cash and cash equivalents are shown net of bank overdrafts, which are included as current borrowings in liabilities on the balance sheet.

o) Borrowing Costs

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

p) Taxation**i) Current Income Tax**

Income tax expense comprises of current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent that it relates to items recognized directly in equity/OCI, in which case it is recognized in other comprehensive income. Current income tax for current and prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted on the reporting date.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii) Deferred Tax

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

q) Financial Instruments

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument.

(i) Financial Assets**(a) Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date i.e, the date that the Company commits to purchase or sell the asset.

(b) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financials Assets at Amortised Cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, debt instruments at amortised cost are subsequently measured at amortised cost using the effective interest rate method, less impairment, if any.

- Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI – equity investment).

- Financial assets at fair value through Profit or Loss (FVTPL)

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

(c) De-recognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109.

(d) Impairment

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through Profit and Loss / OCI. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is treated as an impairment gain or loss in Statement of Profit and Loss.

(ii) Financial Liabilities**(a) Initial recognition and measurement**

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortised cost.

(b) Subsequent measurement

The subsequent measurement of financial liabilities depends on their classification as follows:

- **Financial liabilities at fair value through Profit and Loss**

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

- **Financial liabilities measured at Amortised Cost**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method except for those designated in an effective hedging relationship.

(c) De-recognition

A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

r) Segment reporting

Operating Segments are identified based on monitoring of operating results by the Chief Operating Decision Maker (CODM) separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss of the Company.

s) Provisions, Contingent liabilities and Assets**(i) Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

(ii) Contingent Liabilities

Contingent liability is disclosed for (i) Possible obligations which will be confirmed only by the future events not wholly within the control of the company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

(iii) Contingent Assets

Contingent Assets are not recognised but are disclosed in the notes to the financial statements.

t) Investments in subsidiaries and associates

The Company has elected to recognise its investments in subsidiary and associate companies at cost in accordance with the option available in Ind AS 27, Separate Financial Statements.

Notes

NOTES FORMING PART OF FINANCIAL STATEMENTS

u) Earnings Per Share

Basic earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share are computed by dividing the net profit attributable to the equity holders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments.

The main level 3 inputs for unlisted equity securities used by the Company are derived and evaluated as follows:

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period.

Independent Auditor's Report

TO THE MEMBERS OF ALEMBIC LIMITED

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of Alembic Limited ("the Company"), its subsidiary company (the Company and its subsidiary together referred to as "the Group"), and its associate which comprise the Consolidated Balance Sheet as at 31st March, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of the matter described in the Basis for Qualified Opinion paragraph below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at 31st March, 2023, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw your attention to the following qualification to the audit opinion of the Consolidated financial statements of Alembic Pharmaceuticals Limited (hereinafter referred to as "APL"), an associate of the Holding Company issued by an independent firm of Chartered Accountants vide its Report dated 05th May, 2023 reproduced by us as under:

"We refer to Note No. 28 (27(a)&(b)) read with Note No. 27 to the consolidated financial statements regarding Draft Scheme of Arrangement ("Scheme") approved by the Board of Directors of Holding Company in its meeting held on March 2, 2023, involving reorganisation/ utilisation of General Reserve, between the Holding Company and its shareholders with effect from the appointed date i.e. January 1, 2023 which is pending before regulatory authorities. Further, the Holding Company has withdrawn INR 1,025.66 crores from General Reserve and transferred the same to the Statement of Profit and Loss for the year ended March 31, 2023 under the head "Exceptional Items". We are of the opinion that the said treatment does not meet the criteria of "Income" under Indian Accounting Standards ("Ind AS") and therefore, the same should not be recognised in the Statement of Profit and Loss for the year. Had this transfer not been effected, Profit after tax for the year and consequently Retained Earnings as at March 31, 2023 would have been reduced by INR 1,025.66 crores, General Reserve as at March 31, 2023 would have been increased by INR 1,025.66 crores and Basic and Diluted Earnings per Share for the year ended March 31, 2023 would have been lower by INR 52.18 on consolidated basis."

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion on the Consolidated Financial Statements.

Emphasis of Matter

- We draw attention to note no 33 (C)(d)(ii) to the consolidated financial statement regarding status of liability related to pending electricity duty matter as at 31st March, 2023. The said note describes that Appeal filed by the Company in relation to the above matter before the Hon'ble High Court of Gujarat against the State of Gujarat, Collector of Electricity Duty, Chief Auditor, Industries Commission has been dismissed. Based on legal advice, the Company has proceeded to file an application before the Hon'ble Supreme Court of India challenging the referred Order. The management has represented that the Company has adequately made an aggregate provision of Rs. 2,052.13 lakhs (Rs. 991.26 lakhs was already provided in previous periods) towards principal amount against such liability and disclosed contingent liability for interest, the amount of which is not ascertainable.

Our opinion is not modified in respect of above matter.

- We draw your attention to the following Emphasis of Matter of the Consolidated financial statements of APL, an associate of the Holding Company issued by an independent firm of Chartered Accountants vide its Report dated 05th May, 2023 reproduced by us as under:

Independent Auditor's Report

"Attention is drawn to Note No. 28 (27(c)) to the consolidated financial statements which describes the fact that pending requisite approvals of the Draft Scheme of Arrangement, an amount of INR 868.63 crores has been transferred from General Reserve to the Retained Earnings under the head "Other Equity" during the financial year ended on March 31, 2023 by the Management of Holding Company, for which there is no specific accounting treatment specified in Ind AS."

Our opinion is not modified in respect of above matter.

The other information comprises the information included Board's Report including Annexures to that Board's Report, Business Responsibility and Sustainability Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group and its associate has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditor. For the other entities included in the Consolidated Financial Statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion;

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements;

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards;

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary company, associate company, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of internal financial controls with reference to financial statements of the Company that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to financial statements of the Company were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to financial statements of the company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis

iii) Valuation Processes

Valuation of unquoted equity shares/preference shares is done by an external valuation agency.

The main level 3 inputs for unlisted equity securities used by the Group are derived and evaluated as follows:

Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each reporting period.

The Group monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of the customer. Trade and other receivables and other financial assets, the company has no significant past due but not impaired.

b. Liquidity Risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group ensures that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions.
