'Will recover over ₹1,800 cr each qtr from written-off accounts'

Canara Bank will focus on recovering more than ₹1,800 crore from written-off accounts each quarter this fiscal, MD & CEO K Satyanarayana Raju told Piyush Shukla in an interview. Excerpts:

WE ARE FOCUSING ON FEE INCOME. WE AUTOMATED ALL 218 OF OUR SERVICE CHARGES AND ARE GETTING GOOD INCOME

What is your outlook on credit growth for H2FY24? The present demand from the retail, agriculture and micro, small and medium enterprises (RAM) sector will likely continue, so that will be our focus.

The bank has sanctioned ₹30,000 crore of corporate loans that are yet to be disbursed. Is loan pricing more favorable now? There is demand for corporate loans, but there is margin stress and interest expenses.

What are you doing to raise other income as it moderated in Q2? We are focusing on fee income. We automated all 218 of our service charges and are getting good income.

the pace continue in H2? We are expecting to recover same amount in Q3. We cannot afford to recover less because there is no alternative stream to compensate and treasury gains are lower.

Will CASA continue to grow sequentially? Yes, we are definitely aiming for 1% QoQ growth in CASA. Last quarter's initiatives have started showing results and the product for salaried class customers is performing well.

What are your branch expansion plans for H2? In all, 275 branches will be opened in the current fiscal, 60 of them have already been opened.

Is there traction on CBDC transactions? We are seeing traction. Today, we are witnessing total CBDC retail transactions of around 3,000 per day.

The Centre is reportedly moving ahead with privatisation of 2 more PSBs. Have you received any communication in this regard? So far there has not been any such discussion with us.
