Our values:

We are Colgate-Palmolive, a caring, innovative growth company that's re-imagining a healthier future for people and our planet. Our three fundamental values – **Caring, Teamwork and Continuous Improvement** – are a part of everything we do. These values are reflected not only in the quality of our products and the reputation of our Company but also in our dedication to serving the communities.

Message to shareholders

Dear Shareholder Family

It is my pleasure to share with you the results for the year 2019–20. The past 12 months and more recent 3–4 months have certainly been tumultuous, to say the least. Heading into the more recent COVID-19 pandemic, the categories were already seeing a slowdown, especially in rural India. Despite this, your company was able to deliver positive growth of 1.2% during the financial year. The COVID-19 pandemic did have an impact on the year. Heading in March 2020, your Company was growing at mid-single-digit growth vs the same period, a year ago. Your company continued to deliver industry-leading EBITA of 26.8% with a strong NPAT growth of 5.3%.

Our commitment to driving sustainable profitable growth remains unaltered. This mindset is reflected in every activity we undertook over the past 12 months and it begins with our relentless focus on the consumer and how we can continue to enrich their lives with our brands.

I am pleased to inform you that Colgate continues to be the most trusted oral care brand in the country for the 9th consecutive year as reported by the latest Brand Equity-Nielsen consumer survey of The Economic Times. Another proud milestone for us was the award of the Guinness Book of World Records for most people brushing

together at a single place. In partnership with the Kalinga Institute of Social Sciences, Bhubaneswar, and the Indian Association of Public Health Dentistry, this achievement was a moment of pride as a Nation, and as a Company with 80 plus years of history in India.

We continued our efforts to strengthen our brands through a series of initiatives. Beginning with bringing the brand purpose of Colgate, where we believe that ‘Everyone deserves a future they can smile about’. As a brand, Colgate champions optimism and we believe that our recent ‘Smile karo aur shuru ho jao’ campaign perfectly epitomises this philosophy. The campaign brought to life true stories of championing optimism from across the country.

Innovation continues to be a key driver for growth. The past year saw a healthy stream of innovation being brought to the market. Pivotal among these was the relaunch of our flagship variant, Colgate Dental Cream Strong Teeth. This patented technology helps to strengthen teeth from within. It was created over a decade of research with more than 18,000 people in over 20 clinicals and is a true revolution in oral health.

Additionally, the year also saw the launch of Colgate Charcoal Clean, India’s first black toothpaste with an

exhilarating flavour. The kids' portfolio was strengthened with the launch of the 'Zero' line catering to new and emerging needs of our consumers. The toothbrush business saw the launch of Zig Zag Neem and Charcoal as well as our entry into the Battery operated segment with the launch of our B150 series.

The Palmolive portfolio saw some 'on-trend' innovation including the launch of our Luminous Oils range of Body Wash and Liquid hand soaps. In response to an amplified focus on health and hygiene, we also launched our Palmolive Hand Sanitizer.

In our continued efforts to strengthen our executional excellence and be future ready, we stepped up our focus on e-commerce with a fully dedicated cross-functional team. Our progress in advanced analytics included the use of tools such as predictive modelling to improve the quality of assortment across retail environments.

Last but certainly not the least, we continue to remain committed in our efforts to elevate oral health in the country as well as make the planet a better and healthier place to live.

Our flagship oral care education program, Bright Smiles, Bright Futures™ reached over 7 million children in the year. In Delhi and Mumbai, we enabled in-school-brushing of 400,000 children with a focus on adding 'one more brushing' to their daily oral health regimen. We continue with our Keep India Smiling Foundational Scholarship initiative in partnership with the ShikshaDaan Foundation and Buddy4Study.

Our partnerships with Seva Mandir and Water For People continue to uplift societies by empowering women and providing access to water, respectively. As part of our

efforts during COVID, we partnered with Action Aid and Goonj to provide food rations and essential health products to needy communities across the country.

A special note of thanks to Mr. R. A. Shah and Mr. P. K. Ghosh:

I would like to take the opportunity to pass on our heartfelt thanks and appreciation to two of our retiring board members, Mr. R. A. Shah and Mr. P. K. Ghosh.

Mr. Shah has been on the board for almost four decades and has been a true guardian of your Company. His unparalleled knowledge of the law, his rich and diverse experience, and most importantly, his astuteness and personal leadership have been critical in successfully steering your Company over close to four decades.

Mr. Ghosh has had a relationship with your Company for almost 45 years. From his days as the Finance Controller to the past 3 decades that he spent as a Board Member, Mr. Ghosh's contributions have been pivotal in shaping the future of the Company over the years. His sharp business acumen coupled with his integrity has ensured that your Company has continued to thrive over the past 4 decades.

It is times like these that allow us to truly appreciate the phenomenal work done by these two exemplary gentlemen. We cannot thank them enough for their service, passion and commitment. On behalf of the entire Colgate-Palmolive family, I wish them all the very best for the next chapter in their lives.

I would like to thank our partners, our employees, and most importantly, you, our shareholders. Your continued support and trust help to reinforce our commitment to deliver year after year.

Making India smile

Our brands

Engaging through heart-warming stories

Smile karo aur shuru ho jao:

Our philosophy that everyone deserves a future they can smile about, underscores hope and optimism through the transformational power of a smile. Our storytelling revolves around 'Smile karo aur shuru ho jao' or Get started with a smile. Launched last year, this new integrated campaign helped strengthen the love the consumers have for our brand.

Celebrating real heroes of optimism:

Our aim – to inspire courage, champion optimism and show the unbelievable power of a smile – comes alive with the Real Stories of Real People. The stories of true heroes, their courageous journeys and how their smiles created a better future.

Sindhutai Sapkal

The homeless lady who had to beg on the streets now runs an orphanage and is a mother to 1,400 children.

Anand Arnold

A cancer survivor who refused to give up bodybuilding despite being confined to a wheelchair and became Mr. Olympia.

Haimanti Sen

A 22-year-old college student who turned a skywalk into a classroom for the underprivileged.

Divyanshu Ganatra

He lost his eyesight to glaucoma but went on to become India's first visually impaired solo paragliding pilot.

Yashasvi Jaiswal

A street vendor who lived in a tent and is now breaking international cricket records.

Vedshakti – a whole new conversation:

Our Vedshakti messaging has created a disruption in the category. For the first time, a toothpaste goes beyond just oral care and speaks about the mouth being an entry point for germs. Through our proposition of 'Mooch swachh toh aap healthy' we have highlighted the relevance of a healthy mouth.

Connecting with young India through MaxFresh:

Taking the message of 'Get started with a smile' to India's youth needed a different and relevant approach. Therefore the idea of 'Every moment is a fresh start', urging the youth to move forward by seizing the moment; endorsed by Ranveer Singh and Naga Chaitanya – celebrities who have a strong youth connect.

India's most flexible:

We told the story of this toothbrush with a flexible neck, by owning the idea of 'flexible'. We connected our product with a slice from the life of the real Jaspreet Singh Kalra, India's most flexible man.

Smiling our way to the Guinness Book of World Records:

In our continuous endeavour to create awareness about good oral hygiene through brushing, we received the Guinness World Record for the maximum number of people brushing together at a single venue. 26,382 people smiled their way through this record-breaking event, which was conducted at the Kalinga Institute of Social Sciences, Bhubaneswar, in partnership with the Indian Association of Public Health Dentistry.

The most trusted oral care brand for 9 years in a row:

Colgate was voted as India's Most Trusted Oral Care brand for the 9th consecutive year by The Economic Times Brand Equity Most Trusted Brand consumer survey conducted by Nielsen. A big 'thank you' to all our consumers for your continued trust on Colgate.

Innovations that spread smiles

Our new products

New Colgate Strong Teeth – Amino Shakti for unbeatable dental strength:

We introduced a revolutionary new formula with the power of Amino Shakti. This new formulation is the result of more than a decade of R&D, including dozens of laboratory and clinical studies. This unique, patented technology contains Arginine and Fluoride. It harnesses the two-way power of these ingredients by feeding the good bacteria in the mouth and weakening the bad bacteria thereby fighting their harmful activity. Thus it makes the teeth stronger from within.

We introduced the all-new Colgate Strong Teeth through the thought of Andar se strong. The idea was brought alive through the story of a little girl who stands up to her bullies. We showed the world the power of a smile.

Black is back with Colgate Charcoal Clean:

We launched the Colgate Charcoal Clean toothpaste capitalizing on the biggest natural ingredient trends – Bamboo, Charcoal and Mint. It is a sensorial gel-based, black toothpaste in a premium packaging.

The all-natural ‘Zero’ line from Colgate Kids:

Focusing on the children’s portfolio opportunity, we launched the all-natural, fruit-flavoured kids’ toothpaste with **zero artificial preservatives, colours, flavours and sweeteners**. The range is specifically designed for children of different age groups.

Colgate ProClinical 150 – the powered toothbrush:

This premium, technologically superior toothbrush was introduced to the dentist profession first. Available in two variants – Deep clean and Charcoal, its advanced sonic technology enables 20,000 strokes per minute and also has a built-in 2-minute timer.

Introducing the ‘Natural’ range of toothbrushes:

Given the fact that the naturals space is big in India, we launched Colgate ZigZag Neem Toothbrush with Neem infused bristles. It has an earthy packaging with an attractive wooden finish and comes with a soft tongue cleaner. We also launched variants like Colgate ZigZag Charcoal and Colgate Superflexi Charcoal, which have charcoal-infused bristles.

The Palmolive Luminous Oils Range:

For pure luxurious indulgence, we have created the Luminous Oils range with a rich blend of natural extracts and essential botanical oils. The shampoos are created by combining Moroccan Argan Oil with Camellia Extracts, and Essential Rose Petal Oil with Bamboo Extracts, for lustrous and silky hair. The shower gel and handwash range has combinations of Macadamia Oil with Peony, and Fig Oil with Orchid, to nourish the skin and create a sensorial experience.

Palmolive Anti-Bacterial Hand Sanitizer:

We created this new product in a quick response to the immediate need for hand sanitizers during the critical period of the pandemic.

Making the planet smile

Sustainability initiatives

Elevating oral health in India:

Our flagship **Bright Smiles, Bright Futures™** programme, launched in 1976 to spread awareness among children about oral care, has touched the lives of over 170 million children across the rural and urban landscape till date. In the past year over 7 million children have benefitted from this programme.

Education and empowerment:

Our tie-up with the NGO **Seva Mandir** since 2013 helps marginalised communities through the education of children and women empowerment programmes. Additionally, we have implemented water initiatives

resulting in facilitating water for irrigation. We recently launched the **Keep India Smiling Foundational Scholarship** in partnership with ShikshaDaan Foundation (a non-profit organisation that works towards educating the underprivileged) and Buddy4Study (technology partner). This national programme offers financial and mentorship support to deserving candidates in the fields of academics, sports and community betterment.

Saksham is an initiative for the social and economic empowerment of the youth from less privileged backgrounds. This employability-linked skill development programme was launched in 2016 in partnership with SEEDS.

Save Water:

Water is one of the key pillars of our sustainability agenda. After a successful implementation of water programmes in Bihar and West Bengal in partnership with the Water For People, India Trust, we launched our water programme in Maharashtra, one of the most affected water-scarce regions. The programme has already enabled the availability of community water across villages.

Initiatives towards the Environment:

U.S. Green Building Council has awarded TRUE Zero Waste Platinum Certification to all 4 of our manufacturing plants at Baddi, Goa, Sanand and Sri City. This helps us drive our success in environmental sustainability by diverting waste from landfills using the principles of reuse, recycle and reduce throughout our supply chain.

Our Sanand and Sri City manufacturing plants are LEED certified.

Retirement of Board Members

Mr. R. A. Shah

An important milestone at Colgate-Palmolive is the retirement of Mr. R. A. Shah from the Board of Directors on the 31st of March 2020, after 37 years of dedicated service to the Company.

Mr. Shah is a leading Solicitor in India and a Senior Partner of M/s. Crawford Bayley & Co. During his tenure as a Non-Executive Independent Director he served as the Chairman of the Audit Committee and of the Nomination & Remuneration Committee. Mr. Shah has provided us with his unparalleled expertise and oversight on several matters. Some key highlights include:

- Driving the structure for toothpaste contract manufacturing operations and helping to get toothpaste de-reserved from the small-scale sector
- Restructuring the shareholding pattern as required, from time to time
- Obtaining approvals for payment of royalty by Colgate-Palmolive India and its contract manufacturers

With his exemplary integrity and personal leadership, he has been a true guardian to Colgate-Palmolive India.

We wish Mr. Shah a retirement full of good health and happiness.

Mr. P. K. Ghosh

Another landmark event is the retirement of Mr. P. K. Ghosh from the Board of Directors on the 31st of March 2020 after over 45 years of dedicated service to the Company.

He was a member of the Company's Board first, as its MD in 1988, and from 1993 onwards, for over three decades. He was a Non-executive Independent Director serving as the Chairman of the Risk Management Committee and a Member of the Audit Committee and Stakeholders' Relationship Committee. Some key highlights among the innumerable achievements of his tenure include:

- Colgate-Palmolive India's IPO and subsequent listing on the Bombay Stock Exchange in 1979
- Opening of the Waluj plant in Aurangabad, Maharashtra, in 1988
- Building a robust infrastructure and countrywide network of stockists and distributors
- Strengthening oral care education and awareness programmes consistently across India

He has inspired many generations of Colgate leaders and directors with his vision and many invaluable contributions.

We wish Mr. Ghosh a retired life rich with good health and happiness.

NOTES:

1. In view of the massive outbreak of the COVID-19 pandemic, social distancing is a norm to be followed and pursuant to the Circular No. 14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020 issued by the Ministry of Corporate Affairs followed by Circular No. 20/2020 dated May 05, 2020 and SEBI Circular SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 ('hereinafter collectively referred to as Circulars'), physical attendance of the Members at the Annual General Meeting (AGM) venue is not required and the AGM is being held through Video Conferencing (VC) or Other Audio Visual Means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. A Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since the AGM is being held in accordance with the Circulars through VC, the facility for appointment of proxies by the Members will not be available. However, Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-voting. The deemed venue for the 79th AGM shall be the Registered Office of the Company.
3. Pursuant to the Circulars, the Members can join the AGM in the VC/OAVM mode 30 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 Members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination & Remuneration Committee and Stakeholders' Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the aforesaid Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a Member using remote e-Voting system as well as e-voting during the AGM will be provided by NSDL.
6. The Notice of the AGM has been uploaded on the website of the Company at www.colgatepalmolive.co.in The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and the AGM Notice is also available on the website of NSDL i.e. www.evoting.nsd.com
7. Since the AGM will be held through VC/OAVM facility, the route map, proxy form and attendance slip are not annexed in this Notice.
8. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 is appended hereto.
9. A brief resume of Mr. M.S. Jacob, who seeks re-appointment as a Director, has also been appended hereto.
10. Pursuant to the Circulars, in view of the prevailing situation, there are difficulties in dispatching of physical copies of the Notice of

- the 79th AGM and the Annual Report for the financial year 2019-20 and therefore the same are being sent only by email to the Members whose email address is registered with the Company/Depositories. Members may note that the Notice of the 79th AGM and the Annual Report will also be available on the Company's website viz. www.colgatepalmolive.co.in and on the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively and on the website of NSDL i.e. www.evoting.nsdl.com
11. Members who have not yet registered their email addresses are requested to register the same with their Depository participants in case the shares are held by them in electronic mode and with the Registrar & Share Transfer Agent (RTA) of the Company in case the shares are held by them in physical form. However, for limited purpose like receiving the notice of the forthcoming Annual General Meeting and related documents, Members holding shares in electronic mode may register their email addresses with our RTA as per the process given in point B in the e-Voting instructions of the notes to this notice.
 12. The Register of Members and Share Transfer Books of the Company will remain closed from Thursday, July 23, 2020 to Wednesday, July 29, 2020 (both days inclusive).
 13. In case of joint holders attending the Meeting, the joint holder who is highest in the order of names will be entitled to vote at the Meeting.
 14. The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the Members during the AGM. All documents referred to in the Notice will also be available for electronic inspection by the Members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to cpilagm2020@colpal.com
 15. Members are requested to send all communications relating to shares, unclaimed dividends, change of address, etc. to the Registrar & Share Transfer Agent of the Company, at their address: M/s. Link Intime India Private Limited, C-101, 247 Park, L. B. S. Marg, Vikhroli (West), Mumbai 400 083 or at rnt.helpdesk@linkintime.co.in
 16. Members are requested to notify immediately any change in their addresses to the Registrar & Share Transfer Agent of the Company at the above address, if shares are held in physical form, and to the respective depository participants, if shares are held in electronic mode.
 17. The Company, following the introduction of the Depository System ('DS'), entered into agreements with National Securities Depository Limited ('NSDL') and Central Depository Services (India) Limited ('CDSL'). The Members, therefore, have the option of holding and dealing in the shares of the Company in dematerialized form through NSDL or CDSL.
 18. The Depository System aims to eliminate several problems inherent in the scrip-based system such as bad deliveries, fraudulent transfers, mutilation of share certificates, etc. Simultaneously, DS offers several advantages like exemption from stamp duty, elimination of the concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc.
 19. In terms of the SEBI Listing Regulations, securities of listed companies can only be transferred in dematerialized form with effect from April 01, 2019. In view of the above, Members are advised to dematerialize shares held by them in physical form.
 20. To prevent fraudulent transactions, we urge the Members to exercise due diligence and notify the Company of any change in address / stay abroad or demise of any Member as soon as possible. Members are requested not to leave their demat account dormant for long. Periodic statements of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
 21. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, accordingly, requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Company.
 22. Electronic Clearing Service ('ECS') enables quick receipt of dividend without the potential

for loss or delay in postal transit. Members who are not already enrolled in ECS are requested to fill in the ECS form which is available either on the Company's website or with the Company's Registrar & Share Transfer Agents and forward the same alongwith a cancelled cheque leaf to the Company's Registrar & Share Transfer Agent at rnt.helpdesk@linkintime.co.in if the shares are held in physical form and to the applicable Depository Participant if the shares are held in dematerialized form.

23. During the Financial Year 2019-20, unclaimed dividends declared for the years 2011-12 and 2012-13 in the amounts of ₹ 69,92,488/-, ₹ 1,04,86,989/- and ₹ 51,51,810/- have been transferred to the Investor Education and Protection Fund ('IEPF') on May 20, 2019, November 25, 2019 and February 04, 2020, respectively.

Pursuant to the provisions of Section 124(6) of the Companies Act, 2013 read with the IEPF Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 which came into force from September 7, 2016 (including any amendment thereto or re-enactment thereof for the time being in force), all equity shares in respect of which dividend has not been paid or claimed by the Member(s) for seven consecutive years or more are required to be transferred to the IEPF Authority, a Fund constituted by the Government of India under Section 125 of the Companies Act, 2013. The Company has communicated individually to the concerned Members to claim their unpaid / unclaimed dividend amount(s) and that failure to claim the same would lead to their equity shares being transferred to the IEPF Authority without any further notice. In accordance with the aforesaid IEPF Rules, during the Financial Year 2019-20, the Company has transferred shares pertaining to interim dividends which remained unpaid and unclaimed, being declared for the years 2011-12 and 2012-13 to the IEPF Authority.

The unclaimed dividends and corresponding shares including all benefits accruing on such shares, if any, once transferred to the IEPF Authority can only be claimed back from the IEPF Authority, for which details are available at www.iepf.gov.in

The details of Members whose dividends have remained unclaimed / unpaid for seven consecutive years have been placed on the website of the Company. Members are requested to refer to the "Investors" section on the website of the Company at <http://www.colgateinvestors.co.in/shareholder-information/unclaimed-dividends>.

24. The Company has designated an exclusive e-mail ID called investors_grievance@colpal.com to redress Shareholders' complaints / grievances. In case you have any queries / complaints, then please write to us at investors_grievance@colpal.com. The Company has nominated Mr. K. Randhir Singh, Company Secretary & Compliance Officer, as its Nodal Officer for the purpose of co-ordination with the IEPF Authority and the contact details of the Nodal Officer is available on Company's website.
25. Members desirous of obtaining any information/ clarification(s), intending to raise any query concerning the financial statements/Annual Report of the Company, are requested to send the same at least 2 working days before the AGM mentioning their name, demat account number/folio number, email id, mobile number at cpilagm2020@colpal.com so that the same may be replied to suitably.

Facilities earn TRUE certification by achieving minimum program requirements and attaining points; the program operates on a ranking system, with ‘Platinum’ being the highest certification level. We continue to maintain the certification as our Diversion Rating at more than 90% as per the requirements.

- b. The evolving COVID-19 pandemic has resulted into a global crisis and has adversely affected the economy. The impact of COVID-19 led to partial closures followed by complete lockdown towards the end of March 2020, which impacted our business operations. One of our topmost priorities of the Company has been the health and safety of its people. The Company, in order to ensure health and safety of its employees and other staff, took adequate pre-emptive measures on travel restriction and enhancing the hygiene & sanitization protocols across all offices and plants. The Company was amongst the first FMCG companies to allow work from home to all its employees. During this challenging time, the Company took all necessary steps to ensure the supply of vital and essential oral health and hygiene products in the market. Leveraging the strength of our brand and our presence across India over the past 80 years, we have responded with agility to the specific challenge of reaching our products to our consumers at this time. The Company’s commitment towards its core values together with the strength of the Company’s brands, its best-in-class distribution network and its cost-saving initiatives, should position the Company well to increase stakeholder value over the long term.

V Annual Performance Evaluation of the Board

Pursuant to provisions of the Companies Act, 2013 and Regulation 17(10) of the SEBI Listing Regulations, the Board has carried out the annual evaluation of its own performance, as well as the performance of its Audit Committee,

Nomination & Remuneration Committee, Corporate Social Responsibility Committee, Stakeholders' Relationship Committee and Risk Management Committee.

The performance evaluation of the Board and the Committees was done on the basis of

parameters such as Composition and Quality, Diversity and experience, Effectiveness of Board/Committee, process and functioning, Contribution of the Members, Board culture and dynamics, fulfilment of key responsibilities, ethics and compliance etc. A structured questionnaire was prepared covering the above areas of competencies and feedback was sought on the same. The above criteria are based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India on January 05, 2017.

An evaluation of performance of individual Directors was also carried out on the basis of parameters such as contribution of the

individual director to the Board and Committee meetings like preparedness on the issues to be discussed, constructive contribution and inputs in meetings, understanding and knowledge of the company and industry, participation and attendance at the meetings, etc. The Independent Directors and Executive Directors also carried out performance evaluation of the Chairman of the Company. The Directors being evaluated had not participated.

All the responses were evaluated by the Nomination & Remuneration Committee as well as by the Board of Directors and the results reflected high satisfactory performance.

Management Discussion and Analysis Report

(within the limits set by the Company's competitive position)

Appendix

Your Company is strongly focussed in the Personal Care business which includes Oral Care. The Oral Care business accounts for over 90 per cent of the Company's sales turnover. Within Oral Care, the Company continues to sustain the leadership position both in the Toothpaste and Toothbrush categories for the financial year ended March 31, 2020 despite a challenging business and competitive environment. As a leading consumer products company, we are also deeply committed to advancing technology that can address changing consumer needs. This is consistent with your Company's sustained endeavour which is to leverage technology to create products that will improve the quality of life for our consumers.

The Company follows a closely defined business strategy to develop and increase market leadership positions in key products categories. On an ongoing basis, management focuses on a variety of key indicators to monitor business health and performance. These indicators include market share, net sales, gross profit margin, operating profit, net income and earnings per share. The monitoring of these indicators and the Company's Code of Conduct and Corporate Governance practices help to maintain business health and strong internal controls. The investments needed to support the growth are developed through its funding the growth initiatives such as reduction in costs associated with direct materials, distribution and logistics, advertisement and promotional materials and reduction of packaging materials. While the predominant business of the Company has been confined to Oral Care where it continues to face intense competition, the outlook for industry is positive given the size of the opportunity. The Company believes that with its experience in operating in the challenging environment and continued focus to capture significant opportunities for growth by identifying and meeting consumer needs within its core categories, through its focus on the introduction of innovative products and the deployment of valuable consumer and shopper insights in the launch of successful new products, the Company's business will continue to grow strongly in the next several years.

In line with our focus on evolving consumer demands your company had major launches/re-launches in the portfolio, including-

- **Colgate Strong Teeth:** India's #1 toothpaste brand Colgate Strong Teeth has now been re-

launched with new Amino Shakti, making it our best ever formulation to give unbeatable strength to teeth.

- **Colgate Kids ZERO Toothpaste:** The all-natural fruit flavoured kids toothpaste, with 0% artificial preservatives, colours, flavours or sweeteners is specifically designed for different age groups of children.
- **Colgate Charcoal Clean:** Colgate Charcoal Clean is Colgate's offering in the form of Black gel based toothpaste with Bamboo Charcoal and Mint for a surprisingly clean mouth experience.
- **Colgate Zigzag Neem** was launched with bristles infused with Neem extract at an attractive consumer price point of ₹ 35/-.
- **Colgate Super Flexi Virat Pack:** A special edition of Super Flexi Black toothbrushes - the Virat Kohli Signature Series was launched. The limited edition range marked the first ever autographed range of toothbrushes by Colgate.
- **Premium Powered Toothbrushes with B150:** Colgate Proclinical 150 was launched with 2 variants Deep clean & Charcoal. It has an advanced sonic technology with 30,000 brush strokes per min for superior plaque removal.
- **Colgate Super Flexi Charcoal:** India's #1 selling Toothbrush brand Superflexi has re-launched its Black variant with an all new offering. The new bundle has charcoal infused bristles which is first of its kind in the value priced range.
- **Palmolive Luminous Oils Shower Gel:** Infused with botanical oils and natural extracts, recently launched Palmolive Luminous Oils Shower Gel range elevates the mood and makes for an indulgent bathing experience.
- **Palmolive Luminous Oils Shampoo:** Palmolive Luminous Oils Shampoos are specially crafted to provide nourishment to your hair, moisturize and strengthen them from within. It's made with a luxuriously rich blend of Essential Oils with Camellia, Rose extracts that help make your hair stronger, smoother and shinier.

Above launches were complemented by our existing best-in-class distribution network across the country through many distributors who are our pillars for many years including challenging times. Trust is the foundation of your Company's partnership which

helps us collaborate with key customers in Modern Trade and E-Commerce. Modern Trade continued to grow aggressively on the back of innovative new products, shopper engagement, new store openings and strong engagement with all the retailers. Cash & Carry stores focused and worked on increasing their distribution footprint in general trade thereby aiding both availability and distribution of products. The e-commerce channel continued on its exponential growth trajectory. In an economy which has ever increasing smartphone penetration, increasing digitization backed up with cheap mobile data, e-commerce is bound to continue to have strong growth in the years to come. A dedicated team of experts has been set up to work closely with all key customers to ensure that Colgate is ahead of all its competitors in all the categories it operates and thereby ensure that CP growth is in line with the growth of the e-commerce industry. Your company, in line with its reputation in the industry, has developed key initiatives to build strong relationships with consumers, dental professionals and customers.

As a testament to the above, Colgate was ranked as **India's Most Trusted Oral Hygiene brand in 2019, for the 9th consecutive year**, as per TRA'S Brand Trust Report for India, a consumer survey conducted among the country's top 1000 brands. Further, Colgate also continues to be the No.1 Most Trusted Oral Care Brand in the country for the 9th year in a row, as per The Economic Times Brand Equity Consumer Survey, conducted by Nielsen.

In India, almost one-third of the population does not have access to modern oral care. To address this situation, the Company has launched various outreach programs under the Keep India Smiling Mission. The Keep India Smiling mission continues Colgate's 80 plus years of commitment to build strong foundations and create a meaningful impact in the lives of people. It includes the company's long running, pan-India flagship programs, like - Bright Smiles, Bright Futures™ (BSBF) - to provide foundational Oral Health education, the Oral Health Month (OHM), to provide free dental-check-ups and foundational community initiatives like providing better water accessibility, women empowerment and livelihood programs. Adding to these flagship programs, we launched the Keep India Smiling Foundational Scholarship, to offer financial support and mentorship to people from less privileged backgrounds across India to help them translate their dreams into reality. Launched in partnership with ShikshaDaan Foundation, a non-profit organisation that specialises in providing

education and development to the underprivileged and Buddy4Study as technology partners, this is a distinct, national program which offers scholarships and mentorships across the fields of education, sports and community betterment.

Colgate launched the 'Smile karo aur shuru ho jao' campaign, in line with its brand purpose of 'Everyone deserves a future to smile about'. This new brand expression lays emphasis on the positive power of smile in starting new journeys, rooted in the Indian cultural insight of 'never say never' attitude. Through this campaign Colgate brings to life stories of real people championing optimism and has featured the inspiring stories of Haimanti Sen, the 22-year-old college student who turned a skywalk into a classroom for the underprivileged, Anand Arnold, the first Indian wheelchair bodybuilder, Yashaswi Jaiswal, the youngest Indian to score a double century in the history of 'List A' Cricket, Divyanshu Ganatra, India's first visually impaired solo paragliding pilot, and Sindhutai (Maai), mother to 1,400 orphans.

In our continuous endeavor to Keep India Smiling, Colgate received a **Guinness World Record** for most people brushing simultaneously at a single venue in November, 2019, when 26,382 people smiled their way through this record-breaking brushing event. It is yet another statement of Colgate's commitment to elevate the Oral Health consciousness in the country.

In recent years, the Company has experienced heightened competitive activity, particularly within the Naturals segment. Such activity includes aggressive marketing claims, as well as increased promotional spending. A new campaign "Mooh Swachh Toh Aap Healthy" (A pure mouth means a healthy you) for premium Ayurvedic toothpaste Colgate Vedshakti was announced in March'20. The campaign highlights the role of the mouth as the gateway to our body and how an unhealthy mouth, can increase the possibility of bacteria entering our system leading to higher risk of several health issues. Colgate Vedshakti promises to not only clean but purify the mouth for better Oral and Overall health. The high decibel campaign kick-started with the launch of a TV Campaign. **The campaign was amplified further across mediums like Print, Digital & Social Media. To ensure widespread reach, the brand also promoted the campaign through brand engagement with top Instagram influencers across states.** The campaign was brought to life in market space by our existing best-in-class distribution network across the country who with their team of salesmen ensured placement of the products in 2,00,000 new stores.

The investments needed to support growth are developed through continuous, Company-wide initiatives to improve realizations, lower costs and increase effective asset utilization. Through these initiatives, which are referred to as the Company's revenue growth management and funding-the-growth initiatives, the Company seeks to become even more effective and efficient throughout its businesses. These initiatives are designed to drive sustainable revenue growth for the Company and better value products for our shoppers. Through these initiatives the Company also focuses on reducing costs associated with direct materials, indirect expenses, distribution and logistics, and advertising and promotional materials, among other things, and encompass a wide range of projects, examples of which include raw material substitution, reduction of packaging materials, consolidating suppliers to leverage volumes and increasing manufacturing efficiency through SKU reductions and formulation simplification.

As the global pandemic COVID-19 started impacting India, we in order to ensure health and safety of our employees and their families took adequate pre-emptive measures on travel restriction and enhancing the hygiene & sanitization protocols across all offices and plants and were amongst the first FMCG companies to allow work from home to all its employees. Colgate team displayed their leadership qualities and worked with various regulatory authorities & industry groups to facilitate a more regular and consistent supply of our products to consumers across the country. The Company in collaboration with other FMCG companies worked on "Suraksha Store" initiative of the Central Government to ensure hygiene and safety practices to be adopted by retail stores in allocated geographies thus making those stores a safer place to shop by Consumers. We enrolled more than 1 lakh stores under the program within a short span of 30 days. **We are very agile**

through these times and adapted seamlessly to the need of the hour. For your Company the previous year 2019-20 had a strong volume and value growth, however for the impact of COVID-19 led to partial closures followed by complete lockdown towards the end of March 2020 which impacted our business operations. With restrictions getting picked up and markets opening the key to driving business initially will be covering and servicing all the stores. Looking forward, the Company expects challenging market conditions and unfavourable macroeconomic conditions to continue. The Company believes it is well prepared to meet the challenges ahead due to its strong financial condition, experience operating in challenging environments and continued focus on the Company's key priorities: growing sales through engaging with consumers, delivering world-class innovation and working with its distributors and retail partners; driving efficiency on every line of the income statement to increase margins; generating strong cash flow performance and utilizing that cash effectively to enhance total shareholder returns; and leading to win by staying true to the Company's culture and focusing on its stakeholders. The Company's commitment to these priorities, together with the strength of the Company's brands, its best-in-class distribution network and its cost-saving initiatives, should position the Company well to increase stakeholder value over the long term.

The Company believes that adequate internal control systems are in place. The discussion on the Company's financial performance, including segment-wise performance, is covered in the Directors' Report. There were no material developments on human resources during the Financial Year 2019-20 and industrial relations continue to be positive. The number of people employed by the Company as on March 31, 2020 was 2324.

1. **Colgate Bright Smiles, Bright Futures™ Program:**

At Colgate, we understand that oral health plays a significant role in people's overall health. Thus we recognize the importance of a healthy smile and following continued good oral health care practices. Importantly, developing good habits at an early age helps children get a good start towards a lifetime of oral health.

As India's leader in oral care, Colgate is committed to improving children's oral health and considers it as the Company's responsibility to bring healthy, bright smiles to the children of India through oral health awareness and education.

One of the most impactful oral health initiatives by Colgate is Bright Smiles, Bright Futures™ (BSBF). A flagship initiative by the Company, it was created with an aim to spread awareness among children about the correct oral health habits, basic hygiene and diet and reduce the prevalence of dental caries. Since the inception of the program in 1976, the Company has been delivering oral health education to children by reaching out to influencers – like school teachers and the anganwadi workers in the community to promote preventive oral care education.

Children between the age group of 6 to 14 years studying in primary schools are taught good oral hygiene habits, the right techniques of brushing with the use of a tooth model and a toothbrush, and the importance of brushing at night through an interactive module, where the importance of a good mouth cleaning regimen is strongly instilled in them. At the end of the program, each child is given a 'Dental Health Pack' consisting of a toothpaste and a toothbrush, along with attractive charts depicting valuable oral care information in order to encourage these children to brush twice a day and take care of their oral care hygiene. A chart containing oral care information is left in each classroom as a reminder to the children, and for the teachers to reiterate the oral care message. School teachers are trained and provided with a 'Teacher's Guide' to help them instill good oral care habits on an on-going basis. The Teacher's Guide helps teachers advocate the importance of healthy teeth. As a pilot in the year 2019-20, along with the preventive Oral Health awareness for children, dental checkups were added in the ongoing BSBF program in two cities, predominantly in the government

or municipal schools. This pilot program was successfully implemented for approximately 2 million children.

BSBF has, so far, touched the lives of 170 million plus children between the ages of 6 and 14 years in schools across India since inception of the program. In the financial year 2019-20 alone, the BSBF program reached 7.34 million children across the country with Oral Health Awareness and Education.

2. **Oral Health Month:**

India's first National Oral Health Survey, which was conducted by the Dental Council of India and the Ministry of Health & Family Welfare, focused on improving the standards of oral health care in India. Colgate, along with Indian Dental Association (IDA), rolled out Oral Health Month (OHM) in 2004 as a 6-city program with 70 participating dentists. Spanning two months every year, OHM promotes oral health care by offering free, preventive dental check-ups across the country.

The program was further strengthened with the introduction of mobile vans to help oral health check-ups more accessible to people. This oral care health drive now encompasses free in-clinic dental check-ups, school contact programs, free dental check-ups in mobile dental vans, a retailer outreach program and other community outreach initiatives. In the past 15 years, OHM has grown phenomenally, emerging as a leading campaign for promoting oral health care in India. In the financial year 2019-20, in the months of November- December, Colgate tied up with couple of retail chains to provide free Oral Health screening & advise to the people who walk into these outlets/stores.

3. **Positive Step Program with Network in Thane by People Living with HIV (NTP+):**

At Colgate, we recognize the seriousness of HIV/AIDS and its overall impact on the workplace and on the society. Our HR policy focuses on non-discrimination and confidentiality, prevention, access to treatment, partnerships with third parties and providing proactive organizational support. We work to limit the impact of HIV/AIDS and maintain an environment at Colgate that is open and conducive to acceptance.

Colgate initiated 'A Positive Step', a program in collaboration with 'Network In Thane By People Living With HIV' (NTP+), a non-governmental

organization promoting education for HIV infected and affected children.

The program supports education, nutrition and the overall personality grooming of the infected and affected children with the help of NGO partners. The program that had started with a handful of children has grown to support approximately 80+ children now.

Our Knowledge Garden initiative (creative library) has encouraged and helped children develop a desire to learn through creative ways. Colgate employee volunteers spend their time engaging with these children through creative and fun based learning sessions which has helped these children sharpen their skills and given them the confidence to face challenges bravely and more positively. In the financial year 2019 -20, we kept the Mentorship Program for the students of 12th Standard and above as the primary focus for all round development of the children.

Every year, Colgate also organizes a special event on 'World AIDS Day', wherein these children are invited to spend a day at the Colgate office and interact with their sponsors, volunteers, and with the entire Colgate family. This occasion is also a platform for the children to showcase their talents and for Colgate People to salute their spirit. More information about the NGO is available on <https://ntplplus.org>

4. Programs with Seva Mandir:

Seva Mandir is a non-profit organization, working in and around Udaipur, in Rajasthan. It works in the fields of education, health, empowerment of women and youth, village institutions and towards natural resource development.

Our association with Seva Mandir has supported programs in various domains like education for children, Women empowerment through livelihoods and support through Water Augmentation program for the less privileged communities in the Tribal & Rural villages of Udaipur, Rajasthan.

'Colgate Seva Mandir Education Scholarship Program' was launched in the financial year 2017-18 for children from tribal and rural areas of Rajasthan. The children enrolled in this program are primarily girls from less privileged families, who did not have opportunity to continue their education while staying in their villages. Through a defined process, Seva Mandir selected the most deserving children having aspirations to study

further. Colgate supports the entire education program including costs of school fees, hostel stay, study material, uniforms, travel, special coaching, remedial classes and sports. Children study in Vidya Bhawan School in Udaipur, which focuses on an all-round development of children through academics, cultural sensitization, sports and also by building in them a strong value system, through various engaging activities and initiatives. The academic scores of the sponsored children have progressed a lot as compared to their baseline assessment scores. Few children are appearing through open school to ensure they continue to have confidence. With a focus on all round development, focus on sports and fitness, few girls in the program have also qualified for District and State level Hockey tournaments.

Colgate has also supported Seva Mandir and Vidya Bhawan to build a better infrastructure and facilities for the children in the form of well-lit classrooms, uniforms, residential and storage spaces, availability of safe drinking water, renovation of toilets and washing facilities, availability of computers/laptops and infrastructure for libraries, creation of a Volleyball court and common areas in its two hostels. The aim of the program is to support the accessibility to quality education, sports and build an overall, enriching experience for the children and to enable them to aspire for a brighter future ahead.

In the financial year 2017-18, Colgate partnered with Seva Mandir in a feasibility study on economic conditions of women in the tribal villages and designed Women confident to aspire for a better future for family and their children. Lack of water in these villages was an hindrance in livelihood program and added to drudgery for women , which was addressed through Water Augmentation program.

The program focuses on the Economic and Social Empowerment of communities, specifically of women from 9 tribal villages in Udaipur, Rajasthan. The Program focuses on multiple dimensions like formation and strengthening of women self-help groups, savings within SHGs, exposure trips and technical training for livelihood options like backyard poultry, floriculture and agriculture enhancement, engagement of stakeholders to support the SHGs and various other collaborations. The program was formally

launched in September 2018, in one of the tribal villages of Alsigarh block, Udaipur, Rajasthan.

Today the program supports about 300+ women beneficiaries directly through livelihood program as well as 4500+ villagers benefited with agricultural livelihoods through Water Augmentation work in these villages. So far, Water Augmentation work has helped restoring 05 anicuts, 11 wells, helped 89 wells recharged, availability of water tanks and water filters in these villages resulting in more than 95 million litres water getting replenished for irrigation. 44% villagers have taken additional crops due to water availability throughout the year through recharged wells. Program has helped villagers to raise their incomes by 18% over baseline. More than 90% of loans are repaid. There is 70% reduction in drudgery and women are using this time for livelihoods as well as for family.

Looking at initial success, multi cropping and vegetable growing are added to support income enhancement. On the Occasion of International Women Day, Intervention on Financial and Digital literacy was announced as next important step to strengthen the program. There are number of inspiring stories in the program, where women are leading the way and making efforts to enable better future for their families and children confidently.

Colgate employees volunteer and partner with Seva Mandir to support these causes through various volunteering initiatives. More information about the NGO is available on www.sevamandir.org

5. Read India with Pratham:

Colgate has been associated with Pratham, an NGO working towards providing quality education to the underprivileged children in India. 'Every child in school and learning well', has been Pratham's endeavor since its modest beginnings in Mumbai in 1994. Pratham tries to supplement the Government initiatives of primary education.

Colgate has partnered with Pratham under their initiative "Read India". Under this initiative Colgate extends its support to educate 10 communities in Mumbai. Employee volunteers engage with the children in these communities through learning camps and help them learn language, skills, etc. More information about the NGO is available on www.pratham.org

6. 'Saksham' Program with SEEDS:

Realizing the need to make the future generation more employable and self-reliant, Colgate launched 'Saksham', a pragmatic initiative for the social and economic empowerment of the youth from less privileged backgrounds, through an employability linked skill development program. Colgate launched this program in 2016 in partnership with NGO SEEDS and its implementation partner IL&FS Skills.

Through an extensive mobilization process, candidates from rural and urban clusters are enrolled for the program. The focus is on enrolling candidates who have the potential and willingness to learn, but may be lacking the financial resources, exposure and guidance. The curriculum is imparted through multimedia enabled content, by trained faculty Members. Efforts are made to arrange opportunities for experiential learning through interactions, engaging sessions and visits from Colgate teams and other people from different walks of life, including business partners, etc. This helps to build the confidence of the candidates.

The 'Saksham' journey started with an enrolment of 55 candidates at Lucknow, Uttar Pradesh. The program has now expanded to Kanpur, Varanasi, Allahabad, Moradabad in Uttar Pradesh, Patna in Bihar and Kolkata in West Bengal. Till March 2020, more than 1000 candidates have been trained and certified and 700+ candidates have been facilitated with employment opportunities through the NGO and its implementation partner and the rest are undergoing the process. More information about the NGO is available on www.seedsimpact.org

7. Water with Water for People, India Trust:

Water is one of the key pillars of Colgate's sustainability initiatives. To build a culture of Save Water many initiatives have been carried out within Colgate's manufacturing facilities and offices across India, which have helped not only in the recycling, reuse, and zero discharge of water but also in water conservation and sensitization towards the cause of Save Water.

To strengthen our commitment towards water and to support communities, Colgate has expanded its partnership with Water for People, India Trust (an NGO) and launched a Water program for rural and tribal villages in the district Amravati in Maharashtra. Water for

People India Trust focuses on a comprehensive water management approach. In Amravati district, an in-depth feasibility assessment was conducted to shortlist the villages which have multiple challenges with respect to water. The level of water in the local water source starts depleting from the month of February, due to which the women and girls of the local communities have to fetch water from distant water sources. Additionally, other challenges like water quality and accessibility need redressal too. A comprehensive roadmap and implementation plan is made to address these challenges in select villages based on need prioritization, etc.

The program aims to support projected cumulative coverage to 36 villages by 2022. The key components of this program are: water availability, accessibility, quality of water, rain water harvesting and support in sanitation (in schools/communities area as per plan) and education on hygiene and conservation of water through the WASH program based prioritization, sustainability, partnership of local communities and stakeholders and building capacities. Lot of emphasis is given to positively impact social behavior change in order to understand important of #EveryDropCounts and to ensure ownership through Water user committees, safety and security plans with local Panchayats, Enterprise promotion and work with village level institutions. The approach has helped sustainability of the program and meeting Sustainable Development Goals (SDGs) guidelines in alignment with JalShakti and Jal Jeevan Mission.

So far, water supply schemes in 03 villages, community water availability in 16 villages including schools, anganwadis and ashramshalas is completed. We are making progress as per the roadmap in these villages. More information about the NGO is available on <https://www.waterforpeople.org>

8. Education Program with Action Aid:

This program aims to impact the lives of the children from low income group families by empowering them with computer-literacy, communication skills and personality grooming. Efforts are made to encourage enrolment of girl children in the program. The program has started in villages in and around Baddi, Himachal Pradesh.

As per assessment, it was found that in spite of an interest and the potential to learn, children from villages and less privileged families are not well versed with computers and lack communication skills. Program started in 09 Government schools & 02 Community centres in and around Baddi, Himachal Pradesh. About 850 children are enrolled in the program. We have seen positive differences in learning and confidence building, acknowledged by the parents as well as community stakeholders. Employee volunteers from factories engage with children and help them in exposure trips, celebrations and appreciations. In the FY 2019-20, the program was expanded to 03 government schools in Sricity, Andhra Pradesh. Based on initial assessment, element of building drinking water, water availability for sanitation was added as part of the program. There is equal participation and collaboration of teachers and parents, which is necessary for ownership and sustenance of the program. Volunteers from Sricity factory engage with children in spreading Oral Health Awareness, various competitions and participate in other initiatives. More information about the NGO is available on www.actionaidindia.org

9. Keep India Smiling Foundational Scholarship Program:

In 2019, Colgate-Palmolive India under the aegis of Keep India Smiling Mission launched the Keep India Smiling Foundational Scholarship program. The program is run in partnership with the ShikshaDaan Foundation and Technology partner Buddy4Study. The program offers Financial support to deserving candidates across Urban and Rural India, who are meritorious but due to financial constraints lose the opportunity to enhance education or future employability aspects. Village Level Entrepreneurs (VLEs) are reached out by the implementation partners to reach to candidates who otherwise may not be aware of such opportunities. This foundational support is also supported with a LMS based Mentorship program, which will enable candidates to have more exposure to their personality grooming, improve language skills and understand various career opportunities available. The scholarships are provided in the areas of Education, Sports and for Community betterment.

Candidates apply on Keep India Smiling Website <https://www.colgatecares.co.in/keepindiasmiling/> for a particular category, which has set criteria mentioned on the application form. An expert panel of professionals excelling in their field is constituted, including World Boxing Champion and renowned Boxer Ms. Mary Kom. Panel will review the shortlist and with their experience and expertise, finalize the list. Panel members will also play a role in the mentorship process.

An extensive AI based first shortlist is prepared and a basic criteria and merit, followed by a round of interviews and verification of documents to prepare the shortlist for panel's review. Launched in June, 2019, the program has received about 75,000 applications. The allocations are in progress for Education

categories and after all the allocations, the Mentorship process will enable candidates to get exposure and gain confidence to be ready for next steps in life or career. More information about the partners is available on <https://www.buddy4study.com/>, <https://www.shikshadaan.com/>

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO PURSUANT TO PROVISIONS OF SECTION 134 OF THE COMPANIES ACT, 2013 READ WITH THE COMPANIES (ACCOUNTS) RULES, 2014.

A) Conservation of Energy and Water:

Your Company continues its endeavor to improve energy & water conservation and utilization. Some of the steps taken by the Company for conservation of energy & water at its manufacturing plants during the financial year 2019-20 are outlined below:

Sanand Plant

• **Conservation of Energy:**

- At regular intervals Plant conducts a workshop viz. 'Energy Treasure Hunt' to encourage ideas on energy conservation from its employees. The ideas generated for energy conservation are being implemented, which has generated saving of 2.25% on per MT of production, quantifies to 486,367 kWh of energy saving in 2019. Further, during the financial year 2019-20 the plant has invested ₹11 Lakhs on identified projects which will save additional 332,545 kWh of energy on an annual basis.

• **Conservation of Water:**

- Last year Plant had harvested about 113,188 Cubic Meters (Cu M) of rain water, based on 2019 rainfall data. Further, Plant reuses waste water after treating it in the Effluent Treatment Plant for gardening. Last year, the plant had used 37,538 Cu M of treated water. In total the Plant had saved 150,726 Cu M of water which is more than the water consumed by the site (71,215 Cu M) from GIDC.

Goa Plant

• **Conservation of Energy:**

- Plant had also conducted a water workshop viz. 'Water Treasure Hunt' to explore water conservation ideas amongst employees. During the year many water saving projects were implemented which

resulted in saving of about 18% on per MT of production which quantifies to 5,369 Cu M of water saving.

Installed High efficiency Heavy Duty IE3 Motors for AOC & POC FF Making DOPP Mixers and Flex AHU motor, thus saving power on the fixed load.

- New portable equipment Air Leak Detectors and Clamp Flow meters are procured to detect the energy losses like compressed Air leakages and low liquid flow. These equipment helped to arrest the compressed air leakages and to correct the operation curver of the pumps thus saving the power.
- CFL lights are replaced with LED Lamps (from 36W to 18W) in Flex FF Finishing floor and 60% area of AOC & POC FF finishing floor of the Plant. This has reduced the Finishing lighting load by 50% and overall reduced the lighting load. Also improved the LUX level of the room.

• **Conservation of Water:**

- Installed NALCO 3D Trasar unit, a Global initiative for improving the quality of Cooling Tower used for Air Compressor, which will impact on reducing the blowdown water of the Cooling Tower.
- Site explored use of Gamma Jet Spray ball which reduces water consumption in C&S of making equipment at AOC and POC FF along with the new portable CIP pump skid.

Baddi Plant

• **Conservation of Energy:**

- Converted CFL lights (36watt*3nos=108 watt) 250 nos to LED lights 36 watt. Approx 288 KW/day saved by replacing the old fixture.
- Converted street lights from sodium lamps to LED. Resulting in a lesser power consumption of 32 KW/day. Also reduce the repair time.
- Some AHU frequency is reduced from 50 Hz to 30 Hz through VFD. Approx 325 KW/day saving.

- Some Convention pumps are replaced with energy efficient pumps. Approx 22 KW/day saving.
- Installation of timer on CIP pump in making area as earlier pumps run in manual mode during C&S of equipment & lines.

- **Conservation of Water:**

- RO reject water is used for Toilet flushing & urinal flushing resulting saving around 1500 KL/month.
- The reuse of reject water from online chlorine sensor & ozone sensor circulation water as raw water for the utilities purpose had reduced the overall ground water consumption by 76 KL per month and also the load on the Effluent Treatment Plant.
- Vacuum Pump water reduction by 170 KL/month after doing modification on the cooling circuits of all the vacuum pumps being used for the mixers.
- By installing timer on CIP pump in making area approx 6 KL water/C&S is saved.

Sricity Plant

- **Conservation of Energy :**

The Company has taken many initiatives in the Plant, majorly by investing in Solar Power plant for captive consumption to ensure commitment towards green power, sustainability, and saving initiatives. Many other initiatives were also taken in driving the productivity, process, utilities and ancillary equipment changes which delivered a reduction in energy index over 8%.

- Installation and commissioning of Phase -2 solar power plant having a capacity of 503 KW achieved an annual savings of 732 MWh. Total Solar plant capacity including phase 2(solar plant) is 1788KW.
- Replacement of AHU Motors and blowers with Multi motor control BLDC Motor with Inbuilt blowers in 5 AHUs' resulted in annual savings of 231 MWh.
- By Installation of Air boss Controller within the compressor line has led to reduced artificial demand which resulted in savings of 54 MWh.
- Through Installation of Separate

Compressor line for High-pressure system by separating the current line led to reduced Compressed air pressure through PRV which achieved savings of 45 MWh.

- By connecting the incoming water line directly to Utilities in place of a current incoming tank, transfer pump has been eliminated which resulted in savings of 35 MWh.
- By providing Occupancy sensors control on rooftop lighting, savings of 3 MWh have been achieved.

- **Conservation of Water:**

- Bio cakes usage along with increased hose down frequency in urinals, a waterless system has been achieved with a savings of 750 KL.
- Usage of RO Reject water in Domestic flushing a savings of 250 KL has been achieved.
- Reduction in hand wash operating time from 10 sec to 5 sec resulted in saving of 600 KL.
- Aerators were fixed for all the taps in the kitchen, resulting in a saving of 200 KL.

B. Technology Absorption:

Section E: Principle-wise performance

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability.

1. **Does the policy relating to ethics, bribery and corruption cover only the Company? Yes / No. Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?**

Yes, Colgate is committed to dealing legally and ethically in all aspects of business dealings. Colgate’s goal is to ensure that Colgate People and the third parties with whom we work reflect the same high ethical standards and demonstrate a commitment to compliance with all applicable laws. Colgate’s reputation depends on the conduct of its employees as well as the conduct of its third parties.

Colgate has a stringent anti-bribery policy viz. Global Anti-Bribery Policy that recognizes the local anti-bribery laws of the country in which we do business as well as the US Foreign Corrupt Practices Act which has extra-territorial jurisdiction. The Company rigorously follows the Policy in true letter and spirit without any deviation and expects all of its third party

partners to comply with the Global Anti-Bribery Policy as a strict mandate.

Colgate People as well as all third party partners acting on behalf of Colgate or in connection with Colgate business are strictly required to follow the Colgate Global Anti- Bribery Policy in letter and spirit without any deviation. For this purpose, Colgate employees are provided online training on the Policy, its expectations and reporting mechanism on an annual basis. They are also informed on the importance of monitoring its third party/ies engaged on behalf of Colgate from time to time.

In addition to prohibiting bribery of government officials, Colgate also recognizes the importance of sensitizing its employees and third parties against commercial bribery and strictly prohibits from engaging in bribery of private parties.

Colgate has a robust Anti-Bribery Due Diligence process for its Vendors, Suppliers and other stakeholders dealing with the Government or statutory authorities on behalf of the Company, in accordance with its Global Anti-Bribery Policy. Colgate has a zero tolerance for any breach of its Policy.

2. **How many stakeholder complaints have been received in the past Financial Year and what percentage was satisfactorily resolved by the management?**

The Company received 6 (six) code of conduct complaints during the Financial Year 2019-20 which was duly investigated and appropriate action was taken. The numbers of complaints under POSH Act and before the Consumer Dispute Redressal Forums are provided in further sections of this report.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and / or opportunities.**

- Colgate is committed to improving the sustainability profile of its packaging, through regular evaluation of materials and processes. For example, cartons that have lower thickness contribute to improved biodegradability and recyclability.
- Most of the toothpaste cartons of the

Company are made of recycled paper board which can be further recycled. Additionally, all shippers are made from recycled paper and can be further recycled.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

i. Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain?

We ensure sourcing raw material and packaging material from the suppliers who are located close to our manufacturing facilities. In most of the cases, we source packaging material locally. The secondary and tertiary packaging material has the potential of being reused and recycled.

ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Our manufacturing plants all across India continue to work on Save Water by engaging teams to identify, quantify and implement pragmatic ideas and most importantly inculcate the culture of saving water, all the efforts have resulted in considerable savings of water in our manufacturing locations.

At Colgate, we understand the importance of availability of water for human development. Since 2013, Colgate has partnered with Water For People and reached out to communities in West Bengal and Bihar with a water program. Key objective of the program is to focus on availability, accessibility and quality of water. This goes aligned to the objectives of Jal Shakti Abhiyan and Jal Jeevan Mission, which adds to the SDG objective of universal and equitable access to safe and affordable drinking water for all.

A collaborative and engaging approach to this objective has been successfully executed to ensure ownership and sustainability. At the community level, Water For People India established Water User Committees (WUCs) at each of the water points that were constructed or rehabilitated. So far, 1639 WUC members have been trained by Water for People

and their supporting partners or members, to effectively operate and manage their communities' water systems. WUCs are empowered to ensure water point functionality by strengthening its tie up with Jalabandhus and Nirmal Bandhus - the network of private, mobile mechanics who are skilled to operate and maintain water points and are also linked with local Governments through WUCs or NGO resources on the ground. So far, 196 Jalbandhus and Nirmal Bandhus are skilled which have about 50% of women representation. A strong Water, Sanitation and Hygiene (WASH) Program is running, which is creating awareness and sensitization amongst the younger generations for saving water, ensuring no leakages and maintaining proper hygiene/sanitation in the schools. WASH program is supported by relevant ICE material and through pictorial presentations. The Water program in these locations have been able to replenish 780,229,136 Litres of water for the communities.

Keeping our commitment for Water, in 2018, Colgate India had expanded its partnership to the tribal villages of Amravati district in Maharashtra with Water For People India Trust. The program aims to support projected cumulative coverage to 36 villages by 2022. Work is in progress as per planned milestones in collaborations and engagement with local communities, local and district level government authorities and stakeholders. Innovative solution to water testing is executed through water quality testing toolkits which are handy to test bacterial contamination. Local youth and women are trained to carry out these tests. So far the program has been able to replenish 49,275,800 Litres of water. The villages reached so far, have water safety and security plans duly ratified by Gram Panchayats. Details of Maharashtra program can be found in Annual CSR Report - Annexure 2.

Continuing the efforts and focus to support communities with water, Colgate India expanded its efforts on Water Availability in partnership with NGO Seva Mandir in tribal villages of Udaipur, Rajasthan. Through a feasibility study, it was observed that Water distress in these villages was forcing villagers to migrate as it was

limiting their opportunity for agriculture and other livelihood opportunities. Apart from farming /agriculture and livestock livelihood opportunities, there are not many sources of income generation in these villages hence migration. Women and girls in the households have to travel to fetch drinking water and water for cattle. To support these communities with livelihood opportunities and availability of water, the program was launched in 09 tribal villages of Udaipur, Rajasthan. In a small time frame, the program has helped replenish 95,00,000 Litres of water enhancing 33% of the agriculture area and reducing 70% distance to fetch water. Income levels of villagers have been enhanced. Drudgery for women has been reduced considerably in these villages. Details of Udaipur program can be found in Annual CSR Report - Annexure 2.

Along with community programs on water, Colgate India launched a Save Water Cause Campaign in partnership with leading organized wholesaler Metro Cash & Carry across their stores in India. The objective of the cause campaign was to collaborate with business partners and sensitize consumers for saving water through various social or print media platforms and also to support the communities with the cause campaign funds. One month-long campaign launched on the occasion of World Water Day surely helped generate awareness for #EveryDropCounts and funds so contributed were allocated to NGO Water for People - India Trust to execute water plans of piped water connections in 02 villages in Birbhum District, West Bengal. Water plans in these villages included installation of community water points, provision of drinking water in a school and water for sanitation. A collaborative & sustainable solution on water has positively impacted lives of women and girls.

Save Water cause campaign has been running for 2 years now. In the year 2018, through this campaign, piped water connections were provided for a village and schools in 03 villages in Amravati District. Along with this, focus was given

on engaging and sensitizing communities on right use of water, ensuring operation and maintenance of infrastructure through various meetings, discussions and IEC materials

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Most of our plants are situated close to the suppliers of raw material and packaging material suppliers, thereby reducing transportation and carbon emission.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work? If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Colgate's 'Enhance Supplier Management' program helps suppliers to improve their quality, efficiencies, productiveness and waste reduction through regular audits, recommendations and an inspection process.

5. Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so

Yes, all 4 of our manufacturing sites are TRUE Zero waste Rating system from GBCI (Green Business Certification Inc.) at the highest certification status of "Platinum", this status was conferred to us in early 2019. We continue to maintain the certification as our Diversion Rating at more than 90% as per the requirements. Further, more than 90% of the waste generated during the manufacturing process at the Company's plants is being diverted to recycling. The Company has also contracted with a waste management Service Provider entity named NEPRA Environmental Solutions Pvt. Ltd. The said Service Provider is responsible for collection, sorting, processing, and recycling of an uncontaminated multi layered packaging waste from the market. This is also a part of the Extended Producers Responsibility (EPR) under Plastic Waste Management. This helps in diverting the Industrial waste towards recycling and co-processing of the waste to avoid landfills.

Principle 3: Businesses should promote the well-being of all employees.

Colgate's commitment to caring for people is manifested in the workplace through a variety of programs designed to promote and reward individual and team achievement and specifically in matters of employment:

- It is the policy, practice and aim of Colgate to provide employment opportunities to all qualified persons on an equal basis. The Company does not discriminate against any employee or applicant for employment on the basis of race, religion, disability, ethnicity, marital status or any other characteristic protected by law.

A detailed note on each program is given in the Annual CSR Report Annexure 2.

In addition to these CSR programs, Colgate India has worked with NGO partners to extend its support to the communities during difficult times of Natural Disasters / Calamities. NGO partners, who have experience and expertise such disasters, reach to the worst hit communities across different states in India. In 2019, Floods brought devastation in various parts of the country. Odisha Cyclone support was extended largely on availability of drinking water, providing communities with basic household support, provision of solar lamps and few shelter repair work. Based on rapid need assessment, support is extended in the form of immediate relief material, hygiene kits, dry ration kits etc. Subsequent floods and devastation in the states of Maharashtra, Karnataka, Bihar and Madhya Pradesh were supported by the company in partnership with the Action Aid association. The support was assessed on quick assessment and was in the form of relief materials like Dry Ration Kits, Hygiene kits, Nutrition Kits for lactating mothers, Sanitary napkins and other Household Goods for most affected families in these locations. Rehabilitation support was also extended to 626 families for shelter repair, helping with education material for the children and livelihood support of tricycles. Along with this, local business teams have extended their support on availability of oral care products through various local networks.

In the past, relief work in Tamil Nadu (2015) supported women with disabilities through immediate support and skill training. In 2018, rehabilitation interventions for vulnerable communities were supported during the Kerala Flood disaster in wards of Chengannur Block, Alleppey district.

Principle 5: Businesses should respect and promote human rights.

1. Does the policy of the Company on human rights cover only the Company or extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?

The policy for human rights forms part of the Third Party Code of Conduct of the Company. The Third Party Code of Conduct extends to the contract manufacturers, suppliers and other third parties associated with the Company.

The Program with NGO NTP+ supports the education, nutrition and overall personality grooming of the children infected/affected with HIV. NGO SEEDS with their implementation partner helps in empowerment of the less privileged and marginalized youth through employability linked skill development program.

Our association with NGO Seva Mandir has supported programs in various domains like education for children, women empowerment and water augmentations in the tribal and rural areas. Colgate supports NGO Pratham for their initiative “Read India” to support the cause of education. Our Program with NGO Action Aid aims to bring a positive impact in the lives of the children, by empowering them with computer literacy and communication skills. In line with our philosophy of everyone deserves a future to smile about, in 2019, Colgate India launched a Pan India Scholarship Program, ‘Keep India Smiling Foundational Scholarship’ which provides financial support and mentorship to deserving candidates coming from less privileged families / low income group families. The program has been launched in partnership with NGO Shikshadaan and their implementation partner Buddy4Study. Company through an agency and its direct resources implements Bright Smiles, Bright Futures™ and Oral Health Month Program to help preventive oral health & hygiene awareness and right brushing techniques for children predominantly in rural and municipality schools in various parts of the country.

3. Have you done any impact assessment of your initiative?

For a large program, NGOs/Trusts Conduct assessment of the impact of the programs / initiatives. There is a process of monitoring mechanism and reviewing impact indicators w.r.t. each program and initiative.

4. What is your Company’s direct contribution to community development projects - Amount in ₹ and the details of the projects undertaken?

The details of the community development programs/ projects and CSR expenditure are available in the CSR Report under Annexure 2 to the Board’s Report for Financial Year 2019-20.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

For a success of a program, it is pertinent that there is voice and opinion of end users even at the stage of designing the program. Overall

programs are designed with contextualization to the local level to understand geographical and sociological context. With this approach, community programs with the partnerships are executed with inclusions, collaborations and engagement. For the large programs, efforts are made on capacity building for institutions as well as program teams, which can help sustenance of the program and at the same time address systemic challenges, if any. Success of our programs is a result of this approach and key stakeholder engagement including end users and communities at large. Efforts are also made to create customised social behavior change processes through various ways. Local bodies and stakeholders are part and parcel of the decision making process and take ownership of programs. We aim to scale programs after initial few years of settling and creating a systemic approach. More details about each program is available in the Annual CSR Report under Annexure 2 to the Board’s Report for financial year 2019-20.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner.

Since the Company’s business is consumer products, our success depends upon consumer satisfaction, trust and goodwill through continuous supply of quality products to them. When a consumer expresses dissatisfaction, we address the problem promptly, courteously and fairly, and make every responsible effort to sustain or regain the consumers’ goodwill and brand loyalty. The Company believes that the consumer opinions, concerns and inquiries communicated to the Company regarding its products are important sources of information. To further strengthen its customer care system, the Company has set up a call centre at Pune by partnering with Aegis Limited, which acts as a contact centre for our consumers, providing inbound and outbound customer care support. The Company understands consumer needs and delivers world-class products that cater to the evolving needs of consumers. The Company has fair, equitable and transparent terms for all its customers.

1. What percentage of customer complaints / consumer cases is pending as on the end of Financial Year:

As on March 31, 2020, a total of 8 consumer cases were pending before various consumer courts. All these cases are sub-judice.

2. Does the Company display product information on the product label, over and above what is mandated as per local laws? Yes / No / N.A. / Remarks (additional information).

Yes, the Company displays product information on the product label, over and above what is mandated as per local laws. A few examples are the efficacy of the product, the technology used in the product and the consumer benefits attributed to the product.

3. Is there any case filed by any stakeholder against the Company regarding unfair trade practices, irresponsible advertising and / or anti-competitive behaviour during the last five years and pending as on end of Financial Year? If so, provide details thereof, in about 50 words or so.

Apart from the routine consumer cases mentioned above, there are no pending cases

against the Company regarding unfair trade practices or anti-competitive behaviour. The company had received in the normal course, some complaints with respect to its online / TVC commercials through the Advertising Standards Council of India (ASCI). All these routine complaints have been resolved satisfactorily.

4. Did your Company carry out any consumer survey / consumer satisfaction trends?

Yes, the Company regularly conducts consumer surveys and monitors consumer satisfaction trends.

Independent Auditor's Report

To the Members of Colgate-Palmolive (India) Limited

Report on the Audit of the Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Colgate-Palmolive (India) Limited ("the Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics'

issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance

with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report (Contd.)

Independent Auditor's Report for the year ended March 31, 2020

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists

related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

(c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Loss, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account

(d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended by the Companies (Indian Accounting Standards) Amendment Rules, 2018;

(e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the

operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;

(g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements – Refer Note 34 to the Ind AS financial statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- (b) The property, plant and equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment are held in the name of the company.
- (ii) The inventory has been physically verified by the management during the year. In our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii) (a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities given in respect of which provisions of section 185 of the Companies Act 2013 are applicable and hence not commented upon.
- In respect of loans and advances given provisions of section 186 of the Companies Act 2013 have been complied with by the Company.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the products/services of the Company.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, duty of custom, goods and service tax, cess and other statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a few cases of professional tax, provident fund, and custom duty.
- (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, duty of custom, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the records of the Company, the dues of income-tax, sales-tax, service tax, duty of excise, value added tax and cess on account of any dispute, are as follows:

Independent Auditor's Report (Contd.)

Independent Auditor's Report for the year ended March 31, 2020

ANNEXURE II TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE IND AS FINANCIAL STATEMENTS OF COLGATE-PALMOLIVE (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Colgate-Palmolive (India) Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these Ind AS financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these IND AS financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are

Independent Auditor's Report (Contd.)

Independent Auditor's Report for the year ended March 31, 2020

being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Ind AS financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these Ind AS financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended March 31, 2020

1A. Background:

Colgate-Palmolive (India) Limited is a subsidiary of Colgate-Palmolive, USA and a listed Company in India. The Company was incorporated on September 23, 1937 under the provisions of The Companies Act. The registered office of the company is located at Colgate Research Center, Main street, Hiranandani Gardens, Powai, Mumbai – 400076. Its shares are listed on two recognised stock exchanges in India. The Company is engaged in manufacturing/trading of toothpaste, tooth powder, toothbrush, mouthwash and personal care products.

These financial statements for the year ended March 31, 2020 were approved by the Board of Directors on May 21, 2020.

1B. Significant Accounting Policies:

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

i. Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] (as amended from time to time) and other relevant provisions of the Act.

ii. Historical Cost Convention

These financial statements have been prepared on a historical cost basis, except as disclosed in the accounting policies below:

- Certain financial assets and liabilities are measured at fair value;
- Defined Benefit Plans - plan assets measured at fair value;
- Share-Based payments; and

- Assets held for sale – measured at lower of cost and fair value less costs to sell

iii. Current versus Non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between the acquisition of assets

Notes to the Financial Statements for the year ended March 31, 2020

for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.

(b) Foreign currency translation

i. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian currency (INR), which is the Company's functional and presentation currency.

ii. Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss. Foreign currency denominated monetary assets and liabilities at the year-end are translated at the year-end exchange rates, and the resultant exchange difference is recognised in the Statement of Profit and Loss. Non-monetary foreign currency items are carried at cost.

(c) Property, plant and equipment

Property, plant and equipment are stated at historical cost less depreciation and impairment loss, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items including capital spares which are identified as a part of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic

benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

Capital Work-In-Progress

Cost and direct expenses incurred for construction of assets or assets to be acquired, which are not ready to use in the manner intended by the management are disclosed under Capital Work- In-Progress.

Depreciation methods, estimated useful lives and residual value

The useful lives of the assets are based on technical estimates approved by the Management, and are lower than or same as the useful lives prescribed under schedule II to the Companies Act, 2013 in order to reflect the period over which depreciable assets are expected to be used by the Company. Depreciation is calculated on a pro-rata basis on the straight line method so as to write-down the cost of property, plant and equipment to its residual value systematically over its estimated useful life based on useful life of the assets as prescribed under Part C of Schedule II to the Companies Act, 2013 except in case of following assets, wherein based on internal assessment and technical evaluation, a different useful life has been determined.

Notes to the Financial Statements for the year ended March 31, 2020

Asset Class	Useful Life
Residential and Office Buildings	40 years
Factory Buildings	20 years
Plant and Equipment	7 to 15 years
Dies and Moulds (included in Plant and Equipment)	3 years
Furniture and Fixtures	5 years
Office Equipment (including Computer Servers)	5 years

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

(d) Leases

As a Lessee

The Company adopted Ind AS 116 with modified retrospective method i.e. no change to prior period financial statements and has applied the standard to contracts or arrangements that were previously identified as leases applying Ind AS 17.

At the commencement date of a lease, the Company recognises a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Right-of-use assets are measured at cost, less any accumulated depreciation, impairment losses and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized and lease payments made at or before the commencement date. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date.

After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification or a change in the lease term. The Company separately recognises the interest expense on the lease liability as finance cost and the depreciation expense on the right-of-use asset.

The Company accounts for a lease modification as a separate lease when both of the following conditions are met:

- The modification increases the scope of the lease by adding the right to use one or more underlying assets.
- The consideration for the lease increases commensurate with the standalone price for the increase in scope and any adjustments to that stand-alone price reflect the circumstances of the particular contract.

For a lease modification that fully or partially decreases the scope of the lease the Company decreases the carrying amount of the right-of-use asset to reflect partial or full termination of the lease. Any difference between those adjustments is recognized in profit or loss at the effective date of the modification.

The Company has elected to use the exemptions proposed by the standard on lease contracts for which the lease terms ends within 12 months as of the date of

Notes to the Financial Statements for the year ended March 31, 2020

initial application, and lease contracts for which the underlying asset is of low value which is considered to be ₹ 3.5 Lakhs.

As a Lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(e) Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Investment properties are depreciated using the straight-line method over their estimated useful lives which is 40 years.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit

is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

(f) Intangible assets

Intangible Assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment loss, if any.

Amortisation

Intangible assets comprise Goodwill, Trademarks, Copyright and Technical Know-how. Intangible assets (other than Goodwill) are amortised over the useful life of assets, not exceeding 10 years.

The estimated useful life and amortization methods are reviewed at the end of each annual reporting period, with the effect of any changes in the estimate being accounted for on a prospective basis.

Expenditure on research is recognized as an expense when it is incurred. Development costs of products are also charged to the Statement of Profit and Loss unless all the criteria for capitalization have been met by the Company. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

(g) Impairment of non-financial assets

At each balance sheet date, the Company reviews whether there is an indication that an asset may be impaired. If any

Notes to the Financial Statements for the year ended March 31, 2020

indication exists, the company estimates the recoverable amount of its assets other than inventory and deferred tax. An impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is determined as higher of the asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the levels for which there are separately identifiable cash flows (cash generating unit). Assessment is done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in the prior accounting period may no longer exist or may have decreased. An impairment loss is reversed to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

(h) Inventories

Inventories of raw and packing materials, stores, work-in-progress, finished goods and stock in trade are valued at lower of cost and net realisable value.

- Cost is determined using standard cost method that approximates actual cost.
- Cost of work-in-progress and finished goods includes materials, labour and manufacturing overheads and other costs incurred in bringing the inventories to their present location and condition.

Spares that do not qualify to be recognized as Property, Plant and Equipment are included in stores and spares.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(i) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at

amortised cost net of any expected credit losses, if any. The Company provides for expected credit losses based on the probability of defaults that are possible over the life of the asset.

(j) Cash and Cash equivalents

For the purpose of presentation in the Statement of cash flows, cash and cash equivalents include cash in hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(k) Financial Assets:

i. Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, except in the case of financial assets not recorded at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed through the Statement of Profit and Loss.

ii. Subsequent measurement

For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments

Notes to the Financial Statements for the year ended March 31, 2020

in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in Statement of Profit and Loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

Fair value through Other Comprehensive Income (FVOCI)

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Statement of Profit and Loss. Interest income from these financial

assets is included in other income using the effective interest rate method.

Fair value through Profit or Loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through Profit or Loss is recognised in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

iii. Derecognition

A financial asset is derecognised only when:

- the rights to receive cash flows from the financial asset have expired, or
- the Company has transferred its rights to receive cash flows from the financial asset or has assumed an obligation to pay the received cash flows to one or more recipient

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset. Expected credit losses are recognized for all financial assets subsequent to initial recognition.

Notes to the Financial Statements for the year ended March 31, 2020

(l) Financial Liabilities

i. Classification as liability or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii. Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit or loss.

iii. Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iv. Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are usually unsecured. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value.

Provisions

The Company recognises a provision when there is a present legal or constructive obligation as a result of a past event that probably requires an outflow of resources

and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as an interest expense.

Contingent Liability

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

(m) Revenue from operations

i. Sale of goods

The Company's revenue contracts represent a single performance obligation to sell its products to trade customers. Sales are recorded at the time control of the products is transferred to trade customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for the products. Control is the ability of trade customers to direct the use of and obtain the benefit from our products. In evaluating the timing of the transfer of control of products to trade customers, the Company considers transfer of significant risks and rewards of products and the probability of flowing of future economic benefit to the Entity as per the terms of the Contract which usually coincide with the delivery of the goods.

Sales are recognized at the fair value of the consideration that can be reliably measured and reduced by variable consideration.

Notes to the Financial Statements for the year ended March 31, 2020

Variable consideration includes sales returns, trade discounts, volume based incentives, cost of promotional programs, indirect taxes as may be applicable.

The Company provides volume based incentives to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract. Incentives are offset against amounts payable by the customer. To estimate & recognize a liability for the incentives, the Company applies methods which best predicts the amount of incentive and is primarily driven by the number of volume thresholds contained in the contract. The volume incentive is estimated at contract inception and recognized when it is highly probable that significant revenue reversal will not occur.

Company's contracts with trade customers do not have significant financing components or non cash consideration and the Company does not have unbilled revenue or significant amounts of prepayments from customers.

The company pays sales commission to its employees for contract that they obtain for sales of goods and immediately expensed out sales commissions (included under employee benefits).

Contract balances

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs its obligation to transfer goods or services under the contract.

ii. Service Income

Service Income is recognised on cost plus basis as per the terms of the contract with customers, as and when the service is performed.

iii. Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

iv. Rental income

Rental income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

v. Government Grant

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. Ind AS 20 permits the grant to be recognised in profit or loss. The Company has chosen to present grants related to an expense item as other operating income in the statement of profit and loss.

Notes to the Financial Statements for the year ended March 31, 2020

(n) Employee Benefits

i. Short Term Employee Benefits

Liabilities for salaries, wages and performance incentives including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefits obligations in the Balance Sheet.

ii. Long term employee Benefits

• Defined Contribution Plans

Provident Fund, Superannuation Fund and Employee's State Insurance:

The Company has Defined Contribution Plans for its employees such as Provident Fund, Superannuation Fund, Employee's State Insurance etc. and contribution to these plans are charged to the Statement of Profit and Loss as incurred, as the Company has no further obligation beyond making the contributions.

• Defined Benefit Plans

Gratuity:

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating

to the terms of the related obligation. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of profit and loss as past service cost. Remeasurements are not reclassified to Profit or Loss in subsequent periods.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Provident Fund:

In respect of certain employees, Provident Fund contributions are made to a Trust administered by the Company. The interest rate payable by the trust to the beneficiaries every year is notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investment of the trust and interest as per the notified rate. The Company's liability is actuarially determined (using the Projected Unit Credit Method) at the end of the year. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of profit and loss as past service cost. Remeasurements are not

Notes to the Financial Statements for the year ended March 31, 2020

reclassified to Profit or Loss in subsequent periods.

Pension:

The Company provides for retirement/post-retirement benefits for certain employees in the form of Pension (Non-funded) which are in the nature of Defined Benefit Plans. Such benefits are provided for on the basis of an independent actuarial valuation done at the year-end using Projected Unit Credit Method. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur directly in other comprehensive income. They are included in retained earnings in the Statement of changes in Equity and in the Balance Sheet. Remeasurments are not reclassified to profit or loss in subsequent periods.

Compensated Absences:

Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year and are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Voluntary Retirement Scheme:

Expenditure on voluntary retirement scheme is charged to the Statement of Profit and Loss in the year in which incurred.

iii. Share based Payments

The Company does not provide any equity-based compensation to its employees. However, the parent Company, Colgate Palmolive Company, U.S.A. ("the grantor") maintains equity incentive plans that provide for the grant of stock-based awards to its executive directors and certain categories of officers and employees. The 2009 Executive Incentive Compensation Plan and 2013 Incentive Compensation Plan ("Incentive Plan") provides for the grant of non-qualified and incentive stock options, as well as restricted stock units which are together referred to as employee stock options. Exercise prices in the case of non-qualified and incentive stock options are not less than the fair value of the underlying common stock of the grantor on the date of grant.

A stock option gives an employee, the right to purchase shares of Colgate Palmolive Company common stock at a fixed price for a specific period of time. Stock options generally have a term of six years and vest over three years.

A restricted stock unit (RSU) provides an employee with a share of Colgate Palmolive Company common stock upon vesting. Restricted stock units vest in annual installments generally over a period of three years. Dividends will accrue with each restricted stock unit award granted subsequent to grant date.

Employee Stock Options (ESOPs') issued by the parent entity are accounted for as equity-settled as the Company has no obligation to settle the share-based payment transaction and also the shares are of parent Company.

Company recognises the expense over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied, as determined on the grant date, based on the fair value of the options/RSUs. At the end of each period, the entity revises its estimates of

Notes to the Financial Statements for the year ended March 31, 2020

the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the Statement of Profit and Loss, with a corresponding adjustment to equity.

In case where there is a clear link between the recharge from the parent company and the expense, Company will account the recharge as capital distribution even if the amount of recharge is more than the expense recognised over the vesting period (as the recharge is based on the intrinsic value)

In case where the employee has not served the Company during the vesting period and for which they get the debit note from parent, the cost is debited to management recharge expense.

Further, where the management recharge is not expected from the parent entity as the employee has been relocated to another group company i.e. the employee is not expected to render future services to the Company at the time of exercise of option, the Company transfers the proportionate amount of share options outstanding account related to such employees to Retained Earnings, after taking into consideration the probability of employees re-locating back to the Company.

(o) **Income Tax**

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with prevailing income tax law. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Upon adoption of the Appendix C to Ind AS 12, the Company evaluated whether it has

any uncertain tax positions which requires adjustments to provision for current tax. The Company has ongoing disputes with Income Tax Authorities on various matters. In respect of certain allowance/deductions, it is probable that such positions will not be accepted by Tax authorities and hence the same have been considered and adequately provided for while calculating current tax provision of the respective years. In respect of certain allowances/ deductions taken by the Company, it is probable that such disputes will be accepted by Tax authorities and hence the same have been considered and disclosed as a part of Contingent Liability. Adoption of this appendix has not resulted any impact on the financial statements of the Company.

• **Current Tax**

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

• **Deferred Tax**

Deferred tax is recognised for all the deductible temporary differences by using the liability method, only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company

Notes to the Financial Statements for the year ended March 31, 2020

reassesses unrecognised deferred tax assets, if any.

Deferred tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or in equity. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

(p) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (“CODM”). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Finance Director of the Company. The Company has identified ‘Personal Care (including Oral Care)’ as its only primary reportable segment, which primarily includes products such as Soaps, Cosmetics and Toilet Preparations.

(q) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

(r) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

(s) Contributed Equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(t) Earnings Per share

i. Basic Earnings per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

ii. Diluted Earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2. Critical accounting estimates and judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Notes to the Financial Statements for the year ended March 31, 2020

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 30)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 3)
- Estimation of taxes (Note 21 and 33)
- Estimation of impairment of trade receivables (Note 9)
- Estimation of provision and contingent liabilities (Note 26 and 34)
- Estimation of Share based payments to employees (Note 39)

- Estimation of variable consideration in respect of revenue recognition (Refer Note 1B(m) and Note 27)

Estimates and judgments are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

2A. Standards issued but not yet effective

Ind AS 8.30 requires disclosure of standards that have been issued but are not yet effective.

Since there were no standards issued but not effective till date, this disclosure is not applicable.

Performance obligation

The Company's revenue contracts represent a single performance obligation to sell its products to trade customers. Sales are recorded at the time control of the products is transferred to trade customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for the products. Control is the ability of trade customers to direct the use of and obtain the benefit from our products. In evaluating the timing of the transfer of control of products to trade customers, the Company considers transfer of significant risks and rewards of products and the probability of flowing of future economic benefit to the entity as per the terms of the Contract which usually co-incide with the delivery of the goods. The performance obligation for service Income is satisfied as and when the service is performed.

The payment terms include advance payment and credit given to certain customers.

The nature of goods includes personal care (including oral care) and Research and Development service income.

Note 36: Segment Information

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the Company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Managing Director and Finance Director of the Company. The Company operates only in one Business Segment i.e. 'Personal Care (including Oral Care)' which primarily includes products such as Soaps, Cosmetics and Toilet Preparations and the activities incidental thereto within India, hence does not have any reportable Segments as per Ind AS 108 "Operating Segments". The performance of the Company is mainly driven by sales made locally and hence, no separate geographical segment is identified.

Note 39 - Share Based Payments

(a) Employee option plan

The Company does not provide any equity-based compensation to its employees. However, the parent company, Colgate-Palmolive Company, U.S.A. ("the grantor") maintains equity incentive plans that provide for the grant of stock-based awards to its executive directors and certain categories of officers and employees. The Parent's Incentive Plan provides for the grant of non-qualified and incentive stock options, as well as restricted stock units. Exercise prices in the case of non-qualified and incentive stock options are not less than the fair value of the underlying common stock on the date of grant.

A stock option gives an employee, the right to purchase shares of Colgate-Palmolive Company common stock at a fixed price for a specific period of time. Stock options generally have a term of six years from the date of grant and vest over a period of three years.

A restricted stock unit provides an employee with a share of Colgate-Palmolive Company common stock upon vesting. Restricted stock units vest generally over a period of three years. Dividends will accrue with each restricted stock unit award granted subsequent to the grant date.

The details pertaining to number of options, weighted average price and assumptions considered for fair value are disclosed below:

Fair Value of options granted

The fair value at the grant date of options granted during the year ended March 31, 2020 was ₹ 747.06 per option (March 31, 2019 : ₹ 617.53 per option). The fair value at grant date is determined using the Black-Scholes Model which takes into account the exercise price, expected volatility, option's life, the share price at grant date, expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The model inputs for the options granted during the year ended March 31, 2020 and March 31, 2019 are as below:

Particulars	March 31, 2020	March 31, 2019
Expected volatility (%)	19.20%	17.70%
Expected life of the options	6 years	4.5 years
Risk free interest rate(%)	1.54%	2.80%
Grant Year	2019	2018
Expiry Year	2029	2024
Expected dividend (%)	2.35%	2.46%

The risk free interest rates are determined based on the zero-coupon sovereign bond yields with maturity equal to the expected term of the option. The expected volatility was determined based on the volatility of the equity share for the period of one year prior to issue of the option. Volatility calculation is based on historical stock prices using standard deviation of daily change in stock price. The historical period is taken into account to match the expected life of the option. Dividend yield has been calculated taking into account expected rate of dividend on equity share price as on grant date.

Note 41 - Financial Risk Management

Inherent to the nature of the Company's business are a variety of financial risks, namely liquidity risk, market risk and credit risk. Developing policies and processes to assess, monitor, manage and address these risks is the responsibility of the Company's Management. The Risk Management Committee oversees this risk management framework in the Company and intervenes as necessary to ensure there exists an appropriate level of safeguards against the key risks. Updates on compliance, exceptions and mitigating action are placed before the Audit Committee periodically. Risk management policies and systems are reviewed regularly to reflect changes like major changes in ERP systems or go to market model, changes in organization structure, events denoting material change in the risk environment, etc.

Notes to the Financial Statements for the year ended March 31, 2020

The Company's Management works closely with its Treasury department and Internal Audit department to ensure there are appropriate policies and procedures governing the operations of the Company with a view to providing assurance that there is visibility into financial risks and that the business is being run in conformity with the stated risk objectives. Periodic reviews with concerned stakeholders provides an insight into risks to the business associated with currency movements, credit risks, commodity price fluctuations, etc. and necessary deliberations are undertaken to ensure there is an appropriate response to the developments.

A MANAGEMENT OF LIQUIDITY RISK

The Company follows a conservative policy of ensuring sufficient liquidity at all times through a strategy of profitable growth, efficient working capital management as well as prudent capital expenditure and dividend policies. The Company has a overdraft facility with banks to support any temporary funding requirements. The Company is cognizant of reputational risks that are associated with the liquidity risk and the risk is factored into the overall business strategy.

The Company's treasury department regularly monitors the rolling forecasts to ensure it has sufficient cash on an on-going basis to meet operational needs. Any short term surplus cash generated by the operating entities, over and above the amount required for working capital management and other operational requirements, is retained as cash and cash equivalents (to the extent required) and any excess is invested in interest bearing term deposits and debt investments with appropriate maturities to optimise the cash returns on investments while ensuring sufficient liquidity to meet its liabilities.

As at March 31, 2020, the Company had undrawn letter of credit facilities in aggregate of ₹ Nil (March 31, 2019: ₹ Nil).

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date.

B MANAGEMENT OF MARKET RISK

The Company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- currency risk;
- commodity price risk;

The above risks may affect the Company's income and expenses, or the value of its financial instruments. The objective of the Company's Management of market risk is to maintain this risk within acceptable parameters, while optimising returns. The Company's exposure to, and management of, these risks is explained below.

POTENTIAL IMPACT OF RISK	MANAGEMENT POLICY	SENSITIVITY TO RISK
<p>1. CURRENCY RISK</p> <p>The Company is subject to the risk of changes in foreign currency values that impact costs of imported raw material (directly and by local suppliers), import of finished goods, equipment for expansion at the plants, expatriate costs, service income, reimbursement of expenses, service related charges from overseas related and third parties as well as revenue from exports. Receivable and Payable having foreign currencies denomination in the balance sheet will also be impacted.</p> <p>As at March 31, 2020, the unhedged exposure to the Company on holding financial assets and liabilities other than in its functional currency amounted to ₹ 42,89.9 Lakhs and ₹ 42,51.36 Lakhs respectively (March 31, 2019 : 37,94.28 Lakhs and ₹ 51,72.01 Lakhs)</p>	<p>The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to USD, Euro, and Chinese Yuan. The Company's business model incorporates assumptions on currency risks and ensures any exposure is covered through the normal business operations. This intent has been achieved in all years presented.</p>	<p>As an estimation of the approximate impact of the residual risk, with respect to financial instruments, the Company has calculated the impact of a 1% change in exchange rates.</p> <p>A 1% strengthening of the INR against key currencies to which the Company is exposed at year end would have led to approximately an additional ₹ 0.39 lakhs pre-tax loss in the Statement of Profit and Loss (2018-19 : ₹ 13.78 lakhs pre-tax gain). A 1% weakening of the INR against these currencies would have led to an equal but opposite effect.</p> <p>A 1% strengthening of the INR against key currencies would have led to approximately an additional pre-tax gain of ₹ 8,45 lakhs in the Statement of Profit and Loss (2018-19 : ₹ 7,67 Lakhs pre-tax gain). A 1% weakening in currency prices would have led to an equal but opposite effect.</p>
<p>2. COMMODITY PRICE RISK</p> <p>The Company is exposed to the risk of changes in commodity prices in relation to its purchase of its raw materials especially corn, carton board, resins and palm oils.</p>	<p>The Company develops periodic financial forecasts based on commodity price forecasts by its Procurement group and appropriate actions including selling price changes and cost saving measures to reduce the impact of commodity price changes is considered as part of the financial modelling.</p>	<p>A 1% increase in commodity prices would have led to approximately ₹ 5.99 lakhs additional loss in the Statement of Profit and Loss (2018-19: ₹ 6,19 Lakhs loss). A 1% weakening in commodity prices would have led to an equal but opposite effect.</p>

C MANAGEMENT OF CREDIT RISK

Credit risk is the risk of financial loss to the Company if a customer or other counter-party fails to meet its contractual obligations.

Trade Receivables

Trade receivables are subject to credit limits, controls and approval processes. A majority of customers pay prior to shipment, thereby reducing exposure to trade receivables significantly. Due to a large customer base, the Company is not exposed to material concentration of credit risk. Basis the historical experience supported by the level of default, the credit risk in case of trade receivable is low and so trade receivables are considered to be a single class of financial assets. (Refer Accounting Policy 1 B (i) on trade receivables.)

The gross carrying amount of trade receivables is ₹ 132,56.43 Lakhs as at March 31, 2020 and ₹ 209,78.64 Lakhs as at March 31, 2019.

Other financial assets

The Company maintains exposure in cash and cash equivalents, term deposits with banks and investments in debt instruments. The Company has concentrated its main investment activities with a limited number of counter-parties which have secure credit ratings, to reduce this risk. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Company's Treasury department.

Note 42 - Capital Management

The Company's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimise returns to our shareholders. The Company considers the following components of its Balance Sheet to be managed capital:

1) Share Capital, 2) Share Premium and 3) Other Reserves comprising of General Reserve and Retained Earnings.

The Company's capital structure is based on the Managements assessment of the balances of key elements to ensure strategic decisions and day to day activities. The capital structure of the Company is managed with a view of the overall macro economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Company, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Company.

Notes to the Financial Statements for the year ended March 31, 2020

The Company's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Company.

In order, to maintain or adjust the capital structure, the Company will take appropriate steps as may be necessary. The Company does not have any debt or financial covenants.

Note 43: The Company has certain dues to suppliers registered under Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED Act'). The disclosures pursuant to the said MSMED Act are as follows:

(vii) Further interest remaining due and payable for earlier years	0.56	-

* The principal amount represents amount outstanding (due as well as not due) as at the Balance Sheet date.

** Includes interest on amounts outstanding as at the beginning of the accounting year.

Note 44: Exceptional Item for the year ended March 31, 2019 represents profit before tax of ₹ 34,11.57 Lakhs on the sale of the Company's former factory leasehold land and buildings at Aurangabad, Maharashtra and ₹ 3,61.05 Lakhs on severance and related expenses.

Note 45: Subsequent to year end, the Company has declared a Second Interim Dividend of ₹ 16/- per share aggregating to ₹ 435,18 Lakhs on May 21, 2020 which will be paid on and from June 16, 2020. For the financial year 2018-19, subsequent to year ended March 31, 2019, the Company had declared a Special Interim Dividend of ₹8/- per share aggregating to ₹ 262,31 Lakhs (including dividend distribution tax) on May 27, 2019. In accordance with the provisions of Ind AS 10, these dividends are not recognised as a liability for the respective years.

Note 46: Effective April 1, 2019, the company adopted Ind AS 116 "Leases", applied to all contracts having lease components existing on April 1, 2019 using the modified retrospective method. Accordingly, comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. The Company has measured the Right-of-use asset and lease liability based on the remaining lease period and payments discounted using the incremental borrowing rate as of the date of initial application. On initial date of application, the adoption of the new standard resulted in recognition of Right-of-use asset (ROU) of ₹ 215,22.38 lakhs (including leasehold land) and a lease liability of ₹ 121,44 lakhs. The Company has accounted amortisation on ROU and finance cost on lease liability in the statement of Profit and Loss. The effect of this adoption is not significant on the profit for the year and earning per share.

Note 47: The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of property, plant and equipment, Investments, Inventories, receivables and other current assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions including conditions in India because of this pandemic, the Company, as at the date of approval of these financial results has assessed impact on expected future performance of the Company by using internal and external sources of the information. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of the assets are fully recoverable. The Company, being into the business of essential products, currently believes that the impact of COVID-19 on the Company's financial statement may not be material. The management continues to evaluate impact of COVID-19 situation on the Company.
