Jewellery worth Rs 2.9 lakh stolen in Ahmedabad

AHMEDABAD: In two thefts, in Satellite and Sabarmati, jewellery worth a total of Rs 2.9 lakh was reported stolen. In the first complaint, Apruva Desai, 70, a resident of Himmatlal Park, Satellite, stated that gold and silver jewellery worth Rs 1.68 lakh had been stolen from his house. Desai stated that he had gone to Assam.

Exports slide, profits wear thin for Gujarat denim majors, MSMEs

AHMEDABAD: The ripples of the economic upheaval in Europe, Latin America and the US following the Russia-Ukraine war are being felt in India's denim capital - Gujarat. Slowing demand in major export markets and relatively muted domestic demand coupled with volatility in cotton prices seem to have eroded profits and revenues of denim majors as well as MSMEs in the sector. Denim majors like Arvind, Nandan Denim and Vishal Fabrics have reported decline in revenues during the third quarter of the current fiscal, due to declining demand for denim. For instance, Arvind's denim exports dropped from 18 million metres to 6 million metres, down 66% during the same period, whereas domestic volumes dropped from 8 million metres to 4 million - down 50%.

This may have resulted in revenues from denim declining from Rs 1,917 crore in the third quarter of FY 2022 to Rs 1,549 crore in the corresponding quarter in the current fiscal year, down by 25%. Even quarter on quarter, the revenues from denim were down by about 12%. Similarly, Nandan Denim's revenues from operations during the third quarter declined 55% down from Rs 58,317 lakh to Rs 26,223 lakh in a year. The Chiripal Group-owned Vishal Fabrics posted a 10% decline in its revenues during the quarter which stood at Rs 38,78 lakh. Interestingly, share prices of each of the denim majors have nosedived at least 30% in a year. Industry players attribute the decline in revenues to eroding demand in both export as well as domestic markets. Export-oriented MSMEs witnessed a reduction of at least 60-70% in their exports. Explaining the scenario, Kumar Aggarwal, CEO of a denim manufacturing company, said, "The denim export markets is hitting the industry hard. Units heavily dependent on exports tend to be affected as the denim demand has nosedived since the war began." Cotton price fluctuations are another key reason for declining demand for denim fabric, "Since Covid-19, denim fabric prices have gone up by an estimated 30% due to a hike in cotton prices.
