To Keep UPI Open, Paytm May Switch to Third-party App Mode

Fintech co in talks with NPCI; may issue new addresses from March

Pratik Bhakta

Bengaluru: One 97 Communications, which runs payment application Paytm, is focusing on the third-party payment app (TPA) route to ensure that the Unified Payments Interface (UPI) remains open for its users, people aware of the matter told ET.

Discussions on this have started with the National Payments Corporation of India (NPCI), one of the persons said. NPCI runs the UPI ecosystem in the country. Currently, those using Paytm to make UPI payments have virtual payment addresses (VPA) ending in @paytm.

After March 1, customers might find this changing to some other bank's handle. Paytm aims to use three or more banks to start issuing new VPAs to its customers.

NPCI runs the UPI ecosystem in India

from next month, said the people cited above. HDFC Bank, Axis Bank and Yes Bank are in contention for the consumer-facing UPI payments business of Paytm, just like they are looking to support the nodal accounts of its members.

The Reserve Bank of India ordered Paytm Payments Bank on January 30 to stop all basic payment services through various platforms and technology railroads, including UPI, from February 28.

For merchant payments, the process

might be slightly more complicated — the banks may insist on fresh know your customer (KYC) verification. But for consumers using Paytm for UPI, the service can continue with the VPA change in the background, said the people cited above.

"Since Paytm Payments Bank will stop offering payment services, the Paytm app will become a third-party app going forward, integrating UPI through other banks," said one of the people cited above.

Paytm will then join the likes of PhonePe, Google Pay, Amazon Pay and others. There are 22 TPAs working on UPI. Banks like Axis Bank, HDFC Bank, ICICI Bank support multiple fintechs through the TPAP system. Typically, banks and fintechs use addressees that are a mix of both their brand names. For instance, Google uses 'gic' as a prefix to the bank name, taken from the phrase 'Oh Google'. PhonePe's VPA issued through Yes Bank uses 'Yes'.

After Paytm Payments Bank was asked to stop offering basic banking services from March 1, ET reported February 7 that @paytm will cease to operate from that date.

Sharma Wanted to Exit the Board, Remove Paytm from Bank's Name

HOWEVER... Plans were not carried out and he remained on payments bank board

Divijay Mishra

Bengaluru: Vijay Shekhar Sharma, founder of Paytm and part-time chairman of Paytm Payments Bank, considered resigning from the bank's board and removing 'Paytm' from the bank's name to quell mounting regulatory and compliance pressures on the fintech firm, said people aware of the matter. Sharma, however, did not carry out his plan and remains on the board of Paytm Payments Bank.

The discussions took place against the backdrop of the recent action by the Reserve Bank of India (RBI). They announced guidelines on the issue has been a source of contention for several other banks as well where the regulator has sent directives on management and board changes.

"There was a discussion at the board level for him to step back amid rising queries from the regulator. The show cause notice on compliance issue was expected around December," a person aware of the matter said. "There was an idea that they should remove Paytm to maintain arm's length distance between the bank and the Paytm app."

Vijay Shekhar Sharma

INDEPENDENT DIRECTORS RESIGN

Meanwhile, at least two independent directors have resigned from the bank's board. Shrinani Kumar, a former Bank of America and PricewaterhouseCoopers (PwC) executive, resigned in December, said the people cited above.

The second board member — Manju Agrawal, a former deputy managing director of State Bank of India (SBI), had also said to have exited the board, according to reports.

One97 Forms New Panel to Strengthen Compliance Aspects

Our Bureau

Bengaluru: One97 Communications, the parent entity that owns and operates the Paytm brand, has formed a group advisory committee to improve compliance and navigate regulatory challenges.

The three-member committee will be led by former Securities and Exchange Board of India (Sebi) chairman Meervel Damodaran. One97 said in a stock exchange filing on Friday.

The other members are Mukund Manohar Chitale, former president, Institute of Chartered Accountants of India (ICAI) and former chairman of the National Advisory Committee on Accounting Standards (NACAS), and Ramachandran Rajaraman, former chairman and managing director of Andhra Bank.

Triple Riding: 22-Yr-Old Dies, 2 Injured As Bike Hits Grille

Most Violators In 18-25 Age Group, Max Offenders In W Delhi

Siddhiv.Singh@timesgroup.com

New Delhi: Three men on a motorbike, who were travelling at high speed, collided with a road grille in outer Delhi's Mangolpuri, leading to the death of the 22-year-old rider. The two pillion riders were injured.

One of the pillion riders claimed that he had asked his friend to slow down, but he didn't listen to him.

Police said that at least on Wednesdays they were going from Pitampura to drop the deceased, Ajay. The complainant, one of the injured, told police that he had urged Ajay several times to slow down, emphasising the risk of an accident. Subsequently, Ajay lost control and the bike collided with the road grille.

"The victims were taken to a nearby hospital by bystanders, but Ajay succumbed to his injuries," police said. Despite increased efforts by police, instances of triple riding have seen a significant surge. According to Delhi

PLAYING WITH FIRE

► From Jan to May 2023, cases of triple riding saw 83% increase compared with 2022
► Maximum violations in age group of 18-25

Nov 13 | Three men on a bike seriously injured after vehicle hits a divider on Mayapuri flyover in west Delhi
July 28 | Three people on a bike fined for recklessly driving and attempting stunts without helmets
June 18 | Three of a family die, another sustains injuries after vehicle collides with a

Dangers of triple riding
Overloading | Difficulty in manoeuvring | Impaired visibility | Reduced control | Mechanical strain | Distracted riding | Risk of falling | Increased braking distance

Traffic Police officials, 23,440 people were booked for triple riding between Jan and May last year as opposed to 11,755 in 2022, showing an almost 83% increase. Most of the violators belonged to the age bracket of 18-25, they added. In the past five years, the data shows that maximum violations had occurred in west Delhi.

In areas such as Tikka Nagar, Punjabi Bagh, Nanjot, and in north Delhi. A senior official said, "There is a misconception that triple riding often means that they are on a joyride and they would also break all other rules like jumping signals and speeding their vehicle."

Rahul Gandhi, founder of TRAX NGO, said, "A lot of times, even families try to move on two-wheelers, not realising the risk it poses to them and the other people on the road." People need to realise that two people are designed for two people and can pose manoeuvring issues when the bike is overloaded with more than two people on the vehicle, Gandhi pointed out.

The Delhi Traffic Police and the Road Safety Cell actively engage in educating two-wheeler riders, motorists as well as women and children on the dangers of triple riding at vital locations, including traffic training parks, schools, malls, markets, main roads and traffic interchanges.

The ex-gratia payment for those injured has been released. DMRC is also taking care of their treatment. An ex-gratia has also been paid to the next of kin of the deceased. The cost of the compensation amount for the deceased will be handed over to the legal heir at the earliest after due verification," said Deyal.
