Item No. 6 to the notice

To approve the voluntarily surrender of Certificate of Registration – NBFC-ND granted by RBI

The Company is registered with the Reserve Bank of India (“RBI”) as a Non-Deposit accepting Non-Banking Financial Company vide registration no. B-14.00790. Main object of the Company is to carry on Business activities of leasing and hire-purchase, to finance the industrial enterprises by way of lending and advancing money etc., to manage investment pools, mutual funds, issue of shares, stocks, securities, etc. The Company is also registered as a Mutual Fund Distributor/Advisor and holding AMFI (The Association of Mutual Funds in India) Certification.

Considering the current market scenario and business prospective, the Company voluntarily does not want to carry on the Business of a Non-Banking Financial Company ”NBFC” – Non Deposit.

The Board of Directors of the Company in their meeting held on February 12, 2021 has decided to voluntary surrender the Certificate of Registration – NBFC-ND (Regn. Number B-14.00790) granted by Reserve Bank of India.

The Company has not accepted any deposits from the public during its tenure of registration as NBFC- Non Deposit.

The Board recommends the special resolution set forth in Item no. **6** for your approval.

None of the Director or Key Managerial Personnel of the Company or their relatives are concerned or interested, financial or otherwise in the proposed resolutions set out at Item No. 6 of the Notice.

Item No. 7 to the Notice

To Approve the Related Party Transactions of the Company.

To ensure smooth operation of the Company, your Company proposes to enter into transaction(s) with related party/parties as defined in Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as applicable. The total value of the proposed related party transaction(s) could reach up to Rs. 50.00 Crore each financial year with each related party.

Section 188 of the Act and the applicable Rules framed there under provide that any Related Party Transaction will require prior approval of shareholders through resolution, if the aggregate value of transaction(s) amounts to 10% or more of the annual turnover of the Company as per last audited financial statements of the Company.

Hence, approval of the shareholders is being sought for the said Related Party Transaction(s) proposed to be entered into by your Company. Pursuant to Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended till date, particulars of the transaction(s) are available on the website of the Company i.e. <http://www.spacapital.com/CapitalServices>.

Item No. 8 to Notice

The Board of Director of the Company during their meeting held on February 12, 2021 has decided to voluntarily cease the operation of NBFC – ND and to surrender the CoR NBFC –ND, accordingly the Company had issued a letter to Reserve Bank of India (RBI) pertaining to voluntarily surrender of Certificate of Registration “CoR” of NBFC- ND (Reg No. B-14.00790), which was issued under Section 45IA of Reserve Bank of India Act, 1934 and receipt of said letter has been duly acknowledged by RBI- New Delhi on 5 March 2021.

With a view to utilize the funds of the Company from time to time, it is proposed to make investment in Term Rated Papers, Treasury Bills, Call Money market, securities, Term

Deposit, Mutual Funds, other investment and Short Term Rated Papers or for giving loans, guarantees or providing securities to anybody corporate or other person from time to time on such other terms and conditions and in such manner as the Board of Directors of The Company (“Board”) may think fit and subject to necessary approvals, Permissions, consents and sanctions of Concerned Statutory and other authorities as may be necessary under provisions of other applicable laws and subject to such conditions and modifications as may be prescribed by any of them while granting such approvals, permissions, consents and sanctions and which may be agreed to by the Board.

In order to make loan, guarantees and investment(s) in excess of limits specified under section 186 of Companies Act, 2013, the Company requires approval from the shareholders in a general meeting.

The Board therefore recommends the Special Resolution set out at Item No. **8** of the Notice for approval by the Members.

None of the Directors, Key Managerial Personnel or their relatives are, in any way, concerned or interested, financially or otherwise except as aforesaid, in the resolution set out at Item No.8 of the Notice.

Item No. 9 to Notice

Pursuant to Section 180(1) (c) of the Companies Act, 2013 approval of the shareholders is required for increasing the borrowings as suggested above in said resolution and to authorise the Board to borrow funds from time to time from FIs, Banks, FII or any other source.

The Board considered this matter in its meeting held on **September 6, 2021** and recommends this resolution for your approval.

None of the Directors and KMP of the Company and their relatives are, in any way interested or concerned in the resolution.

Item No. 10 to the Notice

In terms of the Section 185 of the Companies Act, 2013 as amended, a company may advance any loan including any loan represented by a book debt, or give any guarantee or provide any security in connection with any loan taken by any person in whom any of the Director of the Company is interested directly or indirectly subject to the condition that approval of the shareholders of the Company is obtained by way of Special Resolution.

In view of the above; and in line with the resolution for approval of the shareholders under section 186 of the Act & as an abundant caution, the Board at its meeting held on **September 6, 2021** decided to seek approval of the shareholders pursuant to the provisions of Section 185 of the Act to advance any loan including any loan represented by book debt, or give guarantee or provide any security in connection with any debentures / bonds/ loan etc. taken by any person in whom any of the Director of the Company is interested, up to an aggregate amount not exceeding Rs. 250 cr. (Rupees Two Hundred and fifty Crores Only) or in other currency for an equivalent amount and the loans are subject to utilized by the borrowing company for its principal business activities.

None of the Directors, Key Managerial Personnel of the Company or their relatives are in any way, concerned or interested in the said resolution.

Your Board recommends the said resolution, as special resolution, for your approval.

DIRECTORS' REPORT

Dear Members,

It gives me great pleasure to share with you the performance of your company along with audited standalone and consolidated accounts/financial statements for the financial year ended March 31, 2021.

1. State of Company Affairs

Our revenues primarily consist of revenue from sale of securities, brokerage income from distribution of Mutual Fund, other financial products, income from interest and dividend etc.

The Company is registered with the Reserve Bank of India ("RBI") as a Non-Banking Financial Company – Non Deposit, vide registration no. B-14.00790. Main object of the Company is to carry on Business activities of leasing and hire-purchase, to finance the industrial enterprises by way of lending and advancing money etc., to manage investment pools, mutual funds, issue of shares, stocks, securities, etc. The Company is also registered as a Mutual Fund Distributor/Advisor and holding AMFI (The Association of Mutual Funds in India) Certification.

Considering the current market scenario and business prospective, the Company voluntarily does not want to carry on the Business of a Non-Banking Financial Company "NBFC" – Non Deposit. The Board of Directors of the Company in their meeting held on February 12, 2021 has decided to voluntary surrender the Certificate of Registration "CoR" – NBFC-ND (Regn. Number B-14.00790), which was granted by Reserve Bank of India and accordingly the Company had issued a letter to Reserve Bank of India (RBI) pertaining to voluntarily surrender of CoR- NBFC- ND (Reg No. B-14.00790), and receipt of said letter has been duly acknowledged by RBI- New Delhi on 5 March 2021. However, the Company is yet to obtain the approval/confirmation pertaining to surrender of CoR - NBFC- ND from RBI.

The Company has not accepted any deposits from the public during its tenure of registration as NBFC- Non Deposit.

The Company has also obtained registration as Point of Presence - Sub entity (POP- SE) from Pension Fund Regulatory and Development Authority (PFRDA) for providing various facilities to the Subscribers under the National Pension Scheme (NPS) and rendering other services as specified under the Pension Fund Regulatory and Development Authority Act, 2013.

The Financial Year 2020-21 was marked with volatility and disruptions due to Covid-19 pandemic. Your Company however continued to perform consistently well in these challenging times and deliver better results. During the year your Company reported total revenue of ₹ 30.88 Crore and EBIDTA of ₹ (0.71) Crore on standalone basis.

2. Operations Review

In order to strengthen its market share, the Company has taken steps to improve the business, operation and growth strategy. Besides, efficiency improvement and cost optimisation have been followed vigorously across all the functions of the organisation, across the country during the year.

It is one of the fastest growing financial service oriented company in India and enjoys strong brand equity from customers across segments/services.

During the year under review, the Company continued to focus on enhancing the capability of the organization and towards the achievement of this goal, the Company has been taking a number of initiatives.

3. Economic Overview

India's mutual fund (MF) industry is currently experiencing a state of flux; while ample opportunities are knocking at the door, it's equally concerned with the numerous challenges. However, as Albert Einstein states, 'in the middle of difficulty lies opportunity', the dictum is equally applicable to India's mutual fund industry. The Indian capital markets have witnessed a marked shift in the last few years, largely owing to the mutual fund industry which has been instrumental in channelizing retail savings into the capital markets in a big way. The steady shift in savings pattern in favour of equities through SIP (systematic investment plan) in mutual funds has resulted not only in a significant rise in the Indian equity ownership, but also

contributing as a strong counterbalance to foreign institutional investors.

With only 2 crore plus investors investing in mutual funds, the industry body pointed out the significant untapped potential for growth in the Indian mutual fund space.

During FY 20-21 outbreak of Covid-19 pandemic was continue, to contain the outbreak, many economies implemented partial or full shutdown which, in turn, significantly disrupted the economic activity and resulted in large job losses. Most asset classes including equities and commodities also affected, and there was a substantial increase in volatility in the financial markets.

In view of the above developments, International Monetary Fund (IMF) revised its Global GDP growth forecast for Calendar Year (CY) 2021 owing to a low base and normalisation of economic activity.

With a view to cushion the economic impact, most global central banks reduced the policy rates significantly.

4. Future outlook

The AUM of the mutual fund industry in India has grown at a CAGR of 15.5% over the past five years, with the equity AUM growing at a CAGR of 17.3%. Rising awareness about benefits of investing in equity markets, growing popularity of ways of investing, such as SIP, are some of the factors contributing to the increased participation of domestic individual investors in the Indian mutual fund industry. On the other hand, fixed income products including liquid funds have seen increased popularity amongst corporate, as well as retail and high net-worth investors.

In this period, Indian equity markets achieved a healthy balance between the domestic institutional investors (largely Mutual Funds) and Foreign Portfolio Investors (FPIs), thereby significantly reducing the skew towards reliance on FPI inflows, lending more stability to the Indian markets.

We believe we are well-poised to capitalise on the healthy prospects of the industry and further solidify our position in the market. Our strong brand equity, disciplined investment philosophy and robust process, customer-centric approach and expansive reach should facilitate our future growth.

5. Dividend

Implementation of landmark reforms and immense growth opportunity for the organised service industry in India, your Directors intend to retain previous internal accrual for business

growth of the Company. Due to losses during the year, the Board of Directors does not propose to declare any dividend for this year.

6. Transfer to Reserve

Your Directors do not propose to transfer any amount to the general reserve.

7. Material changes and commitments

No material changes and commitments have occurred from the date of close of the financial year till the date of this Report, which might affect the financial position of the Company.

Impact of Novel Covid -19 Pandemic

1. Due to novel COVID-19 outbreak, Government of India announced a nationwide lockdown of 21 days with effect from March 25, 2020, which got extended from time to time to combat the spread of the COVID-19 virus. In compliance with various directives issued by the State and Central authorities, your Company suspended the operations at respective location and shut the offices with a view to safeguard the risks to the health of the employees/staff of the Company.

2. During this period, the Company took every possible precaution to ensure safety of its staff across the country. The Company has started to slowly resume its operations across the country in line with guidance issued by Ministry of Home Affairs (MHA) and local authorities. Each office is being opened with utmost precautions, implementing the highest standards and protocols on safety and hygiene to make them absolutely safe for employees and clients. The disruption in operations due to Covid 19 pandemic during the year negatively impacted our financial performance for the entire financial year 2020-21 and also had a bearing on Q1 of FY 22. Although the external environment presents a slightly worrisome picture, we are confident and prepared to handle these uncertainties.

8. Share Capital

REMUNERATION POLICY FOR THE MEMBERS OF BOARD AND EXECUTIVE MANAGEMENT

The Board has delegated to the Nomination and Remuneration Committee in consultation with the Chairman of the Board, the responsibility for identifying and recommending to the Board, candidates for the Board, after considering the necessary and desirable competencies for new.

Policy for Appointment and Re-Appointment of Director

The Board believes that its membership should comprise Directors with an appropriate mix of skills, experience and personal attributes that will best complement board effectiveness, cohesion and diversity and allow the Directors to individually, and as a Board collectively, to:

- (a) Discharge their responsibilities and duties under the law effectively and efficiently;
- (b) Assess the performance of management in meeting those objectives and goals.

Accordingly, in selecting potential new directors, the Nomination and Remuneration committee will seek to identify the competencies required to enable the Board to fulfill its responsibilities. In doing so, the Committee will have regard to the results of the annual appraisal of the Board's performance.

While recognizing that each director will not necessarily fulfill all criteria, the Nomination and Remuneration Committee have identified the following fundamental factors as relevant to the selection and appointment of new directors:

- (a) Outstanding in capability with extensive and senior commercial experience;
- (b) High level of personal integrity; and
- (c) Time available to meet the commitment required.

Remuneration payable to Managing Director/ Whole Time Director

The Managing Director/ Whole-Time Director are receiving remuneration from the Company as per the approval by the members of the Company in the General Meeting (GM) in accordance to the provision of the Companies Act, 2013 and rules made there under.

The annual increments and performance incentive of the Managing Director/Whole Time Directors are linked to their performance and are decided by the Nomination and Remuneration Committee from time to time.

Remuneration payable to Non-Executive Directors

The Non-Executive Directors will be paid with the sitting fee, if any, subject to the approval of Board of Directors/including any sub-committee thereof, upto the limit as specified under Companies Act, 2013 and also in Compliance with the Listing Agreement.

Evaluation

In addition to an annual self-evaluation by the Nomination and Remuneration Committee, the Board must review the effectiveness of the Committee annually.

Amendments

This policy can be modified or repealed at any time by the Board of Directors of the Company.

ANNEXTURE – VI

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Covid-19 Pandemic

The Covid 19 pandemic is an unprecedented event which caused the extreme suffering across the world in terms of health, wealth and sustainability etc. When the Covid-19 pandemic struck and led to nationwide lockdowns, it was natural to fear that the global economy would stay in extreme stress of the kind not seen since the great depression and would have a long-lasting economic impact. To counter the crippling impact of the lockdowns on economies, the world's policymakers have resorted to fiscal and monetary measures never seen before in global economic history. It still remains to be seen if these relief measures sufficed, and whether actions taken by Governments across the globe adequately compensated for the disruptions created in the lives of people.

Fortunately, science prevailed. The announcement of successful development of vaccines seemed to lift spirits around the world. Unfortunately, the advent of winter saw several countries battle second waves of COVID-19 infections, including more virulent strains leading to partial lockdowns. The race between vaccines and variants is heating up as massive vaccination drives are underway. Much depends on blocking transmission and not just the disease. The only three most important preventives are masks, social distancing and vaccinations. However, to vaccinate even half of the world's population of 7.8 billion is going to take years.

The production, storage and distribution challenges require that Governments prioritise the vaccinations in a judicious manner so as to limit the human toll. Fortunately for India, which is home to some of the largest vaccine makers in the world, the supply constraints should be limited and temporary. Moreover, our experience in implementing large scale vaccination programmes should help in vaccinating our vulnerable population. Even so, with many states in India witnessing a seriously full-blown second surge of COVID-19, the vaccination challenge is enormous.

After an estimated historic correction of (3.3%) in 2020, the International Monetary Fund (IMF) has projected the global economy to grow 6% in calendar year 2021 and 4.4% in 2022 on the back of the fiscal and monetary support provided by Governments of the world over coupled with widespread vaccination. We know that India can ill afford another country-wide lockdown such as was imposed from March to June 2020. The impact on the economy and employment was severe in the first instance; and cannot be repeated yet again. The lockdown that continued throughout the first quarter of the FY2021 saw India's GDP for April-June 2020 contracting by a massive 24.4%. Even the second quarter was terrible, with GDP shrinking by 7.3% in July-September 2020. Thereafter, we have seen a rebound — thanks to the resilience of our citizens, our entrepreneurs and of our economy.

The third quarter (October-December 2020) saw a small positive growth of 0.4% compared to the same period in the previous year. The second advance estimates of national income for FY2021 released by the Central Statistics Office (CSO) on 26 February 2021 anticipates the total contraction for FY2021 to be 8% implying a significant ‘V’ shaped bounce-back in the second half of the year. The most recent IMF forecast has also raised India’s GDP growth estimate for FY2022 from 11.5% to 12.5%. If that were to occur, it will be the most significant growth turnaround among all the major nations of the world, including China. The only grey cloud at present is the huge surge in infections that started with the second wave beginning in early March 2021. Hopefully, a serious increase in the pace of vaccinations across the country will bring this surge down; and if we keep all enterprises and workers open for business, it should not affect the economy in any significant manner.

- **Industry Structure And Developments**

The Average Assets under Management (AAUMs) of the Mutual Fund (MF) industry in FY21 touched a historic high of ₹32.17 lakh crore as on March 31, rising 30% over the previous year’s ₹24.70 lakh crore. (As per annual data released by the Association of Mutual Funds in India (AMFI)).

After eight months of consecutive outflows, equity mutual funds witnessed a net inflow of ₹9,115 crore in March amid a correction in the stock market.

Barring multi-cap and value fund categories, all the equity schemes saw inflow last month. However, investors pulled out ₹52,528 crore from debt mutual funds last month, after investing ₹1,735 crore in February, owing to advance tax payments and other year-end commitments. Mutual Funds continue to be the preferred investment vehicle to build long-term, goal-based wealth creation, as is reflected from the number of unique investors across Mutual Fund schemes increasing in the last one year, by 10% to 2.28 crore as on March 31, 2021.

Another highlight during the pandemic-hit 2020-21 has been the rising acceptance for mutual funds from tier 2 and tier 3 locations, with Mutual Fund AUM from beyond the Top 30 cities rising 54% to ₹5,35,373 crore as on March 31.

1. Opportunities and Threats

(a) Opportunities

India’s mutual fund (MF) industry is currently experiencing a state of flux; while ample opportunities are knocking at the door, it’s equally concerned with the numerous challenges. However, as Albert Einstein states, ‘in the middle of difficulty lies opportunity’, the dictum is equally applicable to India’s mutual fund industry.

❖ **Low mutual fund penetration**

The above image indicates that despite the mutual fund industry registering a growth by over 20 per cent, it has only 2 crore investors. The numbers indicate the huge opportunity lying ahead. Industry leaders should focus on the B30 category cities (Tier 2 and 3), where nearly 90 per cent of India's population resides and accounts for nearly 16 per cent. It's time that smaller cities are brought under the wings of the industry.

❖ **Rising middle class incomes**

Middle class population in India has increased manifold. While 2005, one in 15 households were considered upper middle class, by 2018 it moved to one in five households. Today, India has 6.1 crore upper middle class households with disposable income. However, only 2 crore choose to invest in mutual funds. How to tap in the remaining four crore? Probably, a new kind of marketing strategy can be the answer.

❖ **Move to market-linked products**

The chart below shows that there is movement from physical (gold, real estate) to financial assets. There is also a shift from traditional products to market-linked ones. Today, people realise that with rising expenses and declining interest rates, some level of market risk is a must, and this is best taken via products like mutual funds.

❖ **Millennials and retirees, two ends of the age spectrum**

Millennials form a third of our population. According to a Deloitte report they contribute 70 per cent of total household income and account for 46 per cent of the workforce. There is no doubt that this segment provides a significant growth opportunity.

However, with the proportion of senior citizens increasing, India will have INR 3.5 crore such individuals by 2030. With increasing life expectancy, lack of social security, rising medical expenses, senior citizens need solutions that not only beat inflation, but also support their golden years. The opportunity lies in offering accumulation solutions to millennials and decumulation solutions to seniors, both of, which mutual funds are well suited to do.

❖ **Fixed income products**

Mutual funds have played a key role in developing India's debt market and have emerged as a key source of funding. However, despite the variety of fixed income products, investors have shown preference for equity funds vis-à-vis debt funds.

(b) **Threats**

❖ **Shifting from awareness to education**

The industry spends two basis points or about Rs.500 crore per annum on investors' education. 50 per cent of which was via AMFI's pretty successful Mutual Funds Sahi Hai campaign. However, need of the hour is to transform mutual funds from a push to a pull product. For example, adding financial investment (mutual funds) in high-school or college curriculum. Such efforts will help in instilling the habit of early savings.

❖ **Need for more distributors**

There is a need for far more distributors and advisors to spread the message of investing in mutual funds far and wide. Indians are usually risk averse and lacks sound financial literacy, thus refrain from investing in market-linked products owing to a lack of understanding.

To address this, we need an army of well-trained financial advisors who can help educate investors about modern investment tools such as mutual funds.

❖ **Mutual Funds will have a tough job to maintain the growth in SIP accounts**

Many new investors that have participated in the markets through mutual fund SIPs over the last few years haven't seen any extended bearish phase of the market. If the markets fail to generate attractive returns even in 2021, some investors might consider discontinuing their SIPs. That's the real challenge mutual fund houses may have to deal with this year.

❖ **Simplified operational processes**

While the mutual fund industry has made significant strides in standardising processes, but few challenges still remain: such as a simplified KYC to make on boarding hassle-free; making Aadhar inter-changeable with PAN; and allowing investments on the basis of 'Bank KYC'.

2. Segment-wise or product-wise performance of the Company

The business activities of the Company is engaged in one segment (i.e. Financial Services) only, hence segment wise reporting is not required to be given.

3. Outlook

The AUM of the mutual fund industry in India has grown at a CAGR of 15.5% over the past five years, with the equity AUM growing at a CAGR of 17.3%. Rising awareness about benefits of investing in equity markets, growing popularity of ways of investing, such as SIP, are some of the factors contributing to the increased participation of domestic individual investors in the Indian mutual fund industry. The number of individual folios has increased from 8.97 crores to 9.78 crores in this period. On the other hand, fixed income products including liquid funds have seen increased popularity amongst corporate, as well as retail and high net-worth investors.

The net SIP inflow into mutual funds stood at a record Rs 9,182 crore . This is the highest ever SIP flows into MFs in any single month. This massive boost in March does two things. Firstly, it takes the total SIP flows for FY21, fairly close to the coveted Rs1 trillion mark achieved in FY20. Secondly, due to the sharp spike in SIP inflows in Mar-21, the average monthly SIP flows for FY21 crossed the psychological Rs 8,000 crore mark. SIPs offer the benefit of regular investing coupled with benefits of rupee cost averaging and are typically sticky long term inflows and lend visibility and predictability of AUM growth.

In this period, Indian equity markets achieved a healthy balance between the domestic institutional investors (largely Mutual Funds) and Foreign Portfolio Investors (FPIs), thereby significantly reducing the skew towards reliance on FPI inflows, lending more stability to the Indian markets.

We believe we are well-poised to capitalise on the healthy prospects of the industry and further solidify our position in the market. Our strong brand equity, disciplined investment philosophy and robust process, customer-centric approach and expansive reach should facilitate our future growth.

4. Risks and Concerns

The company has taken various loans, which were outstanding as on 31st March, 2021. The management has not provided the interest on some of the loans, which constitute a departure from the Accrual basis of accounting. The company's records indicate that an amount of Rs. 74,19,353.99 for the year ended on March 31, 2021 has not been provided as interest expenses on these loans, which would have been decrease the profit by Rs. 74,19,353.99 for the year ended on March 31, 2021 and also increase the loan liability by same amount.

Information other than Financial Statements and Auditors Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial and the Cash Flow Statement of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "**Annexure A**" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Companies Act, 2013 (the "Act")**

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of SPA Capital Services Limited of even date)

OPINION

We have audited the internal financial controls with reference to financial statements of SPA Capital Services Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about

whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 **CORPORATE INFORMATION**

SPA Capital Services Limited ("the Company") is a public limited company incorporated on July 20, 1984 under the provisions of the Companies Act, 1956. The Company is engaged in providing Wealth Management and Financial Advisory services to institutions, corporate and individuals. The Company is also registered with Reserve Bank of India as a Non-Deposit Accepting Non Banking Financial Institution.

2 **SIGNIFICANT ACCOUNTING POLICIES**

i. **Basis of accounting and Preparation of Financial Statements**

These financial statements have been prepared in accordance with Indian Accounting Standards (IndAS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The IndAS are prescribed under Section 133 of the Companies Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities are classified as Current and Non-Current as per company's normal operating cycle of 12 months which is based on the nature of business of the Company. Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding off

All amounts in the financial statement and accompanying notes are presented in Lacs and have been rounded-off to two decimal place unless stated otherwise.

ii. **Use of Estimates and Judgement**

The preparation of financial statements requires management to exercise judgement and make estimates and assumptions that affects the reported amounts of revenue, expenses, assets and liabilities. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. These estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the results are known/materialise.

The areas involving significant estimates and judgement include determination of useful life of Property, Plant and Equipment (Refer note 1.4), measurement of defined benefit obligations, and recognition of deferred tax assets/liabilities (Refer note 10).

iii. **Property, Plant and Equipment**

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of Property, Plant and Equipment recognised as at 1st April, 2016 measured as per the previous GAAP.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All Upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

S. No.	Particulars	Estimated Useful Life
1	Leasehold land	Over lease term
2	Building other than factory	60 years
3	Computers	
	- Computers and other peripherals	3 years
	- Servers and networking	6 years
4	Furniture & Fixtures	10 years
5	Vehicles	8 years
6	Other equipment	5 - 15 years

The useful lives have been determined based on technical evaluation done by the expert's which are in line those specified by Schedule II to the Companies Act 2013. The residual values are not more than 5% of the original cost of the asset. The depreciation methods, assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under Other Non-Current Assets and the cost of assets not put to use before such date is disclosed under 'Capital work-in-progress'.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

iv. Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

v. Investments :

Investments are classified as Current or Non-Current based upon management intent at the time of acquisition. Investments that are intended to be held for not more than one year from the date of acquisition are classified as Current Investments. All other investments are classified as Non-Current Investments.

vi. Inventories

The shares and securities acquired with the intention of trading are considered as Stock in trade and disclosed as Current Assets. The stock in trade of securities is valued at lower of aggregate cost or aggregate market price / aggregate net asset value in case of unquoted, as per the provisions of ICDS. The cost is determined on First In First Out (FIFO) basis.

vii. Financial Instruments, Financial Assets, Financial Liabilities and Equity Instruments

Recognition

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and Cash Equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

Amortised cost

Where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.

Fair Value Through Other Comprehensive Income (FVTOCI)

Where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in Other Comprehensive Income.

Fair Value Through Profit or Loss (FVTPL)

Where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Measurement

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Derecognition of Financial Assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Where the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income Recognition

Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Financial Liabilities

i) Trade Payables and Other Financial Liabilities

Trade Payables and Other Financial Liabilities are initially recognised at the value of the respective contractual obligations. Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and presented as current liabilities unless payment is not due within 12 months after the reporting period.

ii) Borrowings

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Equity Instruments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

viii. Revenue Recognition

(a) Sale of Shares & Securities

Revenue from sales is recognized at the completion of each settlement of the capital market segment of the Stock Exchange. In respect of non-delivery based transactions in capital market segment, the profit/loss is accounted for at the end of each settlement.

Revenue from derivative market segment:-

- in respect of settled contracts the difference between the transaction price and settlement price is recognized in the Statement of Profit and Loss; and

- in respect of open interests as on the balance sheet date, the derivatives are valued at fair value, and the difference between the fair value and the transaction price, is recognized in the Statement of Profit and Loss.

Income from Dividend is recognized when the right to receive payment is established.

(b) Other Income

Gain on Sale of Investment is recorded on transfer of title from the Company and is determined as the difference between the sale price and carrying value of the investment.

The revenue from Interest & Other Income is recognized on accrual basis as part of Other Income in the Statement of Profit and Loss.

ix. Employee Benefits

a. Short-term Obligations

Liabilities for wages, salaries and bonus, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Post-Employment Obligations

The Company operates the following post-employment schemes:

- defined benefit plans for gratuity, and
- defined contribution plans for provident fund.

Defined Benefit Plans

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution Plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

x. Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs.

xi. Borrowing Costs

Borrowings are measured at amortized cost. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

xii. Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

(i) Current tax:

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax :

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Minimum Alternative Tax ("MAT") credit forming part of deferred tax assets is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

Ind AS 12 Appendix C, Income Tax

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives. The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C would be insignificant in the standalone financial statements.

xiii. Earnings Per Share

a. Basic Earnings Per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

b. Diluted Earnings Per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

xiv. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

xv. Events occurring after the Balance Sheet date

There have been no material events other than disclosed in the financial statements after reporting date which would require disclosure or adjustments to the financial statements as of and for the year ended 31 March 2021.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF SPA CAPITAL SERVICES LIMITED**

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Ind AS financial statements of **SPA CAPITAL SERVICES LIMITED** ("the Company"), which comprise the Balance sheet as at March 31 2021, the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the 'Basis for Qualified Opinion' section of our report, the aforesaid Consolidated Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

The company has taken various loans, which were outstanding as on 31st March, 2021. The management has not provided the interest on some of the loans, which constitute a departure from the Accrual basis of accounting. The company's records indicate that an amount of Rs. 74,19,353.99 for the year ended on March 31, 2021 has not been provided as interest expenses on these loans, which would have been decrease the profit by Rs. 74,19,353.99 for the year ended on March 31, 2021 and also increase the loan liability by same amount.

Information other than Financial Statements and Auditors Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial and the Cash Flow Statement of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the company's financial reporting process.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Consolidated balance sheet, the Consolidated statement of profit and loss (including other comprehensive income), the Consolidated statement of changes in equity and the Consolidated statement of cash flows dealt with by this Report are in agreement with the books of account;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

- (e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**".

(g) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements which would impact its financial position
 - ii. The Company has no long-term contracts as at 31st March, 2021 and therefore there are no material foreseeable losses.
 - iii. There were no amounts which required to be transferred by the Company to the Investor Education and Protection Fund by the Company during the year ended 31st March, 2021

**Annexure A to the Independent Auditor's Report on the Consolidated financial Statements of SPA
Capital Services Limited for the year ended 31st March 2021**

Report on the Internal Financial Controls under Clause (i) of Sub-section (3) of Section 143 of the Companies Act, 2013 (the "Act")

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of SPA Capital Services Limited of even date)

OPINION

We have audited the internal financial controls with reference to financial statements of SPA Capital Services Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note")

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

1 **CORPORATE INFORMATION**

SPA Capital Services Limited ("the Company") is a public limited company incorporated on July 20, 1984 under the provisions of the Companies Act, 1956. The Company is engaged in providing Wealth Management and Financial Advisory services to institutions, corporate and individuals. The Company is also registered with Reserve Bank of India as a Non-Deposit Accepting Non Banking Financial Institution.

2 **SIGNIFICANT ACCOUNTING POLICIES**

i. **Basis of accounting and Preparation of Financial Statements**

These financial statements have been prepared in accordance with Indian Accounting Standards (IndAS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The IndAS are prescribed under Section 133 of the Companies Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities are classified as Current and Non-Current as per company's normal operating cycle of 12 months which is based on the nature of business of the Company. Current Assets do not include elements which are not expected to be realised within one year and Current Liabilities do not include items which are due after one year, the period of one year being reckoned from the reporting date.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Rounding off

All amounts in the financial statement and accompanying notes are presented in Lacs and have been rounded-off to two decimal place unless stated otherwise.

ii. **Use of Estimates and Judgement**

The preparation of financial statements requires management to exercise judgement and make estimates and assumptions that affects the reported amounts of revenue, expenses, assets and liabilities. These estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. These estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the results are known/materialise.

The areas involving significant estimates and judgement include determination of useful life of Property, Plant and Equipment (Refer note 1.4), measurement of defined benefit obligations, and recognition of deferred tax assets/liabilities (Refer note 10).

iii. **Property, Plant and Equipment**

Property, Plant and Equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of Property, Plant and Equipment recognised as at 1st April, 2016 measured as per the previous GAAP.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalised. Expenses capitalised also include applicable borrowing costs for qualifying assets, if any. All Upgradation / enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

S. No.	Particulars	Estimated Useful Life
1	Leasehold land	Over lease term
2	Building other than factory	60 years
3	Computers	
	- Computers and other peripherals	3 years
	- Servers and networking	6 years
4	Furniture & Fixtures	10 years
5	Vehicles	8 years
6	Other equipment	5 - 15 years

The useful lives have been determined based on technical evaluation done by the expert's which are in line those specified by Schedule II to the Companies Act 2013. The residual values are not more than 5% of the original cost of the asset. The depreciation methods, assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under Other Non-Current Assets and the cost of assets not put to use before such date is disclosed under 'Capital work-in-progress'.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

iv. Intangible Assets

Intangible assets are stated at cost less accumulated amortization and impairment. Intangible assets are amortized over their respective individual estimated useful lives on a straight-line basis, from the date they are available for use. The estimated useful life of an identifiable intangible asset is based on a number of factors including the effects of obsolescence, demand, competition, and other economic factors (such as the stability of the industry, and known technological advances), and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

v. Investments :

Investments are classified as Current or Non-Current based upon management intent at the time of acquisition. Investments that are intended to be held for not more than one year from the date of acquisition are classified as Current Investments. All other investments are classified as Non-Current Investments.

vi. Inventories

The shares and securities acquired with the intention of trading are considered as Stock in trade and disclosed as Current Assets. The stock in trade of securities is valued at lower of aggregate cost or aggregate market price / aggregate net asset value in case of unquoted, as per the provisions of ICDS. The cost is determined on First In First Out (FIFO) basis.

vii. Financial Instruments, Financial Assets, Financial Liabilities and Equity Instruments

Recognition

Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and Cash Equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification

Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

Amortised cost

Where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.

Fair Value Through Other Comprehensive Income (FVTOCI)

Where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in Other Comprehensive Income.

Fair Value Through Profit or Loss (FVTPL)

Where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Measurement

Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

Derecognition of Financial Assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset; or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Where the entity has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income Recognition

Dividend income is recognised in the Statement of Profit and Loss when the right to receive dividend is established.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Financial Liabilities

i) Trade Payables and Other Financial Liabilities

Trade Payables and Other Financial Liabilities are initially recognised at the value of the respective contractual obligations. Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and presented as current liabilities unless payment is not due within 12 months after the reporting period.

ii) Borrowings

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss as other gains/(losses).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Equity Instruments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

viii. Revenue Recognition

(a) Sale of Shares & Securities

Revenue from sales is recognized at the completion of each settlement of the capital market segment of the Stock Exchange. In respect of non-delivery based transactions in capital market segment, the profit/loss is accounted for at the end of each settlement.

Revenue from derivative market segment:-

- in respect of settled contracts the difference between the transaction price and settlement price is recognized in the Statement of Profit and Loss; and

- in respect of open interests as on the balance sheet date, the derivatives are valued at fair value, and the difference between the fair value and the transaction price, is recognized in the Statement of Profit and Loss.

Income from Dividend is recognized when the right to receive payment is established.

(b) Other Income

Gain on Sale of Investment is recorded on transfer of title from the Company and is determined as the difference between the sale price and carrying value of the investment.

The revenue from Interest & Other Income is recognized on accrual basis as part of Other Income in the Statement of Profit and Loss.

ix. Employee Benefits

a. Short-term Obligations

Liabilities for wages, salaries and bonus, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Post-Employment Obligations

The Company operates the following post-employment schemes:

- defined benefit plans for gratuity, and
- defined contribution plans for provident fund.

Defined Benefit Plans

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined Contribution Plans

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

x. Impairment of Non-Financial Assets

Intangible assets and property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs.

xi. Borrowing Costs

Borrowings are measured at amortized cost. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

xii. Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity, respectively.

(i) Current tax:

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(ii) Deferred tax :

Deferred income tax is recognised using the balance sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements, except when the deferred tax arises from the initial recognition of goodwill, an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax liabilities are generally recognised for all taxable temporary differences except in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures where the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

SPA Capital Services Limited

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Minimum Alternative Tax ("MAT") credit forming part of deferred tax assets is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a reasonable certainty to the effect that the Company will pay normal income tax during the specified period.

Ind AS 12 Appendix C, Income Tax

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates. The standard permits two possible methods of transition - i) Full retrospective approach – Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight and ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives. The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The effect on adoption of Ind AS 12 Appendix C would be insignificant in the Consolidated financial statements.

xiii. Earnings Per Share

a. Basic Earnings Per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

b. Diluted Earnings Per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

xiv. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit/loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

xv. Events occurring after the Balance Sheet date

There have been no material events other than disclosed in the financial statements after reporting date which would require disclosure or adjustments to the financial statements as of and for the year ended 31 March 2021.

	8	Any other financial item(s) (as felt appropriate by the management)	-	-
II.	Audit Qualification (each audit qualification separately):			
	(A) Details of Audit Qualification:			
	<i>The company has taken various loans, which were outstanding as on 31st March, 2021. The management has not provided the interest on some of the loans, which constitute a departure from the Accrual basis of accounting. The company's records indicate that an amount of Rs. 74, 19, 353.99 for the year ended on March 31, 2021 has not been provided as interest expenses on these loans, which would have been decrease the profit by Rs. 74,19,353.99 for the year ended on March 31, 2021 and also increase the loan liability by same amount.</i>			
	(B) Type of Audit Qualification : Qualified Opinion			
	(C) Frequency of qualification: Second time			
	(D) For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views: Interest of Rs. 74, 19,353.99- has not been provided in the books as the there is some dispute going on with the concerned parties and management is of the view that no provision of interest is required in the books of accounts.			
	(E) For Audit Qualification(s) where the impact is not quantified by the auditor:			
	(i) Management's estimation on the impact of audit qualification: NA			
	(ii) If management is unable to estimate the impact NA
