In setback to banks, NCLT orders Sterling Biotech liquidation

PRESS TRUST OF INDIA
Mumbai, May 10

IN A MAJOR setback to banks, the NCLT on Friday sent Sterling Biotech for liquidation, rejecting the lenders' plea to withdraw the insolvency process and allow a one-time settlement with the absconding promoters, the Sandesara brothers.

A National Company Law Tribunal (NCLT) bench of judges VP Singh and Ravikumar Duraisamy said as they have not received a resolution plan within the time, leaving

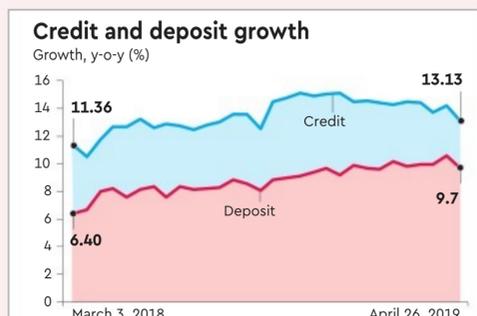

them with no other option but to order liquidation. Further, the order stated that the amount deposited by the absconding promoters for the one-time settlement shall

not be released to the applicant. The lenders, led by Andhra Bank, have already got a little over 5% of the default amount of ₹179.67 crore from the outstanding amount on the day of default. The tribunals had sought the lenders' approval after accepting the one-time settlement from the Sandesara brothers, the fugitive promoters of Sterling Biotech. The lenders had approved a one-time settlement offer from the Sandesara of around ₹3,945 crore out of the ₹7,500 crore they owe to

the lenders. Apart from defaults, the promoters are also accused of fraud and are being investigated by the CBI, the ED and the Serious Frauds Investigation Office for money laundering. They have reportedly attached assets worth ₹4,700 crore. Over ₹15,600 crore to its financial and operational creditors. While the flagship Sterling Biotech owes over ₹7,500 crore, sister concern Sterling SEZ owes over ₹8,100 crore.

Non-food credit grew 13% in fortnight ended April 26

VINAYAK AGARWAL
Mumbai, May 10

NON-FOOD BANK CREDIT grew a reasonably good 13.13% year-on-year (y-o-y) in the fortnight ended April 26, although somewhat slower than the 14.2% in the previous fortnight, as per the data released by the RBI.

Outstanding loans to companies and individuals stood at ₹95.77 lakh crore at the end of April 26, marginally lower than ₹96.08 lakh crore on April 12. Aggregate deposits in the banking system grew 9.7% y-o-y to ₹124.86 lakh crore as on April 26, a shade slower than 10.6% y-o-y deposit growth in the previous fortnight. Banks have been concerned about the slowing growth in deposits and have been compelled to raise interest rates on these.

"We believe that the low deposit growth is attributable not only to the technical reasons but also to the structural and cyclical factors like a change in household behaviour from saving-focused investor to consumption-focused leveraged consumer," said analysts at Edelweiss research.

SBI on Friday announced a smart increase in loans in Q4FY19 of 12% year-on-year. The ICICI Bank management, while announcing March quarter results, told reporters that loan growth for 2019-20 would largely depend on liquidity, competitive intensity and risk-return payoff. Banks have been cutting their lending rates lately, for instance, SBI on Friday reduced its marginal cost of funds-based lending rate (MCLR) by 5 bps to 8.45% per annum. The retail segment continues to be the key loan-growth driver, particularly personal loans, credit cards and auto

China to simplify rules for offshore bond investors

REUTERS
Shanghai/ Hong Kong, May 10

CHINA WILL LET foreign investors switch bonds between access channels to the mainland market, the foreign exchange regulator said on Friday, responding to a long term demand by the international investment community.

Foreign entities can invest in China through various access channels, but until now have not been allowed to switch securities between them.

According to draft rules by the State Administration of Foreign Exchange (SAFE) on Friday, investors using the China interbank bond market (CIBM) Direct, launched in 2016, will be able to move securities to and from two older programmes, Qualified Foreign Institutional Investor (QFII) and its yuan-denominated sibling, RQFII.

Rupee snaps 4-day losing streak, inches up 2p to 69.92

PRESS TRUST OF INDIA
Mumbai, May 10

SNAPPING ITS FOUR-SESSION losing run, the rupee on Friday ticked higher by 2 paise to finish at 69.92 against the US dollar. Forex traders said the domestic

unit recovered in the later part of the day amid reports that the US is expected to remove India from its currency manipulation watch list. According to media reports, the US Treasury Department may name Vietnam as a currency

manipulator and is expected to remove India and South Korea from its watch list. However, rising crude oil prices in the overseas market, sustained foreign fund outflows and continuing sell-off in the domestic equity market weighed on the rupee,

forex traders added. At the Interbank Foreign Exchange (forex) market, the local unit opened at 70.04. It moved in a range of 70.07 to 69.76 before finally ending at 69.92, up 2 paise over its previous close.
