Report on the audit of the Consolidated Annual Financial Results

Opinion

We have audited the accompanying consolidated annual financial results of Strides Pharma Science Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and its joint ventures for the year ended 31 March 2020, attached herewith, being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate audited financial information of the subsidiaries and associates, the aforesaid consolidated annual financial results:

- include the annual financial results of the entities mentioned in Annexure I of this audit report
- are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards, and other accounting principles generally accepted in India, of consolidated net profit and other comprehensive income and other financial information of the Group including its associates and joint ventures for the year ended 31 March 2020.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results* section of our report. We are independent of the Group, its associates and its joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the 'ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit / review reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated annual financial results.

Strides Pharma Science Limited

Independent Auditors' Report (continued)

Management's and Board of Directors' Responsibilities for the Consolidated Annual Financial Results

These consolidated annual financial results have been prepared on the basis of the consolidated annual financial statements.

The Holding Company's Management and the Board of Directors are responsible for the preparation and presentation of these consolidated annual financial results that give a true and fair view of the consolidated net profit/ loss and other comprehensive income and other financial information of the Group including its associates and joint ventures in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Management and Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated annual financial results by the Management and the Directors of the Holding Company, as aforesaid.

In preparing the consolidated annual financial results, the Management and the respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the consolidated annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated annual financial results.

Strides Pharma Science Limited

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results (continued)

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial results made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated annual financial results, including the disclosures, and whether the consolidated annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group and its associates and joint ventures to express an opinion on the consolidated annual financial results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial results of which we are the independent auditors. For the other entities included in the consolidated annual financial results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled "Other Matters" in this audit report.

Strides Pharma Science Limited

**STATEMENT OF CONSOLIDATED AUDITED RESULTS
FOR THE QUARTER AND YEAR ENDED MARCH 31, 2020**

Notes:

- These financial results have been prepared in accordance with Indian Accounting Standards ('Ind AS') prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- The above consolidated results were reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on May 20, 2020. The statutory auditors have audited the results for the quarter and year ended March 31, 2020 and have issued an unmodified opinion.
- Effective April 1, 2019, the Group adopted Ind AS 116 'Leases', applied to all lease contracts existing on April 1, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application. Accordingly, comparatives for the year ended March 31, 2019 have not been restated. The effect of this adoption has resulted in recognition of Right-of-use assets (ROU) amounting to Rs.16,214 Lakhs and lease liability of Rs. 19,202 lakhs, resulting to a debit of Rs. 2,664 Lakhs (net of taxes) to retained earnings. Further, it has also resulted in decrease in other expenses of Rs. 3,321 lakhs, increase in Interest expenses (included under finance cost) of Rs.1,643 Lakhs and an increase in depreciation and amortisation expenses of Rs.1,969 lakhs, resulting in a reduction in profit for the year ended March 31, 2020 by Rs.291 lakhs.
- During the previous year, the Board of Directors had proposed to divest the Group's equity interest in the Australia business to Dennis Bastas- Executive Chairman of Arrow Pharmaceuticals Pty Limited, Australia (Arrow). Further, the group had obtained the approval from the Company's shareholders in the EGM held on March 27, 2019.

On July 10, 2019, the Group completed the divestment of its Australia business for a consideration of AUD 406 Million (including a deferred consideration of AUD 106 Million) reduced by the bank debt settlement of AUD 22.47 Million. Additionally, the Group has retained global access to IP's of over 140 products and has concurrently entered into a preferred supply agreement with Arrow. The resulting gain from the disposal of Rs.1,224 lakhs is accounted under the head "Gain on disposal of assets attributable to the discontinued operations (net)" and is presented as part of discontinued operations.

Accordingly, the Group has classified the Australia business operations as discontinued operations. The results of discontinued operations (including discontinued operations of earlier periods) are disclosed in the table below:

**STATEMENT OF CONSOLIDATED AUDITED RESULTS
FOR THE QUARTER AND YEAR ENDED MARCH 31, 2020**

5 On December 4, 2013, the Company and its wholly owned subsidiary, Strides Pharma Asia Pte Limited ("the Singapore Subsidiary"), completed the sale of investments in Agila Specialties Private Limited and Agila Specialties Global Pte Limited (together, "Agila") to Mylan Laboratories Limited and Mylan Institutional Inc. (together, "Mylan") pursuant to separate agreements, each dated as of February 27, 2013 (the "SPAs"). Pursuant to the SPAs, the Strides Group established escrow arrangements to fund certain potential indemnification liabilities, including specified employee, tax and regulatory remediation costs from such consideration. These escrow arrangements included a US\$ 100 million "General Claims Escrow" account and a US\$ 100 million "Regulatory Escrow" account. Pursuant to the SPAs, the Company has also provided a corporate guarantee to Mylan for US\$ 200 million (valid up to December 4, 2020) on behalf of Singapore Subsidiary which can be used for discharging financial obligations, if any, of the Singapore Subsidiary to Mylan.

Under the terms of the SPAs, claims against the Company / the Singapore subsidiary (as the case may be) can only be made under specific provisions contained in the SPAs which include the procedures and timelines for submission of notifications of claims and actual claims and commencing arbitration proceedings. The Company had received a consolidated notification of claims from Mylan under the terms of the SPAs. These claims were related to third party claims, tax claims, claims against the regulatory escrows and general claims. In the previous years, a significant portion of these claims were settled out of the Regulatory Escrow deposit and the remaining balance of the Escrow account was recognised as income on full and final settlement of related claims. Further, the Company and Mylan also agreed on full and final settlement of warranty and indemnity claims to be adjusted against the "General Claims Escrow". During the previous period, the Group and Mylan was in arbitration proceedings for certain third party claims.

During the previous year, the arbitration proceedings with respect to the third party claims have been settled in favor of the Group and Mylan. The Group and Mylan have entered into an agreement whereby Mylan has released the pending balance in Escrow account. The group has recorded a net gain of INR 27,387 Lakhs (net off related expenses and outstanding tax claims) under discontinued operations (Refer Note 4 above).

6 On March 31, 2020, US Food and Drug Administration (USFDA or the Agency) issued letters to all manufacturers of Ranitidine across dosage forms requesting withdrawal of all prescription (Rx) and over-the-counter (OTC) ranitidine drugs from the market immediately. This step was based on their ongoing investigation of the N-Nitrosodimethylamine (NDMA) impurity in ranitidine medications. As a result, effective 1 April 2020, the Group has ceased further distribution of the product and is currently in the process of withdrawing the product from the market.

Pursuant to the above, the Group has estimated the probable sales returns of Ranitidine from the customers and pharmacies. This withdrawal required the Group to record an additional sales return provision of Rs. 14,898 lakhs which was recorded within revenues with the corresponding impact on cost of products sold of Rs. 2,513 lakhs. Further, the Group also wrote down all its existing inventories related to the product and that along with the cost of the products sold corresponding to the expected returns and expected costs of withdrawal cumulatively aggregating to Rs 11,311 lakhs has been classified as an exceptional item in these results.

- 8 The deferred consideration receivable on account of Australia business referred in note 4 above has been restated at the closing exchange rate of 0.61 AUD/USD which has resulted in the unrealised exchange loss of Rs. 4,966 lakhs and Rs. 5,634 Lakhs for the year ended March 31, 2020 and for the quarter ended March 31, 2020 respectively. Subsequent to the year end, the exchange rate stood at 0.65 AUD/USD as of 19 May 20, As a result, the cumulative unrealised exchange loss on deferred consideration receivable aggregates to Rs.2,372 Lakhs.
- 9 During the year, the Group has cancelled the obligation under the put option to acquire non-controlling interest (49%) of Universal Corporation Limited, Kenya. Consequently, the gross obligation liability accrued at the time of acquisition under the aforesaid put option(including subsequent unwinding) amounting to Rs. 10,929 lakhs has been reversed to the Statement of Profit and Loss under exceptional items.
- 10 In March 2020, the World Health Organisation declared COVID-19 to be a pandemic. The Group has adopted measures to curb the spread of infection in order to protect the health of its employees and ensure business continuity with minimal disruption. The Group has considered available internal and external information while finalizing various estimates in relation to its financial statements upto the date of approval of the financial statements by the Board of Directors. The actual impact of the global health pandemic may be different from that which has been estimated, as the COVID -19 situation evolves in India and globally. The Group will continue to closely monitor any material changes to future economic conditions. However, the pandemic did not have any material impact on the financial results for the year ended March 31, 2020.

During the current quarter pursuant to the letter from US FDA, the Group also initiated a withdrawal of Ranitidine from US markets, the impact of which is described in Note 6. As of 31 March 2020, the Group's current liabilities exceed its current assets and it has provided certain guarantees in relation to the borrowings of its Associates. However, the Group, based on the fact that it has generated positive operating cash flows in current year and expects to continue in future periods and its ability to raise new financing facilities / replace existing facilities, believes it will be able to continue to generate sufficient cash to meet its obligations as they fall due.

8 On March 31, 2020, US Food and Drug Administration (USFDA or the Agency) issued letters to all manufacturers of Ranitidine across dosage forms requesting withdrawal of all prescription (Rx) and over-the-counter (OTC) ranitidine drugs from the market immediately. This step was based on their ongoing investigation of the N-Nitrosodimethylamine (NDMA) impurity in ranitidine medications. As a result, effective 1 April 2020, the Company through its subsidiaries has ceased further distribution of the product and is currently in the process of withdrawing the product from the market. This withdrawal did not have any material impact on the standalone financial results for the quarter and year ended 31 March 2020. The impact of the withdrawal for the group has been disclosed in the consolidated financial results.

9 In March 2020, the World Health Organisation declared COVID-19 to be a pandemic. The Company has adopted measures to curb the spread of infection in order to protect the health of its employees and ensure business continuity with minimal disruption. The Company has considered available internal and external information while finalizing various estimates in relation to its financial statements upto the date of approval of the financial statements by the Board of Directors. The actual impact of the global health pandemic may be different from that which has been estimated, as the COVID -19 situation evolves in India and globally. The Company will continue to closely monitor any material changes to future economic conditions. However, the pandemic did not have any material impact on the financial results for the year ended March 31, 2020.

During the current quarter pursuant to the letter from US FDA, the Group also initiated a withdrawal of Ranitidine from US markets, the impact of which is described in Note 8. As of 31 March 2020, the Group's consolidated current liabilities exceed its current assets and it has provided certain guarantees in relation to the borrowings of its Associates. However, the Company, based on the fact that it has generated positive operating cash flows in current year and expects to continue in future periods and its ability to raise new financing facilities, believes it will be able to continue to generate sufficient cash to meet its obligations as they fall due.

10 The Board of Directors of the Company on July 29, 2019 have approved the Scheme of Amalgamation ('the Scheme') u/s 230 to 232 of the Companies Act, 2013, between Strides Pharma Science Limited, Strides Emerging Market Limited, Arrow Remedies Private Limited, and Fagris Medica Private Limited with an appointed date of Apr 1, 2019. The Scheme has been filed with National Company Law Tribunal (NCLT) for approval. The NCLT convened shareholders meeting on February 20, 2020 and the merger has been approved by the shareholders. The Scheme is currently pending with the NCLT for their approval.

11 The figures for the quarters ended March 31, 2020 and March 31, 2019 are the balancing figures between audited figures in respect to full financial years and the published unaudited year to date figures upto the end of the third quarter of the relevant financial year, which are subjected to limited review.

12 The board of directors have proposed a final dividend of Rs 2 per share, which is subject to approval by the shareholders in the Annual General Meeting.

13 Previous period figures have been regrouped to conform with the classification adopted in these financial results.

For and on behalf of the Board

Dr R Ananthnarayanan
CEO and Managing Director
