# CCI may Seek Less Info on Mergers

Market share disclosure forms likely to be simplified

**Shrimi.Choudhary**  
@timesgroup.com

**New Delhi:** The Competition Commission of India (CCI) is planning a revamp of the disclosure requirements when entities seek approval for merger deals to make the process less burdensome, people aware of deliberations told ET. At present, disclosures are made under Form-II if the market share of the post-merger entity exceeds 15%. The form has 30 queries that seek voluminous details about the deal and post-merger market and the business environment.

Form-I, or short form, is filed that seeks basic information of mergers and queries are lesser and generic. CCI is looking if this threshold of 15% market share can be raised, and the outdated queries such as the economics of the segment, data on research and development, and quantitative efficiencies of the company can be dropped or modified in line with international best practices. Globally, competition laws focus on queries that are relevant for merging firms and are deal focussed. "In combination, companies are reluctant to file Form-II as it's complicated, confusing, and not so us-

er-friendly. The exercise is quite cumbersome," an official, privy to the plan, told ET. "Keeping in mind the challenges, CCI's team is working to make the regime simpler but much-focused on the merger information. So, that will give a clearer picture of the company's focus and intent and fast-track the entire process," the official added. The disclosure under Form-II is mainly to ensure that the merger is not anti-competition, the official said. Other than market share, Form-II has to be also filed if CCI is not satisfied with the 'combination' disclosure or suspects misrepresentation of facts when it's reviewing the application.

## GSK, Generali Deals Cleared

**New Delhi:** The Competition Commission of India (CCI) on Monday approved the proposed acquisition of consumer healthcare company GlaxoSmithKline Asia Pvt Ltd (GSKAPL) by two other GlaxoSmithKline group entities. It also approved Italian firm Generali Group's proposal to raise its shareholding in Future Generali India Life Insurance to 71% from the current 49%.

## Maritime Transport Firms Face Penalty

**New Delhi:** The Competition Commission of India (CCI) has found four maritime transport companies guilty of indulging in cartelisation and anti-competitive practices, and imposed total penalty of ₹63 crore on three of them. The companies are Nippon Yusen Kabushiki Kaisha (NYK Line), Kawasaki Kisen Kaisha (K-Line), Mitsui OSK Lines (MOL) and Nissan Motor Car Carrier Company (NMCC).

The above is an extract of the detailed format of Quarterly Standalone and Consolidated Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing and Disclosure Requirements) Regulations, 2015. The full format of the Standalone and Consolidated unaudited Financial Results are available on the Stock Exchange websites: [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) and on the company's website-[www.ranegroup.com](http://www.ranegroup.com)

Note:  
1. The above financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their respective meetings held on January 24, 2022.  
2. During the year ended March 31, 2021, the Company had assessed the carrying value of its investments in a subsidiary and considered the fair value changes thereto resulting in a reduction in the carrying value aggregating to Rs. 62.50 crores being shown as an exceptional item for the year ended March 31, 2021. In order to carry out the above assessment, projections of future cash flows of the operating step-down subsidiary based on the most recent long-term forecasts, including selling price as well as volumes are estimated over the next five years. The estimation of sales volumes is based on management's assessment of probability of securing the new businesses in the future, adverse business impact and uncertainties arising due to COVID-19 pandemic to the extent known. The impact of COVID-19 on the Company's financial results may differ from that estimated as at the date of approval of these financial results depending on the circumstances that may evolve in the future.  
3. The Company's subsidiary in the U.S., Rane Light Metal Castings Inc., (LMCA) was entitled to certain economic relief provided by the U.S. government in order to manage the impact of COVID-19 pandemic. Pursuant to such economic relief schemes, during the nine months ended December 31, 2021, LMCA received an approval for forgiveness of the paycheck protection program loan (PPP Loan) from the U.S. Small Business Administration (SBA) for an amount of USD 2.63 million (INR 19.45 crores). Further, LMCA was eligible for employee retention credit (ERC), from the U.S. Internal Revenue Service during the nine months ended December 31, 2021 for an amount of USD 3.65 million (INR 27.28 crores) including USD 1.28 million (INR 9.59 crores) for the quarter ended December 31, 2021 and USD 1.23 million (INR 9.14 crores) for the quarter ended September 30, 2021. The aggregate amounts of such relief have been recorded as an exceptional income in the consolidated results for the quarter ended September 30, 2021 and for the quarter and nine months ended December 31, 2021.  
4. Pursuant to the Business transfer agreement dated October 11, 2021, the Company acquired the Steering Components Business ('SCB') of Yagachi Technologies Private Limited ('YTPL') for an aggregate consideration of INR 23.19 crores on a slump sale basis effective from October 31, 2021. Pursuant to such acquisition, the Property, plant and equipment, Intangibles, Inventories and other net current assets relating to SCB have been transferred to the Company.  
5. COVID-19 pandemic has rapidly spread throughout the world, including India. Governments have taken significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions on activities. Consequently, the Company's Group's manufacturing plants and offices had to operate under restrictions for a period of time during the half year ended September 30, 2021. These measures have an impact on matters relating to commodity prices, supply chain matters, customer demand, personnel available for work and for being available to access offices etc. The Group has considered the possible effects that may result from the continued effect of the pandemic on the carrying amounts of assets (net of impairment losses), capital and financial resources, profitability, liquidity and financial controls etc. In developing the assumptions relating to the possible future uncertainties, the Group, as at the date of approval of these financial results has used internal and external sources of information and based on current estimates expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's/Group's financial results may differ from that estimated as at the date of approval of these financial results depending on the circumstances that may evolve in the future. The Company/Group will continue to closely monitor any material changes to future economic conditions.  
6. The Company's operations for the quarter ended June 30, 2020 were suspended for part of the quarter on account of the lockdown announced by the Government of India consequent to the outbreak of COVID-19 pandemic. The results for the nine months ended December 31, 2021 are, therefore, not comparable with the nine months ended December 31, 2020.  
7. Subsequent to the quarter ended December 31, 2021, the Company has received Rs. 15 crores from Rane Holdings Limited as warrant exercise price towards conversion of the outstanding 8,49,979 equity shares of Rs. 10 each fully paid-up towards which listing and trading approvals are awaited from BSE and NSE.
