Life Flight Network Goes Live on Ramco

Adopts Ramco Aviation Suite for integrated management of aircraft safety, operations and maintenance

Oregon, USA / Chennai, INDIA – July 30, 2019 – [Ramco Systems](#), the global aviation software provider, announced it has partnered with [Life Flight Network](#), a nationally-recognized, not-for-profit air medical service based in Aurora, Oregon. The largest not for profit air ambulance program in the U.S., Life Flight Network has successfully implemented [Ramco Aviation Suite V5.8](#), integrating and enhancing safety, operations, maintenance, compliance and other key functions for its four-state network of air ambulance bases. Bundled with Ramco's Electronic Flight Bag (EFB) and Risk Assessment Feature, the software is a one-stop technology solution for management of Life Flight Network's fleet of more than 40 rotor and fixed-wing aircraft.

Created specifically for the aviation industry, Ramco Aviation Suite is an integrated solution including modules for engineering and programs, maintenance, finance, compliance and quality, flight operations, integration gateway (IRIS), and advanced visualization dashboard on a mobile-ready platform. With electronic flight bag and risk assessment capability, the solution integrates all the maintenance and supply chain functionalities, enabling automated and efficient operations.

"Our number one priority is the safety of our patients and crew," said **Life Flight Network CEO, Michael Griffiths**. "When it comes to the maintenance, operations and management of our fleet of aircraft, we are always seeking innovative tools and technologies that can support our high standards. Ramco's Aviation software does just that."

"With rich functionalities and deep domain expertise, Ramco's next-gen aviation technology has been the preferred partner of many leading heli-EMS players in North America" said **Virender Aggarwal, CEO, Ramco Systems**. "We are happy to partner with Life Flight Network in their digital transformation journey."

Ramco Aviation Software is trusted by over 22,000 users to manage more than 4,000 aircraft globally. Accessible on cloud and mobile, Ramco Aviation Software continues to add technological innovations with [Anywhere Apps](#) to significantly reduce transaction time both during aircraft on ground (AOG) conditions and critical aircraft turnarounds. Ramco is changing the paradigm of enterprise software with zero user interface (Zero UI) powered by features such as chatbots, mail bots, HUBs and cognitive solutions. Ramco has also developed application compatibility on Microsoft HoloLens to bring augmented reality which improves efficiency in maintenance operations. With more than 75 aviation leaders onboard, Ramco is the solution of choice for several large airlines, heli-operators and maintenance, repair and overhaul (MRO) operators.
