About the Company

Lords Chloro Alkali Ltd. (LCAL) was incorporated in 1979 and got listed on BSE Limited in the year 1982. The Company is engaged in production of wide ranges of chemicals i.e. Caustic Soda, Chlorine, Hydrogen, HCL, Stable Bleaching Powder and Tri Chloro Ethylene, mainly catering to the markets in North India. LCAL is having an advanced technology plant situated at SP-460, Matsya Industrial Area, Alwar Rajasthan with the production capacity of 210 TPD. The Company is planning to enhance Caustic Soda capacity to 300 TPD in next year and also add chlorine derivatives in the current year.

The company is strategically located in North India. The demand for Caustic Soda and Chlorine, two major products of the Company, is more than the production in the region resulting in ready market for the Company offering opportunities for expansion. The shortfall in the region is met through material coming from western parts of India which has a higher logistics cost.

The major consuming sectors for LCAL are paper, soap, dyes, chemicals and plastic industries based in UP, Haryana, Rajasthan, Punjab & Delhi.

The Mission of the Company is to provide customer with high quality products and services through sustained good business practices, latest technology and ethical ways of manufacturing.

“Teamwork is the ability to work together toward a common vision. It is the fuel that allows common people to attain uncommon results”

Managing Director’s message

Dear Members,

It is a privilege for me to share my thoughts with you as your Company’s Managing Director.

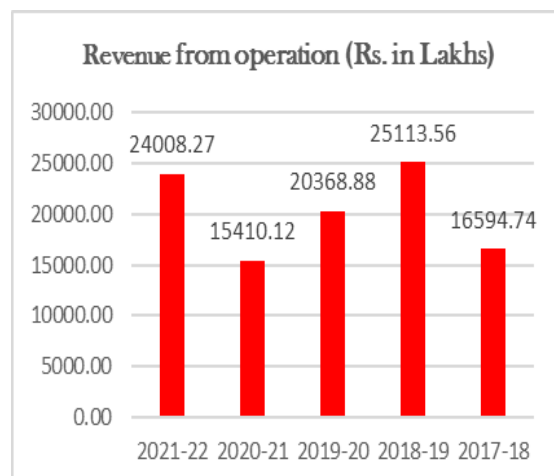

The past couple of years have been a period of intense action and reflection. We have seen a global pandemic, geopolitical tensions, supply chain disruptions and many other public and private upheavals. As the dust settles, and a clearer picture of the world ahead emerges, I believe we are standing at the threshold of a period of great opportunity and growth.

Further, after registering sharp decline in the initial months of 2020-21 due to the Covid-19 pandemic Indian exports started somewhat stabilising in the later months. The exports of Indian Chemicals has registered growth of 106% in financial year 2021-22 over 2013-14 i.e over a 8 year’s period. The export growth of Chemicals has been achieved because of a surge in shipments of Organic, Inorganic Chemicals, Agrochemicals, Dyes and Dye intermediates, Specialty Chemicals. Today Indian Chemical industry has become global player and earns foreign exchange for the nation with “Make in India” approach. India is the 6th Largest producer of Chemicals in the world and 3rd in Asia. India ranks 14th position in export of chemicals.

The Indian chemical industry is one of the fastest growing industries in the world and contributes 3.4 percent to the global chemical industry. Apex body, the Indian Chemical Council (ICC) predicted that the Indian chemical industry can double its size to \$300 billion by 2025. With government’s support on Atmanirbhar Bharat, many chemical companies- big and small- are taking a giant leap towards global dominance.

Performance of the Company

The during the year total revenue from operations was Rs. 24,008.27 Lakhs which registered 55.80% increase as compared to total revenue from operations of Rs. 15,410.12 Lakhs in the previous year. The revenue increased due to increase in price and demand of caustic soda in India. The Management periodically reviews the financial performance of the Company against the approved plans across various parameters and takes necessary action, wherever necessary.

I take pleasure in sharing that your company has achieved a net Profit of Rs. 3,228.38 Lakhs for the current year against a Net loss of Rs. 204.09 lakhs in the previous year.

This has been possible due to better realisation per ton of Caustic Soda in comparison to earlier years.

Further, the company has also commissioned the new Sodium Hypochlorite plant during the year and the Company is implementing a plan to

increase the Caustic soda capacity to 300 TPD in near future. Your company has also started work on establishing two chlorine derivatives namely Chlorinated Paraffin Wax (CPW) and Stable Bleaching powder (SBP).

The company is very confident of producing at full capacity in the year 2022-23 with much better profitability. Company is closely watching the improving state of economy and will take further decisions on expansion and broadening the product mix during the year.

We also remain committed to ensure the highest standards of corporate governance in true spirit. On behalf of the Board, I would like to thank all our customers, suppliers, Bankers and the government for their support to the Company. I convey my sincere appreciation to Team Lords Chloro Alkali Limited for its performance and thank all the shareholders for their trust reposed in us.

With Warm Regards
Ajay Virmani
Managing Director

2. PERFORMANCE AND STATE OF COMPANY AFFAIRS

Your Company has been able to produce 60083 MT of Caustic during the year against 59150 MT in the previous year. Further, the company has also commissioned the new Sodium Hypochlorite plant of 80 TPD capacity. The Company has initiated a plan to increase the Caustic soda capacity to 300 TPD and manufacturing of additional new products i.e. Stable Bleaching Powder (SBP) and Chlorinated Paraffin wax (CPW). The company has been able to maintain a healthy profitability and based on the current market scenario the trend is likely to continue well into the next year.

3. Marketing

Year 2021-22 has witnessed an upsurge in the demand for Chlor-alkali products after the Covid wave seen in first quarter. Our products performance are linked to country's GDP growth as caustic soda is used in Aluminium, paper, textile and other industries while co-

product chlorine is used in manufacturing of other chemicals used in different industries and in water treatment process. Production at the user industries was reasonably good which has resulted in enhanced demand for our products. Prices of caustic soda depends on the demand and supply condition within India and on international prices, chlorine prices are dependent on the local user conditions only. Caustic soda prices hiked substantially in line with international prices and the quantum driven by improved price realization during the year so the higher earnings were possible due to enhanced margins in the operations.

4. Completion of Open Offer

The Company had received a Public Announcement of Open Offer of the Company vide email dated 28th July, 2021, made by Corporate Professionals Capital Private Limited on behalf of Mr. Madhav Dhir, Ms. Srishti Dhir and Dhir Hotels and Resorts Private Limited ('Acquirers') to acquire 92,75,000 Equity Shares representing 36.87% of the Total Paid-up Share Capital of Lords Chloro Alkali Limited ('Target Company') at a price of INR 47.75 (Indian Rupees Forty Seven and Seventy Five Paise only) for each Equity Share of Target Company, pursuant to, and in compliance with, Regulation 3(2) of the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and subsequent amendments thereto ('SEBI (SAST) Regulations, 2011').

However, 92,08,945 Equity shares have been acquired by way of open offer representing 36.61% of paid up share capital. Accordingly post offer shareholding of Acquirers along with person acting in concert is 1,87,95,556 Equity Shares out of total paid-up equity share capital i.e. 2,51,53,861 representing 74.72% of paid up share capital of the Company. The open offer have been successfully completed in the month of October, 2021.

5. FUTURE OUTLOOK

Indian chemicals industry stood at US\$ 178 billion in 2019 and is expected to reach US\$ 304 billion by 2025 registering a CAGR of 9.3%. The demand for chemicals is expected to expand by 9% per annum by 2025. The chemical industry is expected to contribute US\$ 300 billion to India's GDP by 2025.

The Indian economy is growing at a healthy pace and is registering one of the highest growth rates in GDP. This has result in increased demand for company's products and based on the growth in economy the same trend is likely to continue for the coming year. Company is targeting to achieve optimum production level and sales realization in coming year. Sodium hypochlorite and other chlorine derivatives like CPW and SBP are to be added in existing product line to avoid price fluctuations of chlorine market to some extent. Also the proposed capacity addition in Caustic Soda is expected to add to top and bottom line of the company in coming years.

Management Discussion and Analysis

1. Industry structure and developments

In the year 2020, due to the COVID-19 pandemic, the global lockdown impacted the chemical industry in a many ways. Sudden interruption in manufacturing operations, disruptions in supply chain, uncertainty in demand, restrictions on workforce movement and unprecedented closure of plants all these issues came as a big hurdle to the industry, especially for those companies who depended mostly on manual operations.

After COVID-19 pandemic, economy around the world registered a strong recovery and is also expected to grow in coming future. Further, India's chemicals business is also expected to grow due to the increase in the demand. According to estimates, the Indian economy is expected to grow around 8% in near future subject to normalization of economic activities around the world. Global industry has also expected to grow around 6% in near future. Further, Chemical Industry has been modernizing and increasing production capacity through new generation technologies. Improvement in quality of Chemical produced will also help the Chemical Industries to emerge as World class Chemical industry, which will be ready to take on global competition.

2. Opportunities and Threats

The Company has its manufacturing facilities in the NCR at a distance of 160 KMS from Delhi. The location of the plant is such that it is able to cater to markets in North and Western part of India. We supply our products to paper, soap, dyes, chemicals, and plastic industries based in UP, Haryana, Punjab, Rajasthan, Gujarat & Delhi.

Further to take advantage of the opportunities in the market, the company is implementing few new products for captive consumption of Chlorine viz. CPW and SBP and also increasing the installed capacity for Caustic soda to 300TPD from 210 TPD.

3. Segment-wise or product-wise performance

The Company is operating in only one segment i.e. Chloro Alkali. The company was able to achieve a production of 60083 tons of Caustic during the year. The turnover of the company was Rs.240.08 Crores for the year against Rs.154.1 Crores for the previous year. The profitability has taken a quantum jump to Rs.32.28 crores from a net loss of Rs.2.04 Crores a year before.

4. Outlook

The company is looking at a promising future outlook. On a macro level the chemical sector globally and at India level is doing very well. The Indian chemicals industry stood at US\$ 178 billion in 2019 and is expected to reach US\$ 304 billion by 2025 registering a CAGR of 9.3%. The demand for chemicals is expected to expand by 9% per annum by 2025. The chemical industry is expected to contribute US\$ 300 billion to India's GDP by 2025.

Demand for company's products will further increase in second half of the coming year. Company is targeting to achieve optimum production level and sales realization in coming

year. Sodium hypochlorite and other chlorine derivatives are to be added in existing product line to avoid price fluctuations of chlorine market to some extent. Also the plan to enhance the caustic capacity by addition of one Electroyser is already under implementation which will take the enhanced capacity to 300tpd.

5. Risks and concerns

Your Company is continuously making endeavours to have safe operations by training and conducting various safety audits/ mock drills. National Safety Council, Rajasthan State Chapter has also recognized our efforts by awarding the certificate towards standards of competence and compliance of Health, Safety and Welfare.

The company has also commissioned the new Sodium Hypochlorite plant thus eliminated the handling of lime powder.

Company is following Covid-19 protocol strictly and ensuring that the work environment is safe and hygienic. No one is allowed walkin enter the plant without taking booster dose.

6. Internal control systems and their adequacy

The Company has well-established and robust internal control systems in place that are commensurate with the nature of its businesses, size & scale and complexity of its operations. Roles and responsibilities are clearly defined and assigned. The Company has also put in place adequate internal financial controls with reference to the financial statements by adopting accounting policies which are in line with the Accounting Standards as prescribed. The Management periodically reviews the financial performance of the Company against the approved plans across various parameters and takes necessary action, wherever necessary.

7. Discussion on financial performance with respect to operational performance

The total revenue from operations was Rs. 24,008.27 Lakhs during the year which was 55.80% increased as compared to total revenue from operations of Rs. 15,410.12 Lakhs previous year. The revenue has increased due to increase in price and demand of caustic soda in India.

8. Human Resources

Independent Auditors' Report

To
The Members of
Lords Chloro Alkali Limited
Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Lords Chloro Alkali Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matters

We draw attention to:

- a) Note No. 45 of the financial statements, which describes the possible effect of uncertainties relating to COVID-19 pandemic on the Company's financial performance as assessed by the management.

Our opinion is not modified in respect of the above stated matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a

separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting

frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Lords Chloro Alkali Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- i. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
 - (c) Based on our examination of the property tax receipts and lease agreement for land on which building is constructed, registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title in respect of self-constructed buildings and title deeds of all other immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
 - (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
 - (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii.
 - (a) Physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion, the coverage and procedure of such verification by the management is appropriate and any discrepancies of 10% or more in the aggregate for each class of inventory have been properly dealt with in the books of account
 - (b) The Company has sanction of working capital limits in excess of Rs.5 crore, in aggregate, during the year, from banks or financial institutions on the basis of security of current assets, and quarterly returns or statements filed by the company with banks are in agreement with the books of accounts of the Company.
- iii. The Company has not made investments in, companies, firms, Limited Liability Partnerships, and has not granted unsecured loans to other parties, during the year, hence reporting under clause 3(iii) (a) to (f) of the order are not applicable to the company.
- iv. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as

applicable.

- v. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has been specified by the Central Government under subsection (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. We have broadly reviewed the books of accounts maintained by the company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under subsection (1) of section 148 of the Act and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However we have not made a detailed examination of the records.
- vii. In respect of statutory dues:
 - (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2022 on account of disputes are given below:

Nature of the statute	Nature of dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount (Rs in lac)
Companies Act	Investor Education and Protection Fund	Details of dues not available	N.A.	11.64

- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix.
 - (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest from any lender.
 - (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
 - (c) The Company has applied the term loan for the purpose for which the loans were obtained.
 - (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
 - (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

- (f) The Company has not raised any loans on the pledge of securities held in its subsidiary, joint ventures or associates companies.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
(b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
(c) We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
- xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
(b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
(b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- xvii. The Company has not incurred cash loss during the financial year covered by our audit and during the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year. However the Statutory auditor was changed during the year due to completion of period for compulsorily Rotation of Auditor prescribed by the Companies Act
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our

examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- xx. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) No amount unspent under sub section (5) of section 135 of Companies Act pursuant to any ongoing project for CSR amount was outstanding for transfer to special Account in compliance with the provision of sub section (6) of section 135 of Companies Act at the end of the Financial Year.

Annexure 'B' To the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the Members of Lords Chloro Alkali Limited)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to financial statements of Lords Chloro Alkali Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that

a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

1. Corporate information and statement of compliance with Indian Accounting Standards (Ind AS)

Lords Chloro Alkali Limited (“the Company”) a public limited company domiciled in India and having its registered office at SP-460, Matsya industrial area, Alwar (Rajasthan) - 301030, was incorporated under the provisions of Companies Act, 1956. The Company is primarily engaged in the business of manufacturing of caustic soda and other chemicals.

The financial statements of the Company have been prepared to comply in all material respects with accounting principles generally accepted in India, including Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Companies Act, 2013 (the “Act”) and other relevant provisions of the Act.

2. Basis of preparation and significant accounting policies

Basis of preparation

The financial statements have been prepared on accrual and going concern basis under historical cost convention except for certain financial instruments and plan assets, which are measured at fair values.

The significant accounting policies and measurement bases have been summarised below.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and as per terms of agreements wherever applicable. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

a. Revenue recognition and presentation:

Revenue arises mainly from the sale of manufactured and traded goods.

To determine whether to recognize revenue, the Company follows a 5-step process:

1. Identifying the contract with a customer
2. Identifying the performance obligations
3. Determining the transaction price
4. Allocating the transaction price to the performance obligations
5. Recognizing revenue when/as performance obligation(s) are satisfied.

Revenue is measured at fair value of consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government which are levied on sales such as goods and service tax, etc.

Revenue is recognized either at a point in time or over time, when (or as) the Company satisfies performance obligations by transferring the promised goods or services to its customers.

Sale of goods

Revenue from sale of goods is recognised when the control of goods is transferred to the buyer as per the terms of the contract, in an amount that reflects the consideration the Company expects to be

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

entitled to in exchange for those goods. Control of goods refers to the ability to direct the use of and obtain substantially all of the remaining benefits from goods.

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets.

Dividend

Dividend are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

b. Inventories

Finished goods, works-in-process, raw material, stores& spares and packing material are valued at lower of cost and net realisable value. Cost of inventory has been arrived at by using the weighted average cost formula. Cost of inventory comprises. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. Stock of scrap is valued at estimated realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

c. Income taxes

Tax expense recognised in the statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income (OCI) or directly in equity.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (i.e. in OCI or equity depending upon the treatment of underlying item).

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside statement of profit and loss (in OCI or equity depending upon the treatment of underlying item).

d. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

e. Foreign currency transactions

The financial statements are presented in Indian Rupee ('INR' or 'Rs.') which is also the functional currency of the Company.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year-end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/ expenses, as the case maybe.

f. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

- ii. **Fair value through profit or loss** – Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.
- iii. **Fair value through OCI**- A financial assets measured at FVOCI if both of the following conditions are met:
- The Company’s business model objectives for managing the financial assets is achieved both by collecting contractual cash flows and selling the financial assets, and
 - The contractual terms of the financial assets given raise in specified dates to cash flows that are solely payments.

g. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

h. Property, plant and equipment (‘PPE’)

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, taxes (non-recoverable) borrowing cost if capitalisation criteria are met and other expenses, directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and definition of asset is met. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

In case an item of property, plant and equipment is acquired on deferred payment basis, interest expenses included in deferred payment is recognised as interest expense and not included in cost of asset.

Subsequent measurement (depreciation and useful life)

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

De-recognition of PPE

The carrying amount of an item of property, plant and equipment shall be derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

i. Capital work-in progress

Cost of material consumed and erection charges thereon along with other direct cost incurred by the Company for the projects are shown as capital work-in-progress until capitalisation. Claims for price variation / exchange rate variation in case of contracts are accounted for on acceptance / receipt of claim.

j. Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For this purpose, assets are compared at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or company of assets (cash generating units). If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

Other financial assets: In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

De-recognition of financial assets

A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

k. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

a) Right-of-use assets

The Company recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

b) Lease liabilities

At the commencement date of the lease, the Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual, value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of the interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

c) Short-term lease and lease of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption that are considered to be low value. Lease payments on short-term lease and lease of low-value assets are recognized as expense on a straight-line basis over the lease term.

1. Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary, interruption.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

m. Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of a legal or constructive commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

n. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard 19- Employee Benefits.

Defined benefit plans

Gratuity

The Company operates one defined benefit plan for its employees, viz. gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method. Actuarial gain and loss for the defined benefit plan is recognized in full in the period in which they occur in other comprehensive income.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

Other long-term benefits

Accumulated leave expected to be carried forward beyond twelve months, is treated as long term employee benefit. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit.

Liability under continuity linked key resource and deferred salary schemes is provided for on actuarial valuation basis, which is done as per the projected unit credit method at the end of each financial period.

Defined contribution plans

Provident Fund

The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which services are rendered by the employee.

Short-term employee benefits

Expense in respect of other short-term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

o. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting done to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments of the Company.

3. Significant accounting judgments, estimates and assumptions

When preparing the financial statements, management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

Summary of significant accounting policies and other explanatory information for the year ended 31 March 2022

Information about significant judgments, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below:

Significant judgments:

(i) Evaluation of indicators for impairment of non-financial assets

The evaluation of applicability of indicators of impairment of non-financial assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(ii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised. The recognition of deferred tax assets and reversal thereof is also dependent upon management decision relating to timing of Availment of tax holiday benefits available under the Income Tax Act, 1961 which in turn is based on estimates of future taxable profits.

Sources of estimation uncertainty:

(i) Provisions

At each balance sheet date, basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from management's estimates.

(ii) Fair valuation of financial instruments

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

39 Lease related disclosures

The Company has lease for office building and factory lease hold land. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability as a borrowings. Variable lease payments which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right of use assets. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

For leases previously classified as finance leases the entity recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the right of use asset and the lease liability at the date of initial application. The measurement principles of Ind-AS 116 are only applied after that date.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. Some leases contain an option to extend the lease for a further term. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over office building the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

A Lease payments not included in measurement of lease liability

The expense relating to payments not included in the measurement of the lease liability is as follows:

Particulars	March 31, 2022	March, 31 2021
Short-term leases	106.44	27.00
Leases of low value assets	2.38	0.56
Variable lease payments	-	-

B Total cash outflow for leases for the year ended 31 March 2022 was Rs 187.46 lakh(i.e.108.82 is short term and Rs 78.64 is long term) [Previous year 2020-21 Rs. 90.87 lakh(i.e.47.44 is short term and Rs 43.43 is long term)]

C Maturity of lease liabilities

The lease liabilities are secured by the related underlying assets. Future minimum lease payments were as follows:

31 March 2022	Minimum lease payments due						Total
	Within 1 year	1-2 years	2-3 years	3-4 years	4-5 years	More than 5 years	
Office Building at Delhi							
Lease payments	58.56	59.82	66.17	66.17	67.60	211.80	530.12

40A Financial instruments

(i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are classified into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Financial assets measured at fair value - recurring fair value measurements

	March 31, 2022	March 31, 2021	Level	Valuation techniques and key inputs
Investment in equity instruments	26.40	14.91	Level 1	Fair value of equity instruments have been determined using the quoted market price. Net asset value (NAV) obtained from an active market.
Investment in mutual funds	4.49	3.95	Level 1	
Total	30.88	18.86		

(iii) Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows:

Particulars	Level	March 31, 2022		March 31, 2021	
		Carrying value	Fair value	Carrying value	Fair value
Financial assets					
Investments	Level 3	-	-	0.32	0.32
Loans	Level 3	42.26	42.26	49.87	49.87
Trade receivable	Level 3	1,433.95	1,433.95	2,131.49	2,131.49
Cash and cash equivalents	Level 3	3,110.64	3,110.64	19.75	19.75
Total financial assets		4,586.85	4,586.85	2,201.43	2,201.43
Financial liabilities					
Borrowings	Level 3	3,477.68	3,477.68	6,059.98	6,059.98
Trade payables	Level 3	89.43	89.43	149.00	149.00
Other financial liabilities	Level 3	250.96	250.96	214.93	214.93
Total financial liabilities		3,818.08	3,818.08	6,423.91	6,423.91

The management assessed that cash and cash equivalents, trade receivables, other receivables, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Other non-current financial assets and non-current borrowings bear a market interest rate and hence their carrying amounts are also considered a reasonable approximation of their fair values.

40B Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the company. The company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- loans & receivables carried at amortised cost, and
- deposits with banks

Credit risk management

Credit risk rating

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- A: Low
- B: Medium
- C: High

Notes to the Financial Statements for the year ended March 31, 2022
(All amounts in INR Lakhs, unless otherwise stated)

Assets under credit risk –

Credit rating	Particulars	March 31, 2022	March 31, 2021
Low	Loans	42.26	49.87
	Investments	-	0.32
	Cash and cash equivalents	3,110.64	19.75
	Trade receivables	1,433.95	2,131.49

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

Trade receivables

Company's trade receivables are considered of high quality and accordingly no life time expected credit losses are recognised on such receivables.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes advances to employees. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Maturities of financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

31 March 2022	Less than 1 year	1-5 year	More than 5 years	Total

Other financial liabilities	214.93	-	-	214.93
Total	2,850.43	3,573.48	-	6,423.91

C) Market risk

a) Interest rate risk

The Company is not exposed to changes in market interest rates as all of the borrowings are at fixed rate of interest. Also the Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

b) Price risk

Exposure

The Company's exposure to price risk arises from investments held and classified as FVTPL. To manage the price risk arising from investments in mutual funds and equity investment, the Company diversifies its portfolio of assets.

Sensitivity

Below is the sensitivity of profit or loss and equity to changes in fair value of investments, assuming no change in other variables:

45 Impact of Covid-19:

On account of COVID-19 pandemic, nationwide lockdown was imposed by Government of India effective March 24, 2020 which extended for a couple of months in varied parts of the country and in varied forms. The outbreak of Coronavirus (COVID-19) Pandemic globally and in India has caused significant disturbance and slowdown of economic activity.

Consequent to these uncertainties caused due to continuation of pandemic, the Company has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial statements and has done a detailed assessment for carrying amount of financial and non-financial assets and does not anticipate any impairment to these assets. Also, the management does not see any risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due. The situation though is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future spread of COVID-19 and due to which the Company will continue to closely monitor any material changes to future economic conditions, if any.
