No need to change inflation target of 2-6%, says RBI Guv

'Oct print to be lower than 7%'

PTI ■ NEW DELHI

RBI Governor Shaktikanta Das on Saturday said there was no need to change the inflation target despite the central bank's failure to keep it below the 6 per cent upper tolerance level for 9 consecutive months while exuding confidence that the October print will be less than 7 per cent.

Inflation has been trending above the RBI's upper tolerance level of 6 per cent since January this year.

The Reserve Bank of India (RBI) Act mandates that in the case of the inflation target not being met for three consecutive quarters, the central bank has to submit a report to the government explaining the reasons and detail the remedial actions

it will be taking to check the price rise.

Earlier this month, a special meeting of the Monetary Policy Committee (MPC) was held to finalise the report explaining the reasons for missing the inflation target for three quarters.

This was the first time since the onset of the Monetary Policy Framework which came into effect in 2016 that the RBI explained its actions in a report

to the government. Speaking at the HT Leadership Summit on Saturday, Das said there is no need to change the goal post for inflation targeting as higher than 6 per cent inflation would hurt growth.

As per the mandate given to the Reserve Bank by the Union Government, the central bank is required to ensure that retail inflation remains at 4 per cent with a margin of 2 per cent on either side.

India likely to remain fastest growing major economy: Shaktikanta

PTI ■ NEW DELHI

Reserve Bank Governor Shaktikanta Das on Saturday exuded confidence that India will continue to be the fastest growing major economy with a likely growth rate of 7 per cent in 2022-23 on the back of strong macroeconomic fundamentals and financial sector stability.

Speaking at the HT Leadership Summit 2022, Das emphasised that the country's economy remains resilient, supported by the banking and non-banking sectors.

Das said the entire world has withstood multiple shocks. "I call it triple shocks of Covid-19 pandemic, then the war in Ukraine, and now the financial market turmoil."

The Governor said the financial market turmoil is mainly emanating from the synchronised monetary policy

tightening across the world by central banks, especially those in advanced countries, led by the US Fed, and the spillovers are being felt by the emerging market economies, including India.

He further said in this kind of successive turmoils, European Union is facing a recession situation, but there are possibilities that it will avoid that. The US is holding stable, but there are other countries where the growth has slowed down.

"So far as India is concerned, economy, overall macroeconomic fundamentals, the financial sector stability, all these aspects remain resilient. The banking sector that is the financial sector is stable because of all the parameters with regard to banking or the non-banking lenders or the other major financial sector players," he said.

India-US trade may reach \$500-600 bn by 2030: Goyal

PTI ■ NEW DELHI

Commerce and Industry Minister Piyush Goyal on Saturday exuded confidence that the India-US bilateral trade in goods and services will reach USD 500-600 billion by 2030 as their relation continues to strengthen.

The trade between the two countries stands at about USD 175 billion at present.

On whether India will join the trade pillar of 14-member Indo-Pacific Economic Framework for Prosperity (IPEF), Goyal said it would depend on what India will get in return.

While 13 member countries have joined all four subjects — trade, supply chains, clean economy and fair economy — under IPEF, India has opted out of the trade pillar as of now. It has joined the other three subjects.

"With regard to joining the

500-600 billion by 2030, when our exports in goods and services will be USD 2 trillion each," Goyal said.

He was speaking at the Hindustan Times Leadership Summit 2022.

On a free trade agreement with the US, the minister said America is not looking for a new trade pact with any country. The US is looking at India as its friend and a trusted partner, he added.

The IPEF was launched jointly by the US and other partner countries of the Indo-Pacific region on May 23 in Tokyo. The 14 IPEF partners represent 40 per cent of the global GDP and 28 per cent of global goods and services trade.

The members include the US, Australia, Brunei Darussalam, Fiji, India, Indonesia, Japan, Korea, Malaysia, New Zealand, the Philippines, Singapore, Thailand, and Vietnam.

RITES Sept qtr PAT drops 20% to ₹140 cr

PTI ■ NEW DELHI

RITES Ltd, a public sector transport consultancy and engineering firm, has reported 19.6 per cent decline in consolidated profit after tax (PAT) at ₹140.20 crore for September quarter 2022-23.

The company had logged a PAT of ₹174.49 crore in the year-ago period, RITES said in a BSE filing on Friday.

Income dropped to ₹684.30 crore from ₹788.85 crore in the year-ago period.

"The trend of sequential growth as also seen vis-a-vis H1 (April-September) of the previous year continues despite a dip in the export stream of revenue.

"The results reiterate our core strength and the USP (unique selling point) of having a diversified business portfolio," Chairman and Managing Director Rahul Mithal said.

RITES is a miniratna public sector enterprise and a leading player in the transport consultancy and engineering sector in the country.

IREDA Sept qtr profit rises 67% to ₹184 crore

PTI ■ NEW DELHI

The Indian Renewable Energy Development Agency (IREDA) on Saturday posted 67 per cent jump in net profit at ₹184.30 crore for September quarter 2022-23, mainly due to higher revenues.

In the year-ago period, the profit after tax was ₹110.27 crore, according to a statement from Ministry of New & Renewable Energy.

Gross income rose to ₹791.56 crore from ₹682.94 crore. IREDA's Net Non-Performing Assets (bad loans) were reduced to 2.72 per cent in the quarter under review from 4.87 per cent in the same period a year ago.

IT, BPM firms to see increase in hiring intent in next six months: Survey

PTI ■ MUMBAI

With IT and business process management (BPM) sectors witnessing a slump in hiring in September due to margin pressures, a study has revealed that 51 per cent respondents believe that there would be an increase in hiring intent in the next six months.

However, around one-third (34 per cent) respondents said there is going to be a decline in the hiring intent, while 15 per cent believe that it would be business as usual, according to the CIEL HR study.

The study is based on an online survey of 10,00,000 employees working in top 50 IT/BPM companies operating in India.

During the pandemic years, IT companies had hired massively to address the surge in demand driven by the wave of digital transformation across the globe, it noted.

Now that the demand has subsided, the companies are 'rightsizing' again, it said.

The study further revealed that the level of optimism in hiring intent was found higher among the respondents of smaller companies.

On the other hand, the majority of respondents from mid and large sized companies seemed to be more pessimistic about the hiring outlook.

On the job front, the study found that Bengaluru remained the 'hottest destination for IT and BPM talent', with 28 per cent of job postings for this region, followed by Delhi (14 per cent), Hyderabad (13 per cent) and Pune (12 per cent).

Out of the total job postings, foreign MNCs accounted for around 66 per cent of the jobs while Indian MNCs accounted for 18 per cent.

Aurobindo Pharma Q2 net drops 41 pc to ₹409 crore

PTI ■ NEW DELHI

Aurobindo Pharma on Saturday reported a 41 per cent decline in its consolidated net profit at ₹409 crore for the second quarter ended September 30, 2022.

The Hyderabad-based drug firm had posted a net profit of ₹697 crore in the July-September period of last fiscal. Revenue from operations also declined to ₹5,739 crore in the September quarter as against ₹5,942 crore in the year-ago period.

Aurobindo Pharma Vice-Chairman and Managing Director K Nithyananda Reddy said the company's second quarter performance was subdued, mainly due to macro-environment factors and higher competitive intensity for some products in the US.

"However, we are confident that our robust pipeline of new products will provide impetus to the future growth trajectory," he added. Reddy noted that company's continued focus on biosimilars, R&D, innovation and increasing manufacturing capacity will enhance its product offerings in various markets.

BUSINESS BRIEF

INOX GREEN ENERGY TO BECOME DEBT-FREE FIRM IN '23
Innox Green Energy Services Limited, one of the major wind power operation and maintenance service providers within India, will be debt free going forward. The company has ₹900 crore total debt as on June 30, 2022. Company's net debt after adjusting cash and cash equivalent of ₹100 crore as on June 30, 2022 comes to ₹800 crore. Around ₹300 crore will be realized by sell of SPV "Nani Virani Wind Energy Private Limited", which would be utilized towards repayment / prepayment of debt. Company plans to utilize net proceed from fresh issue towards repayment and/or pre-payment, in full or part, of certain borrowings availed by our Company including redemption of Secured NCDs in full aggregating up to ₹370 crore. The balance total debt amountsto ₹130 Crore which company plans to repay through internal accrual which it expects to realize as a result of high EBITDA margin in the range of 47-54% during the fiscal 2020, 2021, 2022 and also the fact that reduction in debt will curtail interest cost thereby assisting in enhancing internal accruals further.

NTPC'S PERFORMANCE, PROGRESS COMMENDABLE: MIN

New Delhi: NTPC's performance, work culture and progress has been commendable. We have not let there be any power crisis even in trying times, said Shri R K Singh Hon'ble Union Minister (Power, New & Renewable Energy) congratulating NTPC on its 48th Raising Day function. Singh was speaking on the occasion of NTPC's Raising Day addressing the gathering including the senior management of NTPC at Siri Fort, New Delhi and other dignitaries along with the employees and their family members. In his address, Singh emphasised that economic growth cannot sustain without energy and stated that demand for energy is growing at a rapid pace and we need to be at par with the pace of growth. Singh also stressed on the importance of critical decision making, attracting bright and young minds and encouraging them to take risk and think out of the box. While addressing the gathering consisting of NTPCians from across the country, Shri Gurdeep Singh, CMD, NTPC acknowledged the efforts of every NTPCian and said, "We started our journey in 1975. In these 47 years we have accomplished a successful journey. My thanks to everyone who has contributed to our growth directly or indirectly.

IMPORTANT NOTICE
Dear Members,
As you are aware Hon'ble High Court, Delhi has temporarily prohibited the business of Society from 22.03.2022 and in pursuance with the order neither any deposit is being accepted by the Society nor any new member is being made by the Society since 22.03.2022. But some mischievous persons have issued a circular in social media, misusing Sahara India Pariwar's letter head with forged signature of Saharasri by using the name of Society for adding more and more members in the Society, mentioning more and more benefits, which has no relation with the Society and Saharasri as he is not having any position in Society and is being circulated for committing fraud. A complaint has been filed in the National Cyber Crime Branch in this regard.
In the same context it is hereby informed that as soon as the Hon'ble High Court, Delhi lifts the prohibition from the Society, the Society will inform by its legal resources to accept new deposits from its esteemed members.
