BSE Limited, MUMBAI

**Subject: RAJNISH WELLNESS LIMITED - Disclosure under SEBI (LODR) Regulations, 2015**

Dear Sir/Madam,

The Company had obtained a Credit Facility Limit from State Bank of India in the year 2019 against which collateral was pledged and limit was sanctioned. During the pandemic stage the Government had offered moratorium period and during that period the loan was divided into 3 parts namely WCTL, FITL and Term Loan, wherein the Company was regular in paying interest on term loan and outstanding in WCTL and FITL was unpaid. As the world was aware situation during pandemic was not healthy and each and every Company's business was come to a standstill, despite the ups and downs the Company never defaulted in paying interest on term loan. The Company after repetitive efforts and continuous follow up did not receive any fund from State Bank of India, where the Government had promised to give 20% of term loan amount to each and every Company, despite of that the Company was regular is paying interest for Term Loan Account. After many attempts, the sanction as per Government guidelines was not received the Company did default in the month of March, 2022 and on 21<sup>st</sup> March 2022 the account was declared NPA. The Company is in process to pay of all the liabilities outstanding and within a short period of time the same will be paid.

Thanking You

Yours Faithfully

For **Rajnish Wellness Limited**
