OPERATIONS:

The Total Income for the year ended March 31, 2023 was Rs. 3,910.29 Lakhs as compared to Rs. 28,381.70 Lakhs during the previous year. Loss before tax was Rs. 5,985.35 Lakhs as compared to Profit of Rs. 20,808.62 Lakhs during the previous year. Loss after tax was Rs.5,985.35 Lakhs as compared to profit of Rs. 20,276.02 Lakhs.

The company has begun its grinding operations from 08th May, 2022, restarted the cement plant and started clinker production from 02nd March, 2023.

STATE OF COMPANY AFFAIRS:

During the year under review, the Company has commenced its cement production by procuring the key raw material- 'clinker' from the secondary market and the produced cement bags have been distributed into the market through marketing dealers and diligently captured the south Indian cement industry market share. Parallely, the assignment of revamping the existing cement plant from aggregate to detail level has been outsourced and the final modernized Cement Plant was handed-over to the new management in the month of February, 2023. In the same month, the cement plant has been officially re-opened and ever since then, the clinker production has begun in-house, which has reduced the company expenditure and this is going to have an effective positive impact on profitability of the Company.

DIVIDEND:

Your Directors regret their inability to recommend any dividend on Equity Shares in view of the carry forward losses.

FIXED DEPOSITS:

The Company has not accepted any Deposit during the year and there are no deposits unpaid or unclaimed as on 31st March, 2023.

INSURANCE:

The assets of the Company are adequately insured.

INDUSTRIAL RELATIONS:

Company's Industrial Relations continue to be harmonious and cordial.

MANAGEMENT DISCUSSION AND ANALYSIS:

Industry structure and development:

The cement production in India is projected to reach 400 MT by FY25. The country has top quality lime deposits, which would benefit the growth. Aided by suitable Government foreign policies, several foreign players such as Lafarge-Holcim, Heidelberg Cement, and Vicat have invested in the country in the recent past. A significant factor which aids the growth of this sector is the ready availability of raw materials for making cement, such as limestone and coal. The cement industry has continued its growth rate over the decade and the demand growth has overtaken the economic growth rate in the past three years. The cement demand grows roughly 1.5 times the GDP growth rate and the turnover has been around over 9 billion dollars in the previous year. With the increase in infrastructure development such as highways, the global demand has led to the increase of production capacity. Thus, if the global and domestic demand continues to grow the contribution of cement industry toward the economy will surely increase and turn out to be extremely profitable.

The Cement Division is incurring losses due to its inability to operate continuously at optimum levels on account of inadequate working capital and high cost of production which is mainly due to high power consumption and coal when compared to industry norms of similar capacity. Now the management has taken various steps to optimize the production levels and took necessary measures to reduce the cost of production by modernizing the cement plant during the year under review.

Opportunity and threats:

Our cement plant being strategically located with high quality limestone mines proximate to the plant, can cater to the neighboring States – Karnataka, Telangana, Tamil Nadu, Goa and Kerala where the realizations are better.

Fluctuating commodity prices, particularly for key inputs like energy and raw materials; Changes in government regulations and policies, particularly related to environmental concerns and safety standards; and Negative perceptions of the previous operation of the plant may impact public relations and branding efforts are possible threats of the Company.

The management is putting its best efforts to refine the industry to peak levels.

Performance:

During the year under review, the company has purchased clinker and performed grinding operations- cement production and dispatch of same under the company brand into the market and sold 87,500 tonnes of cement. Post end of financial year and before presentation of this report, the clinker production has begun in-house and cement grinding operations are steadily operated at 80% capacity as on date.

Outlook:

The initiatives by the Central Government such as housing for all, smart cities, Swachh Bharat campaign, infrastructure spending, concrete road initiatives, flyovers erections and an increase in allocation of funds to States are likely to see a positive impact on the Cement Industry.

Infrastructure development is the need of the nation; this along with rising housing provision will accelerate construction activity. Recovery of the global scenario could also provide impetus to economic growth and cement. The State has seen new players and also the existing players expanding capacities due to huge availability of limestone, which is the primary material for cement.

Risks and concerns

The company is operating in a rapidly changing environment and the Company must identify such risks and measure impact of such changes on business operations. Concerns of the Indian Cement Industry are high cost of power and coal, high freight costs, inadequate infrastructure, non-availability of wagons and poor quality of coal and heavy taxes/royalty levies. The Operations of Cement companies in Telangana and Andhra Pradesh suffer due to availability of Coal, Fuel, lower realizations and lower demand in the state.

Segment-Wise Performance Together with Discussion on Financial Performance With Respect To Operational Performance:

Segment-wise (only one segment) performance together with discussion on financial performance with respect to operational performance has been dealt with in the Directors' Report which should be treated as forming part of this Management Discussion and Analysis.

Internal control systems and their adequacy:

The Company is following a proper and adequate system of internal controls in respect of all its activities including safeguarding and protecting its assets against loss from unauthorized use of disposition.

The internal control systems of the company comprise of statutory audit, cost audit and internal audit. The work of all the audits have been assigned to reputed, external, independent and qualified people.

The Audit Committee comprising of independent directors will review all quarterly, half yearly and annual financial statements.

Human resources and industrial relations:

The industrial relations at all the plant and offices continue to be cordial during the year under review. The total number of employees of the Company as at the end of the financial year 2022- 23 is 470 at Cement Division and Central Administrative Office.

Details of significant changes:

S. No.	Particulars	2021-22 (%)	2022-23 (%)
(i)	Debtors Turnover	56.58	-
(ii)	Inventory Turnover	6.25	-
(iii)	Interest Coverage Ratio	-	-
(iv)	Current Ratio	0.15	0.07
(v)	Debt Equity Ratio	(2.02)	(2.26)
(vi)	Operating Profit Margin	(0.78)	-
(vii)	Net Profit Margin	(0.78)	-

The Company cement plant has stopped its business operations since December 2018 to May 2022. The company operations have begun and production was upheld during the year and accordingly, the above ratio have differed.

Change in Return on Net worth as compared to immediately previous financial year:

The Return on Network (RoNw) for the financial year ended 31 st March, 2023 is Rs. (7.46) as compared to Rs.497.65 during the previous financial year ended 31 st March, 2022. The previous year RoNw is more than current year RoNw as the company has written off assets and credit balances in the previous year and made incurred huge capital expenditure during the year under review in revamping the cement plant and improving its efficiency. This is going to have a positive impact on company operations in coming years.

Cautionary Statement:

Statements in the Management Discussion and Analysis Report describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities laws and regulations. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include global and domestic supply and demand conditions affecting selling prices of finished goods, input availability and prices, changes in government policies and regulations, tax laws, economic developments within the country and other factors such as litigation and industrial relations. The company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Readers are cautioned not to place undue reliance on these forward-looking statements that speaks only as of their dates.

 CIN: L26940AP1955PLC000546
 10/156, Betamcherla Road, Betamcherla,
 Cement Nagar, Kurnool, Andhra Pradesh - 518206.

Its status under the Act: **Panyam Cements and Mineral Industries Limited** is under Corporate Insolvency Resolution Process (CIRP) of the Insolvency and Bankruptcy Code 2016 (IBC) in terms of Order passed by the Hon'ble National Company Law Tribunal (NCLT), Amravati Bench with effect from 14th May, 2020 to 13.01.2023. The Hon'ble NCLT, Amravati Bench has approved the Resolution Plan submitted by RV Consulting Services Private Limited and Sagar Power Limited vide Order dated June 25, 2021. The Hon'ble NCLT, Amravati Bench has also approved the constitution and appointment of Sri. Bhrugeth Amin as Monitoring Agent of Monitoring Committee. IMC has implemented the resolution plan and handed-over the company affairs to the new board of directors. The new Board of the company took the control over the company operations with effect from 13.01.2023.

During the period from April 01, 2022 to January 13, 2023, our verification is restricted due to CIRP. We have examined the compliance of the conditions of Corporate Governance by Corporate Governance of Panyam Cements and Mineral Industries Limited (the 'Company') for the financial year ended on March 31, 2023, as stipulated under Regulations 17 to 27, clauses (b) to (i) and (t) of sub-regulation (2) of Regulation 46 and Paras C, D and E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the 'SEBI Listing Regulations').

The compliance of conditions of the Corporate Governance is a responsibility of the management. Our examination was limited to procedures and implementation thereof, adopted by the company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statement of the Company.

In our opinion and to the best of our information and according to the explanation given to us, we certify that the Board of Directors of the Company is properly constituted as per the provisions of the Companies Act, 2013 and the Company has complied with all other conditions of the Corporate Governance as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We further state that the compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To
The Members,
M/s. Panyam Cements and Mineral Industries Limited

Report on the Audit of Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of **PANYAM CEMENTS AND MINERAL INDUSTRIES LIMITED** (“the company”), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of the significant accounting policies and other explanatory information (herein after referred to as “the financial statements”)

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the **Basis for Qualified Opinion** section of our report, the accompanying financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, the LOSS and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

The Company has not adopted and complied with the requirements of Ind AS-19 ‘Employee Benefits’ in respect of the Gratuity liability which constitute a departure from the Accounting standards mentioned in the Companies (Indian Accounting Standards) Rules 2015 referred in section 133 of the Act. In view of this the liability of the company in this regard could not be ascertained. Consequently, we are unable to comment about the impact of the same on the profit for the year, income tax and shareholder’s funds.

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the *Auditors responsibility for the Audit of Financial Statements* section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of matter

We draw attention to NOTE No 1.1.2 of the Notes to the financial statements for the year ended 31.03.2023 which states the revision on the financial statements initially approved by the Board on 27.05.2023

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Director is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them

all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, based on our audit we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act;
 - e) on the basis of the written representations received from the directors of the Company as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) with respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements;
 - g) with respect to the other matters to be included in the Auditor's report in accordance with the requirements of section 197(16) of the Act, as amended: no remuneration was paid by the Company to its directors during the year;
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. the Company has disclosed pending litigations by way of a note in the Contingent Liabilities in its financial statements - Refer Note 28 to the Ind AS financial statements;
- ii. the Company did not have any long-term contracts including derivative contracts; as such there were no material foreseeable losses thereon;

ANNEXURE "A" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Statement on the matters specified in the Companies (Auditor's Report) Order, 2020

On the basis of such checks as we considered appropriate and according to the information and explanation given to us during the course of our audit, we report that

- i) in respect of the Company's property, plant and equipment:
 - a) (A) the Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment;
 - (B) the Company has not capitalized any intangible assets. Hence Para 3(i) (B) of the said Order, is not applicable to the Company;
 - b) the Company has a program of verification to cover all the items of property, plant and equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification;
 - c) on the basis of our examination of the records of the Company, the title deeds of all immovable properties are held in the name of the Company.
 - d) on the basis of our examination of the records of the Company, the Company has not revalued its Property, Plant and Equipment during the year;
 - e) on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder;
- ii) in respect of Company's inventory:
 - a) the management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and the procedure of such verification by the management is appropriate. Discrepancy of 10% or more were not noticed on such physical verification. There are no inventories lying with third parties as at year-end;
 - b) the Company has not been sanctioned working capital limits by banks or financial institutions on the basis of security of current assets. Hence, clause 3(ii) (b) of the said Order is not applicable;
- iii) during the year the Company has not made any investment in, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the requirement to report on Para 3(iii)(a) to (f) of the Order is not applicable to the Company.

- iv) in view of our comment in the sub para (iii) above compliance with the provisions of Sections 185 and 186 of the Act does not arise;
- v) the Company has not accepted deposits from public during the year and does not have any unclaimed deposits as at 31st March, 2023 and therefore, the provisions of the Para 3 (v) of the Order are not applicable to the Company;
- vi) since there were no operations during the immediately preceding year, maintenance of Cost records U/s148(1) of the Act is not applicable;
- vii) according to the information and explanations given to us, in respect of statutory dues:
 - a. the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services Tax (GST), Provident Fund, Employees' State Insurance, Income-tax, sales tax, service tax Customs Duty, Excise duty Cess and other material statutory dues as applicable, with the appropriate authorities;
 - b. there were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods and Service Tax (GST), Customs Duty, Cess and other material statutory dues in arrears as at 31st March, 2023 for a period of more than six months from the date they became payable;
 - c. there were no disputes as at 31.03.2023 to the extent of depositing the current year dues. However PF Authorities, Electricity Board and Excise Duty Authorities have approached NCLAT (National Company Law Appellate Tribunal) claiming the amounts as mentioned below pertaining to earlier years owed by the erstwhile Management and the company has shown as Contingent Liability as on 31.03.2023

Name of the Statute	Nature of dues	Amount (Rs. in lakhs)	Forum where dispute is pending
Employees Provident Fund and Miscellaneous Provisions Act, 1952	PF delay charges/ damages for belated payments	722.72	NCLAT, Chennai
The Electricity Act, 2003	Dues to APSPDCL	4,702.25	NCLAT, Chennai
Central excise, service tax	Dues due to central excise, service tax	3,122.21	NCLAT, Chennai
Securities & Exchange Board of India	Penalties for non-compliance	14.00	See note below*

Note*: SAT decided the case in favour of the company, but SEBI intends to appeal to the Supreme Court of India against SAT order.

- viii) the Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on Para 3(viii) of the Order is not applicable to the Company;

- ix)
 - a) the Company has been taken over by the new management through NCLT Order and the new management has not defaulted in repayment of loans and borrowing or in the payment of interest.
 - b) the Company is not a declared wilful defaulter by any bank, financial institution or other lender;
 - c) during the year under report the company has not raised any term loans;
 - d) during the year under report the Company got intercorporate deposits from related parties and were shown under Current Liabilities pending finalisation of repayment terms by the Lenders. Deposit amounts were utilised for both long term purposes and short term purposes:
 - e) the Company does not have subsidiaries, joint ventures. Hence reporting under Clauses 3(ix) (e) and (f) is not applicable;
- x)
 - a) the Company did not raise moneys by way of initial public offer or further public offer during the year .Hence reporting under Clauses 3(x) (a) is not applicable;
 - b) the Company has made preferential allotment during the year and complied with the requirements of section 62 of the Companies Act 2013:
- xi)
 - a) based on examination of the books and records of the Company, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit;
 - b) no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 during the year and up to the date of this Report with the Central Government;
 - c) no whistle blower complaints received by the Company during the year;
- xii) the Company is not a Nidhi Company. Accordingly, Para 3(xii) of the Order is not applicable;
- xiii) the Company is in compliance with Section 188 and 177 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc as required by the applicable accounting standards;
- xiv)
 - a) the Company has an internal audit system, in our opinion , which needs to be strengthened ;
 - b) we were unable to obtain on timely basis of the internal audit reports of the company, hence the internal audit reports have not been entirely considered by us
- xv) during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Act, are not applicable;
- xvi)
 - a) the Company is not required to register under section 45-IA of the Reserve Bank of India Act, 1934 ;

- b) the Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid Certificate of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934;
 - c) the Company is not a Core Investment Company as defined in the regulations made by Reserve Bank of India;
 - d) the Company does not have any Core investment Company as a part of its group of Companies;
- xvii) the Company had incurred cash loss of Rs 10.01 Cr in the immediately preceding financial year and during the year an amount of Rs 26.05 incurred cash losses ;
- xviii) there has been no resignation of the statutory auditors during the year. Accordingly, Para 3(xviii) of the Order is not applicable;
- xix) on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- xx) in our opinion and according to the information and explanations given to us, the company is not obligated to spend the amount under CSR Obligations as per section 135 of the Companies Act, 2013. Accordingly, Para 3(xx)(a)& (b) of the Order is not applicable;

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Statements under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial statements of Panyam Cements and Mineral Industries Ltd ("the Company") as of 31st March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls Over Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

During the Last Quarter of the Year under Report the Company started its manufacturing activity. It is informed by the Company that it is in the process of establishing and documenting internal financial controls with reference to financial statements. For the year under report we relied upon the manual controls adopted by the Management. Considering the operations and transactions of the Company in our opinion these controls are to be strengthened.

The financial statements for the year ended March 31, 2023, were approved by the Board of Directors on 27th May 2023. Later, it was noticed that the approved financials have miscalculated depreciation amounting to Rs. 550 lakhs which resulted in over statement of loss for the quarter ended and for the year ended March 31, 2023 by Rs. 550 lakhs to rectify this miscalculation the board revised the financial statements and approved the same in its meeting held on 04th September, 2023.

S. NO.	Particulars	Amount in Lakhs
1	Profit/ (Loss) as per initial approved financials	(6,535)
2	Changes in Depreciations due to miscalculation	550
3	Profit/ (Loss) as per revised financials	(5,985)

1.2 Significant accounting policies

A. Statement of compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act 2013, (“the Act”) (to the extent notified) , read with Rule 3 of Companies (Indian Accounting Standards) Rules 2015 as amended thereof and guidelines issued by the Securities Exchange Board of India

Accounting policies are consistently applied except were a newly inserted accounting standard is initially adopted or a revision to an existing accounting standard required a change in the accounting policy hitherto in use.

B. Basis of preparation and presentation of financial statements

The financial statements have been prepared in accordance with the Indian Generally Accepted Accounting Principles on accrual basis of accounting and the historical cost convention basis except for certain financial instruments that are measured at

fair values at the end of each reporting period, as explained in the accounting policies below.

The financial statements are presented in Indian Rupees rounded to nearest lakhs with two decimals. Figures less than thousands are shown as Nil.

C. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is treated as current when it is:

- * Expected to be realized or intended to be sold or consumed in normal operating cycle
- * Held primarily for the purpose of trading
- * Expected to be realized within twelve months after the reporting period, or
- * Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is current when:

- * It is expected to be settled in normal operating cycle
- * It is held primarily for the purpose of trading
- * It is due to be settled within twelve months after the reporting period, or
- * It does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- * All other assets and liabilities are classified as non-Current.

The Operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalent. The company has identified 12 months as its operating cycle.

D. Use of estimates and judgments

The preparation of the financial statements requires that the management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates.

Any revision to accounting estimates is recognized prospectively in current and future periods. The critical accounting judgments and key estimates followed by the Company for preparation of financial statements are described in Note 1.2 (V).

E. Property, Plant and Equipment

Freehold Land is carried at historical cost. Other property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment loss if any,. Historical cost includes purchase price and expenditure that is directly attributable for the bringing the asset into intended use. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under Other Non-Current Assets and the cost of the assets not put to use before such date are disclosed under 'Capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be reliably measured. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are derecognised from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss. Assets to be disposed off are reported at the lower of the carrying value or the fair value less cost to sell.

F. Depreciation and Amortization

The Company depreciates property, plant and equipment over their estimated useful lives as specified in Schedule II to the Companies act, 2013 using the in respect of plant and machinery and buildings and in respect of other assets on written down value method. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period and with the effect of any changes in estimate accounted for on a prospective basis.

G. Impairment of Property, plant and equipment

Property, plant and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs. If such assets are considered to be impaired, the impairment is recognized in the Statement of Profit and Loss and is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of Profit and Loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

H. Mine closure, site restoration and decommissioning obligations:

An obligation for restoration, rehabilitation and environmental costs arises when environmental disturbance is caused by the development or ongoing extraction from mines. The company recognises unavoidable obligations, legal or assumed, to restore

the mines upon exhaustion of reserves/end of lease period whichever is earlier.

The obligation is estimated on the basis of cash flows expected to be incurred as per applicable mining regulations, which mainly includes cost of plantation, fencing, biodiversity management, sustainable development, rainwater harvesting, etc.

The estimate of expenses are escalated for inflation, and then discounted at a discount rate that reflects the current market assessment of the time value of money and the risks, such that the amount of provision reflects the present value of the expenditures expected to be required to be settle the obligation.

The company records a corresponding asset associated with the liability for final reclamation and mine closure. The obligation and corresponding assets are recognised in the period in which the liability is incurred. The asset representing the total site restoration cost as per mine closure plan is recognised as a separate item in PPE and amortised over the balance project/mine life.

The value of the provision is progressively increased over time as the effect of discounting unwinds creating an expense recognised as financial expenses.

Subsequent adjustments to the obligation for changes in the estimated cashflows/ disbursement period/ discount rate are made against fixed assets and depreciation/ amortisation is modified prospectively.

I. Right of use asset:

Leases The Company has adopted Ind AS 116 “Leases” with the date of initial application being April 01, 2022. Ind AS 116 replaces Ind AS 17 - Leases & related interpretation & guidance. The Company’s lease asset classes primarily consist of leases of building.

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset, (2) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (3) the Company has the right to direct the use of the asset.

Company as a lessee The Company applies a single recognition and measurement approach for all leases, except for short term leases and leases of low-value assets. The Company recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

- a) Right-of-use (“ROU”) assets The Company recognizes right-of-use assets at the commencement date, except short term leases and low value leases. The Company’s lease asset classes primarily consist of leases for Buildings. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are amortised on a straight-line basis over the lease term. They are subsequently measured at cost less accumulated depreciation and impairment losses if any. For the purpose of impairment testing, the recoverable amount (i.e., the higher

of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

- b) Lease liabilities The Company recognizes lease liability at the commencement date measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs. In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the initial application date i.e., April 01, 2022, because the interest rate implicit in the lease is not readily determinable. In respect of subsequent leases, the incremental borrowing rates are determined periodically, to calculate the present value of lease payments. After the lease commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.
- c) Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.
- d) Short term leases and leases of low-value assets

The Company applies the short term lease recognition exemption to its short term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to such leases that are considered to be of low value. Lease payments on short term leases and leases of low-value assets are recognized as expense on a straight-line basis over the lease term. Company as a lessor Leases in which the Company does not transfer substantially all the risks and rewards

J. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Internally generated intangibles, excluding capitalized software development costs, are not capitalized and the related expenditure is reflected in the statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets of the Company are assessed as finite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets are amortised over the finite life of the asset under straight line method.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The useful life of the Intangible assets is estimated as under:

Asset type	Useful life
Computer Software	10 Years

K. Borrowing costs:

Borrowing cost includes interest computed using Effective Interest Rate method, amortization of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalized as part of the cost of that asset which takes a substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalization by applying capitalization rate to the expenditure incurred on such cost. The capitalization rate determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalizes during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowing costs are expensed in the period in which they occur.

L. Impairment of non-financial assets

The carrying values of the non-financial assets are reviewed at each Balance Sheet date to determine whether there is any indication of impairment of the carrying amount of the Company's assets. If any indication exists, an asset's recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of the asset exceeds the recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognized in the statement of profit and loss.

M. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognized initially at fair value except for trade receivables which are directly measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in two categories:

- * Financial assets at amortized cost
- * Equity instruments at fair value through other comprehensive income (FVTOCI)

Financial assets at amortized cost

A 'Financial asset' is measured at the amortized cost if both of the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss. This category generally applies to trade receivables.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognized by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by - instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L

Derecognition

A financial asset (where applicable, a part of a financial asset) is primarily derecognized (i.e., removed from the Company's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either

- (a) The Company has transferred substantially all the risks and rewards of the asset, or
- (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

Impairment of Financial assets

The Company recognizes loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss.

The Company follows "Simplified approach" for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in profit or loss.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

This is the category most relevant to the Company. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are de-recognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

Derecognized

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

N. Investment in associates

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

Such investments in which the Company has no significant influence are accounted under Ind AS 109 at fair value and the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

O. Inventories

Inventories are valued at the lower of cost and net realizable value after providing for obsolescence. Costs of inventories are determined on weighted average basis. Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and Costs necessary to make the sale. Cost of inventories comprises cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition.

P. Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, Cash on hand and short-term deposits with an initial maturity of three months or less, which are subject to an insignificant risk of changes in value.

Q. Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

- **Current Tax:**

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates as per the provisions of the Income tax Act, 1961 and other applicable tax laws Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognized as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the “MAT Credit Entitlement” at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period. Current tax assets and liabilities are offset, when the Company has legally enforceable right to set off the recognized amounts and intends to settle the asset and the liability on a net basis.

- **Deferred tax:**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognized if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

- **Current and Deferred Tax for the Year:**

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively.

R. Provisions, Contingent liabilities and Commitments

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability:

Contingent liability is a possible obligation that may arise from past events and its existence will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the same are not recognized but disclosed in the financial statements.

Contingent asset

Wherever there is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed when the inflow of economic benefit is probable.

S. Revenue Recognition

Revenue from sale of goods is recognized when control of the products being sold is transferred to customer and when there are no unfulfilled obligations.

The Performance Obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Revenue is measured at fair value of the consideration received or receivable, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the government such as goods and services tax, etc.

The Company provides discounts to customers on the achievement of the performance criteria based on agreed terms and conditions. There is no significant financing component with regard to sale of products for the Company as per Ind AS 115. The Company do not have any non-cash consideration.

Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Our customers have the contractual right to return goods only when authorized by the Company:

Income from services rendered is recognized based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.

Interest income is recognized using the effective interest rate (EIR) method.

Dividend income on investments is recognized when the right to receive dividend is established.

Other Operating Income and Other Income:

Revenue with respect to Other Operating Income and Other Income including incentives are recognized when a reasonable certainty as to its realization exists.

T. Employee Benefits

Short term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of Bonus, Ex-gratia, Leave Travel Allowance, Reimbursement of Medical Expenses, Personal Accident Policy, and Deposit Linked Insurance Policy are recognized in the period in which the employee renders the related services.

Post-Employment Benefits:

(i) Defined Contribution Plan:

The Company's contribution paid / payable during the year to Provident Fund are considered as defined contribution plans.

The Contribution paid / payable under these plans are recognized in the Statement of Profit and Loss during the period in which the employee renders the services.

(ii) Defined Benefit Plans:

Gratuity/superannuation and leave encashment benefits payable on retirement/ resignation of employees is recognized on retirement/payment basis.

U. Earnings per share

Basic earnings per share are computed by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equities shares outstanding during the period. Diluted EPS is calculated after considering the potential equity shares to be issued with respect to Hon'ble NCLT order.

V. Estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Revenue recognition:

The Company applies judgement to determine whether each product or services promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the arrangement consideration to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. Because the financial reporting of these contracts depends on estimates that are assessed continually during the term of these contracts, recognized revenue and profit are subject to revisions as the contract progresses to completion.

Useful lives and residual value of property, plant and equipment:

The Company reviews the useful life and residual value of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Allowance for expected credit losses:

Note 1.2(M) describes the use of practical expedient by computing the expected credit loss allowance for trade receivables based on provision matrix. The expected credit allowance is based on the aging of the days receivables which are past due, and the rates derived based on past history of defaults in the provision matrix.

Fair value of investments:

The Company has invested in the equity instruments of various companies. However, the percentage of shareholding of the Company in such investee companies is very low and hence, it has not been provided with future projections including projected profit and loss account by those investee companies. Hence, the valuation exercise carried out by the Company with the help of available historical annual reports and other information in the public domain.

Taxes:

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgement is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Contingent liability judgment:

Note 28 describes claims against the Company not acknowledged as debt. Contingencies may arise from the ordinary course of business in relation to claims

against the Company, including legal, contractor and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum of contingencies inherently involve the exercise of significant judgment and the use of estimates regarding the outcome of future events.

b) Fair value hierarchy

The following table provides the fair value measurement hierarchy of the Company's assets and liabilities.

Quantitative disclosures fair value measurement hierarchy for assets as of 31st March 2023:

Fair value measurement

(₹ in Lakhs)

	Level - 1	Level - 2	Level - 3	Total
Financial assets				
Financial instruments at FVTOCI Investments in Quoted equity instruments				
equity shares of Bank of Baroda	5.50	-	-	5.50
Total Financial assets	5.50	-	-	5.50

Quantitative disclosures fair value measurement hierarchy for assets as of 31st March 2022:

Fair value measurement (₹ in Lakhs)

	Level - 1	Level - 2	Level - 3	Total
Financial assets				
Financial instruments at FVTOCI Investments in Quoted equity instruments				
equity shares of BOB (effective 01.04.2019 Vijaya Bank Ltd merged with Bank Of Baroda)	3.63	-	-	3.63
Total Financial assets	3.63	-	-	3.63

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the counter derivatives) is determined using valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

Note: There are no transfers between levels 1, 2 and 3 during the year.

Note 33: Capital Management & Risk management Capital management

The Company being in a capital-intensive industry, its objective is to maintain a strong credit rating healthy capital ratio and establish a capital structure that would maximize the return to stakeholders through optimum mix of debt and equity. The Company's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings. The principal source of funding of the Company has been, and is expected to continue to be, cash generated from its operations supplemented by funding from borrowings. The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost and align maturity profile of its debt commensurate with life of the assets, and closely monitors its judicious allocation amongst competing capital expansion projects to capture market opportunities at minimum risk."

Gearing ratio

The Company monitors its capital using gearing ratio, which is total debt divided to total equity as given below:

Particulars	As at 31 st March,2023	As at 31 st March 2022
Total Debt*	23,050.00	14,050.00
Less: Cash & short term deposits	242.71	705.17
Net Debt	22,807.29	13,344.83
Equity share capital	802.14	40.11
Other equity	(12,228.95)	(6,245.47)
Total equity	(11,426.81)	(6,205.36)
Debt/ Equity ratio	(2.00)	(2.15)

*Total Debt is defined as Short-term borrowings.

Financial risk management and objectives and policies

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact in the financial statements. The Company activities exposed it to market risk (including price risk), credit risk and liquidity risk. A Special Team with Senior Executives having exposure in various fields is going to be formed to assist Managing director in (a) Overseeing and approving the Company's enterprise wide risk management framework, and (b) Overseeing that all the risks that the organization faces such as market risk(including currency risk, interest rate risk and other price risk), Credit risk and liquidity risk have been identified and assessed and an adequate risk management infrastructure to be in place capable of addressing those risks. The Managing Director and CFO, monitors and reports on the principal risks and uncertainties that can impact the company and its ability to achieve strategic objectives. The Company's management systems, organizational structures, processes, standards, code of conduct and behaviors together form the Management and business of the Company.

A. Market risk

"Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices and equity prices. Financial assets/liabilities affected by this risk are borrowings, letter of credits and trade receivables and investments."

The Company's investments in listed equity securities are susceptible to price risk arising from uncertainties about future value of the investment securities. The Company's non-current investment in equity shares are strategic investments and hence are considered as Fair Value through Other Comprehensive Income. The Company's Board of Directors reviews and approves all equity investment decisions.

B. Credit risk

"Credit risk refers to the risk that the counter party will default on its contractual obligations resulting in financial loss to the Company. The Company is operating through network of dealers based at different locations. Regular monitoring of the receivables is undertaken by the Marketing Department and in case the limits are exceeded, steps will be taken by the Marketing departments and after discussing with the management the Company will decide whether to stop or not further supplies to the concerned dealer till the amount outstanding is recovered. For the export made by the Company,

the sales are backed by letters of credit or advance receipts. The marketing team of the Company meets regularly to discuss the dealers and credit risks, measures taken to address them and the status and level of risk after the measures taken.

C. Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company maintains flexibility in funding by maintaining availability under committed credit lines. Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Note 34: Leases.

Nature of Lease activity by the company-

Operating lease commitments:

The Company's lease asset primarily consist of leases for buildings. The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate

Recent accounting pronouncements:

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements.
