BOARD'S REPORT

To,
The Members,
PBA Infrastructure Limited.

Your Directors have pleasure in presenting their 48th Annual Report of the Company on the business and operations of the Company and the accounts for the Financial Year ended March 31, 2022.

1. FINANCIAL HIGHLIGHTS:

The financial performance of the Company, for the year ended March 31, 2022 as compared to the previous financial year is summarized below:

(Amount in Lakhs)

	2021-2022	2020-2021
	(Current Year)	(Previous Year)

Profit After Tax	-16.95	171.13
Add : Other Comprehensive Income	0.00	-21.53
Total comprehensive income carried to Other Equity	-16.95	149.59

2. PERFORMANCE REVIEW AND OPERATIONS:

The total income of the Company was Rs. 892.44 Lakhs during the year as against Rs. 2006.31 Lakhs in the previous year. The Company has reported net Loss of Rs.16.95 Lakhs during the year under review as against profit of Rs.149.59 Lakhs in the previous year. The Company's income has faced a downfall due to the partly global pandemic rise in India and slowdown of order position due to unable to quote tender individually in absence of Bank Guarantee limit.

The Company started facing financial crisis from 2010 due to slow down in the infrastructure industry, high level of Working Capital requirements, huge interest cost and Blockage of receivables at government level and forcefully cancelled the work order (awarded and put into operation) at various sites for not obtaining the required land by the Government in those areas resulting all the matters were referred to "Arbitration" for claim for huge amount, which has direct impact on the growth of the Company, consequences of which the Company has to face so many legal issues including the financial crisis. Due to continuous irregularity in operation, our consortium Bankers had stopped to further finance, extension of guarantees, issue of new guarantees, etc. and also declared our account as NPA since 2013.

3. COVID-19 PANDEMIC:

The outbreak of Corona Virus (Covid-19) Pandemic was causing significant disturbance and slowdown in economic activity during the first quarter of financial year 2021-2022. The site operations were resumed gradually upon revocation of the restrictions Imposed by the State/Central Government. The Company's operations and revenue during the period were impacted due to Covid-19; there is uncertainty about the time required for things to get normal. The Management is closely monitoring the current situation and working to minimize the impact of this unprecedented situation. As per current assessment, there is no significant impact on carrying amount of inventories, trade receivables, investments and other financial assets.

4. DIVIDEND:

Due to losses, your Directors not to recommend any dividend for the year under review.

In terms of Regulation 43A of the SEBI (Listing Obligations and Disclosures Requirements) Regulations (“Listing Regulations”), issued by the Securities and Exchange Board of India has mandated the formulation of a Dividend Distribution Policy for Top 1000 Listed Entities ,though Company is not coming under Top 1000 Listed Entities , the Company has voluntary adopted Dividend Distribution Policy setting out the parameters and circumstances that will be taken into account by the Board in determining the distribution of dividend to the Shareholders and/or retaining profits earned by the Company. The detailed Policy is available on the website of the Company at www.pbainfra.in

5. TRANSFER TO GENERAL RESERVES:

The Company has not transferred any amount to the General Reserves during the current financial year.

6. DEPOSITS:

During under the review your company has not accepted any deposits within the meaning of section 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 from the public or its employees.

Management responses to observations in Statutory Audit Report:

The following are the responses of the Management against the observations made by the Statutory Auditor:

Sr.No.	Observations	Management Response/Replies
1	The Company has not performed impairment testing with respect to the investments in various Joint Ventures and Associates as required by Indian Accounting Standard (Ind AS 36) 'Impairment of assets'; hence the impact on the carrying amount of investment is not ascertainable	There is Dispute between Valecha Engineering limited (VEL) and PBA, VEL Terminated the contract in 2014 and PBA has filed for claim from VEL in 2014. Same matter was pending with the Court since 2014.
2	Company follows accounting practice of recognizing revenue on the basis percentage completion method. Company being an EPC contractor raises claims/arbitration money with its principals/Customers for the delay on obtaining approvals, cost escalation, etc. As per Company policy, though the claims are raised for the actual loss incurred by the Company (SOC), the same is recognized in the books at realizable value determined by the internal team of the Company. Though, these claims are not acknowledged by the principles/customer, the same being intangible/uncertified in nature is being classified as work in progress. The said claims though classified under WIP (Current Asset) are subject to uncertainty as to recoverability. Out of unbilled work in progress of Rs.173.72 Crores as at 31.03.2022 amount of Rs.143.78 Crore represents various claims raised on the Clients based on the terms and conditions implicit in the Engineering & Construction Contracts in respect of closed/suspended/ under construction projects and which are overdue for a substantial period of time. These claims are mainly in respect of cost over run arising due to suspension of works, client caused delays, changes in the scope of work, deviation in design and other factors for which Company is at various stages of negotiation/discussion with the clients or under Arbitration/litigation. Based on discussions with principles/arbitrations (which are at various stages), litigations and on legal opinion/past experience with respect to such claims, management is of the view that the aforementioned balances are fully recoverable.	Management of the Company hereby says that claims known with Parties including the WIP of Rs.143.78 Crore are fully recoverable position and therefore same should be considered.

3	Fixed Asset register is still under compilation to have proper records showing full particulars, including quantitative details and situation of property, plant and equipment. Company to have a regular program of physical verification of its fixed assets, periodically.	Management of the Company hereby confirm that Fixed Asset register is under compilation and Company has a regular program of physical verification of its fixed assets.
4	Other non-current Assets includes Rs.35.63 Crore towards Retention and Rs.2.37 Crore towards deposits deducted under various project executed by the company but there is no collaborative evidence to justify the claim by the company.	Management of the Company hereby confirm that these deposits and Retention Money are recoverable after the defect Liability period of 5 years from the date of Completion which are placed before the Auditor
5	The balance of Rs. 14.04 Crore under 'Project Mobilization Advance' pertains to the cost of technical consultancy expenses incurred before commencement of work on project for 4 laning of road from Solapur to Maharashtra/ Karnataka border on NH 9 from Km 309+000 to Km 348+800. The project is already under process but the cost is not yet apportioned to the project which has resulted in understatement of revenue expenses.	The Project Mobilization advance of Rs.14.04 Crore will be apportioned during the Course of the Completion of the Project.

28. LISTING WITH STOCK EXCHANGES:

The Company confirms that it has paid the Annual Listing Fees for the Year 2022-23 to Bombay Stock Exchange limited (BSE) and National Stock Exchange of India Limited (NSE), where the Company's Shares are listed.

29. VOLUNTARY DELISTING OF EQUITY SHARES FROM NATIONAL STOCK EXCHANGE OF INDIA LIMITED (NSE):

The Chairman further informed the Board that there was negligible volume of trading on the National Stock Exchange (NSE) and as part of its cost reduction measures, it was proposed to delist its shares from National Stock Exchange of India Limited. He further informed the Board that no Exit opportunity need to be given to the Shareholders of the Company as the Company is continuing to remain listed on the Bombay Stock Exchange Limited which is having nationwide trading terminals. The matter was considered by the Board and the proposal of the Company was approved.

Company had made an application to NSE for voluntary delisting of Equity shares from National Stock Exchange of India Limited (NSE). National Stock Exchange of India Ltd. vide letter Ref No. NSE/ENF/DELIST/APPL/2022-23/318 dated 10th August, 2022 had granted approval for Voluntary Delisting of Equity Shares of the company pursuant to the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021. The Trading in the securities of the Company will be suspended from trading w.e.f. August 24, 2022 (i.e. closing hours of trading on August 23, 2022. Further the Admission to dealing in the equity shares shall be withdrawn (delisted) w.e.f. September 01, 2022.

Reason for Delisting: The Company is not in a good financial position since 2010 with the Financial Institutions recalling all the Loans and filing for recovery with DRT. The CDR opted by the Company was also not successful as there did not seem any revival in the infrastructure segment in which the company is primarily operating. Due to the financial crisis the Company is unable to bid for Order on its own thus resulting in weak order position from March 2012 thereby resulting in further stress in the cash flow. Further the company finds the Listing fees payable to the Exchange burdensome and it's complying with the disclosures a challenge as it has a small capital base thus not justifying in listing to be continued.

30. PREVENTION OF INSIDER TRADING:

The Company has adopted a Code of Conduct for Prevention of Insider Trading with a view to regulate trading in securities by the Directors and designated employees of the Company. The Code requires preclearance for dealing in the Company's shares and prohibits the purchase or sale of Company shares by the Directors and the designated employees while in possession of unpublished price sensitive information in relation to the Company and during the period when the Trading Window is closed. The Board is responsible for implementation of the Code. All Board Directors and the designated employees have confirmed compliance with the Code.

31. DETAILS OF SUBSIDIARY / JOINT VENTURE/ASSOCIATES COMPANY:

Pursuant to provisions of Companies Act, 2013 Company does not have any Subsidiary/ and Associate Companies. Joint Venture may be formed on the basis of tender condition from time to time.

32. PARTICULARS OF LOANS, GUARANTEES OR INVESTMENTS:

During the year under review, Company has not provided with the Loans and advances as per provision of Section 186 of Companies Act, 2013 and Rule made thereunder.

33. SECRETARIAL STANDARDS

The Company has in place proper systems to ensure compliance with the provisions of the applicable secretarial standards issued by The Institute of Company Secretaries of India and such systems are adequate and operating effectively.

34. SIGNIFICANT AND MATERIAL ORDERS PASSED BY THE REGULATORS OR COURT OR TRIBUNALS

MANAGEMENT DISCUSSION AND ANALYSIS

1. Company Overview:

PBA Infrastructure Limited (PBA) (formerly Prakash Building Associates Ltd.) Company, was founded by Wadhawan family in 1974. Over the last five decades the Company had established itself as a highly disciplined, professional and quality conscious organization capable of undertaking and successfully completing any major project in all parts of India. The Company specializes in construction of Highways, Bridges, Runways, Heavy RCC Structures and other Infrastructure projects. The Company became a Public Limited Company in November 2005 and is listed on both BSE, Mumbai and NSE, Mumbai. The Company has consistently been declaring dividends to its shareholders since IPO, the last being 10% in 2010.

The Company started facing financial crisis from 2010 due to slow down in the infrastructure industry, high level of Working Capital requirements, huge interest cost and Blockage of receivables at government level and forcefully cancelled the work order (awarded and put into operation) at various sites for not obtaining the required land by the Government in those areas resulting all the matters were referred to “Arbitration” for claim for huge amount, which has direct impact on the growth of the Company, consequences of which the Company has to face so many legal issues including the financial crisis. Due to continuous irregularity in operation, our consortium Bankers had stopped to further finance, extension of guarantees, issue of new guarantees, etc. and also declared our account as NPA since 2013.

During the year the Company’s income has faced a downfall due to the partly global pandemic rise in India and slowdown of order position due to unable to quote tender individually in absence of Bank Guarantee limit.

2. Industry Review

Introduction

India has the second-largest road network in the world, spanning a total of 5.89 million kilometres (kms). This road network transports 64.5% of all goods in the country and 90% of India’s total passenger traffic uses road network to commute. Road transportation has gradually increased over the years with improvement in connectivity between cities, towns and villages in the country. In India, sale of automobiles and movement of freight by roads is growing at a rapid rate.

Market size

In October 2020, the National Investment and Infrastructure Fund (NIIF) is making progress towards integrating its road and highway portfolio. The NIIF has acquired Essel Devanahalli Tollway and Essel Dichpally Tollway through the NIIF master fund. These road infra-projects will be supported by Athaang Infrastructure, NIIF’s proprietary road network, assisted by a team of established professionals with diverse domain expertise in the transport field. Highway construction in India increased at 17.00% CAGR between FY16-FY21. Despite pandemic and lockdown, India has constructed 13,298 km of highways in FY21. Under the Union Budget 2022-23, the Government of India has allocated Rs. 199,107.71 crore (US\$ 26.04 billion) to the Ministry of Road Transport and Highways. In FY21, 13,298 kms of highway was constructed across India. In June 2021, the Ministry of Road Transport and Highways constructed 2,284 kms of national highways compared with 1,681 kms in June 2020. In October 2020, the foundation stone was established for nine National Highway projects—with a total length of ~262 kms—worth >Rs. 2752 crore (US\$ 371.13 million) in Tripura. The Government of India has allocated Rs. 111 lakh crore (US\$ 1.4 trillion) under the National Infrastructure Pipeline for FY 2019-25. The roads sector is likely to account for 18% capital expenditure over FY 2019-25.

Key Investments/Developments

The Union Minister of State for Road, Transport and Highways has stated that the Government aims to boost corporate investment in roads and shipping sector, along with introducing business-friendly strategies, which will balance profitability with effective project execution. According to the data released by Department for Promotion of Industry and Internal Trade Policy (DPIIT), construction development^ sector attracted Foreign Direct Investment (FDI) inflow worth US\$ 26.1 billion between April 2000-June 2021. In FY22 (until November 2021), the private sector invested Rs. 15,164 crore (US\$ 1.98 billion) in roads.

We have audited the accompanying financial statements of M/s. PBA Infrastructure Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the 'Basis for Qualified Opinion' section of our report, the aforesaid financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

- i. The Company has not performed impairment testing with respect to the investments in various Joint Ventures and Associates as required by Indian Accounting Standard (Ind AS 36) 'Impairment of assets'; hence the impact on the carrying amount of investment is not ascertainable. (Ref. **Note: A-2** of Financial Statements)
- ii. Company follows accounting practice of recognizing revenue on the basis percentage completion method. Company being an EPC contractor raises claims/arbitration money with its principals/ Customers for the delay on obtaining approvals, cost escalation, etc. As per Company policy, though the claims are raised for the actual loss incurred by the Company (SOC), the same is recognized in the books at realizable value determined by the internal team of the Company. Though, these claims are not acknowledged by the principles/customer, the same being intangible/uncertified in nature is being classified as work in progress. The said claims though classified under WIP (Current Asset) are subject to uncertainty as to recoverability. Out of unbilled work in progress of Rs.173.72 Crores as at 31.03.2022 amount of Rs.143.78 Crore represents various claims raised on the Clients based on the terms and conditions implicit in the Engineering & Construction Contracts in respect of closed/ suspended/ under construction projects and which are overdue for a substantial period of time. These claims are mainly in respect of cost over run arising due to suspension of works, client caused delays, changes in the scope of work, deviation in design and other factors for which Company is at various stages of negotiation/discussion with the clients or under Arbitration/litigation. Based on discussions with principles/arbitrations (which are at various stages), litigations and on legal opinion /past experience with respect to such claims, management is of the view that the aforementioned balances are fully recoverable. (Ref. **Note: A-8** of Financial Statements)
- iii. Fixed Asset register is still under compilation to have proper records showing full particulars, including quantitative details and situation of property, plant and equipment. Company to have a regular program of physical verification of its fixed assets, periodically. (Ref. **Note: A-1** of Financial Statements)
- iv. Other non-current Assets includes Rs.35.63 Crore towards Retention and Rs.2.37 Crore towards deposits deducted under various project executed by the company but there is no collaborative evidence to justify the claim by the company. (Ref. **Note: A-4** of Financial Statements)
- v. There are arbitration proceedings/legal cases against by/the Company which may result in Compensation/ interest/penalties. (Ref. **Note: A-25** of Financial Statements)
- vi. The balance of Rs. 14.04 Crore under 'Project Mobilization Advance' pertains to the cost of technical consultancy expenses incurred before commencement of work on project for 4 laning of road from Solapur to Maharashtra/ Karnataka border on NH 9 from Km 309+000 to Km 348+ 800. The project is already under process but the cost is not yet apportioned to the project which has resulted in understatement of revenue expenses. (Ref. **Note: A-4** of Financial Statements)
- vii Balances of trade receivables, trade payables, loans and advances, Deposits given/ taken are subject to confirmations, reconciliations and consequent adjustments.

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Material Uncertainty Related to Going Concern

We draw attention to Notes of the Financial Statements that the Company has incurred net loss during the year and the current liabilities have exceeded the current assets. Further, The Company has defaulted in repayment of principal dues and interest payable to banks. These events indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Emphasis of Matters

We draw attention to the following matters:

- i. The company has made defaults in repayment of its obligations towards its lenders and an amount of Rs. 315.15 Crores was overdue as per the SARFASEI Notice issued by the consortium bankers. Lead Bank under consortium had approached CMM Court to take physical possession of the various secured assets against total consortium overdue of Rs. 315.15 Crore under SARFASEI Act, 2002. The Company has also received notice of physical possession of various secured assets from the lenders in response to which the company has filed a counter case and received stay on proceedings from DRT court. Now, out of these total overdue, the amount of Rs. 26.50 Crores of State Bank of Patiala is settled under the OTS Scheme of State Bank of India. The defaults indicate the existence of a material uncertainty that may cast apprehension about the Company's ability to function as a going concern. However, the financial statements of the Company have been prepared on a going concern basis & do not include any adjustments that might result from the outcome of this uncertainty. We would also like to draw attention to the fact

that in absolute terms, total outside liabilities of the company exceed underlying current assets.

- ii. Certain current/cash credit/term loan accounts from banks & financial institutions have not been reconciled as on 31.03.2022. Being classified as Non-Performing Assets by banks and financial institutions, the Company has not been providing for interest since 1st January 2018 on any of the outstanding due from Banks and Financial Institutions. The same policy of not providing interest has been continued in the FY 2021-22. In absence of the balance confirmations and statements of said loans from banks and financial institutions, the balance outstanding and interest charged thereupon by the lenders for FY 2021-22 remains unascertainable.
- iii. As mandated by Ind AS 19, the company has not done the actuarial valuation of gratuity for the year 2021-22. The amount of 37.08 lakhs (Ref. **Note: A-20** of Financial Statements) includes provision for gratuity of Rs. 26.30 lakhs which is taken without taking its actuarial valuation.

However, our opinion is not modified in all above these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in this report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a

material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the state of affairs (financial position), profit and loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatement can

arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedure that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial Statements, including the disclosures, and whether the financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the 'Annexure A', a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2) As required by Section 143(3) of the Act, we report that:

Mumbai, dated the 30th May 2022

Annexure A to the Independent Auditor's Report of even date to the members of PBA Infrastructure Ltd., on the financial statements for the twelve months period ended 31st March 2022

Referred to in Paragraph 1 under the heading 'Report on Other Legal & Regulatory Requirements' of our report of even date to the financial statement of the Company for the year ended March 31, 2022, Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i. In respect of the Company's fixed assets;
 - a. Company has not been maintaining proper records showing full particulars, including quantitative details and situation of property; plant and equipment.
 - b. Company does not have a regular program of physical verification of its fixed assets by which fixed assets are verified in a phased manner. In accordance, certain fixed assets wherein projects have been completed are not identifiable; hence discrepancies exist. In our opinions, this periodicity of physical verification needs to be reasonable having regard to the size of the Company and the nature of its assets.
 - c. According to the information and explanation given to us, the records examined by us and based on the examination of the deed provided to us, we report that, the title deeds, comprising all the immovable properties of land which are freehold, are held in the name of the company as at the balance sheet date.
 - d. The company has not revalued its Property, Plant and Equipment (including Right of Use assets) or Intangible Assets during the year ended 31st March 2022.
 - e. There are no proceedings initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii. In respect of the Company's Inventory;
 - a. As explained to us, the inventories have been physically verified during the year by the management. In our opinion, having regard to the nature and location of stocks, the frequency of the physical verification is reasonable.
- b. Company follows accounting practice of recognizing revenue on the basis percentage completion method. Company being an EPC contractor raises claims / arbitration money with its principals / Customers for the delay on obtaining approvals, cost escalation, etc. As per Company policy, though the claims are raised for the actual loss incurred by the Company (SOC), the same is recognized in the books at realizable value determined by the internal team of the Company. Though, these claims are not acknowledged by the principles / customer, the same being intangible / uncertified in nature is being classified as work in progress. The said claims though classified under WIP (Current Asset) are subject to uncertainty as to recoverability. Out of unbilled work in progress of Rs.173.72 Crores as at 31.03.2022 amount of Rs.143.78 Crore represents various claims raised on the Clients based on the terms and conditions implicit in the Engineering & Construction Contracts in respect of closed / suspended/ under construction projects and which are overdue for a substantial period of time. These claims are mainly in respect of cost over run arising due to suspension of works, client caused delays, changes in the scope of work, deviation in design and other factors for which Company is at various stages of negotiation/ discussion with the clients or under Arbitration/ litigation. Based on discussions with principles/arbitrations (which are at various stages), litigations and on legal opinion / past experience with respect to such claims, management is of the view that the aforementioned balances are fully recoverable.
- iii. According to the information and explanations give to us and on the basis of our examination of records, the Company has not granted unsecured interest free loans to its Joint Venture covered in the register maintained under section 189 of the Companies Act, 2013. Accordingly, the requirement to report on this clause is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the company has complied with the provisions of section 185 and 186 of the Companies Act, 2013 in respect of loans, investments, guarantees, and security.

- v. Company has not accepted any deposits from the public during the period of audit. However, the company has accepted deposits from public in the past when Companies Act, 1956 was applicable.
- vi. We have broadly reviewed the books of accounts maintained by the Company pursuant to the Companies (Cost records and audit) Rules 2014 and as prescribed by the Central Government under section 148(1) of the Act and are of the opinion that prima-facie, the prescribed accounts and cost records have been made and maintained by the Company. We have not however made a detailed examination of the cost records with a view to determining whether they are accurate or complete.
- vii. According to the information and explanations given to us:-
 - a. Undisputed amounts payable in respect of provident fund, income tax, sales tax, wealth tax, service tax, duty of excise, duty of customs, Value Added Tax, Goods & Service Tax, cess have generally been regularly deposited to the appropriate authorities except for the following which were in arrears as at 31st March 2022 for a period of more than six months from the date they became payable:-

Particulars	Amount (In Lakhs)
Professional Tax	1.73
TDS	25.27
GST	58.46
Provident fund	0.95

- b. There are no material dues of wealth tax, duty of customs and cess which have not been deposited with the appropriate authorities on account of any dispute. However, the following dues of income tax, sales tax, service tax and value added tax have been disputed by the Company:-

Statement of Disputed Dues

Name of the Statute	Nature of dues	Amount (In Lakhs)	Forum where dispute is pending

Annexure B to the Independent Auditor's Report of even date to the members of PBA Infrastructure Limited on the financial statements for the 12 months period ended on 31st March 2022

Referred to in paragraph 2(g) under the heading 'Report on Other Legal & Regulatory Requirement' of our report of even date to the financial statements of the Company for the year ended March 31, 2022.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s. PBA Infrastructure Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note 2- Significant Accounting Polices

1. Basis of Preparation

The financial statements of the Company have been prepared to comply in all material respects with Indian Accounting Standards (“Ind AS”) as notified under section 133 of the Companies Act, 2013, (the Act) read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 issued by the Ministry of Corporate Affairs (“MCA”) in addition, the Guidance notes/announcements issued by the institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations requires a different treatment.

Presentation of Financial Statements

The Balance Sheet and Statement of Profit & Loss are prepared and presented in the format set out in Schedule III to the Companies Act, 2013 (“the Act”). The Cash flow statement has been prepared and presented as per the requirements of Indian Accounting Standards (INDAS-7) “Statement of Cash Flow”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit & Loss as prescribed in the schedule III to the Act, are presented by way of notes forming parts of accounts along with the other notes required to be disclosed under the notified Indian Accounting Standards and the equity listing agreement. Amounts in the financial statement are presented in Indian rupees in Lakhs.

The financial Statements are authorized for issue by the Company’s Board of Directors at their meeting held on 30th May, 2022.

The preparation of the said financial statements requires the use of certain critical accounting estimates and judgements. It also requires the management to exercise judgment in the process of applying the Company’s accounting policies.

2. Operating cycle for current and non-current classification:

All the assets and liabilities have been classified as current or non-current, wherever applicable, as per the operating cycle of the Company as per the guidance set out in Schedule III to the Act. Operating cycle for the business activities of the Company covers the duration of the project/ contract/ service including the defect liability period, wherever applicable, and extends up to the realization of receivables (including retention monies) within the credit period normally applicable to the respective project.

3. Going Concern

Financial Statement are prepared on a going concerned basis as intended by management based on material certainty to related to going concern.

4. **Covid-19**

The outbreak of Corona Virus (Covid-19) pandemic is causing significant disturbance and slow down in economic activity during FY 21-22 and also in subsequent period. The Company's operations and revenue during the period were impacted due to Covid-19. There is uncertainty about the time required for things to get normal. The Management is closely monitoring the current situation and working to minimize the impact of this unprecedented situation. As per current assessment, there is no significant impact on carrying amount of inventories, trade receivables, investments and other financial assets. The eventual outcome of the impact of the global health pandemic may be different from these estimated as on date of the approval of the financial results.

5. **Accounting Estimates**

The preparation of the financial statements, in conformity with the recognition and measurement principles of Ind AS, requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

6. **Key accounting estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

a. **Contract Estimates**

The Company, being a part of construction industry, prepares budgets in respect of each project to compute project profitability. The two major components of contract estimate are 'claims arising during construction period' and 'budgeted costs to complete the contract'. While estimating these components various assumptions are considered by the management such as (i) Work will be executed in the manner expected so that the project is completed timely (ii) consumption norms will remain same (iii) Wastage will not exceed the normal % as determined etc. (iv) Estimates for contingencies (v) There will be no change in design and the geological factors will be same as communicated; and (vi) Price escalations etc. Due to such complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b. **Recoverability of claims**

The Company has claims in respect of cost over-run arising due to client caused delays, suspension of projects, deviation in design and change in scope of work etc., which are at various stages of negotiation/discussion with the clients or under arbitration. The realisability of these claims are estimated based on contractual terms, historical experience with similar claims as well as legal opinion obtained from internal and/or external experts, wherever necessary. Changes in facts of the case or the legal framework may impact realisability of these claims.

c. **Defined benefit plans**

The cost and present value of the gratuity obligation and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Property, Plant and Equipment

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. The Company follows cost model for subsequent measurement for all classes and items of property, plant and equipment. Subsequent costs are included in the carrying amount of asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognized in the Profit or Loss. Spare parts, stand-by equipment and servicing equipment are recognized as property, plant and equipment if they meet the definition of property, plant and equipment.

Depreciation on Tangible Fixed Assets is provided on Straight Line Method on the basis of useful life of assets specified in Part C of Schedule II of the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition / deletion. Gains and losses on disposals are determined by comparing the proceeds with the carrying method.

The residual values are not more than 5% of the original cost of the asset. The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed at each Financial year end and any changes there-in are considered as change in estimate and accounted prospectively.

Impairment of Assets:

Testing of impairment by the Management is predominantly based on the earning realization from construction equipment's, machinery, rollers & Trucks etc. under corona Virus Lockdown. PPE and intangible assets with definite lives are reviewed for impairment, whenever events or changes in circumstances indicate that their carrying values may not be recoverable. For the purpose of impairment testing, the recoverable amount (that is, higher of the fair value less costs to sell and the value-in-use) is determined on an individual asset basis, unless the asset does not generate cash flows that are largely independent of those from other assets, in which case the recoverable amount is determined at the cash-generating-unit ('CGU') level to which the said asset belongs. If such individual assets or CGU are considered to be impaired, the impairment to be recognised in the statement of profit and loss is measured by the amount by which the carrying value of the asset/CGU exceeds their estimated recoverable amount and allocated on pro rata basis.

Impairment losses, if any, are recognised in statement of profit and loss.

Depreciation and amortisation

Depreciation is provided for property, plant and equipment so as to expense the cost less residual value over their estimated useful lives on a straight line basis. The estimated useful lives are as mentioned below:

Asset category	Useful life (in years)	Basis of determination of useful lives
Office Flats	5 Years	Assessed to be in line with Schedule II to the Act.
Plant and equipment (including tools and equipment)	15 Years	Based on technical evaluation by management's expert
Vehicles	10 Years	Assessed to be in line with Schedule II to the Act
Office equipment	5 Years	Assessed to be in line with Schedule II to the Act.
Furniture and fixtures	10 Years	Assessed to be in line with Schedule II to to the Act.
Computers	3 Years	Assessed to be in line with Schedule II to the to the Act.

Useful lives of asset classes determined by management estimate, which are generally higher than those prescribed under Schedule II to the Act and are supported by the internal technical assessment of useful lives.

The estimated useful life and residual values are reviewed at each financial year end and the effect of any change in the estimates of useful life/residual value is accounted on prospective basis. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. Depreciation on additions is provided on a pro-rata basis, from the date on which asset is

ready to use. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are accounted in the Statement of Profit and Loss under Other income and other expenses.

Inventories

Inventories are carried in the balance sheet as follows:

(a) Raw materials, components, stores and spares

Raw materials, components, stores and spares are valued at lower of cost or net realisable value. Cost is determined on a FIFO basis and comprises the purchase price including duties and taxes (other than those subsequently recoverable by the Company from the taxing authorities). Net realisable value is the estimated selling price in the ordinary course of business, less than estimated cost necessary to make the sale.

(b) Contract Work-in-progress

Costs incurred that relate to future activities on the contract are recognised as contract work-in-progress. Contract work-in progress comprises of construction cost and other directly attributable overhead valued at cost.

The cost of inventories including unawarded claims have been computed to include all cost of purchases, cost of conversion and other related costs incurred in bringing the inventories to their present location and condition. Goods and materials in transit are valued at actual cost incurred upto the date of Balance Sheet.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

Statement of Cash Flows

Cash Flows are reported using the “indirect method”, whereby Loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or Financing cash Flows. The cash Flows from operating, investing and financing activities of the Company are segregated.

Sundry Debtors / Loans and Advances:

Sundry Debtors including awarded claims / Loans and Advances are stated net of provision for identified doubtful debts/advances wherever necessary. Sundry Debtors and Loans and Advances has been taken at reconciled amount for the parties from which the balance confirmation was received and for the rest Debtors and balances are taken as per book balance and are subject to adjustment and reconciliation, if any which will be done on receipts of confirmation from such parties. In the opinion of the management on which we have placed reliance, substantial part of debtors are outstanding for a period exceeding six months and they are subject to arbitration and other reconciliatory proceedings, the outcome and quantum of which is not ascertainable and determined; subject to reconciliations referred to above, the debtors and Loans and advances to the extent as stated are considered good in the Balance Sheet.

Investments:

The Investments that are readily realizable and intended to be held for not more than a year from the Balance Sheet date are classified as current investments. All other investments are classified as non-current investments

On initial recognition, all investments are recognized at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried at the lower of cost and quoted/fair value, computed category wise. Long term investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such a decline is other than temporary in the opinion of the management.

Revenue Recognition:

Contract Revenue

The Company follows the percentage completion method, based on the stage of completion at the Balance Sheet date, taking into account the contractual price and revision thereto by estimating total revenue including claims/variations , Construction Contracts, and total cost till completion of the contract and the profit so determined proportionate to

the percentage 1.7d by Company and are based on technical and other estimates and experience gain.

The Company's claim for extra work and escalation in rates relating to execution of contracts are accounted as income in the year of receipt of arbitration award or acceptance by client or evidence of acceptance received.

Contract Receipts - Sub-Contract Revenue

Proportionate Consolidation method of accounting and reporting is followed in respect of Joint venture entered into by the Company. The Income from such joint venture is recognized proportionately, in the profit sharing ratio, and on the basis of Bills submitted, certified and sanctioned by the appropriate authorities. The actual expenses for such Project in Joint Venture are also accounted on the basis of the Profit sharing ratio for the consolidation purposes.

Accounting for Claims

Amounts recoverable in respect of the price and other escalation, bonus claims adjudication and variation in contract work required for performance of the contract to the extent that it is probable that they will result in revenue. The same is unbilled and is accounted as work in progress and in debtors for which arbitration proceedings are initiated.

Other Income

- a. Interest income is recognized on a time proportion basis, by reference to the principal outstanding and the applicable Effective Interest Rate (EIR).

Other items of income are accounted as and when right to receive such income arises and it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

Post-Employment Benefits

The company operates the following post-employment schemes:

- (a) Defined benefit plans and
- (b) Defined contribution plans

Defined benefit plans - Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets.

This cost is included in employee benefit expense in the statement of profit and loss. Measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans - Provident fund

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

Short-term Benefits

Short-term employee benefits such as salaries, wages, performance incentives etc. are recognised as expenses at the undiscounted amounts in the Statement of Profit and Loss of the period in which the related service is rendered.

Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average

number of equity shares outstanding during the year is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the Company and the weighted average number of shares outstanding for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares).

Income Taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the period. Current and deferred taxes are recognised in the statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current income tax is recognised based on the estimated tax liability computed after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is determined by applying the balance sheet approach. Deferred tax assets and liabilities are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Provisions, Contingent liabilities, Contingent assets and Commitments:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. A contingent liability also arises, in rare cases, where a liability cannot be recognised because it cannot be measured reliably.

Contingent assets are disclosed where an inflow of economic resources is probable.

Fair Value Measurement

The Company measures financial instruments of certain investments at fair value, at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable for assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Financial instruments

Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement

After initial recognition, financial assets (other than investments in subsidiaries and joint ventures) are measured either at:

- fair value (either through other comprehensive income or through profit or loss) or,
- amortized cost

Measured at amortized cost:

Financial assets that are held within a business model whose objective is to hold Financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ('EIR') method less impairment, if any, the amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash Flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI) net of taxes.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at 31st March 2016 as the value of its investments as the deemed cost of these investments on the date of transition.

De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset

NOTE A - 30 - FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks, market risk, credit risk and liquidity risk. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

i Market risk

Market risk is the risk that the fair value of future cash flows of a financial instruments will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk. Major financial instruments affected by market risk includes loans and borrowings.

a. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's total debt obligations.

Though, the Company is affected by interest rate risk, presently, the same is not applicable on account of the Company being a Non-Performing Asset in the books of the lenders.

b. Currency Risk

The Company has no international exposure either by way of exports, imports or any other financial transactions. Hence, the same is not applicable.

ii Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets are contributed by trade receivables, unbilled revenue, cash and cash equivalents and receivable from related parties.

- a. Credit risk on trade receivables and unbilled revenue is limited as the customers of the Company mainly consisting of the government entities having strong credit worthiness. For other customers, the Company uses its experience to compute the expected loss for trade receivables and unbilled revenue. The experience takes into account various external and internal credit risk factors such as credit ratings from credit rating agencies, financial condition, ageing of accounts receivable and the Company's historical experience for customers.

The following table gives details in respect of percentage of revenues generated from government promoted agencies and others;
