### Commenting on the results, Mr. C.S. Nopany, Co-Chairperson, Avadh Sugar & Energy Ltd said:

*“The sugar season 2024-25 has presented a mixed outlook, with challenges such as lower cane yields and lower Recovery in key states like Uttar Pradesh, Maharashtra, and Karnataka impacting overall production. Despite these setbacks, our company remains cautiously optimistic, supported by a solid foundation and a favorable outlook for the 2025-26 season. However, the rising production costs, coupled with the current stagnant ethanol prices, highlight the pressing need for timely policy adjustments*

*At Avadh, we remain focused on long-term growth and are optimistic that with the right policy support, the sugar industry will continue to thrive, delivering value to all our stakeholders. “The ongoing crushing enhancement at Company’s Hargaon unit will be completed with the start of new sugar season 2025-26 and add to value creation further .*
