Creating Core Infrastructure

ACCENTURE RESULTS

Firm's outsourcing guidance a boost for Indian IT giants

NIKITA WASHIST New Delhi, 23 September

The July-September quarter of financial year 2022-23 (Q2FY23) may see large Indian information technology (IT) companies earning a bigger chunk of outsourcing deals...

Analysts said that the Dublin-based consultancy company's 'double-digit' guidance for outsourcing revenue bodes well for players like Infosys, HCL Tech, and Tata Consultancy Services (TCS)...

DEMAND COULD MODERATE IN FY23

THE BIG AND SMALL OF IT

Guided for earnings per share (EPS) growth of 4-7 per cent.

Accenture follows the July-August financial year. "We fear that the Indian Tier-2 set would suffer more because of vendor competition under the pressured profit picture for customers..."

Sector outlook weak

Analysts underscored that Accenture's June-August quarter results reflected softening demand for IT services...

industries are facing higher impact from inflation and are re-prioritising spends towards cost initiatives.

Thus, we believe current consensus revenue growth estimates for financial year 2023-24 (FY24) will likely see downward revisions for Indian IT companies...

slowing pace of hiring for the last two quarters (despite elevated attrition) implies weak demand.

We expect a similar slowdown in hiring for Indian IT services," said ICICI Securities. The brokerage maintains an 'underweight' stance on the IT sector...

Stick to RBI-registered apps for digital loans

Do not allow the lending app access to your contacts or photo gallery

- Stick to apps that do KYC and ask for proof of income. The sanction letter given by the app should contain the name of the bank or lender at the back... Go through the loan agreement provided by the digital lender before taking the loan...

Illegal loan apps owned by Chinese entities, and hence popularly known as Chinese loan apps, are currently under the scrutiny of India (RBI) and the Government of India's scanner...

The easy loan trap

Fraudulent loan apps try to tempt borrowers by asking for very few documents, which makes them attractive to those looking for a quick loan. Avoid a loan from an app that doesn't ask for documents to verify your credentials...

Check for authenticity

Before availing a loan from a digital lending entity, check its genuineness. First check whether the loan app is registered with the RBI...

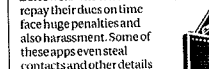

A few precautionary measures

Before downloading an app, check its antecedents. Verify the partnership between the regulated entity (RBI) and the lending app...

fraudulent entity," says V Swaminathan, executive chairman, Andhra Pradesh Loans and Annapaasa.com. Savena adds that borrowers should be careful if the app promises too-quick disbursal...

If already trapped Borrowers who have already fallen into the trap of illegal app and are being harassed by its recovery agents should lodge a complaint.

Explore alternatives If you need emergency funds, there are other loan avenues you can try. Try to get an instant personal loan from a bank or avail a secured loan such as a gold loan...

fraudulent entity," says V Swaminathan, executive chairman, Andhra Pradesh Loans and Annapaasa.com. Savena adds that borrowers should be careful if the app promises too-quick disbursal...

Late rains may narrow paddy acreage shortfall

SANJIB MUKHERJEE
New Delhi, 23 September

Though kharif sowing is almost over for most crops, the government on Friday was bullish that some new area could come under paddy in states like Karnataka, Telangana, Tamil Nadu and Odisha till the end of this month. This is owing to a good late rainfall.

If transplanting continues for a few more days, it could narrow the shortfall in paddy acreage as compared to last year. As on September 23, the figure was lower by 5.53 per cent at 40.15 million hectares compared to year-to-year period.

This acreage was, however, 1.13 per cent more than the normal area which paddy is planted. Normal area is the average acreage of the last five years.

The latest sowing data — according to official records — is the penultimate during the current kharif season. It also showed that overall kharif crops have been sown in around 109.75 million hectares this year. This is 1.24 per cent less than the area covered during the same period last year (see chart).

The fall in paddy acreage is mainly due to drought in eastern India as compared to last year along with some shift to other competing crops. This could see an added 6.05 per cent drop in rice production this kharif season at 104.99 million tonnes. This is according to the first advance estimate of agriculture production for the 2022-23 crop year (July-June) released on Wednesday.

Rice production in the 2021-22 kharif season was a record 111.76 million tonnes. If the numbers hold firm, then this will be the lowest rice production during the kharif season since the 2020-21 crop year.

However, independent agencies said that fall in rice production could be even steeper.

On Friday, Origo Commodities — in a research report — said rice production this kharif season could be almost 13 per cent lower compared to last year at 96.7 million tonnes. This is because yields had adversely been impacted due to deficient rain in Uttar Pradesh, West

BRIDGING THE GAP

Retail prices of rice to be under control: Govt

The government on Friday said retail prices of rice in the domestic market would remain under control, helped by a ban on exports of broken rice and sufficient stocks in its godowns.

The statement by the food ministry came a day after its factsheet alluded to a pricing pressure and rates of rice rising in the near term.

By imposing the ban on export of broken rice, the government has "successfully ensured domestic food security, availability of domestic feed for poultry and cattle feed, while keeping a check over inflation as well as domestic price of rice", the food ministry said in the statement on Friday.

Bengal and Bihar. For other crops, Origo said soybean production for 2022-23 is estimated to be higher by 4.5 per cent at 12.48 million tonnes. Maize production could be higher

by 1 per cent at 21.95 million tonnes against 21.77 million tonnes last year.

The food ministry, in a statement on Friday, said domestic rice prices are in a comfortable position. It said prices will remain well under control, a day after it gave a statement to the media.

"Farmers are used to dealing with weather, but climate change is making it harder by volatile temperatures and rainfall patterns. Climate change has affected crop production in many places. Not all of the changes are negative. Some crop yields have increased in some locations. Climate change is reducing production of staples such as rice and wheat in India," Ashish Jain, co-founder, Agrotech India, told Business Standard.

Origo also said soybean acreage is almost flat compared to last year while yield is estimated to gain by 4.7 per cent from last year. This is owing to the favourable rainfall distribution in key producing states this year.

In case of maize, higher production in Madhya Pradesh and Rajasthan will offset the production loss from Karnataka.

India's focus is on green growth, green jobs: PM

NITIN KUMAR
New Delhi, 23 September

Prime Minister Narendra Modi on Friday encouraged state governments and citizens to focus on green growth and green jobs to help achieve the net zero carbon emissions target by 2070.

"Now, the focus of the country is on growth, on green jobs. And to achieve all these goals, the role of the environment ministry of every state is enormous," Modi said at the National Conference of Environment Ministers in Gujarat.

Ahead of the 2022 United Nations Climate Change Conference, commonly referred to as COP27, the Centre reached out to states to encourage them for devising stronger climate action plans. COP27 will be held in Egypt from November 18 to 19.

Modi also urged state ministers against unnecessary allowing obstacles in the name of the environment and to ensure ease of living and doing business, while highlighting the importance of the PARIVESH portal for the single-window forest, wildlife, environment, and coastal regulation zone clearances. "Where environment clear-

ance used to take more than 600 days 8 years ago, it takes 75 days today," the PM said, calling for expedited clearance of more than 6,000 proposals for environmental and 6,500 for forest that were pending with the states.

"Expedited clearances should also take care of the rules and give priority to the development of the people. It is a win-win situation for both the economy and ecology," he said.

Modi said the role of the environment ministry was more of a promoter of the environment than a regulator. "It should be our endeavour that by raising the name of the environment unnecessarily, no obstacle should be allowed to be created in the quest of ease of living and ease of doing business. We have to remember that the faster the environment clearance is available, the faster the development will also take place."

Stressing the need to maintain equilibrium with nature, the PM said the role of the environment ministries of the states in achieving these goals was of vital importance.

Modi emphasised the need for a participative and integrated approach by the environment ministries and citizens to create awareness about biodiversity.

Remain vigilant: India to nationals in Canada amid rise in 'hate crimes'

India on Friday advised its nationals in Canada and those travelling to that country to exercise due caution and remain vigilant in view of the "sharp increase in incidents of hate crimes, sectarian violence and anti-India activities" there.

In an advisory, the Ministry of External Affairs also said the High Commission/Consulates General in Canada have taken up these incidents with the Canadian authorities and requested them to investigate these crimes and take appropriate action.

"The perpetrators of these crimes have not been brought to justice so far in Canada, the MFA said. "In view of the increasing incidents of crimes as described above, Indian nationals and students from India in Canada and those proceeding to Canada for travel or education are advised to exercise due caution and remain vigilant," the advisory said.

Indian nationals and students from India in Canada may also register with the High Commission of India in Ottawa or the Consulates General of India in Toronto and Vancouver through their respective websites, or the MADAD portal madad.gov.in, the ministry said.

The registration would enable the High Commission and the Consulates General to better connect with Indian citizens in Canada in the event of any requirement or emergency, it added.

ALL IN A DAY

HC allows Uddhav-led Shiv Sena to hold Dussehra rally at Shivaji Park

The Bombay High Court on Friday granted permission to the Uddhav Thackeray-led Shiv Sena to hold its annual Dussehra rally at the iconic Shivaji Park ground in central Mumbai on October 5.

The venue, where the Sena had been holding its Dussehra rally year after year, got embroiled in a legal battle after the rival faction led by Maharashtra Chief Minister Eknath Shinde too applied for holdings its rally there on the same day.

A division bench of Justices R D Dhawale and Kamal Khata said the Brihanmumbai Municipal Corporation's (BMC) decision not to grant permission to either faction was a "clear abuse of the process of law." The Thackeray faction had challenged the BMC order before the court.

"In our view, the BMC decision was not bonafide (in good faith). The petitioner has been granted permission to hold the Dussehra rally at the Shivaji Park in the past," it noted.

Gehlot makes it official: Will contest Cong prez election

Rajasthan Chief Minister Ashok Gehlot became the first person to announce his candidature for the AICC presidential poll on Friday, a day before the nomination process begins, and said Rahul Gandhi has told him that no one from the Gandhi family should become the next party chief.

He also said the call on his successor to head the Rajasthan government will be taken by party's leadership. Shashi Tharoor is likely to be the second contender.

APPOINTMENTS

Financial Services Institutions Bureau
An Autonomous Body of Government of India

National Herald: ED notices to AP, Telangana Cong leaders

The Enforcement Directorate (ED) has issued notices to some Congress leaders from Telangana and Andhra Pradesh in connection with its ongoing money laundering investigation into the

operations of the Congress party-owned National Herald newspaper, officials said Friday. While some of the politicians belonging to the party have been summoned for questioning here over the next

few weeks, others have been given notices to explain certain payments made to Young Indian, the company that owns the news outlet. Officials said four leaders have been issued the notices.
