# Zomato's loss narrows to ₹67.2 crore in Dec quarter

Food delivery firm's revenue goes up 82.5% to ₹1,112 crore

Zomato said it was updating the upper limit of its potential investments in food delivery to \$400 million in next two years

**PRESS TRUST OF INDIA**  
New Delhi, February 10

Online food delivery platform Zomato Ltd on Thursday reported narrowing of a consolidated net loss to ₹67.2 crore for the third quarter ended December 31, 2021, on the back of better revenue growth.

The company, which had posted a consolidated net loss of ₹32.6 crore in the same quarter last fiscal, said it is updating the upper limit of its potential investments in the food delivery category to \$400 million cash over the next two years.

Its consolidated revenue from operations during October-December 2021 stood at ₹1,112 crore as against ₹69.4 crore in the year-ago period, Zomato said in a regulatory filing.

**Expenses rise**  
It further said total expenses in the third quarter were higher at ₹1,642.6 crore as against ₹757.3 crore in the same period last fiscal.

During the quarter, the company said the reduction

in customer delivery charges and a soft impact of post-Covid-19 reopening, including some shift from delivery to dining out, resulted in a weak gross order value growth.

On the outlook, Zomato Founder and CEO Deepinder Goyal said, "We remain focused on the bigger picture and the long-term growth potential of our food ordering and delivery business in the years ahead. Zomato continues to benefit from the changes we are helping to drive in the overall restaurant industry."

On capital allocation, he said it is becoming increasingly confident in its decision to invest behind market leadership here with healthy unit economics. "As a result, we are updating the

upper bound of our potential investments in this category to \$400 million cash over the next two years," Goyal added.

**Equity investments**

On the issue of investing in more companies, Goyal said Zomato will continue making minority equity investments in businesses that will accelerate the growth of its business.

In the third quarter, Zomato had made minority equity investments in UrbanPiper (\$5 million) and Advantico (\$5 million). Goyal said the company is currently well capitalised with around \$1.7 billion cash on its balance sheet, and it doesn't envisage raising cash in the foreseeable future.

# California sues Tesla for 'racial discrimination'

**PRESS TRUST OF INDIA**  
San Francisco, February 10

California sued Tesla Inc. on Wednesday over allegations of discrimination and harassment of Black employees at its San Francisco Bay area factory.

The suit, filed in Alameda County Superior Court, was sparked by hundreds of worker complaints, said Kevin Kish, head of the State's Department of Fair Employment and Housing.

The department, which enforces state civil rights laws, "found evidence that Tesla's Fremont factory is a racially segregated workplace where Black workers are subjected to racial slurs and discriminated against in job assignments, discipline, pay, and promotion creating a hostile work environment," Kish said in a statement reported by the Wall Street Journal and Bloomberg.

Details of the lawsuit are yet to be released and Tesla didn't immediately issue a response to the lawsuit, which the electric car maker had warned was coming several days earlier in an annual filing to the U.S. Securities and Exchange Commission.

**'Misguided suit'**

However, in a blog post before the filing, Tesla called the suit misguided and said the agency "has never once raised any concern" about its workplace practices following a three-year investigation.

# 'A Thumbs Up' to the billion-dollar brand

Coca-Cola stated that in the December quarter and in 2021, growth in developing markets was led by countries like India

Thumbs Up still the top name in softdrink major's India portfolio

**MEDHANSI VERMA ANANDHANI**  
New Delhi, February 10

Beverage major Coca-Cola on Thursday said that Thumbs Up has become a billion-dollar brand in 2021. This further solidifies the position of the home-grown Thumbs Up as the leading soft-drink brand in the company's India portfolio, which it acquired in 1993 from Parle Biscuits Ltd.

The company also stated that in the December quarter and in 2021, growth in developing markets was led by countries such as India, signalling a pick-up in recovery trends and abatement in Covid-related uncertainties.

Talking about India's performance on an analyst call post the global earnings release, James Quincey, Chairman and CEO, of the Coca-Cola Company said, "Our local Thumbs Up brand became a billion-dollar brand in India, driven by focused marketing and execution plans."

"In India, initiatives to build omni-channel presence and marketing campaigns around key occasions by leveraging festivals and pavilion points, through occasion-led marketing

and integrated execution, drove a sequential increase in market share and nearly 30 per cent growth in transactions for the quarter," he added.

In its global earnings statement, the beverage major said, "For both the quarter and the year, growth in developing and emerging markets was led by China, India and Russia, while growth in developed markets was led by the United States, Mexico and the United Kingdom."

**Growth in Asia-Pacific**

talking about the performance of the Asia-Pacific region, the company added that unit case volume grew 11 per cent for the December quarter and that this growth was driven by China, India and the Philippines.

Commenting on the performance of the company-owned bottling investments, Coca-Cola added, "Unit case volume grew 11 per cent for the quarter, driven by strong growth in the key markets of India and the Philippines."
