Coal power plants loading air with toxic sulphur dioxide

CHOKED. Risk turns focus on repeated extension on installation of 'flue gas desulphurisation'

M Ramesh
Chennai

Coal-fired power plants in India are spewing sulphur dioxide into the atmosphere way above the allowed limit. The biggest culprits are those built after January 1, 2017, which are also wayward in putting out nitrous oxides, data from the Central Electricity Authority (CEA) show (see table).

This brings into question the issue of installing 'flue gas desulphurisation' (FGD) in coal-fired plants, for which thermal power companies have managed to secure repeated extensions from the initial 2017 deadline.

India has 2,07,045 MW of coal and lignite-fired power plants, of which only 22 units with a total capacity of 9,280 MW - less than 5 per cent - have been fitted with FGD.

FGD BENEFITS

According to the Centre for Atmospheric Science, IIT Delhi, an FGD unit can remove anywhere between 50 and 99.8 per cent of SOx emissions, depending on

the power plant's vintage. CEA data show that most of the plants with FGD have been able to keep SO2 emissions below the norm - only NTPC's Dadri units 1, 3 and 4 - each of 210 MW capacity - are wayward.

Sulphur dioxide is bad for health and the environment. "Short-term exposures to SO2 can harm the human respiratory system and make breathing difficult.

"People with asthma, particularly children, are sensitive to these effects of SO2," says the US Environmental Protection Agency.

At high concentrations, SO2 can harm trees by damaging foliage and stunting

Uneven rainfall cast a shadow over rural demand in second quarter, say FMCG firms

Meenakshi Verma Ambwani
New Delhi

FMCG companies have reported slower-than-anticipated rural recovery trends in the September quarter.

According to players with significant exposure to rural markets, rural consumption continued to lag urban demand in the second quarter amidst uneven rainfall.

However, the companies are hopeful of a gradual recovery on the back of higher minimum support price (MSP), government spending on infrastructure and surge in consumption due to the festive season, among others.

KEY INDICATORS

Mohit Malhotra, CEO, Dabur India, said that while the macro-economic indicators were showing improving trends, uneven distribution of rainfall and deficient monsoon impacted rural con-

sumption in the September quarter. In an investor call, the management pointed out that syndicated FMCG industry data suggest that after witnessing a negative growth trajectory for three quarters, rural growth would come in at 0.3 per cent in the March quarter and 4 per cent in the June quarter. It has moved to 6.7 per cent in terms of volume.

"So the growth trajectory of rural is becoming positive but on a lower base. I think rural will continue to gain traction, albeit slowly, but it will happen surely with factors such as the MSP increases, sustained infrastructure investments by the government, direct benefit transfers in place, robust crop sowing and the onset of the festive season. With the election season coming up, some sops are also likely to happen. That said, rural growth is still lagging urban demand," Malhotra stated.

growth. When the gas mixes with falling raindrops, we get a shower of sulphuric acid.

In December 2015, the Ministry of Environment, Forest and Climate Change stipulated SO2 emission norms for coal-based power plants, compliance with which is possible only with the installation of FGD.

EMISSION NORMS

"The implementation of the emission norms, requiring the installation of FGD technology, got delayed due to various techno-economic constraints faced by thermal power plants and further affected by the impact of Covid -19 pan-

demia," the Ministry of Power told Parliament in July. The government initially decided on phased implementation of FGDs with maximum timelines up to December 2022 but later granted an extension of the time limit twice for implementation of the new emission norms for SO2 parameters up to December 2024, December 2025 and December 2026 for different categories of plants, based on their location.

In July 2022, the Centre for Atmospheric Science, IIT Delhi, recommended a "phased implementation" of FGDs across the country, the fifth phase ending in July 2024.

second half of September and we are optimistic about the gradual pickup in consumption."

FESTIVAL CHEER

Gupta added that rural consumption trends are expected to improve in the next 2-3 quarters with the onset of the festive season, range-bound retail and food inflation, and government spending between now and the elections.

Packaged food major Britannia also said FMCG growth has been faster in urban compared to rural. "Our potential in rural continues to remain high, and hence, expansion in rural distribution continued despite the reported rural slowdown," the company said in its earnings statement.

With moderation in inflation, companies such as Asian Paints are also betting on the festive season, wedding season, and government spending to boost rural demand.

NCLT approves record resolutions in Sept quarter

KR Srivats
New Delhi

The processing capacity of insolvency cases under the Insolvency and Bankruptcy Code (IBC) is now seeing a significant ramp up with the National Company Law Tribunal (NCLT) approving a record 85 corporate insolvency cases in the just ended July-September 2023 quarter, latest Insolvency and Bankruptcy Board of India data showed.

This was more than double the 38 corporate insolvency resolutions approved by the NCLT in the April-June 2023 quarter.

Going by the September quarter run rate, NCLT is well on course to process the IBBI indicated level of 300 resolutions this fiscal year, say insolvency law experts. In the July-September 2023 quarter, the total value of claims admitted touched ₹65,247 crore, of which the total realisable value stood at ₹20,771 crore, IBBI data showed.

CLEARING THE BACKLOG

For the September 2023 quarter, the realisable value as a percentage of liquidation value stood at 219 per cent (much above the 168 per cent levels since commencement of IBC). It was 133 per cent of the fair value of assets resolved, much higher than the overall average of 86 per cent since the commencement of IBC.

On the other hand, in the April-June 2023 quarter, the total value of claims admitted in the 38 cases stood at ₹23,046 crore, of which the realisable value was ₹6,791 crore. Realisable value as a percentage of liquidation value stood at 141.30 per cent for the June 2023 quarter and 97 per cent as percentage of fair value.

This improvement in NCLT processing of insolvency cases comes at a time when the Corporate Affairs Secretary Manoj Govil had recently underscored the need for a significant ramp up in the processing capacity of insolvency cases under IBC. Govil had then noted that a large gap still exists between the demand on the system and the current NCLT processing capacity.

Power consumption grows 9.4% in April-October

Press Trust of India
New Delhi

The country's power consumption grew 9.4 per cent to around 984.39 billion units in the April-October period this fiscal compared to a year ago mainly due to improvement in economic activities and weather conditions. Power consumption in the April-October period in fiscal year 2022-23 was

899.95 billion units, according to Power Ministry data. Another indicator, peak power demand, was also higher at nearly 241 GW during the April-October period this fiscal against 215.88 GW in the same period in 2022. The country's power consumption grew nearly 22 per cent to 138.94 billion units (BU) in October, showing a surge in electricity demand due to festivities and increased

economic activities. In the same month a year ago, power consumption stood at 113.94 BU, higher than 112.79 billion units recorded in October 2021, as per government data.

A spokesperson of Tata Power Delhi Distribution Ltd said, "In the last couple of months, electricity consumption has gone up substantially."

"The demand has remained higher mainly due to

delays in winter onset. The festive activities in October have also contributed to the demand phenomena."

Modi govt's fight against corruption 'nautanki', only corrupt join BJP due to ED scare: Kejriwal

PTI, CHANDIGARH: AAP national convener Arvind Kejriwal on Sunday dubbed the Narendra Modi government's fight against corruption a 'nautanki' or theatrics, saying those whom the BJP accuses of wrongdoing are rewarded with ministerial berths upon joining the party.

Addressing a party event in Haryana's Rohtak, the Delhi chief minister also said that if someone has committed a "huge sin or a crime" and joined the BJP, the officials of the Central Bureau of Investigation, the Enforcement Directorate or Income Tax Department would not dare to touch that person.

"Who are the corrupt? The corrupt are not those who have been nabbed by the ED and sent behind bars. The corrupt are those who

joined the BJP due to ED's scare. Those who have been nabbed by the ED but did not join the BJP are fiercely honest. Because they know today or tomorrow they will come out," he said.

"But those who indulge in dishonesty, know that if they are arrested they will have to go to jail for life and im-

mediately join the BJP. So, understand who is corrupt and who is honest," the AAP leader said.

The prime minister says he is fighting against corruption and the corrupt but I want to tell him that if that was true, then Kejriwal would have been the first one to support you, he said.

Minister who is actually running the country, the Delhi CM said. "It is said that the PM only works for that friend. And it is also said that this friend is running the country and not the PM. Laws are made from his office and passed, it is he who makes the decisions. This is a dangerous situation," he said.

Targeting the BJP at the event attended by several thousands of party office bearers of village and ward level, he said, "They say they will arrest Kejriwal. I want to tell them you may arrest me, but how will you suppress my voice?"

"They say I speak a lot against Modi ji. I want to tell Modi ji, I will support you, the entire AAP will support you if you start working for 140 crore people of this country and not for one friend," he said.

PTI, VARANASI (UP): A scuffle broke out between student members of the Akhil Bhartiya Vidhyarthi Parishad (ABVP), All India Students Association (AISA) and the Bhagat Singh Chatra Morcha (BCM) on Sunday forcing police to use light force, officials said.

According to office bearers of the ABVP, their members were protesting to ensure justice for the female student of IIT-BHU who was molested earlier this week near the university's main gate. Members of AISA and the BCM reached there and started the scuffle, ABVP alleged.

Scuffle breaks out among ABVP, AISA and BCM over student's molestation in BHU

Station House Officer (SHO) Shivakant Mishra said, "We used light force to disperse the students' group staging protest when a scuffle started."

The SHO said that he has not received any formal complaint regarding the incident.

Hundreds of BHU students had held a protest on Thursday over the alleged molestation of a female student on the campus on Wednesday night. According to the complainant, she had gone out of her hostel with a friend when three men on a motorcycle forcibly took her to a corner and gagged her near the Karm Baba temple.

BJP expels party leader Sandeep Dayma for derogatory remark on gurdwaras, mosques

PTI, JAIPUR: The BJP in Rajasthan on Sunday expelled a party leader in Alwar, Sandeep Dayma, over his derogatory remark on gurdwaras and mosques at a recent rally in the Tijara assembly constituency.

The decision to expel Dayma was announced by Onkar Singh Lakhawat, the chairman of the Rajasthan BJP's disciplinary committee. "Sandeep Dayma has been expelled from the party on direction of the state president for making a statement against the ideology of the party," Lakhawat said.

The development comes after widespread criticism of Dayma's remark at the rally in Tijara before the filing of nomi-

nation papers by BJP candidate Baba Balaknath for the November 25 Rajasthan assembly polls.

Uttar Pradesh Chief Minister Yogi Adityanath was also present in the rally.

Speaking at a rally on Wednesday, Dayma reportedly said that mosques and gurdwaras that have come up will become "open sores" and those should be uprooted.

HC directs Delhi govt, MCD to strictly comply with SC ruling on manual scavenging

PTI, NEW DELHI: The Delhi High Court has directed the city government and civic authorities to ensure compliance with the decision of the Supreme Court on strict implementation of law for eradication of manual scavenging.

A bench headed by Chief Justice Satish Chandra Sharma observed that the top court has passed various directions on the issue, including enhanced compensation amount of Rs 30 lakh for sewer deaths and minimum Rs 20 lakh compensation in case of permanent disability.

"The apex court has issued various other directions to ensure that the practice of manual scavenging stands completely eradicated. The Government of NCT of Delhi, the Delhi Jal Board, the Municipal Corporation of Delhi and all other authorities are directed to strictly comply with the judgment delivered by the Hon'ble Supreme Court," said the bench, also comprising Justice Tushar Rao Gedela, in a recent order.

"The apex court has enhanced the compensation amount for sewer deaths from Rs 10 lakh to Rs 30 lakh, and in case of sewer victims suffering disabilities, the compensation is to be fixed depending on the severity of the disabilities. The minimum compensation to be awarded to sewer victims suffering from disabilities has been fixed at Rs 10 lakh and in case the

disability is permanent and renders the victim economically helpless, the compensation must not be less than Rs 20 lakh," the court observed.

165 model teachers, 11 educational institutions receive awards

PTI, THANE: At least 165 model teachers and 11 educational institutions in Maharashtra's Konkan region were presented awards for their service at an event held here on Sunday.

Speaking at the event, state Minister Ravindra Chavan urged teachers to keep caste aside and inculcate nationalism in students. The function was organised by MLC Niranjan Davkhare in memory of his father, former deputy chairman of the state legislative council late Vasant Davkhare, to honour the best teachers and educational institutions in Konkan.
