Dear Sirs,

Sub: AGR Matter – Supreme Court Judgment

Ref: "Vodafone Idea Limited" (IDEA / 532822)

This has reference to our communication dated October 24, 2019 relating to the verdict from the Supreme Court of India on the Adjusted Gross Revenue (the "AGR") case. We downloaded the judgment from the Supreme Court website yesterday and the Board of the Company met in the evening yesterday to discuss it. The judgment represents a significant event with respect to the Company. The judgment has upheld the DoT demands, which as per DoT's submission in the Supreme Court were as under –

	License Fee Balance	Interest on balance License fee	Penalty	Interest on Penalty	Total Outstanding as on 5/7/19 as per Submission of DoT
Amount (Rs Crore)	6,871	13,006	3,206	5,226	28,309

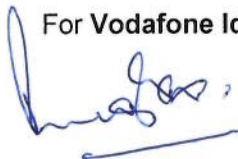

We cannot presently comment on the correctness and completeness of the aforesaid figures. The Company is studying the judgment and we will evaluate our next steps.

The Judgment has financial implications, which we are reviewing. We will engage with the DoT in order for it to consider granting relief, including a waiver of interest and penalties.

Thanking you,

Yours truly,

For Vodafone Idea Limited

Pankaj Kapdeo
Company Secretary
