IBC EVOLVING
Special insolvency resolution framework for MSMEs at advanced stage: IBBI chief

PRESS TRUST OF INDIA
New Delhi, July 26

A SPECIAL RESOLUTION framework for MSMEs is at an advanced stage of preparation and a prepack insolvency resolution framework is also in the works, IBBI chief MS Sahoo has said and emphasised that the insolvency law is evolving to offer innovative ways to service emerging needs.

The Code currently remains suspended and the suspension could be extended to some time. When asked about what could be the lasting impact once things normalise after Covid-19, Sahoo said necessity is the mother of invention and the focus is on swift response.

emerging needs of the economy. A special insolvency resolution framework for MSMEs under section 240A of the Code is at an advanced stage of preparation. A prepack insolvency resolution framework is under works. The focus is swift response after the Covid-19 story unfolds further and recalibration of the ecosystem in sync with the all new normal, he told PTI in a recent e-mail interview.

Sahoo is the chairperson of the Insolvency and Bankruptcy Board of India (IBBI), a key institution in implementing the Code.

According to him, market participants and the ecosystem would be nimble and that they will come up with innovative ways of implementing innovative resolution mechanisms currently under works.

There would be better acceptance of genuine business failures and consequently, entrepreneurship would flourish, IBC would emerge stronger, he stressed. In May, the government announced various relaxation under the Code, including exemption of Covid-19 related debt and a special framework for Micro, Small and Medium Enterprises (MSMEs). The proposed relaxations under the Code were announced by finance and corporate affairs minister Nirmala Sitharaman as part of the more than ₹20 lakh crore stimulus package unveiled to boost the economy ravaged by the pandemic and subsequent lockdowns.

ArcelorMittal Nippon Steel challenges Gujarat govt and Essar Group over Hazira port licence

PRESS TRUST OF INDIA
Ahmedabad, July 26

ARCELORMITTAL NIPPON STEEL India (AMNSIL) has filed a petition in the Gujarat High Court against the Government of Gujarat and Essar Bulk Terminal seeking transfer of Hazira port licence in its name. Within days of acquiring Essar Steel under an insolvency process, AMNSIL had made an application to the Gujarat High Court asking for the licence to be transferred to them.

While the government is yet to decide on the matter, the firm has approached the court stating that the Essar Bulk Terminal (EBTL) holds captive licence as nominee or trustee, according to the petition filed under Article 226. ArcelorMittal did not respond to email and phone calls for comments.

Essar Steel owns a 10 MTPA steel plant at Hazira in Gujarat, which is serviced by a captive jetty constructed at port. The petitioner is seeking the revocation of the captive jetty licence. AMNSIL said in its petition, claiming it was a captive user of the jetty and intended beneficiary under all the li-

ences and expansions. "EBTL is not an independent licensee but merely a 'nominee' and 'trustee', holding the two licences on behalf of and in trust for petitioner's exclusive use and benefit," it said, adding Essar Steel has ceased to be same group firms and therefore EBTL no longer stands eligible and does not possess any right as a licence holder of the captive jetty.

Concor plans to run one container train every week between India & Bangladesh

MITHUN DASGUPTA
Kolkata, July 26

STATE-OWNED CONTAINER CORPORATION OF INDIA (Concor) is planning to run one container train every week between India and Bangladesh through Benapole as the company expects this container train service to change the dynamics of the Petrapole-Benapole route for the trade between the two neighbouring countries.

"We are planning run a container train every week from Majherhat to Benapole. The next train is most likely to be run on Friday (July 31). We are planning to send 60 containers every time. The best part of this container train service is that all customs formalities are being done at Majherhat. There will be no customs checks on route or at the borders. The Petrapole-Benapole border is the most congested route as normally cross-border trucks use it for the trade between the two neighbouring countries. These trucks normally remain stranded at the border for 10

12 days due to the congestion," Rahman told FE.

"In worst case, the container train from Majherhat will reach Benapole in just one day. You can imagine the saving of time for the exporters of our country to Bangladesh from around 12 days to just one day. It is a huge facility for the exporters. It will change the trade dynamics of the Petrapole-Benapole route," he added.

"The much-awaited demand of the trade is finally being met after a long pursuit by Concor & Indian Railways, Indian Customs, Bangladesh Railways, CCBL & other agencies of the two countries. The need for container train services between the two countries has been acutely felt by the exporters of our country given ever-growing bilateral trade and capacity constraints that the sea and land routes are grappling with," according to a Concor release.

Cabinet secy-led panel to select candidate for RBI deputy governor post on August 7

PRESS TRUST OF INDIA
New Delhi, July 26

A SEARCH PANEL headed by the cabinet secretary will be set up to interview shortlisted candidates on August 7 for the post of RBI deputy governor, sources said. According to the earlier schedule, the interview was to take place on July 23 but was deferred due to some reasons. The post had fallen vacant after senior-most deputy governor NS Vishwanathan demitted office three months ahead of his extended tenure on March 31 on health grounds after serving the monetary authority for 39 years.

latory Appointment Search Committee (FASRASC) has a list of eight names who would be interviewed via video conference, the sources said. The selected name from the interview will be sent to the Appointments Committee of the Cabinet headed by the Prime Minister for final approval, they added. Besides the cabinet secretary, other members of FASRASC include the RBI Governor, financial services secretary and two independent members. This vacancy of RBI deputy governor has been reserved for the central bank's internal candidate, who would look after the key supervisory and regulatory functions at the

Mint Road. As per the RBI Act, the central bank should have two deputy governors - two from within the ranks, one commercial banker and another an economist to head the monetary policy department. At present, the RBI has three deputy governors - B P Kanungo, M K Jain and Michael Debaratna. Earlier this year, the government extended Kanungo's tenure by a year with effect from April 3, 2020. Kanungo, whose term was to end on April 2, had taken charge as a deputy governor in April 2017.
