## TCS Recognized as a Leader in Managed Detection and Response Services by Everest Group

*Cited as Strengths were Tata Consultancy Services' Cyber Defense Suite, Threat Intelligence Platform, and Industry-Specific MDR Use Cases*

**NEW YORK | MUMBAI, February 9, 2023:** Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS), has been positioned as a Leader in Everest Group's PEAK Matrix® for Managed Detection and Response (MDR) Services<sup>1</sup>.

The report recognized TCS a Leader for gaining significant mindshare among enterprise clients through their depth and breadth of MDR offerings underpinned by investments in automation and AI/ML-based threat hunting capabilities, threat intelligence and incident response capabilities. It calls out TCS' Cyber Defense suite for the flexibility it offers by being able to integrate with various technology partners.

Cited as key strengths were TCS' Threat Intelligence Platform that provides contextualized and high-fidelity alerts as well as its integrated IT-OT defense capabilities. The report goes on to say that enterprises from telecom, railways, energy and utilities, and retail, distribution, and CPG verticals can benefit from TCS' focus on specific MDR use cases for these industries.

*"With the ever-expanding threat landscape, organizations are experiencing increased volume of cyber threats and vulnerabilities apart from the regulatory and compliance challenges. TCS has significantly invested in developing future-ready MDR services that leverage analytics, automation and machine learning technologies to provide agile responses to help enterprises defend against novel cyber threats and attacks,"* said **Santha Subramoni, Head, Cybersecurity Practice, TCS.** *"This leadership position is a strong reflection of our vision, diverse cybersecurity portfolio and deep expertise in delivering best in class services to our customers."*

TCS offers a comprehensive portfolio of consulting, implementation and managed security services across threat detection and response, identity and access management, vulnerability management, governance, risk and compliance, data privacy and protection, digital forensics and incident response, cloud security, data security, and IT/OT security services.

TCS' Cyber Defense Suite helps enterprises quantify their risks and strengthen their security posture by embedding security at design, implementing zero trust framework, and providing them 360-degree visibility and predictive intelligence to proactively defend against and respond to evolving risks. The suite complements and accelerates the delivery of its managed security services, delivered through a network of 12 Threat Management Centers across the UK, Ireland, Spain, US, Mexico, Australia, Japan, and India with the localization customers need to meet their unique business and regulatory requirements.

services and solutions. This is delivered through its unique Location Independent Agile™ delivery model, recognized as a benchmark of excellence in software development.

A part of the Tata group, India's largest multinational business group, TCS has over 613,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US \$25.7 billion in the fiscal year ended March 31, 2022, and is listed on the BSE (formerly Bombay Stock Exchange) and the NSE (National Stock Exchange) in India. TCS' proactive stance on climate change and award-winning work with communities across the world have earned it a place in leading sustainability indices such as the MSCI Global Sustainability Index and the FTSE4Good Emerging Index.
