Sub: - Press Release – STL reports ~INR 900 Cr orders in FY24 from fiberisation projects in India

Ref: - Scrip ID - STLTECH/ Scrip Code – 532374

Dear Sir/Madam,

The Company is pleased to announce that it has been awarded orders worth ~INR 900 crore in FY24 to provide integrated optical solutions to the leading service providers in the country. In the process, STL, through its advanced Optical solutions and Smart Fibre Deployment services, will support service providers in bringing high-speed connectivity to Indians in more than 20 states.

Kindly take the above on record.

Thanking you.

Yours faithfully,

For **Sterlite Technologies Limited**

Amit Deshpande

General Counsel & Company Secretary (ACS 17551)

Enclosure: As above

PRESS RELEASE

STL reports ~INR 900 Cr orders in FY24 from fiberisation projects in India

- *INR 900 cr worth of orders in FY24 for providing advanced Optical solutions and Smart Fibre Deployment Services to private service providers*
- *Connecting more than **20 states** with optical fibre-based digital infrastructure, stretched across ~**15000 kms***

Mumbai, 02/April/2024: **STL [NSE: STLTECH]**, a [leading optical and digital solutions company](#), announced that it has been awarded orders worth ~**INR 900 crore** in FY24 to provide integrated optical solutions to the leading service providers in the country. In the process, STL, through its advanced Optical solutions and Smart Fibre Deployment services, will support service providers in bringing high-speed connectivity to Indians in more than **20 states**.

With its Glass to Gigabit capability (starting from its own glass preform to optical connectivity products), STL is well-positioned to cater to the needs of the Indian telecom industry. Its solid manufacturing base in India with six plants, R&D-led products like its flagship Stellar™ fibre and high-fibre count Intermittently Bonded Ribbon (IBR) cable, and fibre deployment services are powering fibre-densification for use cases like 5G, IoT and AI.

“India stands on the cusp of digital leadership, characterised by rapid technological advancements and widespread adoption” said **Praveen Cherian, CEO, STL Global Services**. “We are proud to contribute to this journey and are confident that through our specialised optical solutions and smart deployment services, we will enable service providers to shape the nation's digital future, driving economic prosperity.”

About STL - Sterlite Technologies Ltd:

STL is a leading global optical and digital solutions company providing advanced offerings to build 5G, Rural, FTTx, Enterprise and Data Centre networks. [Read more](#), [Contact us, stl.tech](#) | [Twitter](#) | [LinkedIn](#) | [YouTube](#)
