Dear Sir/Madam,

Pursuant to Regulation 29(1)(a) and 47 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, please find enclosed herewith Copy of Newspaper advertisement of the Notice of Board Meeting to consider and approve the Standalone Unaudited Financial Results for the quarter and half year ended September 30, 2020 published in 'Mahalaxmi Bhagyoday' (Hindi) & 'Money Makers' (English) dated November 03, 2020.

Thanking you,

For Moongipa securities Limited

Sanjeev Jain
Company Secretary and Compliance Officer

Hotels are amongst those carried about fire clearance

MM BUREAU
New Delhi/November 02
Two months after they were allowed to reopen their businesses, owners of hotels and guest houses in the national capital are a worried lot. While their businesses were already badly hit due to the Covid-19 pandemic, a lack of clarity about new fire safety norms, notified by the Delhi government in May last year, have compounded their concerns.

The Delhi Hotel and Restaurant Owners Association (DHROA) met state urban development Secretary Jain last month to request him to extend by a year the deadline for the implementation of the new

norms that are currently under review. The existing deadline was March 31, 2020.

The Delhi government had notified the new fire safety norms in May, three months after a fire in Karol Bagh's Arpit Palace hotel claimed 17 lives.

But following objections raised by hotel and guest house owners, the Delhi government had in November last year constituted a sub-committee chaired by a special commissioner of police (licensing) to review and make appropriate recommendations for fire safety in these institutions. The owners were given time till March 31 this year to comply with the new norms.

Mohit Shah, general

secretary, DHROA, said, "There is no clarity on what the status of the new fire safety norms is. We are in a Catch-22 situation. Our establishments have clearance from the fire department as per the old norms. We don't know if we

is yet to submit its report, a senior government official said. A senior Delhi Police officer with the licensing department said, "The report is almost final and is expected to be submitted in the coming week."

When contacted, Jain said, "We will extend the time for compliance due to the Covid-19 situation."

Hotel owners said they want the deadline to be extended at the earliest.

Murli Mani, owner of a hotel in Karol Bagh and DHROA chairman, said, "The business is badly hit due to Covid. We are operating the business in fear due to a lack of clarity about the fire norms. In case there is a fire incident, will the existing fire

NOC (no-objection certificate) be considered valid? The fire department is also not renewing expired NOCs. What will happen to those people?"

A senior Delhi Fire Services (DFS) official, who asked not to be named, said, "Those who have not complied with the changes notified in May 2019, do not technically have a valid NOC. As the deadline for implementation has not been extended and the amendment to the new rules not notified, the rules that were notified in May are in force."

As per the new amendments, kitchen or cooking activity in any form is not allowed on rooftops or basements of buildings,

and storage of inflammable materials or temporary roofing is banned in terraces.

Besides, inflammable materials — like carpets and wooden or foam panelings — are not allowed on passages, corridors and stairs of buildings, and storage of gas cylinders in violation of standards prescribed by the National Building Code is also banned.

The hotel owners had raised objections to a few provisions in the amendment, such as installation of Carbon monoxide detectors and fire check or protection doors, and no fire NoCs to hotels with more than four floors. "We had objected to installation of fire check doors in guesthouses and suggested that sprinklers

be allowed. There were other issues which we had raised. We want our fire NOC to be considered valid till next year. The government should notify the new norms at the earliest," said Boddy Lohia, president of Malipalpur hotel owners' association.

Former DFS chief AK Sharma said that the government should notify the new norms so that hotel owners can comply with it. "The government should take cognisance and extend the deadline for implementation. Now that the deadline for implementation has not been extended so far, the new rules notified in May are currently in force. But hotel owners can't be held responsible as the government.

Delhi Govt lists over 800 open spaces for residents to burn crackers during Diwali

MM BUREAU
New Delhi/November 02
The Delhi government has published a list of over 800 open spaces across the city where people will be permitted to burn "green" firecrackers between 8pm and 11pm on Diwali.

The list comes even as the Delhi government is scheduled to launch a campaign on Tuesday urging people not to burn fire crackers this Diwali in light of air pollution, which is a greater concern this year owing to the present Covid-19 crisis.

Diwali this year will be celebrated on November 14.

Delhi environment minister Gopal Rai, in line with a 2018 Supreme Court order, said the government has allowed the manufacture and sale of only green crackers, which contain fewer polluting substances as compared to traditional ones.

and are less noisy as well. In 2018 and 2019, despite the ban on the sale of traditional crackers and due to the low availability of low-emission varieties, pollution levels in the city saw a major spike after Diwali. Till last year, the sale of only 'plughun' (sparklers), rocket and 'amar' (flower pots) were available. More options are available in markets this year.

Rai also said, "I appeal

to people to not burn any fire crackers all this year. Because of the ongoing Covid-19 pandemic, health hazards due to air pollution could turn more dangerous. If anyone really wants to burn firecrackers, then please use only green crackers."

The list of 824 locations, published on the Delhi government's website, includes parks, vacant plots, school playgrounds and open grounds covering all of the

city's 272 municipal wards.

Some of the prominent locations include Buddha Park in Mayapuri, a park in B block of Chanakya Park, Rameela ground in Laxminagar, Ajmal Khan Park in Karol Bagh, Sudarshan Park in Moti Nagar, West Mehrauli Park in Delhi Cantonment, CBD ground opposite Hotel Leela and Gandhi Park in Saket.

A senior government official said the list was released to ensure that even if people choose to burn green firecrackers, they do it in common locations that are more open, instead of streets, lanes and parking areas in residential areas.

Local police and administration officials are also likely to set a cap on the size of gatherings in each open space. Enforcement teams will also remain active during Diwali, a senior official

had received permission to list firecrackers. Eligible shopkeepers can start selling from Monday.

Anunita Roychowdhury, executive director at the Centre for Science and Environment, said, "The government has to invest in an intensive campaign this year to encourage people not to burn firecrackers. The air pollution problem and spike in covid-19 cases together can create a health disaster. With issuing a list of designated locations for burning firecrackers and setting a time window, the government is apparently trying to ensure that residential areas witness less pollution because of firecrackers during Diwali. But, with that, the government should also make firecracker sales a more stringent norm to curb accessibility to firecrackers."

AAP calls North MCD 'corrupt', demands CAG probe; BJP says allegation 'baseless'

MM BUREAU/New Delhi/November 02
The Ann Aadmi Party (AAP) on Sunday accused the Bharatiya Janata Party (BJP)-led North Delhi Municipal Corporation of corruption, and said the civic body has been under-recovering the amount of property tax it has collected every year, and demanded the Comptroller and Auditor General (CAG) investigate the matter. The BJP, which governs the three municipal corporations in the city, hit back, calling the allegations "baseless".

"The North MCD should be collecting ₹2,100 crore as property tax from 12 lakh people every year, but records show only ₹700 crore is collected annually from four lakh people. The remaining ₹1400 crore is siphoned off," said Durgesh Pathak, AAP's in charge of municipal corporation affairs.

He also said, "The BJP leaders are looting ₹1400 crore collected by the MCD in the name of property tax, due to which they cannot pay their employees — doctors, nursing staff, teachers and sanitation workers. AAP demands that this matter should be thoroughly investigated by the CAG." BJP's Delhi unit spokesperson Praveen Shankar Kapoor said, "AAP is a bunch of people who are experts on baseless statements. The party is in power in the Delhi government, and if they feel there is any kind of scam in MCDs they are free to recommend a CBI (Central Bureau of Investigation) probe, or else they should stop churning baseless allegations."

Delhi Police sub-inspector kills himself with service pistol

MM BUREAU
New Delhi/November 02
A sub-inspector (S-I) of Delhi Police allegedly killed himself with his service pistol at his residence in Outer Delhi's Mohan Garden near Ranbala early in the morning on Monday. Police officers said they have learnt that the 26-year-old S-I, who was posted at a police station in outer district, killed himself due to some financial trouble. A Koon, deputy commissioner of police (DCP), (outer), Delhi Police, said that the Ranbala police station authorities received a call at 5.16 am regarding death by suicide by a man at his home.

The caller was the brother of the deceased. A police team reached his home and found that the deceased was an S-I of Delhi Police. "The S-I took the extreme step in a room on the ground floor of his house. His body was on the bed. He used his service pistol," said a police official, requesting anonymity. DCP Koon said that the S-I had worked on Sunday. "We have learnt that he killed himself over some financial trouble. Further investigation is in progress," he said. The police are probing how the S-I managed to bring his service pistol home after his work got over on Sunday. It is being investigated whether the change of the make-up — a store room in a police station where arms and ammunition are kept — of the police station where the S-I was posted was aware that deceased did not return his service weapon after his duty got over, the officer added.

North-east Delhi riots HC sets aside trial court's order granting bail to private school principal

MM BUREAU
New Delhi/November 02
The Delhi high court on Monday set aside a trial court order granting bail to Rajdhani School principal Faisal Farooq, an accused in the north-east Delhi riots, while stating that "the entire country is aggrieved by the action of such offenders who tarnish the basic secular fabric of the nation and needs to be punished severely."

Cancelling the bail granted to Farooq on June 20 by additional sessions Judge Vinod Yadav, Justice Suresh Kant said that the lower court had failed to appreciate that while deciding an application for bail, the society's interest is also to be safeguarded. He said that "personal liberty of an individual, though precious, is of little value if the larger interest of the people and nation are at stake."

The Delhi police had challenged the bail granted to Farooq who had been charged for hatching a conspiracy to precipitate and aggravate riots, in and around his school. According to the police, it was on his directions that the adjacent convent school, two parking lots run by the other party and the building of one Anil Streets were destroyed by the mob.

"The police claimed in the charge sheet that the call detail analysis of Farooq suggested that he had links with prominent members of Popular Front of India, Pragna (Pragya) group, Jania Coordination Committee, and other persons, which indicate the depth of the conspiracy."

While cancelling Farooq's bail, the judge

had received permission to list firecrackers. Eligible shopkeepers can start selling from Monday.

Anunita Roychowdhury, executive director at the Centre for Science and Environment, said, "The government has to invest in an intensive campaign this year to encourage people not to burn firecrackers. The air pollution problem and spike in covid-19 cases together can create a health disaster. With issuing a list of designated locations for burning firecrackers and setting a time window, the government is apparently trying to ensure that residential areas witness less pollution because of firecrackers during Diwali. But, with that, the government should also make firecracker sales a more stringent norm to curb accessibility to firecrackers."

'Baba Ka Dhaba' owner accuses YouTuber of misappropriation of funds

MM BUREAU/New Delhi/November 02
Kanta Prasad, the owner of popular eatery 'Baba Ka Dhaba' in south Delhi's Malviya Nagar, has filed a complaint against Instagram influencer Gaurav Wasan for misappropriation of funds, police said on Sunday. Prasad (80) had shot to fame after a video of him tearfully recounting the desperation of the months since the lockdown was shared widely across social media platforms recently. Ironically, Prasad's despair had come to light when Wasan captured the eatery owner breaking down as he talked about his struggles in a video shared on the YouTuber's social media account. In his complaint to police, Prasad said Wasan shot his video and posted it online and convinced the public on social media to donate money to the eatery owner. He further alleged that Wasan "intentionally and deliberately shared only his and his family's bank details and mobile numbers with the donors and collected huge amount of donation through different mode of payments i.e bank account details without providing any information to the complainant". The owner of the food joint also accused the YouTuber.

Delhi Govt mulls ban on sale of loose cigarettes, beedis

MM BUREAU
New Delhi/November 02
The Delhi government is mulling to ban the sale of loose cigarettes and beedis to discourage people from consuming such items as they are injurious to health.
