Domestic gas output falls 19% in April, crude production down 8%

FE BUREAU
New Delhi, May 13

THE DOMESTIC NATURAL GAS production fell 18.9% to 2,155 million metric standard cubic metre (MMSCM) in April. The 2.5 million tonne (MT) of crude oil produced in the coun-

try in the month was also 7.7% lower than the production from a year-ago period. The development coincides with domestic consumption of petroleum products falling 46% y-o-y to 18.3 MT in April, when the lockdown to contain the spread of the coronavirus

was implemented throughout the month.

Indigenous crude oil production caters to about only 15% of the country's requirements, while for natural gas, 51% of requirement has to be imported. Domestic natural gas output fell 5.2% y-o-y to

31,166 MMSCM in FY20, reversing the growth trend recorded since FY18. Also, the 32.1 MT of crude oil produced in the country in the fiscal was 1.2% lower than the output from a year-ago period.

Domestic production has been falling with the ageing of existing fields and muted response from the industry to take up new projects, mainly due to lack of adequate incentives. Other reasons for lower output in FY20, as admitted by the government recently to a parliamentary committee, include lack of buyers, inadequate evacuation infrastructure, technical constraints in hostile geograph-

ical terrains and protests against the Citizenship (Amendment) Bill in upper Assam oilfields. Lack of environmental permissions is also making new drilling difficult.

As *FE* recently reported, the government has decided to revise the production sharing contracts (PSC) of private oil producers. In this regard, the Union ministry of petroleum and natural gas has formed a committee which would also 'suggest ways of attracting investment in exploration, enhance production and eliminating obstacles'. PSC fields contribute about 26% of the country's crude oil production.

Maha onion growers' body urges Centre, states to buy directly from farmers

NANDA KASABE
Pune, May 13

THE MAHARASHTRA STATE onion growers' association (MSOGA) has urged the central and state governments to procure onions directly from farmers at ₹2,000 per quintal. The demand has been made as several market committees in the state are still shut and the wholesale prices of onions have dropped to ₹500-600 per quintal. The association has been highlighting the issue on Twitter, according to Bharat Dighole, president, MSOGA.

Around 1,500 farmers have tweeted tagging Prime Minister Narendra Modi, CM Uddhav Thackeray, Union ministers Nitin Gadkari, Piyush Goyal and Prakash Javadekar. The association reached out to farmers to use Twitter as physical agitation was not possible and is even educated them on

how to reach out to the government using Twitter.

Dighole said the average price of onion in Maharashtra was at ₹500 per quintal but as most of the market committees of the state are closed due to the coronavirus, the central government should, therefore, buy onion directly from farmers at ₹20 per kg. The cost of production of onions is more than ₹1,000 per quintal and farmers are ending up with losses as they are selling below this price, he said.

Onion auctions at Lasalgaon have come to a halt for an indefinite period following three cases of Covid-19 reported last week. Most other

markets in Nashik district are also shut due to their proximity to Malegaon, another Covid-19 hotspot.

The National Agricultural Co-operative Marketing Federation of India (NAFED) has also commenced procurement of onions at prevailing market rates of ₹500 per quintal. Nafed is purchasing onions to create a buffer stock for the Centre with target of 50,000 tonne. Out of this, 40,000 tonne will be procured in different markets in Maharashtra and remaining 10,000 tonne from Gujarat. Nafed officials said that although about 650 tonne has been procured so far, they are facing problems due to the closure of Lasalgaon.

The rates at Lasalgaon and Pimpalgaon are applied by NAFED as standard but since these mandis are closed and the rates of rest of the mandis are lower, farmers are not happy with what we are offering, officials said. Due to lockdown, there is a labour issue as well. The agency is waiting for all the mandis to open on a regular basis so that the market rates stabilise and farmer expectations on rates are fulfilled.

'Electricity demand falls 24% in April due to lockdown'

WITH ALMOST NO economic activity taking place in first 20 days of April due to lockdown, and very little operations after that, power demand declined sharply by 24% in the month, Crisil Research said.

The 21-day lockdown to fight spread of coronavirus, which was supposed to end on April 14, was extended till May 3 and later till May 17.

The government relaxed the lockdown in certain non-hotspot zones from April 20, but that did not help in boosting the demand.

According to the rating agency, states with highest industrial activities, especially in the manufacturing sector, including Uttarakhand, Gujarat, Haryana, and Tamil Nadu, witnessed a 30-50% decline in demand in April.

"Electricity demand shrank nearly a quarter in April 2020 as commercial and industrial activity switched off majorly following the nationwide lockdown. The decline in demand by 30-50% in these four states is like experiencing a total blackout every alternate or third day," Crisil said.

Asia's largest timber cluster in Gujarat incurs ₹1,500-cr loss due to coronavirus

FE BUREAU
Ahmedabad, May 13

WITH ALMOST 70% timber units shut down, even after the government's nod to run business operations, Asia's largest timber cluster in Gujarat, situated near Kandla port, may take a year to function normally.

The industry, which flourished in the bordering Kutch district, has already incurred loss of ₹1,500 crore since the lockdown was announced first from March 25. According to sources, the ₹10,000-crore industry's loss is constantly increasing in absence of buyers based in states like Rajasthan, Punjab, Delhi, Uttar Pradesh, Bihar, Madhya Pradesh and parts of Maharashtra.

Although the government has decided to grant permission to recommence operation of sawing mills and plywood units after the implementation of lockdown 2.0, most of the timber units are still closed as demand has gone down by nearly 80%. Even after the rise in demand in coming days, it would be difficult for the sawing mills as well as plywood manufacturers to start in full swing as

Karti get SC nod to withdraw ₹10 crore deposited for travelling abroad

THE SUPREME COURT on Wednesday allowed Congress MP Karti Chidambaram to withdraw ₹10 crore which was deposited with the apex court registry as a condition for allowing him to travel abroad.

The top court had on February 14 allowed Karti, who is facing criminal cases being probed by the Enforcement Directorate (ED) and the CBI, to travel to the UK and France for attending a tennis tournament subject to the ₹10 crore deposit.

A bench of Chief Justice S A Bobde and Justice L Nageswara Rao took up his application through video conferencing and allowed him to withdraw the amount. "We have heard learned counsel appearing for both sides. The instant application for withdrawal of the amount in question is allowed," the bench said.

On February 14, the SC while taking note of the previous orders allowing Karti to travel abroad, had allowed him to travel to the UK and France from February 14 to March 1, 2020.

On January 17, the top court had allowed the similar application of Karti allowing him to withdraw the ₹20 crore which was deposited with the SC registry as a condition for allowing him to travel abroad.
