Dear Sirs,

We have received communication from USFDA regarding verification of NDMA in Metformin Extended Release Tablets.

We have submitted our preliminary response to US FDA on the same and are further communicating with them. We will inform the Exchange on the update of our communication with agency as it progresses.

For the last year ended 31st March 2020, our Exports to USA for the Metformin Extended Release Tablets were of USD 1.43 million only which constitutes less than 1% of our Consolidated Revenue.

This is for your information and dissemination to the members.

Thanking you.
