18. INSTRUCTION FOR E-VOTING AND JOINING THE AGM:

- a) Pursuant to the provisions of Section 108 of the Companies Act, 2013 readwith Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020, May 05, 2020, January 13, 2021 and May 05, 2022, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has appointed Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
- b) The Members can join the AGM in the VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- c) The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- d) Shareholders holding equity shares shall have one vote per share as shown against their holding. The shareholders can vote for their entire voting rights as per their discretion.
- e) **THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**
 - (i) The voting period will begin on 27th June, 2022 and will end on 29th June, 2022. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of 23rd June, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the time of meeting.
 - (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Statement pursuant to provisions of Section 102 the Companies Act, 2013.

Item No. 4

N.M. Nagri & Co., Chartered Accountants were appointed as Statutory Auditors of the Company at 19th Annual General Meeting ('AGM') held on 27th July, 2017 to hold the office of the Auditors up to the conclusion of the 24th Annual General Meeting (AGM of Financial year 2021-22).

The existing Auditor's firm has completed term of five consecutive years pursuant to Section 139(2) of the Companies Act, 2013. The Audit Committee and the Board of Directors at their respective meetings held on 10th May, 2022 recommended appointment of Singhi & Co, Chartered Accountants (Firm Registration No.302049E) as the Statutory Auditors of the Company for a term of five years from the conclusion of 24th AGM till the conclusion of the 29th AGM (AGM of Financial year 2026-27), in place of retiring Auditors.

Singhi & Co. has been in the profession for over 80 years. They provide varied services which include assurance, risk, advisory, taxation, corporate finance etc. They serve multiple listed companies and have tremendous experience in the field of audit. Singhi & Co. has over 26 partners with 8 offices across the country.

Singhi & Co. one of the leading Audit Firms in the India, being Indian members of Moore Global network and considering increase in regulatory compliances & disclosures by the Auditors, the remuneration payable to the statutory auditors for the financial year 2022-23 has been fixed as ₹ 26.50 lakhs plus applicable taxes and out of pocket expenses. The remuneration for the subsequent year(s) of their term shall be determined based on the recommendation of the Audit Committee and as mutually agreed between the Board of Directors of the Company and the Statutory Auditors.

Singhi & Co, Chartered Accountants, have consented to the said appointment and confirmed that their appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have further confirmed that they are not disqualified to be appointed as statutory auditors in terms of the provisions of the proviso to Section 139(1) and Section 141(3) of the Act and the provisions of the Companies (Audit and Auditors) Rules, 2014.

The Board of Directors recommends the ordinary resolution as per item No. 4 of the accompanying notice for approval of the members of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise in the resolution as per item No. 4 of the notice.

Item No. 5

The Board of Directors on the recommendation of the Audit Committee has appointed Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2023 and approved the payment of remuneration payable to them.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the members of the Company. Accordingly, consent of the members is sought by passing an Ordinary Resolution as set out at item no. 5 of the notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending 31st March, 2023.

The Board of Directors recommends the Ordinary Resolution as per item no. 5 of the accompanying notice for approval of the members of the Company.

None of the Directors or Key Managerial Personnel of the Company or their relatives are, concerned or interested financially or otherwise in the said resolution as per item no. 5 of the Notice.

Item No. 6

The Members of the Company, at the 20th Annual General Meeting held on 30th August, 2018 had approved the appointment of Shri Surendra Singh Baid as an Independent Director of the Company, whose terms will expire on 31st March, 2023. He is B.Sc. Tech, Ceramics, (BHU) and having experience of more than 48 years in Insulator Industry, Product and Business development, sales & marketing, personnel management, etc. He is not holding any shares in the Company.

As per Section 149(10) of the Companies Act, 2013 ("Act"), an Independent Director shall hold office for a term of upto five consecutive years on the Board of a Company, but shall be eligible for re-appointment as an Independent Director on passing a special resolution by the Company for a second term of upto five consecutive years on the Board of a Company.

In view of the aforesaid provisions of the Act and considering his rich experience, valuable guidance to the management and better Board performance as an Independent Director, it is proposed to re-appoint him for the second term as an Independent Director on the Board of Company for a period of five consecutive years upto 31st March, 2028. Under the relevant provisions of the Companies Act, 2013, Notice has been received from one of the member, signifying his intention proposing, Shri Surendra Singh Baid for the appointment as an Independent Director of the Company. His appointment as Independent Director is also approved and recommended by the Nomination and Remuneration Committee of the Company, based on his performance evaluation.

Regulation 17(1A) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 provides that no listed company shall appoint or continue the directorship of any person as Non-executive Director who has attained the age of 75 years, unless a Special Resolution is passed to that effect and justification thereof is disclosed in the explanatory statement annexed to the Notice for such appointment.

Accordingly, Shri Surendra Singh Baid will attain the age of 75 years on 30th May, 2026 and his appointment as Non – Executive Independent Director shall be valid upto 31st March, 2028, subject to the approval of shareholders in the ensuing Annual General Meeting.

In order to comply with the provisions, the Nomination and Remuneration committee and Board recommends the continuation of directorship of Shri Surendra Singh Baid, Non-Executive Independent Director, even after he attains the age of 75 years, till the expiry of his term of re-appointment.

In the opinion of the Board, Surendra Singh Baid fulfils the conditions specified in the Companies Act, 2013, rules made thereunder and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for appointment as Independent Director of the Company. He is also independent of the management of the Company.

The Board considers that his continued association would be of immense benefit to the Company and hence it is desirable to continue to avail his services as an Independent Director.

Accordingly, the Board recommends the Resolutions at Item No. 6 of the accompanying notice for re-appointment of Shri Surendra Singh Baid as an Independent Director by passing the special resolution by the members of the Company.

The disclosure under Regulation 36 of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 is provided in the notes to this Notice.

Except Shri Surendra Singh Baid, being appointee, none of your Directors or key Managerial Personnel of the Company or their relatives are concerned or interested financially or otherwise in the resolution as per the item No. 6 of the notice.

Item No. 11

Section 197(1) of the Companies Act, 2013, and/or Articles of Association of the Company, provides that in the case of the directors who are not in the whole-time employment of the Company, the shareholders, may by Special Resolution, authorize the payment of commission.

The role of Non Executive Directors is significant in achieving better performance and establishment of good governance. The responsibility of the Non Executive Directors has increased considerably over the years. In view of the dynamic changes in Company law and the corporate governance norms, there is a greater demand of Non Executive Directors for better and effective corporate governance. Keeping in view the requirement in terms of time and quality on the part of the Non Executive Directors, it is necessary to remunerate them appropriately.

Considering the same, the members of the Company at their Annual General Meeting held on 27th July, 2017, have approved the payment of commission up to 1% of net profits of the Company calculated in accordance with the provisions of section 198 and other applicable provisions, if any of the Companies Act, 2013, to the directors not in whole time employment of the Company, for a period of 5 years from 1st April, 2018 to 31st March, 2023. As such the same may be renewed for further period of 5 years w.e.f 1st April, 2023.

Accordingly, the directors other than the Executive Directors be paid commission not exceeding 1% of the net profits of the Company, calculated in accordance with the provisions of Sections 198 and other applicable provisions, if any of the Companies Act, 2013 and rules made thereunder for a period of 5 years from 1st April, 2023. This amount will be distributed among all or some of the non-working Directors in such manner, as the Board of Directors may from time to time determine and in default equally, in each financial year.

The Board of Directors recommends the Special resolution as per item No. 11 of the accompanying notice for approval of the members of the Company.

All the Directors of the Company except Chairman & Managing Director, Joint Managing Director and Executive Directors are concerned or interested in this resolution to the extent of commission which they may receive during the course of each of the financial years for which this approval is sought. The Chairman & Managing Director, Joint Managing Director and Executive Directors and Key Managerial Personnels of the Company and their relatives are not concerned or interested, financially or otherwise, in the resolution at Item No. 11 of the Notice.

Digital campaigns which include series of Product films covering Sanitaryware /Faucetware /Tiles categories - "**Tested by expert**" and "**No Compromise**" conceptualised and launched which helped brand to gain lot of popularity and increased consumer engagement. Other initiatives also taken to increase brand recall and search i.e. Google display ads, remarketing and sustenance campaigns, Search engine optimization, Search engine maximization and others.

Trade expansion and development with brand stores

A complete retail expansion program was launched with a view to increase exclusive / non-exclusive brand stores and deliver ultimate consumer experience.

CERA focused to support channel partners by helping them to build brand stores – Cera Style Galleries, Cera Style Hub, Cera Style Centre, Cera Tile Galleries and Cera Tile Centres. This created a strong brand visibility in the market and also give our consumers an experience to remember and facilitate better decision making. CERA also revamped company owned display centre “Cera Style Studio” in Kolkata to support trade.

Product Category Consolidation

CERA also consolidated product categories so that we can deliver better service & meet market expectations. Going forward our efforts will be to build our core businesses - Sanitaryware, Faucet and Tiles.

Retailer Loyalty Programme

CERA Superstar retailer / sub dealer loyalty program was launched towards the purchases made by associate partners (Retailers) from CERA's authorised dealers. The purpose of this program is to strengthen the relationship with the Retailers and provide transparent communication.

Skill development and Training

CERA rigorously conduct training sessions to upskill the knowledge of plumbers and masons. This enables them to get better wages , resolve customer query satisfactorily and install products hassle-free.

Awards

CERA won the most affiliated awards consecutively for the third time in a row such as “Trusted brand” and “Super brand”.

Tiles Unit

Your company made rapid strides in the Tiles segment by launching new designs Slabs, large format sizes of 1200x2400mm, 1200x1200mm and 800x1600mm and also new designs and sizes in both floor and wall categories.

Joint Ventures

In 2015 the company had entered into a Joint Venture with Anjani Tiles Ltd at Andhra Pradesh with 51% Equity and Milo Tiles LLP (earlier Crown Ceramics—an established production facility) at Morbi, Gujarat with 26% Equity (since 2019) for producing high end Glazed Vitrified Floor Tiles aggregating to 16000 Sq. Mtr. per day. With your company deciding to monetise its equity in ATL, the JV arrangement with ATL at Andhra Pradesh has come to end by entering into MOU and SPA (Share Purchase Agreement) in August 2021. The proceed of Preference and Equity Shares are being received in phased manner.

Packaging Unit

CERA holds an Equity of 51% in Joint Venture unit for manufacture of corrugated boxes which has now achieved full utilisation of production. The products are now available on a just in time basis, built to the exact specifications for the Company. The capacity utilization has increased considerably during the year.

Polymer Unit

The Joint venture for Polymer Products unit for manufacturing of seat covers and cisterns has reached optimum capacity of its production during the year. Cera holds 51% Equity. The quality products are available and capacity utilization has increased gradually during the year.

Green Energy Unit

As a part of national policy and Green initiative, which was initiated in 1995, Company has energy security and stabilized power cost

by generation of electricity through non-conventional sources for captive use through wind and solar.

The current installed capacity of Non-Conventional Energy unit of the Company stands to 10.325 M.W.

The non-conventional Wind and Solar Power has produced 156.88 lakhs KWH for captive use.

Conservation of energy, technology absorption and foreign exchange earnings and outgo:

Conservation of energy

The Company has two sources of its main energy, viz. Natural Gas - GAIL and Sabarmati Gas Ltd., for operating its Sanitaryware plant. The pricing of both sources differ, as GAIL sources gas from isolated wells in and around Cera's manufacturing facility, and is able to contract gas at a lower price over prevailing market pricing. Medium term contracts with these suppliers are renewed on aperiodic basis. For energy conservation, the company has installed fuel efficient burners to control gas consumption and in addition to this, every effort is made by the company to adapt any technological developments in energy conservation.

The second energy, viz. electricity, required for running the machineries, is supplied by the local Discom. To compensate the energy consumption by way of electricity, your Company has an installed capacity of Wind Turbines of 8.325 MW and Solar Plants of 2.00 MW which generates about 70% of the company's electricity requirement and this gets offset against monthly consumption of the energy bill.

Technology absorption and foreign exchange earnings and outgo

The information on technology absorption and foreign exchange earnings and outgo stipulated under Section 134 (3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, is annexed herewith as a separate **Annexure- III**.

Environmental Social Governance (ESG)

Cera Sanitaryware follows a holistic approach towards Environmental, Social and Governance matters. Cera Sanitaryware values the trust reposed by its stakeholders including customers, the communities in which it operates and society at large and has strived hard to protect and preserve their interests.

Environment at Cera Sanitaryware

Cera is highly committed to ensuring zero environmental impact due to its operations. The Company stringently adheres to norms governing reduction of emissions, pollution control and other environmental aspects. Some of the broad initiatives undertaken by the Company include:

- Installation of a rooftop solar power system (one of the largest in the Kadi region), which has gone a long way in substantially reducing the carbon footprint.
- Cera has managed to stabilize power cost by generating electricity through non-conventional sources (wind and solar) for captive use; as of FY22, its total installed non-conventional energy capacity stood at 10.325 MW, which produced 15.69mn unit. 70% of its energy needs are met through renewable energy.
- In its initiative to conserve biodiversity, the Company has undertaken plantation of over 10,000 plus trees.
- By successfully developing a fully functional rainwater-harvesting system, Cera has managed to reduce dependence on ground water usage. Further, by recycling water used for

the manufacturing process the Company has reduced the water intensity of its operations.

Under the initiative of 'Waste Minimization and Waste Utilization', the Company has been undertaking numerous measures. Some of these measures include recycling of solid and liquid and ZLD (zero liquid discharge), high energy efficient rated machines, compliance to pollution norms and awareness generation among employees etc. Majority of the waste generated in the company's operations is recycled and the balance is disposed-off safely. The Company has also installed a Effluent Treatment Plant at both of its facilities.

Social dimension at Cera Sanitaryware

For the past several years, Cera has been actively involved in various social welfare activities. Over a span of 5 years, Cera has spent more than ₹ 15 crore for development within Kadi district (a tier 3 developing industrial area) and surrounding areas. Additionally, the Company at regular intervals provides necessary safety and skill up-gradation training to its permanent as well as its contractual employees. The Company has systems in place to ensure no child labour, forced or involuntary labour at its facilities. During the financial year 2021-2022, the Company has spent ₹ 29.10mn towards CSR activities mainly in the areas of education, healthcare, rural development, woman empowerment and eradicating hunger.

Governance at Cera Sanitaryware

Adhering to the best Corporate Governance practices has been a strong endeavor of the Company since its inception. The organization strongly believes that there is a direct association between good corporate governance practices and stakeholder value enhancement. To ensure protection of interests of all stakeholders of the Company, Cera has adopted various strict governance related policies to the best governance practices. Its policy relating to ethics, bribery and corruption serves as the guiding philosophy for its employees as well as the employees of its subsidiary and JV companies. The Company also has a whistleblower policy in place, which provides a platform to all employees, vendors and customers to report any suspected fraud or error or confirmed incident of fraud/misconduct. Through prudent strategies the Company has optimized asset utilization and preserved the collective funds at its disposal by avoiding unrelated diversification or over-ambitious expansion. By ensuring fair and ethical dealings with all stakeholders, the Company has a robust track record of Corporate Governance practices.

Going ahead, the Company aspires to continue deepening its focus towards the environmental social governance (ESG) aspect in the organization and create a sustainable future for all its stakeholders.

Annexure - I to the Directors' Report**Management Discussion and Analysis**

As Last fiscal year 2021-22 was a year of recovery in post Covid scenario. Your Company quickly adapted to the new market practice, understood customer expectation and delivered customized market specific solutions which helped in creating positive sentiments and as a result your company delivered double digit growth.

1. Right product mix:

Your Company was quick in conceiving, developing, manufacturing and rolling out Covid-appropriate products in the shortest time, like:

- a) Sensor faucets
- b) Anti-bacterial seat covers
- c) Rimless WCs
- d) Sensor urinals

2. Use of high tech in manufacturing:

Your Company has been in the forefront of co-creating indigenous technology for production, like 3D printing, robotic glazing, etc.

Your Company also implemented high pressure casting, for high end wall hung WCs, which could produce thirty pieces from one mould in a day, as compared to one piece by one worker in a day from conventional casting systems.

In Faucetware too, induction of high tech machines has helped increase production.

3. Constant brand promotion:

Your Company continued its brand promotion using television as well as digital platforms. Digital platforms were used to narrow-cast its ads to relevant target audience, thereby reducing the media wastage.

Making the product and brand visible through retail outlets has always been your Company's motto. Your Company does periodic audit of its retail outlets to ensure that the branding and product display are intact.

4. After-Sales Service:

Your Company's CERA Care team of technicians, with a 24-hour toll free call centre, and timely on-site service from the technicians to individual customers, has been one of its key strengths in generating customer loyalty and helping it garner word of mouth publicity.

Even during lockdown, CERA Care team members continued to connect to the needy customers and provide online solutions.

5. Company Display Centres:

Annexure - III to the Directors' Report

Disclosure of particulars with respect to Information on Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo stipulated under Section 134 (3) (m) of the Companies Act, 2013 read with Rule 8 of The Companies (Accounts) Rules, 2014 and forming part of the Report of the Board of Directors for the year ended 31st March, 2022.

A. Energy Conservation

Discussed in main report

B. Technology Absorption

High pressure casting technology in Sanitaryware.

Research and Development (R & D)

1. Specific areas in which R & D is carried out :

The Company's Research & Development Unit recognized by the Department of Scientific and Industrial Research (DSIR), Government of India, since 1989 has been relentlessly working for the improvement in quality of sanitaryware products, cost reduction through the use of new and cheaper raw materials, waste materials, changes incorporated in their quality specifications, minimizing wastes and losses at different stages of production, recycling of unfired and fired wastes generated in production as well as pollution abatement to keep the company ahead of market competition.

Some innovative R&D activities carried out and commenced commercial production during the year under report are:

- ❖ New state-of-the-art R&D centre developed at Kadi factory premises. The centre boasts of advanced test equipment for material science and ceramic technology. This Centre of Excellence is designed to keep the R&D activity as a strategic initiative. This will help us keep at the forefront of innovations in the Sanitaryware Industry worldwide. This centre is DSIR, Govt. of India, approved.
- ❖ Development of indigenous and Imported plaster of Paris from different sources to increase mould's life.
- ❖ Development of Refire glaze for recovery and Productivity.
- ❖ Development of Gold decorative process by electroplating process.
- ❖ Development of suitable pressure casting body.
- ❖ Ramp up Robotic Glazing System in production. This gives us more controlled and uniform glaze coating on the sanitaryware as compared to manual glazing. This type of uniform glaze coating provides better aesthetic look of final products. Robotic glazing reduces dependence on manual labour. These are the highly advanced robotic systems with sophisticated control mechanism.
- ❖ Development of biscuit fired shrinkage plate tiles. These tiles reduce squat, undulation, foot crack of critical items by loading on it. Especially quality of wall hung products has improved significantly by using this.
- ❖ Also, in final product quality, Company has introduced automatic leakage detection test and overflow test. These tests help to improve functional quality of final products.
- ❖ Introduced different colours of silk glazes which enhance uniqueness as well as verity and versatility.
- ❖ Under the initiative of 'Waste Minimization and Waste Utilization', numerous measures have been taken. This includes recycling of solid and liquid, ZLD (zero liquid discharge) plant, high energy efficient rated machines, compliance to pollution norms, awareness-generation among employees etc.
- ❖ In keeping with eco-friendly tradition, Company has developed 04 liters flushing system with same effectiveness as 06 liters flushing system. By 30% reduction in water consumption, this technology will help to save precious water. Company also reduced its water dependence on state supply by recycling full water requirement of manufacturing process. Company developed a fully functional rain-water-harvesting system.
- ❖ Product Certifications: All company's products are ITC (Institute for Testing and Certification, Czech Republic) certified. Company have completed IAPMO (USA Certification Agency) for almost half of company's products and are in process to get more products under this certification. Company have also started its product certification from SGS (Emirates Authority for standardization and Metrology).

Company's all products are CE (Conformitè Europeenne) certified from QVC Certification. company has completed IAPMO (USA Certification Agency) for almost half of the products and are in process to get more products under this certification. Company's Products have GRIHA (Green Rating for Integrated Habitat Assessment) Certification and company is getting more products under this certification. All the Qualified products are GreenPro certified from CII.

2. Benefit derived as a result :

With the introduction of new and cheaper raw materials from new sources and import substitution of raw materials, colors and other inputs, the cost of production is expected to reduce further.

3. Future plan of action :

- ❖ Under company's eco-friendly initiatives, company will improve energy input from renewable sources, mainly Solar Energy, which is already installed. Company also plan to redesign its Glaze Spray system for maximum recovery and recycle of glaze.
- ❖ With a focus on automation, company will introduce more Robots in its manufacturing process. In company's firing process company plan to introduce automatic gas pressure regulation system.
- ❖ Company will build its capability and capacity to manufacture high value products. These products will have ergonomic and aesthetic designs, will be bigger in size and will have attractive appearance. Stain-free, antimicrobial and self-cleaning coatings can also be applied. Metallic and Copper glaze will be introduced further.
- ❖ Company will develop its manufacturing ability for more complex designs. In this regard, Company has planned more Bench to Battery conversions where efficiency and productivity is improved. The Battery Casting method is much more ergonomic and will have positive impact on workmen health. Also company has introduced more semi-automatic casting process like pearl casting, vertical casting, and beam casting in production.
- ❖ Company has set-up a new R&D facility. Company expect to focus on consistent raw materials, less crack prone ceramic body, aesthetically appealing glazes, and better testing & analyzing methods / tools.

4. Expenditure on R & D :

a) Capital	:	₹ 1.44 Lakhs
b) Recurring	:	₹ 188.94 Lakhs
c) Total	:	₹ 190.38 Lakhs
d) Total R & D Expenditure as a percentage of total turnover	:	0.13%

C. Foreign Exchange earnings and outgo

The Company has continued to maintain focus and avail of export opportunities based on economic considerations. Foreign exchange used and earned by the Company during the year is as under:

Total foreign exchange used	:	₹ 8,053.87 Lakhs
Total foreign exchange earned	:	₹ 2,347.86 Lakhs

Section E [Principle-wise Performance]:

Principle 1: [Business should conduct and govern themselves with Ethics, Transparency and Accountability]

The Board of Directors has approved a Code of Conduct, which is applicable to all Board Members, Key Managerial Personnel and senior management personnel of the Company. This is reviewed and reported annually.

The Company also has a Whistle Blower Policy approved by the Board and is applicable to all employees of the Company, which serves as mechanism for its Directors and Employees to report any genuine concerns or suspected fraud without fear of reprisal and thus ensures the Company to uphold its high standard. The Code of Business Conduct and Whistler blower policy is posted on the Company's website.

The Board of directors have framed, approved and implemented Risk Management policy of the Company including identification and element of risks. Pursuant to amendments in SEBI (LODR) Regulations, 2015, the Board of Directors of the Company has constituted the Risk Management Committee having its scope and functions as per Risk Management policy.

The details of shareholders complaints received and resolved during the financial year are given in the Corporate Governance report of this Annual Report.

The Related Party Transactions Policy of the Company provides the process for the approval of various types of Related Party Transactions (RPTs) and general principles governing RPTs. This brings the necessary transparency in the RPTs and ensures that the transactions are fair and in compliance with the applicable laws and regulations.

Principle 2 : [Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle.]

Three of the Products of the Company are designed considering environment concerns, risks and opportunities.

- Sanitaryware
- Faucetsware
- Bathroom Accessories & Allied products

The Company is committed to attainment of environmental and economic benefits from efficient use of energy, water, chemicals and waste reduction. The Company ensures fulfilment of all compliance obligations (legal requirements and other requirements) that relate to products and services, environmental aspects and occupational health & safety.

Company's manufacturing units are ISO 9001, 14001 and BS 18001 certified.

The company is committed to environment sustainability. It constantly works towards reduction and optimal utilization of energy, water, raw material, logistics etc. by incorporating new techniques and innovative ideas. As consumption per unit depends on the product mix, there are no specific standards to ascertain reduction achieved at each product level. The Company has also set up wind farms and rooftop solar plants.

The Company is constantly trying to develop WC and other products which operate with minimum consumption of water. Some of the broad initiatives undertaken by the Company include:

- Installation of a rooftop solar power system (one of the largest in the Kadi region), which has gone a long way in substantially reducing the carbon footprint.
- Cera has managed to stabilize power cost by generating electricity through non-conventional sources (wind and solar) for captive use; as of FY22, its total installed non-conventional energy capacity stood at 10.325 MW, which produced 15.69 mn unit. 70% of its energy needs are met through renewable energy.
- In its initiative to conserve biodiversity, the Company has undertaken plantation of over 10,000 plus trees.

- By successfully developing a fully functional rainwater-harvesting system, Cera has managed to reduce dependence on ground water usage. Further, by recycling water used for the manufacturing process the Company has reduced the water intensity of its operations.
- Under the initiative of 'Waste Minimization and Waste Utilization', the Company has been undertaking numerous measures. Some of these measures include recycling of solid and liquid and ZLD (zero liquid discharge), high energy efficient rated machines, compliance to pollution norms and awareness generation among employees etc. Majority of the waste generated in the company's operations is recycled and the balance is disposed-off safely. The Company has also installed a Effluent Treatment Plant at both of its facilities. Keeping our Eco-friendly tradition, Cera has developed 04 litters flushing system with same effectiveness as 06 litres flushing system.

The Company has identified approved vendors for procuring materials and a Standard Operating Procedure is in place for sourcing raw materials. This includes sample approvals, performance trials, plant audit and regulatory clearances. Majority procurement of materials is from the approved manufacturers.

The Company procures goods and services from the local and small producers for its manufacturing premises and offices. It improves operational efficiency and helps save on transportation costs, inventory management and helps in risk mitigation. Adequate guidance and counselling are also provided to them about system and procedures for regulated markets.

Independent Auditor's Report

To,
The Members of Cera Sanitaryware Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

We have audited the accompanying standalone financial statements of **CERA SANITARYWARE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at 31st March, 2022, the profit (financial performance including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below as the key audit matters to be communicated in our report.

Sr. No.	Allowance for Expected Credit Losses (ECL) in respect of Trade Receivables and Capital Advances
1.	<p>The Company has made provision for Expected Credit Losses in respect of trade receivables aggregating to ₹ 1,279.88 lakhs and that of capital advances aggregating to ₹ 328.24 lakhs up to 31st March, 2022 as against the gross doubtful / litigated amounts in respect of trade receivables of ₹ 2,282.23 lakhs and capital advances of ₹ 468.91 lakhs. These are based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to entities the Company deals with. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19. The Company has also determined allowance for ECL based on the information available with the Legal department of the Company.</p> <p>We identified allowance for credit losses as a key audit matter because the Company exercises significant judgement in calculating the expected credit losses.</p> <p>Refer Notes No.8,11, 36 and 40 to the standalone financial statements.</p>
	<p>How our audit addressed the Key Audit Matter</p> <p>Our Audit procedures related to the allowance for expected credit losses for trade receivables and capital advances included the following, among others:</p> <p>We tested the effectiveness of controls over the:</p> <ul style="list-style-type: none"> ➤ development of the methodology and model for the allowance for credit losses, including consideration of the current and estimated future economic conditions; ➤ completeness and accuracy of information used in the estimation of probability of default; and ➤ computation of the allowance for credit losses. ➤ For a few customers, we tested the input data such as credit reports, past history of dealings with them and other credit related information used in estimating the probability of default by comparing them to external and internal source of information. ➤ We carried out detailed analysis of balances of trade receivables and capital advances, (i) where no legal actions have been taken so far by the Company and the reasons therefor, (ii) where legal actions have been taken and the allowance for ECL has been partially/ fully made and considered the reasons therefor and (iii) where legal actions have been taken but no allowance for ECL has been made and the reasons therefor. ➤ Assessed the adequacy of allowance for ECL recorded and evaluated disclosures in the standalone financial statements in relation to these items. ➤ Verified Balance Confirmations directly received by us from few selected trade receivables and also examined reconciliations/ discrepancies, if any. ➤ We also reviewed the internal auditor's report for the history and current scenario of a few customers. ➤ We carried out analysis of those trade receivables where there is significant increase in credit risk and also reviewed the ageing of the trade receivables pertaining to current and immediately preceding years.

2.	Assessment of Carrying Value of Investments in Subsidiaries and an Associate
	<p>The Company has made investments in subsidiaries aggregating to ₹ 3,338.33 lakhs and has also made capital contributions aggregating to ₹ 806 lakhs in one associate, and are outstanding as at 31st March, 2022 which are subject to impairment assessment. On an annual basis, the management evaluates the existence of impairment indicators, such as accumulated losses, to the carrying values of these investments in its subsidiaries / associate.</p> <p>The Company has entered into various agreements (MOU, SPA and Share Escrow Agreement) with Anjani Vishnu Holding Ltd. (Joint Venture Partner and acquirer company) and Anjani Tiles Ltd. (subsidiary company) for the transfer / divestment of entire stake of the Company in equity and preference shares of ATL for a total consideration of ₹ 2,869.20 lakhs to be completed by 31st March, 2023. These arrangements will result into impairment loss of ₹ 573.80 lakhs. A separate detailed Note No.16 explains the entire arrangement including valuation and impairment loss of investments in this subsidiary company.</p> <p>The processes and methodologies for assessing and determining the recoverable amount of these investments, (other than investment in above referred subsidiary company) involve estimates, assumptions and significant management judgment, in particular with reference to forecasts of future cash flows relating to the terminal value, as well as long-term growth rates, discount rates, etc.</p> <p>The testing for impairment in these investments (other than investment in the subsidiary company) has been identified as a key audit matter in view of the significance of the amounts involved and as the determination of recoverable value for impairment assessment involves significant management judgment.</p> <p>Refer Notes No. 3.17(f), 6, 16, 29 and 39 to the standalone financial statements.</p>
	How our audit addressed the Key Audit Matter
	<p>Our audit procedures for assessment of investments included the following :</p> <ul style="list-style-type: none"> ➤ Obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's controls over impairment assessment of its investments in subsidiaries / associates. ➤ Evaluated the Company's process regarding impairment assessment in assessing the appropriateness of the impairment model including an independent assessment of the underlying assumptions relating to discount rate, terminal value etc. ➤ Assessed the carrying value of the investment in subsidiaries / associate, (other than investment in the subsidiary company) to determine whether the valuations made by the Company were within an acceptable range and reasonable. ➤ Checked the mathematical accuracy of the computations and agreed relevant data back to actual past results and other supporting documents. ➤ Assessed the Company's sensitivity analysis and evaluated whether any reasonably foreseeable change in assumptions could lead to impairment. ➤ Discussed with their auditors (wherever applicable) to develop an understanding of the operating performance and outlook used in their own valuation model and to assess consistency with the assumptions used in the model. ➤ Evaluated the adequacy of the disclosures made in the standalone financial statements. <p>Based on the above procedures performed, we did not identify any exceptions in the management's assessment in relation to the carrying value of investments in subsidiaries / associate (other than investment in the subsidiary Company).</p>

Information Other than Financial Statements and Auditor's Report Thereon

The Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholders' Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Standalone Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act read with relevant Rules issued thereunder. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation

and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and the Board of Directors.
- Conclude on the appropriateness of management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we are required to determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We draw attention to Notes No. 16.1 to 16.5 to the standalone audited financial results which describe the transfer / divestment of entire stake of the Company in Anjani Tiles Limited, a subsidiary of the Company, consisting of Equity and Preference shares as under:

- 16.1 Pursuant to the Resolution passed at the Board Meeting held on 5th August, 2021 for consideration of the proposal and in principle approval for divestment of the Company's entire stake in Anjani Tiles Limited, a subsidiary company, a Memorandum of Understanding (MOU) was executed on 17th August, 2021 by and amongst Cera Sanitaryware Limited (Cera), Anjani Vishnu Holdings Ltd (AVHL) (Joint Venture Partner and Acquirer Company) and Anjani Tiles Limited (ATL) (Subsidiary Company) for the transfer / divestment of entire stake in Anjani Tiles Limited, consisting of 1,02,00,000 Equity shares of ₹ 10/- each and 2,42,30,000 1% Cumulative Redeemable Preference shares of ₹ 10/- each on a fully diluted basis, for a total consideration of ₹ 2,869.20 Lakhs.
- 16.2 The Company, AVHL and ATL also entered in to Share Purchase Agreement (SPA) dated 26th August, 2021 pursuant to which the Company agreed to sell all the Equity and Preference Shares held by it in ATL to AVHL.

Standalone Financial Statements

- 16.3 Total consideration as referred above, will be received by the Company in one or more tranches, beginning from 30th September, 2021 and completing on 31st March, 2023 through an escrow mechanism and as per the Payment Schedule set out in the MOU. Accordingly, the first tranche of ₹ 643.00 Lakhs has been received on 28th September, 2021 from the Acquirer Company and 64,30,000 Preference Shares of ATL have been transferred (off market) to AVHL on 29th September, 2021.
- 16.4 Further, pursuant to the MOU and SPA, the Share Escrow Agreement was executed by the Company, AVHL and ATL with Federal Bank Ltd. (Escrow Agent) jointly on 23rd November, 2021. Both Cera and AVHL have transferred their respective entire Equity shareholding and their respective balance Preference shareholding to the Escrow Account in January, 2022 with lien marked in favour of the Escrow Agent.
- 16.5 Company's shareholdings in Equity and Preference shares in ATL have been presented as Non-current Assets classified as Held for Sale as on 31st March, 2022 as per Indian Accounting Standard - 105 - "Non-current Assets Held for Sale and Discontinued Operations", measured at the lower of its carrying amount and fair value less costs to sell in respect of Equity shares and at fair value in respect of Preference shares as at 31st March, 2022. The impairment loss of ₹ 573.80 Lakhs on Equity Shares (Preference shares to be transferred at fair value which is equivalent to carrying amount) due to above arrangements has been recognised in the Statement of Profit and Loss as Exceptional Item.

Our report is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, based on our audit we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows (the standalone financial statements) dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
- (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- (g) With respect to the matter to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31st March, 2022 on its financial position in its standalone financial statements – Refer Note No. 45 to the standalone financial statements.
 - ii. According to the information and explanations provided to us, the Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Company's Management and the Board of Directors have represented that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Company's Management and the Board of Directors have represented, that, to the best of their knowledge and belief, no funds have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material misstatement.
- v. (a) The dividend declared or paid during the year by the Company is in compliance with section 123 of the Companies Act, 2013.
- (b) The Board of Directors of the Company have proposed final dividend and special dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act as applicable.

ANNEXURE-A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of **CERA SANITARYWARE LIMITED** of even date for the year ended 31st March, 2022)

Based on the audit procedures performed by us for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations provided to us by the Company and the books of account and other records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (1) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
- (a) **(A)** The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
 - (B)** The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a regular program of physical verification of its property, plant and equipment by which the property, plant and equipment are verified in a phased manner. In our opinion, the periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification during the year.
- (c) The title deeds of all immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements under the head "Property Plant and Equipment", are held in the name of the Company.
- (d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (2) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The Company has maintained proper records of inventory. In our opinion, the coverage and procedure of such verification by the management is appropriate. The discrepancies noticed on verification between the physical stock and the book records were less than 10% in the aggregate for each class of inventory as stated in the financial statements. Such discrepancies have been properly dealt with in the books of account.
- (b) During the year the Company has been sanctioned working capital limits in excess of rupees five crore, in aggregate, from State Bank of India on the basis of security of current assets. The quarterly returns / statements filed by the Company with State Bank of India are in agreement with the books of account of the Company.
- (3) (a) During the year, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties and hence reporting under clauses 3(iii)(a), (c), (d), (e) and (f) of the Order are not applicable for the year under report.
- (b) In our opinion, the investments made during the year are, prima facie, not prejudicial to the Company's interest.
- (4) In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 with respect to the investments made. The Company has not given any loans, provided any guarantee or security during the year.

- (5) The Company has not accepted any deposits from the public within the meaning of the directives issued by the Reserve Bank of India, provisions of Sections 73 to 76 of the Act, or any other relevant provisions of the Act and the rules framed thereunder. Hence reporting under clause 3(v) of the Order is not applicable.
- (6) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under section 148(1) of the Companies Act, 2013 and are of the opinion that prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate and complete.
- (7) (a) The Company has generally been regular in depositing undisputed statutory dues including Goods and Service Tax, provident fund, employees' state insurance, income-tax, sales tax, value added tax, duty of customs, duty of excise, service tax, cess and any other statutory dues, as applicable, to the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year end for a period of more than six months from the date they became payable.
- (b) The Statutory dues of income-tax, sales-tax, service-tax, duty of customs, duty of excise, value added tax and GST (as applicable) which have not been deposited as at 31st March, 2022 on account of any dispute, are given below:

Sr. No.	Name of Statute	Nature of Dues	Amount (₹ in Lakhs)	Period to which the amount relates (F.Y.)	Forum where dispute is Pending
1	Income Tax Act, 1961	Income Tax	29.38	2017-18	CIT-Appeals
2	Income Tax Act, 1961	Income Tax	690.65	2016-17	CIT-Appeals
3	Income Tax Act, 1961	Income Tax	680.38	2015-16	CIT-Appeals
4	Central Excise Act, 1944	Central Excise	2.77	1991-92	Supreme Court
5	Central GST and Central Excise Act, 1944	Service Tax	75.31	2014-15, 2015-16 and 2016-17	Tribunal Appeal in the process of being filed
6	Punjab Value Added Tax Act 2005, (VAT) Chandigarh	Central Sales Tax and Value Added Tax	10.24	2010-11	The Deputy Excise and Taxation Commissioner (Appeal) Chandigarh
7	Central Sales tax Act 1956, Delhi	Central Sales tax	23.05	2016-17	Department of Trade and Taxes, Delhi (Appeal)

- (8) There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (9) (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or other lender.
- (c) The Company has not taken any term loans during the year and there are no outstanding term loans at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable for the year under report.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associate or joint ventures and hence, reporting under clause 3(ix)(e) of the Order is not applicable for the year under report.
- (f) The Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, associate or joint ventures and hence, reporting on clause 3(ix)(f) of the Order is not applicable for the year under report.
- (10) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence, reporting under clause 3(x)(a) of the Order is not applicable to the Company for the year under report.
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) and hence, reporting under clause 3(x)(b) of the Order is not applicable for the year under report.
- (11) (a) No fraud by the Company or any fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) No whistle blower complaints were received by the Company during the year.
- (12) The Company is not a Nidhi Company. Accordingly, provisions of paragraph 3(xii) (a), (b) and (c) of the Order are not applicable.
- (13) In our opinion and according to the information and explanations given to us, the Company is in compliance with Sections 177 and 188 of Companies Act, 2013 where applicable, in respect of all transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable Indian Accounting Standards.
- (14) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company, in determining the nature, timing and extent of our audit procedures.
- (15) In our opinion, the Company has not entered into any non-cash transactions with directors or persons connected with them, covered under section 192 of the Companies Act, 2013. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company for the year under report.

- (16) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi)(a), (b) and (c) of the Order is not applicable to the Company.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (17) The Company has not incurred cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- (18) There has been no resignation of the statutory auditors of the Company during the year.
- (19) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (20) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) In our opinion, there are no ongoing projects towards Corporate Social Responsibility (CSR) requiring a transfer to special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.
- (21) Our reporting on the matters specified in paragraphs 3(xxi) and 4 read with the proviso to paragraph (2) of the Companies (Auditor's Report) Order, 2020, has been made in paragraph (2) of Other Legal and Regulatory Requirements section of our Auditor's Report on the consolidated audited financial statements.

ANNEXURE-B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under "Report on Other Legal and Regulatory Requirements" section of our report to the Members of **CERA SANITARYWARE LIMITED** of even date for the year ended 31st March, 2022)

Independent Auditor's Report on the Internal Financial Controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the standalone financial statements of **CERA SANITARYWARE LIMITED** ('the Company'), as of and for the year ended 31st March 2022, we have audited the internal financial controls with reference to the standalone financial statements of the Company as of that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to the standalone financial statements and such internal financial controls were operating effectively as at 31st March, 2022, based on the internal financial controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to the standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable

Standalone Financial Statements

assurance about whether adequate internal financial controls with reference to the standalone financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the standalone financial statements.

Meaning of Internal Financial Controls with Reference to the Standalone Financial Statements

A Company's internal financial controls with reference to the standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to the standalone financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with Reference to the Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to the standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to the standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Significant Accounting Policies and other Explanatory Information to the Standalone Financial Statements for the Financial Year ended 31st March, 2022

1. Corporate Information

Cera Sanitaryware Limited (the "Company") is a public limited company domiciled in India having its registered office situated at 9, GIDC Industrial Estate, Kadi – 382715, Dist. Mehsana, Gujarat, India. The Company was incorporated on 17th July, 1998, under the provisions of the Companies Act, 1956 applicable in India and its equity shares are listed on the National Stock Exchange of India Limited (NSE) and BSE Limited. The Company is engaged in the business of manufacturing, selling and trading of building products and is having non-conventional wind & solar power for captive use in the State of Gujarat.

2. Basis of Preparation

2.1 Statement of Compliance with Ind AS.

The Standalone Financial Statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and the subsequent amendments from time to time, notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

These Standalone Financial Statements of the Company as at and for the year ended 31st March, 2022 (including comparatives) were approved and authorised for issue by the Board of Directors of the Company on 10th May, 2022.

2.2 Functional and Presentation Currency

These Standalone Financial Statements are presented in Indian Rupees (INR), which is also a functional currency. All the values have been rounded off to the nearest lakh, unless otherwise indicated.

2.3 Basis of Measurement

These Standalone Financial Statements have been prepared on a historical cost convention except certain financial assets and liabilities which are measured at fair value as under:-

Items	Measurement Basis
Investment in Mutual Funds	Fair Value
Employee Defined Benefit Plans	Plan Assets measured at fair value less present value of defined benefit obligation
Certain Financial Assets and Liabilities (including Derivative Instruments)	Fair Value
Non-current Assets classified as held for sale	Lower of carrying amount and fair value less costs to sell

3. Significant Accounting Policies

3.1 Property, Plant and Equipment

(a) Tangible Assets

[i] Recognition and Measurement

Items of property, plant and equipment are measured at cost, which include capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price (after deducting trade discounts and rebates), including import duties and non-refundable purchase taxes, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use, and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss following the principles of Ind AS 115 "Revenue from Contracts with Customers".

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

[iii] Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

[iv] Research and Development Cost

Research and Development Costs that are in the nature of tangible assets and are expected to generate probable future economic benefits are capitalised as tangible assets. Revenue expenditure on research and development is charged to the Statement of Profit and Loss in the year in which it is incurred.

[v] Depreciation/Amortization

Depreciation is calculated on cost of items of property, plant and equipment (other than freehold land and properties under construction) less their estimated residual values over their estimated useful lives using the straight-line method in respect of plant and machinery and electric plant and installation and using the written down value method in respect of other assets. Depreciation is generally recognised in the Statement of Profit and Loss.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013 except on following assets, where useful life has been taken based on external / internal technical evaluation as under:

Particulars	Useful Life
Fit outs & other display assets at sales outlets	3 years
Other Buildings on leased premises	10 years

The residual values are not more than 5% of the original cost of the asset.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets. The useful lives of the Company's Plant and Equipments are considered on the basis of continuous process plant.

Depreciation on additions (disposals) is provided on a pro rata basis that is from (upto) the date on which asset is ready for use (disposed of).

(b) Capital work-in-progress

Projects under commissioning and other Capital work-in-progress are carried at cost comprising of direct and indirect costs, related incidental expenses and attributable interest. Depreciation on Capital work-in-progress commences when assets are ready for their intended use and transferred from Capital work-in-progress Group to Tangible Fixed Assets Group.

(c) Intangible Assets**[i] Initial Recognition and Classification**

Intangible assets including those acquired by the Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

[iii] Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over the estimated useful lives using the written down value method and is included in Depreciation and Amortisation expense in the Statement of Profit and Loss. The estimated useful lives of computer software are considered not exceeding three years. Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted, if appropriate.

[iv] Derecognition

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset.

[v] Intangible Assets under Development

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible Assets under Development".

(d) Impairment of Non Financial Assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.2 Borrowing Costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred and reported in finance costs.

3.3 Operating Cycle

Based on the nature of products/activities of the Company and the normal time between purchase of raw materials and their realisation in cash or cash equivalents, the Company has determined its operation cycle within 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.4 Current versus Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset / liability is treated as current when it is:-

- * Expected to be realised or intended to be sold or consumed or settled in normal operating cycle.
- * Held primarily for the purpose of trading.
- * Expected to be realised / settled within twelve months after the reporting period, or
- * Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- * There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.5 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, wherever considered necessary. The cost of inventories comprises of all costs of purchase, costs of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition. Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses.

The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products.

Excess/ shortages, if any, arising on physical verification are absorbed in the respective consumption accounts.

3.6 Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

3.7 Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

3.8 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed in the case of:

- * a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- * a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed in the Financial Statements.

3.9 Earnings Per Share

Basic earnings per equity share is calculated by dividing the net profit after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

3.10 Foreign Currency Transactions and Translations

Initial Recognition

The Company's financial statements are presented in INR, which is also the Company's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

In case of advance receipts/payments in a foreign currency, the spot exchange rate to use on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, shall be the date when an entity has received or paid advance consideration in a foreign currency.

Measurement at the Balance Sheet Date

Foreign Currency monetary items of the Company, outstanding at the Balance Sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each Balance Sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

3.11 Revenue from Contracts with Customers

The Company recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Further, the Company evaluates the performance obligations being distinct to enable separate recognition and can impact timing of recognition of certain elements of multiple element arrangements.

Revenue arises from sale of goods and rendering of services.

Sale of Goods

Most of the Company's revenue is derived from selling goods with revenue recognised at a point in time when control of the goods is transferred to the customer and retains none of the significant risks and rewards of the goods in question.

The Company recognises revenue from the sale of goods measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

As per Ind AS 115, the Company determines whether there is a significant financing component in its contracts. However, the Company has decided to use practical expedient provided in Ind AS 115 and not to adjust the promised amount of consideration for the effects of a significant financing components in the contracts, where the Company expects, at contract inception that the period of completion of contract terms are one year or less. Therefore, for short-term advances, the company does not account for a financing component. No long-term advances from customers are generally received by the Company.

The Company provides retrospective volume rebates to its customers on products purchased by the customer once the quantity of products purchased during the period exceeds a threshold specified in the contract. Retrospective volume rebates give rise to variable consideration. To estimate the variable consideration, the Company considers that the most likely amount method better predicts the amount of variable consideration.

The Company provides for warranties for general repairs and replacement which will be assurance-type warranties under Ind AS 115, which will continue to be accounted for under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets, consistent with its current practice.

Rendering of Services

The Company is rendering after sales services for its sold products. The after sales services is rendered against independent contracts with customers or against assurance type warranty for goods sold. Revenue from sale of services is recognised at an amount entitled in exchange for transferring services at a point in time to a customer.

Interest and Dividends and Other Income

Interest income and expenses are reported on an accrual basis using the effective interest method. Dividends are recognised at the time the unconditional right to receive payment is established. Other income is recognised on accrual basis except where the receipt of income is uncertain.

3.12 Exceptional Items

An item of income or expense which by its size, nature, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and disclosed as such in the financial statements.

3.13 Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Effective 1st April, 2019, the Company adopted Ind AS 116 "Leases", applied to all lease contracts existing on 1st April, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application.

Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. The Company uses significant judgement in assessing the lease term

(including anticipated renewals) and the applicable discount rate. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term and useful life of the underlying asset. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. Further, refer Note No. 43, classification of leases and other disclosures relating to leases.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

3.14 Employee Benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined Contribution Plans

The Company's contribution to provident fund and pension fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees. The Company has no legal or constructive obligation to pay contribution in addition to its fixed contribution.

Defined Benefit Plans

The Company operates a defined benefit Gratuity Plan with approved Gratuity Fund and contributions are made to a separately administered approved Gratuity Fund. For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using 'the Projected Unit Credit method', with actuarial valuations being carried out at each Balance Sheet date. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to the Statement of Profit and Loss in subsequent periods. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Short-term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include salaries, wages, performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term Employee Benefits

Compensated absences and other benefits like gratuity which are allowed to be carried forward over a period in excess of 12 months after the end of the period in which the employee renders the related service are recognised as a non-current liability at the present value of the defined benefit obligation as at the Balance Sheet date out of which the obligations are expected to be settled.

3.15 Taxes on Income

Income tax comprises Current and Deferred Tax. It is recognised in the Statement of Profit or Loss except to the extent that it relates to business combination or to an item recognised directly in equity or in other comprehensive income.

(a) Current Tax

Current income tax assets and / or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or

loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(b) **Deferred Tax**

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax liabilities are generally recognised in full.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the Balance Sheet date.

Tax relating to items recognised directly in equity / other comprehensive income is recognised in respective head and not in the Statement of Profit & Loss.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.16 Equity, Reserves and Dividend Payments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

Dividend distribution (including interim dividend) to equity shareholders is accounted for in the year of actual distribution.

3.17 Significant Judgments, Estimates and Assumptions

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgments, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) **Impairment of Non-financial Assets**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. The calculations are corroborated by valuation multiples, quoted share prices for publicly traded securities or other available fair value indicators.

(b) **Estimation of Defined Benefit Obligations**

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(c) **Fair Value Measurement of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active market, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) **Estimation of Current Tax and Deferred Tax**

Management judgment is required for the calculation of provision for income – taxes and deferred tax assets and liabilities. The Company reviews at each Balance Sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to adjustment to the amounts reported in the financial statements.

(e) **Impairment of Financial Assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected credit loss rates (ECL). The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(f) **Impairment of Investments in Subsidiaries, Joint Ventures and Associates**

The Company reviews its carrying value of investments carried at cost (net of impairment, if any) annually. If the estimated recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

3.18 Fair Value Measurement

The Company measures financial instruments such as investments in mutual funds, certain other investments etc. at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- * Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- * Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- * Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.19 Financial Instruments

I. Financial Assets

(a) **Initial Recognition and Measurement**

All financial assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset, which are not at fair value through profit and loss, are added to fair value on initial recognition. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(b) **Subsequent Measurement**

[i] **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

[ii] **Financial assets at fair value through Other Comprehensive Income (FVOCI)**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through Profit or Loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through Statement of Profit and Loss.

(c) Impairment of Financial Assets

The Company assesses on a forward looking basis the Expected Credit Losses (ECL) associated with its assets measured at amortised cost and assets measured at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Derecognition of Financial Assets

A financial asset is derecognised when:

- * The Company has transferred the right to receive cash flows from the financial assets or
- * Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company transfers the financial asset, it evaluates the extent to which it retains the risk and rewards of the ownership of the financial assets. If the Company transfers substantially all the risks and rewards of ownership of the financial asset, the Company shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. If the Company retains substantially all the risks and rewards of ownership of the financial asset, the Company shall continue to recognise the financial asset.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of the ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial assets. Where the Company retains control of the financial assets, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial Liabilities**Initial Recognition and Subsequent Measurement**

All financial liabilities are recognised initially at fair value and in case of borrowings and payables, net of directly attributable cost.

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

III. Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may vary from actual realization on future date.

IV. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

V. Investment in Subsidiaries, Joint Ventures and Associates

The Company has accounted for its investment in subsidiaries, joint ventures and associates at cost less impairment loss, if any.

3.20 Non-current Assets classified as held for Sale

Non-current assets (or disposal group) are classified as held for sale if the carrying amount of assets will be recovered principally through a sale transaction rather than through continuing use.

Non-current assets (or disposal group) are classified as held for sale, when the asset (or disposal group) is available for immediate sale in its present condition and its sale must be highly probable. For the sale to be highly probable, the management must be committed to a plan to sell the asset (or disposal group) and an active programme to locate buyer and complete plan must have been initiated. In addition, the sale should be completed within 1 year from the date of classification.

Upon classification, non-current assets (or disposal group) held for sale are measured at the lower of carrying amount and fair value less costs to sell.

3.21 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA notified the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April, 2022, as below:

I. Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired, and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

II. Ind AS 16 – Proceeds before intended use

The amendments specify that the excess of net sale proceeds of items produced while the Company is preparing the asset for its intended use over its cost of testing, if any, shall not be recognized in the profit or loss but shall be deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

III. Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification, and the Company does not expect the amendment to have any significant impact in its financial statements.

IV. Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

V. Code on Social Security

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment had released draft rules for the Code on Social Security, 2020 on 13th November, 2020, and invited suggestions from stakeholders which are under consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified. The Company will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

Nature and purpose of Other Reserves**(a) Securities Premium**

Securities Premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

(b) General Reserve

General Reserve is created out of profit after tax earned by the Company by way of transfer from surplus in the statement of profit and loss. The Company can use this Reserve for payment of dividend and issue of fully paid-up shares. As General Reserve is created by transfer of one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be subsequently reclassified to statement of profit and loss.

Note :

33.1 As per Ind AS 19 "Employee Benefits", the disclosures of employee benefits as defined in the Indian Accounting Standard are given below:

Defined Contribution Plan :

The Company's Contribution to provident fund and pension fund is considered as Defined Contribution Plan and is recognised as expenses for the year.

Defined Benefit Plan :

The Company operates a Defined Benefit Gratuity plan with approved Gratuity Fund and contributions are made to a separately administered approved Gratuity Fund. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation for leave encashment is recognized as expense for the year.

Gratuity :

The benefits are governed by the Payment of Gratuity Act, 1972. The key features are as under :

Plan Features	
Benefits offered	(15 / 26) x (Salary) x (Duration of Service in years)
Salary definition	Last drawn qualifying Salary
Benefit ceiling	Without limit
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon death or disability or retirement
Retirement age	60 years

Leave Encashment : The benefits are governed by the Company's Leave Policy.

Key Features

Salary for Encashment	As per rules of the Company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	As per rules of the Company
Benefit Formula	(1/30) x (Basic Salary) x (Leave Days)
Leave Denominator	Employee 30
Leave Credited Annually	Employee 30
Retirement age	60 years

Risks associated to the Plan (Gratuity and Leave Encashment)

A. Actuarial Risk	Risks due to adverse salary growth / Variability in mortality and withdrawal rates.
B. Investment Risk	Risks due to significant changes in discounting rate during the inter-valuation period.
C. Liquidity Risk	Risks on account of Employees resignation / retirement from the company, resulting into strain on the cashflow.
D. Market Risk	Risks related to changes and fluctuations of the financial markets and assumptions depend on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
E. Legislative Risk	Risks of increase in the plan liabilities or reduction in plan assets due to change in legislation.

Funding arrangements and funding policy :

Gratuity liability is funded whereas leave Benefits Liability is not funded. There are no minimum funding requirements for Leave benefits plans in India and there is no compulsion on the part of the Company to fully pre fund the liability. The Company has purchased an insurance policy to partly provide for payment of gratuity to the employees. The trustees of the plan also make investments in Central / State Govt. securities, high quality Corporate bonds , special deposit scheme etc., as per rules and regulations. Every year , the actuary carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

Amounts for the current and previous years are as follows

Company's estimate of Contributions expected to be paid during Financial Year 2022-23 is as under:

(i) Defined Contribution Plan :	
(a) Employer's contribution to Provident Fund	12% of Basic Salary
(ii) Defined Investment Plan :	
(a) Gratuity	200.31
(b) Leave Encashment	-

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of plan assets held, assessed risks, historical results of return on plan assets and the Company's policy for plan assets management.

Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31st March, 2022, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (31st March, 2021: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Note – 40 : FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**Overview:**

The Company's Risk Management framework encompasses practices relating to the identification, analysis, evaluation, treatment, mitigation and monitoring of the strategic, external and operational controls risks to achieving the Company's business objectives. It seeks to minimize the adverse impact of these risks, thus enabling the Company to leverage market opportunities effectively and enhance its long-term competitive advantage. The focus of risk management is to assess risks and deploy mitigation measures.

The Company's activities expose it to variety of financial risks namely market risk, credit risk and liquidity risk. The Company has various financial assets such as deposits, trade and other receivables and cash and bank balances directly related to the business operations. The Company's principal financial liabilities comprise of trade and other payables. The Company's senior management's focus is to foresee the unpredictability and minimize potential adverse effects on the Company's financial performance. The Company's overall risk management procedures to minimize the potential adverse effects of financial market on the Company's performance are outlined hereunder:

The Company's Board of Directors have overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management is carried out by the management in consultation with the Board of Directors and the Risk Management Committee. They provide principles for overall risk management, as well as policies covering specific risk areas.

The note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Credit Risk:

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and from its financial activities including deposits with banks and other financial instruments. The Company establishes an impairment allowance based on Expected Credit Loss model that represents its estimate of incurred losses in respect of trade and other receivables, advances and investments.

(i) Trade Receivables:

The Company extends credits to customers in normal course of the business. The Company considers the factors such as credit track record in the market of each customer and past dealings for extension of credit to the customers. The Company monitors the payment track record of each customer and outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located at several jurisdictions and industries and operate in large independent markets. The Company also takes advances and security deposits from customers which mitigate the credit risk to an extent.

The average credit period taken on sales of goods is 30 to 60 days. Generally, no interest has been charged on the receivables. Allowances against doubtful debts are recognised against trade receivables based on estimated irrecoverable amounts determined by reference to past default experience of the counterparty and an analysis of the counterparty's current financial position.

Before accepting any new customer, the Company uses an internal credit system to assess the potential customer's credit quality and defines credit limit of customer. Limits attributed to customers are reviewed periodically. There are no customers who represent more than 5 per cent of total net revenue from operations.

The Company generally does not hold any collateral or other credit enhancements over any of its trade receivables excepting a small amount in the nature of security deposits from its dealers, nor does it have a legal right of offset against any amounts owed by the Company to the counterparty.

Expected Credit Loss (ECL):

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for internal and external information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)
0-3 months	Nil
3-6 months	Nil
6-12 months	Nil
Beyond 12 months	10 to 25

3-6 months	-	-
6-12 months	-	-
Beyond 12 months	1,279.88	945.53

(ii) Cash and cash equivalents and short-term investments:

The Company considers factors such as track record, size of institution, market reputation and service standard to select the banks with which deposits are maintained. The Company does not maintain significant deposit balances other than those required for its day to day operations. Credit risk on cash and cash equivalents is limited as these are generally held or invested in deposits with banks and financial institutions with good credit ratings.

(B) Liquidity Risk:

Liquidity risk is the risk that the Company will face in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The Company's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure that it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities so that it does not breach borrowing limits.

The table below provides undiscounted cash flows towards non-derivative financial assets/ (liabilities) into relevant maturity based on the remaining period at the Balance Sheet date to the contractual maturity date and where applicable, their effective interest rates.

(C) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks : foreign currency risk, interest risk and other price risk such as commodity risk.

(i) Foreign Currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates and arises where transactions are done in foreign currencies. It arises mainly where receivables and payables exist due to transactions entered in foreign currencies. The Company evaluates exchange rate exposure arising from foreign currency transactions and follows approved policy parameters utilizing forward foreign exchange contracts whenever felt necessary. The Company does not enter into financial instrument transactions for trading or speculative purpose.

The Company transacts business primarily in Indian Rupees, USD, Euro and GBP. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. Certain transactions of the Company act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Company adopts a policy of selective hedging based on risk perception of the management.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Currency	(in lakhs)	
		As at 31 st March, 2022	As at 31 st March, 2021

Sensitivity Analysis:

The following table demonstrates the sensitivity of profit and equity in USD, Euro and GBP to the Indian Rupee with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

(₹ in lakhs)

This is mainly attributable to the exposure outstanding on foreign currency receivables and payables in the Company at the end of each reporting period.

(ii) Interest Rate Risk:

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debts having floating rate of interest. Its objective in managing its interest rate risk is to ensure that it always maintains sufficient headroom to cover interest payment from anticipated cashflows which are regularly reviewed by the Board. However, the risk is very low due to negligible borrowings by the Company.

The Company's non-current borrowings from banks are Nil as at 31st March, 2022 and 31st March, 2021 respectively. Other non-current financial liabilities have fixed rate of interest where the risk of changes in the interest rates is almost nil. As a result, the sensitivity affecting the profit before tax due to the Company's exposure to the risk of changes in market interest rates is almost nil.

(iii) Commodity Risk:

The Company is exposed to the movement in the price of key raw materials and other traded goods in the domestic and international markets. The Company has in place policies to manage exposure to fluctuation in prices of key raw materials used in operations. The Company enters into contracts for procurement of raw materials and traded goods, most of the transactions are short term fixed price contracts and a few transactions are long term fixed price contracts.

Capital Management:

The Company manages its capital to be able to continue as a going concern while maximising the returns to shareholders through optimisation of the debt and equity balances. The capital structure consists of debt which includes the borrowings as disclosed in Note 22, cash and cash equivalents and current investments and equity attributable to equity holders of the Company, comprising issued share capital, reserves and retained earnings as disclosed in the Statement of Changes in Equity. For the purpose of calculating gearing ratio, debt is defined as non current and current borrowings (excluding derivatives). Equity includes all capital and reserves of the Company attributable to equity holders of the Company. The Company is not subject to externally imposed capital requirements. The Board reviews the capital structure and cost of capital on an annual basis but has not set specific targets for gearing ratios. The risks associated with each class of capital are also considered as part of the risk reviews presented to the Audit Committee and the Board of Directors.

42.1 All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is insignificant to the fair value measurements as a whole.

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3 : valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

There have been no transfers between Level 2 and Level 3 during the period.

42.2 The management assessed that fair value of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amounts at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Standalone Financial Statements

42.3 The Company determines fair values of financial assets or liabilities by discounting the contractual cash inflows / outflows using prevailing interest rates of financial instruments with similar terms. The initial measurement of financial assets and financial liabilities is at fair value.

42.4 The fair value of investments in mutual funds is determined using net assets value of the funds. Further, the subsequent measurements of all assets and liabilities (other than investments in mutual funds) is at amortised cost, using effective interest rate method.

42.5 The following methods and assumptions were used to estimate the fair values:

- The fair value of the Company's interest bearing borrowings are determined using discount rate that reflects the entity's discount rate at the end of the reporting period. The own non-performance risk as at the reporting period is assessed to be insignificant.
- The fair value of unquoted instruments and other financial assets and liabilities is estimated by discounting future cash flows using rates currently applicable for debt on similar terms, credit risk and remaining maturities.

Independent Auditor's Report

To,
The Members of Cera Sanitaryware Limited

Report on the Audit of the Consolidated Financial Statements**Opinion**

We have audited the accompanying consolidated financial statements of **CERA SANITARYWARE LIMITED** (hereinafter referred to as the "Holding Company") and its Subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its associate, which comprise the Consolidated Balance Sheet as at 31st March, 2022, and the Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs (consolidated financial position) of the Group as at 31st March, 2022, the consolidated profit (consolidated financial performance including consolidated other comprehensive income), consolidated changes in equity and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountant of India ("ICAI") together with the ethical requirements that are relevant to our audit of consolidated financial statements under the provision of the Act and the Rules made thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide separate opinion on these matters. We have determined the matter described below as the key audit matter to be communicated in our report.

Sr. No	Allowance for Expected Credit Losses (ECL) in respect of Trade Receivables and Capital Advances
1.	<p>The Group has made provision for Expected Credit Losses in respect of trade receivables aggregating to ₹ 1,279.88 lakhs and that of capital advances aggregating to ₹ 328.24 lakhs up to 31st March, 2022 as against the gross doubtful / litigated amounts in respect of trade receivables of ₹ 2,282.23 lakhs and capital advances of ₹ 468.91 lakhs. These are based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Group considered current and anticipated future economic conditions relating to entities the Group deals with. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID-19. The Group has also determined allowance for ECL based on the information available with the Legal department of the respective entities in the Group.</p> <p>We identified allowance for credit losses as a key audit matter because the Group exercises significant judgement in calculating the expected credit losses.</p> <p>Refer Notes No. 8, 11, 38 and 42 to the consolidated financial statements.</p>
	<p>How our audit addressed the Key Audit Matter</p> <p>Our Audit procedures related to the allowance for expected credit losses for trade receivables and capital advances included the following, among others:</p> <p>We tested the effectiveness of controls over the:</p> <ul style="list-style-type: none"> ➤ Development of the methodology and model for the allowance for credit losses, including consideration of the current and estimated future economic conditions; ➤ Completeness and accuracy of information used in the estimation of probability of default; and ➤ Computation of the allowance for credit losses. ➤ For a few customers, we tested the input data such as credit reports, past history of dealings with them and other credit related information used in estimating the probability of default by comparing them to external and internal source of information. ➤ We carried out detailed analysis of balances of trade receivables and capital advances, (i) where no legal actions have been taken so far by the Group and the reasons therefor, (ii) where legal actions have been taken and the allowance for ECL has been partially / fully made and considered the reasons therefor and (iii) where legal actions have been taken but no allowance for ECL has been made and the reasons therefor. ➤ Assessed the adequacy of allowance for ECL recorded and evaluated disclosures in the consolidated financial statements in relation to these items. ➤ Verified Balance Confirmations directly received by us from few selected trade receivables of the Holding Company and also examined reconciliations / discrepancies, if any. ➤ We also reviewed the internal auditor's report for the history and current scenario of a few customers of the Holding Company. ➤ We carried out analysis of those trade receivables where there is significant increase in credit risk and also reviewed the ageing of the trade receivables pertaining to current and immediately preceding years.

Information Other than Financial Statements and Auditor's Report Thereon

The Holding Company's management and the Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholders' Information, but does not include the consolidated financial statements, and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and the Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and the consolidated cash flows of the Group in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act read with the relevant Rules issued thereunder and other accounting principles generally accepted in India. The respective Management and Board of Directors of the entities included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each entity and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial results by the Management and the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial results, the respective Management and the Board of Directors of the entities included in the Group and of its associate, are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group and of its associate are also responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Companies Act, 2013 we are also responsible for expressing our opinion through a separate report on the complete set of consolidated financial statements on whether the entity has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial results made by the management and Board of Directors of the Holding Company.
- Conclude on the appropriateness of the management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial results, including the disclosures, and whether the consolidated financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results / financial information of the entities within the Group and its associate to express an opinion on the consolidated financial results. We are responsible for the direction, supervision and performance

of the audit of financial information of such entities included in the consolidated financial results of which we are the independent auditors. For the other entities included in the consolidated financial results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial results.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial results of which we are the independent auditors, regarding among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we are required to determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- 1) We draw attention to Note No. 16.4 to the consolidated audited financial results which describe the transfer / divestment of entire stake of the Holding Company in Anjani Tiles Limited, a subsidiary of the Holding Company, consisting of Equity and Preference Shares as under:
 - 16.4 (a) Pursuant to the Resolution passed at the Board Meeting of the Holding Company held on 5th August, 2021 for consideration of the proposal and in principle approval for divestment of the Holding Company's entire stake in Anjani Tiles Limited, a Memorandum of Understanding (MOU) was executed on 17th August, 2021 by and amongst Cera Sanitaryware Limited (Cera), Anjani Vishnu Holdings Ltd (AVHL) (Joint Venture Partner and Acquirer Company) and Anjani Tiles Limited (ATL) (Subsidiary Company) for the transfer / divestment of entire stake in Anjani Tiles Limited, consisting of 1,02,00,000 Equity shares of ₹ 10/- each and 2,42,30,000 1% Cumulative Redeemable Preference Shares of ₹ 10/- each on a fully diluted basis, for a total consideration of ₹ 2,869.20 Lakhs.
 - (b) Cera Sanitaryware Limited (Cera), AVHL and ATL also entered in to Share Purchase Agreement (SPA) dated 26th August, 2021 pursuant to which the Cera agreed to sell all the Equity and Preference Shares held by it in ATL to AVHL.
 - (c) Total consideration as referred above, will be received by the Holding Company in one or more tranches, beginning from 30th September, 2021 and completing on 31st March, 2023 through an escrow mechanism and as per the Payment Schedule set out in the MOU. Accordingly, the first tranche of ₹ 643.00 Lakhs has been received by the Holding Company on 28th September, 2021 from the Acquirer Company and 64,30,000 Preference Shares of ATL have been transferred (off market) to AVHL on 29th September, 2021.
 - (d) Further, pursuant to the MOU and SPA, the Share Escrow Agreement was executed by the Cera, AVHL and ATL with Federal Bank Ltd. (Escrow Agent) jointly on 23rd November, 2021. Both Cera and AVHL have transferred their respective entire Equity shareholding and their respective balance Preference shareholding to the Escrow Account in January, 2022 with lien marked in favour of the Escrow Agent.
 - (e) Assets and Liabilities of Anjani Tiles Limited have been presented as Assets classified as Held for Sale & Liabilities directly associated with assets classified as held for sale as on 31st March, 2022 as per Indian Accounting Standard - 105 - "Non-current Assets Held for Sale and Discontinued Operations". The impairment loss of ₹ 573.80 Lakhs on Equity Shares (Preference Shares to be transferred at fair value which is equivalent to carrying amount) due to above arrangements has been recognised in the Statement of Profit and Loss as Exceptional Item.
- 2) We did not audit the financial statements of 1 subsidiary, whose financial statements reflect total assets of ₹ 12,734.03 lakhs and net assets of ₹ 1,589.52 lakhs as at 31st March, 2022, total revenues of ₹ 10,192.26 lakhs and net cash outflow of ₹ 7.68 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 0.76 lakhs for the year ended 31st March, 2022, as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements have not been audited by us. These financial statements of 1 subsidiary and 1 associate have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of 1 subsidiary and 1 associate, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associate, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with regard to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- (1) As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements of one subsidiary, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary company covered under the Act, none of the directors of the Group covered under the Act, are disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Group's internal financial controls with reference to consolidated financial statements.
 - (g) With respect to the matter to be included in the Auditor's Report in accordance with the requirement of section 197(16) of the Act, as amended :

In our opinion and according to information and explanations given to us, the remuneration paid during the current year by the Holding Company and its subsidiary which is incorporated in India, to its directors is in accordance with the provisions of section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary which is incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries:
 - i. The consolidated financial statements disclose the impact of pending litigations as at 31st March, 2022 on the consolidated financial position of the Group as detailed in Note No.46 to the consolidated financial statements.
 - ii. The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.
 - iv.
 - (a) The respective Managements of the Holding Company and its subsidiary which is company incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiary to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The respective Managements of the Holding Company and its subsidiary which is company incorporated in India, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiary from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on the audit procedures that we have considered reasonable and appropriate in the circumstances performed by us on the Holding Company and its subsidiary which is company incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v.
 - (a) The dividend declared or paid during the year by the Holding Company is in compliance with section 123 of the Companies Act, 2013.

- (b) The Board of Directors of the Holding Company have proposed final dividend and special dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act as applicable.
- (2) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government of India in terms of Section 143(11) of the Act, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the companies included in the consolidated financial statements.

ANNEXURE-A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph (f) under "Report on Other Legal and Regulatory Requirements" section of our report to the Members of **CERA SANITARYWARE LIMITED** of even date for the year ended 31st March, 2022)

Independent Auditor's Report on the Internal Financial Controls with reference to the consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of **CERA SANITARYWARE LIMITED** ("the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries together referred to as "Group") as of and for the year ended 31st March 2022, we have audited the internal financial controls with reference to the consolidated financial statements of the Holding Company and its subsidiary company which is a company incorporated in India, as of that date.

In our opinion, the Holding Company and its subsidiary company, which is a company incorporated in India, have, in all material respects, adequate internal financial controls with reference to the consolidated financial statements and such internal financial controls were operating effectively as at 31st March, 2022, based on the internal financial controls with reference to the consolidated financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The respective Company's management and the Board of Directors of the Holding Company and its subsidiary company which is a company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to the consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the respective Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to the consolidated financial statements of the Holding Company and its subsidiary company as aforesaid, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to the consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to the consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the consolidated financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to the consolidated financial statements of the Holding Company and its Subsidiary Company, as aforesaid.

Meaning of Internal Financial Controls with Reference to the Consolidated Financial Statements

A Company's internal financial controls with reference to the consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in

Consolidated Financial Statements

accordance with generally accepted accounting principles. A Company's internal financial controls with reference to the consolidated financial statements includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with Reference to the Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Companies Act, 2013 on the adequacy and operating effectiveness of the internal financial controls with reference to the consolidated financial statements in so far as it relates to 1 subsidiary company which is a company incorporated in India, is based on the corresponding reports of the auditors on the audit of such company. Our opinion is not modified in respect of this matter.

2.1 Statement of Compliance with Ind AS.

The Consolidated Financial Statements of the Group are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and the subsequent amendments from time to time notified under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

These Consolidated Financial Statements of the Group as at and for the year ended 31st March, 2022 (including comparatives) were approved and authorised for issue by the Board of Directors of the Company on 10th May, 2022.

2.2 Functional and Presentation Currency

These Consolidated Financial Statements are presented in Indian Rupees (INR), which is also a functional currency. All the values have been rounded off to the nearest lakh, unless otherwise indicated.

2.3 Basis of Measurement

These Consolidated Financial Statements have been prepared on a historical cost convention except where certain financial assets and liabilities have been measured at fair value as under:-

Items	Measurement Basis
Investment in Mutual Funds	Fair Value
Employee Defined Benefit Plans	Plan Assets measured at fair value less present value of defined benefit obligation
Certain Financial Assets and Liabilities (including Derivative Instruments)	Fair Value
Assets classified as held for sale and Liabilities directly associated with assets classified as held for sale	Lower of carrying amount and fair value less costs to sell

2.4 Basis of consolidation

(i) The Consolidated Financial Statements incorporate the financial statements of the Parent Company and its subsidiaries. For this purpose, an entity which is, directly or indirectly, controlled by the Parent Company is treated as subsidiary. The Parent Company together with its subsidiaries constitute the Group. Control exists when the Parent Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

(ii) The Consolidated Financial Statements of the Group combines financial statements of the Parent Company and its subsidiaries line-by-line by adding together the like items of assets, liabilities, income and expenses. All intra-group assets, liabilities, income, expenses and unrealised profit/losses on intra-group transactions are eliminated on consolidation. The accounting policies of subsidiaries have been harmonised to ensure the consistency with the policies adopted by the Parent Company. The Consolidated Financial Statements have been presented to extent possible, in a same manner as Parent Company's Standalone Financial Statements.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests and have been shown separately in the financial statements.

(iii) Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned, directly or indirectly, by the Parent Company.

2.5 Investments in Joint Venture and Associates

When the Group has with other parties joint control of the arrangement and rights to the net assets of the joint arrangement, it recognises its interest as joint venture. Joint control exists when the decisions about the relevant activities require unanimous consent of the parties sharing the control. When the Group has significant influence over the other entity, it recognises such interests as associates. Significant

influence is the power to participate in the financial and operating policy decisions of the entity but is not control or joint control over the entity.

An investment in associate or joint venture is initially recognised at cost and adjusted thereafter to recognise the Group's share of profit or loss and other comprehensive income of the joint venture or associate. Gain or loss in respect of changes in other equity of joint ventures or associates resulting in dilution of stake in the joint ventures and associates is recognised in the Consolidated Statement of Profit and Loss.

When the Group's share of losses of an associate or a joint venture exceed the Group's interest in that associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates or joint venture.

3. Significant Accounting Policies

3.1 Property, Plant and Equipment

(a) Tangible Assets

[i] Recognition and Measurement

Items of property, plant and equipment are measured at cost, which include capitalised borrowing costs, less accumulated depreciation, and accumulated impairment losses, if any, except freehold land which is carried at historical cost.

Cost of an item of property, plant and equipment comprises its purchase price (after deducting trade discounts and rebates), including import duties and non-refundable purchase taxes, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

The cost of a self-constructed item of property, plant and equipment comprises the cost of materials and direct labour, any other costs directly attributable to bringing the item to working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in profit or loss following the principles of Ind AS 115 "Revenue from Contracts with Customers"

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

[iii] Derecognition

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of assets.

[iv] Research and Development Cost

Research and Development Costs that are in the nature of tangible assets and are expected to generate probable future economic benefits are capitalised as tangible assets. Revenue expenditure on research and development is charged to the Statement of Profit and Loss in the year in which it is incurred.

[v] Depreciation / Amortization

Depreciation is calculated on cost of items of property plant and equipment (other than freehold land and properties under construction) less their estimated residual values over their estimated useful lives using the straight line method in respect of plant and machinery, electric plant & installation and dies & moulds and using the written down value method in respect of other assets. Depreciation is generally recognised in the Statement of Profit and Loss.

Useful lives have been determined in accordance with Schedule II to the Companies Act, 2013 except on following assets, where useful life has been taken based on external / internal technical evaluation as under:

Particulars	Useful Life
Fit outs & other display assets at sales outlets	3 years
Dies and Moulds	3 years
Other Buildings on leased premises	10 years

The residual values are not more than 5% of the original cost of the asset.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted, if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets. The useful lives of the Parent Company's Plant and Equipments are considered on the basis of continuous process plant.

Depreciation on additions (disposals) is provided on a pro rata basis that is from (upto) the date on which asset is ready for use (disposed of).

(b) Capital work-in-progress

Projects under commissioning and other Capital work-in-progress are carried at cost comprising of direct and indirect costs, related incidental expenses and attributable interest. Depreciation on Capital work-in-progress commences when assets are ready for their intended use and transferred from Capital work-in-progress Group to Tangible Fixed Assets Group.

(c) Intangible Assets**[i] Initial Recognition and Classification**

Intangible assets including those acquired by the Parent Company are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortisation and any accumulated impairment losses.

[ii] Subsequent Expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures are recognised in profit or loss as incurred.

[iii] Amortization

Amortization is calculated to write off the cost of intangible assets less their estimated residual values over the estimated useful lives using the written down value method and is included in depreciation and amortisation expense in Statement of Profit and Loss. The estimated useful lives of computer software are considered not exceeding three years. Amortization method, useful lives and residual values are reviewed at the end of each financial year and adjusted, if appropriate.

[iv] Derecognition

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of asset.

[v] Intangible Assets under Development

Intangible assets not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under Development"

(d) Impairment of Non Financial Assets

The Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

An impairment loss is recognised if the carrying amount of an asset exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss.

In respect of assets for which impairment loss has been recognised in prior periods, the Group reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

3.2 Borrowing Costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition or construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of the respective asset until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred and reported in finance costs.

3.3 Operating Cycle

Based on the nature of products/activities of the Group and the normal time between purchase of raw materials and their realisation in cash or cash equivalents, the Group has determined its operation cycle within 12 months for the purpose of classification of its assets and liabilities as current and non-current.

3.4 Current versus Non-Current Classification

The Group presents assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset / liability is treated as current when it is:-

- * Expected to be realised or intended to be sold or consumed or settled in normal operating cycle.
- * Held primarily for the purpose of trading.
- * Expected to be realised / settled within twelve months after the reporting period, or
- * Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- * There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.5 Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, wherever considered necessary. The cost of inventories comprises of all costs of purchase, costs of conversion and other costs including manufacturing overheads incurred in bringing the inventories to their present location and condition. Cost of raw materials, stores and spares, packing materials, trading and other products are determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses. The net realisable value of work-in-progress is determined with reference to the selling prices of related finished products. Excess / shortages, if any, arising on physical verification are absorbed in the respective consumption accounts.

3.6 Cash and Cash Equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances, demand deposits with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value where original maturity is three months or less.

3.7 Cash Flow Statement

Cash flows are reported using the indirect method whereby the profit before tax is adjusted for the effect of the transactions of a non cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

3.8 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liability is disclosed in the case of:

- * a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation.
- * a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are neither recognised nor disclosed in the Financial Statements.

3.9 Earnings Per Share

Basic earnings per equity share is calculated by dividing the net profit after tax for the year attributable to equity shareholders of the Group by the weighted average number of equity shares outstanding during the year.

Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

3.10 Foreign Currency Transactions and Translations

Initial Recognition

The Group financial statements are presented in INR, which is also the Company's functional currency. Transactions in foreign currencies are recorded on initial recognition in the functional currency at the exchange rates prevailing on the date of the transaction.

In case of advance receipts / payments in a foreign currency, the spot exchange rate to use on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, shall be the date when an entity has received or paid advance consideration in a foreign currency.

Measurement at the Balance Sheet Date

Foreign Currency monetary items of the Group, outstanding at the Balance Sheet date are restated at the year-end rates. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Treatment of exchange difference

Exchange differences that arise on settlement of monetary items or on reporting at each Balance Sheet date of the Group monetary items at the closing rate are recognised as income or expenses in the period in which they arise.

3.11 Revenue from Contracts with Customers

The Group recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Further, the Group evaluates the performance obligations being distinct to enable separate recognition and can impact timing of recognition of certain elements of multiple element arrangements.

Revenue arises from sale of goods and rendering of services.

Sale of Goods

Most of the Group's revenue is derived from selling goods with revenue recognised at a point in time when control of the goods is transferred to the customer and retains none of the significant risks and rewards of the goods in question.

The Group recognises revenue from the sale of goods measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

As per Ind AS 115, the Group determines whether there is a significant financing component in its contracts. However, the Group has decided to use practical expedient provided in Ind AS 115 and not to adjust the promised amount of consideration for the effects of a significant financing components in the contracts, where the Group expects, at contract inception that the period of completion of contract terms are one year or less. Therefore, for short-term advances, the group does not account for a financing component. No long-term advances from customers are generally received by the Group.

The Group provides retrospective volume rebates to its customers on products purchased by the customer once the quantity of products purchased during the period exceeds a threshold specified in the contract. Retrospective volume rebates give rise to variable consideration. To estimate the variable consideration, the group considers that the most likely amount method better predicts the amount of variable consideration.

The Group provides for warranties for general repairs and replacement which will be assurance-type warranties under Ind AS 115, which will continue to be accounted for under Ind AS 37 Provisions, Contingent Liabilities and Contingent Assets, consistent with its current practice.

Rendering of Services

The Parent Company is rendering after sales services for its sold products. The after sales services is rendered against independent contracts with customers or against assurance type warranty for goods sold. Revenue from sale of services is recognised at an amount entitled in exchange for transferring services at a point in time to a customer.

Interest, Dividends and Other Income

Interest income and expenses are reported on an accrual basis using the effective interest method. Dividends are recognised at the time the unconditional right to receive payment is established. Other income is recognised on accrual basis except where the receipt of income is uncertain.

3.12 Exceptional Items

An item of income or expense which by its size, nature, type or incidence requires disclosure in order to improve an understanding of the performance of the Group is treated as an exceptional item and disclosed as such in the financial statements.

3.13 Leases

The Group's lease asset classes primarily consist of leases for land and buildings. The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Effective 1st April, 2019, the Group adopted Ind AS 116 "Leases", applied to all lease contracts existing on 1st April, 2019 using the modified retrospective method and has taken the cumulative adjustment to retained earnings, on the date of initial application.

Group as a lessee

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases.

For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term and useful life of the underlying asset. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option. Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. Further, refer Note No. 45, classification of leases and other disclosures relating to leases.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

3.14 Employee Benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences.

Defined Contribution Plans

The Group contribution to provident fund and pension fund is considered as defined contribution plan and is charged as an expense as they fall due based on the amount of contribution required to be made and when services are rendered by the employees. The Group has no legal or constructive obligation to pay contribution in addition to its fixed contribution.

Defined Benefit Plans

The Parent Company operates a defined benefit Gratuity Plan with approved Gratuity Fund and contributions are made to a separately administered approved Gratuity Fund. For defined benefit plans in the form of gratuity, the cost of providing benefits is determined using 'the Projected Unit Credit method', with actuarial valuations being carried out at each Balance Sheet date. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the Balance Sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Remeasurements are not reclassified to the Statement of Profit and Loss in subsequent periods. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognised past service cost.

Short-term Employee Benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include salaries, wages, performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service. The cost of such compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

Long-term Employee Benefits

Compensated absences and other benefits like gratuity which are allowed to be carried forward over a period in excess of 12 months after the end of the period in which the employee renders the related service are recognised as a non-current liability at the present value of the defined benefit obligation as at the Balance Sheet date out of which the obligations are expected to be settled.

3.15 Taxes on Income

Income tax comprises Current and Deferred Tax. It is recognised in the Statement of Profit or Loss except to the extent that it relates to business combination or to an item recognised directly in equity or in other comprehensive income.

(a) Current Tax

Current income tax assets and / or liabilities comprise those obligations to, or claims from, fiscal authorities relating to the current or prior reporting periods, that are unpaid at the reporting date. Current tax is payable on taxable profit, which differs from profit or loss in the financial statements. Calculation of current tax is based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

(b) Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax liabilities are generally recognised in full.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the Balance Sheet date. Tax relating to items recognised directly in equity / other comprehensive income is recognised in respective head and not in the Statement of Profit & Loss.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and is adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.16 Government Grants

Government Grants are initially recognised as deferred income at fair value if there is reasonable assurance that they will be received, and the Group will comply with the condition associated with the grant;

- In case of capital grants, they are then recognised in Statement of Profit and Loss on a systematic basis over the useful life of assets.
- In case of grants that compensate the Group for expenses incurred are recognised in Statement of Profit and Loss on systematic basis in the periods in which the expenses are recognized.

3.17 Equity, Reserves and Dividend Payments

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

Dividend distribution (including interim dividend) to equity shareholders is accounted for in the year of actual distribution.

3.18 Significant Judgments, Estimates and Assumptions

The preparation of the Group's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Group has identified the following areas where significant judgments, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

Judgments

In the process of applying the Group accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the financial statements.

Contingencies

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Group, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Impairment of Non-financial Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate

valuation model is used. The calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

(b) **Estimation of Defined Benefit Obligations**

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(c) **Fair Value Measurement of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active market, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(d) **Estimation of Current Tax and Deferred Tax**

Management judgment is required for the calculation of provision for income – taxes and deferred tax assets and liabilities. The Group reviews at each Balance Sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to adjustment to the amounts reported in the financial statements.

(e) **Impairment of Financial Assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected credit loss rates (ECL). The Group uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

(f) **Impairment of Investments in Joint Ventures and Associates**

The Group reviews its carrying value of investments carried at cost (net of impairment, if any) annually. If the estimated recoverable amount is less than its carrying amount, the impairment loss is accounted for in the statement of profit and loss.

3.19 Fair Value Measurement

The Group measures financial instruments such as investments in mutual funds, certain other investments etc. at fair value at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- * Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- * Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- * Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.20 Financial Instruments

I. Financial Assets

(a) **Initial Recognition and Measurement**

All financial assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset, which are not at fair value through profit and loss, are added to fair value on initial recognition. Transaction costs of financial assets carried at fair value through profit or loss are expensed in Statement of Profit and Loss.

(b) **Subsequent Measurement**

[i] **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

[ii] **Financial assets at fair value through Other Comprehensive Income (FVOCI)**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(iii) Financial assets at fair value through Profit or Loss (FVTPL)

A financial asset which is not classified in any of the above categories are subsequently fair valued through Statement of Profit and Loss.

(c) Impairment of Financial Assets

The Group assesses on a forward looking basis the Expected Credit Losses (ECL) associated with its assets measured at amortised cost and assets measured at fair value through other comprehensive income. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(d) Derecognition of Financial Assets

A financial asset is derecognised when:

- * The Group has transferred the right to receive cash flows from the financial assets or
- * Retains the contractual rights to receive the cash flows of the financial assets, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group transfers the financial asset, it evaluates the extent to which it retains the risk and rewards of the ownership of the financial assets. If the Group transfers substantially all the risks and rewards of ownership of the financial asset, the Group shall derecognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer. If the Group retains substantially all the risks and rewards of ownership of the financial asset, the Group shall continue to recognise the financial asset.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of the ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial assets. Where the Group retains control of the financial assets, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

II. Financial Liabilities**Initial Recognition and Subsequent Measurement**

All financial liabilities are recognised initially at fair value and in case of borrowings and payables, net of directly attributable cost.

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments. Changes in the amortised value of liability are recorded as finance cost.

III. Fair Value of Financial Instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may vary from actual realization on future date.

IV. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.21 Non-current Assets classified as held for Sale

Non-current assets (or disposal group) are classified as held for sale if the carrying amount of assets will be recovered principally through a sale transaction rather than through continuing use.

Non-current assets (or disposal group) are classified as held for sale, when the asset (or disposal group) is available for immediate sale in its present condition and its sale must be highly probable. For the sale to be highly probable, the management must be committed to a plan to sell the asset (or disposal group) and an active programme to locate buyer and complete plan must have been initiated. In addition, the sale should be completed within 1 year from the date of classification.

Upon classification, non-current assets (or disposal group) held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Entity committed to a sale plan involving loss of control of a subsidiary shall classify all the assets and liabilities of that subsidiary as held for sale irrespective whether non-controlling interest after the sale will be retained or not.

3.22 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA notified the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from 1st April, 2022, as below:

I. Ind AS 103 – Reference to Conceptual Framework

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired, and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Group does not expect the amendment to have any significant impact in its financial statements.

II. Ind AS 16 – Proceeds before intended use

The amendments specify that the excess of net sale proceeds of items produced while the Group is preparing the asset for its intended use over its cost of testing, if any, shall not be recognized in the profit or loss but shall be deducted from the directly attributable costs considered as part of cost of an item of property, plant and equipment. The Group does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

III. Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification, and the Group does not expect the amendment to have any significant impact in its financial statements.

IV. Ind AS 109 – Annual Improvements to Ind AS (2021)

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group does not expect the amendment to have any significant impact in its financial statements.

V. Code on Social Security

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment had released draft rules for the Code on Social Security, 2020 on 13th November, 2020, and invited suggestions from stakeholders which are under consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified. The Company will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

Nature and purpose of Other Reserves**(a) Securities Premium**

Securities Premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

(b) General Reserve

General Reserve is created out of profit after tax earned by the Group by way of transfer from surplus in the statement of profit and loss. The Group can use this Reserve for payment of dividend and issue of fully paid-up shares. As General Reserve is created by transfer of one component of equity to another and is not an item of other comprehensive income, items included in the General Reserve will not be subsequently reclassified to statement of profit and loss.

Note :

35.1 As per Ind AS 19 "Employee Benefits", the disclosures of employee benefits as defined in the Indian Accounting Standard are given below:

Defined Contribution Plan :

The Company's Contribution to provident fund and pension fund is considered as Defined Contribution Plan and is recognised as expenses for the year.

Defined Benefit Plan :

The Company operates a Defined Benefit Gratuity plan with approved Gratuity Fund and contributions are made to a separately administered approved Gratuity Fund. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation for leave encashment is recognized as expense for the year.

Gratuity : The benefits are governed by the Payment of Gratuity Act, 1972. The key features are as under :

Plan Features	
Benefits offered	(15 / 26) x (Salary) x (Duration of Service in years)
Salary definition	Last drawn qualifying Salary
Benefit ceiling	Without limit
Vesting conditions	5 years of continuous service (Not applicable in case of death / disability)
Benefit eligibility	Upon death or disability or retirement
Retirement age	60 years

Leave Encashment : The benefits are governed by the Company's Leave Policy.

Key Features

Salary for Encashment	As per rules of the Company
Benefit event	Death or Resignation or Retirement or Availment
Maximum accumulation	As per rules of the Company
Benefit Formula	(1/30) x (Basic Salary) x (Leave Days)
Leave Denominator	Employee 30
Leave Credited Annually	Employee 30
Retirement age	60 years

Risks associated to the Plan (Gratuity and Leave Encashment)

A. Actuarial Risk	Risks due to adverse salary growth / Variability in mortality and withdrawal rates.
B. Investment Risk	Risks due to significant changes in discounting rate during the inter-valuation period.
C. Liquidity Risk	Risks on account of Employees resignation / retirement from the company, resulting into strain on the cashflow.
D. Market Risk	Risks related to changes and fluctuations of the financial markets and assumptions depend on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.
E. Legislative Risk	Risks of increase in the plan liabilities or reduction in plan assets due to change in legislation.

Funding arrangements and funding policy :

Gratuity liability is funded whereas leave Benefits Liability is not funded. There are no minimum funding requirements for Leave benefits plans in India and there is no compulsion on the part of the Company to fully pre fund the liability. The Company has purchased an insurance policy to partly provide for payment of gratuity to the employees. The trustees of the plan also make investments in Central / State Govt. securities, high quality Corporate bonds , special deposit scheme etc., as per rules and regulations. Every year , the actuary carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

Amounts for the current and previous years are as follows

		(₹ in lakhs)

Experience adjustments on Plan Liability (Gain)	180.26	22.64	

Company's estimate of Contributions expected to be paid during Financial Year 2022-23 is as under:

(i) Defined Contribution Plan :		
(a) Employer's contribution to Provident Fund		12% of Basic Salary
(ii) Defined Investment Plan :		
(a) Gratuity		200.31
(b) Leave Encashment		-

The estimates of rate of escalation in salary considered in actuarial valuation, take into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. The above information is certified by the actuary.

The expected rate of return on plan assets is determined considering several applicable factors, mainly the composition of plan assets held, assessed risks, historical results of return on plan assets and the Company's policy for plan assets management.

The Group's overall risk management procedures to minimize the potential adverse effects of financial market on the Group's performance are outlined hereunder:

The Group's Board of Directors have overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management is carried out by the management in consultation with the Board of Directors and the Risk Management Committee. They provide principles for overall risk management, as well as policies covering specific risk areas.

The note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

(A) Credit Risk:

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customers and from its financial activities including deposits with banks and other financial instruments. The Group establishes an impairment allowance based on Expected Credit Loss model that represents its estimate of incurred losses in respect of trade and other receivables, advances and investments.

(i) Trade Receivables:

The Group extends credits to customers in normal course of the business. The Group considers the factors such as credit track record in the market of each customer and past dealings for extension of credit to the customers. The Group monitors the payment track record of each customer and outstanding customer receivables are regularly monitored. The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located at several jurisdictions and industries and operate in large independent markets. The Group also takes advances and security deposits from customers which mitigate the credit risk to an extent.

The average credit period taken on sales of goods is 30 to 60 days. Generally, no interest has been charged on the receivables. Allowances against doubtful debts are recognised against trade receivables based on estimated irrecoverable amounts determined by reference to past default experience of the counterparty and an analysis of the counterparty's current financial position.

Before accepting any new customer, the Group uses an internal credit system to assess the potential customer's credit quality and defines credit limit of customer. Limits attributed to customers are reviewed periodically. There are no customers who represent more than 5 per cent of total net revenue from operations.

The Group generally does not hold any collateral or other credit enhancements over any of its trade receivables excepting a small amount in the nature of security deposits from dealers, nor does it have a legal right of offset against any amounts owed by the Group to the counterparty.

Expected Credit Loss (ECL):

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for internal and external information. The expected credit loss allowance is based on the ageing of the days the receivables are due and the rates as given in the provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)
0-3 months	Nil
3-6 months	Nil
6-12 months	Nil
Beyond 12 months	10 to 25

(₹ in lakhs)

Period	As at 31 st March, 2022	As at 31 st March, 2021
Ageing of past dues receivables:		
0-3 months	13,184.59	16,822.01
3-6 months	256.68	795.17
6-12 months	712.09	301.06
Beyond 12 months	3,603.28	3,973.99
Ageing of impaired trade receivables:		
0-3 months	-	-
3-6 months	-	-
6-12 months	-	-
Beyond 12 months	1,279.88	945.53

(ii) Cash and cash equivalents and short-term investments:

The Group considers factors such as track record, size of institution, market reputation and service standard to select the banks with which deposits are maintained. The Group does not maintain significant deposit balances other than those required for its day to day operations. Credit risk on cash and cash equivalents is limited as these are generally held or invested in deposits with banks and financial institutions with good credit ratings.

(B) Liquidity Risk:

Liquidity risk is the risk that the Group will face in meeting its obligations associated with its financial liabilities. The Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due without incurring unacceptable losses. In doing this, management considers both normal and stressed conditions.

The Group's objective is to maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group relies on a mix of borrowings, capital and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Group monitors rolling forecasts of its liquidity requirements to ensure that it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities so that it does not breach borrowing limits.

The table below provides undiscounted cash flows towards non-derivative financial assets / (liabilities) into relevant maturity based on the remaining period at the Balance Sheet date to the contractual maturity date and where applicable, their effective interest rates.

(C) Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: foreign currency risk, interest risk and other price risk such as commodity risk.

(i) Foreign Currency Risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates and arises where transactions are done in foreign currencies. It arises mainly where receivables and payables exist due to transactions entered in foreign currencies. The Group evaluates exchange rate exposure arising from foreign currency transactions and follows approved policy parameters utilizing forward foreign exchange contracts whenever felt necessary. The Group does not enter into financial instrument transactions for trading or speculative purpose.

The Group transacts business primarily in Indian Rupees, USD, Euro and GBP. The Group has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. Certain transactions of the Group act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies. For the remaining exposure to foreign exchange risk, the Group adopts a policy of selective hedging based on risk perception of the management.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Particulars	Currency	(in lakhs)	
		As at 31 st March, 2022	As at 31 st March, 2021
Trade receivables	USD	2.32	4.53
Trade payables	USD	0.32	1.42

Of the above foreign currency exposures, following exposures are not hedged:

Particulars	Currency	(in lakhs)

Sensitivity Analysis:

The following table demonstrates the sensitivity of profit and equity in USD, Euro and GBP to the Indian Rupee with all other variables held constant. The impact on the Group's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

(₹ in lakhs)

Particulars	Change in currency exchange rate	Effect on Profit before tax 31 st March, 2022	Effect on Profit before tax 31 st March, 2021
USD	5%	15.45	15.46
	-5%	(15.45)	(15.46)
EUR	5%	1.18	0.73
	-5%	(1.18)	(0.73)
NPR	5%	-	(0.06)
	-5%	-	0.06
AED	5%	(0.05)	(0.25)
	-5%	0.05	0.25
GBP	5%	0.20	-
	-5%	(0.20)	-

This is mainly attributable to the exposure outstanding on foreign currency receivables and payables in the Group at the end of each reporting period.

(ii) Interest Rate Risk:

The Group's exposure to the risk of changes in market interest rates relates primarily to long term debts having floating rate of interest. Its objective in managing its interest rate risk is to ensure that it always maintains sufficient headroom to cover interest payment from anticipated cashflows which are regularly reviewed by the Board.

The following table demonstrates the sensitivity in the interest rate with all other variables held constant. The impact on the Group's profit before tax and other comprehensive income due to changes in the interest rates is given below:

(₹ in lakhs)

Particulars	Change in interest rate	Effect on Profit before tax 31 st March, 2022	Effect on Profit before tax 31 st March, 2021
Non-current & Current Borrowings	0.50%	(19.78)	(31.46)
	-0.50%	19.78	31.46

(iii) Commodity Risk:

The Group is exposed to the movement in the price of key raw materials and other traded goods in the domestic and international markets. The Group has in place policies to manage exposure to fluctuation in prices of key raw materials used in operations. The Group enters into contracts for procurement of raw materials and traded goods, most of the transactions are short term fixed price contracts and a few transactions are long term fixed price contracts.

Capital Management:

The Group manages its capital to be able to continue as a going concern while maximising the returns to shareholders through optimisation of the debt and equity balances. The capital structure consists of debt which includes the borrowings as disclosed in Note No. 19, 24 and 26, cash and cash equivalents and current investments and equity attributable to equity holders of the Group, comprising issued share capital, reserves and retained earnings as disclosed in the Statement of Changes in Equity. For the purpose of calculating gearing ratio, debt is defined as non current and current borrowings (excluding derivatives). Equity includes all capital and reserves of the Group attributable to equity holders of the Group. The Group is not subject to externally imposed capital requirements. The Board reviews the capital structure and cost of capital on an annual basis but has not set specific targets for gearing ratios. The risks associated with each class of capital are also considered as part of the risk reviews presented to the Audit Committee and the Board of Directors.

* Excluding Financial Assets classified as held for sale and excluding Financial Liabilities directly associated with the assets classified as held for sale

Notes:

43.1 All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is insignificant to the fair value measurements as a whole.

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2 : Valuation techniques for which the lowest level inputs that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3 : Valuation techniques for which the lowest level input which has a significant effect on fair value measurement is not based on observable market data.

There have been no transfers between Level 2 and Level 3 during the period.

- 43.2 The management assessed that fair value of short term financial assets and liabilities significantly approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amounts at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- 43.3 The Group determines fair values of financial assets or liabilities by discounting the contractual cash inflows / outflows using prevailing interest rates of financial instruments with similar terms. The initial measurement of financial assets and financial liabilities is at fair value.
- 43.4 The fair value of investments in mutual funds is determined using net assets value of the funds. Further, the subsequent measurements of all assets and liabilities (other than investments in mutual funds) is at amortised cost, using effective interest rate method.
- 43.5 The following methods and assumptions were used to estimate the fair values:
- The fair value of the Group's interest bearing borrowings are determined using discount rate that reflects the entity's discount rate at the end of the reporting period. The own non-performance risk as at the reporting period is assessed to be insignificant.
 - The fair value of unquoted instruments and other financial assets and liabilities is estimated by discounting future cash flows using rates currently applicable for debt on similar terms, credit risk and remaining maturities.

- The Parent Company was granted Exemption for certain employees under Para 27 of the Employees' Provident Fund Scheme, 1952. (EPF Scheme, 1952).
- Because of drastic reduction in rate of return on investments as compared to the rate declared by the Government for employees PF in last 3 to 4 years, the Parent Company had to make additional Contribution / provision for the deficit sustained, as a legal or constructive obligation. Further, credit risk, interest risk, default risk also increased in the recent past in Bond market.
- The Parent Company had therefore submitted application dated 14th February, 2022 for surrender of exemption granted w.e.f. 1st March, 2022 pursuant to resolution passed by the Board of Directors of the Company on 26th October, 2021, followed by resolution passed by the Board of Trustees of Madhusudan Provident Fund Institution (MPFI) on 28th November, 2021.
- By an Order dated 9th March, 2022, the Regional PF Commissioner withdrew the exemption granted under Para 27 of the Employees' Provident Scheme (EPF Scheme) with effect from 1st March, 2022. The Trust was also required to transfer the Corpus in the name of Central Board of Trustees, EPFO and any loss incurred by MPFI was borne by the Company as per the Order of RPFC. The Parent Company was also directed to comply as an un-exempted establishment w.e.f. 1st March, 2022. In this process, the Parent Company incurred loss of ₹ 328.47 lakhs on liquidation of the securities comprised in the Corpus of MPFI which is recognised in Note No. 38.

Note - 51. OPERATING SEGMENTS

The Parent Company operates mainly in manufacturing of Building Products and all other activities are incidental thereto, which have similar risk and return. Accordingly, there are no separate reportable Segments as required under IND AS 108 "Operating Segment".

The Revenue from transactions with the single external customer amounting to 10% or more of the Company's Revenue is Nil.

Note - 52.

In the opinion of the Management, current assets have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated except where indicated otherwise.
