**9. ANNUAL EVALUATION OF THE BOARD, ITS COMMITTEES AND INDIVIDUAL DIRECTORS**

An annual evaluation exercise was carried out by the Board during the year encompassing its own performance, those of its Committees as well as individual Board Members.

The exercise continued to recognise that while Board Members were individuals, the Board or a Committee of the Board was a collective body. It was this collective body that took decisions even though individuals, constituting the collective body, had the right to dissent. Thus, what was put on test in the evaluation exercise this year was, amongst other issues, the extent of perspicacity of each Member, whether sitting as part of the Board or any Committee, to meaningfully contribute to the formulation of Board decisions.

The process was thus intricate and the conclusion arrived at was that each Board Member had harmoniously contributed to complement the role of the collective entity. This had made for the Board's as well as each Committee's functioning efficacious during the year.

**10. COMPLIANCE OFFICER**

Under regulation 6 of SEBI Listing Regulations and other applicable SEBI regulations and rules, Mr. Gopal, Company Secretary acted as the compliance officer of the Company upto 15.11.2021 and Ms. Anjali Aggarwal, Company Secretary was appointed as the Compliance Officer by the Board of Directors w.e.f. 16.11.2021.

## MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

### Indian Economy Overview

The last two years the country's economy has seen turbulence and uncertainty in terms of COVID – 19. Economic activity which was recovering with the ebbing of the third wave, rapid stride towards universal vaccination, and supportive fiscal and monetary policies now faces significant headwinds from the exacerbating geopolitical developments and the accompanying sharp rise in global commodity prices and weakening global growth outlook. The global recovery from the COVID-19 pandemic is turning out to be muted relative to earlier expectations. Downside risks to even this subdued recovery have jumped significantly from the escalation of geopolitical tensions, which have led to a broad-based increase in global commodity prices and are expected to have a large negative impact on global trade and growth. Growth and inflation outcomes are at high risk across the world as well as in India. In the face of this extraordinary risk, the positive effects expected from the release of pent-up demand, especially for contact-intensive services, the government's thrust on infrastructure and capital expenditure, congenial financial conditions and improving capacity utilisation appear ephemeral.

### Performance overview

During the year 2021-22, the Company's growth was satisfactory considering the challenges posed on account of COVID-19 pandemic and its impact on the overall trading and real estate industry. The Company always adhere to achieve best in the industry and try to optimise the cost and its efficiency level which translates into increasing the profit margins for the Company. Despite the subdued performance of overall trading and real estate sector, your Company earned a profit after tax of Rs. 2.70 crores as against a profit of Rs. 5.4 crores in the previous year.

The Company's performance overview during the financial year 2021-22 is shown below:

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Emphasis of Matter

We draw attention to Note 46(iv) of the financial statements, which describes the non applicability of NBFC as for the financial years ended 31-3-21 and 31-3-22, company is not meeting the 50:50 test for determining financial activity as a principal business and is not covered under the definition of NBFC.

Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
Contingent liabilities; There are various pending cases against which demand has been raised by different authority.	<p>For legal and regulatory matters our procedures included the following:</p> <ul style="list-style-type: none"> <li>➤ Assessing the processes and control over legal matters;</li> <li>➤ Reviewing the Company's significant legal matters and other contractual claims;</li> <li>➤ Performing substantive procedures on the underlying calculations of potential liability;</li> <li>➤ Where relevant, reading external legal opinions obtained by management;</li> <li>➤ Where relevant, obtaining written confirmation from external legal counsels on the status of the cases</li> <li>➤ Reviewing the adequacy and completeness of the company's disclosures.</li> </ul> <p>Based on the work performed, we found the disclosures made by the management in notes 37 and 44 of the financial statements are sufficient.</p>
The company has deferred tax assets in respect of long-term capital losses on sale of investment. There is inherent uncertainty involved in forecasting future taxable long-term capital gains, which determines the extent to which deferred tax assets are or are not recognized.	<p>Deferred tax assets in respect of deductible capital losses on sale of investments have been recognized to the extent of expected capital gains, being the difference between the fair market value and indexed cost as at the end of the reporting period, on disposal of the Investment property. In this regard we obtained the valuation report from an independent expert for determining the fair market value as on the reporting date and assessed the recoverability of the long-term capital losses against the future taxable profits, taking in to account the company's tax position, and our knowledge and experience of the application of relevant tax legislation.</p> <p>Based on the work performed, we found the disclosures made by the management in note 9 of the financial statements are sufficient.</p>

### Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, but does not include the standalone financial statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information comprising the above documents, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

#### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive income), the statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid Standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls with respect to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 37 to the standalone financial statements;
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
    - iv.
      - a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      - b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
      - c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
    - v. The company has neither declared nor paid any dividend during the year, therefore reporting under rule 11 (f) is not applicable.

## ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

Referred to in our report of even date to the members of Oswal Agro Mills Limited on the standalone financial statements for the year ended 31<sup>st</sup> March, 2022, we report that:

(i) **In respect of the Company's Property, Plant and Equipment and Intangible Assets:**

- (a) (A) The company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, Investment Properties and relevant details of Right-of-Use assets covered under Ind AS 116, 'Leases'.  
(B) The company does not have any intangible assets so clause 3 (i)(a)(B) of the Order is not applicable to the company.
- (b) The Property, Plant and Equipment and Investment Properties have been physically verified by the management at reasonable intervals having regard to the size of the company and the nature of its assets and no material discrepancy was noticed on such verification as compared to book records.
- (c) According to the information and explanations given to us and on the basis of records examined by us, the title deeds of the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment are held in the name of the company subject to the following limitations:

Particulars of the Immovable Property	Gross carrying amount as at 31 <sup>st</sup> March, 2022 (₹ in thousand)	Net carrying amount as at 31 <sup>st</sup> March, 2022 (₹ in thousand)	Remarks
1) Building at Vijay Vihar, Chembur, Mumbai	560.89	459.85	Photocopy of the original title deeds was provided.
2) Freehold Land at Ludhiana, Punjab	3,088.24	3,088.24	Title deed is not available with the Company. However, the same has been verified from Tehsildar's record, duly certified.

- (d) The Company has not revalued any of its Property, Plant and Equipment (including Right-of-Use assets) during the year.
- (e) According to the information and explanations given to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

(ii) **In respect of the company's inventory:**

- (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of accounts.
- (b) According to the information and explanations given to us, the company has not been sanctioned any working capital limits from bank or financial institutions, therefore clause 3 (ii)(b) of the Order is not applicable to the company.

(iii) **In respect of investments made, provided any guarantee or security or granted any loans or advances in the nature of loan:**

- (a) (A) According to the information and explanation given to us, the Company has not provided any loans or advances in the nature of loans, secured or unsecured and guarantee or security to subsidiaries, joint ventures and associates.  
(B) According to the information and explanation given to us, the Company has granted loans or advances in the nature of loans unsecured to parties other than subsidiaries, joint ventures and associates, the details of which are given below:

	Loans (in ₹ thousand)
<b>Aggregate amount granted/provided during the year</b>

>Staff Loan	419.20
<b>Balance Outstanding as at balance sheet date</b>	
-To other parties	
>Staff Loan	373.30
>ICD Parties	3,79,000.00

- (b) In our opinion, investments made and the terms and conditions of the grant of all loans and advances in the nature of loans provided, are, prima facie, not prejudicial to the Company's interest. As per the policy of the company, interest free staff loans have been provided.
- (c) In our opinion, in respect of loans and advances in the nature of loans, the schedule of repayment of principal has been stipulated and the repayments or receipts are regular.
- (d) In our opinion, in respect of above loan no amount is overdue.

**Oswal Agro Mills Limited**

- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year.
- (iv) **Compliance of section 185 and 186**  
According to the information and explanation given to us, the Company has complied with the provisions of section 185 and 186 of the Act in respect of loans, investments made, guarantee and securities provided, as applicable.
- (v) **Public Deposits**  
In terms of the books and records examined by us, we state that the Company has not accepted any deposit from the public in terms of section 73 to 76 of the Act and the rules framed thereunder. Accordingly, clause 3(v) of the Order is not applicable to the Company.
- (vi) **Cost Records**  
In our opinion and according to the information and explanation given to us, the Central Government has not prescribed maintenance of cost records under section 148 (1) of the Act. Therefore, clause 3(vi) of the Order is not applicable.
- (vii) **Statutory Dues**  
(a) According to the information and explanations given to us and the books and records examined by us, we state that the company is generally regular in depositing undisputed statutory dues including Goods and Service Tax, provident fund, employees' state insurance, income-tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable. There are no outstanding statutory dues for more than six months from the date they became payable as on 31st March 2022 except:

- (viii) **Undisclosed Income**  
According to the information and explanations given to us and the records of the Company examined by us, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) **Borrowings**  
According to the information and explanations given to us and the records examined by us, the company has no loans or borrowings from banks, financial institutions, government and others. Accordingly, clause 3(ix) (a) to (f) of the Order is not applicable.
- (x) **Issue of securities**  
(a) The company did not raise any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year. Accordingly, clause 3(x)(a) of the Order is not applicable.  
(b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.

(xi) **Fraud**

- (a) To the best of our knowledge, and information and explanations given by the management, we report that, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 (as prescribed) under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year.

(xii) **Nidhi Company**

In our opinion and according to the information and explanation given to us during the course of audit, the company is not a Nidhi company. Therefore, clause 3(xii) of the Order are not applicable.

(xiii) **Related Parties**

In terms of the information and explanations sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that transactions with the related parties are in compliance with sections 177 & 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

(xiv) **Internal Audit**

- (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto March 2022.

(xv) **Non- cash transactions**

In our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the company.

(xvi) **Section 45-IA of the Reserve Bank of India Act, 1934**

The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 in view of the following fact:

For the financial years ended 31-3-21 and 31-3-22, company is not meeting the 50:50 test for determining financial activity as a principal business and is not covered under the definition of NBFC. Moreover, all the directions and compliances of Reserve Bank of India in relation to seek exemption and disclosure requirements as applicable to a NBFC for financial years ended 31-3-19 and 31-3-20 had been duly complied with.

Further the income from non-financial activities for the FY 21-22 has exceeded 50% of the gross income and it is now not required to get registration as a NBFC on the basis of financial statement as on 31.03.2022. Accordingly, the financial statements and the disclosures for FY 2021-22 have been prepared in accordance with Division II of Schedule III to the Companies Act, 2013 applicable to non-NBFCs.

Accordingly, reporting under clause (xvi)(a), (b), (c) and (d) of the Order is not applicable.

(xvii) **Cash Losses**

The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) **Resignation of Statutory Auditors**

There has been no resignation of the statutory auditors of the Company during the year. Accordingly reporting under clause (xviii) of the Order is not applicable.

(xix) **Ability to pay liabilities**

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) **CSR unspent amount**

The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause 3 (xx) of the Order is not applicable for the year.

**ANNEXURE B TO THE INDEPENDENT AUDITORS' REPORT**

Referred to in our report of even date to the members of Oswal Agro Mills Limited on the standalone financial statements for the year ended 31<sup>st</sup> March, 2022

**Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to financial statements of **Oswal Agro Mills Limited** ("the Company") as of 31<sup>st</sup> March, 2022 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls with reference to financial statements**

The Company's management is responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with respect to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with respect to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with respect to financial statements and their operating effectiveness. Our audit of internal financial control with respect to financial statements included obtaining an understanding of internal financial control with respect to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to financial statements.

**Meaning of Internal Financial Controls with respect to financial statements**

A Company's internal financial control with respect to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with respect to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with respect to financial statements**

Because of the inherent limitations of internal financial controls with respect to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with respect to financial statements to future periods are subject to the risk that the internal financial controls with respect to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with respect to financial statements and such internal financial controls with respect to financial statements were operating effectively as at 31<sup>st</sup> March, 2022, based on the internal controls with respect to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>st</sup> MARCH, 2022 (Amount in ₹ thousand unless otherwise stated)

### 1. COMPANY OVERVIEW

Oswal Agro Mills Limited (“company”) is a listed company incorporated and domiciled in India and has its principal place of business at 7th Floor, Antriksh Bhawan, Kasturba Gandhi Marg, Connaught Place, New Delhi- 110001. The company’s shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The principal business of the company is trading/development of real estate, trading of goods etc. Further, the company also lends its surplus funds as interest bearing inter-corporate deposits. The standalone financial statements are approved for issue by the company’s board of directors on May 30, 2022.

### 2. SIGNIFICANT ACCOUNTING POLICIES

#### 2.1 Basis of preparation and presentation of standalone financial statements

##### (a) Basis of preparation of standalone financial statements

These standalone financial statements have been prepared and presented on a going concern basis under the historical cost convention (except for certain financial instruments which are measured at fair values), on the accrual basis of accounting and comply with the Indian Accounting Standards prescribed by Section 133 of the Companies Act, 2013 (‘the Act’) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after, other pronouncements of the Institute of Chartered Accountants of India, guidelines issued by Securities and exchange board of India (SEBI) and the relevant provisions of the Companies Act, 2013 (to the extent notified)/Companies Act, 1956.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

##### (b) Statement of compliance with Ind ASs

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

##### (c) Basis of Measurement

The standalone financial statements have been prepared on a historical cost convention and on an accrual basis except for the employees’ defined benefits and other long-term employee benefits obligations recognised as per certificate from an independent actuary and Investments measured at fair value through profit and loss (FVTPL)/ fair value through other comprehensive income (FVTOCI) that have been measured at fair value as required by relevant Ind AS.

##### (d) Use of Estimates and Judgements

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

##### Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):

The Company has considered the possible effects that may result from the ongoing pandemic relating to COVID-19 on the carrying amounts of real estate advances, loan receivables and others. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including financial reports and related information and economic forecasts. The company had no major impact of COVID-19 in FY 21-22 and further estimates to have no major impact of COVID-19 on the Company’s financial statements. However, the actual impact may differ from that estimated as at the date of approval of these financial statements.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the standalone financial statements is included in the following notes:

- i) **Income taxes:** The Company’s tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
- ii) **Provisions and Contingencies:** The assessments undertaken in recognising the provisions and contingencies have been made in accordance with Ind AS 37, ‘Provisions, Contingent Liabilities and Assets’. The evaluation of the likelihood of the contingent events has required best judgement by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.
- iii) **Post Employment benefit plan:** Employee benefits obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase and the inflation rate. The company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.
- iv) **Leases:** Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Company’s operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contracts

**NOTES (CONTD...)****(Amount in ₹ thousand unless otherwise stated)**

- v) **Allowance for credit losses on receivables:** The Company determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The Company considered current and anticipated future economic conditions relating to industries the company deals with. In calculating expected credit loss, the Company has also considered various related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.
- vi) **Other estimates:** The preparation of standalone financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of standalone financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the Company estimates the probability of collection of accounts receivable by analysing historical payment patterns etc.

**(e) Functional and Presentation Currency**

Items included in the standalone financial statements of the company are measured using Indian Rupee (₹) which is the functional currency of the company and the currency of the primary economic environment in which the entity operates. The presentation currency of the company is also Indian Rupee (₹) (rounded off to ₹ thousand upto two decimals)

**2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****A. Financial Instruments****i) Financial Assets**

Financial assets comprise investments in equity instruments, mutual funds, security deposits, inter-corporate deposits, trade receivables, Cash and cash equivalents and other eligible assets.

**Initial recognition and measurement**

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date on which the Company commits to purchase or sell the asset.

**Subsequent Measurement:**

**Financial assets measured at amortised cost:** Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.

Assets at amortised cost are represented by inter corporate deposits, trade receivables, security deposits, cash and cash equivalents and other eligible current and non-current financial assets.

**Financial assets at fair value through other comprehensive income (FVTOCI):** Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain/loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.

**Equity instruments other than investment in associates:** The management determines at the initial recognition of investments in Equity instruments whether to measure it at FVTPL or FVTOCI. However, the equity instruments held for trading are always classified at fair value through Profit or Loss (FVTPL). The classification of investments at FVTOCI is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI). On derecognition of the equity instrument measured at FVTOCI, cumulative gain or loss previously recognised in OCI are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity.

**Financial assets at fair value through Profit or Loss (FVTPL):** Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss. Derivative financial instruments are always measured at FVTPL.

**Derecognition of financial assets:**

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in Statement of Profit and Loss.

**Impairment of financial assets:**

Trade receivables, contract assets, receivables under Ind AS 109, investments in debt instruments that are carried at amortised cost, investments in debt instruments that are carried at FVTOCI are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. The approach followed by the company for recognising the impairment loss is given below:

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### i) Trade receivables

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. The company estimates the following provision matrix at the reporting date:

Period past due	Default rate
0 to 6 months	0%
6 to 12 months	5%
more than 12 months	10%
doubtful receivables	100%

### ii) Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

### ii) Financial liabilities

Financial liabilities comprise trade payables and other eligible liabilities.

#### Initial recognition and measurement

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

#### Subsequent measurement

i) **Financial liabilities at amortised cost:** The Company has classified the following under amortised cost:

- a) Trade payables
- b) Other eligible financial liabilities

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

**Financial liabilities at fair value through profit or loss (FVTPL):** Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

#### Derecognition of financial liabilities

A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

### iii) Off setting of financial assets and financial liabilities:

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company has a legal enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

### iv) Reclassification of financial assets

The Company determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

**NOTES (CONTD...)**

(Amount in ₹ thousand unless otherwise stated)

**B. Inventories**

Inventories are valued as under:

**Land and plots** other than area transferred to construction work-in-progress of constructed properties are valued at lower of cost or net realisable value. Cost includes land acquisition cost and land development cost. Cost of land and plots is determined on specific identification basis.

**Construction work-in-progress** of constructed properties include the cost of land, internal development costs, external development charges, construction costs, overheads, borrowing cost, development/construction materials and is valued at lower of cost/estimate cost and net realisable value.

**Trading of real estate-** the cost includes purchase and other costs in bringing the inventory in their present location and condition. Cost is determined specific identification basis.

**C. Property, Plant and Equipment**

Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses. The cost comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Cost of self constructed asset include the cost of material, direct labour and any other costs directly attributable to bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss.

The cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

**Subsequent costs**

The cost of replacing part of an item of Property, Plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is de-recognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss.

**Depreciation**

Depreciation on property, plant & equipment other than in relation to Chembur project is provided pro-rata to the period of use, on the Straight Line Method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on tangible assets in relation to Project at Chembur, Mumbai is provided on the Written Down Value method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as follows:

Category	Useful life (Years)
Buildings	60
Furniture & Fixture	10
Plant & Machinery	15
Office Equipment	5
Computer	3
Vehicles	8

The company follows component approach as envisaged in Schedule II to the Companies Act, 2013. The approach involves identification of components of the asset whose cost is significant to the total cost of the asset and have useful life different from the useful life of the remaining assets and in respect of such identified components, useful life is determined separately from the useful life of the main asset.

Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from property, plant & equipment is provided for up to the date of sale/adjustment, as the case may be.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

The depreciation method, useful lives and residual value are reviewed at each of the reporting date.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### D. Intangible assets

Intangible asset are carried at cost of acquisition less amortisation. The cost of an item of intangible assets comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

#### Amortisation of Intangible assets

Intangible assets are amortised on straight line method on pro-rata basis over a period of three years.

### E. Investment property

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

The Company depreciates building component of investment property over 60 years from the date of original purchase as per the requirement of Schedule II of the Companies Act, 2013. The leasehold investment properties are amortised over the term of the lease.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

### F. Investment in associate

Investment in associate is recognised at cost less impairment. Dividend income from associate is recognised when its right to receive the dividend is established.

### G. Foreign currency transactions and balances

Transactions in foreign currencies are initially recognised in the standalone financial statements using exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the relevant functional currency at the exchange rates prevailing at the reporting date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate prevailing on the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Foreign currency differences arising on translation are recognised in the Statement of Profit and Loss for determination of net profit or loss during the period.

### H. Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the Company determines the amount of borrowings costs eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the Company capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.

### I. Leases

#### The company as a lessee

The Company's lease asset primarily consist of lease for building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the

**NOTES (CONTD...)****(Amount in ₹ thousand unless otherwise stated)**

fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of the company. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows for the purpose of Cash Flow Statement

**The Company as a lessor**

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

**J. Deposits provided to lessor**

The company is generally required to pay refundable security deposits in order to obtain property leases from various lessor. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of the deposit is recognized as a lease prepayment. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments.

Subsequent to initial recognition, the security deposit is measured at amortized cost using the effective interest method with the carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognized as interest income. The lease prepayment is amortized on a straight line basis over the lease term as lease rental expense.

**K. Revenue**

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services

Revenue from the sale of Flat/Plots is measured at the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, GST etc).

Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.

**L. Impairment of non-financial assets**

The carrying amount of the Company's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).

An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.

**Reversal of impairment loss**

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

**M. Earnings per share (EPS)**

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### N. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand, cash at banks, demand deposits, short-term deposits with a balance maturity of three months or less as at the balance sheet date, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with balance maturity of three months or less from the balance sheet date and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

### O. Employee Benefits

#### i) Short Term Benefits

Employee benefits (other than post employment benefits) which fall due wholly within twelve months after the end of the year in which the employees render the related service are recognized at the amount expected to be paid for it.

#### ii) Post Employment Benefits

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the Company's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the Company's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the Company. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The Company has the following post employment benefit plans:

#### Gratuity

In accordance with the Payment of Gratuity Act, 1972, the Company provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the Company. The Company's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

#### iii) Other long term employee benefits

##### Earned Leave Encashment and Sick Leave

The employees of the Company are entitled to earned leaves and sick leaves. The employees can carry forward a portion of the unutilised earned leaves and utilise it in future periods or receive cash at retirement or termination of employment. The employees can carry forward the unutilised sick leaves and utilise it in future periods and it lapses at retirement or termination of employment. The Company records an obligation for earned leave and sick leaves in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of earned leave and sick leave as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The Company recognizes accumulated earned leave and sick leave based on actuarial valuation. Non-accumulating leave encashment are recognized in the period in which the absences occur. The Company recognizes actuarial gains and losses immediately in the statement of profit and loss.

### P. Provisions & Contingencies

A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### Q. Income Taxes

Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

**NOTES (CONTD...)**
**(Amount in ₹ thousand unless otherwise stated)**
**Current tax**

Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

**Deferred tax**

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in standalone financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Investment properties	259,720.85	246,780.00

**Estimation of fair value**

The company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of source including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- Capitalised income projections based upon a property's estimated net market income and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by an accredited registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017, holding the recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The main inputs used are the local enquiries and prevailing market trends adjusted for location, size, utility, condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.

**(v) Title deeds of the immovable properties not held in the name of the company**

All the title deeds of the immovable properties are held in the name of the company subject to the following limitations:

Sr. No.	Relevant line item in the Balance Sheet	Description of item of property	Gross carrying value	Title deeds held in the name of	Whether title deed holder is a promoter, director or relative of promoter/director or employee of promoter/director	Property held since which date	Reason for not being held in name of company	Remarks

### I. Gratuity

The Company operates an unfunded gratuity plan. Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972 or Company scheme whichever is beneficial. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

- The liability is determined based on actuarial valuation using the Projected Unit Credit Method as at the balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on market yields on Government securities as at the balance sheet date.
- Actuarial gains and losses are recognised immediately in other comprehensive income in Statement of profit and loss. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

The amounts recognized in the statement of Profit & Loss Account for the year and previous year are as follows:-

Particulars	Gratuity (Unfunded) Year ended 31.03.2022	Gratuity (Unfunded) Year ended 31.03.2021

**Description of Risk Exposures:**

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follows:

Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
Salary increase	Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

<b>Total Financial Liabilities</b>	<b>6,201.07</b>	<b>6,201.07</b>	<b>32,902.73</b>	<b>32,902.73</b>

The fair value of the financial assets and liabilities is determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The management assessed that fair value of trade receivables, trade payables, cash and cash equivalents and other bank balances, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments and the transactions being entered into at arm's length. In respect of loans, the fair value equals the carrying value as the risk management mechanism established by the company indicates that no credit losses in the value of these loans. The fair value of lease liabilities is also considered to be equal to its book value.

The fair value of investments in mutual fund is determined on the basis of NAV of mutual fund declared on the last day of the financial year. The fair value of the equity instruments measured at FVTOCI is determined on the basis of the valuation report of an independent valuer who determines the value as per the financials of the investee, use of available fair values of the investee's assets, assumptions suitable to the method of valuation adopted and key data from the management of the investor for valuation purposes as obtained from the investee.

### 42 FAIR VALUE HIERARCHY

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis as at 31<sup>st</sup> March, 2022 and 31<sup>st</sup> March, 2021.

Quantitative disclosures of fair value measurement hierarchy for assets as at 31<sup>st</sup> March, 2022 and 31<sup>st</sup> March 2021:

Particulars	Financial assets measured at FVTPL	Financial assets measured at FVTOCI	Assets for which fair value is disclosed
	Investment in Mutual funds	Investment in equity instruments	Investment properties
Carrying Value as at 31st March, 2022	20,794.70	129,629.96	23,257.21

**43 FINANCIAL RISK MANAGEMENT**

The Company's principal financial assets include investment in equity instruments and mutual funds, Inter-corporate deposits, trade receivables, other receivables and cash & bank balances.

The Company's principal financial liabilities comprise trade payables, creditor for expenses and other financial liabilities. These other financial liabilities mainly comprise of creditors for expenses and employee benefits payable.

The Company's activities expose it to credit risk and liquidity risk. The company is not exposed to any market risk, neither in form of interest rate risk as the debt instruments issued by the company (i.e. intercorporate deposits) bear a fixed rate of interest as per the inter-corporate deposit agreements nor any foreign exchange risk. The different types of risk the company is exposed to are as follows:

**(i) Credit risk**

Credit risk is the risk that customer or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company's significant credit risk concentration is in its trade receivables and loans given [i.e. intercorporate deposits (ICD)] and interest receivable thereon aggregating to ₹ 3,89,819.07 thousand as at March 31, 2022 i.e., 15.61% (₹ 12,79,226.12 thousand as at March 31, 2021 i.e., 51.90%). The objective of managing counter party credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the ICD parties on regular basis by analysing their default pattern, reviewing annual financial performance and creditworthiness as evident from their financial statements. The company regularly assesses the increase in risk of default since initial recognition. The company considers a default of more than 6 months as an indicator for increased risk of default requiring the assessment of expected credit losses and resulting impairment, if any. The company uses a provision matrix to compute the expected credit losses (ECL) for trade receivables. The provision matrix takes into account internal and external credit risk factors and the company's historical experience for customers.

However, as at the date of balance sheet all parties were regular in meeting their contractual obligations and none of the financial assets are credit impaired. Credit risk on cash & cash equivalents and other bank balances is limited as the company holds these deposits with scheduled banks with high credit ratings.

Investments are primarily in equity instruments of companies. The management regularly values the investments from independent professional valuers to determine any impairment in the value of investments. Further, the company invests on short term basis in mutual funds having high credit rating from domestic credit rating agencies.

**Exposure to credit risk**

The gross carrying amount of financial assets, net of any impairment recognised represents the maximum credit exposure. The maximum credit exposure as at 31.03.2022 and as at 31.03.2021 is as follows:

Particulars	As at 31-03-2022	As at 31-03-2021
Investments (Non current and current)	150,424.66	164,559.66
Loans (Non current and current)	379,373.30	1,049,551.81
Other financial assets (Non current)	1,007.30	1,007.30
Trade receivables	2,408.38	203,395.55
Cash and cash equivalents	1,874,117.83	11,308.08
Bank Balances other than cash and cash equivalents	-	973,000.00
Others financial assets	89,827.16	62,172.50
<b>Total</b>	<b>2,497,158.63</b>	<b>2,464,994.90</b>

**(ii) Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The company does not have any significant financial liability as at March 31, 2022 or March 31, 2021 and Company has enough liquid funds in the form of cash and cash equivalents to meet its financial obligations as and when they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

As at March 31 2022, the company had a working capital of ₹ 32,94,496.38 thousand (Previous year ₹ 24,88,003.59 thousand). Further, the company has substantial pool of highly liquid financial assets like cash & cash equivalents, trade receivables and short term investments in mutual funds aggregating to ₹ 1,27,320.90 thousand (Previous year ₹ 2,49,633.33 thousand) as against the total current liabilities of ₹ 46,524.05 thousand (Previous year ₹ 94,704.27 thousand) which clearly establishes very strong liquidity position of the company.

**The maturity analysis of the financial liabilities of the company as at 31.03.2022 is given as below:**

Particulars	As at 31.03.2022		
	Less than 1 Year	1-2 Years	2 Years and above

#### Opinion

We have audited the accompanying consolidated financial statements of **Oswal Agro Mills Limited** (hereinafter referred to as the "Holding Company") and its associate, which comprise the consolidated balance sheet as at 31<sup>st</sup> March, 2022, and the consolidated statement of Profit and Loss (including Other Comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

#### Emphasis of Matter

We draw attention to Note 46(iv) of the financial statements, which describes the non applicability of NBFC as for the financial years ended 31-3-21 and 31-3-22, company is not meeting the 50:50 test for determining financial activity as a principal business and is not covered under the definition of NBFC.

Our opinion is not modified in respect of this matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the Key Audit Matter
Contingent liabilities; There are various pending cases against which demand has been raised by different authority.	<p>For legal and regulatory matters our procedures included the following:</p> <ul style="list-style-type: none"> <li>➤ Assessing the processes and control over legal matters;</li> <li>➤ Reviewing the Holding Company's significant legal matters and other contractual claims;</li> <li>➤ Performing substantive procedures on the underlying calculations of potential liability;</li> <li>➤ Where relevant, reading external legal opinions obtained by management;</li> <li>➤ Where relevant, obtaining written confirmation from external legal counsels on the status of the cases</li> <li>➤ Reviewing the adequacy and completeness of the Holding company's disclosures.</li> </ul> <p>Based on the work performed, we found the disclosures made by the management in notes 37 and 44 of the consolidated financial statements are sufficient.</p>
The Holding company has deferred tax assets in respect of long-term capital losses on sale of investment. There is inherent uncertainty involved in forecasting future taxable long-term capital gains, which determines the extent to which deferred tax assets are or are not recognized.	<p>Deferred tax assets in respect of deductible capital losses on sale of investments have been recognized to the extent of expected capital gains, being the difference between the fair market value and indexed cost as at the end of the reporting period, on disposal of the Investment property. In this regard we obtained the valuation report from an independent expert for determining the fair market value as on the reporting date and assessed the recoverability of the long-term capital losses against the future taxable profits, taking in to account the company's tax position, and our knowledge and experience of the application of relevant tax legislation.</p> <p>Based on the work performed, we found the disclosures made by the management in note 9 of the consolidated financial statements are sufficient.</p>

### **Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the company's annual report, but does not include the consolidated financial statements and our auditor's report thereon. The aforesaid report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information comprising the above documents, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in the term of requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Holding Company and its associate in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. The respective Board of directors of the Holding Company and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Holding Company and its associate and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, respective Board of Directors of the Holding company and of its associate are responsible for assessing the ability of the Holding Company's and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of directors either intends to liquidate the Holding Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Holding Company and of its associate are also responsible for overseeing the financial reporting process of the Holding Company and of its associate.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the holding company and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Holding company and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**Oswal Agro Mills Limited**

- Obtain sufficient appropriate audit evidence regarding the financial information or business activities of the Holding Company and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and its associate included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (b) In our opinion, proper books of account as required by law relating to the preparation of the Consolidated financial statements have been kept so far as it appears from our examination of those books;
- (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including Other Comprehensive income), the consolidated statement of changes in equity and the consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditors of its associate company incorporated in India, none of the directors of the Holding Company and its associate company incorporated in India, is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with respect to financial statements of the Holding Company and its associate which is incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company and associate company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Holding Company and of its associate— Refer Note 37 to the consolidated financial statements;
  - ii. The Holding Company and its associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its associate incorporated in India.
  - iv. a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"),

with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The company has neither declared nor paid any dividend during the year, therefore reporting under rule 11 (f) is not applicable.

- 2. With respect to the matters specified in paragraphs 3(xi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its associate included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

## **ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT**

**Referred to in our report of even date to the members of Oswal Agro Mills Limited on the consolidated financial statements for the year ended 31<sup>st</sup> March, 2022**

### **Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls with reference to consolidated financial statements of **Oswal Agro Mills Limited** ("the Holding Company") and its associate as of 31st March, 2022 in conjunction with our audit of the consolidated financial statements of the Holding Company and its associate for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls with reference to consolidated financial statements**

The respective Board of Directors of the Holding Company and its associate incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to financial statements based on the internal control with respect to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by The Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with respect to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system with respect to financial statements and their operating effectiveness. Our audit of internal financial control with respect to financial statements included obtaining an understanding of internal financial control with respect to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with respect to financial statements.

#### **Meaning of Internal Financial Controls with respect to financial statements**

A Company's internal financial control with respect to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with respect to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls with respect to financial statements**

Because of the inherent limitations of internal financial controls with respect to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with respect to financial statements to future periods are subject to the risk that the internal financial controls with respect to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Holding Company and its associate incorporated in India, have, in all material respects, an adequate internal financial controls system with respect to financial statements and such internal financial controls with respect to financial statements were operating effectively as at 31st March, 2022, based on the internal controls with respect to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>st</sup> MARCH, 2022**  
(Amount in ₹ thousand unless otherwise stated)**1.A. GROUP'S OVERVIEW**

Oswal Agro Mills Limited (holding company) is a listed company incorporated and domiciled in India and has its principal place of business at 7th Floor, Antriksh Bhawan, Kasturba Gandhi Marg, Connaught Place, New Delhi- 110001. The holding company's shares are listed on Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). The principal business of the holding company is trading/development of real estate, trading of goods etc. Further, the holding company also lends its surplus funds as interest bearing inter-corporate deposits. The consolidated financial statements are approved for issue by the holding company's board of directors on May 30, 2022. The group consists of an associate company dealing in real estate business.

**1.B. PRINCIPALS OF CONSOLIDATION****Associates**

Associates are all entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

**Equity method**

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy.

**2. SIGNIFICANT ACCOUNTING POLICIES****2.1 Basis of preparation and presentation of consolidated financial statements****(a) Basis of preparation of consolidated financial statements**

These consolidated financial statements have been prepared and presented on a going concern basis under the historical cost convention (except for certain financial instruments which are measured at fair values), on the accrual basis of accounting and comply with the Indian Accounting Standards prescribed by Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after, other pronouncements of the Institute of Chartered Accountants of India, guidelines issued by Securities and exchange board of India (SEBI) and the relevant provisions of the Companies Act, 2013 (to the extent notified)/Companies Act, 1956.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or are vision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**(b) Statement of compliance with Ind ASs**

The consolidated financial statements of the group have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

**(c) Basis of Measurement**

The consolidated financial statements have been prepared on a historical cost convention and on an accrual basis except for the employees' defined benefits and other long-term employee benefits obligations and Investments measured at fair value through profit and loss (FVTPL)/ fair value through other comprehensive income (FVTOCI) that have been measured at fair value as required by relevant Ind AS.

**(d) Use of Estimates and Judgements**

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

**Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):**

The group has considered the possible effects that may result from the ongoing pandemic relating to COVID-19 on the carrying amounts of real estate advances, loan receivables and others. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the group, as at the date of approval of these consolidated financial statements has used internal and external sources of information including financial reports and related information and economic forecasts. The group had no major impact of COVID-19 in FY 21-22 and further estimates to have no major impact of COVID-19 on

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

the group's consolidated financial statements. However, the actual impact may differ from that estimated as at the date of approval of these consolidated financial statements.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements is included in the following note:

- i) **Income taxes:** The Holding Company's tax jurisdiction is India. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.
  - ii) **Provisions and Contingencies:** The assessments undertaken in recognising the provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Assets'. The evaluation of the likelihood of the contingent events has required best judgement by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.
  - iii) **Post Employment benefit plan:** Employee benefits obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase and the inflation rate. The group considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.
  - iv) **Leases:** Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the group has concluded that no changes are required to lease period relating to the existing lease contracts.
  - v) **Allowance for credit losses on receivables:** The group determines the allowance for credit losses based on historical loss experience adjusted to reflect current and estimated future economic conditions. The group considered current and anticipated future economic conditions relating to industries the group deals with. In calculating expected credit loss, the group has also considered various related credit information for its customers to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.
  - vi) **Other estimates:** The preparation of consolidated financial statements involves estimates and assumptions that affect the reported amount of assets, liabilities, disclosure of contingent liabilities at the date of consolidated financial statements and the reported amount of revenues and expenses for the reporting period. Specifically, the group estimates the probability of collection of accounts receivable by analysing historical payment patterns etc.
- (e) **Functional and Presentation Currency**

Items included in the consolidated financial statements of the group are measured using Indian Rupee (₹) which is the functional currency of the group and the currency of the primary economic environment in which the entity operates. The presentation currency of the group is also Indian Rupee (₹) (rounded off to ₹ thousand upto two decimals)

## 2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Financial Instruments

#### i) Financial Assets

Financial assets comprise investments in equity instruments, mutual funds, security deposits, inter-corporate deposits, trade receivables, Cash and cash equivalents and other eligible assets.

#### Initial recognition and measurement:

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset (other than financial assets recorded at fair value through profit or loss) are included in the fair value of the financial assets. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date on which the group commits to purchase or sell the asset.

#### Subsequent Measurement:

**Financial Assets measured at amortised cost:** Financial assets held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on principal amount outstanding are measured at amortised cost using effective interest rate (EIR) method.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets. These financial assets are subsequently carried at amortized cost using the effective interest method, less any impairment loss. The EIR amortisation is recognised as finance income in the Statement of Profit and Loss.

Assets at amortised cost are represented by inter corporate deposits, trade receivables, security deposits, cash and cash equivalents and other eligible current and non-current financial assets.

**NOTES (CONTD...)**

(Amount in ₹ thousand unless otherwise stated)

**Financial assets at fair value through other comprehensive income (FVTOCI):** Financial assets held within a business model whose objective is achieved by both collecting the contractual cash flows and selling the financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payment towards principal and interest (SPPI) on principal outstanding are subsequently measured at FVTOCI. Fair value movements in financial assets at FVTOCI are recognised in other comprehensive income. However, the group recognises interest income, impairment losses & reversals and foreign exchange gain/loss in statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to profit and loss. Interest earned is recognised under the expected interest rate (EIR) model.

**Equity instruments other than investment in associates:** The management determines at the initial recognition of investments in Equity instruments whether to measure it at FVTPL or FVTOCI. However, the equity instruments held for trading are always classified at fair value through Profit or Loss (FVTPL). The classification of investments at FVTOCI is irrevocable. Fair value changes on equity instruments at FVTOCI, excluding dividends, are recognised in other comprehensive income (OCI). On derecognition of the equity instrument measured at FVTOCI, cumulative gain or loss previously recognised in OCI are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity.

**Financial assets at fair value through Profit or Loss (FVTPL):** Financial assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortised cost or at fair value through other comprehensive income. Fair value changes are recognised in Statement of Profit and Loss. Derivative financial instruments are always measured at FVTPL.

**Derecognition of financial assets:**

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for derecognition. On derecognition of financial asset in its entirety the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in Statement of Profit and Loss.

**Impairment of financial assets:**

Trade receivables, contract assets, receivables under Ind AS 109, investments in debt instruments that are carried at amortised cost, investments in debt instruments that are carried at FVTOCI are tested for impairment based on the expected credit losses (ECL) for the respective financial asset. ECL impairment loss allowance (or reversal) recognised during the period is recognised as income/expense in the Statement of Profit and Loss. The approach followed by the group for recognising the impairment loss is given below:

**i) Trade receivables**

An impairment analysis is performed at each reporting date. The expected credit losses over lifetime of the asset are estimated by adopting the simplified approach using a provision matrix which is based on historical loss rates reflecting current condition and forecasts of future economic conditions. The group estimates the following provision matrix at the reporting date:

Period past due	Default rate
0 to 6 months	0%
6 to 12 months	5%
more than 12 months	10%
doubtful receivables	100%

**ii) Other financial assets**

For recognition of impairment loss on other financial assets and risk exposure, the group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

**ii) Financial liabilities:**

Financial liabilities comprise trade payables and other eligible liabilities.

**Initial recognition and measurement:**

Financial liabilities are initially recognised at fair value. Any transaction costs that are attributable to the acquisition of the financial liabilities (except financial liabilities at fair value through profit or loss) are deducted from the fair value of financial liabilities.

**Subsequent measurement**

**i) Financial liabilities at amortised cost:** The group has classified the following under amortised cost:

- a) Trade payables
- b) Other eligible financial liabilities

Amortised cost for financial liabilities represents amount at which financial liability is measured at initial recognition minus the cumulative amortisation using the effective interest rate (EIR) method of any difference between that initial amount and the maturity amount.

**Financial liabilities at fair value through profit or loss (FVTPL):** Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The group has not designated any financial liability as at fair value through profit and loss.

### **Derecognition of financial liabilities**

A financial liability shall be derecognised when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

### **iii) Off setting of financial assets and financial liabilities:**

Financial assets and liabilities are offset and the net amount is presented in the balance sheet when, and only when, the group has a legal enforceable right to offset the recognised amounts and intends either to settle on a net basis or to realize the assets and settle the liability simultaneously.

### **iv) Reclassification of financial assets**

The group determines the classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorised as equity instruments at FVTOCI and financial assets or financial liabilities that are specifically designated at FVTPL. For financial assets, which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The management determines change in the business model as a result of external or internal changes which are significant to the group's operations. A change in the business model occurs when the group either begins or ceases to perform an activity that is significant to its operations. If the group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of immediately next reporting period following the change in business model. The group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

## **B. Inventories**

Inventories are valued as under:

**Land and plots** other than area transferred to construction work-in-progress of constructed properties are valued at lower of cost or net realisable value. Cost includes land acquisition cost and land development cost. Cost of land and plots is determined on specific identification basis.

**Construction work-in-progress** of constructed properties include the cost of land, internal development costs, external development charges, construction costs, overheads, borrowing cost, development/construction materials and is valued at lower of cost/estimate cost and net realisable value.

**Trading of real estate-** the cost includes purchase and other costs in bringing the inventory in their present location and condition. Cost is determined specific identification basis.

## **C. Property, Plant and Equipment**

Property, Plant and Equipment is carried at cost less accumulated depreciation and accumulated impairment losses. The cost comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price. Cost of self constructed asset include the cost of material, direct labour and any other costs directly attributable to bringing the asset to its working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located. Purchased software that is integral to the functionality of the related equipment is capitalised as part of the equipment.

Gains and losses on disposal of an item of Property, Plant and Equipment are determined by comparing the proceeds from disposal with the carrying amount of Property, Plant and Equipment and are recognised net within "Other income/ Other expenses" in the Statement of Profit and Loss.

The cost of property, plant and equipment not ready for intended use before such date are disclosed under capital work- in-progress.

### **Subsequent costs**

The cost of replacing part of an item of Property, Plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the group and its cost can be measured reliably. The carrying amount of the replaced part is de-recognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss.

### **Depreciation**

Depreciation on property, plant & equipment other than in relation to Chembur project is provided pro-rata to the period of use, on the Straight Line Method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

Depreciation on tangible assets in relation to Project at Chembur, Mumbai is provided on the Written Down Value method rates worked out based on the useful life and in the manner prescribed in the Schedule II to the Companies Act, 2013.

The estimated useful lives of assets for the current and comparative period of significant items of property, plant and equipment are as

**NOTES (CONTD...)**

(Amount in ₹ thousand unless otherwise stated)

follows:

Category	Useful life (Years)
Buildings	60
Furniture & Fixture	10
Plant & Machinery	15
Office Equipment	5
Computer	3
Vehicles	8

The group follows component approach as envisaged in Schedule II to the Companies Act, 2013. The approach involves identification of components of the asset whose cost is significant to the total cost of the asset and have useful life different from the useful life of the remaining assets and in respect of such identified components, useful life is determined separately from the useful life of the main asset.

Assets acquired under finance lease and leasehold improvements are amortized over the lower of estimated useful life and lease term.

Depreciation on additions is provided on a pro-rata basis from the month of acquisition/installation. Depreciation on sale/deduction from property, plant & equipment is provided for up to the date of sale/adjustment, as the case may be.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

The depreciation method, useful lives and residual value are reviewed at each of the reporting date.

Advances paid towards the acquisition of property, plant and equipment outstanding at each consolidated Balance Sheet date is classified as capital advances under other non-current assets and the cost of assets not ready to use before such date are disclosed under 'Capital work-in-progress'. Repairs and maintenance costs are recognized in the Statement of Profit and Loss when incurred. The cost and related accumulated depreciation are eliminated from the consolidated financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit and Loss.

**D. Intangible assets**

Intangible asset are carried at cost of acquisition less amortisation. The cost of an item of intangible assets comprises its purchase price, including import duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

**Amortisation of Intangible assets**

Intangible assets are amortised on straight line method on pro-rata basis over a period of three years.

**E. Investment property**

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

The group depreciates building component of investment property over 60 years from the date of original purchase as per the requirement of Schedule II of the Companies Act, 2013. The leasehold investment properties are amortised over the term of the lease.

Though the group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

**F. Investment in associate**

Investment in associate is recognised at cost less impairment. Dividend income from associate is recognised when its right to receive the dividend is established.

**G. Foreign currency transactions and balances**

Transactions in foreign currencies are initially recognised in the consolidated financial statements using exchange rates prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the relevant functional currency at the exchange rates prevailing at the reporting date. Non- monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate prevailing on the date that the fair value was determined. Non- monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction. Foreign currency differences arising on translation are recognised in the Statement of Profit and Loss for determination of net profit or loss during the period.

**H. Borrowing costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of that asset. Other borrowing costs are recognized as expenses in the period in which they are incurred. To the extent the group borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the group determines the amount of borrowings costs

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

eligible for capitalization by applying a capitalization rate to the expenditure incurred on such asset. The capitalization rate is determined based on the weighted average of borrowing costs applicable to the borrowings of the group which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing costs that the group capitalizes during a period does not exceed the amount of borrowing costs incurred during that period.

### I. Leases

#### The group as a lessee

The group's lease asset primarily consist of lease for building. The group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the group assesses whether: (i) the contract involves the use of an identified asset (ii) the group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the group has the right to direct the use of the asset.

At the date of commencement of the lease, the group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates of the group. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows for the purpose of Cash Flow Statement

#### The group as a lessor

Leases for which the group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

### J. Deposits provided to lessor

The group is generally required to pay refundable security deposits in order to obtain property leases from various lessor. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of the deposit is recognized as a lease prepayment. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments.

Subsequent to initial recognition, the security deposit is measured at amortized cost using the effective interest method with the carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognized as interest income. The lease prepayment is amortized on a straight line basis over the lease term as lease rental expense.

### K. Revenue

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Revenue from the sale of Flat/Plots is measured at the amount of consideration to which an entity expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, GST etc).

Interest income is recognized as it accrues in Statement of Profit and Loss using the effective interest method.

### L. Impairment of non-financial assets

The carrying amount of the group's non-financial assets, other than deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

**NOTES (CONTD...)****(Amount in ₹ thousand unless otherwise stated)**

The recoverable amount of an asset or cash generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risk specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from the continuing use that are largely independent of cash inflows of other assets or group of assets (the cash generating unit).

An impairment loss is recognized if the carrying amount of an asset or its cash generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment losses are recognised in respect of cash generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit or group of units on a pro rata basis.

**Reversal of impairment loss**

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

**M. Earnings per share (EPS)**

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the period.

Diluted earning per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

**N. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash on hand, cash at banks, demand deposits, short-term deposits with a balance maturity of three months or less as at the balance sheet date, which are subject to an insignificant risk of changes in value.

For the purpose of Statement of Cash Flows, cash and cash equivalents comprise cash on hand, cash at banks, demand deposits, short-term deposits with balance maturity of three months or less from the balance sheet date and other short term investments, that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

**O. Employee Benefits****i) Short Term Benefits**

Employee benefits (other than post employment benefits) which fall due wholly within twelve months after the end of the year in which the employees render the related service are recognized at the amount expected to be paid for it.

**ii) Post Employment Benefits**

The group participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans. Under a defined contribution plan, the group's only obligation is to pay a fixed amount with no obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits. The related actuarial risks fall on the employee. The expenditure for defined contribution plans is recognized as expense during the period when the employee provides service. Under a defined benefit plan, it is the group's obligation to provide agreed benefits to the employees. The related actuarial and investment risks fall on the group. The present value of the defined benefit obligations is calculated using the projected unit credit method.

The group has the following post employment benefit plans:

**Gratuity**

In accordance with the Payment of Gratuity Act, 1972, the group provides for a lump sum payment to eligible employees, at retirement or termination of employment based on the last drawn salary and years of employment with the group. The group's obligation in respect of the gratuity plan, which is a defined benefit plan, is provided for based on actuarial valuation using the projected unit credit method. Actuarial gains or losses are recognized in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

**iii) Other long term employee benefits****Earned Leave Encashment and Sick Leave**

The employees of the group are entitled to earned leaves and sick leaves. The employees can carry forward a portion of the unutilised earned leaves and utilise it in future periods or receive cash at retirement or termination of employment. The employees can carry forward the unutilised sick leaves and utilise it in future periods and it lapses at retirement or termination of employment. The group records an obligation for earned leave and sick leaves in the period in which the employee renders the services that increases this entitlement. The group measures the expected cost of earned leave and sick leave as the additional amount that the group expects to pay as a result of the unused entitlement that has accumulated at the end of the reporting period. The group recognizes accumulated earned leave and sick leave based on actuarial valuation. Non-accumulating leave encashment are recognized in the period in which the absences occur. The group recognizes actuarial gains and losses immediately in the statement of profit and loss.

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

### P. Provisions & Contingencies

A provision arising from claims, litigation, assessment, fines, penalties, etc. is recognised when the group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. When there is a possible obligation or present obligation where the likelihood of an outflow is remote, no disclosure or provision is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. A contingent asset is disclosed, where an inflow of economic benefits is probable.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognized as an asset, if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

### Q. Income Taxes

Income tax comprises current tax and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

#### Current tax

Current tax for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities based on the taxable income for the period. The tax rates and tax laws used to compute the current tax amount are those that are enacted or substantively enacted by the reporting date and applicable for the period. The group offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis or to realize the asset and liability simultaneously.

#### Deferred tax

Deferred tax is recognized using the balance sheet approach. Deferred tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in consolidated financial statements, except when the deferred tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profits or loss at the time of the transaction.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred tax liabilities are recognized for all taxable temporary differences.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

	As at 31-03-2022	As at 31-03-2021
Investment properties	259,720.85	246,780.00

#### Estimation of fair value

The holding company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the company considers information from a variety of source including:

- Current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences
- Capitalised income projections based upon a property's estimated net market income and a capitalisation rate derived from an analysis of market evidence

The fair values of investment properties have been determined by an accredited registered valuer as defined under rule 2 of Companies (Registered Valuers and Valuation) Rules, 2017, holding the recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued. The main inputs used are the local enquiries and prevailing market trends adjusted for location, size, utility, condition and other factors having influence over the fair value. All resulting fair value estimates for investment properties are included in level 3.

	<b>I. Gratuity</b>	

The group operates an unfunded gratuity plan. Every employee is entitled to a benefit equivalent to fifteen days salary last drawn for each completed year of service in line with the Payment of Gratuity Act, 1972 or group scheme whichever is beneficial. The same is payable at the time of separation from the Company or retirement, whichever is earlier. The benefits vest after five years of continuous service.

- a. The liability is determined based on actuarial valuation using the Projected Unit Credit Method as at the balance sheet date, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- b. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, is based on market yields on Government securities as at the balance sheet date.
- c. Actuarial gains and losses are recognised immediately in other comprehensive income in Statement of profit and loss. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs.

### Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such group is exposed to various risks as follows:

Discount rate	Reduction in discount rate in subsequent valuations can increase the plan's liability.
Mortality & disability	Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
Withdrawals	Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.
Salary increase	Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

### Sensitivity Analysis

Particulars	31.03.2022	31.03.2021
<b>a) Impact of the change in discount rate</b>		
Present Value of Obligation at the end of the period	9,096.76	6,936.80
a) Impact due to increase of 0.50%	(81.88)	(49.32)
b) Impact due to decrease of 0.50%	86.85	53.54
<b>b) Impact of the change in salary increase</b>

The fair value of the financial assets and liabilities is determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The management assessed that fair value of trade receivables, trade payables, cash and cash equivalents and other bank balances, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments and the transactions being entered into at arm's length. In respect of loans, the fair value equals the carrying value as the risk management mechanism established by the group indicates that no credit losses in the value of these loans. The fair value of lease liabilities is also considered to be equal to its book value.

The fair value of investments in mutual fund is determined on the basis of NAV of mutual fund declared on the last day of the financial year. The fair value of the equity instruments measured at FVTOCI is determined on the basis of the valuation report of an independent valuer who determines the value as per the financials of the investee, use of available fair values of the investee's assets, assumptions suitable to the method of valuation adopted and key data from the management of the investor for valuation purposes as obtained from the investee.

**42 FAIR VALUE HIERARCHY**

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents the fair value measurement hierarchy of financial assets and liabilities measured at fair value on recurring basis as at 31<sup>st</sup> March, 2022 and 31<sup>st</sup> March, 2021.

Quantitative disclosures of fair value measurement hierarchy for assets as at 31<sup>st</sup> March, 2022 and 31<sup>st</sup> March 2021:

Particulars	Financial assets measured at FVTPL	Financial assets measured at FVTOCI	Assets for which fair value is disclosed
	Investment in Mutual funds	Investment in equity instruments	Investment properties
Carrying Value as at 31st March, 2022	20,794.70	129,629.96	23,257.21

**43 FINANCIAL RISK MANAGEMENT**

The group's principal financial assets include investment in equity instruments and mutual funds, Inter-corporate deposits, trade receivables, other receivables and cash & bank balances.

The group's principal financial liabilities comprise trade payables, creditor for expenses and other financial liabilities. These other financial liabilities mainly comprise of creditors for expenses and employee benefits payable.

The group's activities expose it to credit risk and liquidity risk. The group is not exposed to any market risk, neither in form of interest rate risk as the debt instruments issued by the group (i.e. intercorporate deposits) bear a fixed rate of interest as per the inter-corporate deposit agreements nor any foreign exchange risk. The different types of risk the group is exposed to are as follows:

**(i) Credit risk**

Credit risk is the risk that customer or counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The group's significant credit risk concentration is in its trade receivables and loans given [i.e. intercorporate deposits (ICD)] and interest receivable thereon aggregating to ₹ 3,89,819.07 thousand as at March 31, 2022 i.e., 15.61% ( ₹ 12,79,226.12 thousand as at March 31, 2021 i.e., 53.14%). The objective of managing counter party credit risk is to prevent losses in financial assets. The group assesses the credit quality of the ICD parties on regular basis by analysing their default pattern, reviewing annual financial performance and creditworthiness as evident from their financial statements. The group regularly assesses the increase in risk of default since initial recognition. The group considers a default of more than 6 months as an indicator for increased risk of default requiring the assessment of expected credit losses and resulting impairment, if any. The group uses a provision matrix to compute

## NOTES (CONTD...)

(Amount in ₹ thousand unless otherwise stated)

the expected credit losses (ECL) for trade receivables. The provision matrix takes into account internal and external credit risk factors and the group's historical experience for customers.

However, as at the date of balance sheet all parties were regular in meeting their contractual obligations and none of the financial assets are credit impaired. Credit risk on cash & cash equivalents and other bank balances is limited as the group holds these deposits with scheduled banks with high credit ratings.

Investments are primarily in equity instruments of companies. The management regularly values the investments from independent professional valuers to determine any impairment in the value of investments. Further, the group invests on short term basis in mutual funds having high credit rating from domestic credit rating agencies.

### Exposure to credit risk

The gross carrying amount of financial assets, net of any impairment recognised represents the maximum credit exposure. The maximum credit exposure as at 31.03.2022 and as at 31.03.2021 is as follows:

Particulars	As at 31-03-2022	As at 31-03-2021
Investments (Non current and current)	150,424.66	164,559.66
Loans (Non current and current)	379,373.30	1,049,551.81
Other financial assets (Non current)	1,007.30	1,007.30

Others financial assets	89,827.16	62,172.50
<b>Total</b>	<b>2,497,158.63</b>	<b>2,464,994.90</b>

### (ii) Liquidity risk

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they become due. The group does not have any significant financial liability as at March 31, 2022 or March 31, 2021 and group has enough liquid funds in the form of cash and cash equivalents to meet its financial obligations as and when they become due. The group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

As at March 31 2022, the group had a working capital of ₹ 32,94,496.38 thousand (Previous year ₹ 24,88,003.59 thousand). Further, the Group has substantial pool of highly liquid financial assets like cash & cash equivalents, trade receivables and short term investments in mutual funds aggregating to ₹ 1,27,320.90 thousand (Previous year ₹ 2,49,633.33 thousand) as against the total current liabilities of ₹ 46,524.05 thousand (Previous year ₹ 94,704.27 thousand) which clearly establishes very strong liquidity position of the group.

The maturity analysis of the financial liabilities of the group as at 31.03.2022 is given as below:

Particulars	As at 31.03.2022		
	Less than 1 Year	1-2 Years	2 Years and above
