Powering Competencies, Aiming Higher

Driving quality excellence with state-of-the-art manufacturing

Quality is sacrosanct at Paramount. Our robust manufacturing infrastructure is supported by in-house process control systems that are run by quality assurance experts.

Manufacturing infrastructure

Our plants are ISO 9001:2015 quality and ISO 14001:2015 environmental certified by URS and have large manufacturing capacities, enabling us to cater to the growing global demand. These facilities are equipped with advanced machinery and testing equipment, including that for fire-retardant, low-smoke PVC compounds and for electrical testing. We have stringent process controls and quality assurance experts who maintain high scrutiny across the entire process chain.

Our product accreditation

Indian accreditation / approvals

- Bureau of Indian Standards (BIS)
- Telecom Engineering Centre
- Research Designs & Standards Organization for Railways
- NTPC and PGCIL for Power Cables

International accreditation / approvals

- British Approvals Service for Cables (BASEC) - LV Power Cables
- BASEC and Loss Prevention Certification Board (LPCB) - Fire Survival Cables
- UL - Service Entrance Cables and Thermoset Insulated Wires & Cables
- IEC, EN & TUV - Solar Cables

International product manufacturing standards

- British Standard Specifications (BSS)

Powering innovation

We are in a very rapidly evolving field of manufacturing, with a need for agile scaling. Our strong innovation drive enables us to meet diverse client requirements across the globe, with a wide range of pioneering and ingenious products

R&D competence

Our strong research drive and highly competent team of people enable us to consistently develop customized products that are superior in quality and performance. With this advantage, we have built a strong brand equity and a reputation that 'if a product is from Paramount, it must be very good'. This trust is a vital asset for us.

A track record of developing unique products and capabilities

1st in India to develop...

Four Quad Axle Counter Cables for telecom and signalling network in the Indian railways in 1985

Environment-friendly electrical housing wires with the following properties:

- Only Indian cables brand with lead-free PVC, making it non-toxic and safe
- 99.97% pure copper with high quality and 100% conductivity for energy saving
- Low smoke and gas emission
- No release of halogen into the atmosphere, ensuring protection of ozone layer

We are one of the very few brands globally having certificate of conformity from both BASEC and LPCB for Fire Survival Cables

One of the few companies globally to manufacture the highest rated 'F120' i.e. 120 minutes Fire Survival Cables having the following properties:

- Resistant to fire temperatures of 950°C for two hours
- Resistant to fire with intermittent water spray mimicking fireman's water hose
- Resistant to fire with mechanical impact mimicking falling stones / debris
- Combination of resistance to fire with mechanical impact and water jet spray at a temperature of 830°C for duration of two hours limits the generation of toxic gases and fumes that hinder fire-fighting and rescue operations

Working out a strategy for better future

Intensify R&D and product development

Expand retail business in terms of both market share in existing regions as well as adding new territories

Target EPC opportunities in the telecom and power segments

Grow our export base for power and telecom cables

Demonstrating Marine and Technical Prowess with a Marquee Project

Successfully executing a prestigious project and becoming the first Indian Company to repair a submarine cable

In February 2018, the 330 km long Bharat Lanka Undersea Cable System (BLCS) connecting India and Sri Lanka met with a fault near Tuticorin. Carrying Indian data traffic to Sri Lanka, the link laid in 2006 and jointly owned by BSNL and Sri Lanka Telecom, is of strategic importance. This made its timely and faultless repair essential. Typically, such work, requiring technical expertise has been handled by global companies. However, Paramount Cables took up the challenge. Leveraging the excellence of our marine and technical teams, we successfully delivered the project, becoming the first Indian company to repair an undersea cable system. With this execution, we now possess all technical and marine capabilities and expertise to repair any undersea cable across the Indian ocean. This is critical in making India a self-dependent country for such specialized services.

Always on the Move, Targeting Growth Opportunities

Operating in a competitive era, we constantly review and strengthen internal factors along with assessing the external business scenario to ensure sustainability. We will continue to consolidate existing product areas and identify potential growth areas. We will also keep investing in new markets and new products.

Optical fiber cables for a faster world

India is witnessing a massive digitalization initiative. The Government's initiatives of 100 smart cities and covering of all villages in India with Internet connectivity are driving demand for optical fiber cable. Further, the Government has come up with a National Digital Communications Policy focused on providing high-speed broadband that, on implementation, will further drive demand for high-value cables.

Paramount advantage

We have long been a leader in wiring and cabling solutions for the telecom sector. Our optical fiber telecom cables have a solid reputation for high quality and lasting performance.

Domestic building wires for a safer home

Real estate, having been in a slumber following the implementation of RERA and GST, is steadily rebounding, especially in the affordable housing segment, which has been incentivized with tax benefits, subsidies, and lowering of GST. This segment is also getting the push to fulfill the Government's vision of Housing for All. With an estimated housing shortage of 63-65 Million units in the rural areas and 44-48 Million units in urban areas, the affordable housing segment is likely to witness strong growth; that in turn will boost demand for building wires.

Paramount advantage

A unique product offering, being the only Indian brand with non-toxic, lead-free PVC technology, along with a robust dealer network gives Paramount a sharp competitive edge in the housing wires market.

EPC focus for a holistic solution

With the Government targeting to make India a US\$ 5 Trillion economy by FY 2024-25, significant investments will be required in the infrastructure segment to support the economic growth momentum.

Though the opportunity will be huge, projects are likely to get larger and more complex, and will come with stringent quality, cost, and delivery specification. Companies with engineering, procurement, construction (EPC) capabilities will thrive in this market.

Paramount advantage

We have experience in executing EPC projects for telecom, power, and railways segments. We are focused on scaling our capabilities and operational efficiency to enhance our competitiveness.

Solar cable for a greener tomorrow

India has set an unprecedented record in installing new power capacities to meet the Government's objective of power for all. As the Indian economy grows, the demand for power will continue to surge. This will require an increase in capacities along with the creation of transmission and other infrastructure. To control pollution, the focus will be on building more renewable energy facilities. The Government has set an ambitious target of installing 100 GW of solar power capacity by 2022, up from 29.55 GW as on 30th June, 2019. Thus, mega opportunities are likely in the solar power segment.

Paramount advantage

We have leveraged our inherent advantage in the power cabling segment to build a strong portfolio of solar cables. We intend to ramp up production of these cables to cater to the growing demand.

Message from the Chairman and CEO

Sanjay Aggarwal provides insights into the Company's turnaround, its performance and how it is moving further ahead to unleash potential and drive mega opportunities.

Dear Stakeholders,
It is my pleasure to report another successful year of operations which saw your Company unleashing its true growth potential.

It is said, "Get the basics right and the results will follow." This has always been the policy at Paramount Cables, and it has always kept us going even in the toughest times. I am pleased to tell you that once again, this strategy has helped us overcome huge challenges and emerge stronger and wiser.

To fully realise the significance of this year's positive results, we need to look back for a moment at the sudden and catastrophic global financial and commodities meltdown of 2008. That event put us in a very vulnerable position, coming soon after we had made a major acquisition investment in the United Kingdom, and led to years of losses, net worth erosion, ballooning of debt, and liquidity issues. What helped us navigate those stormy seas were the basics – we maintained the strong operational performance that our Company has been renowned for over six decades; we launched new products with better features and quality; improved our supply reliability; and improved cost efficiencies. Thanks to our sustained efforts, we managed to retain all our customers and markets, and our brand equity for product excellence remained intact.

The result showed in our financial performance achieving record levels just one year after the successful corporate debt structuring in FY2017-18 which helped us bring down debt by 65%. We also benefited from strong demand for our products. This, backed by our initiatives

Our value proposition of quality and competitive pricing along with global certifications are contributing to greater acceptance of our products in several international markets.

to reinforce competitiveness, contributed to better sweating of assets. Total revenues grew by 41% to reach ₹ 6,178 Million, led by higher execution of institutional orders. A healthier balance sheet position with lower debt costs meant a stronger bottom-line growth. Operating profit increased from ₹ 10 Million in FY 2017-18 to ₹ 455 Million in FY 2018-19 and profit after tax grew by 99% to ₹ 292 Million. We were able to further bolster our net worth position, which now stands at ₹ 1,414 Million as on 31st March, 2019, higher by 64% over the previous year.

Our performance in FY 2018-19 reiterates the strength of our business model. Having said that, we continue to explore ways to make it still more robust, taking valuable lessons from the experiences gathered on our journey. First, we are focused on growing the retail business, in which we provide fire retardant and lead-free home wiring solutions. The performance and safety factors of these wires make them stand out in the market and help fuel demand. Progressing well with this strategy, we have worked on increasing our market reach. These products are now sold across Indian markets through a large network of dealers and distributors.

Second, we are trying to grow the export business. Our value proposition of quality and competitive pricing along with global certifications are contributing to greater acceptance of our products in several international markets. We are expanding the distribution network to ensure deeper penetration in existing markets as well as to enter newer markets.

Alongside these initiatives, we are nurturing our domestic institutional business, where we are seeing increasing opportunities led by several Government initiatives such as Internet connectivity, power for all, and modernization of the railway infrastructure. This has spurred demand for telecom, power, and railway cables. We won several prestigious orders and closed the year with an order book of ₹ 2,549 Million as on 31st March, 2019.

We remain strongly enthused by the developments in these segments. In the telecom segment, customs duty hike on imported optical fibers is a welcome move and augurs well for the domestic players as India targets a massive countrywide connectivity programme. In the power sector, the demand for electricity is expected to increase to 1.8 Trillion units as the country accelerates its growth trajectory, aiming to become a US\$ 5 Trillion economy by FY 2024-25. This will necessitate an investment of ₹ 5 Trillion in power transmission. In railways, plans to build and modernize metro rail networks in several cities are opening massive opportunities.

Preparing for the opportunity

Paramount has always been a proactive organization. Despite passing through financial challenges, we have succeeded in getting several things right, foreseeing the growth that would follow the slowdown. Our well-thought-out actions enabled us to retain and grow our market position and ensure the sustainability of our business. We have identified future growth areas, where, led by our in-house research and development capabilities, we have built

a robust product portfolio of superior products. We have created a presence in newer, promising markets in the country and overseas. We have extended our business offerings to multiple sectors and customer segments. These initiatives are not just boosting our growth, but are also adding strength to our business model through diversification.

As we move forward, innovation will continue to be the cornerstone of our success. Our firm endeavor has always been to be a step ahead of the industry with our product range. We will continue to enhance and expand our portfolio to meet the ever-changing requirements in terms of quality, new applications, new features and better performance. We are also working on more creative ways to improve operational efficiency and reduce costs.

Closing note

I thank all our stakeholders for their steady support. The future is bright. We have successfully weathered the crisis and emerged stronger. We are competitively placed as a preferred partner to B2B clients and a go-to brand for the B2C customers. With our strong operational set-up and reinforced business model, we are progressing in the right direction. We have in place all the right building blocks to grow and maximize value for all stakeholders. The focus will now be on executing our strategies with more vigour and deeper insight.

Warm regards,

Sanjay Aggarwal

Striving for Better Communities

Empowering Children and Women

We sponsored Kalakar Foundation Women's NGO in conducting a drawing competition for girl students, giving them an opportunity to express their thoughts towards the society. The initiative received tremendous support and participation. We also aid the education and vocational training for the youth, helping them find employment and become self-reliant.

Promoting Health and Sanitation

We undertook the distribution of medical masks among street vendors, hawkers, and impoverished street children to offer them protection from pollution. We promoted Swachh Bharat Abhiyan by distributing recyclable disposal bags to vehicles at traffic signals in order to discourage littering on the roads. We also undertook various countrywide programmes to spread awareness on general health and hygiene.

Nurturing Communities

We donated for building check dams in Haryana, Rajasthan, and Uttar Pradesh. We have helped construct a total of 27 check dams in association with the PHD Chamber of Commerce & Industry and Rotary, positively touching the lives of more than 25,000 villagers. We undertake regular distribution of fans, furniture, toilet fittings, water pumps, and playground equipment for Government schools, along with sponsoring education, medical aid and sports activities.

Management Discussion and Analysis

ECONOMIC OVERVIEW

Global Economy

The broad-based cyclical growth witnessed in the preceding two years lost momentum in 2018. Deceleration is mainly attributable to heightened trade tensions and tariff hikes between the United States (US) and China, poor business confidence, tightened financial conditions and greater policy uncertainty across economies. World economic growth came in at 3.6% in 2018, down from 3.8% in 2017. Growth in advanced economies was at 2.2% in 2018, slightly lower than the 2.4% in 2017. Growth in emerging markets and developing economies was 4.5% in 2018, as compared to 4.8% in 2017. China's growth was negatively impacted led by needed regulatory tightening to restraint shadow banking and heightened trade tensions with the US.

In 2019, world economic growth is likely to dip to 3.2% with early signs of pick-up in the second half. Positive stance rides on an accommodative policy outlook in advanced economies, likely easing of trade tensions between the US and China post the G20 summit and ramped up fiscal and monetary stimulus in China. Global growth is expected to scale up to 3.5% in 2020.

(Source: IMF World Economic Outlook, July 2019)

Indian Economy

The Indian economy continued on its robust growth trajectory emerging as the fastest growing major economy in the world, despite the global economy battling headwinds. As per the Central Statistics Office's (CSO) provisional estimates, India's Gross Domestic Product (GDP) is expected to have grown at 6.8% in FY 2018-19, versus 7.2% in FY 2017-18. Pressure on growth was seen mainly in the second half attributable to weak agricultural output, poor consumer spending impacted by stress in non-banking finance segment, low investments, and manufacturing sector weakness. Growth is expected to accelerate led by support from prudent macroeconomic policies on both fiscal and monetary fronts. India's ranking on the World Bank's 'Ease of Doing Business' report improved for the second straight year, jumping 23 places to the 77th position led by structural reforms related to insolvency, taxation and other areas.

Focused on supporting the economy and driving consumption, the Government in its interim Union Budget 2019-20 stressed on supporting farmers, economically weak sections, workers in the unorganized sector and salaried employees. The Government also continued to push for better physical and social infrastructure by allocating ₹ 5.97 Lakh Cr to the segment with all-time high allocations to the rail and road sectors. The year witnessed

significant development in infrastructure segment. Under the Smart Cities Mission, projects worth ₹ 2,350 Cr have been completed and projects worth ₹ 20,852 Cr are under progress. Around 35,000 km of road construction has been approved under the Phase-1 of the Bharatmala Pariyojana at an estimated cost of ₹ 5.35 Lakh Cr. Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. The Government in its Union Budget July 2019 have announced ₹ 100 Lakh Cr on infrastructure over the next five years and ₹ 50 Lakh Cr on Railways between FY 2018-30.

India's GDP is expected to reach US\$ 5 Trillion by FY 2024-25 and achieve upper-middle income status on the back of digitization, globalization, favorable demographics and other structural reforms. As per a Boston Consulting Group report, India is expected to be the third-largest consumer economy as its consumption is likely to triple to US\$ 4 Trillion by 2025, owing to shift in consumer behavior and expenditure pattern. IMF forecasts the India's GDP to grow at 7.3% in FY 2019-20 with industrial capacities running at above average utilization and expectations of revival in capital investments. Consumer demand is expected to remain at a heightened level with good support from industrial and services sectors in FY 2019-20.

INDUSTRY OVERVIEW

Steady and robust GDP growth portends well for all the industry sectors, including wires and cables. The Government's focus on Power for All, rural electrification, improving infrastructure, along with robust spurt in the number of electrified households, improved lifestyles and new opportunities are propelling the demand for cables and wires and electrical items. The Indian wire and cable industry having grown at around 14-15% CAGR in the last five years is expected to accelerate to 15-16% CAGR in the next five years, catapulting the market from ₹ 49,000 Cr to ₹ 100,000 Cr. (Source: Wires & Cable India)

Opportunities

The wires and cables market in India comprises nearly 40% of the electrical industry and is growing strongly as a result of growth in the power and infrastructure sectors. These sectors have been witnessing robust growth owing to the boost provided by the recent policy and regulatory initiatives as well as ambitious Government schemes. The Government has announced an expenditure of ₹ 100 Lakh Cr over FY 2019-24 into infrastructure. The Government schemes include Ujjwal Discom Assurance

Yojana (UDAY), 'Deendayal Upadhyaya Gram Jyoti Yojana' (DDUGJY), the Integrated Power Development Scheme (IPDS) and the 'Pradhan Mantri Sahaj Bijli Har Ghar Yojana' (PMSBHGY). Under DDUGJY, the Government has achieved the electrification of almost all villages in the country.

The Transmission and Distribution (T&D) sector continues to remain in focus, especially with the outlay of ₹ 2.6 Lakh Cr announced by the Government for the five-year period ending FY 2022. The plan includes an estimate of ₹ 30,000 Cr to be invested in transmission systems below 220 KV, of which ₹ 1.6 Lakh Cr would be invested by the States and the remaining amount by Power Grid Corporation of India. The Government is planning to increase the size of projects and scope of work in transmission. Inter-state lines with capacity of around 56,000 MW are being planned by the end of the 13th plan. There is also a sharper focus on high voltage transmission lines along with the Government's aim to provide 24x7 power, which is opening up opportunities in the sector. Electricity distribution companies (DISCOMs) which have joined the UDAY scheme are expected to improve their T&D infrastructure through renewed investments. The Government's target of generating 100 GW of solar energy by 2022 and measures such as excise duty exemption for ferro-silicon magnesium used for manufacturing components for wind-operated electric power generators are augmenting the demand for electrical wires and cables.

Further, the Indian Railways' 'Mission 41K', aimed at saving ₹ 41,000 Cr energy consumption expenditure over 10 years, has generated significant potential for Indian wires and cables industry through electrification of 38,000 km route. The Government has estimated a spend of ₹ 50 Lakh Cr during FY 2018-30 on Railways infrastructure, which shall greatly enhance the demand for railway cables.

The Government's continued emphasis on Digital India and the Bharat Net project to connect each of the 2.5 Lakh villages in the country with optical fiber is providing a strong demand for optical fiber cables. Additionally, the Government's 'Smart City' project is expected to propel large-scale growth in infrastructure, telecom, power generation, T&D, engineering and automotive sectors.

Outlook

Paramount's main focus areas for its product demand are power, railways and telecommunications sectors. The future prospects of the respective sectors are as follows:

Power Sector

India has the fifth largest power generation capacity in the world. The country ranks third globally in terms of electricity production. India's rank jumped to 24 in 2018 from 137 in 2014 on World Bank's Ease of Doing Business – 'Getting Electricity' ranking. Renewable energy is fast emerging as a major source of power in India. India has successfully achieved 99.9% household electrification as on 31st March 2019, under the Saubhagya Scheme. The Government aims to achieve 175 GW capacity in renewable energy by 2022, which includes 100 GW of solar power and 60 GW of wind power. Coal-based power generation capacity, which currently stands at 190 GW is expected to reach 330-441 GW by 2040. All the states and union territories of India are onboard to fulfil the Government of India's vision of ensuring 24x7 affordable and quality power for all. India's power sector is forecasted to attract investments worth ₹ 9-9.5 Trillion between FY 2019-23. Total Foreign Direct Investments (FDIs) inflows in the power sector reached US\$ 14.22 Billion during April 2000 to December 2018, accounting for 3.48% of total FDI inflows in India. These initiatives will bolster the demand for power cables.

Railways

The Indian Railways is among the world's third-largest rail network. The Indian Railways route length network is spread over 115,000 km, with 12,617 passenger trains and 7,421 freight trains running each day. The Government made the highest ever capital-expenditure allocation of ₹ 1.58 Lakh Cr for the railways in the interim budget. The capital support from the budget for the railways is proposed to be ₹ 64,587 Cr. The Government is also focused on investing on railway infrastructure by making investor-friendly policies like enabling FDI in railways to improve infrastructure for freight and high-speed trains. In the next four to five years, Indian Railways plans to undertake 22,825 km of new line and 12,215 km of line doubling, besides, electrifying 38,000 km of railway network. Also, 3,360 km of Dedicated Freight Corridor (DFC) is expected to be commissioned by 2020. The eight proposed high speed rail (HSR) projects will entail a total investment of at least ₹ 13 Trillion over the next 15-20 years. In addition, nine semi HSR projects are in the planning stage. All-inclusive, the railways sector in India is poised to become one of the major drivers for economic growth in the country. The network expansion and decongestion plans are expected to create huge opportunities for the cables and wires market.

Telecommunications

India is the world's second-largest telecommunications market with a subscriber base of 1.20 Billion attracting huge investment

interest. With rapidly growing subscriber base, there have been a lot of investments and developments in the sector. The industry has attracted FDI worth US\$ 32.45 Billion during the period April 2000 to December 2018 as per Department of Industrial Policy and Promotion (DIPP). The country has witnessed six-fold increase in Government spending on telecommunications infrastructure and services in the country – from ₹ 9,900 Cr during FY 2009-14 to ₹ 60,000 Cr during FY 2014-19. Also, countrywide Optical Fiber Cable (OFC) coverage has doubled from 700,000 km to 1.4 Million km. The Government's 100 smart city project requires the Internet of Things (IoT) to play a vital role in development of those cities. The National Digital Communications Policy 2018 has envisaged attracting investments worth US\$ 100 Billion in the telecommunications sector by 2022. Bharat Net initiative, estimated to cost ₹ 45,000 Cr is planned to provide high-speed broadband connectivity to all the panchayats. These initiatives bode well for the cables and wires market.

Building, Construction and Real Estate

The year 2018 saw a fair revival in the residential market, led by new launches and sales in the affordable housing sector, which is projected to continue driving the market growth in 2019. The main focus was on ensuring affordable housing, balancing the impact of Goods and Services Tax (GST) and improving sales. However, the sector was impacted by the fallout of the liquidity crisis of Non-Banking Finance Companies (NBFCs). In addition to granting infrastructure status to the segment, a substantial GST rate cut was brought about to boost real estate segment. For under-construction flats that do not come under affordable housing segment, the GST has been reduced to 5% without input tax credit (ITC) compared to 12% with ITC earlier. For under-construction affordable homes, the rates have been reduced to 1% without ITC compared to 8% with ITC earlier. The Government also extended the benefit of Credit Link Subsidy Scheme (CLSS) on home loans for the middle income group under the Pradhan Mantri Awas Yojana (PMAY) Urban till the end of March 2020. These initiatives are expected to drive demand for house wires.

Risk Management

Risk management is an inherent feature of any business. Paramount operates in a highly competitive environment which is largely affected by the changes in Government policies and regulations.

Some of the key risks identified by the Company are as follows:

Business Risk

Globally, optical fiber cables demand has grown exponentially resulting in product shortage. To mitigate the risk of short supply and ensure business continuity, the Company has entered into long-term contracts with fiber manufacturers.

Technology Risk

Manufacture of cables continues to be a basic process without much technological advancement. However, product performance has been the key area of technological improvements. The Company gives utmost importance to technology and closely monitors the latest technological developments in the space to remain competitive and carve out its niche. Robust in-house process control systems assure committed quality assurance.

Financial Risk

The Company has adequate control systems which facilitate effective management of financial risks and monitoring of optimal inventory levels to reduce the impact of raw material

price volatility and ensure lower cost of capital. The Company also continues to undertake operational and cost optimization measures to drive improved performance.

Foreign Exchange Fluctuation Risk

Being a major exporter and having import dependence for raw materials, the Company is exposed to risks arising from fluctuations in exchange rates. The Company practices adequate hedging combined with continuous tracking of currency movements to minimize impact of adverse exchange rate fluctuations.

Competition Risk

Led by strong growth prospects of the wire and cable demand in the country, competition has significantly stepped up in the space. The Company has ringfenced itself with its differentiation of high quality, innovation, value pricing, supply reliability and advantage of one-stop supplier for multiple product range. This has enabled the Company to create a strong brand equity and transform challenges into opportunities. The Company also follows a proactive strategy in responding to competitors, which enables the Company to stay ahead of competition.

INFORMATION TECHNOLOGY

Dynamic information technology (IT) is an integral part of the Company's operations. The Company has a sizeable IT team that continuously monitors and assesses technological progress to ensure it remains updated as per industry standards and latest developments. Existing business and new products, services, designs, frameworks, processes and methodologies are maintained using high-end software. The Company is thus able to provide innovative solutions to the customers to ensure high levels of satisfaction and convenience. The Company's

organizational culture encourages investment in technological advancement, which has resulted in visible benefits.

HUMAN RESOURCES

Human capital is considered a key resource and an integral contributor to the Company's success. The Company has well-defined HR policies which take care of both personal and professional growth of its employees. These policies nurture a culture that leads to alignment of employee goals with that of the Company. Regular trainings are provided to the employees in the form of quality and production workshops to ensure skill upgradation and personnel development. The Company maintains a safe, stimulating and energetic work environment to boost employee morale and enhance productivity. Maintaining a conducive work environment and fair remuneration and reward system, the Company ensures minimal attrition level. This also ensures engaged and motivated employees who contribute to business growth.

INTERNAL CONTROL SYSTEM

To safeguard its assets and ensure efficient productivity at all levels, the Company has robust internal control systems in place, commensurate with the size and industry in which it operates. The internal control mechanism ensures strict adherence to requisite laws and regulations. Financial reporting and transaction reporting is also made quick, easy and accurate due to internal controls. The organizational structure is properly articulated with well-defined policies and guidelines and distinguished authority levels. Operational, financial and other areas covered by the Internal Audit is periodically monitored and reviewed by the Audit Committee of the Board. Any deviations from standard are corrected and measures are taken to strengthen the internal control framework further.

To,
The Members,

PARAMOUNT COMMUNICATIONS LIMITED

(CIN: L74899DL1994PLC061295)
C-125, NARAINA INDUSTRIAL AREA,
PHASE-1, NEW DELHI - 110028

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Paramount Communications Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and as shown to us and also based on the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion and to the best of our knowledge and understanding, the Company has, during the audit period covering the financial year ended on **31st March, 2019** ("Audit Period) complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2019, and as shown to us, according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings [**Applicable only to the extent of Foreign Direct Investment, Overseas Direct Investment**];

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI ACT'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (upto 10th November, 2018) and Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (with effect from 11th November, 2018)
 - d. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015
- (vi) The Management of the Company has confirmed that the Company has complied with all the applicable Pollution Laws.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India on Meetings of the Board of Directors and General Meeting.

During the period under review, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis and as per the clarifications given, the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors as on 31st March, 2019. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice was given to all directors to schedule the Board Meetings at least seven days in advance. Agenda and

detailed notes on agenda were generally sent in advance. There exist a system for seeking and obtaining further information and clarifications on the agenda items before the meeting for meaningful participation at the meeting.

- As informed by the management and on the basis of signed Minutes of Board Meeting, it is apparent that all the decisions were carried through unanimous consensus and there were no dissenting members' views and hence, no recording was done in this regard as part of the minutes.

We further report that based on review of compliance mechanism established by the company and on the basis of the compliance certificate(s) issued by the Company Secretary and taken on record by the Board of Directors, we are of the opinion that there are adequate systems and processes in place in the Company which is commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report, to the best of our knowledge and understanding, that during the audit period, there were no specific events/actions except the following having a major bearing on the Company's

Affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards etc:

1. 1,70,00,000 equity shares were issued and allotted to the Promoters/Promoter Group on preferential basis.
2. 1,18,81,500 equity shares were issued and allotted upon conversion of outstanding FCCBs.

We further report that the compliance by the Company of applicable labour laws and financial laws, like direct and indirect tax laws and financial accounts, has not been reviewed in this Audit since the same has been subject to review by statutory financial audit and other designated professionals.

This report is to be read with our letter of even date which is annexed as **Annexure "A"** and forms an integral part of this Report.

Independent Auditors' Report

To,
The Members of
Paramount Communications Limited

Report on the Standalone financial statements

Opinion

We have audited the accompanying standalone financial statement of **Paramount Communications Limited** ("the Company"), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rule thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report

Description of Key Audit Matter	How our audit addressed the key audit matter
Provision of Doubtful Debts	<ol style="list-style-type: none"> We Obtain a detailed age analysis of the year end of debtors and test the analysis for a selection of the balances; Obtain an analysis of the provision for doubtful debts; Scrutinize the analysis and identify those debts which appear doubtful; Discuss with management their reasons, if any of these debts are not included in the provision for bad debts; Reach a final conclusion regarding the adequacy of the bad debts provision.
Accuracy of Recognition, Measurement, Presentation and Disclosure of Revenue	We assessed the company's process to identify the impact of the new revenue accounting standard.
Impairment of Assets	We perform the analytical procedure to assess the impairment loss and review the market value for impairment loss as per IND AS 36.

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this Auditors' Report. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting

from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate

with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended 31st March 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 'A'** a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

Annexure 'B' to Independent Auditors' Report

Annexure referred to in our report of even date to the members of **Paramount Communications Limited** on the accounts for the year ended 31st March 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Paramount Communications Limited ("the Company") as of 31st March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting

included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

1. Corporate and General Information

Paramount Communications Limited (“PCL”) or (“the Company”) is domiciled and incorporated in India. The Company is engaged in manufacturing business of Wires and Cables.

2. Basis of preparation

The financial statements have been prepared complying in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rule 2015. The financial statements comply with IND AS notified by Ministry of Company Affairs (“MCA”). The Company has consistently applied the accounting policies used in the preparation for all periods presented

The significant accounting policies used in preparing the financial statements are set out in Note no.3 of the Notes to the Financial Statements.

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note no.4 on critical accounting estimates, assumptions and judgements).

3 Significant Accounting Policies

3.1 Basis of Measurement

The financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value:

- Certain financial assets and liabilities carried at amortized cost,
- defined benefit plans – plan assets measured at fair value,

The standalone financial statements are presented in Indian Rupees, which is the Company’s functional and presentation currency and all amounts are rounded to the nearest rupees.

3.2 Property, Plant and Equipment

- Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.
- Assets are depreciated to the residual values on a straight-line basis over the estimated useful lives based on technical estimates. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets and benchmarking analysis or whenever there are indicators for review of residual value and useful life. Freehold land is not depreciated. Estimated useful lives of the assets are as follows:

Category of Assets	Years
- Leasehold Land	Lease period
Equipment & Machinery	
- Building	30-60
- Plant and Machinery	15-25
- Electric Installation	10
- Furniture and Fixtures	10
- Computer equipment	3
- Office furniture and equipment	5
- Vehicles	8
- Software	

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss on the date of disposal or retirement.

3.3 Intangible Assets

Identifiable intangible assets are recognized:

- when the Company controls the asset,
- it is probable that future economic benefits attributed to the asset will flow to the Company and
- the cost of the asset can be reliably measured.

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

Computer software's are capitalized at the amounts paid to acquire the respective license for use and are amortized over the period of license, generally not exceeding five years on straight line basis. The assets' useful lives are reviewed at each financial year end.

3.4 Impairment of non-current assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

3.5 Cash and cash equivalents

Cash and cash equivalents includes Cash on hand and at bank and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they are considered an integral part of the Company's cash management.

3.6 Inventories

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to

their respective present location and condition. Cost is computed on the weighted average basis.

3.7 Employee benefits

- a) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered.
- b) Leave encashment being a short term benefit is accounted for using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.
- c) Contribution to Provident Fund, a defined contribution plan, is made in accordance with the statute, and is recognized as an expense in the year in which employees have rendered services.
- d) The cost of providing gratuity, a defined benefit plans, is determined using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to Other Comprehensive Income in the period in which they arise. Other costs are accounted in statement of profit and loss.

3.8 Foreign currency reinstatement and translation

- (a) **Functional and presentation currency**
The financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.
- (b) **Transactions and balances**
Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

difference recognized in profit or loss. Differences arising on settlement of monetary items are also recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognized in line with the gain or loss of the item that gave rise to such exchange difference.

3.9 Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial Assets are measured at amortized cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and liabilities and the assets and liabilities contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorization. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Trade receivables

A receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of

guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognized in a separate provision for impairment and the impairment losses are recognized in the Statement of Profit and Loss within other expenses.

Subsequent changes in assessment of impairment are recognized in provision for impairment and the change in impairment losses are recognized in the Statement of Profit and Loss within other expenses.

For foreign currency trade receivable, impairment is assessed after reinstatement at closing rates.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognized in the Statement of Profit and Loss within other expenses.

Subsequent recoveries of amounts previously written off are credited to other Income

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss is recognized through Profit or Loss if such investments in equity securities are held for trading purposes. The fair value gains or losses of all other equity securities are recognized in Other Comprehensive Income.

Financial Liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognized initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss. However, borrowings, which is likely to be assigned or negotiated are initially measured at fair value through profit and loss account.

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

Other borrowings are measured at amortized cost using the effective interest rate method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the Effective rate of interest (EIR). The EIR amortization is included in finance costs in the Statement of Profit and Loss.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.10 Borrowing costs

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

3.11 Taxation

Income tax expense represents the sum of current and deferred tax (including MAT). Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognized in equity or other comprehensive income is also recognized in equity or other comprehensive income, such change could be for change in tax rate.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilized. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

3.12 Revenue recognition and Other income

Sale of Goods

Revenue is recognized at the fair value of consideration received or receivable and represents the net invoice value of goods supplied to third parties after deducting discounts and volume rebates are recognized either on delivery or on transfer of significant risk and rewards of ownership of the goods. Revenue is inclusive of Material returned/ rejected is accounted for in the year of return/ rejection.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

3.13 Recent accounting development

Standards issued but not yet effective:

Ind AS 116 was notified by Ministry of Corporate Affairs on 30th March 2019 and it is applicable for annual reporting periods beginning on or after 1st April 2019.

Ind AS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right-of-use the leased term) and a financial liability to pay rentals for virtually all leases contracts. An optional exemption exists for short-term and low-value assets. The company is evaluating the same in the financial statement going forward .

3.14 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

3.15 Provisions and contingencies

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized. However, when the realization of income

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

3.16 Operating Lease

An operating lease is a lease other than a finance lease. Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned. Payments/receipts under operating lease are recorded in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

3.17 Current /non-current classification

The Company presents assets and liabilities in statement of financial position based on current/non-current classification.

The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- a) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realized within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognized in the financial statement:

(a) Property, plant and equipment

External adviser and internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable, the estimates and assumptions made to determine their carrying value and related depreciation are critical to the Company's financial position and performance.

(b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

Significant Accounting Policies and Notes to Financial Statement

for the year ended 31st March 2019

(c) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(d) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible.

Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

(e) Fair valuation of Financial Assets and Liabilities

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets,

their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The input to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair value. Judgements include consideration of input such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(f) Defined Benefit Plan

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

36. Financial risk management

Financial risk factors

The Company's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has short term trade receivable and bank deposits which are under lien with banks for availing credit facilities. The Company's activities expose it to a variety of financial risks:

i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as of 31st March 2018 and 31st March 2019.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. However, such effect is not material.

(a) Foreign exchange risk and sensitivity

The Company transacts business primarily in Indian Rupee. However, the Company has transactions in USD, Euro, and GBP. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk, though not material.

Notes to Financial Statements

for the year ended 31st March 2019

The following table demonstrates the sensitivity in the USD, Euro & GBP to the Indian Rupee with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

The assumed movement in exchange rate sensitivity analysis is based on the currently observable market environment.

Particulars	Net monetary items in respective currency outstanding on reporting date	Change in currency exchange rate	(Amount in ₹)

	For the year ended 31 st March 2019	For the year ended 31 st March 2018
Net Foreign Exchange gain shown as other income	3,739,474	8,582,444

(b) *Interest rate risk and sensitivity*

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. All borrowings are at fixed rate and hence, there is no interest risk sensitivity. Weighted average cost of borrowing is 13.70% for the year ended 31st March 2019 (10.85% for the year ended 31st March 2018) excluding borrowings which are assigned/negotiated with banks with no interest liability.

Notes to Financial Statements

for the year ended 31st March 2019

Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks which are under lien with banks for availing credit facilities.

- Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The ageing analysis of trade receivables as of the reporting date is as follows:

Capital risk management

The Company aim to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimize returns to shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company's primary objective when managing capital is to ensure the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital. Net debt is calculated as loans and borrowings less cash and cash equivalents.

The Gearing ratio for FY 2018-19 and 2017-18 is an under.

Fair Value hierarchy

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices/NAV for identical instruments in an active market;
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(f) **The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:**

(Amount in ₹)

Weighted average actuarial assumptions	For the year ended 31 st March 2019	For the year ended 31 st March 2018
Attrition rate	10% PA	10% PA
Discount Rate	7.58% PA	7.50% PA
Expected Rate of increase in salary	7.58% PA	8% PA
Expected Rate of Return on Plan Assets	7.5 % PA	7.5 % PA
Mortality rate	IALM 2012-14 Ultimate	IALM 2006-08 Ultimate
Expected Average remaining working lives of employees (years)	16.73 years	14 years

The assumption of future salary increase takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand in employment market.

(g) **Sensitivity analysis:**

For the year ended March 31, 2018		(Amount in ₹)		
Particulars	change in Assumption	Effect on Gratuity obligation	change in Assumption	Effect on leave encashment obligation
Discount rate	+ 0.5%	34,030,256	+ 1%	12,104,736
	- 0.5%	37,515,513	- 1%	13,232,338
Salary Growth rate	+ 0.5%	37,307,704	+ 1%	13,218,312
	- 0.5%	34,210,928	- 1%	12,107,100
Attrition Rate	+ 0.5%	35,694,510	+ 1%	
	- 0.5%	35,717,362	- 1%	
For the year ended March 31, 2019				
Discount rate	+ 1%	33,172,021	+ 1%	15,040,214
	- 1%	39,234,637	- 1%	16,364,306
Salary Growth rate	+ 1%	39,116,420	+ 1%	16,346,524
	- 1%	33,222,164	- 1%	15,044,124
Attrition Rate	+ 1%	36,021,661	+ 1%	
	- 1%	35,952,143	- 1%	

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognized within the Balance Sheet.

44. Earnings per share

The following is a reconciliation of the equity shares used in the computation of basic and diluted earnings per equity share:

Particulars	Number of shares	
	Year ended March 2019	Year Ended March,2018
Number of Equity Shares at the beginning of the year	142,902,465	125,233,465
Add: Weighted average number of equity shares issued during the year	12,342,466	6,970,784
Add: Weighted average no of Equity Shares for FCCB	11,881,500	781,249
Weighted average number of Equity shares for Basic EPS (A)	167,126,431	132,985,498
Weighted average number of equity shares for Diluted EPS (B)	167,126,431	132,985,498

Net profit /(loss) available to equity holders of the Company used in the basic and diluted earnings per share was determined as follows:

	(Amount in ₹)	
Particulars	Year Ended March,2019	Year Ended March,2018
Net Profit /(Loss) after Taxation (₹)	291,596,426	146,929,741
Basic Earnings per Share (₹)	1.74	1.10
Diluted Earnings per Share (₹)	1.74	1.10
Par Value of each Equity Share (₹)	2	2

The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity.

45. Impairment review

Assets are tested for impairment whenever there are any internal or external indicators of impairment.

Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the goodwill or other assets are monitored for internal management purposes, within an operating segment.

Notes to Financial Statements

for the year ended 31st March 2019

The impairment assessment is based on higher of value in use and value from sale calculations.

During the year, the testing did not result in any impairment in the carrying amount of goodwill and other assets.

The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- midterm market conditions.

Key assumptions used in value-in-use calculations:

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

Operating margins: Operating margins have been estimated based on past experience after considering incremental revenue arising out of adoption of valued added and data services from the existing and new customers, though these benefits are partially offset by decline in tariffs in a hyper competitive scenario. Margins will be positively impacted from the efficiencies and initiatives driven by the Company; at the same time, factors like higher churn, increased cost of operations may impact the margins negatively.

Discount rate: Discount rate reflects the current market assessment of the risks specific to a CGU or group of CGUs. The discount rate is estimated based on the weighted average cost of capital for respective CGU or group of CGUs.

Growth rates: The growth rates used are in line with the long term average growth rates of the respective industry and country in which the Company operates and are consistent with the forecasts included in the industry reports.

Capital expenditures: The cash flow forecasts of capital expenditure are based on past experience coupled with additional capital expenditure required

Independent Auditors' Report

To,
The Members of
Paramount Communications Limited

Opinion

We have audited the accompanying consolidated financial statements (the "Consolidated Financial Statements") of **Paramount Communications Limited** ("the Company") and its subsidiaries hereinafter referred to as the "Group" to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at 31st March, 2019, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Cash Flow Statement, the consolidated Statement of Changes in Equity for the year ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2019, their consolidated profit (including Other Comprehensive Income), their consolidated cash flows and consolidated statement of Changes in Equity for the year ended on that date.

Basis of Opinion

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rule thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter	How our audit addressed the key audit matter
Provision of Doubtful Debts	<ol style="list-style-type: none"> We Obtain a detailed age analysis of the year end of debtors and test the analysis for a selection of the balances; Obtain an analysis of the provision for doubtful debts; Scrutinize the analysis and identify those debts which appear doubtful; Discuss with management their reasons, if any of these debts are not included in the provision for bad debts; Reach a final conclusion regarding the adequacy of the bad debts provision.
Accuracy of Recognition, Measurement, Presentation and Disclosure of Revenue	We assessed the company's process to identify the impact of the new revenue accounting standard.
Impairment of Assets	We perform the analytical procedure to assess the impairment loss and review the market value for impairment loss as per IND AS 36.

Information Other than the consolidated financial statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this Auditors' Report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibility

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the

audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the financial year ended 31st March, 2019 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

(a) The financial statements of two subsidiaries included in the consolidated financial statements, which constitute total assets of ₹ Nil and net assets of ₹ Nil as at 31st March, 2019, total revenue of ₹ Nil and net profit of ₹ Nil, and net cash inflows of ₹ Nil for the year then ended have not been audited by us. These financial statements/ financial information are unaudited and have been furnished to us by the Management, and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the afore said subsidiaries, is based solely on such unaudited financial statements/ financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/ financial information are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.
- b. In our opinion, proper books of account as required by law maintained by the Company, including relevant records relating to preparation of the aforesaid consolidated financial

statements have been kept so far as it appears from our examination of those books and records of the Company.

- c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), and the Consolidated Cash Flow Statement and Consolidated statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained by the group including relevant records maintained by the company for the purpose of preparation of the Consolidated Financial Statements.
- d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015 (as amended).
- e. On the basis of written representation received from the directors as on 31st March, 2019, taken on record by the Board of Directors, none of the directors of the Company is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Financial Statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note No. 41 the Consolidated Financial Statements.
 - ii. The Group did not have any long-term contracts including derivative contracts as at 31st March, 2019
 - iii. There were no amounts, which were required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended on 31st March, 2019
- h. The managerial remuneration for the year ended 31st March, 2019 has been paid/ provided for by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act

Annexure “A” to Independent Auditors’ Report

Referred to in paragraph 9(f) of the Independent Auditors’ Report of even date to the Board of Directors of **Paramount Communications Limited** on the Consolidated financial statements for the year ended 31st March 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of **Paramount Communications Limited** (“the Company”) as of 31st March 2019 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date. Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act is not applicable to subsidiary companies which are companies not incorporated in India.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls,

material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2019, based on the internal control over

financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

1. Corporate and General Information

Paramount Communications Limited (“PCL”) or (“the Company”) is domiciled and incorporated in India. The Company is engaged in manufacturing business of Wires and Cables.

Under Companies Act, 2013, Group is defined as parent, subsidiaries, joint ventures and associates. For these consolidated financial statements, the aforesaid definition under Companies Act, 2013 has been considered.

Information of principal shareholders of the Parent is provided in Note no 19.

The Consolidated financial statement for the year ended 31st March 2019 are adopted and authorized for issue by board of directors of the Parent on dated 4th May 2019.

2. Basis of preparation

The consolidated financial statements have been prepared complying in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rule 2015. The financial statements comply with IND AS notified by Ministry of Company Affairs (“MCA”). The Company has consistently applied the accounting policies used in the preparation for all periods presented

The significant accounting policies used in preparing the consolidated financial statements are set out in Note no.3 of the Notes to the consolidated financial statements.

The preparation of the consolidated financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates

The Consolidated Financial Statements include the results of the following entities:

Name of Company	Country of incorporation	Relationship	Ownership Interest
Paramount Holdings Limited (PHL)	Cyprus	Subsidiary	100.00%
AEI Power Cables Limited (APCL)	United Kingdom	Subsidiary	100.00%

Financial statements of Paramount Holdings Limited, Cyprus are drawn in Euro and AEI Power Cables Limited, United Kingdom are drawn in Sterling Pound.

and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note no.4 on critical accounting estimates, assumptions and judgements).

Basis of Consolidation

The consolidated financial statements have been prepared on the following principles:

The consolidated financial statements of the Company and its Subsidiary Companies have been combined on a line-by-line basis by adding together items of assets, liabilities, income and expenses, after eliminating the intra-group balances, intra-group transactions and unrealized profits or losses in accordance with Indian Accounting Standards (IND AS 110) on “Consolidated financial Statements” notified under Section 133 of the Companies Act 2013, read with Companies (Indian Accounting Standard) Rule 2015 as amended time to time .

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and events in similar circumstances and are presented to the extent possible, in the same manner as the Company’s separate financial statements.

In case of foreign subsidiaries, being non-integral foreign operations, revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the Exchange Fluctuation Reserve.

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

“06196375 Cables Limited” (formerly AEI Cables Limited), United Kingdom is “in Administration/Liquidation” (as per UK laws) w.e.f. 28th February, 2014. The company has provided full impairment of investment in earlier years. Therefore, consolidated financial statements do not include financial position, financial performance and cash flows of this company.

AEI Power Cables Limited, United Kingdom has ceased to trade. From 1st April 2017 it is dormant company.

The board of directors of Paramount Holdings Limited, Cyprus are taking steps to liquidate Paramount holdings Limited.

3 Significant Accounting Policies

3.1 Basis of Measurement

The consolidated financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value:

- Certain financial assets and liabilities carried at amortized cost,
- defined benefit plans – plan assets measured at fair value,

The consolidated financial statements are presented in Indian Rupees, which is the Company’s functional and presentation currency and all amounts are rounded to the nearest rupees.

3.2 Property, Plant and Equipment

- a) Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.
- b) Assets are depreciated to the residual values on a straight-line basis over the estimated useful lives based on technical estimates. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets and benchmarking analysis

or whenever there are indicators for review of residual value and useful life. Freehold land is not depreciated. Estimated useful lives of the assets are as follows:

Category of Assets	Years
- Leasehold Land	Lease period
Equipment & Machinery	
- Building	30-60
- Plant and Machinery	15-25
- Electric Installation	10
- Furniture and Fixtures	10
- Computer equipment	3
- Office furniture and equipment	5
- Vehicles	8
- Software	

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss on the date of disposal or retirement.

3.3 Intangible Assets

Identifiable intangible assets are recognized:

- a) when the Company controls the asset,
- b) it is probable that future economic benefits attributed to the asset will flow to the Company and
- c) the cost of the asset can be reliably measured.

Computer software’s are capitalized at the amounts paid to acquire the respective license for use and are amortized over the period of license, generally not exceeding five years on straight line basis. The assets’ useful lives are reviewed at each financial year end.

3.4 Impairment of non-current assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

3.5 Cash and cash equivalents

Cash and cash equivalents includes Cash on hand and at bank and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they are considered an integral part of the Company's cash management.

3.6 Inventories

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their respective present location and condition. Cost is computed on the weighted average basis.

3.7 Employee benefits

- a) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered.
- b) Leave encashment being a short term benefit is accounted for using the Projected Unit Credit Method, on the basis of actuarial valuations

carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.

- c) Contribution to Provident Fund, a defined contribution plan, is made in accordance with the statute, and is recognized as an expense in the year in which employees have rendered services.
- d) The cost of providing gratuity, a defined benefit plans, is determined using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to Other Comprehensive Income in the period in which they arise. Other costs are accounted in statement of profit and loss.

3.8 Foreign currency reinstatement and translation

(a) Functional and presentation currency

The consolidated financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

(b) Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognized in profit or loss. Differences arising on settlement of monetary items are also recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined.

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognized in line with the gain or loss of the item that gave rise to such exchange difference.

3.9 Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial Assets are measured at amortized cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and liabilities and the assets and liabilities contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorization. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

Trade receivables

A receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counter party is in default under the terms of the agreement.

Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognized in a separate provision for impairment and the impairment losses are recognized in the Statement of Profit and Loss within other expenses.

Subsequent changes in assessment of impairment are recognized in provision for impairment and the change in impairment losses are recognized in the Statement of Profit and Loss within other expenses.

For foreign currency trade receivable, impairment is assessed after reinstatement at closing rates.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognized in the Statement of Profit and Loss within other expenses.

Subsequent recoveries of amounts previously written off are credited to other Income

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss is recognized through Profit or Loss if such investments in equity securities are held for trading purposes. The fair value gains or losses of all other equity securities are recognized in Other Comprehensive Income.

Financial Liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognized initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss. However, borrowings, which is likely to be assigned or negotiated are initially measured at fair value through profit and loss account. Other borrowings are measured at amortized cost using the effective interest rate method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the Effective rate of interest (EIR). The EIR amortization is included in finance costs in the Statement of Profit and Loss.

Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

3.10 Borrowing costs

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

3.11 Taxation

Income tax expense represents the sum of current and deferred tax (including MAT). Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognized in equity or other comprehensive income is also recognized in equity or other comprehensive income, such change could be for change in tax rate.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognized for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilized. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

3.12 Revenue recognition and Other income

Sale of Goods

Revenue is recognized at the fair value of consideration received or receivable and represents the net invoice value of goods supplied to third parties after deducting discounts and volume rebates are recognized either on delivery or on transfer of significant risk and rewards of ownership of the goods. Revenue is inclusive of excise duty. Material returned/ rejected is accounted for in the year of return/ rejection.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

3.13 Recent accounting development

Standards issued but not yet effective:

Ind AS 116 was notified by Ministry of Corporate Affairs on 30th March 2019 and it is applicable for annual reporting periods beginning on or after 1st April 2019.

Ind AS 116 will affect primarily the accounting by lessees and will result in the recognition of almost all leases on balance sheet. The standard removes the current distinction between operating and finance leases and requires recognition of an asset (the right-of-use the leased term) and a financial liability to pay rentals for virtually all leases contracts. An optional exemption exists for short-term and low-value assets. The company is evaluating the same in the financial statement going forward.

3.14 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

3.15 Provisions and contingencies

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingencies

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Consolidated financial statements. Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

3.16 Operating Lease

An operating lease is a lease other than a finance lease. Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned. Payments/receipts under operating lease are recorded in the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases.

3.17 Current /non-current classification

The Company presents assets and liabilities in statement of financial position based on current/non-current classification.

The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- a) Expected to be realized or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realized within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or

- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognized in the financial statement:

(a) Property, plant and equipment

External adviser and internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable, the estimates and assumptions made to determine their carrying value and related depreciation are critical to the Company's financial position and performance.

(b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the consolidated financial statements.

(c) Contingencies

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

Significant Accounting Policies and Notes to Consolidated Financial Statement

for the year ended 31st March 2019

(d) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible.

Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

(e) Fair valuation of Financial Assets and Liabilities

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The input to these models are taken from observable

markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair value. Judgements include consideration of input such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

(f) Defined Benefit Plan

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in future. These includes the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

36. Financial risk management

Financial risk factors

The Company's principal financial liabilities, comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has short term trade receivable and bank deposits which are under lien with banks for availing credit facilities. The Company's activities expose it to a variety of financial risks:

i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as of 31st March 2018 and 31st March 2019.

ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. However, such effect is not material.

(a) Foreign exchange risk and sensitivity

The Company transacts business primarily in Indian Rupee. However, the Company has transactions in USD, Euro, and GBP. The Company has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk, though not material.

Notes to Consolidated Financial Statements

for the year ended 31st March 2019

The following table demonstrates the sensitivity in the USD, Euro & GBP to the Indian Rupee with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

The assumed movement in exchange rate sensitivity analysis is based on the currently observable market environment.

	For the year ended 31 st March 2019	For the year ended 31 st March 2018
Net Foreign Exchange gain shown as other income	3,739,474	8,582,444

(b) *Interest rate risk and sensitivity*

The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. All borrowings are at fixed rate and hence, there is no interest risk sensitivity. Weighted average cost of borrowing is 13.70% for the year ended 31st March 2019 (10.85% for the year ended 31st March 2018) excluding borrowings which are assigned/negotiated with banks with no interest liability.

Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks which are under lien with banks for availing credit facilities.

- Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Capital risk management

The Company aim to manage its capital efficiently so as to safeguard its ability to continue as a going concern and to optimize returns to shareholders.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company's primary objective when managing capital is to ensure the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and the

risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital. Net debt is calculated as loans and borrowings less cash and cash equivalents.

The Gearing ratio for FY 2018-19 and 2017-18 is an under.

Fair Value hierarchy

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices/NAV for identical instruments in an active market;
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

For assets and liabilities which are measured at fair value as at Balance Sheet date, the classification of fair

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 2 as described below:

Assets / Liabilities for which fair value is disclosed

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognized within the Balance Sheet.

Other Comprehensive Income presentation of defined benefit plan

- Gratuity is defined benefit plan, Re-measurement gains/(losses) on defined benefit plans is shown under Other Comprehensive Income as Items that will not be reclassified to profit or loss and also the income tax effect on the same.
- Leave encashment cost is in the nature of short term employee benefits.

Presentation in Statement of Profit & Loss and Balance Sheet

Expense for service cost, net interest on net defined benefit liability (asset) is charged to Statement of Profit & Loss.

Notes to Consolidated Financial Statements

for the year ended 31st March 2019

IND AS 19 do not require segregation of provision in current and non-current, however net defined liability (Assets) is shown as current and non-current provision in balance sheet as per IND AS 1.

Actuarial liability for short term benefits (leave encashment cost) is shown as current and non-current provision in balance sheet.

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The mortality rates used are as published by one of the leading life insurance companies in India.

44. Earnings per share

The following is a reconciliation of the equity shares used in the computation of basic and diluted earnings per equity share:

Particulars	Number of shares	
	Year ended March 2019	Year Ended March, 2018
Number of Equity Shares at the beginning of the year	142,902,465	125,233,465
Add: Weighted average number of equity shares issued during the year	12,342,466	6,970,784
Add: Weighted average no of Equity Shares for FCCB	11,881,500	781,249
Weighted average number of Equity shares for Basic EPS (A)	167,126,431	132,985,498
Weighted average number of equity shares for Diluted EPS (B)	167,126,431	132,985,498

Net profit /(loss) available to equity holders of the Company used in the basic and diluted earnings per share was determined as follows:

	(Amount in ₹)	
Particulars	Year Ended March, 2019	Year Ended March, 2018
Net Profit /(Loss) after Taxation (₹)	291,596,426	146,929,741
Basic Earnings per Share (₹)	1.74	1.10
Diluted Earnings per Share (₹)	1.74	1.10
Par Value of each Equity Share (₹)	2	2

The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity.

45. Impairment review

Assets are tested for impairment whenever there are any internal or external indicators of impairment.

Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the goodwill or other assets are monitored for internal management purposes, within an operating segment.

Notes to Consolidated Financial Statements

for the year ended 31st March 2019

The impairment assessment is based on higher of value in use and value from sale calculations.

During the year, the testing did not result in any impairment in the carrying amount of goodwill and other assets.

The measurement of the cash generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short to- midterm market conditions.

Key assumptions used in value-in-use calculations:

- Operating margins (Earnings before interest and taxes)
- Discount rate
- Growth rates
- Capital expenditures

Operating margins: Operating margins have been estimated based on past experience after considering incremental revenue arising out of adoption of valued added and data services from the existing and new customers, though these benefits are partially offset by decline in tariffs in a hyper competitive scenario. Margins will be positively impacted from the efficiencies and initiatives driven by the Company; at the same time, factors like higher churn, increased cost of operations may impact the margins negatively.

Discount rate: Discount rate reflects the current market assessment of the risks specific to a CGU or group of CGUs. The discount rate is estimated based on the weighted average cost of capital for respective CGU or group of CGUs.

Growth rates: The growth rates used are in line with the long term average growth rates of the respective industry and country in which the Company operates and are consistent with the forecasts included in the industry reports.

Capital expenditures: The cash flow forecasts of capital expenditure are based on past experience coupled with additional capital expenditure required

46. Exceptional Items

Particulars	(Amount in ₹)	
	Year Ended March, 2019	Year Ended March, 2018
Written Back on Settlement of Loan Liabilities	-	227,514,631
Written Back of Interest	-	42,479,331
Total	-	269,993,962

47. Foreign currency fluctuation on long term borrowing

The Company has opted to continue the policy to capitalize foreign currency fluctuation on long term borrowings which was followed as per previous I-GAAP as per optional election of Ind AS -101, on all long term foreign currency borrowings outstanding on 31st March 2016. Accordingly, the Company has capitalized such exchange fluctuation to Property, Plant and Equipment of ₹ Nil and ₹ 144,000/-) for the year ended 31st March 2019 and 31st March 2018 respectively

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No 3.

Mr. Vijay Bhushan is an Independent Non-Executive Director of the Company and chairman of the Nomination and Remuneration Committee of the Board of Directors of the Company. He joined the Board of Directors of the Company in the year 2000. Pursuant to the Act, Mr. Vijay Bhushan, was appointed as an Independent Non-Executive Director to hold office for five consecutive years for a term up to 31st March, 2019, by the Members of the Company in the 20th AGM held on 26th September, 2014. As per Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for another term of up to five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and the Listing Regulations, Mr. Vijay Bhushan, being eligible for re-appointment as an Independent Director and offering himself for re-appointment, is proposed to be re-appointed as an Independent Director for another term of five consecutive years from 1st April, 2019 up to 31st March, 2024.

The Company has received declaration from him stating that he meets the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1) (b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. He has also given his consent to continue to act as Director of the Company, if so appointed by the members.

Copy of the draft letter for appointment of Mr. Vijay Bhushan as an Independent Non-Executive Director setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (11:00 am to 1:00 pm) on any working day, except Saturday, upto and including the date of AGM of the Company

Accordingly, the Board recommends passing of the Special Resolution in relation to re-appointment of Mr. Vijay Bhushan as an Independent Director for another term of five consecutive years with effect from 1st April, 2019 to 31st March, 2024, for the approval by the shareholders of the Company.

None of the Directors/ Key Managerial Personnel of the Company/ their relatives except Mr. Vijay Bhushan are in any way concerned or interested, financially or otherwise in the resolution.

Item No 4
